GROSS FOR RL0 - CHILD AND FAMILY SERVICES AGENCY		**226,496**	**820.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Child and Family Services Agency's (CFSA) proposed FY 2018 gross budget is $226,495,842, which represents a 2.6 percent decrease from its FY 2017 approved gross budget of $232,629,822. The budget is comprised of $158,633,122 in Local funds, $65,382,575 in Federal Grant funds, $20,977 in Private Donations, $1,000,000 in Special Purpose Revenue funds, and $1,459,168 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CFSA's FY 2018 CSFL budget is $165,180,891, which represents a $1,372,349, or 0.8 percent, decrease from the FY 2017 approved Local funds budget of $166,553,240.

CSFL Assumptions

The FY 2018 CSFL calculated for CFSA included adjustments that are not described in detail on table 5. These adjustments include a decrease of $216,105 in personal services to account for Fringe Benefit costs based on trend comparative analyses, and an increase of $164,408 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for CFSA includes a reduction of $1,050,000 to account for the removal of one-time funding appropriated in FY 2017 to support direct services. Additional adjustments include an increase of $3,450 for the Medicaid Growth Factor to account for the District's FY 2018 Medicaid growth rate of 2.3 percent based on the cost of healthcare services in the District projected by the Department of Health Care Finance, and a decrease of $274,103 for the Fixed Cost Inflation Factor to reflect estimates based on historical expenditures of Department of General Services commodities.

Agency Budget Submission

Increase: The Local funds budget proposal includes an increase of $2,779,147 across multiple divisions, which will be used primarily to support direct services for children and youth in foster care. Personal services adjustments include an increase of $842,749 for projected step increases, Fringe Benefit costs, the filling of vacant positions, and the reclassification of 3.0 FTEs to Federal Grant funds.

In Federal Grant funds, an increase of $1,150,377 supports 3.0 additional FTEs and provides funding for projected salary step increases and Fringe Benefit costs. This adjustment is based on a projected increase to the Foster Care grant. Fixed Costs projections for Security services and Energy provided by the Department of General Services (DGS) collectively account for an increase of $396,993. The proposed budget in Federal Grant funds also increased by $56,776 to properly align funding with anticipated grant awards.

CFSA's Intra-District funds budget proposal reflects an increase of $323,352 to the Community Partnerships in support of the agency's work with the Department of Behavioral Health to support services for Wayne's Place, a transitional home for young adults who need support to live independently. This is part of an initiative to keep District residents out of homelessness and provide assistance in getting them on a path to the middle class. Also in Intra-District funds, an increase of $78,140 to the Agency Programs division will be used in collaboration with the Department of Human Services for the Refugee Minor program to support unaccompanied children and youth.

Decrease: The proposed budget in Local funds reflects a decrease of $429,299, mainly for Supplies and Materials to partially offset increases in personal services. A net decrease of $1,437,301 in Local funds from the Agency Management division aligns the budget with Fixed Costs projections from DGS and the Office of the Chief Technology Officer.

CFSA's budget allocation process identifies savings in Local funds to optimize funding for programmatic priorities. In this regard, the proposed budget is reduced by $2,541,391 in Local funds to reflect projected savings across multiple divisions in nonpersonal services. Additionally, the budget in Local funds reflects a reduction of $4,169,331 across multiple divisions to account for anticipated savings from funding allocated for contractual services. These adjustments enable CFSA to continue support its mission and strategically focus on investing in programs and activities for underserved populations.

In Private Grant funds, CFSA's budget proposal decreased by $19,500 from the Policy and Planning division due to the expiration of the Pregnant and Parenting Youth Private grant. A decrease of $200,000 in Special Purpose Revenue funds from the Agency Programs division aligns the budget with revenue projections pertaining to the Social Security Administration for Social Security income based on Medicaid eligibility.

Mayor's Proposed Budget

Reduce: CFSA's budget proposal reflects a reduction of $1,602,255 in Local funds based on projected savings in the Agency Programs division due to anticipated reductions in foster care placement costs.

District's Proposed Budget

Enhance: CFSA's Local funds proposed budget is enhanced with one-time funding to support various programs, including $500,000 in the Community Partnerships division for rapid housing vouchers for young adults who have aged out of the foster care program; $250,000 in the Community Services division to support the Safe Shores contract, which aids in the investigation of child and adolescent sexual and physical abuse; and $250,000 in the Clinical Practice division to support tutoring services.

Reduce: There are savings identified in CFSA's proposed Local funds budget. CFSA's proposed budget is reduced by $116,081 to account for projected savings identified in nonpersonal services across multiple divisions. Personal services savings reduced the agency's budget by $401,829 and 5.0 vacant FTEs across multiple divisions. Finally, a reduction of $472,177 from the Agency Management division aligns the budget with Fixed Costs estimates for Security and Janitorial Services.

Agency Performance Plan*

Child and Family Services Agency (CFSA) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Exit to Positive Permanency - Every child and youth exits foster care as quickly as possible for a safe, well-supported family environment or life-long connection. Older youth have the skills for successful adulthood.
2. Narrowing the Front Door - Children will have the opportunity to grow up with their families and are removed from their families only when necessary to keep them safe.
3. Ensure Child Well Being - Every child is entitled to a nurturing environment that supports healthy growth and development, good physical and mental health, and academic achievement.
4. Foster Care is a Temporary Safe Haven - Foster care is a temporary safe haven, with planning for permanence beginning the day a child enters care.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Exit to Positive Permanency - Every child and youth exits foster care as quickly as possible for a safe, well-supported family environment or life-long connection. Older youth have the skills for successful adulthood. (3 Activities)

Activity Title	Activity Description	Type of Activity
Permanency Administration	Provides permanency support, consultation, technical assistance, training and case management for children from inception of concurrent permanency planning through finalization of adoption or guardianship.	Daily Service
Office of Youth Empowerment	Serves older youth, ages 16 to 21, in care. OYE provides programs, services, and supports to prepare these young people for successful adulthood while continuing to seek permanent homes for them through reunification, guardianship, or adoption.	Daily Service
After Care Services	CFSA will work with community partners to provide Aftercare services to Foster Care Youth who Age out of Foster Care.	Daily Service

2. Narrowing the Front Door - Children will have the opportunity to grow up with their families and are removed from their families only when necessary to keep them safe. (3 Activities)

Activity Title	Activity Description	Type of Activity
In-Home Services Administration	Monitors and assists families through 10 social work units co-located with the Healthy Families/Thriving Communities Collaborative. This administration also manages the agency's rapid housing program which assists kin, transitioning youth, and families reunifying with housing resources.	Daily Service
CPS-I	Maintains 24/7 protective services for children, including the District's hotline for reporting child abuse/neglect and necessary investigative responses.	Daily Service
Family Assessment	Providing assessment and support to referred families at risk of child abuse and neglect. Includes referrals for educational neglect.	Daily Service

3. Ensure Child Well Being - Every child is entitled to a nurturing environment that supports healthy growth and development, good physical and mental health, and academic achievement. (3 Activities)

