The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The HPTF Subsidy's FY 2018 CSFL budget is $0, which represents a $55,054,224 or 100 percent, decrease from its FY 2017 approved Local funds budget of $55,054,224.

CSFL Assumptions

The FY 2018 CSFL calculated for the HPTF Subsidy included adjustment entries that are not described in detail on table 5. This adjustment is a reduction of $55,054,224 to account for the removal of one-time funding appropriated in FY 2017 for affordable housing initiatives.

Agency Budget Submission

Increase: The Housing Production Trust Fund Subsidy's budget proposal in Local funds reflects a one-time increase of $48,317,389 allocated in support of the District's affordable housing initiatives.

Mayor’s Proposed Budget

No Change: The Housing Production Trust Fund Subsidy’s budget proposal reflects no change from the agency budget submission to the Mayor’s proposed budget.

District’s Proposed Budget

No Change: The Housing Production Trust Fund Subsidy’s budget proposal reflects no change from the Mayor's proposed budget submission to the District’s proposed budget.

The Business Improvement Districts Transfer agency records the transfer of revenues to Business Improvement Districts (BIDs).

The Chief Financial Officer collects assessments from businesses in BID areas through property taxes and then refunds the proceeds to each BID. Decisions on the assessment rate, who is assessed, and how the proceeds are spent are made by the BID, not the District of Columbia.

There are currently ten BIDs in the District:

- Anacostia BID
- Adams Morgan Partnership BID
- Capitol Hill BID
- Capitol Riverfront BID
- Downtown DC BID
- Georgetown BID
- Golden Triangle BID
- Mount Vernon Triangle Community Improvement District BID
- NoMa BID
- Southwest BID

Three additional BIDs (MidCity, Historic Dupont, and Shaw) are currently being developed and projected to be partially, if not fully, active in FY 2018.

The agency's FY 2018 proposed budget is presented in the following tables:

The mission of the Metropolitan Police Department (MPD) is to safeguard the District of Columbia and protect its residents and visitors by providing the highest quality police service with integrity, compassion, and a commitment to innovation that integrates people, technology, and progressive business systems.

Summary of Services

MPD provides crime prevention and response services through patrols, investigations, and homeland security services. The Patrol Services Bureau delivers community policing to the District's neighborhoods through 56 police service areas in seven police districts. The Investigative Services Bureau investigates crimes and provides forensic services for those cases. The Homeland Security Bureau coordinates domestic security and intelligence operations as well as traffic safety and law enforcement support for special events. The Internal Affairs Bureau investigates the use of force, equal employment opportunity violations, and other misconduct and complaints against MPD employees. The Strategic Services and Corporate Support Bureaus support the work of the entire department through strategic direction, legislative coordination, policy issuance, recruitment, hiring and training personnel, evidence control, records processing, fleet management, procurement, and other administrative support services.

Division Description

The Metropolitan Police Department operates through the following 9 divisions:

Patrol Services Bureau – coordinates crime prevention and reduction efforts in the seven police districts. In addition to providing professional and effective patrol services throughout the District, this division responds to all calls for police service and coordinates police services to residents, visitors, and commuters.

This division contains the following 2 activities:

- **Administrative Office, PSB** – provides command, operational, and administrative support for the office; and
- **Patrol Districts** – patrols, responds to calls for service, and coordinates police services to residents, visitors, and commuters.

Executive Office of the Chief of Police (EOCP) – provides management, oversight, and direction for the agency.

This division contains the following 3 activities:

- **Administrative Office, EOCP** – provides command, operational, and administrative support for the office;
- **Executive Protection Unit** – responsible for the security of the Mayor; and
- **Office of Research and Analytical Services** – provides research and analytical services to support innovative policing operations and public safety practices.

Investigative Services Bureau – works with the community to solve crimes, helps bring offenders to justice, supports the recovery of victims, and protects witnesses. As part of this responsibility, this division, in conjunction with the Department of Forensic Sciences, operates the District's Consolidated Forensic Laboratory to enhance the District's capabilities for crime scene investigations and evidence analysis. The Bureau also supports school safety in partnership with the District of Columbia Public Schools and the District of Columbia Public Charter Schools and works to reduce juvenile victimization and delinquent behavior through a variety of programs.

This division contains the following 4 activities:

- **Criminal Investigations** – investigates and solves crimes so that offenders are brought to justice, and provides assistance to victims;
- **Narcotics and Special Investigations** – provides proactive criminal enforcement services so that citizens can live in neighborhoods free from drug dealing, drug-related crime, and prostitution;
- **Crime Scene Investigations** – processes crime scenes and coordinates evidence collection; and
- **Youth Investigations –** investigates abuse of minors, sexual abuse, internet-related crimes against minors, and human trafficking; processes all juvenile arrestees; coordinates proactive outreach to community members and youth; directs the School Resource Officer program; and manages the security contract for D.C. Public Schools.

Strategic Services Bureau – integrates training, research, program and policy development, and strategic analysis and planning to support MPD and the District by identifying and implementing innovative policing and business practices.

This division contains the following 4 activities:

- **Strategic Change** – coordinates strategic planning, government relations, legislative affairs, and performance management;
- **Policy and Standards** – develops policies and procedures for the department;
- **Metropolitan Police Academy** – provides training to MPD recruits and MPD-sworn personnel to create a capable, knowledgeable, and professional staff; and
- **Recruiting** – conducts outreach to recruit a diverse and highly qualified workforce, and conducts comprehensive examination and background screening on all prospective applicants.

Corporate Support Bureau – oversees the major administrative, technical, and business functions of the department that are critical to keeping the complex and large agency running effectively and efficiently, including fleet management, equipment and supplies, and evidence and property control.

This division contains the following 4 activities:

- **General Support Services** – provides support for equipment and supplies, evidence and property control, reproduction, and fleet services;
- **Administrative Office, CSB** – provides command, operational, and administrative support for the bureau;
- **Police Business Services** – provides services to the public and the criminal justice community by maintaining police records, regulating security officers, and registering firearms; and
- **Human Resource Management** – hires, retains, and makes appropriate duty status determinations for sworn personnel.

Assistant Chief for Internal Affairs Bureau – acts as the guardian of MPD's reputation and ensures MPD's accountability through comprehensive investigations of alleged misconduct and uses of force.

This division contains the following 5 activities:

- **Administrative Office, IAB** – provides command, operational, and administrative support for the bureau;
- **Internal Affairs** – conducts general investigations into allegations of police misconduct and use of force by MPD-sworn personnel and serves as the liaison to the Office of Police Complaints;
- **Investigative** – ensures compliance with equal employment opportunity laws and regulations;
- **Court Liaison** – coordinates officer appearances related to criminal and traffic cases; and
- **Diversity and ADA Compliance** – ensures that MPD complies with diversity and ADA requirements and regulations.

Homeland Security Bureau – integrates intelligence and operational functions to ensure that the District is well protected, and that the government prevents and is prepared to respond to threats and critical incidents. The division also works directly to support patrol operations to reduce crime and fear of crime with specialized patrol and tactical resources, and works constantly to improve information-sharing, process relevant information, and provide actionable intelligence to relevant personnel.

This division contains the following 4 activities:

- **Special Operations** – provides specialized patrol, tactical, rescue, and security services to the public, businesses, and government in the District;
- **Intelligence** – works with local and federal partners to assist with intelligence gathering and dissemination relating to crimes that have been committed, or would possibly be committed, within the District of Columbia;
- **Tactical Information** – supports District functions in keeping both the command staff and the community aware, by sending out crime alerts that give timely information about offenses occurring within neighborhoods, and liaises with the Washington Regional Threat Analysis Center and the Capitol Police; and
- **Patrol Support** – augments patrol functions by providing additional uniformed personnel to perform patrol functions in various areas and at times areas with higher crime rates, and helps to keep non-patrol members abreast of current tactics and trends related to street patrol.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Metropolitan Police Department has no division structure changes in the FY 2018 proposed budget.

GROSS FOR FA0 - METROPOLITAN POLICE DEPARTMENT		**548,703**	**4,725.5**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Metropolitan Police Department's (MPD) proposed FY 2018 gross budget is $548,703,469, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budget of $552,941,581. The budget is comprised of $503,729,442 in Local funds, $6,144,690 in Federal Grant funds, $8,200,000 in Special Purpose Revenue funds, and $30,629,337 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

MPD's FY 2018 CSFL budget is $517,411,047, which represents a $941,057, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $516,469,990.

CSFL Assumptions

The FY 2018 CSFL calculated for MPD included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $305,381 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $1,285,877 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for MPD includes a reduction of $420,000 to account for the removal of one-time funding appropriated in FY 2017, of which $270,000 supports the Comprehensive Homicide Elimination Strategy Task Force and $150,000 provides support for the stop-and-frisk and use-of-force data collection initiative. Additionally, an increase of $380,561 for the Fixed Costs Inflation Factor accounts for estimates for fleet services.

Agency Budget Submission

In view of MPD's functional role as one of the leading first responder agencies in the District, the agency's budget proposal aims to enable and facilitate its fundamental goal of protecting District residents, visitors, businesses, and other stakeholders, by providing the highest quality police services. MPD routinely reviews its available resources in order to ensure that they are positioned in a way that will be most beneficial to all stakeholders.

Increase: MPD's FY 2018 budget proposal reflects significant realignment of resources in keeping with the agency's operational goals. The proposed budget in Local funds includes an increase of $1,438,777 and 15.5 Full-Time Equivalents (FTEs) in the Executive Office of the Chief of Police division. This action enables the Chief of Police to provide effective oversight, management, and direction for the agency to meet ongoing challenges of modern policing of a large metropolis. The proposed budget in Local funds also includes an increase of $1,349,729 and 3.0 FTEs in the Agency Management division to align personal services and Fringe Benefits with projected costs. Further adjustments in Local funds include increases of $738,482 to cover projected costs for employee training, professional services fees, equipment repairs, and maintenance across multiple divisions in support of the operational continuity of MPD's services; and $376,364 that supports an additional 6.0 FTEs in the Homeland Security Bureau for intelligence collections and crime prevention.

In Federal Grants, MPD proposes a net increase of $2,915,230 to account for the projected grant award from the Cops More grants. Of this amount, $2,548,368 supports nonpersonal services primarily in the Homeland Security Bureau division, and the balance of $366,862 supports an additional 13.0 FTEs, primarily in the Patrol Services Bureau division, for MPD's civilianization initiatives.

In order to align the budget with projected revenue, MPD's proposal includes an increase of $336,022 in Special Purpose Revenue funds. The proposed budget in Intra-District funds reflects an increase of $5,769,715 in anticipation of additional revenue based on MPD's Memorandum of Understanding (MOU) agreements with various District agencies. As outlined in these MOU agreements, MPD will be providing security, fingerprinting and background check services to these agencies.

Decrease: The budget proposal reflects a decrease of $48,962 in Local funds in the Agency Financial Operations division to align personal services and Fringe Benefits with projected costs. The proposed budget also decreased in Local funds by $70,000 in the Agency Management division to align funding with Fixed Costs estimates for Telecommunications provided by the Office of the Chief Technology Officer. MPD projects programmatic cost savings in Local funds, which account for a reduction of $725,565 in the proposed budget. This adjustment is primarily due to purchases of office and general supplies, as well as clothing and uniforms. Further adjustments in Local funds include a reduction of $4,486,335 across multiple divisions to account for savings related to contractual services for the Automated Traffic Enforcement initiative. As highlighted earlier, MPD's budget proposal reflects realignment of resources, which include shifts of FTEs within the organization based on progression of assignments and adjustment of funding to match personnel function. In view of this, the proposed budget in Local funds decreased by $14,798,321. This adjustment includes an increase of 8.0 FTEs across multiple divisions.

The proposed budget in Intra-District funds includes a decrease of $518,530 and 9.0 FTEs primarily due to an MOU agreement with the Department of Employment Services that expires in FY 2017.

Mayor's Proposed Budget

Enhance: As MPD's civilianization initiative efforts continue in FY 2018, the proposed budget in Local fund is increased $2,589,249 to support an additional 25.0 FTEs. Civilianization replaces sworn officers in specific positions or relieves them of various tasks and responsibilities that can be performed by personnel without police powers. It also helps to professionalize areas of the Department by bringing in skilled employees. A commitment to civilianization allows MPD to return officers to operational functions far faster than the Department can recruit, hire, and train officers. The long-term costs to the city are lower as well because of savings in equipment, uniforms, and ongoing police training.

The budget in Local funds also includes a proposal to support the training of an additional 35 Police Cadets in FY 2018, and this accounts for an increase of $1,767,500. In addition to civilianizing some positions, MPD also aims to encourage more officers to stay with the Department. The budget proposal in Local funds includes an increase of $1,500,000 that enables the department to do this by funding an education-based incentive program such as student loan repayment assistance.

Further enhancements to the budget proposal in Local funds include increases of $1,200,000 in support of attracting new recruits by providing housing assistance to new officers for six months while residing in the District; $970,544 to hire five Social workers and five Clinical psychologists to collaborate with the Department of Behavioral Health on efforts that support the Safer and Stronger initiative; and $750,000 in one-time funding to support MPD's rebranding initiatives, which include a public relations campaign to attract, hire, and retain both sworn and civilian members.

Reduce: The proposed Local funds budget includes a net reduction of $7,087,335. This comprises reductions of $1,038,000 to reflect cost savings recognized in contractual services for projected IT costs and $6,049,335 due to a plan to shift the responsibilities of the Automated Traffic Enforcement initiative to the Department of Motor Vehicles.

Transfer-Out: The budget proposal includes a transfer of $774,872 out of MPD's Local funds to the Fire and Emergency Medical Services agency to support the cancer treatment initiative for firefighters.

District's Proposed Budget

Enhance: MPD's proposed budget includes restoring $6,049,335 to Local funds, to continue to support the Automated Traffic Enforcement (ATE) initiative as in the FY 2017 budget. The proposed budget in Local funds also includes an increase of $200,000 in one-time funding to support additional closed-circuit television cameras in targeted Public Safety Areas.

Reduce: The proposed Local funds budget includes a net reduction of $1,032,320 to recognize savings in nonpersonal services across multiple divisions. Of this amount, $200,000 represents savings from the housing assistance program for new officers who reside in the District, $232,320 is from the body-worn camera footage contract, and $600,000 is from the officers student loan repayment assistance program. The proposed budget includes an additional reduction of $2,342,330, of which $800,000 is from salary lapse and $1,542,330 is from the elimination of 15.0 vacant positions.

Transfer-Out: MPD's FY 2018 proposed budget includes a transfer of $1,245,544 in Local funds to two District agencies. The Office of the Deputy Mayor for Public Safety and Justice will receive $275,000 to support the Concealed Pistol License Review Board, and the Department of Behavioral Health will receive $970,544 for the Community Crime Prevention Team Program in support of the Neighborhood Engagement Achieves Results (NEAR) Act.

Agency Performance Plan*

The Metropolitan Police Department (MPD) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Safeguard the District of Columbia and protect its residents and visitors.
2. Provide the highest quality police service with integrity, compassion, and a commitment to innovation.
3. Improve police service to the public through the integration of the Department's people, technology, and business systems.
4. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Safeguard the District of Columbia and protect its residents and visitors. (11 Activities)

The mission of the Fire and Emergency Medical Services Department (FEMS) is to preserve life and promote health and safety through excellent pre-hospital treatment and transportation, fire prevention, fire suppression, rescue activities, and homeland security awareness.

Summary of Services

The Fire and Emergency Medical Services Department (FEMS) provides emergency medical services (EMS), fire suppression, technical rescue, special hazards rescue, marine rescue, firefighting, and other emergency services to preserve life and protect property in the District of Columbia. FEMS is the primary first-response public safety agency for managing consequences resulting from natural disasters or other all-hazards catastrophic events potentially impacting the national capital region. FEMS provides a number of community risk reduction services including homeland security preparedness; health and fire safety education for schools, young children and senior adults; and fire inspection and code enforcement programs. FEMS is a leading provider of public safety information by social media and operates public outreach programs for CPR and AED training, smoke alarms, and other community services. Key objectives in accomplishing our mission are:

- Embracing a supportive work environment focused on creating a safe, competent, and professional workforce team;
- Ensuring that our facilities, vehicles, equipment, and processes remain capable of supporting service delivery requirements;
- Building collaborative relationships within our community to improve service delivery; and
- Delivering timely, high quality, and effective services to better serve the needs of our community.

The agency's FY 2018 proposed budget is presented in the following tables:

Operations Bureau (OB) – responsible for the management and administration of emergency operations including emergency medical services (EMS), fire suppression, technical rescue, special hazards, marine rescue and firefighting, and homeland security preparedness.

This program contains the following 4 activities:

- **Administrative Office (Assistant Fire Chief of Operations)** – provides management, administration, and coordination of Operations Bureau activities by the Assistant Fire Chief of Operations, along with other activities supporting Department emergency and business operations;
- **Operations (Deputy Fire Chief of Operations)** – provides across four platoons management, administration and coordination of emergency operations activities including command of emergency incidents and operational personnel, first response to EMS and fire suppression incidents, mitigation and management of EMS and fire suppression incidents, EMS response and transport of BLS patients, along with other activities supporting Department emergency and business operations;
- **Special Operations (Deputy Fire Chief of Special Operations)** – provides management, administration and coordination of special operations activities including command of special

operations incidents and operational personnel; first response to technical rescue, special hazards, and marine incidents; mitigation and management of technical rescue, special hazards, and marine incidents; administration of Department grant activities; along with other activities supporting Department emergency and business operations; and

- **Homeland Security (Deputy Fire Chief of Homeland Security)** – provides management, administration and coordination of homeland security activities including pre-planning for natural disasters, chemical, biological, radiological and nuclear (CBRN) incidents, and other types of terror related incidents, along with other activities supporting Department emergency and business operations.

EMS Operations Bureau (EOB) – responsible for the management and administration of EMS emergency operations including EMS supervision of operational personnel, advanced life support (ALS) patient transport, and administration of third party provider (TPP) basic life support (BLS) patient transport services.

This program contains the following 2 activities:

- **Administrative Office (Assistant Fire Chief of EMS Operations)** – provides management, administration, and coordination of EMS Operations Bureau activities by the Assistant Fire Chief of EMS Operations, and contract administration of the TPP BLS patient transport contract, along with other activities supporting Department emergency and business operations; and
- **EMS Operations (Deputy Fire Chief of EMS Operations)** – provides management, administration and coordination of EMS operations activities including command of EMS incidents and ALS operational personnel, EMS supervision of operational personnel, EMS response and transport of ALS patients, along with other activities supporting Department emergency and business operations.

EMS Medical Director (EMD) – responsible for the medical direction of EMS operations including EMS delivery by operational personnel; training and development of EMS operational personnel; administration and management of controlled substances; EMS quality assurance; and coordination with hospitals, other regional healthcare partners, and community health outreach resources.

This program contains the following 3 activities:

- **Administrative Office (Medical Director)** – provides management, administration, and coordination of EMS Medical Director activities for the Medical Director and Assistant Medical Director, along with other activities supporting Department EMS operations;
- **EMS Quality Assurance Office** – provides administration and coordination of EMS continuous quality improvement activities to support Department EMS operations including review of medical decision-making by operational personnel, review of patient treatment and patient care report documentation completed by operational personnel, and general compliance by operational personnel with Medical Protocol, policies, procedures, and other standards for patient care; and
- **Health Safety and Preparedness Office** – provides administration and coordination of public information and outreach activities to support community interest and participation in the EMS System including CPR and AED training efforts, "high-volume user" patient case management ("Street Calls"), and demand reduction strategies with other regional healthcare partners.

Support Services Bureau (SSB) – responsible for the management and administration of services supporting Department emergency and business operations including maintenance and repair of emergency apparatus, planning and coordination of facility maintenance and repair, procurement and distribution of supplies and equipment, administration of training and development for operational personnel, risk reduction for operational personnel, and the publication of Department rules, regulations, policies and procedures.

This program contains the following 7 activities:

- **Administrative Office (Assistant Fire Chief of Support Services)** – provides management, administration, and coordination of Support Services Bureau activities by the Assistant Fire Chief of Support Services, along with other activities supporting Department emergency and business operations;
- **Apparatus (Fleet Manager)** – provides management, administration and coordination of fleet support activities including procurement, maintenance, and repair of emergency apparatus and support vehicles, procurement and management of vehicle parts and supplies, administration of capital purchasing contracts with vendors, along with other activities supporting Department emergency and business operations;
- **Property and Logistics (Deputy Fire Chief of Property and Logistics)** – provides management, administration and coordination of planning and activities to support the maintenance and repair of fire stations and other facilities, including major capital improvements, in addition to procurement, storage, and distribution of supplies and equipment to support emergency operations, along with other activities supporting Department emergency and business operations;
- **Training (Deputy Fire Chief of Training)** – provides management, administration and coordination of employee training and development activities including recruit, cadet and leadership training programs, EMS continuing education programs for operational personnel, ALS and BLS training programs for operational personnel, fire suppression and special/technical hazards training for operational personnel, and other specialized training for Department employees, along with other activities supporting Department emergency and business operations;
- **Risk Management (Deputy Fire Chief of Risk Management)** – provides management, administration and coordination of employee risk reduction activities including command of safety officers during emergency incidents, investigation of Department vehicle accidents and employee injuries, safety and wellness employee education, self-contained breathing apparatus (SCBA) maintenance for operational personnel, administration of Police/Fire Clinic contractual (employee wellness) requirements, along with other activities supporting Department emergency and business operations;
- **Professional Standards Office** – provides administration and coordination for the publication of Department rules, regulations, policies and procedures for supporting safe and efficient Department emergency and business operations; and
- **Compliance Review Office** – provides administration and coordination for the assessment and analysis of determining compliance with rules, regulations, policies and procedures by Department Bureaus, Divisions, Offices and employees to support safe and efficient Department emergency and business operations.

Technical Services Bureau (TSB) – responsible for the management and administration of technical services supporting Department emergency and business operations including fire prevention and community risk reduction, fire investigations, 911 operations, State Safety Oversight (SSO) for the DC Streetcar rail transportation system, information technology applications and services supporting Department business operations, and radio/data communication activities supporting Department emergency operations.

This program contains the following 4 activities:

- **Administrative Office (Assistant Fire Chief of Technical Services)** – provides management, administration, and coordination of Technical Services Bureau activities by the Assistant Fire Chief of Technical Services, including Internal Affairs (IA), along with other activities supporting Department emergency and business operations;

- **Fire Prevention (Deputy Fire Chief of Fire Prevention)** – provides management, administration and coordination of community fire risk reduction activities including fire and technical inspection programs, permitting programs, code enforcement programs, public outreach programs for smoke alarms, children and senior adult education, after-fire investigation services, in addition to State Safety Oversight (SSO) for the DC Streetcar rail transportation system, along with other activities supporting Department emergency and business operations;
- **Information Technology (Information Technology Manager)** – provides management, administration and coordination of information technology (IT) activities including technical support services for equipment, software applications, networks, mobile networks, inventory management services, and administration of IT contracts with vendors, along with other activities supporting Department emergency and business operations; and
- **Emergency Communications Office** – provides administration and coordination of radio and data communication activities including EMS and Fire Liaison Officers at the Office of Unified Communications (OUC) 911 call taking and communications center, support for the Advanced Quality Assurance (AQUA) automated 911 call taking case review software application, and technical support services for Department operated radio equipment, along with other activities supporting Department emergency and business operations.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides for comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Fire and Emergency Medical Services Department has no program structure changes in the FY 2018 proposed budget.

GROSS FOR FB0 - FIRE AND EMERGENCY MEDICAL SERVICES DEPARTMENT		**254,570**	**2,154.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Fire and Emergency Medical Services Department's (FEMS) proposed FY 2018 gross budget is $254,570,122, which represents a less than 1.0 percent increase over its FY 2017 approved gross budget of $254,287,508. The budget is comprised of $249,680,668 in Local funds, $3,053,770 in Federal Grant funds, and $1,835,684 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the

FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

FEMS' FY 2018 CSFL budget is $234,906,923, which represents a $14,933,440, or 6.0 percent, decrease from the FY 2017 approved Local funds budget of $249,840,363.

CSFL Assumptions

The FY 2018 CSFL calculated for FEMS included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $202,254 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $326,881 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for FEMS includes a reduction of $15,285,864 to account for the removal of one-time funding appropriated in FY 2017 as follows: $12,000,000 for a third-party Emergency Medical Services provider contract for ambulance services; $1,952,712 to purchase Personal Protective Equipment (PPE), which includes 1,285 sets of gear; $1,009,152 to address core deficiencies such as assistance with the dispatching of units and the transporting of patients, support for preventive maintenance costs for a training pilot program for UDC, and the purchase of automated external defibrillators (AEDs) for schools; and $324,000 to improve WI-FI in fire stations and for signal boosters in locations where signals are weak. Additionally, an increase of $227,796 for the Fixed Costs Inflation Factor reflects estimates for Fleet services.

Agency Budget Submission

For FY 2018, the Fire and Emergency Medical Services Department (FEMS) has implemented a performance-based budgeting strategy to better reflect the agency's programmatic activities. As part of this initiative, FEMS changed 6 program names as follows: "Fire Prevention and Education" changed to "Chief of Fire and Emergency Medical Services"; "Field Operations" changed to "Operations Bureau"; "Employee Preparedness" changed to "Emergency Medical Services Operations Bureau"; "Operations Support" changed to "Emergency Medical Services Medical Director"; "Policy and Planning" changed to "Support Services Bureau"; and "State Safety Oversight" changed to "Technical Services Bureau." Additionally, the agency realigned its personnel to better reflect its ongoing initiatives and operational needs.

Increase: In Local funds, FEMS' proposed budget reflects a net increase of $141,324 in nonpersonal services, which includes an increase of $2,017,057 in supplies, partially offset by decreases of $1,608,342 in Other Services and Charges and $267,391 in equipment costs. An increase of $45,938 in Fixed Costs supports projected increases in the telecommunications estimates across multiple programs. Additionally, the proposed budget reflects an increase of 2.0 Full-Time Equivalent (FTE) positions to support the agency's personnel needs.

In Federal Grant funds, the proposed budget reflects a net increase of $31,626 in the Operations Bureau program, which is funded by the Staffing for Adequate Fire and Emergency Response (SAFER) grant. The increase supports projected salary and Fringe Benefits costs.

Special Purpose Revenue (SPR) funds increased by $983,000 to support the Affordable Emergency Transportation and Pre-Hospital Medical Services Amendment Act of 2017, Bill 22-183; and $324,684 to support 1.0 additional FTE, Fringe Benefits, and Overtime pay in the Operations Bureau.

Decrease: In Local funds, to align budget with the agency's spending priorities and goals across multiple programs, a proposed reduction of $185,071 was made to the contractual services costs related to a contract for information technology services. Additionally, a net decrease of $4,870,908 was made to support adjustments made to Fringe Benefits and Overtime across multiple programs.

In SPR funds, the proposed budget decreased by $497,000 in nonpersonal services for adjustments made to supplies, Other Services and Charges, and equipment across multiple programs as a result of decline in revenue estimates and to offset the increase in personal services.

In Intra-District funds, the proposed budget reflects a decrease of $400,000 in Contractual Services in the Emergency Medical Services Operations Bureau. The contract supports Emergency Medical Technician (EMT) instruction for the Department of Employment Services' employees and clients.

Mayor's Proposed Budget

Enhance: In Local funds, the Fire and Emergency Medical Services Department (FEMS) proposes increases of: $11,017,000 (one-time funding) to support the contract with American Medical Response (AMR) for its third-party ambulance initiative to improve unit availability, reduce FEMS response times, improve the condition of the fleet, and allow providers more training hours; $4,915,439 to hire an additional 48.0 FTEs dual-role EMT/Firefighters to achieve the maximum staffing level, which will consequently enable the agency to avoid covering positions that are vacant due to leave and reassignment with more expensive time-and-a-half overtime; $1,300,000 to support Fleet maintenance costs to meet the demand for repair and preventive maintenance on vehicles; $1,000,000 to support piloting a nurse triage line within the 911 call center to help divert non-emergency calls and reduce the demand for ambulances; and $130,000 (one-time funding) to purchase 10 Medical Dispensing Units (MDUs) to improve efficient inventory management of pharmaceuticals for EMS units.

Transfer-In: The Office of the State Superintendent for Education (OSSE) proposes to transfer $112,530 and 1.0 FTE to FEMS. This position will serve as the Automated External Defibrillator (AED) Program Coordinator for DCPS.

Transfer-In/Enhance: The Local funds proposed budget includes a transfer of $774,872 and 1.0 FTE from the Metropolitan Police Department's (MPD) Police and Fire Clinic to support cancer treatments for FEMS employees. Of this amount, $595,995 supports cancer treatment costs and $178,877 supports personal services costs for the additional FTE.

District's Proposed Budget

Enhance: FEMS' proposed Local funds budget includes an increase of $817,652 in the Support Services Bureau program to support the Police and Fire Clinic contractor costs related to the Fire and Emergency Medical Services Employee Presumptive Disability Act of 2012.

Reduce: FEMS' proposed Local funds budget decreased by $425,031 to account for the elimination of 3.0 FTEs and vacancy savings across multiple programs.

Agency Performance Plan

Fire and Emergency Medical Services Department has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Embrace a supportive work environment focused on creating a safe, competent, and professional workforce team.
2. Ensure that our facilities, vehicles, equipment, and processes remain capable of supporting service delivery requirements.
3. Build collaborative relationships within our community to improve service delivery.
4. Deliver timely, high quality and effective services to better serve the needs of our community.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Embrace a supportive work environment focused on creating a safe, competent, and professional workforce team. (7 Activities)

Activity Title	Activity Description	Type of Activity
Personnel	Attract, recruit, and retain high performing and diverse workforce team members.	Daily Service

OPERATING BUDGET	$135,577,258	$146,456,000	$105,596,000	-27.9

The mission of the Police Officers' and Fire Fighters' Retirement System is to provide the District's required contribution as the employer to these two pension funds, which are administered by the District of Columbia Retirement Board (DCRB).

Summary of Services

Under provisions of the Police Officers, Fire Fighters, and Teachers Retirement Benefit Replacement Plan Act of 1998 ("the Act"), the federal government assumed the District's unfunded pension liability for the retirement plans for teachers, police officers, fire fighters, and judges. Pursuant to the Act, the federal government will pay the retirement and death benefits, and a defined share of disability benefits, for employees for service accrued prior to July 1, 1997. The costs for benefits earned after June 30, 1997 are the responsibility of the Government of the District of Columbia. This budget reflects the required annual District contribution to fund these earned benefits. Pursuant to District Code section 1-907.02(a) (2006 Repl.), the District is required to budget the pension contribution at an amount equal to, or greater than, the amount certified by the DCRB on the basis of a prescribed actuarial study and formula calculation that is set forth in section 1-907.03. On January 12, 2017, DCRB transmitted the certified contribution for inclusion in the District's FY 2018 proposed budget, as reflected in this chapter.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Budget Changes

The Police Officers' and Fire Fighters' Retirement System's proposed FY 2018 gross budget is $105,596,000, which represents a 27.9 percent decrease from its FY 2017 approved gross budget of $146,456,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Police Officers' and Fire Fighters' Retirement System's FY 2018 CSFL budget is $148,179,543, which represents a $1,723,543, or 1.2 percent, increase over the FY 2017 approved Local funds budget of $146,456,000.

CSFL Assumptions

The FY 2018 CSFL calculated for the Police Officers' and Fire Fighters' Retirement System included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of $1,723,543 to reflect the FY 2018 Financial Plan projections.

Agency Budget Submission

Technical Adjustment: The pension contribution decreased by $42,583,543, based on the actuarial report certified by the District of Columbia Retirement Board and transmitted to the Mayor in a letter dated January 12, 2017.

Mayor's Proposed Budget

No Change: The Police Officers' and Fire Fighters' Retirement System's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Police Officers' and Fire Fighters' Retirement System's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of the Department of Corrections (DOC) is to provide a safe, secure, orderly, and humane environment for the confinement of pretrial detainees and sentenced inmates, while affording those in custody meaningful rehabilitative opportunities for successful community reintegration.

Summary of Services

The DOC operates the Central Detention Facility (CDF) and the Correctional Treatment Facility (CTF), which are both accredited by the American Correctional Association (ACA). The department has contracts with two private halfway houses: Fairview and Hope Village; these are often used as alternatives to incarceration. Like other municipal jails, 60 to 70 percent of inmates in DOC's custody have one or more outstanding legal matters that require detention, while the remaining 30 to 40 percent are mostly sentenced inmates or parole violators, with a very few writs and holds (3 to 4 percent). Median lengths of stay for released inmates are 31 days or less. Ninety percent of DOC's inmates are male. DOC also houses female inmates and a small number of juveniles charged as adults at the CTF.

Each facility offers inmates a number of programs and services that support successful community re-entry. These include: Residential Substance Abuse Treatment (RSAT); Re-entry preparation (Re-Entry); Institutional Work Details and Community Work Squads; Job-readiness Training; Special Education (through the District of Columbia Public Schools (DCPS)); and Adult Education and GED Preparation provided by DOC. ACA and National Commission on Correctional Health Care (NCCHC) accredited comprehensive health and mental health services are provided through Unity Health Care (contractually) and the District's Department of Behavioral Health. In addition, facilities provide inmate personal adjustment and support services, such as food services, laundry, religious programming, visitation, law library, and inmate grievance process. DOC facilities operate 24 hours a day, 365 days a year.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Corrections operates through the following 4 divisions:

Inmate Services – provides services necessary to ensure humane, hygienic, and constitutionally mandated care of inmates.

This division contains the following 3 activities:

- **Inmate Personal Services** – provides for inmates' personal needs and ensures that each service is provided in a timely, accurate, and economical manner;
- **Inmate Adjustment and Development Support** – provides inmates with opportunities for personal development and facilitates adjustment to institutional custody; and
- **Inmate Health Services** – provides constitutionally mandated levels of health care to inmates in DOC custody.

Inmate Custody – provides facilities and technology to detain pretrial defendants and sentenced misdemeanants safely and securely, and in accordance with constitutional requirements.

This division contains the following 3 activities:

- **Institutional Security and Control** – provides effective management of arrestee and inmate populations and ensures safe and secure DOC-administered detention environments, inmate transportation, and off-site security such as medical outposts;
- **Security Enhancement** – provides operational technologies that improve institutional security; and
- **Community Corrections** – provides community support and involvement for sentenced misdemeanants and pretrial inmates awaiting adjudication of charges.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides for comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Corrections has no division structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Department of Corrections' (DOC) proposed FY 2018 gross budget is $145,615,296, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budget of $146,923,266. The budget is comprised of $124,076,532 in Local funds, $21,111,206 in Special Purpose Revenue funds, and $427,558 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOC's FY 2018 CSFL budget is $121,146,317, which represents a $5,257,823, or 4.2 percent, decrease from the FY 2017 approved Local funds budget of $126,404,140.

CSFL Assumptions

The FY 2018 CSFL calculated for DOC included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $94,280 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $762,748 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DOC includes a reduction of $5,929,229 to account for the removal of one-time funding appropriated in FY 2017 to support personal service costs for the proposed transition of the Correctional Treatment Facility (CTF). Additionally, an increase of $2,939 is provided for the Fixed Costs Inflation Factor, to account for fixed costs estimates for fleet services.

Agency Budget Submission

The Department of Corrections' contract with the Corrections Corporation of America (CCA) to operate and maintain the CTF expired on January 31, 2017. The following adjustments reflect the agency's plans to continue CTF operations and services. As part of this initiative, DOC moved 24.0 Full-Time Equivalent (FTE) positions to the Inmate Custody division primarily from the Agency Management division. Additionally, the agency realigned its Contractual Services budget to better reflect its spending needs for inmate services.

Increase: In Local funds, DOC's proposed budget reflects a net increase of $2,678,433 and 19.0 FTEs to support proposed salaries, Fringe Benefits, and Overtime costs across multiple divisions.

In Special Purpose Revenue (SPR) funds, DOC proposes a net increase of $5,339,722 in personal services to support projected salaries and Fringe Benefits in the Inmate Custody division, and $2,084,492 in nonpersonal services, primarily in Supplies and Materials, across multiple divisions, to reflect CTF transition.

DOC's Intra-District funds budget is generated through inmate-provided services to the Department of Public Works, the Department of General Services, and the Department of Transportation. These services are provided through the Inmate Work Squad program. DOC's Intra-District agreements support the Agency Management, Inmate Custody, and Inmate Services divisions. Based on projected changes to existing Intra-District obligations, the FY 2018 budget submission proposes an increase of $77,904 in nonpersonal services across multiple divisions to align the budget with anticipated revenue.

Decrease: In Local funds, the proposed budget includes a net decrease of $820,444 in Contractual Services, across multiple divisions due to projected decreases in the inmate population and to reflect the agency's cost savings due to the CTF transition. Additionally, Fixed Costs include a net reduction of $2,711,300, to align Telecommunication and rental estimates with projected costs. Finally, nonpersonal services is decreased by $2,136,679 across multiple divisions to reflect the agency's realignment plans, primarily for projected supplies and materials.

In Special Purpose Revenue funds, DOC proposes a reduction of $6,480,982 in Contractual Services across multiple divisions based on lower projections in the inmate population.

In Intra-District Funds, the proposed budget reflects a net decrease of $1,499 in personal services, for adjustments made to salaries and Fringe Benefits.

Mayor's Proposed Budget

Enhance: In Local funds, the Department of Corrections proposes an increase of $5,017,259 to support the 78.0 new correctional officer positions. These positions support the safety and security of the facilities and aid in the reduction of overtime. The agency also proposes an increase of $2,341,480 and 14.0 FTEs to support the Portal of Entry program, a physical office offering services from several District agencies, including the Department of Human Services, the Department of Behavioral Health, the Department of Motor Vehicles, the Department of Employment Services, and the District of Columbia Housing Authority, to assist returning citizens by providing access to vital post-release services including housing, employment, education, health care, job training and placement, and substance use/mental health aftercare. The proposed budget also includes an increase of $280,000 to support vocational training services to reduce inmate recidivism.

District's Proposed Budget

Reduce: DOC's Local funds budget proposal includes a reduction of $1,241,000 in Overtime Pay in the Inmate Services division reallocated to the Department of Health, the Department of Behavioral Health, the Department of General Services, the Department of Employment Services and the Department of Motor Vehicles to support the new Returning Citizens Portal of Entry Program. The budget also includes a reduction of $477,533 and 7.0 Full-Time Equivalent (FTE) positions across multiple divisions.