Activity Title	Activity Description	Type of Activity
Health Services Administration	Provides in-house medical screenings for children and youth before entry into out-of-home care and a full medical evaluation within 30 days.	Daily Service
Office of Youth Empowerment	Serves older youth, ages 16 to 21, in care. OYE provides programs, services, and supports to prepare these young people for successful adulthood while continuing to seek permanent homes for them through reunification, guardianship, or adoption.	Daily Service
The Office of Well-Being	The Office of Well-Being plays a leadership role in defining, supporting, and enhancing the overall well-being of children and youth involved with child welfare. CFSA uses trauma-informed and evidence-based practices, with the goal of achieving measurable and meaningful outcomes in the well-being domains of education, cognitive functioning, physical health and development, emotional and behavioral functioning, and social and emotional functioning within the context of a trauma-informed system. The Office of Well-Being includes four specialty areas (education, substance abuse, domestic violence, and day care) that support these outcomes, in addition to the Health Services Administration that provides in-house medical screenings for children and youth before entry into out-of-home care and a full medical evaluation within 30 days.	Daily Service

4. Foster Care is a Temporary Safe Haven - Foster care is a temporary safe haven, with planning for permanence beginning the day a child enters care. (3 Activities)

Activity Title	Activity Description	Type of Activity
Placement Services Administration	Identifies appropriate settings that can meet the needs of children and youth who must leave home temporarily to be safe.	Daily Service

(Continued on next page)

4. Foster Care is a Temporary Safe Haven - Foster care is a temporary safe haven, with planning for permanence beginning the day a child enters care. (3 Activities)

Activity Title	Activity Description	Type of Activity
Kinship Support Administration	Conducts Family Team Meetings to prevent removal, when possible, and conducts other activities to engage and support relatives in caring for their children.	Daily Service
Foster Care Resources Administration	Foster Care Resources Administration recruits, District-based foster homes, group homes and independent living programs for children and youth; provides support to foster and adoptive parents and coordinates service monitoring of CFSA contracts with private providers who manage a portion of the caseload of children and youth in out-of-home care. These providers operate networks of foster homes and congregate care facilities (group homes and independent living programs).	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Exit to Positive Permanency - Every child and youth exits foster care as quickly as possible for a safe, well-supported family environment or life-long connection. Older youth have the skills for successful adulthood. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Share of exits to a permanent home	No	77%	81%	84%	84%	80%
Share of youth age 20 who are employed or in post-secondary education	No	45%	61%	55%	55%	60%
Share of youth engaged in after-care services	No	Not Available	92%	Not Available	98%	98%

2. Narrowing the Front Door - Children will have the opportunity to grow up with their families and are removed from their families only when necessary to keep them safe. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
New entries into foster care	No	381	325	362	344	320
Number of removals from in-home within one year	No	97	108	87	87	85
Share of investigations initiated within 48 hours	No	91%	89%	95%	95%	95%

3. Ensure Child Well Being - Every child is entitled to a nurturing environment that supports healthy growth and development, good physical and mental health, and academic achievement. (6 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of children ages 0-5 getting a developmental screening within 30 days of entering care	No	77%	90%	86%	86%	85%
Percent of youth in foster care who graduate from college	No	8%	16%	15%	15%	20%
Percent of youth in foster care who graduate from high school	No	60%	76%	70%	70%	70%
Share of youth age 11 and older getting a pre--placement substance abuse screening	No	86%	93%	95%	95%	95%
Share of children/youth getting a health screening before an initial and re-entry to foster care placement	No	94%	96%	95%	95%	95%
Share of youth in foster care who complete vocational training and/or receive industry certification	No	44%	69%	48%	48%	70%

4. Foster Care is a Temporary Safe Haven - Foster care is a temporary safe haven, with planning for permanence beginning the day a child enters care. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent increase of relative placements (kinship care)	No	21%	21%	25%	25%	25%
Percent of foster care placements within the District of Columbia	No	48%	49%	53%	53%	60%
Percent of placements in family foster homes	No	83%	84%	88%	88%	88%

5. Create and maintain a highly efficient, transparent and responsive District government. (9 Measures)**

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. In-home Services Administration

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of in-home children served	No	Not Available	Not Available	1,563
Number of in-home families served	No	Not Available	Not Available	574

2. CPS-I

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Rate of substantiated child abuse and neglect per 1,000 children in the District	No	Not Available	Not Available	7.6
Total hotline calls received	No	Not Available	Not Available	17,239
Total number of new investigations	No	Not Available	Not Available	5,294

3. Placement Services Administration

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of out-of-home children served	No	Not Available	Not Available	989

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department of Behavioral Health

Table RM0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$268,931,330	$273,422,234	$271,917,593	-0.6
FTEs	1,345.6	1,409.7	1,382.6	-1.9

The mission of the Department of Behavioral Health (DBH) is to support prevention, treatment, resiliency, and recovery for District residents with mental health and substance use disorders through the delivery of high-quality, integrated services.

Summary of Services

The DBH will: (1) ensure that every individual seeking services is assessed for both mental health and substance use disorder needs, (2) increase the capacity of the provider network to treat co-occurring disorders, (3) establish and measure outcomes for individuals with co-occurring mental health and substance use disorders as well as single illnesses with recovery as the goal, and (4) enhance provider monitoring to ensure high quality service.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table RM0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Behavioral Health operates through the following 8 divisions:

Behavioral Health Authority – plans for and develops mental health and substance use disorders (SUD) services; ensures access to services; monitors the service system; supports service providers by operating DBH's Fee for Service (FFS) system; provides grant or contract funding for services not covered through the FFS system; regulates the providers within the District's public behavioral health system; and identifies the appropriate mix of programs, services, and supports necessary to meet the behavioral health needs of District residents.

This division contains the following 5 activities:

- **Office of the Director/Chief Executive Officer** – leads management and oversight of the public behavioral health system; directs the design, development, communication, and delivery of behavioral health services and supports; and identifies approaches to enhance access to services that support recovery and resilience;
- **Consumer and Family Affairs** – promotes and protects the rights of individuals with behavioral health disorders; encourages and facilitates consumer and client and family leadership of treatment and recovery plans; and ensures consumer and client voice in the development of the behavioral health system. The Administration also promotes consumer and client leadership, manages the peer certification training, and provides expertise on the consumer and client perspective and is made up of the following teams: Peer Support, Consumer Engagement, Consumer Rights, Quality Improvement and Saint Elizabeths;
- **Office of Ombudsman** – identifies and helps consumers and clients resolve problems, complaints and grievances through existing processes; educates on available services and helps to maximize outreach; refers individuals when appropriate to other District agencies for assistance; and comments on behalf of residents on District behavioral health policy, regulations and legislation;
- **Legal Services** – provides legal advice to the Director on all aspects of DBH's operations and activities; drafts, researches and/or reviews legislation, regulations, and policies affecting DBH's mission and programs; formulates strategic advice on DBH program development and compliance and oversight activities; and

- **Legislative and Public Affairs** – develops, leads and coordinates the agency's public education, internal and external communications, and public engagement and outreach initiatives; manages legislative initiatives and acts as the liaison to the District Council; facilitates responses to constituent complaints and service requests; and provides information and support for special projects.

Saint Elizabeths Hospital (SEH) – provides inpatient psychiatric, medical, and psycho-social person-centered treatment to adults to support their recovery and return to the community. The hospital's goal is to maintain an active treatment program that fosters individual recovery and independence as much as possible. The hospital is licensed by the District's Department of Health, and meets all the conditions of participation promulgated by the federal Centers for Medicare and Medicaid Services.

This division contains the following 14 activities:

- **Office of the Chief Executive** – provides overall executive management and leadership for all services and departments of Saint Elizabeths;
- **Office of Clinical and Medical Services – SEH** – provides the clinical, operational, strategic, and cultural leadership necessary to deliver care that is high-value (in terms of cost, quality and patient experience) to support their recovery and reintegration into the community;
- **Engineering and Maintenance – SEH** – provides maintenance and repairs to ensure a functional, safe, and secure facility to maximize the benefits of the therapeutic environment;
- **Fiscal and Support Services – SEH**– provides for the formulation, execution, and management of the hospital's budget, billing and revenue operations; approves and finances all requests for procurements; and oversees the overall financial integrity of the Hospital to ensure the appropriate collection, allocation, utilization and control of resources;
- **Quality and Data Management** – provides quality improvement utilizing performance improve-ment techniques; uses data and research to guide clinical practices; provides oversight of reporting functions; and manages the reporting functions from the electronic medical record;
- **Housekeeping – SEH** – maintains a clean and sanitized environment to enhance the therapeutic environment and level of clinical performance;
- **Materials Management – SEH**– receives and delivers materials, supplies, postal and laundry services; maintains an inventory of goods, replenishes stock, and performs electronic receiving for all goods and services;
- **Nursing Services – SEH** – provides active treatment and comprehensive, high quality 24-hour nursing care through a recovery-based therapeutic program; establishes the training curriculum for all levels of hospital staff and ensures compliance with training programs for clinical and clinical support staff to maintain the health and safety of patients and staff;
- **Nutritional Services – SEH** – provides optimum nutrition and food services, medical nutrition therapy and nutrition education services in a safe and sanitary environment;
- **Security and Safety – SEH** – provides a safe and secure facility for patients, visitors, and staff to support a therapeutic environment;
- **Transportation and Grounds – SEH** – manages the resources, administrative functions, contracts, and personnel; provides transportation and maintenance services including solid and medical waste disposal, and snow and ice removal;
- **Office of the Chief of Staff – SEH** – primarily responsible for the organization, ongoing management and oversight of key hospital administrative functions; regularly interacts and coordinates with medical staff and executive leadership; and serves as liaison with external partners including the Department of Corrections, DC Superior Court, and the District of Columbia Hospital Association;
- **Office of the Chief Operating Officer – SEH** – provides the operational, strategic, and cultural leadership necessary to plan, direct, and manage major administrative functions. This ensures the provision of high quality services while also meeting the needs of individuals in care and external stakeholders. The Chief Operating Officer regularly interacts and coordinates with finance, information systems, human resources, performance improvement, and risk management; and

- **Office of the Chief Clinical Officer – SEH** – provides clinical leadership and interdisciplinary treatment teams; ensures the provision of social work services, treatment programs, rehabilitation services, utilization review, and volunteer services.

Accountability Division – oversees provider certification, mental health community residence facility licensure, program integrity, quality improvement, major investigations, incident management, claims audits, and compliance monitoring. Issues annual Medicaid and local repayment demand letters, annual quality reviews, and annual provider scorecards.

This division contains the following 5 activities:

- **Office of Accountability** – leads the Accountability Division by providing oversight and management of all of the agency's certification, licensure, incident management, and program integrity activities;
- **Investigations** – conducts major investigations of sentinel events and major unusual incidents, presents a disposition of the matter, and develops the final investigative report submitted to the agency Director, General Counsel, and other appropriate parties to ensure the needs and treatment goals of individuals in care are identified and addressed;
- **Licensure** – reviews and processes applications for licensure for Mental Health Community Residence Facilities (MHCRF), monitors MHCRF operators' compliance with agency regulations and policies, and generates and enforces statements of deficiencies and corrective action plans when necessary;
- **Certification** – reviews and processes applications for certification and recertification for behavioral health providers, monitors provider compliance with agency certification regulations and policies, and generates and enforces statements of deficiencies and corrective action plans when necessary; and
- **Program Integrity** – provides oversight of certified providers through audits and reviews to ensure that they meet or exceed service delivery and documentation standards for mental health rehabilitation and substance use disorder services, and that they comply with agency policies and procedures and applicable District and federal laws and regulations.

Clinical Services Division – provides person-centered, culturally competent outpatient psychiatric treatment and supports to children, youth and adults to support their recovery; and coordinates disaster and emergency mental health programs.

This division contains the following 11 activities:

- **Office of the Chief Clinical Officer** – supervises and sets standards for the provision of clinical care throughout the agency and public behavioral health system for children, youth, and adults; oversees community hospitals that treat agency consumers on an involuntary basis; and serves as the petitioner in guardianship cases, and oversees the agency's disaster response for the city;
- **Behavioral Health Services** – directs and manages mental health services at two agency-operated locations;
- **Behavioral Health Services – Adult** – provides clinical assessment and treatment of persons who are 18 years of age and older who present with mental health concerns, and provides urgent same-day evaluations for persons in crisis that do not arise to the level of needing an emergency room visit;
- **Behavioral Health Services – Child** – provides clinical assessment and treatment for children up to 7 years old who present with challenging social, emotional and disruptive behaviors that cause impairment in functioning at home, school/daycare and the community;
- **Behavioral Health Services – Pharmacy** – provides psychiatric medications for residents enrolled in the public behavioral health system who are uninsured and unable to pay for medications;

- **Comprehensive Psychiatric Emergency Program (CPEP)** – provides emergency mental health services to adults 18 years of age and older, including immediate and extended observation care to individuals who present in crisis, as well as services in the community; and participates in the District's cold weather alert response;
- **Psychiatric Emergency Services – CPEP** – provides immediate access to multi-disciplinary emergency psychiatric services 24/7, assesses and stabilizes psychiatric crises of patients who present voluntarily or involuntarily who live or visit the District, and formulates appropriate next level of care in the community or at other treatment facilities. Serves as the first contact for behavioral health services in the District and the primary provider of crisis stabilization to high profile and high service utilizer patients;
- **Homeless Outreach / Mobile Crisis – CPEP –** Homeless Outreach connects homeless individuals and families with behavioral health services and assists in the District's encampment protocol. Mobile Crisis provides crisis intervention and stabilization services to residents and visitors who are experiencing psychiatric crises in the community or at home; services include linkage to DBH, psychoeducation, treatment compliance support, and grief and loss services to individuals after a traumatic event;
- **Access Helpline** – enrolls consumers into services, authorizes appropriate units and duration of services based on clinical review of medical necessity criteria and capacity limits, ensures District residents receive crisis services, and provides telephonic suicide prevention and other counseling as appropriate;
- **Forensics –** provides and oversees continuum of behavioral health and others services for justice-involved individuals from pre-arrest to post-incarceration to ensure their successful return to the community; and
- **Assessment and Referral Center (ARC)** – assesses and refers adults seeking treatment for substance use disorders to appropriate services, such as detoxification, inpatient, medication-assisted treatment, outpatient substance use disorder treatment programs, or recovery support services.