Agency Performance Plan

Department of Corrections (DOC) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Upgrade Workforce to Better Serve District's Public Safety Needs.
2. Foster Environment That Promotes Safety for Inmates, Staff, Visitors, and the Community-at-Large.
3. Improve Inmate Education, Job Skill Levels, and Facilitate Successful Community Re-integration.
4. Maintain/Improve Inmate Physical and Mental Health to Support Successful Community ReEntry.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Upgrade Workforce to Better Serve District's Public Safety Needs. (1 Activity)

Activity Title	Activity Description	Type of Activity
Personnel Services	Human resources management, Equal Employment Opportunity (EEO) and diversity management, and training ensure that DOC operates with an adequately staffed, well trained, and diverse workforce. The goal is to support a work-force well capable of providing service delivery for a city-within-a-city that strives to be a benchmark corrections agency.	Daily Service

2. Foster Environment That Promotes Safety for Inmates, Staff, Visitors, and the Community-at-Large. (9 Activities)

Activity Title	Activity Description	Type of Activity
Inmate Work Release Programs	DOC provides opportunities for inmates to serve in community work-squads that provide services such as landscaping for other government agencies such as Department of General Services (DGS).	Daily Service
Community Corrections Administration	Provides oversight of inmates placed in privately operated 100 percent Prison Rape Elimination Act (PREA) compliant community halfway houses in bed-spaces under contract with DOC. Conducts electronic monitoring where required as a condition of placement. Processes documents for abscond and halfway house escape notifications and subsequent apprehension.	Daily Service
Facility Security	Facility areas not occupied by inmates 100 percent of the time also require supervision to ensure safety, security and order for DOC's city	Daily Service

Activity Title	Activity Description	Type of Activity
	within a city. Facility security operations include the command center, relief pool, emergency response team, canine support, key and tool control, rules and discipline, and movement control.	
Central Cell Block Operations	DOC uniformed staff execute 24x7x365 operations of the Central Cell Block, which houses arrestees charged with non-citationable offenses prior to arraignment at court. On-site triage and clinical services and meals are provided. They ensure safe, secure and orderly operations.	Daily Service
Inmate Records	Inmate records receives, processes, records, files and archives all legal records for inmates committed to DOC custody. Inmate records compute official release dates associated with all misdemeanor sentences under District code, jail credits, and good time credits.	Daily Service
Housing Unit Supervision	Most of DOC's Correctional Officers provide 24x7x365 supervision of inmates ensures safety, security and order in housing units and conducting rounds according to DOC policy. They inspect cells and other areas to detect and remove contraband. Delivery of meals, commissary, linen exchanges, and mail; recreation, and out-of-cell time are supervised. This supports safe, secure and orderly operation of a humane detention environment.	Daily Service
Correctional Surveillance Center	Correctional Surveillance Center operations monitors and reviews surveillance collected from over 650 cameras and other devices to support DOC, and responds to official requests for surveillance to support internal DOC needs as well as law enforcement and criminal justice agencies.	Daily Service
Inmate Receiving and Discharge	DOC receives daily intakes, processes daily release transactions, and provides daily inmate transport to hearings and appointments from the Inmate Reception Center (IRC) at the Central Detention Facility (CDF). Information required to maintain safe, secure, orderly and humane operating environment is recorded there. Initial health and mental health screening and Medicaid enrollment occur at the IRC. Inmate property is received, searched, and stored for 15 days (after which unclaimed property is destroyed). Initial clothing and linens are issued. Initial intake screening by Case Management is performed at the IRC.	Daily Service
Inmate Transport	The uniformed staff in the Inmate Transportation Unit provide daily secure transport to and from courts; and, medical and other appointments for DOC inmates. They operate under contract (Inter-Governmental Agreement) with the US Marshals Service.	Daily Service

3. Improve Inmate Education, Job Skill Levels, and Facilitate Successful Community Re-integration. (3 Activities)

Activity Title	Activity Description	Type of Activity
Inmate Finance and Financial Assistance	These operations supported by the Office of the Chief Financial Officer (OCFO) ensure that inmates receive funds deposited by loved ones so that they can make purchases from the commissary and meet any restorations required as conditions of confinement.	Daily Service
Inmate Personal Services	These include laundry, commissary, mail, property, clothing and linens, and food services that support continuous operations at DOC facilities that house inmates. Many of these operations are carried out by inmates in institutional work-squads supervised by DOC Correctional Officers.	Daily Service
Inmate Programs and Services	DOC offers programs and services to support connections with the community and community reentry. They include education, recreation, visitation, law library, mobile library services (with DC Public Library), employment readiness unit (with DC Department of Employment Services), religious and volunteer services, women's program and services, juvenile program and services, Residential Substance Abuse Treatment (RSAT), and ReEntry services.	Daily Service

4. Maintain/Improve Inmate Physical and Mental Health to Support Successful Community ReEntry. (1 Activity)

Activity Title	Activity Description	Type of Activity
Health and Mental Health Services	Dually American Correctional Association (ACA) and National Commission on Correctional Health (NCCHC) accredited comprehensive health and mental health services are provided at the Central Detention Facility (CDF) and CTF. Medical outpost security required to provide supervision for DOC inmates and CCB arrestees requiring outpatient or inpatient care; and, takeovers for any St. Elizabeth's' residents requiring hospital care and any MPD arrestee requiring over two (2) hours of care at an area hospital are provided by DOC Correctional Officers. Typically 40-50 full time employees (FTEs) are required over and above the 25 FTEs officially authorized for this service; the majority are required to supervise MPD arrestees.	Daily Service

5. Create and maintain a highly efficient, transparent, and responsive District government. (5 Activities)**

Activity Title	Activity Description	Type of Activity
Executive Direction and Support	The Department of Corrections is a small city within a city that operates 24x7x365. Services that support the DOC executive functions on a daily basis include legal services, federal billing, public affairs, and strategic planning and analysis.	Daily Service

(Continued on next page)

5. Create and maintain a highly efficient, transparent, and responsive District government. (5 Activities)**

Activity Title	Activity Description	Type of Activity
Agency Operations Support	A city-within-a-city that operates 24x7x365 to care for persons under its custody requires fleet management, procurement, contract administration and supply chain management to ensure that people are transported; materials and supplies are provided in a timely manner; and services are provided in accordance with the District's requirements, so that the DOC can deliver high quality services to those it serves.	Daily Service
Facility Services	Ensuring a safe, secure and functional physical operating environment for over 450,000 square feet of detention space in a 40 year old city-within-a-city that operates 24x7x365 requires daily facility maintenance and repair, facility inspection, construction crew escort, and environmental and sanitation services.	Daily Service
Management Control	Risk Management, Policy and Procedures, Accreditation and Compliance, PREA Compliance, and Investigative Services together document and support agency accreditation and compliance with laws, audits, standards, and promote implementation of best practices.	Daily Service
Technology Support	It takes a considerable amount of technology, project management, and business process re-engineering to support the daily operations for a city-within-a-city. Together these services assess, plan, implement, and maintain DOC's communication and technology infrastructure; conduct business process assessment; and implement approved business process re-engineering projects.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, “What does the agency need to measure to determine success?”

Joint Force Headquarters – District of Columbia (JFHQ-DC) maintains and provides trained and ready D.C. National Guard (DCNG) units, personnel, and equipment to achieve the federal war-fighting mission, to support the District of Columbia Emergency Response Plan, and to add value to the community through local programs. JFHQ-DC facilitates the integration of federal and state activities to provide expertise and situational awareness to the District of Columbia and the Department of Defense.

Summary of Services

Federal Mission: Support the readiness of D.C. National Guard (DCNG) units to perform federally assigned missions, both at home and abroad. District of Columbia personnel provide direct support to key functional areas including operations, training, and readiness, to ensure DCNG units can defend the nation and the capital. District Mission – Emergency Preparedness/Emergency Response: Prepare for and respond to requests for National Guard support from the Mayor, lead federal agencies within the National Capital Region, and Joint Force Headquarters – National Capital Region (JFHQ - NCR). Community Mission: Maximize the use of available Department of Defense family and youth programs to support the citizens of the District of Columbia.

Program Description

The District of Columbia National Guard operates through the following 3 programs:

Youth Programs – sponsors a variety of programs for youth, including the National Guard Youth ChalleNGe program and a Youth Leaders' Camp.

This program contains the following 2 activities:

- **ChalleNGe** – is a voluntary community-based program that leads, trains, and mentors at-risk youth; and
- **Youth Leaders' Camp** – is a free, annual 14-day residential camp that provides youth an opportunity to learn and implement principles of leadership, citizenship, and sportsmanship.

Joint Force Headquarters, D.C. – maintains trained and equipped forces in a state of readiness, prepared to respond to Presidential orders to support federal and District government agencies. DCNG also provides continuous assistance to District public safety agencies. Non-deployable personnel are required to maintain continuity of operations under Title 49, Military, of the D.C. Official Code.

This program contains the following 14 activities:

- **Command Element** – provides leadership and direction to agency command staff in all matters pertaining to military support, training, Joint Air, and Joint Counter Drug Operations;
- **U.S. Property and Fiscal Office** – provides comprehensive and efficient financial management services, including contract administration, appropriate federal billings, and the transfer of federal funds;
- **Army Aviation Support Facility (AASF)** – supports the military aviation unit within the command;

- **J1 Personnel/Human Resource Office** – is the military personnel branch of the agency;
- **Department of Engineering and Department of Engineering - Air** – provides agency facilities planning, maintenance, and repair services;
- **Sustainable Restoration Maintenance –** provides agency repair services;
- **Environmental Program Management –** provides environmental resource management within the command;
- **Security Cooperative Agreement –** provides agency security services;
- **Environmental Programs Resources Management Army –** provides program management for agency environmental issues;
- **J3/Operations and J3/Electronics Security Systems** – is the planning, operations, and training branch, which ensures that troops are combat ready;
- **J6/IT** – maintains secure technologies to produce and communicate information within and between the various military command elements; and
- **J6/IT – Administrative Services Activity** – provides administrative support services for the D.C. Armory.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The District of Columbia National Guard has no program structure changes in the FY 2018 proposed budget.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The District of Columbia National Guard's (DCNG) proposed FY 2018 gross budget is $13,908,035, which represents a 4.6 percent increase over its FY 2017 approved gross budget of $13,302,616. The budget is comprised of $5,187,673 in Local funds, $435,000 in Federal Payments, and $8,285,362 in Federal Grant funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCNG's FY 2018 CSFL budget is $5,185,680, which represents a $46,059, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $5,139,621.

CSFL Assumptions

The FY 2018 CSFL calculated for DCNG included adjustment entries that are not described in detail on table 5. These adjustments were made for an increase of $7,655 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $43,444 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DCNG also included a decrease of $5,040 for the Fixed Costs Inflation factor to account for projected fleet estimates.

Agency Budget Submission

Increase: The FY 2018 Federal Payment request for DCNG is increased by $50,000 to align the budget with the preliminary request to the Office of Management and Budget.

In Federal Grant funds, DCNG's proposed budget includes a net increase of $572,366 and 4.3 FTEs. This includes an increase of $670,541 and 11.0 FTEs in the Joint Force Headquarters program, primarily driven by increases in the Federal Operation Maintenance grant and the Sustainable Restoration Maintenance grant; an increase of $591,825 in the Agency Management program for the Security Cooperative Agreement grant; and a decrease of $690,000 and 6.8 FTEs in Youth programs for the D.C. Youth ChalleNGe grant.

Decrease: DCNG's proposed Local funds budget includes a net decrease of $110,809 and 2.3 FTEs, primarily in the Youth ChalleNGe program, to reflect a shifting of personal services savings to fund nonpersonal services. Additionally, DCNG's local funds budget proposal includes a net reduction of $231,198, primarily in the Agency Management program, to reflect projected maintenance contracts for the Camp Schwartz facility.

Mayor's Proposed Budget

No Change: The District of Columbia National Guard's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: DCNG's proposed Local funds budget reflects a one-time increase of $344,000 in the Agency Management program to support improvements to the National Guard's Camp Schwartz facility.

Technical Adjustment: The FY 2018 Federal Payments request for the District of Columbia National Guard is reduced by $65,000 to align the budget with the President's budget request.

Division Description

The Homeland Security and Emergency Management Agency operates through the following 5 divisions:

Plans and Preparedness – coordinates comprehensive planning, training and exercising, and disaster recovery to promote resiliency in government agencies, our communities, and critical infrastructure. The division is responsible for the creation, implementation, and revision of plans dictating the operational alignment and tempo of steady-state, threat-initiated, and incident-state scenarios.

This division contains the following 9 activities:

- **Planning** – utilizes a "whole community" approach to engage key stakeholders in developing plans and processes that support a robust emergency management system;
- **Regional Planning** – the District is an integral part of the National Capital Region (NCR). Due to the geographic proximity and economic link to the NCR, all preparedness actions across all mission areas affect, impact, and include all jurisdictions in the NCR. Therefore, District planners are involved with the planning efforts to ensure appropriate coordination and integration of District preparedness processes;
- **DCERS PMO Manager** - is responsible for coordination, outreach, and reporting for the DC EPC, District of Columbia Emergency Response System (DCERS) Steering Committee, and the District projects it oversees. Develops and maintains the Strategic Plan, as well as a corresponding Playbook for the District. Coordinates with regional ERS counterparts to ensure cohesive development of regional capabilities;
- **District Planning** – utilizes a "whole community" approach to engage key stakeholders in developing plans and processes that support a robust emergency management system. The Planning division coordinates the development, socialization, and institutionalization of District-wide preparedness plans that include, but are not limited to, Emergency Operation Plans (EOP), standard operating procedures/guidelines (SOP/SOG), and any supplemental contingency plans, annexes, or appendices;
- **District Preparedness System Planning Toolkit** - is the District Preparedness System (DPS) SharePoint Administrator. All processes conducted and products developed by the planners utilize an All-Hazards approach designed to provide an operational response to any type of potential threat – natural or manmade;
- **Fatality Management Planning and Support** - is the District Mass Fatality Management Planner and the NCR Mass Fatality Management Planner. Addresses terrorism risks including but not limited to the following: Bio-Terrorism, Weapons of Mass Destruction, and complex coordinated attacks. Each terrorism risk will be analyzed to determine if it is a risk to the District. The context of the risk, the impact of the risk to affect core capabilities, and the response to the risk will be analyzed;
- **Hazardous Materials Reporting** – this tool ensures the District maintains a systematic approach for fulfilling SARA Title III, Emergency Planning and Community Right-to-Know (EPCRA) reporting, oversight, and emergency response needs;
- **Training** – offers emergency management training courses, hazard and capabilities-based exercises, and plan validations that test and bolster individual and institutional readiness, in accordance with local, District, and national standards, including the National Incident Management System (NIMS) and Incident Command System to first responders, citizens, businesses and regional partners; and
- **NIMS Compliance Officer** – manages the District's Incident Command System Training Program to ensure emergency personnel possess incident management capabilities for addressing planned and no-notice events associated with natural or man-made hazards.

Operations – serves as the central hub of information within HSEMA, processing and analyzing information from a myriad of sources and disseminating it to create situational awareness, and provides well-coordinated critical and essential services during and immediately after emergencies and disasters within the District of Columbia and surrounding jurisdictions. The goals of these services are to protect health and property, to expedite the return to a state of normality, and to guard against the effects of future disasters.

This division contains the following 4 activities:

- **Incident Command and Disaster** – is the main operational and control center for consequence management during an emergency, disaster, major special event, and national security events in the District;

- **IC3 Program Manager/Incident Review Spec** – is the Incident Review Specialist for the Emergency Operations Center (EOC);
- **District Logistics Coordinator** - is responsible for developing, implementing and improving the District's logistical and resource tracking plans to improve response and recovery operations during an emergency. Develops, reviews and improves current resource lists and plans. Coordinates the program with both District emergency response agencies and our regional counterparts. Agency's lead for resource management within the District in ensuring compliance with the National Incident Management System (NIMS) and Emergency Management Accreditation Program (EMAP) requirements; and
- **Credentialing (PIC-I/PAC) Pub Safety Per** - Backend Attribute Exchange (BAE) and event adaptive policies.

Finance/Administration and Homeland Security Grants – serves as the State Administrative Agent (SAA) for the Federal Homeland Security Grant programs that are awarded to the District of Columbia, and for grant programs awarded to the NCR, which encompasses neighboring counties in Maryland and Virginia.

This division contains the following 4 activities:

- **Homeland Security/State** – identifies and mitigates threats, risks, and vulnerabilities within the District of Columbia;
- **Admin Finance** - provides financial support for the Department of Homeland Security grants awarded to the District;
- **Homeland Security/Regional** – serves as the SAA for the Department of Homeland Security grants awarded to the District and the NCR; and
- **All Hazards Administration** – provide fiscal management of the daily all-hazard incidents to achieve operational objectives.

Fusion Center – the Washington Regional Threat Analysis Center (WRTAC) is an "all-threats, all-hazards" fusion center serving the District of Columbia and the NCR. Its mission is "to facilitate the full integration of available data in the region to detect, prevent, and respond to terrorist and other criminal activity, as well as to facilitate information sharing during any catastrophic event within the city of DC and the NCR."

This division contains the following 2 activities:

- **Operational and Administrative Support** – involves the provision of supervisory and administrative support to all fusion center operations; and
- **Intelligence Analysis** – involves the core fusion center work performed by staff who perform intelligence analysis roles, including the gathering, analysis, sharing, and production of intelligence.

Agency Management – provides administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Homeland Security and Emergency Management Agency has no division structure changes in the FY 2018 proposed budget.

GROSS FOR BN0 - HOMELAND SECURITY AND EMERGENCY MANAGEMENT AGENCY		**136,570**	**112.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Homeland Security and Emergency Management Agency's (HSEMA) proposed FY 2018 gross budget is $136,570,261, which represents a less than 1.0 percent increase over its FY 2017 approved gross budget of $136,498,075. The budget is comprised of $4,827,226 in Local funds and $131,743,035 in Federal Grant funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

HSEMA's FY 2018 CSFL budget is $4,728,463, which represents a $61,240, or 1.3 percent, increase over the FY 2017 approved Local funds budget of $4,667,223.

CSFL Assumptions

The FY 2018 CSFL calculated for HSEMA included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $7,834 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $26,479 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for HSEMA also includes an increase of $58,987 for Recurring Budget Items to account for the conversion of positions to union payscales. Additional adjustments include a decrease of $16,392 for the Fixed Costs Inflation Factor to account for projected fleet estimates.

Agency Budget Submission

Increase: HSEMA's Local budget proposal includes a net increase of $70,025 in nonpersonal services to reflect projected costs of grant match requirements associated with the Emergency Management Program grants. In Federal Grant funds, the agency proposes a net increase of $558,443 and 7.0 Full-Time Equivalents (FTEs), primarily for the Homeland Security, the Emergency Management, and the Non-Profit Security grants, to reflect projected costs associated with salaries and Fringe Benefits.

Decrease: HSEMA's proposed Local funds budget includes a net reduction of $70,025, primarily in the Operations division, to align the budget with projected personal services costs and to offset the projected increase for the Emergency Management Program grants match requirement.

In Federal Grant funds, the proposed budget includes a net decrease of $646,259, primarily in the Securing the Cities and the Port Security grants, to reflect projected operational costs for nonpersonal services such as equipment and contractual services.

Mayor's Proposed Budget

Enhance: The proposed Local funds budget includes an increase of $98,763 in the Plans and Preparedness division to account for additional federal grant match requirements.

District's Proposed Budget

No Change: The Homeland Security and Emergency Management Agency's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan*

Homeland Security and Emergency Management Agency (HSEMA) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Emergency Operations - Provide situational awareness, logistical and resource support, and a field command operation to coordinate critical incident response, mitigation, and recovery to emergencies and other major events impacting the District.
2. Intelligence and Analysis - Improve information sharing among public and private sector partners by providing strategic analysis of regional threats and hazards.
3. District Preparedness System (DPS) - The DPS is a comprehensive approach to building capabilities related to homeland security and emergency management. It includes the personnel, processes, plans, and resources necessary to build each preparedness capability to target levels. Once built, these capabilities enable the District to prevent, protect against, mitigate, respond to, and recover from the threats and hazards that affect the city.
4. Agency Management - Ensure that HSEMA provides its divisions with sufficient resources while ensuring that all fiscal requirements are fulfilled.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Emergency Operations - Provide situational awareness, logistical and resource support, and a field command operation to coordinate critical incident response, mitigation, and recovery to emergencies and other major events impacting the District. (2 Activities)

Activity Title	Activity Description	Type of Activity
Emergency Operations Center (EOC)	Manage the EOC, a central facility for command and control of emergency operations, which coordinates interagency response to and recovery from major emergencies and works closely with supporting District agencies before and during EOC activations.	Daily Service
Joint All Hazards Operations Center	Serves as the 24/7 central hub of communications, processing information from multiple sources to keep District agencies, regional and Federal partners, businesses, and the public informed and create a common operating picture.	Daily Service

2. Intelligence and Analysis - Improve information sharing among public and private sector partners by providing strategic analysis of regional threats and hazards. (4 Activities)

Activity Title	Activity Description	Type of Activity
Information Sharing	Ensure timely, relevant, and vetted intelligence information and analysis related to the safety and security of District citizens and first responders is provided to local, regional, and national public safety partners.	Daily Service
Strategic Analysis	Provide strategic analysis and assessments of threats and hazards for public safety partners and decision makers by researching, analyzing, and synthesizing regional patterns and trends.	Daily Service
Training/Outreach	Provide general fusion center and sector-specific intelligence briefings, as well as intelligence analysis and suspicious activity trainings, workshops, and seminars to public and private sector partners in the public safety community. Participate in discussion and operations-based exercises with public and private sector partners in the public safety community.	Daily Service
Tactical Analysis	Provide tactical intelligence support and open source research, both in response to requests as well as on an ad hoc basis, to public and private sector partners in the public safety community in a timely manner.	Daily Service

3. District Preparedness System (DPS) - The DPS is a comprehensive approach to building capabilities related to homeland security and emergency management. It includes the personnel, processes, plans, and resources necessary to build each preparedness capability to target levels. Once built, these capabilities enable the District to prevent, protect against, mitigate, respond to, and recover from the threats and hazards that affect the city. (6 Activities)

Activity Title	Activity Description	Type of Activity
Capability Building	Identify and implement projects to build priority preparedness capabilities to target levels.	Daily Service
Urban Area Security Initiative (UASI) Funding	Continue to drive the District's competitiveness in receiving Urban Area Security Initiative grant funds by ensuring District priorities are represented in regional strategies, and identifying projects to move priority regional capabilities towards target levels.	Daily Service
Project Management Support	Ensure successful project execution by providing technical support for the management and implementation of all projects in the DC Emergency Response System (DCERS) portfolio.	Daily Service
Continuity of Operations (COOP) Planning	Support the District agencies responsible for updating their COOP plans annually with exercising, evaluating, and, if necessary, revising their COOP plans.	Daily Service
All Hazard District Preparedness Plans	Develop a suite of all hazard District preparedness plans in alignment with identified District Preparedness System capability priorities.	Daily Service
District Preparedness System	Maintain the District's training and exercise plan in alignment with identified District Preparedness System capability priorities.	Daily Service

4. Agency Management - Ensure that HSEMA provides its divisions with sufficient resources while ensuring that all fiscal requirements are fulfilled. (4 Activities)

Activity Title	Activity Description	Type of Activity
Regional Support	Provides leadership to the National Capital Region (NCR) as members of regional homeland security and emergency management leadership teams and supporting governance groups.	Daily Service
Mayor's Special Event Task Group (MSETG)	Manage the administration of the MSETG, a body responsible for organizing the City's public safety planning efforts for events requiring interagency coordination.	Daily Service
Community Outreach and Media Prepare	Maintain a strong outreach program designed to educate and equip community residents and businesses to prepare for and recover from all hazards and the potential for disasters.	Daily Service
State Administrative Agent	Serves as the State Administrative Agent for the federal homeland security grant programs that are awarded to the District of Columbia, and the NCR. Provides financial and programmatic oversight to the numerous individual grant-funded homeland security projects in the District of Columbia and the NCR.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Emergency Operations - Provide situational awareness, logistical and resource support, and a field command operation to coordinate critical incident response, mitigation, and recovery to emergencies and other major events impacting the District. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target

FY 2018 Proposed Budget Changes

The Commission on Judicial Disabilities and Tenure's (CJDT) proposed FY 2018 gross budget is $295,000, which represents a 4.8 percent decrease from its FY 2017 approved gross budget of $310,000. The budget is comprised entirely of Federal Payments.

Agency Budget Submission

Increase: CJDT's budget proposal includes an increase in personal services of $5,831 to cover projected salary and Fringe Benefits costs.

Decrease: The agency's budget proposal includes a decrease of $5,831 in nonpersonal services for telecommunication costs, professional services fees, and contractual services; this adjustment offsets the projected increases in personal services.

Mayor's Proposed Budget

No Change: The Commission on Judicial Disabilities and Tenure's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Technical Adjustment: The FY 2018 Federal Payments request for the Commission on Judicial Disabilities and Tenure is reduced by $15,000 to align the budget with the President's budget request.

Agency Performance Plan*

Commission on Judicial Disabilities and Tenure (CJDT) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Review and Investigate Judicial Misconduct Complaints.
2. Conduct Reappointment Evaluations of Eligible Associate Judges of the D.C. Courts.
3. Conduct Performance and Fitness Reviews of Retiring and Senior Judges.
4. Conduct Involuntary Retirement Proceedings.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Review and Investigate Judicial Misconduct Complaints. (2 Activities)

Activity Title	Activity Description	Type of Activity
Commission Administration and Support	Review complaints arising during monthly meetings.	Daily Service
Commission Administration and Support	Misconduct investigations.	Daily Service

2. Conduct Reappointment Evaluations of Eligible Associate Judges of the D.C. Courts. (4 Activities)

FY 2018 Proposed Budget Changes

The Judicial Nomination Commission's (JNC) proposed FY 2018 gross budget is $270,000, which represents a decrease of 1.8 percent from its FY 2017 approved gross budget of $275,000. The budget is comprised entirely of Federal Payments funds.

Agency Budget Submission

Increase: JNC's proposed Federal Payments budget is increased by $20,000 to align the budget with the preliminary request to the Office of Management and Budget. Additionally, the proposed budget reflects an increase of $10,273 to align the budget with projected salary step and Fringe Benefit costs.

Decrease: The FY 2018 Federal Payments request for the JNC is decreased by $10,273 in nonpersonal services to offset projected increases in personal services costs.

Mayor's Proposed Budget

No Change: The Judicial Nomination Commission's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Technical Adjustment: The FY 2018 Federal Payments request for the Judicial Nomination Commission is reduced by $25,000 to align the budget with the President's budget request.

Agency Performance Plan*

Judicial Nomination Commission (JNC) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Increase the pool of highly qualified applicants to fill each judicial vacancy within the required 60-day period either prior to or following the occurrence of a vacancy in accordance with the agency's governing statute.
2. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Increase the pool of highly qualified applicants to fill each judicial vacancy within the required 60-day period either prior to or following the occurrence of a vacancy in accordance with the agency's governing statute. (1 Activity)

Activity Title	Activity Description	Type of Activity
Recommend Candidates	The JNC advertises judicial vacancies, solicits applications, conducts background investigations, carefully reviews investigative materials, reads briefs and other application materials, interviews applicants, solicits and considers input from the bench, bar, and public regarding applicants' fitness to serve, and carefully evaluates each candidate's application and background. Candidates are recommended to the President of the United States for consideration in appointing judges to the District of Columbia Court of Appeals and Superior Court of the District of Columbia. FTEs	20.5	24.2	24.2	0.0

The mission of the Office of Police Complaints (OPC) is to increase public confidence in the police and promote positive community-police interactions.

Summary of Services

OPC receives, investigates, adjudicates, and mediates police misconduct complaints filed by the public against Metropolitan Police Department (MPD) and D.C. Housing Authority (DCHA) police officers. In addition to these responsibilities, the agency issues policy recommendations to the Mayor, the Council of the District of Columbia, and the Chiefs of Police of MPD and DCHA's Office of Public Safety (OPS) proposing reforms that will promote greater police accountability by reducing the level of police misconduct or improving the citizen complaint process.

"No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Office of Police Complaints (OPC) operates through the following 4 programs:

Complaint Resolution – investigates, adjudicates, and mediates misconduct complaints against sworn officers of the Metropolitan Police Department (MPD) and the Office of Public Safety (OPS) in a fair, impartial, and timely manner.

This program includes the following 3 activities:

- **Investigation** – investigates and produces reports related to complaints of misconduct against sworn MPD and OPS officers;
- **Adjudication** – renders final determinations of police misconduct complaints against sworn officers of MPD and OPS; and
- **Mediation** – provides a forum for complainants and subject officers to interact and develop a better awareness and understanding of the incident that led to the filing of a misconduct complaint and, if possible, reach an agreement to resolve the conflict.

Public Relations – informs and educates the public through outreach concerning OPC's mission, authority, and processes to ensure that the agency's services can be fully accessed; and performs liaison functions between the office, other District agencies, and the public.

Policy Recommendation – proposes to the Mayor, Council of the District of Columbia, and Chiefs of Police for MPD and OPS improvements concerning the citizen complaint process and the elements of management of the covered law enforcement agencies that have a bearing on police misconduct, such as recruitment, training, evaluation, discipline, and supervision of police officers.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Police Complaints has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Office of Police Complaints' (OPC) proposed FY 2018 gross budget is $2,600,802, which represents a 6.2 percent increase over its FY 2017 approved gross budget of $2,449,188. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OPC's FY 2018 CSFL budget is $2,450,802, which represents a $1,614, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $2,449,188.

CSFL Assumptions

The FY 2018 CSFL calculated for OPC included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $368 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $3,422 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for OPC also includes a decrease of $2,176 for the Fixed Costs Inflation Factor to account for projections for Fleet estimates.

Agency Budget Submission

Increase: OPC's proposed budget reflects a net increase of $13,984 primarily in the Agency Management program to cover costs associated with office supplies.

Decrease: OPC's budget proposal includes a net reduction of $13,984 primarily in the Complaint Resolution program to offset the increase in nonpersonal service costs.

Mayor's Proposed Budget

No Change: The Office of Police Complaints' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: OPC's proposed budget reflects a one-time enhancement of $150,000 in the Agency Management program to support an independent review of MPD's actions during the 2017 Presidential Inauguration weekend.

Agency Performance Plan*

Office of Police Complaints (OPC) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

The mission of the District of Columbia Sentencing Commission (the Commission) is to implement, monitor, and support the District's voluntary sentencing guidelines; promote fair and consistent sentencing policies; increase public understanding of sentencing policies and practices; and evaluate the effectiveness of the guidelines system in order to recommend changes based on actual sentencing and corrections practice and research.

Summary of Services

The Commission advises the District of Columbia on policy matters related to criminal law, sentencing, and corrections policy. The Sentencing and Criminal Code Revision Commission Amendment Act of 2007 established permanent voluntary felony sentencing guidelines and requires the Commission to monitor and make adjustments as needed to promote sentencing policies that limit unwarranted disparity, while allowing adequate judicial discretion and proportionality. The sentencing guidelines provide recommended sentences that enhance fairness so that offenders, victims, the community, and all parties will understand the sentence, and sentences will be both more predictable and consistent. The Commission provides analysis of sentencing trends and guideline compliance to the public and its representatives to assist in identifying sentencing patterns for felony convictions. In addition, the Advisory Commission on Sentencing (ACS) Amendment Act of 2006 requires the Commission to undertake a multi-year study of the DC Criminal Code reform, including analysis of current criminal statutes and developing recommendations for revisions to the District's Criminal Code that promote clarity, consistency, and cohesiveness within the District's Criminal Code.

Program Description

The District of Columbia Sentencing Commission operates through the following 2 programs:

Data Collection, Analysis, and Implementation – undertakes sentencing-related research for the Commission and the Council; monitors and evaluates sentencing practices and trends in the District; and provides the sentencing guideline manual, assistance with the application of the guidelines, and training for criminal justice professional to effectively and efficiently work within a structured sentencing system.

This program contains the following 5 activities:

- **ACS Offense and Offender Sentencing Database** – transfers data electronically from the court into the agency's database, which includes both historic and real-time sentencing information. Criminal history information provided by Court Services and Offender Supervision Agency

(CSOSA) is integrated into the agency database and matched with court sentencing information, enabling offender and offense-based analysis of the application of the sentencing guidelines and sentencing trends in the District;

- **Sentencing Guidelines Monitoring** – monitors compliance with the recommended sentencing guidelines by using the agency's database. Departures from the sentencing guidelines are examined to determine if the guidelines may require modification or revision by the Commission to ensure their effectiveness;
- **Policy Reports and Proposals** – develops reports and recommendations for the Commission to improve and modify criminal justice programs focused on sentencing policy. In addition, revises and proposes recommendations to the D.C. Criminal Code to ensure clarity and consistency in the District's criminal laws making their application more fair and efficient;
- **Sentencing Guidelines Training** – provides training to criminal justice professionals focusing on the calculation of criminal history, proper application of the guidelines, determination of the recommended guideline sentence, and recent revisions or modification to the sentencing guidelines. The Commission also monitors both Appellate and Supreme Court sentencing-related decisions and provides training on the impact of these rulings on the D.C. Sentencing Guidelines; and
- **Prep Sentencing Guidelines Material**s – develops and updates yearly the D.C. Sentencing Guideline manual, which contains offense rankings, sentencing protocol, special sentencing provisions, and other guideline related information. The Guideline manual is used by practitioners on a daily basis when applying the guidelines to felony convictions.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The District of Columbia Sentencing Commission has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The District of Columbia Sentencing Commission's (the Commission) proposed FY 2018 gross budget is $1,178,839, which represents an 8.5 percent increase over its FY 2017 approved gross budget of $1,086,544. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Commission's FY 2018 CSFL budget is $1,614,330, which represents a $527,786, or 48.6 percent, increase over the FY 2017 approved Local funds budget of $1,086,544.

CSFL Assumptions

The FY 2018 CSFL calculated for the Commission included adjustment entries that are not described in detail in the table 5. These adjustments include a decrease of $2,793 in personal services to account for Fringe Benefits costs based on trend and comparative analyses, and an increase of $10,088 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent. Additionally, an increase of $520,491 for Fixed Costs Inflation Factor accounts for fleet services estimates.

Agency Budget Submission

Increase: The Commission's proposed Local funds budget includes a net increase of $20,242, primarily in the Database Collection (AIP) program, for projected salary step increases and Fringe Benefits costs. In nonpersonal services, the proposal reflects an increase of $4,003 to support Fixed Costs estimates for Telecommunication.

Decrease: The Commission's proposed Local funds budget reflects a net reduction of $544,737, primarily in the Management program, to reflect projected Fixed Costs estimates for fleet services.

Mayor's Proposed Budget

Enhance: The Commission's proposed nonpersonal services budget includes a one-time increase of $85,000 to support a software upgrade to the agency's Guideline Reporting Information Data (GRID) system. This upgrade allows the agency to access new data related to the warrant history of sentenced persons and helps with the visualization and analysis of new data.

District's Proposed Budget

No Change: The District of Columbia Sentencing Commission's budget reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The District of Columbia Sentencing Commission (the Commission) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide fair, consistent and transparent sentencing policy for felony sentences imposed in the District of Columbia to ensure that similar offenders who are convicted of similar offenses receive similar sentences.
2. Provide effective education and support to improve understanding and awareness of the District's Voluntary Sentencing Guidelines to ensure citizens of the District have a clear understanding of the sentencing process.
3. Provide high quality analysis and evaluation of sentencing data to inform the development of effective sentencing policy in the District of Columbia that increases public safety while decreasing unwarranted disparity in sentences.
4. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide fair, consistent and transparent sentencing policy for felony sentences imposed in the District of Columbia to ensure that similar offenders who are convicted of similar offenses receive similar sentences. (2 Activities)

Activity Title	Activity Description	Type of Activity
Identify Irregularities in Felony Sentences Imposed	Review sentencing data received from the D.C. Superior Court to identify data quality issues to be resolved; identify sentences that are outside the recommended guideline sentence; and identify emerging sentencing trends that may require review by the Commission and potential policy modifications.	Daily Service
Review and Verify All Felony Sentences	Review and verify each felony sentence imposed by the D.C. Superior Court is accurate, legal; and complete. Once the verification process is completed, calculate whether the sentence imposed matches the recommended guideline sentence in an accurate and timely manner.	Daily Service

2. Provide effective education and support to improve understanding and awareness of the District's Voluntary Sentencing Guidelines to ensure citizens of the District have a clear understanding of the sentencing process. (2 Activities)

Activity Title	Activity Description	Type of Activity
Maintain and Update Agency Website	Update the agency's website with Guideline Alerts to ensure the public and criminal justice community are notified of changes to sentencing policy or practices under the sentencing guidelines. Monthly update training and other guideline related materials to ensure public access to accurate and timely information about sentencing in the District of Columbia.	Daily Service
Provide Sentencing Guideline Training	Provide Sentencing Guideline training to criminal justice professional that will increase their understanding of sentencing practices under the Guidelines and ensure proper application of the Guidelines thus reducing potential sentencing errors.	Daily Service

3. Provide high quality analysis and evaluation of sentencing data to inform the development of effective sentencing policy in the District of Columbia that increases public safety while decreasing unwarranted disparity in sentences. (2 Activities)

Activity Title	Activity Description	Type of Activity
Respond to Data Requests	Effectively and efficiently respond to data requests from legislators, criminal justice professionals, and the public by providing accurate and timely sentencing information.	Daily Service
Monitor and Maintain The Grid System	Monitor and maintain the data analysis module of the agency's data system (GRID) used to identify and evaluate sentencing trends throughout the year to inform the development of effective sentencing policy for the District. Technical and operational issues identified will be reported to the vendor for resolution within 14 days.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, “What does the agency need to measure to determine success?”

1. Provide fair, consistent and transparent sentencing policy for felony sentences imposed in the District of Columbia to ensure that similar offenders who are convicted of similar offenses receive similar sentences. (3 Measures)

Note: The Criminal Code Reform Commission is a newly established District of Columbia agency created under D.C. Official Code 16-0172.

The mission of the Criminal Code Reform Commission (CCRC) is to develop comprehensive recommendations to reform the District's criminal offenses and to enable the adoption of Title 22 as an enacted title of the D.C. Code.

Summary of Services

The Commission is an independent agency that provides recommendations on legislative changes to criminal statutes to the Council and Mayor. Pursuant to legislation, the CCRC is a temporary agency. As such, the agency's funding, functions, and responsibilities will cease at the end of FY 2018 and the agency will be abolished.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Budget Changes

The Criminal Code Revision Commission's (CCRC) proposed FY 2018 gross budget is $700,905, which represents no change from its FY 2017 approved gross budget. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The CCRC's FY 2018 CSFL budget is $700,905, which represents no change from the FY 2017 approved Local funds budget.

Agency Budget Submission

Increase: The CCRC's proposed budget includes a net increase of $44,117 in nonpersonal services in the Criminal Code Reform program, to align resources with operational spending, primarily to support professional service fees.

Decrease: The CCRC's proposed budget reflects a net decrease of $44,117 to offset the increase in nonpersonal services and to align the budget for salaries and Fringe Benefits with projected costs.

Mayor's Proposed Budget

No Change: The Criminal Code Revision Commission's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Criminal Code Reform Commission's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Program Description

The Office of Neighborhood Safety and Engagement operates through the following 2 programs:

Neighborhood Safety and Engagement – coordinates the District's overall violence prevention strategy and programs, with a focus on utilizing public health approaches to respond to and prevent violence; identifies, recruits, and engages individuals determined to be at high risk of participating in, or being a victim of, violent crime; collaborates with other District agencies and nonprofit organizations to provide immediate wrap-around services to victims and families affected by violent crime; identifies priority neighborhoods and Metropolitan Police Department Police Service Areas ("PSAs") with high trends of violent crime and connecting residents in those neighborhoods and PSAs to services through a streamlined approach; develops positive relationships with youth and young adults using recreational and other positive behavior reinforcement activities; and coordinates with District agencies and community-based organizations to develop programs that focus on employment and job training opportunities for individuals residing in priority neighborhoods or PSAs or who are most at risk of participating in, or being a victim of, violent crime, including through the use of financial incentives for participation.

This program contains the following 2 activities:

- **Safer, Stronger DC** – executes a comprehensive public safety agenda designed to combat violent crime in the District and make the city safer and stronger; and
- **Community Stabilization** – collaborates with Deputy Mayor for Health and Human Services and public safety and justice Daily Service agencies to provide immediate wrap-around services to victims and families affected by homicide and violent crime.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Neighborhood Safety and Engagement is a new agency in the FY 2018 budget.

Division Description

The Office of the Chief Medical Examiner operates through the following 5 divisions:

Death Investigations and Certifications – is responsible for forensic pathology, forensic investigation, and forensic support services. Forensic pathology involves conducting decedent examination, determining the cause and manner of death, and providing that information to next of kin, law enforcement, designated government entities, and interested parties. Forensic investigation includes evidence-gathering, medical interpretation, and provision of information to aid in the determination of the cause and manner of death. The purpose of forensic support services is to provide services in the form of consultations and testing services to support the forensic pathology staff in the determination of the cause and manner of death.

This division contains the following 6 activities:

- **Forensic Pathology** – provides, in a timely manner, decedent external and/or internal examination, documentation (i.e., medical transcription), and analysis services to law enforcement, government agencies, interested parties, and families to determine and understand the cause and manner of death;
- **Forensic Investigations** – provides information, evidence gathering, and medical interpretation services to OCME, law enforcement agencies, legal counsel, and the community to identify decedents and aid in the determining the cause and manner of death;
- **Anthropology and Identification** – ensures that decedent identification is made in an accurate and efficient manner and manages the caseload of unidentified decedents for public disposition;
- **Mortuary Services** – provides body transport and autopsy support to forensic pathology staff and the funeral industry;
- **Forensic Support Services** – provides forensic support services in the form of consultations and testing services to support the forensic pathology staff in the determination of the cause and manner of death; and
- **Histology** – provides real-time forensic histology support services consisting of preparation, processing, and embedding of tissue as well as staining and development of histology slides for microscopic analysis for the purpose of establishing cause and manner of death.

Fatality Review Committees – reviews the circumstances of the deaths of individuals within certain populations, including their interaction with District government services. The purpose of the reviews is to provide analysis and recommendations to the public and District entities serving defined populations so that they can address systemic problems and provide better services.