Systems Transformation Division – conducts research, analysis, planning and evaluation leading to defined individual, service, and system outcomes; identification of needs, resources and strategies to improve efficiency as well as collaboration among and between internal and external partners; development and implementation of learning opportunities to advance system change; and greater effectiveness of the overall service delivery system.

This division contains the following 9 activities:

- **System Transformation Administration –** provides for administrative support and coordination among and between internal and external partners to achieve operational and programmatic results;
- **Office of System Transformation –** leads development and implementation of programmatic, organizational, and system change management process; and manages the agency's grant process, from identifying opportunities to submitting reports to grantors;
- **Information Systems Innovation and Data Analytics (ISIDA) –** provides and maintains high-quality hardware and software applications that support the provision and monitoring of consumer and client services, and produces and analyzes data for decision-making;
- **ISIDA – Data and Performance Management** – meets the agency's data reporting and analysis needs by working with staff to identify what information is needed, creating reports and dashboards that present and make the information accessible, and helping staff understand what the information means and how it can be used to improve performance;
- **ISIDA – Information Systems** – ensures continuity of operations and functionality improvement of existing practice management, billing, electronic health record applications and other systems, as well as providing business analysis support when the need for new systems is identified;
- **ISIDA – Technology Infrastructure** – manages the agency's technical backbone, including server maintenance, asset inventory management, distribution of personal hardware, telecommunication, and multi-functional device support and management;

- **Strategic Management and Policy** – develops programmatic regulations, policies and procedures to support the agency's mission, and develops the agency's Performance Plan and Performance Accountability Report;
- **Network Development** – monitors and provides technical assistance to individual providers and/or the provider network at large on emerging clinical, care coordination, administrative and organizational issues that need to be addressed to ensure and enhance the provision of services; and
- **Training Institute** – enhances the knowledge and competencies of the DBH provider network, and internal and external customers, through performance-based and data-driven learning environments.

Community Services Division – develops, implements and monitors a comprehensive array of prevention, early intervention and community-based behavioral health services and supports for adults, children, youth, and their families that are culturally and linguistically competent; and supports resiliency, recovery and overall well-being for district residents who have mental health and substance use disorders.

This division contains the following 18 activities:

- **Community Services Administration** – provides support services for community-based programs to ensure the coordination of services among and between internal and external partners to achieve programmatic results;
- **Office of Community Services** – leads oversight and management of the agency's integrated community-based, prevention, early intervention and specialty behavioral health programs;
- **Prevention and Early Intervention** – develops and delivers prevention and early intervention services, education, support, and outreach activities to help inform and identify children, youth and their families who may be affected by some level of mental health and/or substance use disorder issue;
- **Prevention and Early Intervention – Early Childhood** – provides school-based and center-based early childhood mental health supports and child and family-centered consultation to child development center staff and families to build their skills and capacity to promote social/emotional development and to prevent, identify, and respond to mental health issues among children in their care;
- **Prevention and Early Intervention – School Mental Health**– provides school-based, primary prevention services to students and school staff, early intervention and treatment to students and parents, and consultation to individual teachers;
- **Prevention Substance Use Disorder –** ensures comprehensive prevention systems by developing policies, programs, and services to prevent the onset of illegal drug use, prescription drug misuse and abuse, alcohol misuse and abuse, and underage alcohol and tobacco use;
- **Specialty Care –** develops, implements and ensures sustainability of specialized and evidence-based behavioral health programs for adults, adolescents, transition-aged youth, children and their families;
- **Specialty Care – Community–Based Services** – oversees development, implementation and monitoring of a comprehensive array of community-based mental health and substance use disorders services including evidenced-based and promising practices, implemented within the behavioral health provider network to address the needs of adults, children, youth and their families;
- **Specialty Care – New Initiatives** – provides overall technical direction and administration of a broad range of grant-funded projects and other new initiatives, tracks and monitors their progress and outcomes, and makes recommendations on their integration and full-scale implementation;
- **Linkage and Assessment** – provides mental health and substance use disorder screening, assessments, and referrals for adults, children, youth and families, ensuring they have easy access to a full continuum of quality behavioral health services and supports;
- **Linkage and Assessment – Assessment Center** – provides the Superior Court of the District of Columbia with court-ordered, high-quality, comprehensive, culturally competent mental health consultation, and psychological and psychiatric evaluations, for children and related adults with involvement in child welfare, juvenile justice and family court;

- **Linkage and Assessment – Co-Located Programs** – oversees the co-location of DBH clinicians at various District government agencies and community-based sites, to conduct early behavioral health screenings, assessments and consultations, and to make service referrals to the behavioral health provider network;
- **Linkage and Assessment – PRTF** – provides centralized coordination and monitoring of placement, continued stay, and post-discharge of children and youth in psychiatric residential treatment facilities (PRTF). Oversees the coordination of the PRTF medical necessity review process;
- **Housing Development** – develops housing options and administers associated policies and procedures governing eligibility, access to housing, and issuance of vouchers for eligible individuals in the agency's system; monitors providers' compliance with contracts and provides technical assistance to providers on the development of corrective action plans; and develops and monitors grant agreements pertaining to housing development and funding of housing vouchers;
- **Residential Support Services and Care Continuity** – determines individuals' housing needs and level of support; provides referrals to landlords; assures properties are inspected and approved; monitors service provision according to individualized clinical treatment plans; assures coordination and resolves problems among landlords, tenants, and providers; and conducts regular reviews to transition ready individuals to more independent, least restrictive community-based settings of their choice;
- **Implementation of Drug Treatment Choice** – provides subsidies and transfers for substance use disorder treatment services only;
- **Behavioral Health Rehabilitation** – provides Local funding for the payment of claims to providers for District residents who receive mental health rehabilitation services that are locally funded only and/or who are otherwise not eligible for Medicaid; and
- **Behavioral Health Rehabilitation – Local Match –** allocates Local funding as the match to Medicaid payment of claims to providers for District residents who are Medicaid-eligible and receive mental health and substance use disorder services that are funded by Medicaid.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table RM0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table RM0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
LOCAL FUNDS: FY 2017 Approved Budget and FTE		**226,758**	**1,160.5**
Other CSFL Adjustments	Multiple Programs	-1,533	0.0
LOCAL FUNDS: FY 2018 Current Services Funding Level (CSFL) Budget		**225,225**	**1,160.5**
Create: Restructuring of the agency	Multiple Programs	99,765	201.7

GROSS FOR RM0 - DEPARTMENT OF BEHAVIORAL HEALTH		**271,918**	**1,382.6**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Behavioral Health's (DBH) proposed FY 2018 gross budget is $271,917,593, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budget of $273,422,234. The budget is comprised of $229,065,685 in Local funds, $20,278,689 in Federal Grant funds, $1,430,000 in Federal Medicaid Payments, $257,700 in Private Grant funds, $288,775 in Private Donations, $4,234,099 in Special Purpose Revenue funds, and $16,362,645 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DBH's FY 2018 CSFL budget is $225,225,050, which represents a $1,532,699, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $226,757,748.

CSFL Assumptions

The FY 2018 CSFL calculated for DBH included adjustments that are not described in detail on table 5. These adjustments include a decrease of $162,274 in personal services to account for Fringe Benefit costs based on trend comparative analyses, and an increase of $975,560 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DBH includes an increase of $294,660 for the Medicaid Growth Factor to account for the District's FY 2018 Medicaid growth rate of 2.3 percent projected by the Department of Health Care Finance based on the cost of healthcare services in the District, and a decrease of $2,640,645 for the Fixed Cost Inflation Factor to reflect estimates based on historical expenditures of Department of General Services' commodities.

Agency Budget Submission

The FY 2018 budget proposed by DBH reflects a major programmatic realignment of resources. The newly created Accountability, System Transformation (ST), and Community Services (CS) divisions are funded from the elimination of the Behavioral Health Services and Supports (BHSS), Addiction Prevention and Recovery Administration (APRA), and Behavioral Health Financing/Fee for Service (BHFS) divisions. The agency's budget submission also added new and eliminated some existing activities within the Agency Management, Behavioral Health Authority, and Clinical Services divisions.

Create: The three newly created divisions are allocated an aggregate total of $99,764,928 and 201.7 Full-Time Equivalents (FTEs) in Local funds. This amount is comprised of $86,215,860 and 107.3 FTEs to support the CS division, $9,588,323 and 62.3 FTEs to support the ST division, and $3,960,745 and 32.1 FTEs to support the Accountability division. Funds allocated to the CS division will be used primarily in areas that focus on community-based behavioral services. These areas of direct patient services will serve District residents of all ages. The activities within the ST division will support areas designed to improve the overall efficiency and effectiveness of service delivery systems. The Accountability division will focus on areas of oversight and compliance to ensure claims and payments are valid, accurate, and punctual.

In the budget submission for Federal grant funds, an allocation of $11,950,473 and 37.0 FTEs supports the new agency's structure as follows: $10,000,367 and 28.0 FTEs to the CS division, $1,823,169 and 8.0 FTEs to the ST division, and $126,937 and 1.0 FTE to the Accountability division. Similarly, the budget submission for Federal Medicaid Payments includes a total allocation of $1,018,755 and 3.0 FTEs for the three newly created divisions, which is comprised of $753,554 and 2.0 FTEs to support the ST division, $150,000 to support the CS division, and $115,201 and 1.0 FTE to support the Accountability division. In in Special Purpose Revenue funds, a total allocation of $265,222 and 0.5 FTE is comprised of $200,000 for the CS division to cover professional service fees, and $65,222 and 0.5 FTE for the ST division to cover personal services costs and tuition for employee training.

The proposed programmatic realignment of resources also impacts DBH's budget proposal in Intra-District (ID) funds. A total of $7,221,632 and 18.9 FTEs budgeted in ID funds is comprised of $7,070,492 and 17.7 FTEs for the CS division and $151,140 and 1.2 FTEs for the ST division. DBH's ID funding supports various services as the agency continues to collaborate with the Department of Human Services, the Department of Health Care Finance (DHCF), the Child and Family Services Agency, the

Department of Health, and the Department of Youth Rehabilitation Services. Some of the services provided include prevention and treatment plans for Temporary Assistance for Needy Families (TANF) clients, Behavioral Health Rehabilitation Services, and wraparound services provided by Care Management entities.

Increase: DBH's budget proposal in Local funds includes a net increase of $3,315,661 along with a net reduction of 1.3 FTEs across multiple current divisions. Of this amount, $1,560,985 will be used primarily to support the Comprehensive Psychiatric Emergency Program (CPEP) and forensics studies through the issuance of contracts; $1,008,462 will address personal services projections including Fringe Benefits; and $746,214 accounts for Fixed Costs estimates for Energy, Rent, Security Services, Occupancy and Telecommunication, as projected by the Department of General Services (DGS) and the Office of the Chief Technology Officer (OCTO).

In Federal Grant funds, an increase of $3,457,083 and 55.0 FTEs will support various services across multiple divisions, and aligns the budget with projected grant award revenues. DBH's federal grant funding enables the agency to continue to operate in areas that focus on substance abuse prevention and treatment for adults and children in communities of high need, cooperative agreements to benefit the homeless, improving access to behavioral health treatment and support services for youth and young adults among the ages 16 and 25, and Medicare services for individuals 65 years of age and older.

In Private Grant funds, the proposed budget submission includes an increase of $2,700 to the Saint Elizabeths Hospital division, which is attributed to the Virginia Commonwealth University School of Pharmacy stipend. The proposed budget submission in Special Purpose Revenue (SPR) funds includes an increase of $59,021 in projected personal services costs, accompanied with a net decrease of 1.0 FTE across multiple divisions. An increase of $300,050 is projected in ID funds to cover personal service costs for existing positions as well as funding for an additional 3.7 FTEs.

Decrease: In the budget submission for Local funds, a total reduction of $108,182,302 and 210.4 FTEs accounts for DBH's programmatic realignment of resources, which resulted in the elimination of three divisions. This adjustment is due to 200.4 FTEs reallocated to multiple newly created divisions and 10.0 FTEs that were eliminated. The reduced amount is comprised of $55,608,713 and 158.4 FTEs reallocated from the Behavioral Health Services and Supports (BHSS) division, $28,202,274 and 19.0 FTEs relocated from the Behavioral Health Financing/Fee for Service (BHFS) division, and $24,371,315 and 33.0 FTEs relocated from the Addiction Prevention and Recovery Administration (APRA) division.

A reduction of an aggregate amount of $15,141,276 and 86.0 FTEs in Federal Grant funds is due to reallocation of $13,214,936 and 78.0 FTEs from the APRA division and $1,926,340 and 8.0 FTEs from the BHSS division as part of the agency's restructure. The budget proposal in Federal Medicaid Payments reflects a reduction of $840,042 and 3.0 FTEs. This adjustment is comprised of $708,987 and 2.0 FTEs reallocated from the BHSS division and $131,055 and 1.0 FTE reallocated from the BHFS division as part of the agency's restructure. The proposed budget for Federal Medicaid Payments also includes a decrease of $2,179,258 across multiple divisions. This adjustment aligns the budget with projected federal reimbursement for qualified Medicaid services provided to District residents based on spending of the corresponding statutory local match.