Forensic Toxicology – maintains standards of practice for the detection, identification, and quantitation of alcohol, drugs, and other toxins in biological specimens. The laboratory provides scientific support services to OCME so that the agency may provide accurate death investigation information in a timely manner to the next of kin, law enforcement agencies, legal counsel, and the community, when required. It also provides services to various external government entities regarding specified types of testing.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Office of the Chief Medical Examiner has no division structure changes in the FY 2018 proposed budget.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Office of the Chief Medical Examiner's (OCME) proposed FY 2018 gross budget is $12,160,208, which represents a 1.9 percent increase over its FY 2017 approved gross budget of $11,934,818. The budget is comprised of $11,445,208 in Local funds and $715,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCME's FY 2018 CSFL budget is $11,409,903, which represents a $12,761, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $11,422,664.

CSFL Assumptions

The FY 2018 CSFL calculated for OCME included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $15,183 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $24,917 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent. Additionally, a decrease of $22,495 for the Fixed Costs Inflation Factor accounts for adjustments to the fleet services estimates.

Agency Budget Submission

Increase: OCME's proposed Local funds budget increased by $249,584 in contractual services, primarily in the Death Investigations and Certifications division for mortuary and forensic support services.

In Intra-District funds, OCME's personal services budget increased by $191,145 and 2.0 Full-Time Equivalent (FTE) positions. One position supports a Letter of Intent (LOI) with the Office of Victim Services and Justice Grants to provide support to the Male Survivor's Advisory Board, and one position supports an LOI with the District Department of Transportation to provide forensic toxicology testing services associated with Driving Under the Influence (DUI). Additionally, an increase of $11,700 in nonpersonal services supports office supply purchases and travel expenses.

Decrease: In Local funds, a reduction of $18,575 in personal services aligns the proposed budget with projected salary and Fringe Benefit costs across multiple divisions. OCME's proposed budget also decreased by $485,923 in nonpersonal services, mainly in the Death Investigations and Certifications division, primarily to recognize savings in professional services fees and supplies and equipment purchases.

Mayor's Proposed Budget

Enhance: In Local funds, the Office of the Chief Medical Examiner's budget proposal reflects an enhancement of $290,219 and 4.0 autopsy assistant FTEs to support mortuary activities in the Death Investigations and Certifications division. The FTEs will reduce the District's reliance on external vendors to provide body transport services.

District's Proposed Budget

No Change: The Office of the Chief Medical Examiner's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan*

Office of the Chief Medical Examiner (OCME) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide efficient and quality forensic services related to: a) the medicolegal investigation and certification of the cause and manner of death; b) toxicological analyses and interpretations; c) family assistance in understanding the cause and manner of death; d) expert testimony; and e) education and training of law enforcement, health care providers, academic institutions and other stakeholders.
2. Provide efficient and effective service through a quality management system supported by continuous process improvement, quality control measures, adherence to accrediting body guidelines, training and best practices.
3. Serve as a public health and safety surveillance organization providing statistical data to law enforcement, health care entities and social service entities tasked with prevention, detection and deterrence and ultimately preventing deaths.
4. Provide sound expertise as the District's fatality management authority maintaining a comprehensive District-wide plan to respond to all types of fatality incidents and ensure decedent disposition, family assistance, and continuity of operations.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide efficient and quality forensic services related to: a) the medicolegal investigation and certification of the cause and manner of death; b) toxicological analyses and interpretations; c) family assistance in understanding the cause and manner of death; d) expert testimony; and e) education and training of law enforcement, health care providers, academic institutions and other stakeholders. (5 Activities)

Activity Title	Activity Description	Type of Activity
Toxicology Analysis	Provides toxicological analyses, interpretive services and expert testimony. Provides toxicological testing on postmortem cases, as well as testing on a variety of drug and alcohol related matters for law enforcement entities, other District agencies and federal entities, as well as administers the District’s Breath Alcohol Testing Program.	Daily Service
Forensic Analytic Testing	Provide scientific support services in the form of analytic testing for OCME and law enforcement agencies. Support toward the timely determination of cause and manner of death determinations via testing of specimens at forensic laboratories.	Daily Service

The mission of the Office of Administrative Hearings (OAH) is to provide the District of Columbia's citizens and government agencies with a fair, efficient, and effective forum to manage and resolve administrative disputes.

Summary of Services

OAH is an impartial, independent agency that adjudicates cases for over 40 District of Columbia agencies, boards, and commissions. OAH holds hearings, conducts mediations, and provides other adjudication services to resolve disputes arising under the District's laws and regulations.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

The Office of Administrative Hearings operates through the following 6 programs:

Judicial – ensures due process while working to improve the quality, efficiency, and efficacy of justice management. This program provides pretrial management, hearings, appeals, and mediations.

Court Counsel – supports the administrative court's judicial function by assisting judges in legal analysis, research, and drafting orders and notices; ensures agency compliance with applicable laws; assists with the tracking of legislative and regulatory initiatives; and maintains the law library.

Clerk of Court – provides an efficient intake of cases and supports the agency's case management system and caseload reporting, maintains forms and documentation, and serves as the primary customer service interface.

Executive – provides agency direction and performance oversight, including administering the agency's infrastructure and related support services and functions.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Administrative Hearings has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Office of Administrative Hearings' (OAH) proposed FY 2018 gross budget is $11,739,058, which represents a 10.4 percent increase over its FY 2017 approved gross budget of $10,631,930. The budget is comprised of $10,009,253 in Local funds, $80,000 in Federal Medicaid Payments, and $1,649,805 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OAH's FY 2018 CSFL budget is $8,923,953, which represents a $2,487, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $8,926,440.

CSFL Assumptions

The FY 2018 CSFL calculated for OAH included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $8,324 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $7,067 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Additionally, a decrease of $1,230 for the Fixed Costs Inflation Factor accounts for fleet services estimates.

Agency Budget Submission

Increase: OAH's Local funds budget proposal reflects a net increase of $593 in nonpersonal services across multiple programs, primarily due to the impact of adjustments to Fixed Costs for Telecommunication and projections for contractual services. The Federal Medicaid Payments proposed budget increased by $20,000, in the Court Counsel program based on anticipated reimbursement for adjudication of Medicaid-related cases. The agency projects a net increase of $4,315 in the proposed budget for Intra-District funds based on available funding from a Memorandum of Understanding with the Department of Employment Services to provide legal services.

Decrease: In Local funds, the proposed budget reflects a net decrease of $593 in personal services across multiple programs to account for salary projections; this adjustment offsets the increase in nonpersonal services costs.

Mayor's Proposed Budget

Enhance: To enable its programmatic objectives, OAH's proposed budget reflects an increase of $442,627 in nonpersonal services across multiple programs. This amount consists of $235,126 to support contractual services, and $207,501 to cover anticipated costs for equipment, supplies, and employee training. In addition, a proposed increase of $376,512 in the Judicial program reflects the Collective Bargaining Agreement's impact on the personal services budget for the Administrative Law Judges.

District's Proposed Budget

Enhance: OAH's proposed budget in Local funds reflects a net increase of $211,070 due to recently passed legislation regarding personal services costs. This adjustment is comprised of $133,000 based on provisions in the Relocation Expenses Recoupment and Lien Authority Amendment Act of 2016, for projected additional hours required by the staff in the Judicial program; and $78,070 as a technical adjustment in funding allocation from the Non-Departmental Account for the Building Service Employees Minimum Work Week Act of 2016 (B21-331), which requires funding the projected overtime pay for staff in the Court Counsel program. An increase of $55,091 to the Court Counsel program is due to reclassification of four attorneys and law clerks from excepted service to the legal service pay schedule.

Agency Performance Plan*

Office of Administrative Hearings (OAH) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Increase operational efficiency and the public confidence in OAH's resolution of administrative disputes.
2. Increase use of mediation to settle cases in certain jurisdictions.
3. Facilitate the flow of information to and from agencies whose cases are heard at OAH.
4. Improve the OAH data management system to support a highly-efficient, transparent and responsive OAH.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Increase operational efficiency and the public confidence in OAH's resolution of administrative disputes. (7 Measures)

The mission of the Criminal Justice Coordinating Council (CJCC) is to serve as the forum for identifying issues and their solutions, proposing actions, and facilitating cooperation that will improve public safety and the criminal and juvenile justice system of the District of Columbia for its residents, visitors, victims, and offenders.

Summary of Services

Provide a forum for effective collaboration and problem solving among criminal and juvenile justice agencies. Identify, develop, and coordinate innovative inter-agency solutions to address District of Columbia public safety challenges. Research and analyze critical issues identified by the criminal and juvenile justice system. Facilitate and provide long-term performance monitoring of collaborative solutions to public safety and criminal justice challenges.

Program Description

The Criminal Justice Coordinating Council (CJCC) operates through the following 3 programs:

Research, Analysis and Evaluation – enhances the knowledge base of the justice community in the District so that informed decisions and strategic planning occur based on factual information and evaluation of initiatives to determine their value.

This program contains the following 3 activities:

- **Research, Analysis and Evaluation (Local, Federal, and Intra-District)** – enables CJCC agencies with sound approaches to emerging or chronic challenges within the District's criminal justice system to plan effectively and measure the effectiveness of key CJCC initiatives and committee progress for the year to determine success and to recommend initiatives for replication.

Collaboration and Planning Across Justice Agencies – provides a structure for joint work by District, federal, and judicial criminal justice and juvenile justice stakeholders toward a stronger and more responsive justice system.

This program contains the following 4 activities:

- **Operational Infrastructure (Local and Federal)** – provides an operational infrastructure for criminal justice agencies across the city to identify public safety priorities and to plan and solve problems;
- **Topical Work Groups (Federal)** – examines emerging and chronic trends and issues that impact multiple agencies in the District of Columbia's criminal justice system and provides recommendations that enable the CJCC to plan appropriate responses; and
- **Technical Assistance and Training (Federal)** – provides CJCC members with opportunities to network with other jurisdictions on criminal justice approaches and to provide member agencies access to state-of-the-art knowledge and field-tested approaches to multi-agency criminal justice issues.

Integrated Information Sharing System – connects criminal and juvenile justice agencies through technology to share public safety information and to mobilize effectively when responding to issues that extend beyond any one agency.

This program contains the following 2 activities:

- **JUSTIS (Local and Federal)** – provides authorized criminal justice users an integrated criminal and juvenile justice information-sharing system for effective tracking and monitoring of criminal activities across agencies and jurisdictions.

Program Structure Change

The Criminal Justice Coordinating Council has no program structure changes in the FY 2018 proposed budget.

GROSS FOR FJ0 - CRIMINAL JUSTICE COORDINATING COUNCIL		**3,387**	**19.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Criminal Justice Coordinating Council's (CJCC) proposed FY 2018 gross budget is $3,387,191, which represents a 25.2 percent increase over its FY 2017 approved gross budget of $2,705,068. The budget is comprised of $1,237,782 in Local funds, $1,900,000 in Federal Payments, $150,000 in Federal Grant funds, $14,409 in Private Grant funds, and $85,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CJCC's FY 2018 CSFL budget is $637,123, which represents a $7,055, or 1.1 percent, increase over the FY 2017 approved Local funds budget of $630,068.

CSFL Assumptions

The FY 2018 CSFL calculated for CJCC included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $449 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $7,504 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Agency Budget Submission

Increase: In Local funds, CJCC's proposed budget increased by $12,389 in personal services to account for projected salary and Fringe Benefit adjustments as well as the conversion of a 0.3 Full-Time Equivalent (FTE) from Continuing Full-Time to Temporary Full-Time status in the Collaboration and Planning Across Justice Agencies program.

CJCC's proposed Federal Payments budget increased by $608,000 to align the budget with the preliminary request to the Office of Management and Budget. Additionally, the proposed budget reflects an increase of $6,185 in nonpersonal services, primarily in the Integrated Information Sharing System program, to cover maintenance and repair costs associated with the Justice Information System (JUSTIS).

In Federal Grant funds, CJCC's proposed budget includes an increase of $150,000 in the Collaboration and Planning Across Justice Agencies program to reflect the continuation of a grant that supports the District's justice reporting and statistical analysis.

CJCC's proposed Private Grant funds budget increased by $14,409 and 0.1 FTE in the Collaboration and Planning Across Justice Agencies program to support the Annie E. Casey Foundation private grant.

The agency's proposed Intra-District funds budget includes an increase of $10,895 in the Research, Analysis and Evaluation program in Contractual Services to reflect the continuation of a Memorandum of Understanding with the Office of Justice Grants Administration for CJCC to provide juvenile justice compliance monitoring services.

Decrease: The proposed Local funds budget decreased by $12,389 in Contractual Services to offset the agency's proposed increase in personal services. Also, the proposed budget in Federal Payments decreased by $6,185 to recognize savings in salary and Fringe Benefit costs and the reduction of 0.1 FTE in the Research, Analysis and Evaluation program. Furthermore, CJCC's proposed Intra-District funds budget reflects a decrease of $895 to recognize savings from the reduction of a less than 0.1 FTE in the Research, Analysis and Evaluation program.

Mayor's Proposed Budget

Enhance: In Local funds, CJCC's proposed budget includes a one-time enhancement of $50,000 in the Integrated Information Sharing System program to cover software licensing costs for JUSTIS.

District's Proposed Budget

Enhance: In Local funds, the Criminal Justice Coordinating Council's budget proposal increased by $320,000 in one-time funding for JUSTIS upgrades in the Integrated Information Sharing System program. The agency's proposed budget also increased by $140,659 and 1.0 FTE to support a Statistician position in the Research, Analysis and Evaluation program. Additionally, in the Research, Analysis and Evaluation program, CJCC's budget proposal includes increases of $77,000 for research assistance and legal consultation services and $13,000 for human trafficking data collection associated with the Comprehensive Youth Justice Amendment Act of 2016.

Technical Adjustment: The FY 2018 Federal Payments request for the Criminal Justice Coordinating Council is reduced by $708,000 to align the budget with the President's budget request.

Agency Performance Plan*

Criminal Justice Coordinating Council (CJCC) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Assist member agencies with information sharing across the federal and local criminal justice system.
2. Improve multi-agency collaboration and planning and encourage data-driven decision making by providing CJCC members with relevant and timely research and analysis that includes tracking priorities, evaluating progress, and generating reports.
3. Provide a multi-agency structure to facilitate strategic planning, information sharing, and cross systems collaboration.
4. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Assist member agencies with information sharing across the federal and local criminal justice system. (1 Activity)

Activity Title	Activity Description	Type of Activity
Justice Information System (JUSTIS)	CJCC's JUSTIS operations will focus on supporting required user access licensure, maintenance, enhancements, and security of the JUSTIS information portal and system-to-system exchanges. Projects include: (a) Hardware and software upgrades and procurement; (b) System exchanges: Mid-Atlantic Regional Information Sharing Mid-Atlantic Regional Information Sharing (MARIS) interface completion with Maryland, Delaware, and Pennsylvania (Phase III), maintenance/ updates to the arrest feed enhancement project (slated for completion FY17), enhancements to the Juvenile Papering Project (slated for completion FY17), completion of the Warrants Exchange Project; (c) Information Portal: disaster recovery site maintenance; and (d) JUSTIS Governance: continue work on data quality assurance and review/ update as appropriate the system security plan.	Key Project

2. Improve multi-agency collaboration and planning and encourage data-driven decision making by providing CJCC members with relevant and timely research and analysis that includes tracking priorities, evaluating progress, and generating reports. (1 Activity)

Activity Title	Activity Description	Type of Activity
Research Priorities	CJCC, through the work of the Statistical Analysis Center (SAC), will support the District on key research priorities set by its members including, but not limited to information sharing, violent crime prevention, juvenile justice, substance abuse and mental health, and reentry.	Key Project

3. Provide a multi-agency structure to facilitate strategic planning, information sharing, and cross systems collaboration. (1 Activity)

Activity Title	Activity Description	Type of Activity
Best Practices	The CJCC will convene strategic planning, training, educational, and information sharing forums for criminal and juvenile justice partners to address CJCC priority areas, support the awareness of emerging best practices, create opportunities to identify and address public safety policy issues according to the CJCC three-year strategic planning framework, which is regularly revisited and refined. The CJCC will also work to establish centralized analyses-sharing hubs for agency partners.	Key Project

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Assist member agencies with information sharing across the federal and local criminal justice system. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target

The mission of the Office of Unified Communications (OUC) is to provide a fast, professional, and cost-effective response to emergency (911) and non-emergency (311) calls in the District. The OUC also provides centralized, District-wide coordination and management of public safety voice radio technology and other public safety wireless and data communication systems and resources.

Summary of Services

The 911 Operations Division develops and enforces policy directives and standards regarding public safety communications. The 311 Operations division processes city service requests and handles telephone reporting of specific crimes. The Technology Operations division operates and maintains public safety voice radio technology and oversees all land and mobile radio systems tied to the response network. The Transcriptions division provides audio transcribing for the District of Columbia Metropolitan Police Department, the District of Columbia Fire and Emergency Medical Services Department, and the 311 Operations division. Agency Management administers programs supporting the call center and public safety communications. In addition, Agency Management oversees the employee performance management system, new employee training, and in-service training for OUC personnel.

Division Description

The Office of Unified Communications operates through the following 6 divisions:

Emergency (911) Operations – receives and processes 911 calls accurately and efficiently. Police and fire incidents are created through Computer-Aided Dispatch (CAD) and transferred to the Metropolitan Police Department (MPD) and/or the Fire and Emergency Medical Services Department (FEMS), as well as additional agencies in the National Capital Region, by voice transmission and computer-to-computer dispatch. Emergency Operations personnel receive ongoing training and updates through the training unit. The policy unit is also part of the division.

This division contains the following 4 activities:

- **911 Call Taking** – processes calls for emergency response;
- **911 Dispatching** – dispatches calls for emergency services to first responders of MPD and FEMS;
- **911 Training** – provides training to emergency call takers and dispatchers to accurately and expeditiously handle calls for emergency service; and
- **Quality Assurance** - maintains and monitors performance.

Non-Emergency (311) Operations – serves as the access point for customers seeking assistance in situations that are not life-threatening, not serious, or not currently in progress. It is the single access number for constituents, residents, and visitors in search of District government services and information.

This division contains the following 2 activities:

- **Customer Service** – provides customer service policies and directives and administers related quality assurance activities; and
- **311 Call Taking** – processes calls for non-emergency city services.

Technology Operations – provides centralized District-wide coordination and management of public safety and other city services communication technology including voice radio, 911/311 telephony, CAD systems, customer interaction relationship management systems, mobile data computing systems, and other technologies such as wireless and data communication systems and resources.

This division contains the following 4 activities:

- **911 and 311 Telephone Operation** – maintains all voice and data telecommunications equipment located in two separate locations. The infrastructure consists of mission-critical voice, video, and data equipment staffed by engineering and technical personnel 24 hours per day, 365 days per year;
- **Radio Engineering** – plans, coordinates, implements, and operates all facets of the District's Public Safety Radio Networks in order to ensure adequate support to the city's first responders. This includes maintaining, upgrading, and supporting all radio communications for FEMS and MPD;
- **Information Technology (IT) Management** – enhances the overall operations of the OUC IT group by managing, coordinating, and updating the different processes within the IT group. IT Management maintains all procurement and documentation for the OUC IT group and supports the agency through IT help desk support and application management; and
- **Mobile Data Computing** – maintains and replaces equipment related to mobile data computing, which is technology that enables public safety first-responders to receive critical and developing information while in the field. The OUC is responsible for the mobile data terminals utilized by MPD and FEMS, which are critical in determining the closest response units for deployment using GPS, text-messaging, and video feeds, which are essential components in Next-Generation 911.

Transcription and Quality – provides audio transcriptions of conversations between field providers, call takers, dispatchers, and callers requesting emergency and non-emergency service to members of MPD, FEMS, and other public safety and governmental organizations.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Office of Unified Communications has no division structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Office of Unified Communications' (OUC) proposed FY 2018 gross budget is $48,791,375, which represents a 2.5 percent decrease from its FY 2017 approved gross budget of $50,061,107. The budget is comprised of $32,735,550 in Local funds, $15,356,809 in Special Purpose Revenue funds, and $699,016 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OUC's FY 2018 CSFL budget is $31,862,917, which represents a $61,640, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $31,924,557.

CSFL Assumptions

The FY 2018 CSFL calculated for OUC included adjustment entries that are not described in detail on table 5. These adjustments were made for a decrease of $68,339 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $1,000 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for OUC includes a reduction of $10,000 to account for the removal of one-time funding appropriated in FY 2017 to support the CPR software application. Additionally, an increase of $15,699 for the Fixed Costs Inflation Factor accounts for projected Fleet maintenance costs.

Agency Budget Submission

Increase: OUC's proposed Local funds budget include an increase of $481,000, primarily in the Emergency Operations (911) division, to reflect projected costs in overtime.

In Intra-District funds, OUC's proposed budget includes an increase of $389,891 in the Technology Operations division to reflect costs associated with the planning and operation of the District's Public Safety Radio Networks.

Decrease: OUC's proposed Local budget includes a reduction of $56,699, primarily in the Technology Operations division, to recognize savings for the startup costs of the CPR Application. Additionally, the proposed Local funds budget includes a decrease of $377,032, primarily in the Agency Management division, to reflect projected Fringe Benefits costs. Lastly, the Local proposal includes a net reduction of $408,225, and 3.0 Full-Time Equivalents (FTEs), primarily in the Agency Management and Technology Operations division, to reflect projected personal services costs related to radio engineering, information technology management, and language access services.

In Special Purpose Revenue (SPR) funds, the agency's proposed budget includes a reduction of $525,300, primarily in the Technology Operations, to reflect projected revenue estimates. The service impact of these projections includes a potential delay of radio replacements, as well as the revision of support hours for 911 Telecommunications, mobile data computing for the Metropolitan Police Department (MPD) and the Fire and Emergency Medical Services Department (FEMS), and other services. Additionally, the proposed SPR budget includes a reduction of $1,929,030 to reflect a reallocation of fixed cost expenses due to centralization of Telecommunication costs in the Office of Finance and Resource Management.

In Intra-District funds, the proposed budget includes a net reduction in the amount of $16,286, in the Non-Emergency Operations (311) division, to reflect a realignment of 1.0 FTE from Continuing Full Time to Temporary status.

Mayor's Proposed Budget

Enhance: The proposed Local funds budget for OUC includes an increase of $1,383,589 and 28.0 FTEs in the Non-Emergency Operations (311) division to support 28 positions as part of the Learn, Earn, Advance, Prosper (L.E.A.P.) program. L.E.A.P. is a network of interconnected partners utilizing the "earn-and-learn" approach that will link the city's unemployed residents with employment, education, and training opportunities.

District's Proposed Budget

Reduce: OUC's proposed Local funds budget reflects a reduction of $150,000 for vacancy savings in the Agency Management division.

Agency Performance Plan*

Office of Unified Communications (OUC) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide efficient, professional, and cost effective responses to 911 communications.
2. Provide efficient, professional, and cost effective responses to interactions initiated through 311 platforms.
3. Provide state-of-the-art emergency and non-emergency communications.
4. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide efficient, professional, and cost effective responses to 911 communications. (2 Activities)

Activity Title	Activity Description	Type of Activity
Answers All Incoming 911 Calls	The 911 Operations Division receives all 911 calls in the District. Highly trained call takers utilize specialized telephony systems to answer calls and follow specific protocols to probe callers and ensure the most appropriate responses to their needs. In particular, call takers often provide crisis intervention services, as well as, provide pre-arrival instructions for emergency medical calls. Call takers also enter caller provided information to create incident records and electronically transfer each incident record onsite to highly trained dispatchers. 911 call takers handle over 1.4 million calls annually.	Daily Service
Dispatches Metropolitan Police Department (MPD) and Fire and Emergency Medical Services (FEMS) units	Highly trained 911 dispatchers coordinate responses to incidents on behalf of MPD and FEMS. Using the Computer Aided Dispatch (CAD) system, dispatchers support and assist in the coordination of on-scene incident responses by first responder units and apparatus. Dispatchers are also responsible for monitoring units' availability in the field and communicating with on-scene first responders to keep them apprised of new information or changes and to coordinate support from additional units as necessary. The 911 Operations Division manages over 400,000 CAD events annually.	Daily Service

2. Provide efficient, professional, and cost effective responses to interactions initiated through 311 platforms. (3 Activities)

Activity Title	Activity Description	Type of Activity
Answers All Incoming 311 Calls	The 311 Operations Division is the access point for residents and visitors requiring DC government services and/or information. The Division supports the dissemination of general information about the government, including telephone numbers, agency program details, agency hours of operation and other information. The Division handles approximately 2.1 million calls annually.	Daily Service
City Service Request Processing	The Division supports the submission of scheduled service requests such as trash removal, pothole repair, bulk pick-ups and recycling collection, on behalf of partnering service agencies like Department of Public Works (DPW) and Department of Transportation (DOT), through a number of platforms, including via telephone, web and mobile app. The agency also schedules driver's license testing for Department of Motor Vehicles (DMV) and coordinates appointments for energy assistance applicants on behalf of the Department of Energy and Environment (DOEE). In total, the Division currently takes over 120 service types for 12 different District agencies.	Daily Service
Service Request Status Updates	The Division engages with the public to take reports of missed scheduled services and provide service request status information to callers. To be clear, the OUC is not responsible for the provision of city services. Instead, the city agencies that provide such services have service level agreements which outline the expected level of performance for each request type. Further, the 311 Division does not close service request tickets.	Daily Service

3. Provide state-of-the-art emergency and non-emergency communications. (3 Activities)

Activity Title	Activity Description	Type of Activity
Public Safety Communications	The Information Technology Division provides centralized, District-wide coordination and management of public safety and other city services communications technology, including voice radio, 911/311 telephony, computer aided dispatch systems (CAD), citizen interaction relationship management (CIRM) systems, mobile data computing systems (MDC) and other technologies, including wireless and data communication systems and resources.	Key Project
Equipment and Facilities	The Information Technology Division develops and enforces policy directives and standards regarding public safety and non-public safety communications; operates and maintains public safety and non-public safety voice radio technology; manages building facilities that support public safety voice radio technology and call center technology; and reviews and approves all agency proposals, purchase orders, and contracts for the acquisition of public safety voice radio technology and call center technology systems, resources, and services.	Key Project

(Continued on next page)

3. Provide state-of-the-art emergency and non-emergency communications. (3 Activities)

Activity Title	Activity Description	Type of Activity
Technical Support and Maintenance	The Information Technology Division provides 24x7, highly specialized tech support and maintenance for public safety communications devices, including tablets and radios, deployed to MPD and FEMS users in the field.	Daily Service

4. Create and maintain a highly efficient, transparent, and responsive District government.** (2 Activities)

Activity Title	Activity Description	Type of Activity
911 and 311 Communications Records	The Transcription Division serves as the custodian of records and utilizes highly specialized archival systems to research files related to all 911 and 311 communications. The purpose of this research is to locate and create discrete audio files and other data for the general public to fulfill Freedom of Information Act (FOIA) requests, to local public safety agencies for internal administrative reviews and to federal government agencies for use during criminal and civil court proceedings.	Daily Service
Authenticate 911 and 311 Records	Transcriptionists testify in court to authenticate 911 and 311 records and/or to explain event chronologies in both criminal and civil proceedings, under direct examination by judiciary entities.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Provide efficient, professional, and cost effective responses to 911 communications. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target

Homeland Security Grants records Intra-District budget authority provided from multi-year grants from the Department of Homeland Security. These grants are under the purview of the Director of the District's Homeland Security and Emergency Management Agency.

Prior to FY 2005, Intra-District authority was provided within individual agency budgets. Until FY 2014, the Intra-District budget authority for homeland security was provided at the request of the Director of the Homeland Security and Emergency Management Agency and was reflected as revised budget. Effective FY 2014, available unspent, unobligated multi-year Intra-District budget authority will be provided during budget formulation.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

Homeland Security Grants operates through the following 3 programs:

Homeland Security Grants (Public Safety) – homeland security grants given to agencies that fall under the Public Safety and Justice appropriation title.

This program contains the following 2 activities:

- **Homeland Security Grants (Police)** – homeland security grants given to the Metropolitan Police Department; and

- **Homeland Security Grants (OUC)** – homeland security grants given to the Office of Unified Communications.

Homeland Security Grants (Human Support) – homeland security grants given to agencies that fall under the Human Support Services appropriation title.

This program contains the following activity:

- **Homeland Security Grants (Health)** – homeland security grants given to the Department of Health.

Homeland Security Grants (Public Works) – homeland security grants given to agencies that fall under the Public Works appropriation title.

This program contains the following activity:

- **Homeland Security Grants (DDOT)** – homeland security grants given to the District Department of Transportation.

Program Structure Change

The Homeland Security Grants has no program structure changes in the FY 2018 proposed budget.

GROSS FOR FT0 - HOMELAND SECURITY GRANTS		**1,646**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

Homeland Security Grants' proposed FY 2018 gross budget is $1,646,077, which represents a 59.6 percent decrease from its FY 2017 approved gross budget of $4,076,567. The budget is comprised entirely of Intra-District funds.

The Homeland Security and Emergency Management Agency sub-grants several multi-year federal grant dollars to various District agencies through the intra-District transfer process. Homeland Security Grants is the vehicle used to track and record the intra-District transactions with various agencies. Prior to FY 2014 budget formulation, budget authority was not given until after the beginning of each fiscal year. To avoid the delay in making funds available at the beginning of the fiscal year and to improve the efficiency of the intra-District process, the agency proposes an Intra-District budget of $1,646,077 in nonpersonal services, with no FTEs.

Furthermore, the breakdown by program of the multi-year Memoranda of Understanding (MOUs) is as follows: two agencies within the Homeland Security Grants (Public Safety) program totaling $1,064,527, which includes the Metropolitan Police Department and Office of Unified Communications; one agency within the Homeland Security Grants (Human Support) program, Department of Health, in the amount of $381,550; and one agency within the Homeland Security Grants (Public Works) program, the District Department of Transportation, in the amount of $200,000.

Agency Budget Submission

Decrease: Homeland Security Grants' proposed FY 2018 Intra-District budget decreased by a net of $2,430,490 across multiple programs to align the budget with projected carryover grant awards. The decrease is due to the reduction of multi-year sub-grant awards issued by the Homeland Security and Emergency Management Agency to District agencies in FY 2017.

Mayor's Proposed Budget

No Change: Homeland Security Grants' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: Homeland Security Grants' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of the Department of Forensic Sciences (DFS) is to produce high-quality, timely, accurate, and reliable forensic science with the use of the best available technology and practices, unbiased science, and transparency with the overall goal of enhancing public health and safety.

Summary of Services

DFS provides independent analysis of evidence and samples submitted by agencies within the District of Columbia and its federal neighbors. The Forensic Science Laboratory division analyzes evidence submitted from criminal cases, including DNA, fingerprints, and firearms. DFS also provides expert witness testimony in defense of their analytical reports in the District's courts of law. The Public Health Laboratory division provides diagnostic and analytical testing for biological pathogens and chemical agents from clinical, environmental, or food sources and provides emergency response testing. The Crime Scene Sciences division collects, analyzes, processes, and preserves evidence found at crime scenes in the District. The DFS Directorate supports the work of the entire agency through strategic direction, training, quality assurance, research, recruitment and hiring of personnel, information technology, data management, fleet management, procurement, and other administrative support services.

The agency's FY 2018 proposed budget is presented in the following tables:

Division Description

The Department of Forensic Sciences operates through the following 4 divisions:

Forensic Science Laboratory – provides independent scientific examinations and analysis to stakeholders submitting physical evidence in criminal cases, providing these services to District government agencies and neighboring federal agencies.

This division contains the following 2 activities:

- **Administrative and Support Services** – provides administrative support for the needs of the Forensic Science Laboratory division; and
- **Laboratory Services** – provides analysis of fingerprints, firearms, ammunition, blood, and other tissue samples for identification in criminal investigations.

Public Health Laboratory – provides testing of biological and chemical samples that relate to public health and safety, such as infectious diseases, hazardous chemicals, or biological contamination, up to and including bio- or chemical terrorist attacks.

This division contains the following 2 activities:

- **Administrative and Support Services** – provides administrative and ancillary support services for the Public Health Laboratory division; and
- **Laboratory Services** – provides testing for naturally occurring or man-made infectious agents, chemical agents, and environmental specimens responsible for human illness or mortality.

Crime Scene Sciences – provides the collection, analysis, processing, and preservation of evidence found, associated with a crime scene, that is critical to solving crimes in the District.

This division contains the following 2 activities:

- **Administrative and Support Services** – provides administrative support for the needs of the Crime Scene Sciences division; and
- **Evidence Handling** – provides the science applied at a crime scene to collect, analyze, process, and preserve evidence; as well as intake and transfer evidence with stakeholder agencies.

Agency Management – provides administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

GROSS FOR FR0 - DEPARTMENT OF FORENSIC SCIENCES		**28,101**	**219.2**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Forensic Sciences' (DFS) proposed FY 2018 gross budget is $28,100,670, which represents a 16.7 percent increase over its FY 2017 approved gross budget of $24,076,399. The budget is comprised of $25,786,572 in Local funds, $522,502 in Federal Grant funds, and $1,791,596 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DFS' FY 2018 CSFL budget is $22,928,902, which represents a $49,668, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $22,879,234.

CSFL Assumptions

The FY 2018 CSFL calculated for DFS included adjustment entries that are not described in detail on table 5. These adjustments were made for an increase of $10,323 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $39,418 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DFS also reflects a decrease of $73 for the Fixed Costs Inflation Factor to account for the estimates for Fleet services.

Agency Budget Submission

Increase: DFS' proposed Local funds budget includes a net increase of $416,022, primarily in the Forensic Science Laboratory division, to support analysis of fingerprints, ammunition, and other elements related to identification in criminal investigations.

In Federal Grant funds, the proposed budget reflects a net increase of $146,612 in the Forensic Science Laboratory division to reflect funding of Laboratory supplies, as part of the DNA Capacity and Backlog Reduction Program grant.

Adjustments to the budget proposed for Intra-District funds include net increases of $640,927 to support projected nonpersonal services costs, and $329,395 and 3.9 Full-Time Equivalents (FTEs) to reflect personal services costs; both of these adjustments were primarily in the Public Health Laboratory division. DFS' Intra-District funding is based on Memoranda of Understanding with the Department of Health, the Office of Victim Services and Justice, and the Metropolitan Police Department.

Decrease: In Local funds, the proposed budget includes a net decrease of $258,501, primarily in the Forensic Science Laboratory division, and a net increase of 1.0 FTE to reflect projected personal services costs and the reclassification of an FTE. The proposed budget also includes a net decrease of $353,848, which is primarily in the Forensic Science Laboratory division.

Mayor's Proposed Budget

Enhance: The proposed Local funds budget includes an increase of $2,875,940 and 22.0 FTEs. This increase supports 22 Crime Scene Scientists to ensure crime scene evidence is collected and catalogued. Additionally, the proposed budget also includes an increase of $382,719 and 2.0 FTEs, in the Public Health Laboratory division, to support 2 Forensic Chemists to enhance the agency's forensic chemistry ability, and to successfully attain the ISO17025 accreditation. The proposed Local budget also reflects an increase of $371,900, of which $340,000 will support the expansion of digital storage to locally house sensitive information; DFS needs approximately 2-4 terabytes of additional storage per day. The additional $31,900 will support crime scene collection and cataloguing efforts.

District's Proposed Budget

Reduce: DFS' proposed Local funds budget reflects an overall reduction of $576,561 in the Crime Scene Sciences division. This adjustment is attributed to decreases of $426,561 to reflect the elimination of 5.0 FTEs and $150,000 to recognize additional salary lapse savings.

Agency Performance Plan*

Department of Forensic Sciences (DFS) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide high-quality forensic science and public health laboratory analysis to stakeholders so they can execute their own core services to the public in a timely manner. Our three overarching core services are: crime scene evidence collection, forensic science analysis, and public health laboratory diagnostic, analytical, and emergency response testing.
2. Provide administrative support, training and risk management oversight to our laboratory and technical units by ensuring compliance with the legal mandate to make analysis documents available. The science lab units will each have administrative support services to maintain operational capacity in the form of training, continuing education, safety, risk management, quality, and legal support.
3. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide high-quality forensic science and public health laboratory analysis to stakeholders so they can execute their own core services to the public in a timely manner. Our three overarching core services are: crime scene evidence collection, forensic science analysis, and public health laboratory diagnostic, analytical, and emergency response testing. (4 Activities)

Activity Title	Activity Description	Type of Activity
Testing Pathogens of Public Health Significance	The Public Health Laboratory (PHL) will provide diagnostic, analytical and emergency response testing for biological pathogens and chemical agents from clinical, environmental, or food sources.	Daily Service
Improve Laboratory Efficiency Through Technological Advances	DFS will continue to expand its capabilities as a top tier forensic and public health laboratory by implementing new scientific programs and investing in laboratory equipment infrastructure.	Key Project
Conduct Timely Forensic Analysis	The Forensic Science Laboratory division will conduct coordinated and timely forensic analysis in accordance with industry standards and accreditation guidelines.	Daily Service
Crime Scene Responses	The Crime Scene Sciences Division will serve as stewards of evidence by maintaining custody of evidence from collection to storage at DFS.	Daily Service

2. Provide administrative support, training and risk management oversight to our laboratory and technical units by ensuring compliance with the legal mandate to make analysis documents available. The science lab units will each have administrative support services to maintain operational capacity in the form of training, continuing education, safety, risk management, quality, and legal support. (3 Activities)

Activity Title	Activity Description	Type of Activity
Oversee Laboratory Environment	Establish, manage and ensure compliance of federal, district, and local regulations and policy; and provide medical surveillance to staff, mandates safety training for all staff members, and audits laboratory facilities to ensure a safe work environment.	Daily Service
Offer Training Curriculum for Professional Development	Provide a training curriculum to DFS employees to ensure they maintain skill sets, meet standards of excellence, and deliver high quality, accurate, and reliable services.	Daily Service
Monitor Quality Compliance with Certification Requirements	Assurance that DFS produces products that are fit for stakeholders' purposes by maintaining ISO 17025 accreditation for the agency, maintains Clinical Laboratory Improvement Act (CLIA) certification, as well as, compliance with applicable federal regulations such as the Division of SelectAgents and Toxins (DSAT).	Daily Service

3. Create and maintain a highly efficient, transparent, and responsive District government. (5 Activities)**

Activity Title	Activity Description	Type of Activity
Resource Efficiency and Goal Attainment	Strategically forecast, analyze, and present agency data to determine levels of resource efficiency and goal attainment. Analyze raw data and present graphical visuals of real-time workload from data obtained from Legislative Information Management System (LIMS), and other databases to better inform strategic leadership decisions to enhance laboratory services.	Key Project
IT systems	Promote and facilitate the effective integration of technology into the DFS divisions by developing, supporting, and maintaining a highly effective, reliable, secure, and innovative information systems to support agency needs.	Daily Service
Efficiently Procure Vital Services and Resources	Proactively procure the necessary services, supplies, and equipment for the laboratories to meet the daily needs of scientists and agency personnel.	Daily Service
Human Capital Management	Supports the hiring of new employees and provides employee data on residency, on-board time, and performance plan completion from data pulled from PeopleSoft.	Daily Service
Legal Advice	Facilitate stakeholder engagement, legally advise director level decision-making, train scientists for court testimony and presentation of scientific expertise, draft contracts and agreements with government and private organizations, and process discovery requests.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Provide high-quality forensic science and public health laboratory analysis to stakeholders so they can execute their own core services to the public in a timely manner. Our three overarching core services are: crime scene evidence collection, forensic science analysis, and public health laboratory diagnostic, analytical, and emergency response testing. (6 Measures)

The Corrections Information Council (CIC) is mandated by the federal and District governments to monitor and inspect the prisons, jails, and halfway houses where District residents convicted of D.C. Code offenses are incarcerated. The facilities to be monitored and inspected include all Federal Bureau of Prisons facilities, Department of Corrections facilities, and contract facilities where District residents are incarcerated. The CIC reports its findings and recommendations on conditions of confinement to the Mayor, City Council, the District's Congressional representatives, corrections agency heads, and the community.

Program Description

The Corrections Information Council operates through the following program:

Prisoner Well-Being – provides comprehensive inspections of Federal Bureau of Prisons and Department of Corrections facilities and contract facilities where District residents are incarcerated. The CIC makes recommendations to maintain or improve the interests and well-being of District residents in these facilities.