The elimination of the BHSS division accounts for a reduction of $360,000 in SPR funds. In ID funds, a decrease of $458,193 primarily from the Clinical Services division aligns the budget with projected federal Medicaid reimbursement transmitted through DHCF. A total reduction of $9,108,743 and 19.6 FTEs is proposed in Intra-District funds due to the agency's restructure. This adjustment is comprised of $4,424,143 and 18.6 FTEs reallocated from the BHSS division, $4,300,000 from the BHFS division, and $384,600 and 1.0 FTE from the APRA division.

Technical Adjustment: DBH's budget proposal in Local funds reflects an increase of $3,794,177 to the Community Services division to account for an adjustment to the Medicaid growth rate.

Mayor's Proposed Budget

Enhance: DBH's proposed budget reflect additional adjustments in Local funds for personal services costs in the Saint Elizabeths Hospital division. These adjustments account for increases of $3,007,714 to cover additional gross pay costs associated with the existing union labor agreement, and $1,310,392 for overtime costs, union compensation, and paid family leave for nurses. The Community Services division's budget in Local funds is proposed for an increase of $844,000 for Wayne Place, which is a transitional home for young adults who need support to live independently and succeed.

Reduce: A Local funds reduction of $826,637 and 7.5 FTEs is based on transitioning of services currently provided by the Multi-Cultural clinic to be absorbed in the community-based provider network, reviewing the scope of coverage for individuals with a particular Level of Care Utilization System (LOCUS) score, and a reduction in services within the Assessment and Referral Center.

District's Proposed Budget

Enhance: DBH proposes an increase of $2,931,600 in Local funds to the Community Services division to support rate increases for behavioral health providers that administer Mental Health Rehabilitation Services (MHRS) and Adult Substance Abuse Rehabilitative Services (ASARS). An increase of $2,386,529 is also proposed in Local funds across multiple divisions partly to cover anticipated personal services costs, including 10.0 FTEs that will be crucial in helping DBH to accomplish its core mission of developing, managing, and overseeing a public behavioral health system for adults, children, and youth as well as their families. It will also be used to support the Returning Citizens Portal of Entry (RCPE) program and its 3.0 additional FTEs.

The Agency Management division will receive an additional $160,000 to in Local funds to further support nonpersonal service costs. In the Clinical Services division, the proposed Local funds budget reflects a $63,210 one-time funding increase to supplement personal services costs, as well as an increase of $37,167 to support behavioral health assessments, which are critical in the correct matching of clients with the correct program(s) to achieve positive outcomes, which is also part of the RCPE program.

Transfer-In: The agency will receive $970,544 in Local funds from the Metropolitan Police Department to the Clinical Services division to support the Community Crime Prevention Team's (CCPT) implementation of the Neighborhood Engagement Achieves Results (NEAR) Amendment Act of 2016.

Reduce: The proposed Local funds budget reflects a reduction of $400,000 in the Saint Elizabeths Hospital division for Overtime Pay. The projected Fixed Costs estimates for Energy, Rent, and Occupancy are aligned to budget by a net reduction $507,842 across multiple divisions. Finally, DBH will realize a net Local funds savings of $4,828,506. This is the result of eliminating $4,668,506 and 31.2 FTEs across multiple divisions, and reducing an additional $160,000 in personal service costs. The duties assigned to these vacant positions will continue to be performed by current personnel.

Agency Performance Plan*

Department of Behavioral Health (DBH) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Ensure the public behavioral health system is person-centered, and promotes and supports the leadership of peers with lived experience in recovery and the development of the system of care.
2. Ensure individualized mental health and substance use disorder services across the entire continuum of care from community-based treatment and support services to inpatient hospitalization to support the behavioral health, wellness, and recovery of District residents.
3. Maximize housing resources and target the most vulnerable District residents with serious behavioral health challenges who are homeless, returning from institutions, or moving to more independent living to prevent and minimize homelessness.
4. Heighten public awareness among District residents about mental health and substance use disorders and resources to increase their understanding of behavioral health, reduce stigma, and encourage prevention efforts and early identification and treatment.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Ensure the public behavioral health system is person-centered, and promotes and supports the leadership of peers with lived experience in recovery and the development of the system of care. (2 Activities)

Activity Title	Activity Description	Type of Activity
Consumer and Family Engagement	Ensure consumers and families are engaged and involved in the development and improvements of the service system.	Daily Service
Training	The DBH Training Institute provides opportunities for DBH and provider staff to enhance skills related to train-the-trainer modules.	Daily Service

2. Ensure individualized mental health and substance use disorder services across the entire continuum of care from community-based treatment and support services to inpatient hospitalization to support the behavioral health, wellness, and recovery of District residents. (7 Activities)

Activity Title	Activity Description	Type of Activity
Early Childhood and School Mental Health	Early Childhood and School Mental Health Program provides prevention, screening, early intervention and treatment for children and youth in schools and Early Childhood Development Centers.	Daily Service

(Continued on next page)

2. Ensure individualized mental health and substance use disorder services across the entire continuum of care from community-based treatment and support services to inpatient hospitalization to support the behavioral health, wellness, and recovery of District residents. (7 Activities)

Activity Title	Activity Description	Type of Activity
Prevention Interventions	Strategic preventive interventions aimed at preventing and/or delaying the onset of alcohol, tobacco, and other drug use among youth and adults.	Daily Service
Recovery Support Services	Clients in active treatment or in recovery from substance use disorders receive services to help them achieve and maintain their recovery.	Daily Service
Substance Use Disorder Treatment Services	Community-based services to assist people reach recovery from substance use disorders.	Daily Service
Mental Health Services Provided to Adults	Community-based treatment services provided to adults who have a serious mental illness in order to assist them in their recovery.	Daily Service
Child/Youth Mental Health Services	Community-based treatment and supportive services provided to children, youth and young adults who have a serious mental illness or serious emotional disorder in order to assist them in their recovery.	Daily Service
Inpatient Psychiatric Services	Mental health services provided in the District's public psychiatric hospital for individuals who need an inpatient level of care to prepare them for return to the community.	Daily Service

3. Maximize housing resources and target the most vulnerable District residents with serious behavioral health challenges who are homeless, returning from institutions, or moving to more independent living to prevent and minimize homelessness. (1 Activity)

Activity Title	Activity Description	Type of Activity
Housing Services	DBH consistently works to address the needs of its clientele by connecting them to a range of housing options based on their needs from independent living to more intensive care. Proving subsidies is a core function of housing services at the agency.	Daily Service

4. Heighten public awareness among District residents about mental health and substance use disorders and resources to increase their understanding of behavioral health, reduce stigma, and encourage prevention efforts and early identification and treatment. (2 Activities)