Program Structure Change

The Corrections Information Council has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Corrections Information Council's (CIC) proposed FY 2018 gross budget is $748,313, which represents a 50.5 percent increase over its FY 2017 approved gross budget of $497,297. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CIC's FY 2018 CSFL budget is $496,976, which represents a $321, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $497,297.

CSFL Assumptions

The FY 2018 CSFL calculated for CIC included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $1,353 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $1,032 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Agency Budget Submission

Increase: The Corrections Information Council's proposed budget reflects a net increase of $4,031 in the Prisoner Well-Being program, to align funding with projected salary and fringe benefit costs.

Decrease: The Corrections Information Council's budget proposal includes a reduction of $4,031 to align funding with projected personal services expenditures.

Mayor's Proposed Budget

Enhance: The Corrections Information Council proposes increases of $75,837 and 1.0 Full-Time Equivalent position to hire a Program Analyst to receive and respond to specific, individual complaints, questions, and requests from incarcerated residents, their family members, and other concerned citizens; $54,957 to cover the annual rental cost for office space; and $13,500 to cover Telecommunication services.

District's Proposed Budget

Enhance: CIC's proposed budget includes increases of $95,043 to support the costs of additional office space and $12,000 for nonpersonal services needs related to travel, printing, and consulting services.

Agency Performance Plan

Corrections Information Council (CIC) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Improve system transparency through inspections, monitoring, and timely inspection reports.
2. Provide education on conditions of confinement, programs, and prison reentry to inform and empower inmates, community, and policy decision-makers.
3. Provide recommendations to improve conditions of confinement, policies and procedures affecting incarcerated residents to improve public safety.
4. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Improve system transparency through inspections, monitoring, and timely inspection reports. (1 Activity)

Activity Title	Activity Description	Type of Activity
Inspect Federal Bureau of Prisons (BOP) and Department of Corrections (DOC) facilities	Inspect BOP facilities per Memorandum of Understanding (MOU), monitor changes, and write/publish inspection reports. Inspect DOC facilities, by visiting different units/areas per quarter. Publish annual report of inspection visits.	Daily Service

2. Provide education on conditions of confinement, programs, and prison reentry to inform and empower inmates, community, and policy decision-makers. (2 Activities)

Activity Title	Activity Description	Type of Activity
Briefs/Reports on BOP or DOC facilities	Provide brief/reports on systemic issues affecting inmates in Federal Bureau of Prisons (BOP) or Department of Corrections (DOC) facilities. Selecta topic of relevance in multiple facilities or across facilities. Conduct research on that issue and publish an issue brief or report on that cross-sectional issue.	Daily Service
Educate Community	Attend community and public government events surrounding corrections or transition from incarceration to community. CIC will also host events with experts to educate community about issues pertaining to conditions of confinement and transition from incarceration.	Daily Service

3. Provide recommendations to improve conditions of confinement, policies and procedures affecting incarcerated residents to improve public safety. (1 Activity)

Activity Title	Activity Description	Type of Activity
Communications with BOP and DOC officials	Communications with BOP and DOC officials on conditions of confinement and community concerns via meetings with corrections agency leadership, email and phone. Share draft reports, bulletins, and other information with corrections agencies.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Improve system transparency through inspections, monitoring, and timely inspection reports. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of Inspection reports submitted to corrections agency for review within 90 days of onsite inspection	No	Not Available	Not Available	Not Available	80%	80%

2. Provide education on conditions of confinement, programs, and prison reentry to inform and empower inmates, community, and policy decision-makers. (2 Measures)

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Inspect BOP and DOC facilities, monitor changes, and write/publish inspection reports.

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of onsite facility inspections conducted	No	Not Available	Not Available	8

2. Inspect Federal Bureau of Prisons (BOP) and Department of Corrections (DOC) facilities, monitor changes, and write/publish inspection reports.

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of inspection reports published	No	Not Available	Not Available	10

3. Provide brief/reports on systemic issues affecting inmates in BOP or DOC facilities

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of thematic reports/issue briefs on issues affecting incarcerated residents published	No	Not Available	Not Available	5

4. Attend events and hold events with experts to educate community about CIC and its mission.

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of CIC education presentations/events held	No	Not Available	Not Available	3
Number of community meetings and events attended by CIC	No	Not Available	Not Available	51

5. Communications with BOP and DOC officials on conditions of confinement and community concerns

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of meetings with corrections agency leaders regarding CIC recommendations	No	Not Available	Not Available	5

6. Inspection of Corrections Facilities

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
One Annual Report of CIC inspections, reports, educational activities, outreach, and value-added impact	No	Not Available	Not Available	0

The mission of the Mayor's Office of Victim Services and Justice Grants (OVSJG) is to develop, fund, and coordinate programs that improve public safety; enhance the administration of justice; and create systems of care for crime victims, youth, and their families in the District.

Summary of Services

The Office of Victim Services and Justice Grants (OVSJG) coordinates and funds programs in the District that serve crime victims, prevent crime, and improve the administration of justice for victims and offenders. OVSJG also provides policy-making expertise, advice, and counsel to the Executive on the role of victims and offenders in the criminal justice system, and evidence-based practices to respond to, intervene in, and prevent violence. OVSJG operates three primary programs: victim services, justice grants, and the Access to Justice initiative.

The Victim Services program (VS) administers grants to agencies and community-based organizations to support victims of all crime, and provides coordination and leadership around multi-disciplinary efforts to develop a continuum of care for all types of crime victims. Some of this support includes providing safe temporary and transitional housing for victims/survivors of domestic violence; coordinating with area hospitals to ensure that victims are able to receive advocacy and medical forensic services; ensuring access to translations and interpretation services for victim service providers; and providing crisis intervention and advocacy services for victims of homicide, sexual assault, domestic violence, and stalking.

The Justice Grants program (JG) administers grants to agencies and community-based organizations working to enhance District public safety and addressing juvenile and criminal justice issues. JG's programs focus on truancy prevention, re-entry of returning citizens, juvenile diversion, mentoring, and anti-gang efforts. JG is responsible for gathering stakeholder input and identifying cross-cutting funding priorities each year; identifying subgrantees that are well-positioned to advance these funding priorities; and providing financial, administrative, and programmatic oversight, training, and technical assistance to ensure program outcomes are achieved.

The Access to Justice initiative contains two primary activities: the Access to Justice program provides financial assistance to organizations and individuals who provide direct civil legal services to low-income and underserved District residents; and the Poverty Lawyer Loan Repayment Assistance program provides educational loan repayment assistance to lawyers who live and work in the District of Columbia and are employed in areas of legal practice that serve low-income residents.

OVSJG also represents the Executive Office of the Mayor on local coordinating bodies, including the Sexual Assault Response Team and the D.C. Juvenile Justice Advisory Committee, and coordinates the District's effort to substantially comply with the Sex Offender Registration and Notification Act and Prison Rape Elimination Act.

Program Description

The Office of Victim Services and Justice Grants operates through the following 6 programs:

Justice Grants (JG) – receives and accounts for United States Department of Justice grants awarded to the District of Columbia and provides resources to governmental and non-governmental organizations with an emphasis on improving District public safety and justice issues. JG manages the life-cycle of federal and local grants, subgrants, and pass-through funds to other non-profit and government agencies in compliance with federal and local grant guidelines.

Access to Justice – provides financial assistance to organizations and individuals who provide direct civil legal services to low-income and underserved District residents. It also includes the Poverty Lawyer Loan Repayment Assistance Program function, which provides educational loan repayment assistance to lawyers who live and work in the District of Columbia and are employed in areas of legal practice that serve low-income residents.

Victim Services (VS) – administers Federal grants, the District Crime Victims Assistance Fund, and Local funds to support services to victims of all crimes, with a focus on domestic violence, sexual assault, homicide, child abuse, and neglect. VS provides direction to the Executive Office of the Mayor on law and policies that enhance victims' rights and access to justice, care, and safety in the aftermath of a crime.

Truancy Reduction – works to reduce truancy and chronic absenteeism in the District of Columbia's public and charter schools through youth and family engagement.

Private Security Camera – encourages residents, businesses, non-profits, and religious institutions to install security camera systems on their property. This program is intended to help deter crime and assist law enforcement with investigations.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The proposed program structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2018 Proposed Budget Changes

The Office of Victim Services and Justice Grants' (OVSJG) proposed FY 2018 gross budget is $44,848,546, which represents a 16.1 percent increase over its FY 2017 approved gross budget of $38,630,950. The budget is comprised of $28,941,300 in Local funds, $14,070,571 in Federal Grant funds, and $1,836,675 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OVSJG's FY 2018 CSFL budget is $22,879,300, which represents a $552,004, or 2.4 percent, decrease from the FY 2017 approved Local funds budget of $23,431,304.

CSFL Assumptions

The FY 2018 CSFL calculated for OVSJG included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $1,979 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $2,016 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for OVSJG includes a reduction of $556,000 to account for the removal of one-time funding appropriated in FY 2017 to support services to victims of crimes, with a focus on domestic violence, sexual assault, homicide, child abuse, and neglect.

Agency Budget Submission

Increase: The proposed budget in Local funds reflects a net increase of $100,762 across multiple programs to support projected costs associated with office supplies, agency-managed fixed costs for Telecommunication, and professional services. Additionally, the personal services budget increased by $43,059 across multiple programs to support an additional 0.1 Full-Time Equivalent (FTE) as well as projected salary increases and Fringe Benefits adjustments.

In Federal Grant funds, the proposed budget reflects an increase of $564,972 to align the budget with projected grant awards related to the Crime Victims Assistance Program and the Violence Against Women Act. Additionally, the personal services budget increased by $103,469 across multiple programs to support an additional 0.8 FTE, projected salary increases, and adjustments for Fringe Benefits costs.

In Special Purpose Revenue funds, the proposed budget includes an increase of $39,159 to align the budget with projected revenue from the Crime Victims Assistance Fund and the Domestic Violence Shelter and Transitional Housing Fund. This additional funding will be used to support an additional 1.1 FTEs and align projected personal services costs in the Office of Victim Services program.

Decrease: In Local funds, the proposed budget includes a net decrease of $143,820 in the Justice Grants Administration program due to projected sub-grant payments made to community-based organizations.

Mayor's Proposed Budget

Enhance: In Local funds, OVSJG's budget proposal includes increases of $5,555,374 and 2.0 FTEs, primarily in the Truancy Reduction program, to align resources with the agency's revised organizational structure; $556,000 in the Office of Victims Services program, to support funding for sub-grants given to community-based organizations and District agencies that provide services to victims of all crimes, with a focus on domestic violence, sexual assault, homicide, child abuse, and neglect; and $500,000 in one-time funding in the Office of Victim Services program, to support the Private Security Camera program.

Reduce: OVSJG's budget proposal includes a decrease of $5,555,374 due to the reallocation of resources, mainly from the Justice Grants program. This adjustment aligns resources with the agency's revised organizational structure.

District's Proposed Budget

Enhance: In Local Funds, OVSJG's budget proposal includes an increase of $5,006,000 across multiple programs. This adjustment includes: $4,500,000, of which $600,000 is one-time funding, to support the implementation of the "Expanding Access to Justice Amendment Act of 2017" which will allow the District of Columbia Bar Association Foundation to provide attorneys to tenants facing eviction in DC Superior Court; $281,000 to expand the Access to Justice program; $125,000 in one-time funding, to provide a grant to the Voices for a Second Chance program; and $100,000 for grants to programs that use book groups, creative writing and peer support programs for District youth incarcerated as adults.

Agency Performance Plan*

The Office of Victim Services and Justice Grants (OVSJG) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Ensure that all victims of crime have access to coordinated, professional, trauma-informed, and victim-centered services.
2. Create opportunities and access for primary prevention and intervention programming towards the goal of reducing truancy, delinquency, and violence.
3. Create and sustain a coordinated community response that improves the administration of and access to justice and enhances outcomes for low-income citizens, returning citizens and members of marginalized communities within the District of Columbia.
4. Provide leadership in developing the capacity of and improving the performance of grantees.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Ensure that all victims of crime have access to coordinated, professional, trauma-informed, and victim-centered services. (4 Activities)

Activity Title	Activity Description	Type of Activity
Response to Sexual Assault Victims	OVSJG continues to improve outcomes for victims of sexual assault by organizing and funding a continuum of care that increases the coordination and delivery of sexual assault services in the District.	Daily Service
Response to Intimate Partner Violence Victims	OVSJG will improve outcomes for victims of intimate partner violence by organizing and funding a continuum of care that increases the coordination and delivery of intimate partner violence services in the District.	Daily Service
Response to Underserved and Marginalized Victims	OVSJG provides funding for a variety of groups and programs that work with the immigrant community as well as the lesbian, gay, bisexual, transgender, and questioning (LGBTQ) population.	Daily Service
Coordinated Community Response	OVSJG is responsible for building and sustaining direct core victim services in the District that especially focus on victims of crime by funding a variety of community based providers.	Daily Service

2. Create opportunities and access for primary prevention and intervention programming towards the goal of reducing truancy, delinquency, and violence. (3 Activities)

The mission of the Office of the Deputy Mayor for Public Safety and Justice is to provide direction, guidance, support, and coordination to the District's public safety agencies to develop and lead interagency public safety initiatives that improve the quality of life in the District's neighborhoods.

Summary of Services

The Office of the Deputy Mayor for Public Safety and Justice was created in January 2011 to provide guidance, support, and coordination of public safety and justice agencies of the District. In the FY 2012 budget, the role of the agency was expanded to include oversight of service programs that had previously operated as independent agencies. In the FY 2016 budget, some of these programs were moved to the Office of Victim Services and Justice Grants and the Corrections Information Council.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

The Office of the Deputy Mayor for Public Safety and Justice operates through the following 2 programs:

Concealed Pistol Licensing Review Board - conducts hearings and issues final decisions for appeals from license revocations and suspensions, as well as reviewing appeals and issuing final decisions from any denials of an application for a concealed pistol license issued by the Metropolitan Police Department.

Administrative Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The proposed program structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2018 Proposed Budget Changes

The Office of the Deputy Mayor for Public Safety and Justice's (ODMPSJ) proposed FY 2018 gross budget is $1,613,365, which represents a 26.5 percent increase over its FY 2017 approved gross budget of $1,275,002. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

ODMPSJ's FY 2018 CSFL budget is $1,276,665, which represents a $1,663, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $1,275,002.

CSFL Assumptions

The FY 2018 CSFL calculated for ODMPSJ included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $218 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $1,444 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Agency Budget Submission

Increase: In Local funds, the proposed budget reflects a net increase of $56,643 in nonpersonal services in the Administrative Management program, primarily to support professional services costs.

Decrease: ODMPSJ's budget proposal reflects a decrease of $7,166 in Fixed Costs to align the Telecommunication budget with proposed cost estimates, and a net decrease of $87,777 in personal services in the Administrative Management program to align budget with the agency's projected costs.

Mayor's Proposed Budget

Enhance: In Local funds, the Office of the Deputy Mayor for Public Safety and Justice proposes an increase of $530,000 and 5.0 Full Time Equivalent positions. This enhancement is to hire four Outreach Program Specialists and one Supervisor to support the agency's violence interruption and prevention program. ODMPSJ also proposes an enhancement increase of $100,000 and one Full-Time Equivalent (FTE) position to hire one Program Analyst to support the agency's oversight program.

District's Proposed Budget

Transfer-In/Enhance: ODMPSJ's proposed budget is increased by $275,000, which was transferred from the Metropolitan Police Department, and 2.0 FTEs to support the Concealed Pistol Licensing Review Board.

Transfer-Out: The budget proposal also includes a net reduction of $530,000 and 5.0 FTEs to fund a new agency, the Office of Neighborhood Safety and Engagement, whose mission is to interrupt and prevent violence in the District.

Agency Performance Plan

The Office of the Deputy Mayor for Public Safety and Justice (DMPSJ) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Participate in and encourage community engagement to develop public safety strategies.
2. Employ a comprehensive evidence and data-based evaluation of agency decisions to improve public safety in the District.
3. Foster collaboration and coordination among District agencies, federal, state, and local partners to achieve District goals.
4. Provide direction, guidance, and oversight of public safety agencies to enhance safety in the District.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Participate in and encourage community engagement to develop public safety strategies. (3 Activities)

Activity Title	Activity Description	Type of Activity
Media Platforms	Provide relevant and up to date information of media platforms, including social media and the DMPSJ website, in order to assist the public.	Daily Service
Attend Community Meetings	DMPSJ will attend community meetings to inform the public, receives community input, and provide citizens with another platform to voice their concerns.	Daily Service
DMPSJ Open Correspondence	DMPSJ will respond to residents' inquiries sent to the Mayor's Correspondence Unit in a timely manner.	Daily Service

2. Employ a comprehensive evidence and data-based evaluation of agency decisions to improve public safety in the District. (2 Activities)

Activity Title	Activity Description	Type of Activity
Inform Decisions	Identify evidence and research that can inform decisions around agency policies and operations.	Daily Service
Conduct Evaluations On Public Safety Programs	Rigorously evaluate agency programs using data and evidence.	Daily Service

3. Foster collaboration and coordination among District agencies, federal, state, and local partners to achieve District goals. (3 Activities)

Activity Title	Activity Description	Type of Activity

Distinguished Budget Presentation Award

PRESENTED TO

District of Columbia Government

District of Columbia

For the Fiscal Year Beginning

October 1, 2016

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2016. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the seventeenth in the history of the District of Columbia.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Transmittal Letters

MURIEL BOWSER
MAYOR

July 19, 2017

The Honorable Donald J. Trump
President of the United States
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear Mr. President:

I am pleased to submit to you the District of Columbia Fiscal Year 2018 Budget and Financial Plan, "DC Values in Action: A Roadmap to Inclusive Prsoperity." This proposal is the District of Columbia's twenty-second consecutive balanced budget. The budget before you reflects the ideas and priorities of District residents to ensure that they have a ***roadmap to inclusive prosperity***.

From again investing $100 million in the Housing Production Trust Fund to allocating over $1 billion in full-scale school modernizations, this budget continues to move the District of Columbia forward. This budget also maintains critical investments to build a safer, stronger DC and to ensure our residents have access to job training programs that keep them on pathways to the middle class. Below, I have highlighted a few of the key investments proposed in the FY 2018 Budget and Financial Plan.

High-Quality Education
Rising enrollment in our traditional public and public charter schools, and increasing student achievement, demonstrate that school reform in the District is working. The FY 2018 budget makes the largest investment in public education in the history of the District of Columbia:

- Committing an additional $121 million to increase the per student rate and meet the needs of a growing student body;
- Increasing charter school facilities by 2.2% to $3,193/student for non-residential charter programs and $8,580/student for residential charter schools;
- Improving technology to help parents navigate and engage in public education;

- Increasing University of the District of Columbia (UDC) and the Community College of the District of Columbia funds for the staff and programs by $7.2 million;
- $19.5 million of enhancements in the Office of the State Superintendent of Education budget for early childcare. Three sites in District-owned buildings will be leased to private childcare providers helping us expand the available slots for kids. 300 DC residents will gain certification as educators for infants and toddlers over the next three years. This will enable them to enter the childcare profession immediately and begin on a pathway to advanced credentials - and it will help ensure staffing is available to support the expanded number of childcare seats; and
- Investing $1.3 billion for school modernization over 6 years to ensure that schools in line for modernization under established, defined criteria are budgeted for necessary improvements.

Safer, Stronger DC

The District is committed to ensuring that those in all neighborhoods feel— and are—safe, providing an environment in which residents and businesses can thrive. To that end, the FY 2018 budget includes the following investments:

- $8.9 million in enhancements focused on recruiting and retaining MPD officers, as well as ensuring that as many officers as can be are returned to patrol-related duties. This will be accomplished through: a new public relations campaign; expansion of the police cadet program; expanded housing assistance and student loan forgiveness for officers; and further civilianization of administrative positions;
- $2.3 million for the creation of a *Returning Citizens Portal* to be managed by the Department of Corrections. This will be a physical office offering services from various agencies to help returning citizens successfully transition back into the community. Vital post-release services include: housing, employment, education, health care, job training and placement, and substance use/mental health;
- $1 million for the establishment of a nurse triage collaborative pilot program between Fire and Emergency Medical Services (FEMS) and the Office of Unified Communications (OUC) with a goal to improve access to medical services for callers into 911 by offering nurses who can speak to non-emergency callers and help them make an appointment at a same-day clinic;
- $20 million for essential upgrades to 311/911 hardware and software, including major upgrades to our secondary facility on McMillan Drive NW;
- $39.7 million for the purchase of new MPD fleet vehicles; and
- $83.7 million for the purchase of new FEMS fleet vehicles, and $45 million for the construction of a new fleet maintenance facility.

Affordable Housing

My Administration is committed to producing, preserving and protecting affordable housing in the District of Columbia. This is demonstrated in this budget through the commitment of another $100 million contribution to the Housing Production Trust Fund. This investment will continue our shared goal to support grants and loans, thus yielding more affordable housing for DC families.

Additionally, this budget provides funds for affordable housing in these projects:

- $16 million for the redevelopment of Walter Reed;
- $103 million for the redevelopment of St. Elizabeths; and
- $85 million for the New Communities Initiative.

Pathways to the Middle Class

Maintaining a strong, diverse, and resilient District of Columbia requires that every resident has a fair shot, and a pathway to the middle class. We accomplish this by supporting our most vulnerable families and residents; providing job training that leads to real employment opportunities; and by nurturing our small businesses to ensure their growth and success. Some ways the FY 2018 Budget provides Pathways to the Middle Class are:

- Continuing the District's investment in our youth through the Mayor Marion Barry Summer Youth Employment Program by budgeting almost $20 million;
- Serving as a regional leader by again fully funding the District's share of the WMATA budget, adding a new express bus line on 14th Street NW in Wards 1 and 4, and expanding capacity of existing bus service in Wards 7 and 8;
- Ensuring that the Department of Small and Local Business Development's Certified Business Enterprise system continues to help our local businesses grow and obtain government contracts, and work on government funded projects by fully funding the program with $0.2 million;
- Funding $16.8 million towards the Washington D.C. Infrastructure Academy at Saint Elizabeths East Campus. This new facility will focus on occupational skills training and work-based learning initiatives related to the infrastructure industry, including utility, energy efficiency, transportation, and logistics sectors. At the Academy, industry partners, training providers such as UDC, labor unions and trade associations, will offer a diverse skills training allowing District residents the tools to begin and sustain careers in the infrastructure industry; and
- Advancing DDOT's Vision Zero goals through $2.8 million for (20) new Traffic Control Operators along with (26) new School Crossing Guards.

Health and Human Services

Investing in the health and well-being of District residents remains a priority of my Administration. Ensuring residents are able to provide for their families, and connecting these families with valuable care and supportive programs when they need it most, ensures they have a fair shot at success in the future. The FY 2018 budget includes:

- Funding the next phase of the Homeward DC plan with $15.2 million;
- Funding $10.2 million for a new Temporary Assistance for Needy Families (TANF) policy that will help the District's neediest families;

- Supplementing the Department of Health's budget with $0.9 million to reduce the number of active opioid users in the District, reduce overdoses and overdose fatalities, and improve health and economic outcomes for District residents with a history of substance use;
- Funding the Alternatives to Court Experience (ACE) and Parent and Adolescent Support Services (PASS) programs with $3.3 million; and
- Providing $1 million for the Joyful Foods initiative.

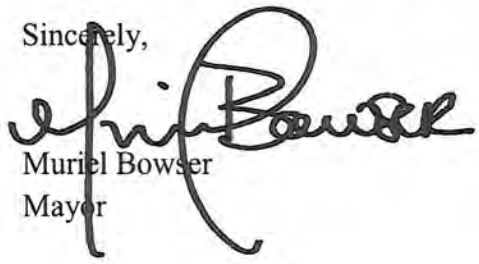
Government Operations

Building a government that works for the residents of the District Columbia streamlines processes and improves efficiency. The FY 2018 budget supports these improvements by:

- Ensuring that the District's share of WMATA's operating and capital subsidies is fully funded;
- Right-sizing the District's snow budget with a $3.8 million budget increase; and
- Expanding the Department of Public Works' grounds maintenance and leaf collection efforts by $1.5 million.

In a city as prosperous as ours, we can and should make all of these critical investments to ensure that residents in all 8 wards can benefit from our **inclusive prosperity**.

Sincerely,



Muriel Bowser
Mayor

Re: Transmittal of D.C. Act for Congressional Review

Dear Mr. Speaker:

D.C. Act 22-99, Fiscal Year 2018 Local Budget Act of 2017, is transmitted in accordance with section 602(c)(1) of the District of Columbia Self-Government and Governmental Reorganization Act, P.L. 93-198, as amended. The committee report for the act is also enclosed. The authority for this transmittal rests with the Local Budget Autonomy Amendment Act of 2012 (D.C. Law 19-321), upheld in *Council of the District of Columbia, et al. v. Jeffrey S. DeWitt* (Case No. 2014 CA 2371 B, DC Superior Court; March 18, 2016).

Our enactment maintains critical investments that make our communities safer and stronger and the District an attractive location for residents, businesses, and visitors. Our record of sound financial management is strong and reflects in the continued revenue growth supporting the attached budget. In many respects our financial health is unparalled among jurisdictions across the United States.

To begin the count of the 30-day review by Congress, please acknowledge your receipt of these documents on the copy attached.

Sincerely,

Phil Mendelson
Chairman of the Council

How to Read the FY 2018 Proposed Budget and Financial Plan

How to Read the FY 2018 Proposed Budget and Financial Plan

The District of Columbia's FY 2018 Proposed Budget and Financial Plan is a communication tool that presents and explains policy priorities, agency operations, including programmatic/ organizational structures, and performance measures in the context of the Financial Plan, which shows the District's sources of revenue and planned expenditures. The Budget and Financial Plan includes forecasts of economic and financial conditions, current and planned long-term debt financing, policy decisions, and other important financial information for the District's government, all of which are essential elements for accurate financial reporting and sound management of public resources.

This chapter, *How to Read the Budget and Financial Plan*, is a guide for understanding the sections of this budget volume that define the budget priorities for the District. These sections are consistent with the National Advisory Council on State and Local Budgeting's recommended budget practices, which call for a presentation of information to provide readers with a guide to government programs and organizational structure. Additionally, these sections are consistent with the standards of the Government Finance Officers Association for the Distinguished Budget Presentation Award.

The FY 2018 Budget and Financial Plan is presented in six volumes summarized as follows:

Executive Summary (Volume 1) – provides a high-level summary of the budget and financial information, including sections describing new initiatives within the District's proposed budget, the transmittal letters from the Mayor and the Chairman of the Council of the District of Columbia, the District's five-year financial plan, detailed information on the District's projected revenues and expenditures, and summary information about the Capital Improvements Plan. In addition, this volume includes information about the District's budgetary and financial management policies, a glossary of budget terms, budget summary tables by agency and fund type, and the Budget Act legislation that serves as the basis for the District's federal appropriations act.

Agency Budget Chapters (Volumes 2, 3, and 4) – describe, by appropriation title, the operating budgets for each of the District's agencies. Appropriation titles categorize the general areas of services provided by the District on behalf of its citizens and are listed in the table of contents. Examples are Economic Development and Regulation, Public Safety and Justice, and Human Support Services.

Capital Improvements Plan (Including Highway Trust Fund) (Volume 5) – describes the District's proposed six-year Capital Improvements Plan for all of the District's agencies. The Highway Trust Fund describes the District's proposed FY 2018 to FY 2023 planned transportation projects including federal highway grants.

Operating Appendices (Volume 6) – includes detailed supporting tables displaying the proposed expenditures and full-time equivalents in the operating budgets that are described in Volumes 2, 3, and 4. Please note: This volume is available exclusively on the Government of the District of Columbia website at http://cfo.dc.gov/.

Detailed information on the chapter contents of each volume include:

Volume 1: Executive Summary

Includes the following sections:

Introduction: FY 2018 Proposed Budget and Financial Plan

This chapter is a narrative and graphic summary of the proposed budget and financial plan. It describes the overall proposed budget, including the sources and uses of public funds, and compares the prior year's approved budget to the current one. The chapter also explains the budget development process and budget formulation calendar for FY 2018.

Financial Plan

The Financial Plan summarizes planned revenues and expenditures from FY 2016 through FY 2021. This chapter includes financing sources, uses, and the assumptions used to derive the District's short-term and long-term economic outlook.

Revenue

This chapter shows current revenue projections for each revenue type as certified by the Office of the Chief Financial Officer. It also details the District's revenue sources, provides an overview of the District's and regional economy and economic trends, and describes the revenue outlook for FY 2018 through FY 2021.

Operating Expenditures

This chapter describes the District's recent Local funds expenditures. It includes analysis of expenditures between FY 2013 and FY 2016, both by agency and by expense category, e.g., personnel, supplies, and fixed costs.

Capital Improvements Plan (CIP)

This chapter describes the overall CIP, including the sources and uses of Capital funds.

Appendices

The last section of the Executive Summary includes explanations of items specific to the District's budget:

- The D.C. Comprehensive Financial Management Policy provides a framework for fiscal decision-making by the District to ensure that financial resources are available to meet the present and future needs of District citizens;
- The Basis of Budgeting and Accounting section describes the basis of budgeting and accounting, enabling the readers to understand the presentation methods of the District's finances;

- The Fund Structure and relationship to the Budget Structure section relates the District's fund structure to its budget presentation;
- The Current Services Funding Level (CSFL) Development section describes how the CSFL was developed for the Local funds budget;
- The Agency Performance Plans section describes how the Office of the City Administrator evaluates government agencies, services, and operations; contains details on major plan revisions or changes in the assessment process; and directs readers to the agency plans, including performance measures, on the District's website;
- The Summary Tables detail the District's proposed operating budget by agency and fund type for both budgeted dollars and positions;
- The Glossary of Budget Terms section describes unique budgeting, accounting, and District terms that may not be known by the general reader;
- The Local Budget Act is the legislation that the District uses to enact the District's budget via local law, and is transmitted to Congress in accordance with procedures for all District legislation; and
- The Federal Portion Budget Request Act is the legislation that conveys the District's request for federal payments, to be enacted into law by the United States Congress and the President through the federal appropriations process.

Volumes 2, 3, and 4: Agency Budget Chapters - Part I, II, and III

These volumes include agency chapters that describe available resources, their uses, and the achieved and anticipated outcomes as a result of these expenditures. Chapters in these volumes are grouped by appropriation title and each chapter contains the following sections, as applicable:

Header Information:
- Agency name and budget code;
- Website address and telephone; and
- FY 2018 proposed operating budget table.

Introduction:
- Agency Mission; and
- Summary of Services.

Financial and Program Information:
- Proposed Funding and Full-Time Equivalents by Source table;
- Proposed Expenditure by Comptroller Source Group table;
- Division/Program descriptions;
- Proposed Expenditure by Division/Program table;
- FY 2018 Proposed Budget Changes; and
- FY 2017 Approved Budget to FY 2018 Proposed Budget reconciliation table.

FY 2018 Proposed Budget Changes

The FY 2018 Proposed Budget Changes section within each agency chapter provides a comprehensive explanation of the FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type table that appears in nearly every chapter. Please see the Current Services Funding Level (CSFL) Development appendix in this volume for more information about the CSFL methodology, which is only applied to agencies with Local funds. This section

includes major changes within the agency budget by program, fund, and full-time equivalents, from the initial request through the policy decisions made by the Mayor. The FY 2018 Proposed Budget Changes section uses the following terms to describe budgetary or programmatic changes:

Actions with an impact on services:

- **Enhance:** More funding to improve the quality or quantity of an existing service (e.g., Funding to support the new DMV service center in Georgetown).
- **Create:** New funding for new programs that previously didn't exist (e.g., Establish Permanent Supportive Housing program to transition vulnerable individuals from homeless to stable housing).
- **Reduce:** Reduction, but not elimination of an existing service (e.g. Close a service center and provide services at other locations; Realign staffing in the Fleet Management division).
- **Eliminate:** Total elimination of an existing service, with no anticipation of the service being provided by another entity (e.g. Eliminate unfunded vacant FTEs for staffing realignment).

Actions with no service impact:

- **Increase:** Additional funds necessary to continue service at current levels (e.g., Fund recurring operating cost of Automated Traffic Enforcement).
- **Decrease:** Reduction in cost without a service impact (e.g., Align energy budget with revised DGS estimate).
- **Transfer-In:** Shift of an existing program, operation, or personnel from another District agency (e.g., Transfer the Central Cell Block Security activity from MPD to DOC).
- **Transfer-Out:** Shift of an existing program, operation, or personnel to another District agency (e.g., Transfer APRA division from DOH to establish DBH).
- **Shift:** Shift an existing program or operation from one Fund type to another (e.g., Shift from Special Purpose Revenue to Local funds to support telecommunications for the D.C. Lottery).
- **Technical Adjustment:** An increase or decrease to the budget that is required because of a legislative mandate or to correct an error or omission.
- **No Change:** The agency has no changes in funding and/or budget structures from the FY 2017 approved budget to the FY 2018 proposed budget.

An example of an agency narrative is at the end of this chapter to help the reader navigate the Agency Budget Chapter volume. The example shows an agency with a performance plan. Call-out boxes highlight the features discussed above.

Agency Performance Plans

The Office of the City Administrator (OCA) is building a robust performance management program across the District. This process includes making several updates to the format and submission process for annual agency performance plans.

Under the new process, agencies had the opportunity to update major components of their performance plan for FY 2018 including: objectives, key performance indicators and workload measures. Ultimately, the revised performance plans will be able to communicate more effectively the important work each agency plans to do over the coming year and how each agency will work to improve its performance. First drafts of the high level components of each agency's performance plan (objectives, key performance indicators, and operations) are published with the budget volumes and other budget materials at www.cfo.dc.gov.

Volume 5: Capital Improvements Plan (Including Highway Trust Fund)

This volume covers the District's FY 2018 - FY 2023 Capital Improvements Plan (CIP) and the Highway Trust Fund. The capital volume includes:

- An **Introduction chapter** that describes the overall CIP, including the sources and uses of capital funds, the District's policies and procedures for its capital budget and debt, and the FY 2018 planning process;
- **Project Description Forms** that comprise the major portion of the capital volume. The project description forms provide details on capital projects funded by general obligation bonds, Pay-As-You-Go (Paygo) capital, federal grants, and the Local Street Maintenance Fund. Each page shows one project's planned allotments for FY 2018 through FY 2023, including a description, its annual operating impact, milestone data, and its location; and
- **Appendices** that provide supporting tables and a glossary about the District's capital budget, including:
  - The FY 2018 Appropriated Budget Authority Request table that summarizes proposed new projects and changes (increase or decrease) for ongoing projects by agency, project, and funding source;
  - The FY 2018 - FY 2023 Planned Expenditures from New Allotments table that summarizes the new allotments planned for FY 2018 - FY 2023 expenditures by agency and project;
  - The FY 2018 - FY 2023 Planned Funding table that summarizes the FY 2018 and six-year funding sources for all new allotments by agency, project, and funding source;
  - The Capital Budget Authority and Allotment Balances table that summarizes the lifetime budget authority and allotment, life-to-date expenditures, total commitments, and balance of budget authority and allotment for all ongoing capital projects by agency, project, and the amount of the authority request;
  - The Capital Project Cost Estimate Variances table displays changes of 5 percent or greater to project costs compared to the FY 2017 approved budget;
  - FY 2017 year-to-date budget actions; and
  - Rescissions, Redirections, and Reprogrammings that occurred between June 15, 2016 (the cut-off date for last year's budget book) and September 30, 2016 (the end of FY 2016).

Highway Trust Fund

This appendix covers the District's FY 2018 through FY 2023 proposed Highway Trust Fund expenditures, including:

- An **Introduction** chapter, which describes the Highway Trust Fund program, including the sources and uses of the funds, the District's policies and procedures for the trust fund, and the FY 2018 planning process;
- The **Project Description Forms,** which show planned allotments, for FY 2018 through FY 2023 and descriptions for Highway Trust Fund master projects;
- **Appendices** that provide supporting tables for the District's Highway Trust Fund program; and
- An overview of the District of Columbia's Water and Sewer Authority's FY 2017 - FY 2026 Capital Improvements Plan.

Volume 6: Operating Appendices

This volume provides supporting tables to each agency's proposed operating budget. The tables generally include FY 2016 actual expenditures, the FY 2017 approved budget, the FY 2018 proposed budget, and the change from FY 2017 to FY 2018 (unless noted).

The following tables are provided:

Schedule 30-PBB - dollars summarized by program, activity, and governmental fund (governmental fund breakout is for FY 2017 only and includes general fund detail);

Schedule 40-PBB - dollars summarized by program, comptroller source group, and governmental fund;

Schedule 40G-PBB - dollars summarized by program, comptroller source group, and appropriated fund within the General Fund;

Schedule 41 - dollars and FTEs summarized by comptroller source group and governmental fund;

Schedule 41G - dollars and FTEs summarized by comptroller source group and appropriated fund within the General Fund; and

Schedule 80 - dollars and FTEs summarized by appropriated fund, with specific revenue source (for the FY 2018 Proposed Budget only).

The FY 2018 Proposed Budget Changes section provides a comprehensive explanation of Table 5; it includes major internal changes within the budget including CSFL changes, changes to the initial adjusted budget, and policy initiatives.

FY 2018 Proposed Budget Changes

The Fire and Emergency Medical Services Department's (FEMS) proposed FY 2018 gross budget i $254,177,502, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budge of $254,287,508. The budget is comprised of $249,288,047 in Local funds, $3,053,770 in Federal Gran funds, and $1,835,684 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost o operating District agencies, before consideration of policy decisions. The CSFL reflects changes from th FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agenc to continue its current programs and operations into adjustments to the FY 2017 Local fu budget are des Please see the CSFL Development section within Volu regarding the methodology used and components that co

FEMS' FY 2018 CSFL budget is $234,906,923, decrease from the FY 2017 approved Local funds budge

CSFL assumptions are presented separately within the budget. For more detail on the CSFL, please see the appendix in this volume.

CSFL Assumptions

The FY 2018 CSFL calculated for FEMS included adjustment entries that are not described in detail o table 5. These adjustments include a decrease of $202,254 in personal services to account for Fring Benefit costs based on trend and comparative analyses, and an increase of $326,881 in nonpersona services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for FEMS includes a reduction of $15,285,864 to account for the removal of one-time funding appropriated in FY 2017 as follows: $12,000,000 for a third-party Emergency Medical Services provider contract for ambulance services; $1,952,712 to purchase Personal Protective Equipment (PPE), which includes 1,285 sets of gear; $1,009,152 to address core deficiencies such as assistance with the dispatching of units and the transporting of patients, support for preventive maintenance costs for a training pilot program for UDC, and the purchase of automated external defibrillators (AEDs) for schools; and $324,000 to improve WI-FI in fire stations and for signal boosters in locations where signals are weak. Additionally, an increase of $227,796 for the Fixed Costs Inflation Factor reflects estimates for Fleet services.

Agency Budget Submission

For FY 2018, the Fire and Emergency Medical Services Department (FEMS) has implemented a performance-based budgeting strategy to better reflect the agency's programmatic activities. As part of this initiative, FEMS changed 6 program names as follows: "Fire Prevention and Education" changed to "Chief of Fire and Emergency Medical Services"; "Field Operations" changed to "Operations Bureau"; "Employee Preparedness" changed to "Emergency Medical Services Operations Bureau"; "Operations Support" changed to "Emergency Medical Services Medical Director"; "Policy and Planning" changed to "Support Services Bureau"; and "State Safety [illegible]es Bureau." Additionally, the agency realigned its personne[illegible]l operational needs.

This section describes the changes made to an agency during the overall budget formulation process by fund and by program (or division).

Increase: In Local funds, FEMS' proposed bu[illegible] nonpersonal services, which includes an increase of $2,[illegible]decreases of $1,608,342 in Other Services and Charges and $207,591 in Equipment costs. An increase of $45,938 in Fixed Costs supports projected increases in the telecommunications estimates across multiple programs. Additionally, the proposed budget reflects an increase of 2.0 Full-Time Equivalent (FTE) positions to support the agency's personnel needs.

In Federal Grant funds, the proposed budget reflects a net increase of $31,626 in the Operations Bureau program, which is funded by the Staffing for Adequate Fire and Emergency Response (SAFER) grant. The increase supports projected salary and Fringe Benefits costs.

Special Purpose Revenue (SPR) funds increased by $983,000, to support the Affordable Emergency Transportation and Pre-Hospital Medical Services Amendment Act of 2017, Bill 22-183; and $324,684 to support 1.0 additional FTE, Fringe Benefits, and Overtime pay in the Operations Bureau.