Activity Title	Activity Description	Type of Activity
Outreach Activities	Substance Use Disorder (SUD) Mobile Assessment and Referral Center (MARC) is a mobile unit, which visits various communities, and residents are offered screenings for SUD treatment, health screenings, HIV/AIDS, HEP C testing, education and linkage to services. During outreach activities, staff engage residents for readiness for SUD treatment and provide them with behavioral health education and resource information. This heightens the awareness of SUD and treatment options, reducing the stigma associated with co-occurring disorders.	Daily Service
Communication Strategies	Develop and implement communication strategies to promote recovery and well-being.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Ensure the public behavioral health system is person-centered, and promotes and supports the leadership of peers with lived experience in recovery and the development of the system of care. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of new Certified Peer Specialists to include those in specialty tracks of family and youth in FY 2018	No	60	51	40	40	40
Number of people trained in Recovery Coaching in FY 2018	No	Not Available	25	Not Available	25	20

2. Ensure individualized mental health and substance use disorder services across the entire continuum of care from community-based treatment and support services to inpatient hospitalization to support the behavioral health, wellness, and recovery of District residents. (7 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent increase in the number of consumers receiving a SUD assessment and are referred to treatment in FY 2018	Yes	Not Available	New Measure	Not Available	New Measure	5%
Percent increase in the number of Crisis Intervention Officers (CIO) trained in FY 2018	Yes	Not Available	New Measure	Not Available	New Measure	25%
Percent increase in the number of developmental/behavioral health screenings completed by primary care providers in FY 2018	Yes	Not Available	New Measure	Not Available	New Measure	5%
Percent increase in the number of individuals (adults and youth) reached through planned prevention strategies over FY 2017 number	Yes	Not Available	New Measure	Not Available	New Measure	5%
Percent increase in utilization of Child Parent Psycho-Therapy (CPP) over FY 2017 number	Yes	Not Available	New Measure	Not Available	New Measure	5%
Percent increase in utilization of Trauma Focused Cognitive Behavioral Therapy (TF-CBT) over FY 2017 number	Yes	Not Available	New Measure	Not Available	New Measure	5%
Percent of post fall assessments conducted with 72 hours of event	Yes	Not Available	New Measure	Not Available	New Measure	90%

3. Maximize housing resources and target the most vulnerable District residents with serious behavioral health challenges who are homeless, returning from institutions, or moving to more independent living to prevent and minimize homelessness. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of housing subsidies to individuals who are mentally ill and homeless in FY 2018	No	Not Available	Not Available	Not Available	45	50

4. Heighten public awareness among District residents about mental health and substance use disorders and resources to increase their understanding of behavioral health, reduce stigma, and encourage prevention efforts and early identification and treatment. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent increase in number of public events over baseline established in FY 2017	Yes	Not Available	Not Available	Not Available	New Measure	20%
Percent increase in social media hits (Facebook and Twitter) over baseline established in FY 2017	Yes	Not Available	Not Available	Not Available	New Measure	20%
Percent increase in website traffic in FY 2018 over baseline established in FY 2017	Yes	Not Available	Not Available	Not Available	New Measure	10%

5. Create and maintain a highly efficient, transparent, and responsive District government. (10 Measures)**

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee Onboard Time	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Prevention interventions

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of prevention activities by Prevention Centers	No	Not Available	Not Available	Not Available

2. Recovery Support Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of clients who remain housed after completing six-month Environmental Stability program	No	Not Available	Not Available	Not Available
Number of individual clients in treatment services who are also enrolled in recovery services	No	Not Available	Not Available	Not Available

3. Substance Use Disorder Treatment Services for youth and adults

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of individuals enrolled in treatment services	No	Not Available	Not Available	Not Available
Number of individuals receiving an intake assessment	No	Not Available	Not Available	Not Available

4. Mental Health Servics provided to adults

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of adults receiving a non-Crisis/Emergency Mental Health Rehabilitation Service (MHRS)	No	Not Available	Not Available	Not Available
Number of adults receiving Health Home services	No	Not Available	Not Available	Not Available

5. Child/Youth Mental Health Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of children and youth diverted from Psychiatric Residential Treatment Facilities	No	Not Available	Not Available	Not Available
Number of children receiving non-crisis/emergency MHRS	No	Not Available	Not Available	Not Available

6. Inpatient Psychiatric Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Average daily census of forensic patients	No	Not Available	Not Available	Not Available
Average daily census of non-forensic patients	No	Not Available	Not Available	Not Available

7. Housing Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of people moving out of Saint Elizabeths Hospital into community settings	No	Not Available	Not Available	Not Available

8. Outreach Activities

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of people visiting the SUD Mobile Assessment and Referral Center (MARC)	No	Not Available	Not Available	Not Available

9. Consumer and Family Engagement

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Certified Peers employed in meaningful work	No	Not Available	Not Available	Not Available

10. Training

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of supervisors, trainers and other management-level staff trained in the train-the-trainer modules	Yes	Not Available	Not Available	Not Available

11. Communication Strategies

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of communications including press announcements and social media (Facebook and Twitter)	No	Not Available	Not Available	Not Available
Number of public outreach events	No	Not Available	Not Available	Not Available

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$253,547,157	$292,952,323	$231,495,077	-21.0
FTEs	495.8	628.3	606.2	-3.5

The District of Columbia Department of Health (DOH) promotes health, wellness and equity, across the District, and protects the safety of residents, visitors and those doing business in our nation's Capital.

Summary of Services

The Department of Health provides programs and services with the ultimate goal of reducing the burden of disease and improving opportunities for health and well-being for all District residents and visitors. DOH does this through a number of mechanisms that center around prevention, promotion of health, expanding access to health care, and increasing health equity. The department provides public health management and leadership through policy, planning, and evaluation; fiscal oversight; human resource management; grants and contracts management; information technology; government relations; risk management; communication and community relations; legal oversight; and facilities management. The DOH performance plan is based on three priority areas: (1) health and wellness promotion, (2) promoting health equity, and (3) public health systems enhancement.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table HC0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Health operates through the following 9 divisions:

Health Emergency Preparedness and Response Administration (HEPRA) – provides regulatory oversight of Emergency Medical Services; ensures that DOH and its partners are prepared to respond to citywide medical and public health emergencies, such as those resulting from terrorist attacks, large accidents, or natural events such as weather-related emergencies.