Decrease: In Local funds, to align budget with the agency's spending priorities and goals across multiple programs, a proposed reduction of $185,071 was made to the contractual services costs related to a contract for information technology services. Additionally, a net decrease of $4,870,908 was made to support adjustments made to Fringe Benefits and Overtime across multiple programs.

In SPR funds, the proposed budget decreased by $497,000 in nonpersonal services for adjustments made to supplies, Other Services and Charges, and Equipment across multiple programs as a result of decline in revenue estimates and to offset the increase in personal services.

In Intra-District funds, the proposed budget reflects a decrease of $400,000 in Contractual Services in the Emergency Medical Services Operations Bureau. The contract supports Emergency Medical Technician (EMT) instruction for the Department of Employment Services' employees and clients.

Mayor's Proposed Budget

Enhance: In Local funds, the Fire and Emergency Medical Services Department (FEMS) proposes increases of: $11,017,000 (one-time funding) to support the contract with American Medical Response (AMR) for its third-party ambulance initiative to improve unit availability, reduce FEMS response times, improve the condition of the fleet, and allow providers more training hours; $4,915,439 to hire an additional 48.0 Full-Time Equivalent (FTEs) dual-role firefighters to achieve the maximum staffing level, which will consequently enable the agency to avoid covering positions that are vacant due to leave and

Agency Performance Plan

Fire and Emergency Medical Services Department has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Embrace a supportive work environment focused on creating a safe, competent, and professional workforce team.
2. Ensure that our facilities, vehicles, equipment, a…porting service delivery requirements.

The Agency Performance Plans describes specific agency Strategic Objectives, Activities and key performance indicators.

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Embrace a supportive work environment focused on creating a safe, competent, and professional workforce team. (7 Activities)

Agency Budget Chapters

Public Education System

How to Read the Agency Chapters

The agency chapters describe available resources for an agency, how the agency will spend them, and the achieved and anticipated outcomes as a result of these expenditures. For a detailed explanation of the fiscal tables and narrative sections, please see the "How to Read the Budget and Financial Plan" chapter in *Volume 1: Executive Summary.*

Each chapter contains the following, if applicable:

The first page of each agency chapter displays the agency name and budget code, website address, and telephone number. The page also shows a table that contains the agency's gross funds, or total operating, budget. The table shows the Fiscal Year (FY) 2016 actual expenditures and Full-time Equivalents (FTEs); the FY 2017 Approved budget and FTEs; the FY 2018 Proposed budget and FTEs; and the percent change from the previous year for the budget and FTEs. Lastly, this page typically contains the agency mission statement and a summary of its services.

Subsequent pages reflect agency fiscal and programmatic levels and changes. The information varies by agency but typically contains the following financial tables and narrative sections:

- ***Proposed Funding by Source and Full-Time Equivalents table*** displays the agency FY 2016 actuals, the FY 2017 Approved, and the FY 2018 Proposed dollars by fund type.

- ***Proposed Expenditure by Comptroller Source Group (CSG) table*** identifies the gross fund changes by CSG, which is a type of budgetary classification that identifies category spending within personal services (personnel costs, such as salaries and fringe benefits) and nonpersonal services (operational costs, such as contracts, supplies, and subsidy payments).

- ***Proposed Operating Budget and FTEs, by Division/Program and Activity table*** shows the gross fund changes by dollars and FTEs. The Division/Program descriptions section that follows this table explains the purpose of the divisions/programs and activities funded in the FY 2018 Proposed budget.

- ***FY 2017 Approved Budget to FY 2018 Proposed Budget reconciliation table*** shows the FY 2018 Proposed budget and FTE changes, by division or program, from the FY 2017 Approved budget. This table also includes a brief description of the change. A detailed narrative of the changes is found in the FY 2018 Proposed Budget Changes section that precedes this table.

- ***Agency Performance Plan Strategic Objectives*** and the accompanying Agency Performance Measures table show the agency-level plan that contains the agency's mission, summary of services, objectives, initiatives, and performance measures for a set period of time. For some agencies, the initiatives and performance measures are grouped by division/program.

District of Columbia Public Schools

Agency Budget Guide for FY 2018

Dear District of Columbia Public Schools Community,

Since being named Chancellor of DC Public Schools, I have visited schools in every ward in the District of Columbia and met with students, teachers, principals, and community members. I am impressed with what I have seen — from students engaged in learning and extracurricular activities, to high-quality teaching and leadership. I've also heard your passion for our students and commitment to their growth and success.

This will be the 8th consecutive year of increased funding for our schools, with an additional $25 million allocated in school budgets. Our investments over the last several years include:

- $17.5 million in additional music, art, world language, physical education, and other courses in elementary schools;
- $12.7 million in more core curriculum offerings, elective courses, field trips and enrichment opportunities, and social and emotional services in middle schools;
- $14.5 million in expanding AP courses, extracurriculars, athletics, and career academies in high-wage, high-growth fields such as engineering, hospitality, and technology; and
- $14.6 in extending the school year at 11 schools, new programming to support Males of Color, and supporting over-age, under-credited students.

The FY18 budget will maintain these earlier investments and cover rising costs so that schools can continue to serve students at a level that is comparable to previous years.

As you review your school's budget, you may see changes from last year. The vast majority of the changes are due to enrollment shifts. Because budgets are a direct product of student enrollment, when enrollment increases or decreases at a specific school, the budget will follow. If you have questions about your specific budget, please reach out to the school funding team and your Instructional Superintendent.

DCPS will continue to be a place where we prepare ALL students for college, career, and beyond, and we are committed to putting resources where they are needed most to reach that goal. We are ready to support your school communities in building a budget that serves your school and students, and I am excited to join you as we plan for the great work ahead.

Respectfully,

Antwan Wilson
Chancellor, DC Public Schools

Our Goals are ambitious. Based on the hopes and dreams of DCPS stakeholders, these goals will help us align our resources and measure our success.

1. Improve achievement rates
2. Invest in struggling schools
3. Increase graduation rate
4. Improve satisfaction
5. Increase enrollment

WTU Member Salary Components

DCPS uses an average salary for Washington Teacher's Union (WTU) members for budgeting purposes at the school level. This method ensures that principals can hire staff with a wide range of skills and expertise, and that the District fully budgets for additional school costs.

Description	Line Item	Funding Information		FY18 Cost Per WTU

As the figure above shows, in FY 2018:

- 83.5 percent of DCPS' overall budget is classified as a **"school"** cost – funds that support staff and non-personnel costs necessary for day-to-day school operations, instruction, and student service provision.
- 13.2 percent of DCPS' overall budget is classified as a **"school support"** cost – programs, services, and people providing support to schools.
- The remaining 3.3 percent of DCPS' budget is classified as **"central"** costs – fund management, oversight, and centralized administration for the school district.

Summary of Grants and Payments

DCPS receives approximately 83 percent of its budget through the Uniform Per Student Funding Formula (UPSFF) allocation of District-generated (Local) tax dollars. The remaining 17 percent of the District's budget comes from Special Purpose Revenue, Intra-District, Federal Grant, and Medicaid Assistance funds. Below are highlights of grants and payments DCPS receives that are over $1M.

Grant	Amount	Who does it help?	
		Target	**Purpose**

The mission of the D.C. Public Schools (DCPS) is to ensure that every DCPS school provides a world-class education that prepares ALL of our students, regardless of background or circumstance, for success in college, career, and life.

Summary of Services

DCPS delivers all services required to provide students with a quality education. These include:

- Operating schools that provide a consistent foundation in academics, strong support for social/emotional needs, and challenging themes and programs;
- Hiring, developing, and rewarding teachers, principals, aides, and other staff;
- Developing and implementing academic programs that provide all students with meaningful options for life;
- Collecting data and providing policymakers with accurate information about how our students and the school district are performing; and
- Providing schools the administrative and operational support they need to foster student achievement, creating forums for interaction and continued dialogue between DCPS and its community stakeholders.

The Local funds budget for the District of Columbia Public Schools is developed through the Uniform Per Student Funding Formula (UPSFF). It provides a per-student base foundation funding level as well as weighting factors for grade level. The UPSFF assigns additional funds for special education categories and English language learners through add-on weights. For more information, refer to District of Columbia Official Code Section 38-29.

Division Description

The District of Columbia Public Schools operates through the Central Offices and School Support, Schools, and the School-Wide department.

Central Offices and School Support

Central Offices – provide fund management, oversight, and centralized administration for the school district.

School Support – consists of programs, services, and staff providing support to schools.

Division Structure Change

The District of Columbia Public Schools' has no division structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The District of Columbia Public Schools' (DCPS) proposed FY 2018 gross budget is $937,002,094, which represents a 3.5 percent increase over its FY 2017 approved gross budget of $905,673,228. The budget is comprised of $789,566,469 in Local funds, $14,711,596 in Federal Grant funds, $15,000,000 in Federal Payments, $1,411,240 in Private Grant funds, $9,263,257 in Special Purpose Revenue funds, and $107,049,532 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCPS' FY 2018 CSFL budget is $771,504,425, which represents a $15,115,244, or 2.0 percent, increase over the FY 2017 approved Local funds budget of $756,389,181.

CSFL Assumptions

CSFL funding for DCPS reflects an increase of $15,115,245 for the Student Funding Formula Inflation Factor to account for an inflation factor of 2.0 percent, which was applied to the Uniform Per Student Funding Formula (UPSFF).

Agency Budget Submission

DCPS continues to strive towards its mission of providing quality education to all District students. In FY 2018, the agency proposes the following adjustments:

In Local funds, DCPS proposes a budget of $778,062,851 and 7,625.0 FTEs, which represents a net increase of $21,673,670, or 2.9 percent, over the FY 2017 approved Local funds budget of $756,389,181. The proposed budget will support projected changes in student enrollment, as well as anticipated increases in salaries and Fringe Benefits costs.

DCPS' Special Purpose Revenue budget proposal includes a net increase of $3,362,530, primarily to support contracts associated with the DCPS Nonprofit Food Service program. In Federal Payments, the budget proposal is $20,000,000 to align the budget with the initial request to the Office of Management and Budget.

In Federal Grants, DCPS' proposed budget includes a net decrease of $6,935,926, which can be attributed to several expiring grants in FY 2017 and the anticipated grant awards for FY 2018. In Private Grants, DCPS proposed a net increase of $1,191,685 primarily to support the LEarning together to Advance our Practice (LEAP) grant, which promotes professional development for teachers.

In Intra-District funds, DCPS' budget proposal includes a net increase of $5,533,289 due to projected Memorandum of Understanding agreements with several District agencies, primarily the Office of the State Superintendent of Education, for services such as the provision of meals to students, education improvements for students, and other education-related initiatives.

Mayor's Proposed Budget

No Change: The District of Columbia Public Schools' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: The District of Columbia Public Schools' Local funds budget proposal reflects a net increase of $11,503,618 to support a 3.0 percent growth for the base number in the Uniform Per Student Funding Formula (UPSFF). This increased base is then applied to changes in projected student enrollment as well as Individual Education Program (IEP) status and other factors.

Technical Adjustment: The FY 2018 Federal Payments request for DCPS is reduced by $5,000,000 to align the budget with the President's budget request.

Agency Performance Plan

District of Columbia Public Schools (DCPS) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Ensure that every DCPS school provides a world-class education that prepares all of our students, regardless of background or circumstance, for success in college, career, and life.
2. Develop and retain the most highly effective and highly compensated educators in the country, and recognize and reward their work.
3. Ensure that schools provide a consistent foundation in academics, strong support for social emotional needs, support for present and healthy students, and a variety of challenging programs.
4. Provide schools with the central office support they need to foster student achievement.
5. Partner with families and community members to improve outcomes for students.
6. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Ensure that every DCPS school provides a world-class education that prepares all of our students, regardless of background or circumstance, for success in college, career, and life. (2 Activities)

Activity Title	Activity Description	Type of Activity
Office of Teaching and Learning	Provides rich and engaging curriculum, deepens and strengthens content knowledge for teachers, selects and supports appropriate assessments, and puts in place specialized programmatic supports, interventions, and enrichments to meet all student needs.	Daily Service
Office of College and Career	Responsible for designing, implementing, and supporting college and career preparedness through programming, partnerships, resources, and high-quality career education programs. These programs will support every student's access to exciting, engaging, and rigorous educational options that will prepare them to pursue and succeed in college and high-wage, high-demand career opportunities.	Daily Service

2. Develop and retain the most highly effective and highly compensated educators in the country, and recognize and reward their work. (2 Activities)

Activity Title	Activity Description	Type of Activity

Mission:

Anacostia High School has four distinct learning academies that are divided by grade level, within the greater Anacostia body. To provide students personalized, comprehensive instruction and greater individual support, each learning academy is equipped with its own administrator (Principal or Assistant Principal), dean, counselor, staff and teachers. All Anacostia students have the opportunity to enroll in Advanced Placement courses. In addition, students have the opportunity to enroll in one of two career pathway programs: an Allied Health and certificate program in Emergency Management Technician (EMT), as well as a program in Homeland Security and Law Enforcement.

Mission:

Ballou High School offers a myriad of academic programs that allow students to explore and reach their maximum potential. These programs include honors and AP courses, grade-level Academies, an Arts and Technology Academy for students with special needs, and the 21st Century Community Learning Center. We also offer the AVID program and school-wide advisory for students. More than 10 percent of graduating seniors are selected for the Achievers Scholarship from the Bill & Melinda Gates Foundation. Ballou students also benefit from more than 50 partnerships with national and community organizations.

Mission:

At Bancroft Elementary School, our mission is to meet the educational, developmental and social needs of all students, inspiring and enabling them to reach their full potential in and beyond elementary school. We are guided in this work by our vision for Bancroft to be a diverse and vibrant community of learners preparing all students to be high-achieving, bilingual global citizens who lead in the 21st century. As a community of learners which includes students, families, teachers and staff, we are committed to working together to ensure all our students achieve at high levels through a rigorous dual language program which promotes biliteracy and bilingualism. All this is done in a compassionate, safe and nurturing environment where diversity and self-expression are valued and celebrated.

Mission:

Our School motto is Only The Best Is Good Enough.? Our strong community involvement and dedicated staff are reasons that Barnard has been recognized twice with the Together Everyone Achieves More (TEAM) Award. High expectations for all students resulting in academic excellence are central to Barnard's philosophy. We have strong programs that appeal to our students, like our Early Financial Literacy program that teaches age-appropriate financial skills. Barnard also hosts the Flagship Autism Program for DCPS, and students from all over the city are enrolled in this program. One of our parents summarized it best: Barnard accepts all children where they are and takes them to unbelievable levels!

Mission:

The Benjamin Banneker Academic High School is one of the District's International Baccalaureate (IB) Diploma Program sites and offers Pre-IB, Advanced Placement (AP) and its own summer institute as additional rigorous academic options. The Teacher-Advisor and Community Laboratory programs offer one-on-one advising and encourage students to engage in relationships that will shape their futures. Students are admitted through an application process and supported by a variety of character- and skills-building extracurricular activities. The Banneker student experience affords students the opportunity to develop knowledge, talents and exceptional post-secondary experiences.

Mission:

At Browne Education Campus educators develop rigorous, student-centered lessons aligned to the Common Core State Standards to better prepare students for success in college and future careers. We incorporate the core values of the International Baccalaureate program to develop internationally-minded, knowledgeable, reflective, principled thinkers. We challenge ourselves, our students, our parents, and our surrounding community to become caring, educated risk-takers who inquire and take action to create a better world. We work to accomplish this by ensuring purposeful teaching and learning by every staff member, while maintaining high expectations for all learners in a stimulating and secure learning environment.

Mission:

John Burroughs Elementary School (JBES) is a Science, Technology, Engineering and Mathematics (STEM) school serving pre-kindergarten to 5th grade. STEM is the foundation at JBES with a school-wide focus on data-driven instruction enabling learners to become college & career ready. Our vision is to provide a safe and diverse learning environment that operates as a collaborative community, where all stakeholders are responsible for student success. We strive to be self-initiated, active and engaged, well-rounded learners who are technology savvy, possessing 21st century skills. It is our aim to produce global citizens who are respectful, responsible, resourceful and safe. Our administration and staff are committed to involving the community to assist in creating an atmosphere of higher learning, focusing on excellence!

Mission:

We envision our school as a caring community where all students reach their fullest potential in preparation for becoming productive members of society. Our mission is to educate the whole child for a whole world through the use of the Montessori philosophy and materials. Our concept of whole child encompasses and celebrates the social, emotional, physical, spiritual (non-religious) and intellectual aspects of being human. Capitol Hill Montessori provides unique learning environments where students, under the guidance of Association of Montessori Internationale-trained and certified teachers, explore their world within a structured but creative framework. Parents will find several mixed-age groups of children when observing the Montessori classrooms at the Logan School building which allows more experienced children to share what they have learned with those who are new to the group.

Mission:

Cardozo creates educational and social experiences that prepare students with the knowledge and skills necessary for success in the global community. Cardozo's International Academy, the TransSTEM Academy, and the Academy of Information Technology position our students for success. In addition to a newly renovated, state-of-the-art building, Cardozo offers science and humanities AP courses, technology courses, JROTC, and athletics teams. Students enhance their coursework through Saturday Scholars Academy, credit recovery and after-school tutoring programs. The Francis L. Cardozo Education Campus provides a safe, supportive, and nurturing environment that fosters the growth of all educational stakeholders through a social contract that is based on teamwork, work ethic, integrity, respect and leadership.

Mission:

At Cleveland Elementary School, we believe that the elementary level is where the foundation for our students' future is built. Our mission is to build a foundation to enable each student to successfully compete and stand on his/her own wherever they go. Our building is a warm and nurturing place where students thrive academically, socially and emotionally. Half of our classes on each grade level participate in our Dual Language program, where students take half of their classes in English and half in Spanish. The other half participates in a traditional program where all subjects are taught in English.

Mission:

Columbia Heights Educational Campus is a unique globally themed bilingual campus that serves grades 6 through 12 and prepares all of its students for success in college and the careers. CHEC has been recognized as one of the top schools in the area and country on the Advanced Placement Challenge Index for offering Advanced Placement to all students. It also has the only Spanish language dual immersion high school program in Washington, DC. Students can take a full bilingual program through the 12th grade. CHEC students come from over 20 countries and we use this diversity to complement our globally themed curriculum. Every grade explores a global theme, which ties together their learning and builds their global awareness.

Mission:

Alice Deal Middle School combines a rigorous academic program with the nurturing environment of a neighborhood school. Located in the heart of northwest DC, Deals campus boasts a recently completed $70 million renovation that has preserved a beautiful, historic building and merged it with dynamic new spaces for instruction. At Deal, students receive an extremely challenging academic program, which encompasses participation in the International Baccalaureate Middle Years Program as well as music and visual arts. We also offer three foreign languages: Spanish, French and Mandarin Chinese, as well as a variety of extracurricular activities.

Mission:

At Drew Elementary School, our primary objective is student progress and achievement. While we celebrate individual student differences, every student is encouraged and expected to do his or her best. In order to help our students succeed in the classroom, we individualize learning through the use of technology, as well as small group instruction. Through our core values, we focus on developing students' character. We treasure and promote our partnerships with parents, which also support our students' academic achievement and social emotional growth. At Drew ES, we discover success in every child, every day.

Mission:

John Eaton Elementary School attracts a diverse group of students from all four quadrants of the city. Due to our rich diversity, Eaton has been designated a World Cultures school. At John Eaton we believe in educating the ?whole child,? and we invest ourselves in developing an enriching learning experience for our students. Eaton?s staff and community provide opportunity for students to excel in academics, the arts, and athletics. Our students gave us a 97% satisfaction rating last school year. Eaton has been designated a Reward School for two consecutive years. Our mission is to provide each Eaton student with a well-rounded 21st century education that prepares him or her, regardless of background or circumstance, for success in and beyond elementary school.

Garfield Elementary School
2017-2018 Budget

SCHOOL CHARACTERISTICS (SY 2017-2018) www.gibpa.org http://www.facebook.com/dcpublicschools

Address: 2435 Alabama Ave. SE,Washington,DC,20020
Contact: Phone: (202) 671-6140 Fax: (202) 698-1614
Hours: 8:15 a.m. - 5:00 p.m.
Grades: PK3-5th
Ward: 8
Neighborhood Clusters: Woodland/Fort Stanton, Garfield Heights, Knox Hill
Principal: Kennard Branch
kennard.branch@dc.gov

Mission:
Garfield Prep is an inquiry-based and blended learning school. Our vision is to deliver a year-round, inquiry-based and blended learning instructional model that is structured to develop rich content knowledge across all grade levels. As a result, our students will have the foundation needed to defy the rigors of college and excel in their future careers. We have a data-driven focus on fully integrating and coordinating resources and services to improve academic and socio-emotional outcomes for all students. Frequent and ongoing formative assessments help us determine the instructional approaches best suited to meet each student's needs. We work closely with our family and community partners to create a safe and orderly learning environment and to increase academic achievement for all students. Garfield ES will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

Our mission at Garrison is to create a collaborative community where students and staff are invested in their work and question the world around them as responsible citizens and where teachers, parents and students work together to achieve excellence. We want to develop a community of learners with active, creative and empathetic minds, challenging students and staff to strive for growth. Our staff and students will be engaged in the community as our students find their place in the traditions of this historic neighborhood. We build our community through the principles of Responsive Classroom working to teach our children CARES: Cooperation, Assertion, Responsibility, Empathy and Self-control. Our goal is to create thoughtful, intelligent students through a rigorous and relevant curriculum.

Mission:

HD Cooke is an authorized International Baccalaureate World School serving students PK3 - 5th Grade. At Cooke we use our IB Program to provide a framework of academic challenge that encourages students to embrace and understand the connections between traditional subjects and the real world. In addition to our IB program, we also will begin a Schoolwide Enrichment Model this year, with 3rd - 5th grade students participating in Enrichment Clusters. Cooke was the first District of Columbia Public School System facility to achieve LEED Gold certification, and this year Cooke was on DCPS Recycles! Honor Roll with special distinction for our composting program. Students receive art, music, PE, and world language classes (including Spanish and Arabic) every week. H.D. Cooke ES will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:
Hardy Middle School is a comprehensive 6th through 8th grade school offering students and their families a dynamic educational environment, to include strong core academic curriculum with a focus on differentiation and the School Enrichment Model. We offer students advanced study opportunities in the classroom, selected team-taught extension modules, and semester electives. Students and teachers benefit from Pre-AP (Advanced Placement courses, College Board) support in connection with Wilson High School. Hardy Middle School shines its brightest, however, with a music and art program that is unparalleled at the middle school level throughout the Washington, DC metro region. Hardy Hawks show their spirit to fly above others with a focus on advancing their academic skills and their enthusiasm for music and the arts.

Mission:

Charles Hart Middle School proudly serves the students and families in our community. We value education and uphold a culture of transparency, open communication and collaboration among all of our stakeholders. We encourage our students to be lifelong learners and positive citizens. Hart MS will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

At Hendley Elementary School, our goal is to help all of our students learn to think analytically and become independent, well-rounded individuals. We currently serve students in preschool through 5th grade. All of our students take music, art, physical education and library classes as well as their core academic courses. When asked, our students say that one of the things they like best about Hendley are the field trips they take to supplement what they learn in the classroom. For students as well as staff and parents, our school is a warm, welcoming place to be. Hendley ES will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

Charles H. Houston Elementary School prides itself on offering an excellent educational program that fosters the whole development of each student. In partnership with our students' families, we promote the intellectual, social, emotional, cultural and physical development of our students. We believe that all children can be successful when they learn to recognize their own strengths and needs as well as those of others. At Houston, we strive to educate students so that they will develop into informed citizens who are productive and can make positive contributions in the world they live in.

Mission:

Janney Elementary School is exceptional because of our beliefs, our role in the community, our people and our programs. Our students contribute to an atmosphere centered on respect, curiosity and diligence. Our experienced staff leads students toward these high ideals by functioning as constant co-learners. In addition to our core curriculum, students also take art, music, technology, physical education and Spanish classes. Our parents work tirelessly with the school and are always ready to support our students. Our goal at Janney is to be a community of learners built on a foundation of inquiry, equity, reflection, collaboration and experimentation.

Mission:

Jefferson Academy is one of the most outstanding middle schools in Washington, DC. Recently boasting academic gains in both reading and math on the DC CAS, significant increases in partnerships, family engagement, extracurricular options and a rigorous but supportive learning environment, Jefferson is designed to meet the needs of students at all ability and interest levels. Over the next two years, Jefferson will engage in a challenging academic plan to integrate the International Baccalaureate curriculum and an extensive building renovation, making it a school of choice for DC families.

Mission:

John Hayden Johnson Middle School provides a safe environment that promotes high academic achievement, instills character and empowers students to be productive citizens. Students are encouraged to contribute positively to their communities. In order to move students towards college and career readiness Johnson implements the Blended Learning small group rotation model, which integrates the use of technology throughout interdisciplinary activities. All stakeholders at John Hayden Johnson Middle School are expected to demonstrate pride and leadership skills in order to promote a legacy of achievement. Johnson MS will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

John H. Ketcham Elementary School is located in Historic Anacostia. We are proud of our rich history and our strong group of dedicated community partners, staff, and parents, all of whom work with our scholars to enrich their lives. We strive to ensure that each scholar develops academically and socially and we seek to equip scholars with the skills needed to be successful in higher education and in a global society. Our motto at Ketcham Elementary School is 'Our Students. Our Future. Our Responsibility.'

Mission:

Key Elementary School was recognized as a Blue Ribbon School that strives to achieve four goals for every student from pre-kindergarten to 5th grade: to help each child master critical learning skills; to encourage every student to discover his or her unique abilities while respecting the accomplishments of others; to ensure a healthy physical environment that promotes each students mental and physical development; and to provide the leadership, planning and resources necessary to accomplish these goals. At Key, our students' success is made possible by the high level of parental involvement and our outstanding staff.

Mission:

Located in Congress Heights in Southeast DC, Martin Luther King, Jr. Elementary School seeks to inspire young learners to become highly motivated contributors to society. We believe in a demanding educational agenda that builds on the active engagement of school, parents and community and our staff maintains a steadfast commitment to continuous student achievement. King's best practices for academic excellence are enhanced by a variety of community partnerships. The success of King is a responsibility shared by dedicated staff, students, families and members of the community. King ES will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

At Langdon Elementary School, we serve students in pre-kindergarten through 5th grade in a learning environment that promotes the acquisition of valuable knowledge and skills and serves as a foundation for each student to progress successfully through all educational levels. Our curriculum consists of a traditional course of study with a focus on science, technology, engineering, arts, and math (STEAM), which makes education and careers in the sciences and the arts more accessible for our students. We foster an ongoing exchange of ideas and resources for our students, parents and educators to achieve our goals.

Mission:

Leckie ES is a Multicultural School housed in the far Southwest area of DC near the South Gate of Bolling AFB. We serve students from 3 to 10 years of age. Our vision at Madeline Victoria Leckie School is a child-centered and diverse learning community that provides each student with the opportunity, resources and foundation to reach his or her full potential, achieve well-rounded citizenship and enjoy multicultural enrichment in a safe, supportive and challenging environment. We strive to increase students' awareness of personal responsibility and to instill a love of lifelong learning. We actively involve parents and the community in supporting student learning and development. We are committed to the academic success of every student and will ensure each student has access to quality learning opportunities within a rigorous and relevant curriculum. We strive to create and maintain a safe and culturally enriched community where students leave motivated to reach their goals and inspired to fulfill their dreams.

Mission:

Ludlow-Taylor is a Title I elementary school on Capitol Hill. The focus of our work has been to build the expertise of our teaching staff so that our instructional program is powerful! Our data reflects impressive growth, kindergarten up through grade 5. Our DC CAS scores moved from 61 percent up to 79 percent in reading and from 59 percent up to 76 percent in math with our intermediate students scoring at the proficient and advanced levels. Our PTA is strong and active and our parents have created a House of Representatives to act as informational liaisons for our many engaged but busy parents. We are an Arts Integration School and our ECE classrooms implement that through Reggio Emilia. Ludlow-Taylor ES recently underwent a modernization. Come join us - Ludlow-Taylor a Reward School!

Mission:

A four-time recipient of the US Department of Education's Blue Ribbon School Award, Horace Mann Elementary School is a lively place of learning where curiosity and connection are celebrated. With our diverse, multi-national population, we are both a global and close community of learners. We embrace academic choice and responsive teaching. Our recently renovated and expanded campus, which features a rooftop farm, arts classrooms, and an expansive outside playscape, invites us to learn within and beyond our school walls. Serious about our students' academic growth, we also believe that a school community must be a place of joy and celebration.

Mission:

Marie Reed is a wonderfully diverse school located in the Adams Morgan neighborhood. Marie Reed is proud of its many services, partnerships, and course offerings. We offer English monolingual and English-Spanish Dual Language strands as learning environments for our children. In both cases, our teachers are dedicated to creating rigorous, authentic learning experiences in every class at every level. Our parent community is active, as evidenced by our wonderful PTA that sponsors several successful events every school year and has raised thousands of dollars. We're preparing all students for college and professional futures starting right now!

Mission:

Maury Elementary School is a small community-based school that offers students a personalized learning environment. Through work and in play, students discover their potential, embrace diversity and benefit from strong relationships with staff, parents and volunteers. Maury is committed to providing inquiry-based learning experiences, arts enrichment and academic programs that enhance students? growth and development. Parents are always welcome and work closely with teachers to ensure that each child receives the attention he/she needs to succeed. At Maury, we educate the whole child in a safe, multidimensional environment.

Mission:

McKinley Technology High School is a Science, Technology, Engineering and Mathematics (STEM) school. It is one of five specialized secondary schools in the district with an application process for enrollment. The high school offers courses in engineering, biotechnology, mass media and information technology. With a variety of rigorous academic options and character development and a motto of ""No Excuses. Just Solutions!"" our program offers the opportunity to develop a well-rounded student. McKinley Middle School is associated with McKinley Technology High School; however, the middle school is a non-specialized neighborhood school with out-of-boundary lottery options.

Mission:

At Moten Elementary School, our mission is to meet the academic, social and individual needs of our students by actively promoting a community of learners and valuing our parents as partners. We work together to develop a caring and nurturing environment where students feel safe to explore and reach their highest potential. Our staff and intervention team work hard to provide students with the tools they need to succeed. We value parents as our partners and are committed to establishing strong parental involvement. To help achieve our goals, we engage actively in community partnerships, host sports and extracurricular activities and take advantage of the latest technology in our newly renovated school.

Mission:

Murch is a Pre-K through 5th grade school. As an organization, we believe in continuous improvement, having each child reach high levels of achievement, and maintaining a focus on results. Our teachers operate in a collaborative culture in order to plan for and provide quality instruction that meets the individual learner's needs. We provide enrichment for students who need a greater challenge and intervention for those students who struggle with the formal curriculum and need additional support to develop an understanding of the concepts being taught. We have many opportunities for students to be involved in after school clubs and activities. Murch is a strong and tight-knit community that celebrates its diversity, its sense of community, and its history.

Mission:

At John Carroll Nalle Elementary School our vision is to develop academically talented scholars with a heart to serve the local and global community. Through strong partnership with Freddie Mac and the National Center for Children and Families we have provided wrap around supports for students and their families utilizing the community schools approach. Our school has an extended day with students arriving as early as 8:00am and dismissed by 5:30pm. Students receive course offerings in art, music, technology, Spanish, Health and Physical Education and Library. The Kennedy Center and the Washington Performing Arts Society provide students with artist in residency experiences, in school performances and field trips to plays and musical performances. We continue to implement a 1:1 iPad program with a strong emphasis on blended learning.

Mission:

At Noyes Elementary, we have incorporated President Obama?s Turnaround Arts integration program into our curriculum. It is a way for classroom teachers to infuse art strategies such as movement, song and visual thinking into daily math, reading, social studies and science to help students learn and retain information better. Turnaround Arts has made the school climate more positive, collaborative, and fun. To extend this creative learning process beyond the school and into students? homes, we hold events during the school year, wherein students and families participate.

Mission:
Orr Elementary School College and Career Academies is a DC3 Collaborative School located in Southeast DC. In addition to offering a high-quality core curriculum and teaching Social Studies and Science, our students also have the opportunity to participate in our arts program, library media center, music, computer, art, foreign language, and physical education classes. To supplement our rigorous academic curriculum, we offer a variety of extracurricular activities including our partnerships with Washington Ballet, Language Stars and Art Around the Corner. We offer our working parents before and after care while also including soccer, basketball, Girls Who Run and many clubs to keep students engaged after school. We have a brand new, state-of-the-art library and a parent center run by our full-time parent coordinator.

Mission:

For more than 40 years, Oyster-Adams Bilingual Education Campus has served as a model for dual-language education in the District of Columbia and nationwide. Children learn 50% of their academic content in English and 50% in Spanish. While learning in a bilingual environment, our students develop their intellect and academic knowledge in two languages at the same time. The cultural diversity within Oyster-Adams forges long-lasting friendships among students and families from different cultural and linguistic backgrounds, nationalities and socio-economic levels and fosters fairness and leadership for everyone. Oyster-Adams is housed at two separate facilities. Our Primary Campus (serving grades pre-kindergarten to 3) is in Woodley Park and our Intermediate Campus (serving grades 4?8) is in Adams Morgan. Both campuses implement a full dual-immersion program.

Mission:

At W.B. Patterson Elementary School, we are dedicated to serving our students in preschool through the 5th grade. Located in Southwest DC, our faculty and staff work extremely hard to ensure that our students are successful both inside and outside the classroom. Our teachers, parents and community partners interact collaboratively to create a safe and nurturing environment that provides access to the highest quality education to all students through instructional excellence, technology integration and artistic expression.

Mission:
The historic Peabody Elementary School building is the early childhood campus of the Capitol Hill Cluster School, serving students in preschool through kindergarten. An arts-integration school, our nurturing faculty is trained and passionate about integrating learning with real life, using different forms of the arts and a hands-on, inquiry-based approach to teaching and learning. We assess each child to learn their strengths and areas for development, and we support their growth with an individualized approach to learning. Our fellow Cluster School students at Stuart-Hobson Middle School come back to Peabody regularly as volunteers and tutors, contributing to our mission of building community responsibility and relationships. We use our edible and ornamental gardens, the Capitol Hill neighborhood and all of Washington, DC as an extension of the classroom, preparing our students to be successful at Watkins Elementary for 1st-5th grade and eventually Stuart-Hobson Middle School for 6th-8th grade.

Mission:

Phelps is a city-wide, comprehensive application high school with rigorous, innovative curricula. We aim to prepare students for higher education and careers in architecture, construction and engineering. Students will be prepared to succeed in college through a strong academic program with Honors and Advanced Placement courses. We have a modern, brand-new facility that gives our students the state-of-the-art tools they need to become college-ready with a CTE certificate of completion. Our new building also boasts computers in every classroom, a virtual heavy equipment simulation lab and Wi-Fi accessibility.

Mission:

Plummer Elementary is dedicated to increasing student achievement and to providing students innovative ways of learning. At Plummer Elementary, we provide a safe and a supportive school community and promote cultural awareness and respect. The Plummer Elementary School vision is to develop well-rounded, confident students who will have the necessary academic and social skills to be productive citizens in a global society. Plummer Elementary is fortunate to have the assistance and the support of many outstanding partnerships, such as City Year, DC Greens, DC Reads, First Rock Baptist Church, The Fishing School, Martha's Table, National Center for Children and Families, N.O.B.L.E., Young Playwrights' Theater, and Wesley Housing. Plummer Elementary is committed to ensuring a high-level of satisfaction for all school stakeholders.

Mission:
Powell Elementary is a joyful community school focused on academic success for all. We are the winners of the Fight for Children Rising Star Award and Dual Language School of the Year Award. Our mission is for every student to reach high levels of academic achievement through rigorous teaching and learning in a nurturing family-friendly school. Students demonstrate their learning through portfolios, investigations, performances, and ongoing assessments. All students take music, art, PE, Latin and library media classes. Our comprehensive prekindergarten-kindergarten program features Tools of the Mind Curriculum. Through our International Spanish Academy Dual Language program students have the opportunity to become biliterate/bilingual while acquiring the skills they need to succeed in a global society.

Mission:

Randle Highlands Elementary School represents a partnership of students, faculty and administrators who are united in their commitment to common objectives. Collectively we work to be a positive force in the community that inspires and prepares all students to become contributing and productive members of society. Through a rigorous blended learning program, students achieve measurable successes in their academic endeavors. Dedicated and motivated learners engage in hands-on, student-led experiences that are applicable to the global community. Our staff is dedicated to fostering a culture that addresses each child's unique learning style through targeted instruction, community partnerships, school-based initiatives and parental involvement. Randle Highlands ES will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

Raymond Education Campus has been selected to pilot DCPS? first extended school-year model. Raymond EC?s dedicated team is passionate about providing a world-class education with the ambition of creating an exemplary learning community. We will empower students to communicate effectively, solve problems independently, demonstrate effective leadership skills, and become responsible citizens in a global society. Our instructional program incorporates inclusion, co-teaching, small class sizes and blended learning. Students in grades pre-kindergarten through 8 participate in our World Language program. Eighth grade students have the opportunity to receive HS credit in Spanish and Algebra I. These academic and social connections will provide the necessary skills to attend college and succeed in our global society. Raymond EC piloted an extended year calendar during school year 2015-2016 and will continue to operate an extended year program for school year 2016-2017.

Mission:

River Terrace Education Campus is a city-wide school, which serves the 1% of the DCPS student population with the greatest needs. Our center offers individualized wrap-care services for our students. In addition to differentiated instruction, our students receive related services such as Speech and Language, Occupational and Physical Therapy, Vision, Orientation and Mobility, and Audiology. We also offer aquatic therapy and medical and dental screening services. Our mission at River Terrace Education Campus is to promote the individual success of our students through diversified instruction, support services, integrated technology, collaboration, parental engagement, and community partnerships that empower all students to reach their full potential as global citizens.

Mission:

The mission of Theodore Roosevelt Senior High School is to provide a supportive environment in which every student will be prepared and empowered for success at the collegiate and career level so as to be a contributing member of society. Roosevelt is a premier comprehensive neighborhood high school serving the Ward 4 community of Washington DC. We serve all students in our boundary and fully embrace the rich academic, cultural and social diversity of our population. For families and students seeking rigorous career and college preparation who want to be a part of a transformative movement, Roosevelt is the multicultural comprehensive high school of choice. Roosevelt meets students where they are, helps them in life management and promotes superior student achievement and grassroots community involvement.

Mission:
Alfred Kiger Savoy Elementary is a PK3?5 Arts Education Institution centered around the idea of becoming a beacon to the world by creating an exciting environment where young people are peerless in their academic achievements and fearless in their artistic accomplishments. We believe that it is our purpose and responsibility to affirm cultural self-awareness that allows each student to envision and fulfill his or her destiny. As a past recipient of the President's Committee on the Arts and Humanities Turnaround: Arts designation, our teachers strive to convey the abilities to think critically, act responsibly and apply these concepts consistently. With at least five computers in every classroom, Promethean Boards in grades 2?5, a library media center with more than 10,000 volumes, and a 25-terminal computer lab, our dedicated faculty is more than prepared to develop lifelong learners for the 21st century and beyond.

Mission:

School Without Walls at Francis Stevens will provide every student with a rigorous college preparatory, humanities program that incorporates global and local resources in an experiential and interdisciplinary methodology to teaching and learning. We prepare our students for their academic futures and ensure that they have the proper social and life skills to be responsible global citizens. Our dedicated staff truly care about our students and are committed to providing a rigorous and high-quality education. All of the instruction students receive is standards-based and we offer a variety of enrichment activities, such as Latin foreign language classes, to supplement our core academic program.

Mission:

School Without Walls (SWW) is a public magnet high school established in 1971 and accredited by the Middle States Association of Colleges and Schools. Over the years, the school has become one of the most outstanding schools in the District of Columbia Public School system. Walls was recognized by the U.S. Department of Education as a Blue Ribbon School, a program that honors schools whose students achieve at high levels. Newsweek's list of America's best high schools ranked School Without Walls as a top school. School Without Walls provides a quality student-centered environment that maximizes integrative, interactive and experiential learning within the framework of a humanities approach. This program is achieved by using the city and the world as a classroom for our students.

Mission:

School-Within-School @ Goding (SWS) is a teacher-directed, Reggio Emilia-inspired school. We are a vibrant, early childhood and elementary learning environment for preschool through 4th grade students (we will add 5th Grade in 2016-2017). SWS is located at 920 F Street, NE. Our mission is to support and develop childrens' potential through a uniquely child-centered, collaborative teaching and learning environment inspired by the philosophy and practice of the Reggio Schools for children in Reggio Emilia, Italy.

Mission:

Located in the historic Shaw neighborhood, Seaton Elementary has an extremely diverse, multicultural staff and student population. Although our students hail from different cultural backgrounds, they have formed strong bonds and have created a thriving school community. At Seaton, we have a strong English as a Second Language program that serves students who speak Chinese, Spanish and Amharic. When our students leave Seaton, they should be able to excel in middle school and throughout the rest of their academic careers.

Mission:

Abram Simon Elementary School has created a learning environment that educates the whole child. Core academic subjects are supported and enhanced through the arts and technology. Our school serves students in the general education setting as well as provides service for students requiring support services such as speech and language, social work services, occupational services and physical therapy services. Our mission is to, in concert with students, families, the broader community and the support of management and operations, prepare all students to be responsible citizens and afford them the opportunity to acquire the skills, knowledge and abilities necessary to make decisions that lead to meaningful and productive lives.

Mission:
Smothers Elementary is a community-based and achievement focused school. Smothers is a founding school of the DC Collaborative for Change (DC3); which aims to develop highly effective teaching & learning practices in order to ensure success for all scholars. The mission of Smothers Elementary, in partnership with our entire community, is to foster a safe and nurturing environment that promotes creativity, curiosity, and develops lifelong learners. This requires a rigorous developmentally appropriate model of education which is centered around students, facilitated by teachers, and supported by home and community. We live our vision by practicing our five core principles represented by the acronym P.R.I.D.E. (Proud of self and community, Respectful of self and others, Invested in our future, Determined to excel, and Excited for learning).

Mission:

DC Scholars Stanton Elementary, operated as a partnership school by Scholar Academies, prepares students for the path to college and provides students with a foundation of life skills required to become productive members of their communities. We believe that every student can succeed when they are held to the highest expectations. DC Scholars Stanton Elementary students receive double reading and double math in addition to science, social studies, art and music. A core philosophy of DC Scholars Stanton Elementary is that we must make a collective commitment to ensure our students are receiving the highest quality education.

Mission:
Stoddert Elementary School serves over 400 students in prekindergarten through 5th grade. The students hail from very diverse backgrounds, representing 26 different countries and speaking over 28 languages. We pride ourselves on our strong parental involvement and community interest. Stoddert was recognized by the U.S. Green Building Council as LEED Gold status. Our students learn in a beautiful geothermal, renewable-energy modernized school, complete with a state-of-the-art gym and cafeteria and a rooftop urban garden. We were honored to receive the first Green Ribbon School award for exemplary achievement in environmental impact and energy efficiency, health and wellness, and environmental education from the U.S. Department of Education and continue our focus to educate students and the community in understanding the world and our impact on it. We have earned autonomy status after a quality school review by demonstrating an outstanding record of high student achievement.

Mission:

Stuart-Hobson offers a comprehensive academic program appropriately rigorous for the learning needs of young adolescents. We have accelerated Humanities, Pre-Algebra and Algebra I, Science and Social Studies courses. Our dedicated faculty engages all students in participation in National History Day, Citywide Science Fair and School-wide Enrichment Model. We also offer Studio Art, Project Lead the Way, Brainology, Band/Orchestra and Physical Education core courses. Electives are also offered during our optional extended day in conjunction with our After School All Stars program. Additionally, our school is widely known for our 8th grade graduates attending most competitive public and private high schools in the DC region including students admitted to The Sidwell Friends School, Elizabeth Seton, and Bishop McNamara private high schools.

Mission:

At Takoma Education Campus, our motto is 'Takoma students work hard, get smarter, go to college.' Our goal for our students is to have a strong academic foundation that will lead to success in college and beyond. To that end, we have been committed to providing a high-quality education to students in preschool through 8th grade for more than 30 years. Takoma is an Arts Integration school. Arts Integration instruction blends content skills from a visual or performing arts discipline with another academic subject. At Takoma, arts integration opportunities happen inside the classroom as well as through engaging partnerships and cultural experiences. Our after school program offers sports and a variety of extracurricular activities for our middle school students.

Mission:

At Neval Thomas Elementary School, our mission is to help our students excel academically while becoming well-rounded, global citizens. We partner with the DC Promise Neighborhood Initiative which supports our approach that focuses on fully integrating and coordinating resources to improve academic and social outcomes for all students in our footprint. In order to provide our students with additional academic support we also offer tutoring, academic enrichment and interventions. Thomas ES will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

Strong John Thomson Elementary School is a rigorous and multicultural environment where students grow into global citizens possessing a sense of inquiry, values and a desire for high academic achievement. Strong John Thomson Elementary School is renowned for its diversity and academics, making steady gains over the last four years. Thomson was the first DCPS elementary school to become an International Baccalaureate (IB) PYP World School. As an IB school, we prepare students to be active participants in a lifelong journey of learning. Our diverse staff is committed to excellence and working with our families and the community to provide a challenging academic program that prepares students for their future success both inside and outside of the classroom.

Mission:

Our goal at Truesdell Education Campus is for every child we serve to receive the character, education and academic development necessary to be successful in college, in their careers and in life. We start talking about college with our three-year-old preschool students. The educators in the building are extremely committed to helping children develop in all areas, with many volunteering to stay after school and on weekends to work with children. The staff truly goes above and beyond.

Mission:

Tubman offers a comprehensive, rigorous academic program serving the needs of all learners. We offer rich math and literacy programs. All students take Spanish, STEM, art, music and PE. We believe in applied learning and use the resources we have living in DC including rich field trips, partnerships with Live It, Learn It, Young Playwrights? Theater and organizations focusing on health and local food. We use the Tools of the Mind curriculum for our youngest learners allowing them to learn organically through exploration and play. The Tubman community is hard working, passionate about learning and eager to partner with families to best support our children in becoming informed and compassionate citizens. Along with our community partners and families, we are putting students on a path to college and empowering them to change the world.

Mission:

At Turner Elementary School we prepare students in every possible way for academic success. Our mission is to facilitate a love for learning and to transform our students into lifelong learners. We are fortunate to have the support of many community partners and organizations to supplement our rigorous academic program. We are poised for success because we are turning potential into reality. Parents, staff and administrators are fully committed to creating an inclusive, engaging and rich learning environment for all of our students. Turner ES will participate in extended year starting in school year 2016-2017 and will therefore have a calendar that includes more than the standard number of days of instruction.

Mission:

Tyler Elementary School, located on Capitol Hill, is a vibrant learning community that supports all learners. Written in Haiku form, Tyler?s mission statement, ?Tyler Grows Learners; Arts, Language, Technology; Global Citizens,? summarizes the hopes Tyler has for all of its students. With a focus on arts integration, language learning and strong standards-based instruction, Tyler offers programming that includes Dual Language Spanish Immersion for preschool to fifth grade, an Arts-Focused program with deep exploration in a range of expressive arts, and specialized instruction for a variety of learners including students with Autism Spectrum Disorder. At Tyler, we ensure student success through strong partnerships with our families and the community.

Mission:

The mission of the Luke C. Moore High School is to provide a high-quality and compassionate secondary educational setting for disengaged youth ages 17?20 who have dropped out of high school, may have adjudication issues, or have had difficulties in traditional school settings. The school seeks to provide each student with an individualized program that addresses both their academic and socio-emotional needs. Luke C. Moore challenges students to become educated, productive and responsible contributors to society.

Mission:

Housed in a brand new state-of-the-art facility near the heart of Washington DC, the Walker-Jones Education Campus is a prekindergarten through 8th grade community-based and success-oriented school. The Walker-Jones Education Campus mission is to provide each student a diverse education in a safe, supportive environment that promotes self-discipline, motivation and excellence in learning. The Walker-Jones Education Campus team joins the parents and community to assist the students in developing skills to become independent and self-sufficient adults who will succeed and contribute responsibly in a global community. This is demonstrated by practicing our four core principles of Knowledge, Service, Leadership, and Character.

Mission:

Watkins is a safe, comfortable and engaging learning environment. Watkins develops well-rounded students who work collaboratively and recognize their role as members of a larger community. With a curriculum focused on non-fiction writing, critical thinking skills and conceptual math, teachers emphasize the application of numeracy and literacy to real-world situations, use multiple methods to teach each skill and encourage students to explain and discuss their approach to solving problems. Five special subjects art, music, computer, Spanish and physical education reinforce and enhance the academic curriculum. Watkins employs Responsive Classroom, a research-based approach to education that encourages cooperation, empathy, responsibility, self-control and collaborative problem solving.

Mission:

West Education Campus is one of more than six DCPS funded School-wide Enrichment Model (SEM) schools that provide advanced-level enrichment opportunities for all scholars. Throughout the day, scholars have enrichment opportunities via online tools, small group interactive experiences as well as off-campus excursions. West is characterized by a compassionate and joyful learning environment. Our dedicated staff is committed to ensuring success for all scholars by challenging each scholar and fostering their academic achievement and social development. At West, we work in partnership with our families as we collectively grow and empower our school community.

Mission:

Housed in a brand new, state-of-the-art facility, Wheatley Education Campus is a school with caring teachers and staff who believe that every child can succeed inside and outside of the classroom. We believe that the mental health and wellbeing of our students is essential, so we have social workers and a psychologist on staff to meet our students' needs. At Wheatley, the key to our success is the quality of our teachers and dedicated staff who work incredibly hard to ensure that every child is successful and growing both academically and socially.

Ward: 4

Neighborhood Clusters: Takoma, Brightwood, Manor Park

Principal: Tenia Pritchard

tenia.pritchard@dc.gov

Mission:

As a pre-kindergarten to 8th grade education campus, Whittier's activities focus on rigorous instruction that is inclusive of active learning strategies, differentiated instruction, excellence in technology instruction, hands-on experiences and authentic assessments. Advancements in the field of Science, Technology, Engineering and Mathematics (STEM) have radically changed the way we function. In order to adapt to the fast-changing technology in our world and be leaders in using, creating and developing the next line of advancements in any field or career, our students need exposure to and adequate training in the STEM field. Our STEM school designs lessons and a school culture to promote STEM issues and skills. In a STEM classroom at any level and in any subject, students actively learn through discovery. Students and teachers are engaged and motivated, and they work together as fellow-adventurers to explore while they learn.

Mission:
Woodrow Wilson High School, DC's largest high school, is home to a diverse student population defined by tolerance, acceptance and academic rigor. At Wilson, we strive to 'make decisions based on student learning.' The recently modernized eight acre, seven building campus was awarded LEED certification and Green Ribbon School status. More than 90% of Wilson graduates attend college and members of last year's class were accepted to over 200 colleges, universities, and junior colleges across 41 states and the District of Columbia and offered over $28 million in scholarships. Wilson currently offers college-level courses in 30 AP subject areas as well as Engineering and Bio-Medicine. Over 850 Wilson scholars are in one of the seven rigorous college and career-readiness academies. Wilson fields 20 DCIAA teams and another 20 club teams.

Mission:

DCPS @ Youth Services Center is an alternative school within a youth detention facility. The school is designed to meet the needs of students who are currently detained by the juvenile justice system regardless of academic career history and current academic standing. Our mission is to meet the academic needs of at-risk students by creating an energetic environment conducive to learning. Our academies cater instruction to each student's learning style and ability through the use of staff who foster academic excellence, build character and re-engage students who may not have attended school for a significant period of time. To improve student learning and success we focus on reading, writing and numeracy.

Central Office and School Support (Budget)

In FY 2018, DCPS' Chief divisions will be divided between school-support and central costs. School-support costs include programs, services, and people providing support to schools. Central offices costs support fund management, oversight, and centralized administration for the school district. Table 4 shows school-support costs with activities beginning with "SS" and central costs with activities beginning with "CZ".

DISTRICT OF COLUMBIA PUBLIC SCHOOLS

OFFICE OF THE CHIEF OPERATING OFFICER (SY 2017-2018)

Mission:

The Office of Chief Operating Officer coordinates school and central operations services, school budgets, compliance functions, and the enrollment process to ensure that DCPS schools will be ready on the first day of school and every day after.

The Teachers' Retirement System provides the District's required contribution to this retirement plan, which is administered by the District of Columbia Retirement Board (DCRB).

Under provisions of the Police Officers, Firefighters, and Teachers Retirement Benefit Replacement Plan Act of 1998 ("the Act"), the federal government assumed the District's unfunded pension liability for the retirement plans for teachers, police officers, firefighters and judges. Pursuant to the Act, the federal government will pay the retirement and death benefits, and a defined share of disability benefits, for employees for service accrued prior to July 1, 1997. The costs for benefits earned after June 30, 1997 are the responsibility of the Government of the District of Columbia. This budget reflects the required annual District contribution to fund these earned benefits. Pursuant to District Code section 1-907.03(b) (2006 Repl.), the District is required to budget the pension contribution at an amount equal to, or greater than, the amount certified by the DCRB on the basis of a prescribed actuarial study and formula calculation that is set forth in section 1-907.03. On January 12, 2017, DCRB transmitted the certified contribution for inclusion in the District's FY 2018 proposed budget as reflected in this chapter.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

The Teachers' Retirement System operates through the following program:

Teachers' Retirement System – D.C. Code section 1-907.03(b) requires the District to appropriate funds that are equal to, or greater than, the actuarially determined amount as the District's annual contribution to the retirement plan.

Program Structure Change

The Teachers' Retirement System has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Teachers' Retirement System's (TRS) proposed FY 2018 gross budget is $59,046,000, which represents a 4.0 percent increase over its FY 2017 approved gross budget of $56,781,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

TRS' FY 2018 CSFL budget is $57,774,668 which represents a $993,668, or 1.8 percent, increase over the FY 2017 approved Local funds budget of $56,781,000.

CSFL Assumptions

The FY 2018 CSFL calculated for TRS included an adjustment entry that is not described in detail on table 5. This adjustment is an increase of $993,668 to reflect the FY 2018 Financial Plan projections.

Agency Budget Submission

Technical Adjustment: TRS' proposed budget reflects an increase of $1,271,332. This adjustment is based on the District of Columbia Retirement Board's approved actuarial certification that was transmitted to the Mayor in a letter dated January 12, 2017.

Mayor's Proposed Budget

No Change: The Teachers' Retirement System's budget reflects no changes from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Teachers' Retirement System's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of the Office of the State Superintendent of Education (OSSE) is to remove barriers and create pathways so District residents receive an excellent education and are prepared for success in college, careers, and life.

Summary of Services

The Office of the State Superintendent of Education serves as the District of Columbia's State Education Agency (SEA), thereby granting OSSE oversight responsibility over all federal education programs and related grants administered in the District of Columbia. OSSE has responsibility for setting state-level standards and annually assessing student proficiency, ensuring universal access to childcare and pre-k programs, providing funding and support to adult education providers and Local Education Agencies (LEAs) in achieving objectives, ensuring the state tracks and makes available accurate and reliable data, and assessing meaningful interventions to ensure quality improvements and compliance with state and federal law.

OSSE also leads Special Education Transportation and Non-Public Tuition, and administers the District of Columbia Public Charter Schools payments.

Division Description

The Office of the State Superintendent of Education (OSSE) operates through the following 10 divisions:

Front Office – drives overall change management and improvement, in coordination with leadership team members; fosters coordination within the agency and ensures strong and effective relationships with external partners; and ensures internal and external stakeholders are clear on the agency's role, its direction and priorities, day-to-day decisions and actions, and the rationale behind them.

This division contains the following 2 activities:

- **Office of the State Superintendent** – provides executive leadership to OSSE's mission; and
- **Office of the Chief of Staff** – drives overall change management and improvement, in coordination with leadership team members; executes the agency's approach to recruit, develop, and retain talent; and sets up structures for ongoing feedback and performance management, including building capacity within existing staff members.

Data, Assessments, and Research – responsible for the agency's data management, District-wide student assessment administration and oversight, the performance of critical analyses to inform District policies, and other key functions.

This division contains the following 3 activities:

- **Office of the Assistant Superintendent** – supports the division through developing strategic community partnerships and coordinating engagement around OSSE's data tools and reports;
- **Office of Assessments and Accountability** – leads OSSE's Next Generation Assessment annual test administration coordination, policy portfolio, and test integrity procedures; and

- **Office of Longitudinal Data Systems** – provides strategic support to local education agency (LEA) and school operations by ensuring secure access to high quality historical and current student level data.

Business Operations – provides and facilitates a wide variety of services for both OSSE employees and external customers, including building and facility management, the resolution of parental disputes involving residency status and special education hearings, grants management and compliance oversight, coordination and oversight of the District's annual enrollment audit, and management of residency investigations.

This division contains the following 5 activities:

- **Office of the Chief Operating Officer** – oversees all activities within the Division of Business Operations, and works with the Office of Contracting and Procurement;
- **Office of Building Operations** – provides operational and facility logistical support to all OSSE divisions, including risk management, customer service, and language access;
- **Office of Dispute Resolution** – conducts due process special education hearings, residency fraud hearings, mediation, and Equal Employment Opportunity oversight;
- **Office of Grants Management and Compliance** – provides the agency with grants management, fiscal, and compliance support, and manages the agency's annual A-133 audit and the Enterprise Grants Management System; and
- **Office of Student Enrollment and Residency** – oversees the annual enrollment audit, manages residency verification, investigates residency fraud, and facilitates charter school closures.

Systems Technology – manages all aspects of information technology systems within OSSE.

This division contains the following 4 activities:

- **Office of the Chief Information Officer** – grows OSSE's portfolio via visioning, strategic themes, roadmaps, and enterprise consolidation;
- **Office of Applications** – supports, develops, and manages OSSE's internal and external applications;
- **Office of Project Management** – manages OSSE's IT portfolio, internal staff resources, vendors, and coordination between programmatic divisions and IT; and
- **Office of Infrastructure and Technology Support** – provides day-to-day support of the agency's computer systems, service desk, email, and network resources.

Health and Wellness – encourages, educates, and engages District residents, educators, community partners, and schools to develop sustainable wellness and nutrition strategies; and operates the DC State Athletic Association.

This division contains the following 2 activities:

- **Office of Health and Wellness** – supports schools with Healthy Schools Act compliance, technical assistance, and grant management; supports the Healthy Youth and Schools Commission; and manages federally and locally funded programs that focus on sexual health, mental health, and physical health of District students; and
- **District of Columbia State Athletic Association** – serves member schools within the association by providing leadership and support for interscholastic athletic programming that will enrich the education experiences of all participants.

Elementary, Secondary, and Specialized Education – oversees elementary, secondary, and specialized education activities within the District's LEAs.

This division contains the following 8 activities:

- **Office of the Assistant Superintendent** – provides LEAs with a combination of meaningful supports and interventions to accelerate school improvement and student outcomes, in accordance with the Individuals with Disabilities Education Act (IDEA) and the Elementary and Secondary Education Act (ESEA), soon to be the Every Student Succeeds Act (ESSA);
- **Office of Accountability, Performance, and Support** – creates the regulatory and policy framework to support compliance, drive achievement, foster innovation, and disseminate best practices across sectors;
- **Office of Teaching and Learning** – supports the development of great teachers and leaders who have the skills and knowledge to effectively reach all learners, including students with disabilities and English Language Learners;
- **Office of Community Learning and School Support** – fosters community-parent-school connections and out-of-school learning opportunities that support students with disabilities and students who are homeless, home schooled, or in private schools;
- **Office of Special Programs** – oversees nonpublic placement and ensures appropriate oversight of programming for students with disabilities in private schools, and coordinates behavioral health and community school partnerships;
- **Office of Policy, Planning, and Charter School Support** – supports specialized charter sector planning and funding initiatives;
- **Office of Strategic Operations** – coordinates a strategic fiscal spending plan that supports core work, and ensures that staff have supporting conditions to be effective, through the creation of sound operational procedures and tracking systems; and
- **Office of Child and Family Services Agency (CFSA) General Education Tuition** – provides payments to neighboring jurisdictions' public school systems to cover the general education costs of wards of the state.

Post-Secondary and Career Education – assists District residents in accessing adult and post-secondary education opportunities, and additionally helps provide them with career and technical education.

This division contains the following 9 activities:

- **Office of the Assistant Superintendent** – works with division programs to develop policy, procedures, and strategic interventions that improve program efficiency and outcomes;
- **Office of Higher Education Financial Services and Preparatory Programs** – provides grants in excess of $30 million to District students for tuition assistance at colleges and universities throughout the country;
- **Office of Adult and Family Education** – provides services to support adult learners in increasing literacy levels and obtaining a General Education Development (GED), post-secondary education, or job training;
- **Office of Career and Technical Education** – provides funding to support Career and Technical Education programming;
- **Office of GED Testing** – facilitates the administration of GED examinations within the District and supports certification attainment for high school students;
- **District of Columbia Education Licensure Commission** – licenses degree-granting and non-degree-granting postsecondary institutions in the District of Columbia;
- **Office of College and Career Readiness** – establishes programs and provides services to support middle and high school students as they prepare for postsecondary education and careers;

- **Office of Career Education Development** – administers the District's CTE Innovation Fund, including establishing Career Academy Networks within District schools; and
- **District of Columbia Reengagement Center** – reconnects youth, ages 16-24, to educational options and provides wrap-around services to support reengagement.

Early Learning – provides leadership and coordination to ensure access to high-quality early learning programs for all District children from birth to kindergarten to ensure every child is ready for school.

This division contains the following 6 activities:

- **Office of the Assistant Superintendent** – oversees all activities within the division, including the awarding of early learning grants, the development of early learning-related policies within the District, and Head Start state collaboration activities;
- **Office of Licensing and Compliance** – licenses and monitors child development centers and homes, sets policy for the child care subsidy program, and administers subsidy payments;
- **Office of Early Intervention** – ensures full implementation of IDEA Part C and a comprehensive statewide system of early intervention services; and serves as the District's point of entry for infants and toddlers with delays and disabilities, ages birth to age 4, and their families;
- **Office of Program Quality** – works to boost the quality of early learning programs and shares information with families about quality throughout the District;
- **Office of Professional Development** – develops and implements the state's professional development system for professionals serving children birth to age five, provides support for parent engagement, and manages and supports the Quality Improvement Network (QIN) related to early learning in the District; and
- **Office of Pre-Kindergarten Enhancement** – oversees and distributes funds from the Pre-K Enhancement Program.

General Counsel – provides legal services, assists in cases of litigation, and conducts other support activities for the agency. This division provides legal review of key documents, legal research, and advice; leads litigation and hearings; and supports drafting of statutes and regulations.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Office of the State Superintendent of Education has no division structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Office of the State Superintendent's (OSSE) proposed FY 2018 gross budget is $488,228,748, which represents a 1.4 percent decrease from its FY 2017 approved gross budget of $495,306,485. The budget is comprised of $165,386,544 in Local funds, $4,675,765 in Dedicated Taxes, $45,000,000 in Federal Payments, $234,317,038 in Federal Grant funds, $1,047,018 in Special Purpose Revenue funds, and $37,802,382 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OSSE's FY 2018 CSFL budget is $144,161,315, which represents a $2,043,218, or 1.4 percent, decrease from the FY 2017 approved Local funds budget of $146,204,533.

CSFL Assumptions

The FY 2018 CSFL calculated for OSSE included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $401,273 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for OSSE includes a reduction of $2,400,000 to account for the removal of one-time funding appropriated in FY 2017 for the Early Literacy program for third grade reading success and Out-of-School program initiatives. Additionally, a net decrease of $44,491 for the Fixed Costs Inflation Factor accounts for decrease of $61,236 in Telecommunication estimates and an increase of $16,745 in fleet estimates.

Agency Budget Submission

As the District's State Education Agency, OSSE remains committed to providing quality resources and programs that will increase District residents' opportunities to achieve successes in both education and life. OSSE achieves this through the use of a collection of quality data and analysis tools that track the needs and progress of students; implementing quality and equity expectations for programs; providing responsive and consistent customer service and communication; and being innovative in its recruitment and maintenance of talented staff members.

OSSE proposes the following adjustments to its FY 2018 budget:

Increase: In Local funds, OSSE's budget proposal includes a net increase of $3,802,914 to support projected salary and Fringe Benefits adjustments. Personal services also increased 35.3 Full-Time Equivalent (FTEs) positions, primarily in the Early Learning division to support early intervention for infants and toddlers with developmental needs and to support data infrastructure within the division. OSSE's budget also includes an increase of $2,659,454 in nonpersonal services primarily in the Data, Assessments, and Research division for professional services fees. OSSE's budget also increased by $475,251 to support projected Fixed Costs estimates from the Department of General Services, Telecommunication, and Fleet.

In Dedicated Taxes, OSSE's proposed budget reflects a net increase of $397,136 and 3.9 FTEs in personal services for the Health and Wellness division to support projected salary and Fringe Benefits adjustments.

In Federal Payments, OSSE's budget proposal reflects a net increase of $257,408 and 1.2 FTEs in personal services for the Post-Secondary and Career Education division to support projected salary and Fringe Benefits adjustments.

In Federal Grants, OSSE's budget proposal includes a net increase of $377,291 and 2.1 FTEs to support projected salary and Fringe Benefits adjustments and staffing needs primarily in the Early Leaning Division for program quality initiatives.

In Special Purpose Revenue funds, OSSE's proposed budget reflects a net increase of $207,699 and 3.0 FTEs primarily in the Business Operations Division to support projected salary and Fringe Benefits adjustments and staffing needs.

In Intra-District Funds, OSSE's budget proposal includes an increase of $43,000 in nonpersonal services, primarily in the Health and Wellness division, to support projected costs for professional services fees, supplies, and travel expenses.

Decrease: In Local funds, OSSE's budget proposal includes decreases of $4,097,848 in the Systems Technology division to partially offset personal services costs for projected salary and Fringe Benefits adjustments and staffing needs, and $4,247,423 in the Early Learning division to recognize savings within nonpersonal services, primarily in contracts.

In Dedicated Taxes, OSSE's budget proposal for nonpersonal services includes a net decrease of $403,645 primarily to partially offset projected salary and Fringe Benefit increases in personal services.

In Federal Payments, OSSE's budget proposal includes a net decrease of $257,408 in nonpersonal services to offset projected salary and Fringe Benefit increases in personal services.

In Federal Grants, OSSE's proposed budget reflects a net decrease of $12,030,531 based on projected grant awards.

In Special Purpose Revenue, OSSE's budget proposal reflects a net decrease of $207,699 to offset projected salary and Fringe benefit increases.

In Intra-District funds, OSSE's proposed budget includes a net reduction of $43,000 and 1.0 FTE to reflect the savings from the elimination of a term full-time position in the Health and Wellness division; this adjustment offsets the increase in nonpersonal services.

Mayor's Proposed Budget

Enhance: OSSE's Local budget proposal includes adjustments to reflect a $15,000,000 one-time increase in funding for child care initiatives; $3,000,000 to support the School Technology Fund; $1,500,000 reallocated from the Elementary, Secondary, and Specialized division to support licensing and compliance within the Early Learning division; $988,684 and 9.0 FTEs reallocated from the Early Learning division to the Systems Technology division; and $235,000 in funding to support Advance Placement (AP) test fees for eligible students.

Reduce: OSSE's budget proposal includes reallocations of $1,500,000 from Subsidies and Transfers within the Elementary, Secondary, and Specialized Education Division to the Early Learning division; and $988,684 and 9.0 FTEs from Early Intervention within the Early Learning division to support the Systems Technology division.

Transfer-Out: OSSE's budget proposal includes a transfer of 1.0 FTE to the Fire and Emergency Medical Services department to serve as an Automated External Defibrillator (AED) Program Coordinator for the District of Columbia Public Schools.

District's Proposed Budget

Enhance: OSSE's Local funds budget proposal includes two one-time adjustments totaling $2,150,000 in the Early Learning division: $2,000,000 to expand the number of available childcare slots and to increase participation by Community Based Organization (CBO) in the Pre-K enhancement program and $150,000 for the implementation of the Child Care Study Act of 2017. OSSE's proposed Local funds budget also includes a net increase of $1,590,086, which includes $4,500,000 to increase the value of childcare subsidy vouchers; $1,600,000 for Early Literacy grant programs, $296,086 of which $100,000 is one-time funding, for the Community Schools program, $175,000 for the DC Scholars program, and $100,000 for restorative justice program grants in public schools, a technical adjustment that transfers $106,000 from Non-Departmental to OSSE to fund the Youth Suicide Prevention and School Climate Survey Amendment Act, partially offset by a net reduction of $5,187,000 in various programs and activities based on historical underspending.

In Dedicated Taxes, OSSE's budget proposal includes an increase of $400,000 in the Healthy Schools program to expand the number of schools eligible for school nutrition improvement grants.

Transfer-In: OSSE's Local budget for the Business Operations program includes a transfer of $1,149,690 and 7.0 FTEs from the Office of the Deputy Mayor for Education to support the MySchoolDC program, the District's public and public charter school application, placement and notification program. The proposed Local Business Operation program was reduced by $160,000 in supplies and contracts, which partially offset of the Business Operations program's budget resulting in a net increase of $989,689.

Reduce: OSSE's budget proposal includes a decrease of $319,366 and the elimination of 3.0 vacant FTEs.

Technical Adjustment: The FY 2018 Federal Payments budget for the Office of State Superintendent of Education is reduced by $15,000,000 to align the budget with the President's budget request.

Agency Performance Plan

Office of the State Superintendent of Education (OSSE) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. High quality and actionable data: OSSE will provide high-quality data and analysis that will empower Local Education Agencies (LEAs), Community-Based Organizations (CBOs), and providers to meet the needs of all learners and allow education partners to make informed policy decisions.
2. Quality and equity focus: OSSE will work with our education partners to set high expectations for program quality and align incentives to accelerate achievement for those learners most in need.
3. Responsive and consistent service: OSSE will provide responsive, consistent, and considerate customer service to free up LEAs, CBOs, and providers and allow them to focus on instruction and support for students.
4. Top notch talent: OSSE will attract, develop, and retain top-notch talent to build a highly effective state education agency that makes a meaningful contribution to DC education.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. High quality and actionable data: OSSE will provide high-quality data and analysis that will empower Local Education Agencies (LEAs), Community-Based Organizations (CBOs), and providers to meet the needs of all learners and allow education partners to make informed policy decisions. (6 Activities)

Activity Title	Activity Description	Type of Activity
Key Education Issues	Conduct research and data analysis for key education issues for the District (e.g., Student Mobility Report, Equity Reports, evaluations of key programs/projects, next generation assessment results, and fulfillment of additional data requests).	Key Project
Continuous Improvement Across Education Landscape	Support accountability and continuous improvement across the District's education landscape. Manage state accountability system and provide transparency on key education data.	Daily Service
Technical Assistance to LEAs	Provide technical assistance, oversight, and support to improve performance of low-performing schools and boost college- and career-readiness of students and equitable access to effective educators.	Daily Service
Federal Reporting to Department of Education	Collect, validate and aggregate data for federal reporting from LEAs.	Key Project

Implement Policy Agenda	OSSE engages with LEAs and the public regarding proposed regulations through outreach and discussion with major stakeholder groups through means such as working groups, meetings, and public hearings. In addition, OSSE informs LEAs of new or updated regulations or policies through existing partner lists and coalitions or consortia, as well as through OSSE's weekly newsletter, the LEA Look Forward. OSSE provides a formal public comment period for proposed regulations (generally 30 days).	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. High quality and actionable data: OSSE will provide high-quality data and analysis that will empower Local Education Agencies (LEAs), Community-Based Organizations (CBOs), and providers to meet the needs of all learners and allow education partners to make informed policy decisions. The mission of the District of Columbia Public Charter Schools (DCPCS) is to provide an alternative free education for students who reside in the District of Columbia.

The District of Columbia Public Charter School Board is authorized to grant charters. Each charter school is a private, non-profit corporation. This agency includes the District of Columbia appropriations to the DCPCS system. Payments from this agency to individual charter schools are made quarterly on the basis of enrollment as set forth in the District of Columbia Official Code, Section 38-2906.02.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

The District of Columbia Public Charter Schools operates through the following program:

DC Charter Schools – Under the provisions of law set forth in Division VI, Title 38, Subtitle IV, Chapter 17 of the District of Columbia Official Code, public charter schools are private, non-profit corporations that operate under the terms and conditions set forth in their charters and as approved by the District of Columbia Public Charter School Board, the chartering authority. The public charter schools are autonomous, nonsectarian institutions that cannot charge tuition to District resident students. Additionally, public charter schools cannot impose discriminatory admission policies or tests on District resident students. Public charter schools receive the same level of District funding for their enrolled students as students enrolled in the District of Columbia Public Schools, pursuant to the District's Uniform Per Student Funding Formula (UPSFF) (refer to District of Columbia Official Code Section 38-29). Public charter schools also receive a facilities allowance to maintain and operate their buildings. In addition to District government funding, public charter schools are eligible to receive federal and private grants and may engage in private fund-raising.

The District of Columbia public charter schools operate under these goals:

- Public charter schools will abide by the provisions set forth in their individual charters;
- Individual public charter schools will comply with all reporting requirements set forth by the chartering authority;
- Public charter schools will provide students with exposure to career pathways and focus on particular areas of study to further enhance students' academic experiences;

- Public charter schools will meet all academic performance goals set forth in their individual charter agreements; and
- The chartering authority will monitor and evaluate performance of public charter schools based on the provisions set forth in each school's charter.

Program Structure Change

The District of Columbia Public Charter Schools has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The DC Public Charter Schools' (DCPCS) proposed FY 2018 gross budget is $813,738,500, which represents a 12.4 percent increase over its FY 2017 approved gross budget of $723,717,252. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCPCS' FY 2018 CSFL budget is $738,185,828, which represents a $14,468,576, or 2.0 percent, increase over the FY 2017 approved Local funds budget of $723,717,252.

CSFL Assumptions

CSFL funding for DCPCS reflects an increase of $14,468,576 for the Student Funding Formula Inflation Factor to account for an inflation factor of 2.0 percent, which was applied to the UPSFF.

Agency Budget Submission

DCPCS continues to provide a quality alternative for education that provides both traditional and innovative approaches to learning for District residents. DCPCS proposes the following budget adjustments:

Increase: DCPCS' budget proposal includes an increase of $68,296,855 to support projected operating costs and student enrollment.

The budget proposal anticipates an increase in student enrollment by 3,408 students, or 8.3 percent, over the FY 2017 proposed enrollment of 40,953. In the FY 2018 UPSFF analysis, the proposed budget also reflects increased projections of 18.3 percent for Special Education and 2.2 percent for At-Risk Students over FY 2017 projections.

Mayor's Proposed Budget

No Change: The District of Columbia Public Charter Schools' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: DCPCS' Local funds budget proposal reflects a net increase of $7,255,817 to support a 3.0 percent growth for the base number in the Uniform Per Student Funding Formula (UPSFF). This increased base is then applied to changes in projected student enrollment as well as Individual Education Program (IEP) status and other factors.

Protected Programs: The District's public and public charter schools receive Local funding through the UPSFF. This system of funding was established by the District of Columbia School Reform Act of 1995 and was designed to ensure that all public schools across the District receive the same level of funding on a per-student basis, regardless of what neighborhood the school is in or where students live. This formula was estimated to be derived from a market basket of goods and services determined by analysis that uses local, regional, and national education funding research and practices to develop a foundation. The percentage allocation of the market basket dollars has not changed in FY 2018. The UPSFF is intended to cover all local education agency operational costs for District public schools, including school-based instruction, student classroom support, utilities, administration, custodial services, and instructional support, such as curriculum and testing. The UPSFF is based on a foundation amount, which is then enhanced according to different weights for higher-cost grade levels and supplemental funding weights for students with special needs. The average cost per student, based on the proposed enrollment of 44,361 and a proposed gross budget of $813,738,500, is $18,344.

Additional Resources Available to Charters: DCPCS' FY 2018 budget proposal continues to support several existing financial programs that meet the unique facility needs of the public charter school community. The Office of the State Superintendent of Education (OSSE) manages four programs designed to provide financial support for charter schools' facilities costs:

- **Credit Enhancement Fund:** The Credit Enhancement fund provides support for public charter schools in the form of loan guarantees, collateral, lease guarantees, debt service reserves, and other financing assistance;
- **Direct Loan Fund:** The Direct Loan fund provides loans to public charter schools for acquisitions, construction, renovation, tenant improvement, and maintenance of public charter schools facilities;
- **Facility Grants (Including City Build):** The City Build program is a joint education and neighborhood development initiative that promotes community revitalization with a particular emphasis on strengthening public education through public charter schools. The aim of City Build stretches beyond excellence in academics. It also focuses on encouraging the creation of partnerships between public charter schools and community organizations. There are also grants for renovation and modernization of public and special facilities; and
- **Incubator Facilities:** OSSE entered into a partnership with Building Hope to develop incubator facilities in the District of Columbia. The Incubator Initiative is funded from the Credit Enhancement Grant awarded by the U.S. Department of Education.

Program Description

The University of the District of Columbia Subsidy Account operates through the following program:

UDC Subsidy – The University, as a component unit of the District of Columbia government, is a legally separate entity for which the elected officials of the District of Columbia are financially accountable. Accountability exists because the Mayor, with the consent of the Council, appoints members to the University Board of Trustees, and pursuant to District of Columbia Official Code Section 38-1202.06(4), approves the University's budget. In addition, the District provides financial support to the University.

The operating budget of this component unit is shown as an enterprise fund to align the University's budgetary information with its financial reporting as reflected in the District's Comprehensive Annual Financial Report, in which the University's financial data is reported separately from that of the District government. Accordingly, details of the University's operating budget are provided in its chapter in the Enterprise and Other Funds section of the budget. In FY 2005, a subsidy account for this component was created to show the annual transfer of Local funds support from the District government to the University.

Program Structure Change

The University of the District of Columbia Subsidy Account has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The University of the District of Columbia (UDC) Subsidy Account's proposed FY 2018 gross budget is $78,180,000, which represents a 2.0 percent increase over its FY 2017 approved gross budget of $76,680,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The UDC Subsidy Account's FY 2018 CSFL budget is $70,951,838, which represents a $5,728,162, or 7.5 percent, decrease from the FY 2017 approved Local funds budget of $76,680,000.

CSFL Assumptions

CSFL funding for the UDC Subsidy Account includes a reduction of $5,728,162 to account for the removal of one-time funding appropriated in FY 2017 to enhance the University's ability to maintain quality academic programs.

Agency Budget Submission

No Change: The UDC Subsidy Account's budget proposal reflects no changes from the CSFL to the agency budget submission.

Mayor's Proposed Budget

Enhance: The UDC Subsidy Account's proposed budget reflects an increase of $5,728,162 to support the University's ability to maintain and enhance existing programs, and also allow for the planning and implementation of promising new academic programs.

District's Proposed Budget

Enhance: The UDC Subsidy Account's FY 2018 proposed budget includes an increase of $1,500,000 in Local funds, including a one-time increase of $500,000.

The District of Columbia Public Library (DCPL) supports children, teens, and adults with services and materials that promote reading, success in school, lifelong learning, and personal growth.

Summary of Services

The District of Columbia Public Library (DCPL) is a dynamic source of information, programs, books and other library materials and services that improve the quality of life for District residents of all ages and that, when combined with expert staff, help build a thriving city. The Library provides environments that invite reading, community conversation, creative inspiration and exploration, lectures, films, computer access and use, workforce and economic development, story times for children, and much more. DC Public Library includes a central library and 25 neighborhood libraries and also provides services in non-traditional settings outside of the library buildings. DCPL enriches and nourishes the lives and minds of all District residents, provides them with the services and tools needed to transform lives, and builds and supports community throughout the District of Columbia.

Division Description

The District of Columbia Public Library operates through the following 5 divisions:

Office of the Chief Librarian – provides executive direction to the Chief Business Officer, the Director of Public Services, and the Director of Communications. With the Board of Library Trustees, the Executive Director develops and then implements the Library's long-range services and facilities.

This division contains the following 2 activities:

- **Intergovernmental Affairs** – performs liaison services on behalf of the Library to community groups, civic associations, Advisory Neighborhood Commissions, and elected officials; and
- **Executive Management Office** – coordinates with the Board of Library Trustees, tracks library transformation – the strategic changes to the operations of the Library to improve the way library services are delivered to District residents - and monitors innovation in library systems outside of the District.

Library Services – selects all books and other library materials available in libraries; manages all services to children, teens, and adults including programs like story time, summer reading, job support and book clubs; provides information and research to residents; and provides training to use library resources and technology. This program also includes funds transferred in from the District of Columbia Public Library Trust Fund.

This division contains the following 10 activities:

- **Children and Young Adult Services** – promotes reading to children and teens from birth to age 19 to build a foundation of reading, a love of the library, and most importantly, a love of reading; encourages school retention and graduation through homework help and other educational supports; and instills in youth a lifelong love of learning;
- **Martin Luther King, Jr. Memorial Library** – serves as the central library; hosts District-wide programs of interest; and provides a broad range of books and library materials including the special collections on District of Columbia history, large meeting rooms for Library and public use, and more than 100 public access computers;
- **Neighborhood Libraries** – offers programs and services for residents in neighborhoods across the District including story times, summer reading, activities for children and teens, book clubs, and computer training assistance at 25 neighborhood libraries;
- **Adult Services** – provides library services and programs to adults 20 and older in areas of literacy, workforce development, technology, and cultural enhancement. Also includes services to the inmates of the DC Jail;
- **Adaptive Services** – supports outreach and library services to the blind and physically disabled, and provides support including access to and training for specialized technology such as large font computer screens, Braille, audio or recorded books, and programs in American Sign Language;
- **Literacy Resources** – assists adult learners in finding tutors and educational resources, and administers the practice General Equivalency Diploma (GED) test;
- **Teens of Distinction Program** – serves as an employment program for District teens ages 14 to 20;
- **Volunteer** - coordinates the many volunteers serving the Library through recruitment and training;
- **Collections** - acquires all the books and magazines, media, and movies made available in the libraries to District residents; and
- **Library Program Information** – provides District residents with library cards and information about library services.

Business Operations – provides effective support services that facilitate customers' access to materials, information, programs, and services that position the Library system as an employer of distinction. The division is committed to making a positive difference to District residents and has the responsibility to provide welcoming, clean and safe environments to attract residents to the libraries through the building and maintaining state-of-the-art facilities with capacities for new and emerging technologies that help bridge the digital divide. The division also strives to position the D.C. Public Library as an employer of distinction through the hiring and training process, fiscal accountability, standards of excellence, and innovative business practices.

This division contains the following 5 activities:

- **Custodial and Maintenance** – supports all library locations (central and neighborhood libraries) by maintaining a clean and inviting environment for District residents;
- **Public Safety** – supports security staff that provides public oversight and accountability, resulting in improved safety in libraries;
- **Asset Management** – is accountable for all District government library properties, including their use and disposal;
- **21st Century Capital Projects** – is responsible for rebuilding and renovating all libraries in the District; and
- **Public Service Technology** – manages the network connecting the library's 26 facilities, maintains the library's online catalog and website, and creates new library applications for smartphones and other portable devices.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The District of Columbia Public Library has no division structure changes in the FY 2018 proposed budget.

GROSS FOR CE0 - DISTRICT OF COLUMBIA PUBLIC LIBRARY		**61,804**	**562.8**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The District of Columbia Public Library's (DCPL) proposed FY 2018 gross budget is $61,804,038 which represents a 2.5 percent increase over its FY 2017 approved gross budget of $60,275,166. The budget is comprised of $59,323,376 in Local funds, $931,362 in Federal Grant funds, $17,000 in Private Donations, $1,515,000 in Special Purpose Revenue funds, and $17,300 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the

FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCPL's FY 2018 CSFL budget is $58,383,602, which represents a $359,794, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $58,023,808.

CSFL Assumptions

The FY 2018 CSFL calculated for DCPL included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $17,214 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $200,172 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DCPL includes a reduction of $700,000 to account for the removal of one-time funding appropriated in FY 2017 for library collections and Oral History project in various facilities. Additional adjustments include a decrease of $59,962 for the Fixed Costs Inflation Factor to account for fleet services estimates, and an increase of $936,799 for Operating Impact of Capital to reflect projected costs for general library improvements and Information Technology modernization.

Agency Budget Submission

Increase: In Local funds, DCPL's budget proposal includes an increase of $87,476 for Telecommunications Fixed Cost within the Agency Management division, based on estimates from the Office of Resource Management (OFRM).

In Federal Grants funds, the budget proposal includes an increase of $26,681 and 0.5 FTEs in the Library Services division to support adult literacy services. The funding sources for DCPL's Federal Grant funds budget include the Library Services and Technology grant from the Institute of Museum and Library Services.

In Special Purpose Revenue funds, the DCPL proposed budget reflects a net increase of $252,500 in the Business Operations division. This is comprised of increases of $155,000 in Equipment costs for technological support and $100,000 in Other Services and Charges for security services, partially offset by a decrease of $2,500 in Supplies.

Decrease: In Local funds, the proposed budget reduces various nonpersonal services items by a net amount of $575,090 primarily in the Business Operations division. This adjustment includes reductions of $495,022 in Other Services and Charges primarily to reflect professional services fees related to custodial maintenance, $117,143 in Equipment, and $1,425 in Contractual Services, partially offset by an increase of $38,500 in Supplies. Other adjustments reflect a net personal services reduction of $1,192,865 across multiple divisions to account for projected salary steps and Fringe Benefits costs.

In Federal Grants funds, DCPL's proposed budget reflects a net decrease of $19,377 in the Library Services division. This adjustment consists of reductions of $13,544 in Other Services and Charges to account for employee travel and training and $5,833 in Equipment cost.

In Special Purpose Revenue, the budget proposal includes a reduction of $47,500 in the Business Operations division to account for reduced overtime hours.

Technical Adjustment/Transfer-in: In Private Donations funds, the proposed budget includes a transfer of $17,000 from the Public Library Trust Fund agency, which is abolished in FY 2018. In FY 2017, these funds were classified in the Public Library Trust Fund agency as Enterprise and Other. They have been reclassified for FY 2018 as Private Donations. This budget is comprised of funding from a bequest of $10,000 from the Peabody Library Association of Georgetown and $7,000 from the Theodore W. Noyes Trust fund.

Mayor's Proposed Budget

Enhance: DCPL's proposed budget reflects an increase of $214,965 to support costs associated with opening one neighborhood library in each Ward on five holidays annually. Additionally, the proposed budget reflects an increase of $80,093 in the Business Operations division to support training for special police officers, as part of citywide regulation changes.

District's Proposed Budget

Enhance: In Local funds, the proposed budget reflects an increase of $950,000 to support costs associated with general library collections. The proposal also includes an increase of $675,194 and 9.5 FTEs in the Library Services division. This adjustment is comprised of $398,731 and 7.5 FTEs in personal services to fund the Operating Impact of Capital projects for the Capitol View, Cleveland Park, and West End library branches; $256,463 in nonpersonal services for the Operating Impact of Capital projects for the Capitol View and Cleveland Park branches; and $20,000 and 2.0 FTEs to support the cost of the Teens of Distinction initiative. The proposed Local funds budget also includes a one-time increase of $500,000 to support the Opening Day Collections for the Cleveland Park branch and an increase of $200,000 to reflect the costs associated with the continuing Oral History project.

Agency Performance Plan

District of Columbia Public Library (DCPL) has the following objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Strengthen communities through services, programs, outreach, and increased utilization of the Library's physical campus.
2. Provide services and programs that build and cultivate literacy and a love of reading.
3. Connect residents to the city's past and future by providing access to, experiences in, and support for local history and culture.
4. Support digital citizenship through technology and internet access and training.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Strengthen communities through services, programs, outreach, and increased utilization of the Library's physical campus. (3 Activities)

Activity Title	Activity Description	Type of Activity
Serve as a Community Hub	The Library provides meeting and study spaces for the public at neighborhood libraries as well as at Martin Luther King Jr. Memorial Library.	Daily Service

Program Description

The District of Columbia Public Charter School Board does not use the District's financial system. For budget presentation, its budget is shown as operating through the District's standard administrative program.

DC Public Charter School Board – is responsible for the organizational development, administration, and workforce management for the agency in addition to the periodic review of DCPCSB's academic, financial, and governance platforms. The agency's operations are funded by Special Purpose Revenue funds derived from an administrative fee charged to each charter school's annual budget [refer to the District of Columbia Public Charter Schools budget chapter] that is authorized under Section 38-1802.11 (b) (2) of the District of Columbia Official Code. This program serves as the PCSB's Agency Management.

Program Structure Change

The District of Columbia Public Charter School Board has no program structure changes in the FY 2018 proposed budget.

The mission of the Non-Public Tuition agency is to provide funding, oversight, and leadership for required special education and related services for children with disabilities who attend special education schools and programs under the federal Individuals with Disabilities Education Act (IDEA).

Non-Public Tuition funds a variety of required specialized services, including instruction, related services, educational evaluations, and other supports and services provided by day and residential public and nonpublic special education schools and programs. The agency also funds students with disabilities who are District residents placed by the Child and Family Services Agency (CFSA) into foster homes and attending public schools in those jurisdictions. The budget also provides for supplemental payments to St. Coletta's Public Charter School to cover the costs of students who require specialized services beyond what can be supported through the Uniform Per Student Funding Formula (UPSFF). Administration of the program is supported by providing staff resources to administer the Non-Public Tuition funds.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

Non-Public Tuition operates through the Non-Public Tuition program:

This program contains the following 2 activities:

- **Non-Public Tuition** – provides compliance with court-established vendor payment mandates covering all non-public special education schools and related service providers; and
- **Non-Public Administration** – provides staff resources to administer the Non-Public Tuition fund.

Program Structure Change

Non-Public Tuition has no program structure changes in the FY 2018 proposed budget.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

Non-Public Tuition's (NPT) proposed FY 2018 gross budget is $70,021,295, which represents a 6.0 percent decrease from its FY 2017 approved gross budget of $74,460,953. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

NPT's FY 2018 CSFL budget is $74,463,170, which represents a $2,217 increase over the FY 2017 approved Local funds budget of $74,460,953.

CSFL Assumptions

The FY 2018 CSFL calculated for NPT included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $1,892 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $326 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Agency Budget Submission

Increase: NPT's proposed Local funds budget includes a net increase of $33,873 in personal services to support projected salary and Fringe Benefits adjustments.

Decrease: NPT's Local funds budget proposal includes a net decrease of $2,450,748 to align the budget with projected tuition payments and to offset increased personal services costs.

Mayor's Proposed Budget

No Change: Non-Public Tuition's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: Non-Public Tuition's Local funds budget proposal includes a total decrease of $2,025,000, which is comprised of: $2,000,000 from tuition payments; $20,000 from equipment and machinery purchases; and $5,000 from out-of-city travel to align the budget with the agency's spending projections.

The mission of Special Education Transportation, also known as the Office of the State Superintendent of Education, Division of Student Transportation (OSSE-DOT), is to provide safe, reliable, and efficient transportation services that positively support learning opportunities for eligible students from the District of Columbia. The agency's work is designed to achieve four main objectives: Safety, Efficiency, Reliability, and Customer Focus.

Summary of Services

OSSE-DOT provides safe and efficient student transportation services for eligible students as determined by Local Education Agencies (LEAs). The agency maintains the means to transport eligible students safely and on time and continuously aims to improve service levels by collaborating with parents, school staff, and special education advocates.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

Special Education Transportation operates through the following 7 programs:

Office of Director – provides the following activities: Communication, Outreach and Administration; Human Resources; and Fiscal Management; and coordinates with the Office of the State Superintendent of Education (OSSE).

This program contains the following 3 activities:

- **Communication, Outreach and Administration** – coordinates and executes strategic communications to more than 1,500 OSSE-DOT staff, more than 250 schools, and more than 3,200 families who use student transportation;
- **Human Resources** – provides employee relations, recruitment, orientation, and compliance support to OSSE-DOT staff; and
- **Fiscal Management** – formulates and manages the annual budget, and tracks actual and obligated expenditures. This activity also receives and processes invoices for payments, handles requests for supplies, conducts bi-weekly payroll and analyses, and oversees OSSE-DOT procurement activity.

Data Analysis and Support – provides the following activities: Data Analysis and Administrative Support.

This program contains the following 2 activities:

- **Data Analysis and Support** – provides guidance and support in the areas of technology within the student transportation environment, business process improvement and telecommunications coordination. Conducts continual data analysis to ensure on-time arrivals at school and efficiency across the division; and
- **Administrative Support** – provides support to all programs within OSSE-DOT.

Parent Resource Center – acts as the primary link between OSSE-DOT, parents/guardians, school personnel, advocates, and other related stakeholders. Responds to calls from internal and external stakeholders regarding student transportation.

Routing and Scheduling – creates and optimizes routes and schedules for the transport of students between home and school according to mandated ride time guidelines, to ensure that more than 3,200 students are accounted for on a bus route and that the route complies with best practices.

Audit, Compliance and Performance Management – provides the following activities: Investigations, Performance Management, and Training Coordination and Logistics.

This program contains the following 3 activities:

- **Investigations** – responsible for facilitating internal investigations to ensure that all staff complies with the law as well as internal policies. The Office of Investigations (OI) receives and resolves customer complaints, notification of accidents, and notification of incidents and requests from various stakeholders including parents, school officials, and citizens;
- **Performance Management** – facilitates monthly performance management meetings to review progress towards established key performance indicators (KPIs) and compliance metrics in an effort to promote continuous improvement; and
- **Training Coordination and Logistics** – provides a comprehensive new employee orientation for all drivers and attendants including courses in CPR, First Aid, defensive driving, transporting students with disabilities, and student behavior management. Refresher courses in the aforementioned topics are facilitated throughout the year along with preparation courses for the commercial driver's license (CDL).

Terminal Operations – provides the following activities: Terminal Operations Control; 5th Street (terminal) - Drive and Attend Students; New York Avenue (terminal) - Drive and Attend Students; Southwest (terminal) - Drive and Attend Students; and Adams Place (terminal) - Drive and Attend Students.

This program contains the following 5 activities:

- **Terminal Operations Control** – responsible for the consistent and safe operations of all bus terminals to ensure timely departures for all school bus routes;
- **5th Street – Drive and Attend Students** – one of four bus terminals where bus routes originate;
- **New York Avenue – Drive and Attend Students** – one of four bus terminals where bus routes originate;
- **Southwest – Drive and Attend Students** – one of four bus terminals where bus routes originate; and
- **Adams Place – Drive and Attend Students** – one of four bus terminals where bus routes originate.

Fleet and Facilities Management – manages all bus and facility repair and preventative maintenance activities; ensures compliance with all federal and local laws pertaining to school buses including ongoing bus and equipment safety inspections.

This program contains the following 3 activities:

- **Contracted Maintenance, Repairs and Others** – manages contracts for five repair vendors who provide repair services for more than 700 vehicles;
- **Facilities Management** – manages and maintains OSSE-DOT terminal facilities; ensures that they are clean, safe, energy efficient, sustainable, comfortable, and conducive to efficient and effective terminal activities; and properly secures the terminal grounds and property; and
- **Fleet Management** – coordinates maintenance activities for more than 700 vehicles to ensure compliance with all regulations and safe transport for more than 3,200 students; coordinates activities to ensure every school bus passes the bi-annual Department of Motor Vehicles inspections.

FY 2018 Proposed Budget Changes

Special Education Transportation's (SET) proposed FY 2018 gross budget is $102,292,335, which represents a 5.1 percent increase over its FY 2017 approved gross budget of $97,314,008. The budget is comprised of $92,292,335 in Local funds and $10,000,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

SET's FY 2018 CSFL budget is $93,988,501, which represents a $325,507, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $94,314,008.

CSFL Assumptions

The FY 2018 CSFL calculated for SET included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $86,847 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $110,266 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for SET includes a net decrease of $522,620 for the Fixed Costs Inflation Factor to account for adjustments to fleet services estimates, Telecommunication, and estimates based on historical expenditures of Department of General Services' commodities.

Agency Budget Submission

SET continues to provide reliable quality transportation services to eligible students residing in the District. To ensure continued quality transportation services, SET proposes the following adjustments.

Increase: In Local funds, the proposed budget includes an increase of $1,463,160 to support projected overtime costs for bus drivers and attendants. Additional personal services adjustments include a net increase of $570,480 and 0.6 Full-Time Equivalent (FTE) to support projected salary and Fringe Benefits adjustments.

In Intra-District funds, SET's proposed budget includes an increase of $7,000,000 within the Office of Director program based on projected Federal Medicaid reimbursements for those eligible to receive transportation services.

Decrease: SET's Local funds budget proposal includes a net decrease of $6,698,063 in nonpersonal services to reflect reductions in contractual services, primarily terminal operations and data analysis and support; to align the budget with Fixed Cost estimates, primarily Fleet; and to partially offset projected personal services adjustments and overtime costs.

Technical Adjustment: SET's budget proposal includes an increase of $4,664,423 to fully fund agency operations.

Mayor's Proposed Budget

No Change: Special Education Transportation's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: SET's Local funds budget proposal reflects a reduction of $102,000 in nonpersonal services to realize savings based on historical spending for contracts, professional service fees, and office supplies. In personal services, SET's proposed Local funds budget is decreased by $1,594,166 to reflect the elimination of 29.4 vacant FTE positions across multiple programs.

Agency Performance Plan

Special Education Transportation (OSSE-DOT) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Customer Service: Provide accurate, responsive, and pro-active communication and services to ensure a positive customer experience through friendly and respectful interactions.
2. Safety: Support learning opportunities by providing the safest and least restrictive transportation options to eligible District of Columbia students.
3. Reliability: Establish and maintain the infrastructure necessary to ensure eligible students receive reliable transportation services to and from school.
4. Efficiency: Maximize the use of human, physical, financial, and technological resources by continuously striving for the most cost effective operations.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Customer Service: Provide accurate, responsive, and pro-active communication and services to ensure a positive customer experience through friendly and respectful interactions. (1 Activity)

Activity Title	Activity Description	Type of Activity
Coordinate and Execute Strategic Communications	Coordinate and expand communication to OSSE-DOT staff, other OSSE departments, schools/ Local Education Agencies (LEAs), and students and families who use student transportation through efforts led by OSSE-DOT Office of Customer Engagement.	Daily Service

2. Safety: Support learning opportunities by providing the safest and least restrictive transportation options to eligible District of Columbia students. (1 Activity)

Activity Title	Activity Description	Type of Activity
Enhance Bus Safety	Enhance bus safety by focusing on staff training and improving operations. Ensure DOT compliance with federal and state regulations pertaining to motor vehicle operations, student accommodations, specialized equipment and professional development.	Daily Service

3. Reliability: Establish and maintain the infrastructure necessary to ensure eligible students receive reliable transportation services to and from school. (1 Activity)

Activity Title	Activity Description	Type of Activity
Provide coordination and oversight of fleet and terminals/ facilities	Coordinate maintenance for all fleet vehicles ensuring they are reliable for transportation. Enhance bus operations in order to improve on time arrival at school.	Daily Service

4. Efficiency: Maximize the use of human, physical, financial, and technological resources by continuously striving for the most cost effective operations. (1 Activity)

Activity Title	Activity Description	Type of Activity
Internal Management to Improve External Services	Monitor and track operations in order to improve services as well as support student transportation in the most cost-effective manner.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Customer Service: Provide accurate, responsive, and pro-active communication and services to ensure a positive customer experience through friendly and respectful interactions. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Average percent of calls answered	No	86.8%	84.1%	92%	92%	92%

2. Safety: Support learning opportunities by providing the safest and least restrictive transportation options to eligible District of Columbia students. (1 Measure)

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Coordinate and execute strategic internal and external communications.

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of schools supported	No	Not Available	Not Available	232
Number of students receiving school bus transportation	No	Not Available	Not Available	2,949
Number of students whose parents receive reimbursement or participating in the Metro farecard, token or DC One Card Program	No	Not Available	Not Available	4

2. Enhance bus safety by focusing on staff training and improving operations.

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of bus drivers and attendants	No	Not Available	Not Available	Not Available

3. Provide coordination and oversight of fleet and terminals/ facilities.

Program Description

The District of Columbia State Board of Education operates through the following program:

State Board of Education – advises the State Superintendent of Education on education-related matters and approves specific education standards and rules. The State Board was established pursuant to Title IV of the Public Education Reform Amendment Act of 2007.

This program contains the following 3 activities:

- **State Board of Education**– advises the State Superintendent of Education on education-related matters and approves specific education standards and rules;
- **Office of the Ombudsman** – is responsible for helping students and parents resolve problems as they engage with the District of Columbia Public Schools and public charter schools. The Office offers conflict resolution services to parents, families, and students and is committed to resolving school-related complaints, disputes and problems quickly and efficiently in all areas that affect student learning. The office was reestablished by State Board of Education Personnel Authority Amendment Act of 2012; and
- **Office of the Student Advocate** - guides and supports students, parents, families, and community members in navigating the public school system in DC to achieve equal access to public education through advocacy and outreach, leadership training, information dissemination, and resource development. The office was established by the Council of the District of Columbia through the Parent and Student Empowerment Act of 2013.

FY 2018 Proposed Budget Changes

The D.C. State Board of Education's (SBOE) proposed FY 2018 gross budget is $1,711,267, which represents a 14.2 percent increase over its FY 2017 approved gross budget of $1,498,516. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

SBOE's FY 2018 CSFL budget is $1,482,789, which represents a $2,574, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $1,480,215.

CSFL Assumptions

The FY 2018 CSFL calculated for SBOE included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $202 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $2,372 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Agency Budget Submission

In FY 2018, SBOE continues to show its commitment to staying engaged with both parents and students in order to promote student successes in both education and future endeavors. To support these initiatives, the agency created two (2) new activities: 1) the Office of the Ombudsman, which provides problem-resolution assistance for students; and 2) the Office of the Student Advocate, which works to ensure that the students are well-informed.

Increase: SBOE's proposed budget includes a net increase of $70,872 in personal services to support projected salary and Fringe Benefits adjustments. In nonpersonal services, the budget proposal reflects a net increase of $68,229 to support projected Telecommunication estimates, professional service fees, and information technology assessments.

Decrease: SBOE's budget proposal includes a net decrease of $139,102, primarily to offset the cost of projected personal services adjustments, and fixed costs assessments. In Private Donations, SBOE's proposed budget was reduced to $0 to reflect projected donations for FY 2018.

Mayor's Proposed Budget

Enhance: SBOE's budget proposal includes an increase of $42,211 to align the agency's budget with the Board's approved base funding level.

District's Proposed Budget

Enhance: SBOE's budget proposal includes an increase of $186,267 to support 2.0 FTEs.

The Office of the Deputy Mayor for Education (ODME) is responsible for developing and implementing the Mayor's vision for academic excellence and supporting the education-related District Government agencies in creating and maintaining a high quality education continuum from birth to 24 (from early childhood to K-12 to post-secondary and the workforce).

Summary of Services

The functions of the ODME include overseeing a District-wide education strategy, managing interagency and cross-sector coordination targeted at supporting students and schools, and providing oversight and/or support for the following education agencies: Office of the State Superintendent of Education (OSSE), D.C. Public Schools (DCPS), Public Charter School Board (PCSB), University of the District of Columbia (UDC), D.C. Public Library (DCPL), and the Department of Parks and Recreation (DPR).

Program Description

The Office of the Deputy Mayor for Education operates through the following program:

Department of Education – carries out the functions of the Deputy Mayor for Education.

This program contains the following 2 activities:

- **Agency Oversight and Support** - encompasses all of the staffing necessary to carry out core functions, including development, analysis, and oversight of education strategy initiatives; coordinating interagency initiatives and strategies that support schools and youth development; and monitoring District agency performance indicators and progress toward meeting performance goals for education and youth development; and
- **Office of Youth Outcomes and Grants** - the office, with input and direction from the commission, will create and guide the implementation of the District's strategic plan for Out of School Time (OST); will gather and analyze data to improve the distribution of high quality, equitable OST programming; and provide technical assistance, training, and capacity building to OST providers. In addition, the office will streamline funding, application processes, and reporting processes for OST providers, assess program quality; and distribute grants to OST providers.

Program Structure Change

The Office of the Deputy Mayor for Education has no program structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Office of the Deputy Mayor for Education's (DME) proposed FY 2018 gross budget is $7,519,731, which represents a 100.9 percent increase over its FY 2017 approved gross budget of $3,742,667. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DME's FY 2018 CSFL budget is $3,276,722, which represents a $465,945, or 12.4 percent, decrease from the FY 2017 approved Local funds budget of $3,742,667.

CSFL Assumptions

The FY 2018 CSFL calculated for DME included adjustment entries that are not described in detail on table 5. These adjustments were made for an increase of $12,165 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $22,377 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DME includes a reduction of $500,000 to account for the removal of one-time funding appropriated in FY 2017 to support the District's Common Lottery Board System. Additionally, a decrease of $487 for the Fixed Costs Inflation Factor accounts for estimates for Fleet services.

Agency Budget Submission

Increase: DME's proposed Local funds budget reflects an increase of $377,513 to align the budget with projected salary, step increases, and Fringe Benefits costs.

Decrease: DME's budget proposal includes a net decrease of $153,845 in nonpersonal services. Adjustments were made primarily in Contractual Services as a result of the agency's success in meeting, and in some cases, exceeding many of its goals in implementing the My School DC (MSDC) lottery application process.

Mayor's Proposed Budget

Enhance: DME's budget proposal reflects an increase of $300,000 to support the My Child Care DC program, which is designed to provide families with accessible information regarding child care options in the District. Additionally, the proposed budget increased by $249,000 to provide continued capacity for Fellows to support priority projects and maintain outreach and engagement support for Priority Projects and Task forces.

Transfer-In: DME's budget proposal reflects an increase of $4,920,000, which was transferred from the Children and Youth Investment Collaborative (CYIC) to support the Out of School Time (OST) program. The funds mainly support the direct service costs associated with the OST and establish an additional 5.0 Full-Time Equivalents (FTEs) for the new Office. The new Office will: Create and guide the implementation of the District's strategic plan for OST; Gather and analyze data to improve the distribution of high quality, equitable OST programming; Provide technical assistance, training and capacity building to OST providers; Streamline funding, application processes, and reporting processes for OST providers; Assess program quality; and Distribute grants to OST providers.

District's Proposed Budget

Reduce: DME's budget proposal reflects a decrease of $300,000 due to the elimination of the My Child Care DC program.

Transfer-Out: DME's budget proposal includes a transfer of $1,149,690 and 7.0 FTEs to the Office of the State Superintendent of Education (OSSE) to support the My School DC program.

Agency Performance Plan*

The Office of the Deputy Mayor for Education (ODME) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Improve the coherence and collaboration across and among public schools, District of Columbia Public Schools (DCPS) and Public Charter Schools (PCS), so that the District can have the most impact on improving student outcomes.
2. Enhance equity of programming and outcomes for all learners.
3. Increase coordination across government agencies to improve the delivery, effectiveness, services to schools and students, and optimize the use of public resources.
4. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Improve the coherence and collaboration across and among public schools, District of Columbia Public Schools (DCPS) and Public Charter Schools (PCS), so that the District can have the most impact on improving student outcomes. (1 Activity)

Activity Title	Activity Description	Type of Activity
Improved Cross Sector Collaboration	Improve the coherence and collaboration across and among public schools, DCPS and PCS, so that the District can increase transparency and information for families and communities and help decrease student mobility.	Key Project

2. Enhance equity of programming and outcomes for all learners. (2 Activities)

Activity Title	Activity Description	Type of Activity
Education Funding System	The process isto revise the education funding system so that it more accurately follows students throughout the school year.	Key Project
Public Education Facilities	The Office of the Deputy Mayor for Education (DME) oversees the planning and support for former public education facilities, as well as supports DCPS and DGS with the execution of the capital improvement plan and school modernization program.	Daily Service

3. Increase coordination across government agencies to improve the delivery, effectiveness, services to schools and students, and optimize the use of public resources. (4 Activities)

Activity Title	Activity Description	Type of Activity
Improved Inter-Agency Collaboration and Coordination	Increase coordination across government agencies to improve the delivery, effectiveness, and equity of services to schools and students.	Daily Service
Out of School Time Grants	DME will establish, staff, and manage operations of the Office of Out of School Time (OST) Grants and Youth Programs. The OST office will be responsible for dissemination of grants to support enrichment and programming for youth in the District.	Key Project
DME Planning Office	DME Planning Office will play an important and critical role of: Master Facilities Plan, data, and analysis to support other agencies and public transparency of data.	Key Project
Truancy Taskforce	The Truancy Taskforce is a partnership of diverse District of Columbia agencies and stakeholders that collectively advance and coordinate strategies to increase student attendance and reduce truancy. The group includes representatives from education, justice, health clusters of the Administration, allowing for holistic development and implementation of attendance policy. The Task force is co-chaired by the Deputy Mayors of Education and Health and Human Services. In FY 2017, we will accomplish the following milestones: increase the number of youth representatives to the Task force and integrate their input; plan and host a second Attendance Design Challenge event; expand resources available on attendance.dc.gov; and continue the Every Day Counts! attendance campaign, and track and report out on truancy and chronic absenteeism using a strategic, Ed Stat model.	Key Project

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Improve the coherence and collaboration across and among public schools, District of Columbia Public Schools (DCPS) and Public Charter Schools (PCS), so that the District can have the most impact on improving student outcomes. (2 Measures)

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

District of Columbia Government

District of Columbia

For the Fiscal Year Beginning

October 1, 2016

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2016. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the seventeenth in the history of the District of Columbia.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Transmittal Letters

MURIEL BOWSER
MAYOR

July 19, 2017

The Honorable Donald J. Trump
President of the United States
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear Mr. President:

I am pleased to submit to you the District of Columbia Fiscal Year 2018 Budget and Financial Plan, "DC Values in Action: A Roadmap to Inclusive Prsoperity." This proposal is the District of Columbia's twenty-second consecutive balanced budget. The budget before you reflects the ideas and priorities of District residents to ensure that they have a ***roadmap to inclusive prosperity***.

From again investing $100 million in the Housing Production Trust Fund to allocating over $1 billion in full-scale school modernizations, this budget continues to move the District of Columbia forward. This budget also maintains critical investments to build a safer, stronger DC and to ensure our residents have access to job training programs that keep them on pathways to the middle class. Below, I have highlighted a few of the key investments proposed in the FY 2018 Budget and Financial Plan.

High-Quality Education
Rising enrollment in our traditional public and public charter schools, and increasing student achievement, demonstrate that school reform in the District is working. The FY 2018 budget makes the largest investment in public education in the history of the District of Columbia:

- Committing an additional $121 million to increase the per student rate and meet the needs of a growing student body;
- Increasing charter school facilities by 2.2% to $3,193/student for non-residential charter programs and $8,580/student for residential charter schools;
- Improving technology to help parents navigate and engage in public education;

- Increasing University of the District of Columbia (UDC) and the Community College of the District of Columbia funds for the staff and programs by $7.2 million;
- $19.5 million of enhancements in the Office of the State Superintendent of Education budget for early childcare. Three sites in District-owned buildings will be leased to private childcare providers helping us expand the available slots for kids. 300 DC residents will gain certification as educators for infants and toddlers over the next three years. This will enable them to enter the childcare profession immediately and begin on a pathway to advanced credentials - and it will help ensure staffing is available to support the expanded number of childcare seats; and
- Investing $1.3 billion for school modernization over 6 years to ensure that schools in line for modernization under established, defined criteria are budgeted for necessary improvements.

Safer, Stronger DC

The District is committed to ensuring that those in all neighborhoods feel— and are—safe, providing an environment in which residents and businesses can thrive. To that end, the FY 2018 budget includes the following investments:

- $8.9 million in enhancements focused on recruiting and retaining MPD officers, as well as ensuring that as many officers as can be are returned to patrol-related duties. This will be accomplished through: a new public relations campaign; expansion of the police cadet program; expanded housing assistance and student loan forgiveness for officers; and further civilianization of administrative positions;
- $2.3 million for the creation of a *Returning Citizens Portal* to be managed by the Department of Corrections. This will be a physical office offering services from various agencies to help returning citizens successfully transition back into the community. Vital post-release services include: housing, employment, education, health care, job training and placement, and substance use/mental health;
- $1 million for the establishment of a nurse triage collaborative pilot program between Fire and Emergency Medical Services (FEMS) and the Office of Unified Communications (OUC) with a goal to improve access to medical services for callers into 911 by offering nurses who can speak to non-emergency callers and help them make an appointment at a same-day clinic;
- $20 million for essential upgrades to 311/911 hardware and software, including major upgrades to our secondary facility on McMillan Drive NW;
- $39.7 million for the purchase of new MPD fleet vehicles; and
- $83.7 million for the purchase of new FEMS fleet vehicles, and $45 million for the construction of a new fleet maintenance facility.

Affordable Housing

My Administration is committed to producing, preserving and protecting affordable housing in the District of Columbia. This is demonstrated in this budget through the commitment of another $100 million contribution to the Housing Production Trust Fund. This investment will continue our shared goal to support grants and loans, thus yielding more affordable housing for DC families.

Additionally, this budget provides funds for affordable housing in these projects:

- $16 million for the redevelopment of Walter Reed;
- $103 million for the redevelopment of St. Elizabeths; and
- $85 million for the New Communities Initiative.

Pathways to the Middle Class

Maintaining a strong, diverse, and resilient District of Columbia requires that every resident has a fair shot, and a pathway to the middle class. We accomplish this by supporting our most vulnerable families and residents; providing job training that leads to real employment opportunities; and by nurturing our small businesses to ensure their growth and success. Some ways the FY 2018 Budget provides Pathways to the Middle Class are:

- Continuing the District's investment in our youth through the Mayor Marion Barry Summer Youth Employment Program by budgeting almost $20 million;
- Serving as a regional leader by again fully funding the District's share of the WMATA budget, adding a new express bus line on 14th Street NW in Wards 1 and 4, and expanding capacity of existing bus service in Wards 7 and 8;
- Ensuring that the Department of Small and Local Business Development's Certified Business Enterprise system continues to help our local businesses grow and obtain government contracts, and work on government funded projects by fully funding the program with $0.2 million;
- Funding $16.8 million towards the Washington D.C. Infrastructure Academy at Saint Elizabeths East Campus. This new facility will focus on occupational skills training and work-based learning initiatives related to the infrastructure industry, including utility, energy efficiency, transportation, and logistics sectors. At the Academy, industry partners, training providers such as UDC, labor unions and trade associations, will offer a diverse skills training allowing District residents the tools to begin and sustain careers in the infrastructure industry; and
- Advancing DDOT's Vision Zero goals through $2.8 million for (20) new Traffic Control Operators along with (26) new School Crossing Guards.

Health and Human Services

Investing in the health and well-being of District residents remains a priority of my Administration. Ensuring residents are able to provide for their families, and connecting these families with valuable care and supportive programs when they need it most, ensures they have a fair shot at success in the future. The FY 2018 budget includes:

- Funding the next phase of the Homeward DC plan with $15.2 million;
- Funding $10.2 million for a new Temporary Assistance for Needy Families (TANF) policy that will help the District's neediest families;

- Supplementing the Department of Health's budget with $0.9 million to reduce the number of active opioid users in the District, reduce overdoses and overdose fatalities, and improve health and economic outcomes for District residents with a history of substance use;
- Funding the Alternatives to Court Experience (ACE) and Parent and Adolescent Support Services (PASS) programs with $3.3 million; and
- Providing $1 million for the Joyful Foods initiative.

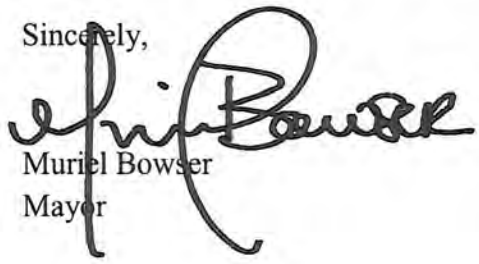
Government Operations

Building a government that works for the residents of the District Columbia streamlines processes and improves efficiency. The FY 2018 budget supports these improvements by:

- Ensuring that the District's share of WMATA's operating and capital subsidies is fully funded;
- Right-sizing the District's snow budget with a $3.8 million budget increase; and
- Expanding the Department of Public Works' grounds maintenance and leaf collection efforts by $1.5 million.

In a city as prosperous as ours, we can and should make all of these critical investments to ensure that residents in all 8 wards can benefit from our **inclusive prosperity**.

Sincerely,



Muriel Bowser
Mayor

Re: Transmittal of D.C. Act for Congressional Review

Dear Mr. Speaker:

D.C. Act 22-99, Fiscal Year 2018 Local Budget Act of 2017, is transmitted in accordance with section 602(c)(1) of the District of Columbia Self-Government and Governmental Reorganization Act, P.L. 93-198, as amended. The committee report for the act is also enclosed. The authority for this transmittal rests with the Local Budget Autonomy Amendment Act of 2012 (D.C. Law 19-321), upheld in *Council of the District of Columbia, et al. v. Jeffrey S. DeWitt* (Case No. 2014 CA 2371 B, DC Superior Court; March 18, 2016).

Our enactment maintains critical investments that make our communities safer and stronger and the District an attractive location for residents, businesses, and visitors. Our record of sound financial management is strong and reflects in the continued revenue growth supporting the attached budget. In many respects our financial health is unparalled among jurisdictions across the United States.

To begin the count of the 30-day review by Congress, please acknowledge your receipt of these documents on the copy attached.

Sincerely,

Phil Mendelson
Chairman of the Council

How to Read the FY 2018 Proposed Budget and Financial Plan

How to Read the FY 2018 Proposed Budget and Financial Plan

The District of Columbia's FY 2018 Proposed Budget and Financial Plan is a communication tool that presents and explains policy priorities, agency operations, including programmatic/ organizational structures, and performance measures in the context of the Financial Plan, which shows the District's sources of revenue and planned expenditures. The Budget and Financial Plan includes forecasts of economic and financial conditions, current and planned long-term debt financing, policy decisions, and other important financial information for the District's government, all of which are essential elements for accurate financial reporting and sound management of public resources.

This chapter, *How to Read the Budget and Financial Plan*, is a guide for understanding the sections of this budget volume that define the budget priorities for the District. These sections are consistent with the National Advisory Council on State and Local Budgeting's recommended budget practices, which call for a presentation of information to provide readers with a guide to government programs and organizational structure. Additionally, these sections are consistent with the standards of the Government Finance Officers Association for the Distinguished Budget Presentation Award.

The FY 2018 Budget and Financial Plan is presented in six volumes summarized as follows:

Executive Summary (Volume 1) – provides a high-level summary of the budget and financial information, including sections describing new initiatives within the District's proposed budget, the transmittal letters from the Mayor and the Chairman of the Council of the District of Columbia, the District's five-year financial plan, detailed information on the District's projected revenues and expenditures, and summary information about the Capital Improvements Plan. In addition, this volume includes information about the District's budgetary and financial management policies, a glossary of budget terms, budget summary tables by agency and fund type, and the Budget Act legislation that serves as the basis for the District's federal appropriations act.

Agency Budget Chapters (Volumes 2, 3, and 4) – describe, by appropriation title, the operating budgets for each of the District's agencies. Appropriation titles categorize the general areas of services provided by the District on behalf of its citizens and are listed in the table of contents. Examples are Economic Development and Regulation, Public Safety and Justice, and Human Support Services.

Capital Improvements Plan (Including Highway Trust Fund) (Volume 5) – describes the District's proposed six-year Capital Improvements Plan for all of the District's agencies. The Highway Trust Fund describes the District's proposed FY 2018 to FY 2023 planned transportation projects including federal highway grants.

Operating Appendices (Volume 6) – includes detailed supporting tables displaying the proposed expenditures and full-time equivalents in the operating budgets that are described in Volumes 2, 3, and 4. Please note: This volume is available exclusively on the Government of the District of Columbia website at http://cfo.dc.gov/.

Detailed information on the chapter contents of each volume include:

Volume 1: Executive Summary

Includes the following sections:

Introduction: FY 2018 Proposed Budget and Financial Plan

This chapter is a narrative and graphic summary of the proposed budget and financial plan. It describes the overall proposed budget, including the sources and uses of public funds, and compares the prior year's approved budget to the current one. The chapter also explains the budget development process and budget formulation calendar for FY 2018.

Financial Plan

The Financial Plan summarizes planned revenues and expenditures from FY 2016 through FY 2021. This chapter includes financing sources, uses, and the assumptions used to derive the District's short-term and long-term economic outlook.

Revenue

This chapter shows current revenue projections for each revenue type as certified by the Office of the Chief Financial Officer. It also details the District's revenue sources, provides an overview of the District's and regional economy and economic trends, and describes the revenue outlook for FY 2018 through FY 2021.

Operating Expenditures

This chapter describes the District's recent Local funds expenditures. It includes analysis of expenditures between FY 2013 and FY 2016, both by agency and by expense category, e.g., personnel, supplies, and fixed costs.

Capital Improvements Plan (CIP)

This chapter describes the overall CIP, including the sources and uses of Capital funds.

Appendices

The last section of the Executive Summary includes explanations of items specific to the District's budget:

- The D.C. Comprehensive Financial Management Policy provides a framework for fiscal decision-making by the District to ensure that financial resources are available to meet the present and future needs of District citizens;
- The Basis of Budgeting and Accounting section describes the basis of budgeting and accounting, enabling the readers to understand the presentation methods of the District's finances;

- The Fund Structure and relationship to the Budget Structure section relates the District's fund structure to its budget presentation;
- The Current Services Funding Level (CSFL) Development section describes how the CSFL was developed for the Local funds budget;
- The Agency Performance Plans section describes how the Office of the City Administrator evaluates government agencies, services, and operations; contains details on major plan revisions or changes in the assessment process; and directs readers to the agency plans, including performance measures, on the District's website;
- The Summary Tables detail the District's proposed operating budget by agency and fund type for both budgeted dollars and positions;
- The Glossary of Budget Terms section describes unique budgeting, accounting, and District terms that may not be known by the general reader;
- The Local Budget Act is the legislation that the District uses to enact the District's budget via local law, and is transmitted to Congress in accordance with procedures for all District legislation; and
- The Federal Portion Budget Request Act is the legislation that conveys the District's request for federal payments, to be enacted into law by the United States Congress and the President through the federal appropriations process.

Volumes 2, 3, and 4: Agency Budget Chapters - Part I, II, and III

These volumes include agency chapters that describe available resources, their uses, and the achieved and anticipated outcomes as a result of these expenditures. Chapters in these volumes are grouped by appropriation title and each chapter contains the following sections, as applicable:

Header Information:
- Agency name and budget code;
- Website address and telephone; and
- FY 2018 proposed operating budget table.

Introduction:
- Agency Mission; and
- Summary of Services.

Financial and Program Information:
- Proposed Funding and Full-Time Equivalents by Source table;
- Proposed Expenditure by Comptroller Source Group table;
- Division/Program descriptions;
- Proposed Expenditure by Division/Program table;
- FY 2018 Proposed Budget Changes; and
- FY 2017 Approved Budget to FY 2018 Proposed Budget reconciliation table.

FY 2018 Proposed Budget Changes

The FY 2018 Proposed Budget Changes section within each agency chapter provides a comprehensive explanation of the FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type table that appears in nearly every chapter. Please see the Current Services Funding Level (CSFL) Development appendix in this volume for more information about the CSFL methodology, which is only applied to agencies with Local funds. This section

includes major changes within the agency budget by program, fund, and full-time equivalents, from the initial request through the policy decisions made by the Mayor. The FY 2018 Proposed Budget Changes section uses the following terms to describe budgetary or programmatic changes:

Actions with an impact on services:

- **Enhance:** More funding to improve the quality or quantity of an existing service (e.g., Funding to support the new DMV service center in Georgetown).
- **Create:** New funding for new programs that previously didn't exist (e.g., Establish Permanent Supportive Housing program to transition vulnerable individuals from homeless to stable housing).
- **Reduce:** Reduction, but not elimination of an existing service (e.g. Close a service center and provide services at other locations; Realign staffing in the Fleet Management division).
- **Eliminate:** Total elimination of an existing service, with no anticipation of the service being provided by another entity (e.g. Eliminate unfunded vacant FTEs for staffing realignment).

Actions with no service impact:

- **Increase:** Additional funds necessary to continue service at current levels (e.g., Fund recurring operating cost of Automated Traffic Enforcement).
- **Decrease:** Reduction in cost without a service impact (e.g., Align energy budget with revised DGS estimate).
- **Transfer-In:** Shift of an existing program, operation, or personnel from another District agency (e.g., Transfer the Central Cell Block Security activity from MPD to DOC).
- **Transfer-Out:** Shift of an existing program, operation, or personnel to another District agency (e.g., Transfer APRA division from DOH to establish DBH).
- **Shift:** Shift an existing program or operation from one Fund type to another (e.g., Shift from Special Purpose Revenue to Local funds to support telecommunications for the D.C. Lottery).
- **Technical Adjustment:** An increase or decrease to the budget that is required because of a legislative mandate or to correct an error or omission.
- **No Change:** The agency has no changes in funding and/or budget structures from the FY 2017 approved budget to the FY 2018 proposed budget.

An example of an agency narrative is at the end of this chapter to help the reader navigate the Agency Budget Chapter volume. The example shows an agency with a performance plan. Call-out boxes highlight the features discussed above.

Agency Performance Plans

The Office of the City Administrator (OCA) is building a robust performance management program across the District. This process includes making several updates to the format and submission process for annual agency performance plans.

Under the new process, agencies had the opportunity to update major components of their performance plan for FY 2018 including: objectives, key performance indicators and workload measures. Ultimately, the revised performance plans will be able to communicate more effectively the important work each agency plans to do over the coming year and how each agency will work to improve its performance. First drafts of the high level components of each agency's performance plan (objectives, key performance indicators, and operations) are published with the budget volumes and other budget materials at www.cfo.dc.gov.

Volume 5: Capital Improvements Plan (Including Highway Trust Fund)

This volume covers the District's FY 2018 - FY 2023 Capital Improvements Plan (CIP) and the Highway Trust Fund. The capital volume includes:

- An **Introduction chapter** that describes the overall CIP, including the sources and uses of capital funds, the District's policies and procedures for its capital budget and debt, and the FY 2018 planning process;
- **Project Description Forms** that comprise the major portion of the capital volume. The project description forms provide details on capital projects funded by general obligation bonds, Pay-As-You-Go (Paygo) capital, federal grants, and the Local Street Maintenance Fund. Each page shows one project's planned allotments for FY 2018 through FY 2023, including a description, its annual operating impact, milestone data, and its location; and
- **Appendices** that provide supporting tables and a glossary about the District's capital budget, including:
  - The FY 2018 Appropriated Budget Authority Request table that summarizes proposed new projects and changes (increase or decrease) for ongoing projects by agency, project, and funding source;
  - The FY 2018 - FY 2023 Planned Expenditures from New Allotments table that summarizes the new allotments planned for FY 2018 - FY 2023 expenditures by agency and project;
  - The FY 2018 - FY 2023 Planned Funding table that summarizes the FY 2018 and six-year funding sources for all new allotments by agency, project, and funding source;
  - The Capital Budget Authority and Allotment Balances table that summarizes the lifetime budget authority and allotment, life-to-date expenditures, total commitments, and balance of budget authority and allotment for all ongoing capital projects by agency, project, and the amount of the authority request;
  - The Capital Project Cost Estimate Variances table displays changes of 5 percent or greater to project costs compared to the FY 2017 approved budget;
  - FY 2017 year-to-date budget actions; and
  - Rescissions, Redirections, and Reprogrammings that occurred between June 15, 2016 (the cut-off date for last year's budget book) and September 30, 2016 (the end of FY 2016).

Highway Trust Fund

This appendix covers the District's FY 2018 through FY 2023 proposed Highway Trust Fund expenditures, including:

- An **Introduction** chapter, which describes the Highway Trust Fund program, including the sources and uses of the funds, the District's policies and procedures for the trust fund, and the FY 2018 planning process;
- The **Project Description Forms,** which show planned allotments, for FY 2018 through FY 2023 and descriptions for Highway Trust Fund master projects;
- **Appendices** that provide supporting tables for the District's Highway Trust Fund program; and
- An overview of the District of Columbia's Water and Sewer Authority's FY 2017 - FY 2026 Capital Improvements Plan.

Volume 6: Operating Appendices

This volume provides supporting tables to each agency's proposed operating budget. The tables generally include FY 2016 actual expenditures, the FY 2017 approved budget, the FY 2018 proposed budget, and the change from FY 2017 to FY 2018 (unless noted).

The following tables are provided:

Schedule 30-PBB - dollars summarized by program, activity, and governmental fund (governmental fund breakout is for FY 2017 only and includes general fund detail);

Schedule 40-PBB - dollars summarized by program, comptroller source group, and governmental fund;

(Change is calculated by whole numbers and numbers may not add up due to rounding)

The FY 2018 Proposed Budget Changes section provides a comprehensive explanation of Table 5; it includes major internal changes within the budget including CSFL changes, changes to the initial adjusted budget, and policy initiatives.

FY 2018 Proposed Budget Changes

The Fire and Emergency Medical Services Department's (FEMS) proposed FY 2018 gross budget i $254,177,502, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budge of $254,287,508. The budget is comprised of $249,288,047 in Local funds, $3,053,770 in Federal Gran funds, and $1,835,684 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost o operating District agencies, before consideration of policy decisions. The CSFL reflects changes from th FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agenc to continue its current programs and operations into adjustments to the FY 2017 Local fu budget are des Please see the CSFL Development section within Volu regarding the methodology used and components that co

FEMS' FY 2018 CSFL budget is $234,906,923, decrease from the FY 2017 approved Local funds budge

CSFL assumptions are presented separately within the budget. For more detail on the CSFL, please see the appendix in this volume.

CSFL Assumptions

The FY 2018 CSFL calculated for FEMS included adjustment entries that are not described in detail o table 5. These adjustments include a decrease of $202,254 in personal services to account for Fring Benefit costs based on trend and comparative analyses, and an increase of $326,881 in nonpersona services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for FEMS includes a reduction of $15,285,864 to account for the removal of one-time funding appropriated in FY 2017 as follows: $12,000,000 for a third-party Emergency Medical Services provider contract for ambulance services; $1,952,712 to purchase Personal Protective Equipment (PPE), which includes 1,285 sets of gear; $1,009,152 to address core deficiencies such as assistance with the dispatching of units and the transporting of patients, support for preventive maintenance costs for a training pilot program for UDC, and the purchase of automated external defibrillators (AEDs) for schools; and $324,000 to improve WI-FI in fire stations and for signal boosters in locations where signals are weak. Additionally, an increase of $227,796 for the Fixed Costs Inflation Factor reflects estimates for Fleet services.

Agency Budget Submission

For FY 2018, the Fire and Emergency Medical Services Department (FEMS) has implemented a performance-based budgeting strategy to better reflect the agency's programmatic activities. As part of this initiative, FEMS changed 6 program names as follows: "Fire Prevention and Education" changed to "Chief of Fire and Emergency Medical Services"; "Field Operations" changed to "Operations Bureau"; "Employee Preparedness" changed to "Emergency Medical Services Operations Bureau"; "Operations Support" changed to "Emergency Medical Services Medical Director"; "Policy and Planning" changed to "Support Services Bureau"; and "State Safety [illegible]es Bureau." Additionally, the agency realigned its personne[illegible]l operational needs.

This section describes the changes made to an agency during the overall budget formulation process by fund and by program (or division).

Increase: In Local funds, FEMS' proposed bu[illegible] nonpersonal services, which includes an increase of $2,[illegible]decreases of $1,608,342 in Other Services and Charges and $207,591 in Equipment costs. An increase of $45,938 in Fixed Costs supports projected increases in the telecommunications estimates across multiple programs. Additionally, the proposed budget reflects an increase of 2.0 Full-Time Equivalent (FTE) positions to support the agency's personnel needs.

In Federal Grant funds, the proposed budget reflects a net increase of $31,626 in the Operations Bureau program, which is funded by the Staffing for Adequate Fire and Emergency Response (SAFER) grant. The increase supports projected salary and Fringe Benefits costs.

Special Purpose Revenue (SPR) funds increased by $983,000, to support the Affordable Emergency Transportation and Pre-Hospital Medical Services Amendment Act of 2017, Bill 22-183; and $324,684 to support 1.0 additional FTE, Fringe Benefits, and Overtime pay in the Operations Bureau.

Decrease: In Local funds, to align budget with the agency's spending priorities and goals across multiple programs, a proposed reduction of $185,071 was made to the contractual services costs related to a contract for information technology services. Additionally, a net decrease of $4,870,908 was made to support adjustments made to Fringe Benefits and Overtime across multiple programs.

In SPR funds, the proposed budget decreased by $497,000 in nonpersonal services for adjustments made to supplies, Other Services and Charges, and Equipment across multiple programs as a result of decline in revenue estimates and to offset the increase in personal services.

In Intra-District funds, the proposed budget reflects a decrease of $400,000 in Contractual Services in the Emergency Medical Services Operations Bureau. The contract supports Emergency Medical Technician (EMT) instruction for the Department of Employment Services' employees and clients.

Mayor's Proposed Budget

Enhance: In Local funds, the Fire and Emergency Medical Services Department (FEMS) proposes increases of: $11,017,000 (one-time funding) to support the contract with American Medical Response (AMR) for its third-party ambulance initiative to improve unit availability, reduce FEMS response times, improve the condition of the fleet, and allow providers more training hours; $4,915,439 to hire an additional 48.0 Full-Time Equivalent (FTEs) dual-role firefighters to achieve the maximum staffing level, which will consequently enable the agency to avoid covering positions that are vacant due to leave and

Agency Performance Plan

Fire and Emergency Medical Services Department has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

The Agency Performance Plans describes specific agency Strategic Objectives, Activities and key performance indicators.

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

How to Read the Agency Chapters

The agency chapters describe available resources for an agency, how the agency will spend them, and the achieved and anticipated outcomes as a result of these expenditures. For a detailed explanation of the fiscal tables and narrative sections, please see the "How to Read the Budget and Financial Plan" chapter in *Volume 1: Executive Summary.*

Each chapter contains the following, if applicable:

The first page of each agency chapter displays the agency name and budget code, website address, and telephone number. The page also shows a table that contains the agency's gross funds, or total operating, budget. The table shows the Fiscal Year (FY) 2016 actual expenditures and Full-time Equivalents (FTEs); the FY 2017 Approved budget and FTEs; the FY 2018 Proposed budget and FTEs; and the percent change from the previous year for the budget and FTEs. Lastly, this page typically contains the agency mission statement and a summary of its services.

Subsequent pages reflect agency fiscal and programmatic levels and changes. The information varies by agency but typically contains the following financial tables and narrative sections:

- ***Proposed Funding by Source and Full-Time Equivalents table*** displays the agency FY 2016 actuals, the FY 2017 Approved, and the FY 2018 Proposed dollars by fund type.

- ***Proposed Expenditure by Comptroller Source Group (CSG) table*** identifies the gross fund changes by CSG, which is a type of budgetary classification that identifies category spending within personal services (personnel costs, such as salaries and fringe benefits) and nonpersonal services (operational costs, such as contracts, supplies, and subsidy payments).

- ***Proposed Operating Budget and FTEs, by Division/Program and Activity table*** shows the gross fund changes by dollars and FTEs. The Division/Program descriptions section that follows this table explains the purpose of the divisions/programs and activities funded in the FY 2018 Proposed budget.

- ***FY 2017 Approved Budget to FY 2018 Proposed Budget reconciliation table*** shows the FY 2018 Proposed budget and FTE changes, by division or program, from the FY 2017 Approved budget. This table also includes a brief description of the change. A detailed narrative of the changes is found in the FY 2018 Proposed Budget Changes section that precedes this table.

- ***Agency Performance Plan Strategic Objectives*** and the accompanying Agency Performance Measures table show the agency-level plan that contains the agency's mission, summary of services, objectives, initiatives, and performance measures for a set period of time. For some agencies, the initiatives and performance measures are grouped by division/program.

The mission of the District of Columbia Department of Human Services (DHS), in collaboration with the community, is to assist individuals and families to maximize their potential for economic security and self-sufficiency.

Summary of Services

The mission of DHS is achieved via the following agency programs:

Agency Management/Office of the Director: Agency Management/Office of the Director provides executive management, policy direction, strategic and financial planning, human capital management, information technology, capital programs, legislative and community relations, and performance management. The Office of Program Review, Monitoring, and Investigation includes agency risk management, fraud investigation, homeless shelter monitoring, and a quality control division.

Economic Security Administration: *Public Benefit Services* – determines and maintains eligibility for cash, food, child care, and medical benefits. *Case Management and Employment Assistance Services* - administers the Temporary Assistance for Needy Families (TANF) and Supplemental Nutritional Assistance Program, Employment and Training (SNAP E&T) programs, which provide employment and training-related activities designed to improve long-term employability and achieve sustaining income.

Family Services Administration: *Homeless Services* – provides a continuum of services to individuals and families who are homeless or at risk of homelessness, so that they can obtain and/or maintain improved housing. *Family Services* – provides social services, case management and crisis intervention to meet the needs of vulnerable adults and families with children.

Division Description

The Department of Human Services operates through the following 4 divisions:

Economic Security Administration (ESA) – determines eligibility and the amount of assistance for those receiving Temporary Assistance for Needy Families (TANF), Medical Assistance, Food Stamps, and the child care subsidy; and helps low-income adults achieve self-sufficiency through employment and work-related activities. ESA also administers the Burial Assistance program, Interim Disability Assistance, and General Children's Assistance.

This division contains the following 11 activities:

- **Burial Assistance** – provides assistance to low-income families who need help with funeral expenses;
- **General Assistance for Children** – provides financial assistance to eligible individuals caring for unrelated children under the age of 18;
- **Interim Disability Assistance (IDA)** – provides temporary financial assistance to those who are unable to work due to a disability and who have a high probability of receiving federal Supplemental Security Income (SSI). IDA payments are issued until SSI eligibility is approved or denied, after which the IDA payment ends;
- **Temporary Assistance for Needy Families (TANF)** – provides social services and supports to achieve family preservation and economic self-sufficiency;
- **Cash Assistance (TANF)** – provides financial assistance to eligible individuals with children under the age of 19, so that they can meet their basic needs and transition to economic self-sufficiency;
- **Job Opportunity and Training (TANF)** – provides employment readiness, job placement, coordination and skill development training, and educational enrichment to eligible individuals so that they can be socially and economically self-reliant;
- **Supplemental Food Assistance (Local)** – provides locally funded food assistance to the District's Supplemental Nutritional Assistance Program (SNAP) recipients. This assistance is provided to District residents who receive the minimum SNAP benefits to increase the food supplement to $30 per month;

- **Case Management** – provides diagnostic, evaluation, and plan development services to consumers in order to determine the needs and plan the treatment and other related services and supports needed. Coordinates treatment and services to remediate barriers to employment and assists with securing other financial supports, such as Program on Work Employment and Responsibility (POWER) and Supplemental Security Income (SSI). This activity includes the Office of Work Opportunity and the Food Stamp Employment and Training Programs;
- **Eligibility Determination Services** – provides program eligibility determination services to individuals of the District of Columbia for services for which they qualify;
- **Monitoring and Quality Assurance** – provides internal monitoring of ESA's compliance with federal and District laws and court orders; identifies, investigates, and reports customer fraud in obtaining assistance; and addresses the accurate and timely determination of eligibility and administration of benefits; and
- **Early Education Subsidy Transfer** – provides funding to the Office of the State Superintendent of Education for subsidized child care for the children of TANF-eligible families.

Family Services Administration (FSA) – helps homeless individuals and families, low-income people, adults at-risk for abuse or neglect, teenage parents, troubled families, and refugees to become gradually stable and fully self-sufficient through an array of social services and assessments; and provides case-management and crisis-intervention services.

This division contains the following 10 activities:

- **Adult Protective Services (APS)** – investigates alleged abuse, neglect, self-neglect, and exploitation of elderly and disabled adults, and intervenes to protect vulnerable adults who are at risk;
- **Domestic Violence Services** – provides protection, emergency shelter, and crisis intervention services to victims of domestic violence so that they can seek immediate relief from harm;
- **Youth Services** – provides integrated services for youth including:
    - **Alternatives to the Court Experience** – provides comprehensive services to youth formally diverted by the District's juvenile justice entities (the Metropolitan Police Department, the Office of the Attorney General, and Court Social Services) for truancy and low-level delinquency offenses;
    - **Parent and Adolescent Support Services** – provides intensive case management and/or in-home family counseling services to youth who have committed status offenses, namely truancy, running away, and extreme disobedience at home;
    - **Teen Parent Assessment Program** – provides services to teen parents who are receiving their own TANF grants, with the goal of ensuring full participation in their educational programs to move toward self-sufficiency; and
    - **Youth Homeless Services** – provides coordinated entry and comprehensive services (shelter and transitional housing beds, street outreach, and drop-in centers) to youth aged 24 and under who are at risk of or experiencing homelessness;
- **Homeless Services Continuum - Families** – services include intake at the Virginia Williams Family Resource Center, crisis intervention and prevention, emergency and temporary shelter, transitional housing, rapid rehousing, and permanent supportive housing to families in the District of Columbia who are homeless or at risk of homelessness;
- **Homeless Services Continuum - Individuals** – services include outreach and coordinated entry, crisis intervention and prevention, services targeted to veterans, day center, low barrier shelter, temporary shelter, transitional housing, rapid rehousing, and permanent supportive housing to individuals in the District of Columbia who are homeless or at risk of homelessness;
- **Homeless Services Continuum - General** – provides security, food, management, emergency rental assistance, housing navigation, fixed costs (for shelter and housing facilities), supplies, equipment, and administrative support for the activities listed under the Homeless Continuum;

- **Refugee Resettlement** – provides social services, cash, and medical assistance to eligible refugees and their families through sub-grant arrangements with community-based non-profit agencies;
- **Strong Families** – provides comprehensive service delivery through case management and support services to families who are experiencing significant social, emotional, or other crises in order to de-escalate and help stabilize the family;
- **Community Services Block Grant** – provides assistance to low-income residents through a network of community action agencies and other neighborhood-based organizations in order to reduce poverty, revitalize low-income communities, and empower low-income families and individuals to become self-reliant; and
- **Subsidy Transfer** – provides child care benefits for low-income families.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Human Services has no division structure changes in the FY 2018 proposed budget.

FY 2018 Proposed Budget Changes

The Department of Human Services' (DHS) proposed FY 2018 gross budget is $557,607,347, which represents a 10.7 percent increase over its FY 2017 approved gross budget of $503,662,353. The budget is comprised of $365,268,655 in Local funds, $156,422,234 in Federal Grant funds, $31,249,562 in Federal Medicaid Payments, $1,800,000 in Special Purpose Revenue funds, and $2,866,896 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DHS' FY 2018 CSFL budget is $286,108,692, which represents a $12,792,448, or 4.3 percent, decrease from the FY 2017 approved Local funds budget of $298,901,140.

CSFL Assumptions

The FY 2018 CSFL calculated for DHS included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $139,766 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $315,054 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DHS includes a reduction of $15,533,311 to account for the removal of one-time funding appropriated in FY 2017, which is comprised of $10,630,679 for the TANF Hardship Policy; $4,696,407 for the DC Access System (DCAS) IT system; and $206,225 provided support to the Parent and Adolescent Support Services (PASS) and the Alternatives to Court Experience Diversion (ACE) programs. Additional adjustments include increases of: $7,557,858 to reflect cost of living adjustments for TANF customers; $263,896 to cover the FY 2018 Operating Impact Capital projected costs for the DCAS; and $375,964 for the Medicaid growth factor of 2.3 percent for the District of Columbia based enrollment data from the Department of Health Care Finance; and a decrease of $5,632,142 for the Fixed Cost Inflation Factor to reflect the Department of General Services' (DGS) estimates based on historical expenditures for multiple commodities, as well as fleet services and Telecommunications.

Agency Budget Submission

Increase: DHS' proposed Local funds budget includes a net increase of $6,337,042 across multiple divisions to reflect Fixed Costs based on estimates provided by DGS, and Telecommunications estimates provided by the Office of the Chief Technology Officer. This adjustment includes the following increases: $3,470,861 for Rentals; $2,295,526 for Occupancy; $1,138,860 for Security; $17,491 for Telecommunications; and is offset by a decrease of $585,696 for Energy-related commodities. Additionally, the proposed Local funds budget reflects a net personal services increase of $1,533,432 and 5.8 Full-Time Equivalents (FTEs), across multiple divisions, to provide support for the Homeless programs, projected step increases, Fringe Benefits and other related costs.

The proposed budget submission for Federal Grant funds includes a net increase in personal services of $3,220,730 and 32.5 FTEs across multiple divisions, of which 19.0 FTEs reflect support to the DCAS project and 13.5 FTEs will support the Office of Work Opportunity program. A net increase of $1,626,378 in nonpersonal services primarily reflects the projected SNAP funding for DCAS. Additionally, a proposed increase of $773,297 across multiple divisions for Contractual Services projected Community Services Block Grant (CSBG). Lastly, an increase of $383,246 in the Agency Management division is to support historical fixed cost estimates from DGS for Occupancy costs.

DHS' proposed budget for Federal Medicaid Payments reflects a net increase of $3,877,574 and 38.4 FTEs in personal services across multiple divisions. In nonpersonal services, a net proposed increase of $428,680 is based on projected Medicaid funding for DCAS in the Agency Management division. Finally, a net increase of $136,656 in the Agency Management division supports estimates for fixed costs for Occupancy and Telecommunications.

The proposed budget for Intra-District (ID) funds includes a net increase of $93,050 in personal services costs across multiple divisions to support projected step increases and other salary adjustments.

Decrease: The proposed budget for Local funds recognizes a net savings of $1,632,687 across multiple divisions, primarily to account for reductions in professional services fees. In addition, the proposed budget is decreased by $11,605,590 across multiple divisions to reflect a reduction of fixed costs, rental assistance funding, and Local funding for the TANF employment program.

The budget submission in Federal Grant funds contains a $22,209,078 decrease across multiple divisions to account for a projected reduction in TANF carryover funding.

In Special Purpose Revenue funds, a proposed reduction in eligibility support services of the Health Care Benefit Exchange (HBX) by the Economic Security Administration will result in a projected decrease of $8,894 in nonpersonal services and a net decrease of $666,106 and 11.0 FTEs to ESA.

In ID funds, DHS proposed a decrease of $78,053 in nonpersonal services across multiple divisions to partially offset increases in personal services for projected step increases, Fringe Benefits, and other related adjustments.

Mayor's Proposed Budget

Enhance: DHS proposes several initiatives that primarily address the plight of the District's homeless population. In Local funds the agency proposes a net increase of $58,900,981 in the Family Services division, which includes: $36,400,000 to support emergency/low barrier and traditional shelter costs for the Homeless Continuum of Care contract previously supported with TANF carryover funds; $8,388,950 to support the continued implementation of the Homeward DC program; $5,600,000 in restored fixed cost adjustments; $5,500,000 to support the costs associated with emergency overflow shelters for families; $2,100,000 to support the operating cost of short-term family housing facilities opening in the 4th quarter; and $912,031 (one-time) to support the expansion of DHS' youth diversion programs - the Alternatives to the Court Experience Diversion program (ACE) and the Parent and Adolescent Support Services program (PASS). ACE and PASS have both been under-staffed relative to the number of referrals from juvenile justice entities and community members. The demand for these programs is likely to grow as a result of their positive outcomes and lower cost relative to arrest and court costs.

Additionally in Local funds, the agency proposes: $10,500,000 (one-time) to support emergency overflow shelters in the Family Services division and $8,100,000 in the Economic Security Administration division to implement a TANF hardship policy through providing an equal funding formula to establish a child enrichment component and a parent component. This bifurcated funding ensures that there are resources to ensure support for the children in the home as well as incentives for parental compliance with employment requirements. Additionally, the agency proposes an increase of $6,500,000 (one-time) in the Agency Management division to support the operating and maintenance expenditures in support of recent DCAS expansion.

Furthermore, in the Family Services division, DHS proposes an increase of $2,737,046 and 30.0 Full-Time Equivalent (FTE) positions. This adjustment includes $2,326,023 in one-time funding and 26.0 FTEs for the expansion of the ACE and PASS diversion programs, and $411,023 and 4.0 FTEs for administering Homeward DC investments. Lastly, the budget proposal includes an increase of $98,977 for projected Supplies and Equipment costs, which includes $50,000 in one-time funding allocated evenly between the ACE and PASS programs, and $48,977 for the Homeward DC program in the Family Services division.

District's Proposed Budget

Enhance: In Local funds, DHS continued commitment to the TANF program is reflected by a proposed increase of $2,200,000 in the Economic Security Administration (ESA) division. The District also proposes $2,199,240 in one-time funding to support several other initiatives in the Family Services division, including $1,352,000 to support the Inter-Agency Council for Homelessness (ICH) Youth Plan for transitional housing, aftercare, and 10 youth shelter beds; $765,665 for the Emergency Rental Assistance Program; and $81,575 to provide housing coordinator services for domestic violence survivors screened at the Virginia Williams Family Resources Center. Within the Family Services division, the District proposes an increase of $1,134,018 to enhance Permanent Supportive Housing services, including $704,550 for individuals and $429,468 for families. Additional one-time funding of $722,238 is proposed for Fixed Costs for Security services within the Family Services division.

To combat recidivism among released inmates, DHS is one of the several District agencies involved in a new initiative called the Returning Citizens Portal of Entry program to assist former prison inmates' transitioning back into society. The agency will receive $500,000 and 4.0 FTEs to the ESA division to support this new program. Additionally, the District proposes an increase of $282,708 and 3.0 FTEs for the DC Healthcare Alliance in the ESA division. To support the cost of increasing transitional housing slots and Permanent Supportive Housing units for the ICH Youth Plan, the District proposes an additional $212,000. Finally, the agency proposes a one-time increase of $50,000 for Burial Assistance in the ESA division.

Reduce: The proposed Local funds budget decreased by $343,404 across multiple divisions to reflect programmatic cost savings for supplies and professional and contractual services. Additional cost savings for the Local funds budget is realized by reducing personal services by $2,797,388 and 29.0 vacant FTEs across multiple divisions. Further, the budget includes a reduction of $3,000,000 in recurring funds for Rapid Rehousing within the Family Services division. Finally, the District proposes a net decrease of $3,468,648 across multiple divisions to reflect historical spending levels for various Fixed Cost commodities. This adjustment includes reductions of $1,306,553 for Occupancy, $991,736 for Security, $460,646 for Energy, $424,413 for Rentals, and $285,300 for Telecommunications.

Agency Performance Plan*

Department of Human Services (DHS) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Develop an effective crisis response system for unaccompanied adults who experience homelessness.
2. Develop an effective system of care for families who experience homelessness.
3. Implement a system of services and supports for families and parenting youth.
4. Empower DHS clients to improve their economic stability and well-being.
5. Improve the customer experience at DHS service centers.
6. Safeguard and improve the quality of life for vulnerable adults.
7. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Develop an effective crisis response system for unaccompanied adults who experience homelessness. (2 Activities)

Activity Title	Activity Description	Type of Activity
Homeless Services Continuum- Individuals	The Family Services Administration (FSA) provides a continuum of services to individuals experiencing homelessness or at risk of homelessness, so that they can obtain and/or maintain improved housing. The continuum of services includes outreach, coordinated entry, low barrier shelter, rapid rehousing, day programs, feeding programs, and permanent supportive housing. FSA also provides targeted support for Veterans experiencing homelessness as well as resources and services during extreme weather alerts.	Daily Service
Establish A Downtown Day Center	Last year, DHS opened the Adams Place Day Center. The Day Center addresses the long-standing need in the community of having a safe and dignified place for individuals experiencing homelessness to go during the day to take care of everyday needs and access long-term services and supports. In FY 2017, DHS is working to identify a new, downtown site for the Day Center, which given the more central location would allow access to services for a larger population. In FY 2017, DHS is seeking to expand partnerships and services offered at the current Day Center.	Key Project

Homeless Services Continuum- Families	The Family Services Administration provides a continuum of services to families experiencing homelessness or at risk of homelessness, so that they can obtain and/or maintain improved housing. The continuum of family services includes centralized intake and eligibility assessment at the Virginia Williams Family Resource Center, prevention services, emergency shelter, rapid rehousing, housing navigation and permanent supportive housing.	Daily Service
DC General Replacement Sites	In FY 2014, the District presented a multi-year plan to close and replace DC General. In FY 2015, Mayor Bowser and the Interagency Council on Homelessness (ICH) included a goal in its plan to close DC General and replace it with smaller, more dignified facilities across the District. In FY 2016, Mayor Bowser implemented an eight ward plan to close and replace DC general, with facilities planned for each ward in the District. In FY 2017, DHS will focus on interim placements while simultaneously working toward exiting all families from DC General by FY 2018, regardless of the Short-term Family Housing (STFH) sites' opening status.	Key Project

3. Implement a system of services and supports for families and parenting youth. (1 Activity)

Activity Title	Activity Description	Type of Activity
Youth-Focused Diversion Services	DHS provides youth-focused diversion services through the following programs: Parent and Adolescent Support Services (PASS), which works to divert youth who have committed status offenses from court involvement and detention by conducting comprehensive youth assessments and providing intensive case management, in-home family counseling (Functional Family Therapy), and linkages to other supportive services; Alternatives to Court Experience (ACE), which offers individually tailored and clinically-appropriate services to youth and families as alternatives to prosecution. The program works to reduce recidivism, reengage youths in school, and improve overall youth functioning ; and The Teen Parent Assessment Program (TPAP), which provides services to teen parents ages 17 and under who receive Temporary Assistance for Needy Families (TANF). TPAP's goal is to move program participants towards self-sufficiency through completion of their high school or General Education Development (GED) program. Youth homeless services includes funding for the provision of emergency shelter beds and homeless prevention services.	Daily Service

4. Empower DHS clients to improve their economic stability and well-being. (1 Activity)

Activity Title	Activity Description	Type of Activity
Food Supplements, Employment and Training Program	The Economic Security Administration provides case management and employment assistance through the TANF Employment Program and Food Stamp Employment and Training (FSET) Program, which provide job readiness and training activities designed to improve long-term employability and achieve sustaining income. 5. Improve the customer experience at DHS service centers. (1 Activity)

Activity Title	Activity Description	Type of Activity
Eligibility Determination and Enrollment Support	The Economic Security Administration provides eligibility determination and enrollment support for Federal and District cash, food, child care and medical benefits. These benefits include: Temporary Assistance for Needy Families (TANF), which provides temporary income support assistance for low income families while helping them improve their long-term employability and achieve family-sustaining income; Supplemental Nutrition Assistance Program (SNAP), which is designed to provide supplemental nutrition assistance to individuals and families in need, and support their return to long-term employability; District of Columbia Interim Disability Assistance program, which provides assistance to Supplemental Security Income (SSI) applicants pending SSI determination. District of Columbia's child care subsidy program. Federal and District medical assistance programs, including Medicaid, Children's Health Insurance Program (CHIP), and the D.C. Healthcare Alliance Program.	Daily Service

6. Safeguard and improve the quality of life for vulnerable adults. (1 Activity)

Activity Title	Activity Description	Type of Activity
Supportive Services to Vulnerable Adults	DHS provides supportive services to vulnerable adults through the following programs: Adult Protective Services (APS), a crisis–centered and investigation-based program that receives referrals for alleged abuse, neglect, self-neglect and exploitation 24 hours a day, seven days a week; The Strong Families Program, which provides immediate crisis intervention, stabilization and assessment services to District families experiencing acute crisis through intense case management and referral services. The Strong Families also provides relocation services to District families experiencing crisis due to emergency situations (critical incidents) such as building closures, natural disasters, fire emergencies, power outages and crime emergencies; The Family Violence Prevention and Services Program, which is an initiative that supports the establishment, maintenance and expansion of programs to prevent incidents of family violence. It also provides immediate shelter and related assistance for victims of	Daily Service

The mission of the Child and Family Services Agency is to ensure the safety, permanence, and well-being of abused and neglected children and to strengthen troubled families in the District of Columbia.

Summary of Services

The D.C. Child and Family Services Agency (CFSA) investigates reports of child abuse and neglect and provides child protection. Services include supportive community-based services that help families overcome difficulties while keeping their children out of foster care, foster care for children who cannot be safe at home, and adoption for children who cannot go home. CFSA seeks to achieve the highest quality of community-based services, to increase the number of families who receive preventive and supportive services, and to expand the network of resources providing services to at-risk children and their families.

The agency's FY 2018 proposed budget is presented in the following tables:

Division Description

The Child and Family Services Agency operates through the following 8 divisions:

Agency Programs – provides case management for children and youth in foster care. The Agency Operations program works to ensure the safety and well-being of children and youth in care while moving them to permanence as quickly as possible via reunification, guardianship, or adoption.
This division contains the following 7 activities:

- **Permanency** – provides permanency support, consultation, technical assistance, training, and case management for children from the inception of concurrent permanency planning through finalization of adoption and guardianship;
- **Teen Services** – provides permanency support, consultation, technical assistance, training, and case management for older youth between the ages of 15 to 21. Teen Services works to achieve permanence for older youth while at the same time providing life skills training, vocational and educational support, and transitional assistance to help youth prepare for independence after leaving foster care;
- **Family Resources** – provides foster and adoptive resource recruitment and support services to current and potential foster, kinship, and adoptive parents;
- **Facility Licensing** – provides licensing for CFSA's foster homes;
- **Contract Monitoring** – provides oversight of services contracted by CFSA and ensures program outcomes and adherence to contractual requirements;
- **Child Placement** – provides living arrangements for foster children, including traditional and therapeutic foster homes, group care, and independent living programs; and
- **Kinship Support** – identifies viable family resources, conducts family team meetings, facilitates placements with relatives, expedites licensing of kinship foster parents, and provides supportive services to kinship caregivers.

Community Services – is comprised of investigative social workers, medical professionals and other professionals responsible for monitoring and overseeing services to children who are placed in foster care. Community Services operates CFSA's on-site clinic and the child abuse hotline.

This division contains the following 5 activities:

- **Child Protective Services - Family Assessment** – leads and conducts assessments of suspected child abuse or neglect, assesses families whose children are alleged victims of abuse or neglect, and refers children and their families for services within CFSA or the Healthy Families Thriving Communities Collaboratives. The assessments are designed to prevent further abuse and neglect, strengthen parents' capacity to care for their children, assure that children receive adequate care, and safely prevent out-of-home placement when appropriate;
- **Child Protective Services - Investigations** – receives reports of suspected child abuse or neglect through the hotline, investigates families whose children are alleged victims of abuse or neglect, and makes determinations regarding immediate removals and/or court referrals;
- **Clinical Health Services** – provides medical and behavioral health screenings prior to placement and expert consultation in health, residential treatment, developmental disabilities, and 24/7 on-call support for medical and mental health services;
- **Nurse Care Management** – supports a cadre of nurse care professionals to support the medical needs of children in care; and
- **Healthy Horizons Clinic** – provides medical health screenings prior to placement and expert consultation in health, residential treatment, developmental disabilities, and 24/7 on-call support for medical services.

Adoption and Guardian Subsidy – supports families caring for children and providing a long-term permanent placement for children.

This division contains the following 3 activities:

- **Adoptions and Guardianship Subsidy** – provides financial assistance services to eligible relatives and adoptive parents so that they can maintain children in permanent homes;
- **Guardianship Subsidy** – provides financial assistance services to eligible relatives and non-family caregivers so that they can maintain children in permanent homes; and
- **Grandparent Subsidy** – provides financial assistance services to eligible grandparents so that they can maintain children in permanent homes.

Policy and Planning – supports CFSA's policy development, planning and data analysis, Fair Hearings, D.C. Child Protection Registry, quality assurance, and training functions. Additionally, Policy and Planning licenses group homes and independent living facilities that provide services to youth.

This division contains the following 3 activities:

- **Policy** – develops agency policy and provides review, interpretation and decision-making services to the Director and staff so that they can make decisions consistent with best practices and with statutory and regulatory requirements;
- **Planning and Data Analysis** – provides reporting, data analysis, technical assistance, and research services to the agency and external stakeholders in order to facilitate short and long-term agency strategic planning; and
- **Quality Assurance** – provides assessment, monitoring, and recommendation services to CFSA staff and key stakeholders to improve agency practice. In addition, Quality Assurance is responsible for facilitating qualitative review processes such as child fatality reviews and quality service reviews in order to identify areas of strength and need in line with best practices and child welfare standards.

Clinical Practice (Well Being) – provides comprehensive well-being services for children in CFSA's care, including educational services, liaisons for substance abuse and domestic violence services, and day care. This division is responsible for implementing CFSA's trauma-informed practice.

Community Partnerships – forges community partnerships and supports community-based programs and strategies designed to strengthen families and promote safety and stability for these families as well as at-risk children.

This division contains the following 3 activities:

- **Community Partnership Services** – provides staffing support and oversight of community-based prevention, supportive and after-care services to families and at-risk children in their homes, maximizing the use of informal and formal support systems;
- **In-Home** – serves families in-home through social work units co-located with community partners to provide community-based family supportive services; and
- **Prevention Services –** provides direct community-based prevention, supportive and after-care services to families and at-risk children in their homes, maximizing the use of informal and formal support systems.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Child and Family Services Agency has no division structure changes in the FY 2018 proposed budget.