This division contains the following 5 activities:

- **Public Health Emergency Preparedness** – provides the District's response to the emergency medical needs of its visitors and residents. The responsibilities cover a wide range of activities, including the development and training of emergency response plans, coordination of medical response with federal regional and local partners across the healthcare system, and coordination of volunteers through the Medical Reserve Corps. HEPRA also works with community and community organizations to withstand and bounce back from natural and man-made disasters. Resilient communities leverage community connections, relationships, and resources to ensure optimal health and security for individuals and families in both routine and emergency situations;
- **Public Health Emergency Operations and Program Support** – supports government and private partners with the development of their health and safety plans, emergency operation plans, and training exercises. The program also provides a public health command and control element that coordinates all DOH assets and operations during incidents, special events, and national special security events. Pharmaceutical Procurement and Distribution acquires and distributes over $58 million of life-saving medications for the DOH programs that will allow as many District residents as possible access to medications. It also provides clinical support, formulary management, and quality assurance monitoring to address the needs of all DOH programs that utilize or distribute pharmaceuticals. The program also maintains the Strategic National Stockpile (SNS) of drugs for the Washington, D.C. region in the event of a declared national emergency;
- **Epidemiology Disease Surveillance and Investigation** – HEPRA works with community and community organizations to withstand and bounce back from natural and man-made disasters. Resilient communities leverage community connections, relationships, and resources to ensure optimal health and security for individuals and families in both routine and emergency situations; see also the Center for Policy, Planning, and Evaluation (CPPE), which provides surveillance, investigation, and control of reportable diseases, disease outbreaks, and other public health threats within the District of Columbia (excluding sexually transmitted diseases (STDs), hepatitis, HIV/AIDS, and tuberculosis (TB);
- **Emergency Medical Services Regulation** – provides oversight and regulation of Emergency Medical Services (EMS), including certification and regulation of District of Columbia EMS providers, ambulance agencies, and EMS educational institutions. The program monitors training standards and certifies instructional programs and instructors. In addition, it provides inspection and certification of all ambulances operated in the District whether they are governmental, private, or volunteer; and
- **Office of the Senior Deputy Director** – provides overall direction, policy development, and supervision for the four subordinate activities.

HIV/AIDS, Hepatitis, STD, and TB Administration (HAHSTA) – partners with health and community-based organizations to provide HIV/AIDS, hepatitis, STD, and TB prevention and care services. Services include prevention tools and interventions, medical care and supportive services, housing services for persons living with HIV/AIDS, HIV counseling and testing, and data and information on disease-specific programs and services. Furthermore, the administration provides information on the impact of these diseases on the community as well as education, referrals, and intervention services. The AIDS Drug Assistance Program (ADAP) provides drugs at no cost to eligible District residents who are HIV-positive or have AIDS. HAHSTA administers the District's budget for

HIV/AIDS, hepatitis, STD, and TB programs; provides grants to service providers; provides direct services for TB and STDs; monitors programs; and tracks the rates of HIV, hepatitis, STDs, and TB in the District of Columbia.

This division contains the following 10 activities:

- **HIV/AIDS Support Services** – provides overall management, planning, direction and support for the HIV/AIDS, STD, TB and adult hepatitis surveillance, prevention, treatment, care, and control programs. It also provides HIV/AIDS information to individuals and community organizations, coordinates HAHSTA participation in public events, prepares written and other resources for public distribution, and manages special projects;
- **HIV/AIDS Policy and Planning** – provides community capacity to more effectively respond to the HIV/AIDS and STD epidemics through the Effi Barry program, which provides training and technical assistance to small, ward-based community organizations, a social marketing program aiming to promote health behavior to reduce risk of disease, and a free condom distribution program. It writes reports and creates other written materials for public distribution; and it provides HIV/AIDS, STD, TB, and hepatitis information to government agencies, community organizations, media, and individuals. It also coordinates participation in public events;
- **HIV Health and Support Services** – provides a comprehensive range of primary medical care and supportive services for persons living with HIV and AIDS;
- **HIV/AIDS Data and Research** – provides a comprehensive picture of the HIV/AIDS epidemic in the District of Columbia for purposes of ensuring that the needs of people infected with HIV, or at risk of infection, are met. It collaborates with healthcare providers and laboratories to collect and maintain comprehensive HIV/AIDS data in a confidential and secure manner; analyzes, interprets, and distributes epidemiologic information for use in developing public policy, planning, and evaluating prevention intervention and health care services; and supports funding requests;
- **Prevention and Intervention Services** – provides comprehensive HIV prevention programs and services through community organizations to the residents of the District of Columbia. Prevention programs include health education, HIV testing and counseling services, science-based prevention programs, and other support services, including condom distribution. In addition, the program monitors organizations to ensure that quality prevention services are being delivered through program evaluation and quality assurance activities as well as through the provision of capacity building, training, and technical assistance to sub-grantees;
- **AIDS Drug Assistance Program (ADAP)** – provides assistance with deductibles, co-payments, and health insurance/Medicare Part D premiums. DC ADAP also provides an entry point for other District health programs available to people living with HIV/AIDS;
- **Grants and Contracts Management** – provides fiscal and administrative monitoring of District and federally appropriated funds in the form of over 100 grants and sub-grants to more than 50 providers. Fiscal monitoring includes ensuring that grant funds are expended in accordance with federal and local grant regulations, conducting site visits, providing technical assistance to grantees and sub-grantees, and providing continued analysis of grant spending to program counterparts;
- **Sexually Transmitted Disease (STD) Control** – provides assistance to prevent and control sexually transmitted diseases in the District of Columbia through the provision of clinical services, partnerships with local community providers, and promotion of healthy sexual behavior. The program also conducts surveillance for statistical purposes to track diseases and partner notification;
- **Tuberculosis Control** – provides direct care services to District residents, including clinical follow-up for active and/or suspected tuberculosis cases, directly observed therapy, preventive therapy, chest x-rays, contact investigations, and case management; and
- **HIV/AIDS Housing and Supportive Services** – provides housing support, emergency shelter, and other related services to help persons living with HIV and AIDS and their families achieve independent living.

Health Regulation and Licensing Administration (HRLA) – is comprised of the Office of Health Professional Licensing Boards, the Office of Health Care Facilities, the Office of Food, Drug, Radiation and Community Hygiene, and HRLA Support services.

This division contains the following 4 activities:

- **Office of Health Professional License Administration** – the Office of Health Professional Boards administers the licensure of almost 70,000 health professionals in the District of Columbia supporting 19 health professional boards. The Office also executes the investigation of consumer incidents or complaints against health professionals and recommends enforcement, if necessary, to bring licensees into compliance with District and Federal law. The health professional boards advise the Department of Health in matters pertaining to the development of rules and regulations for health professionals and provide additional services, including licensure verification and licensure examinations;
- **Office of Food, Drug, Radiation and Community Hygiene Regulation** – provides varied inspection and regulatory services. The Food Safety and Hygiene Inspection Services regulates smoking bans in establishments and food services that are provided in boarding homes, commission merchants, dairies, delicatessens, bakeries, candy and ice cream manufacturers, grocery stores, retail markets, restaurants, wholesale markets, mobile vendors, and hotels. The Division of Community Hygiene provides abatement notices, inspection of premises, code enforcement, premises baited, catch basin larvicide, community education and outreach, investigation of bite cases, issuance of dog and cat licenses, vaccinations, animal adoptions, spay and neutering, dead animal pick-up, and dangerous dog control services in the District. The Division of Radiation seeks to eliminate radiation overexposure of persons from naturally-occurring and man-made radiation by the inspection of dental x-ray tubes and medical x-rays and the regulation of health physicists, suppliers, and radioactive-material users in the District of Columbia;
- **Office of Health Care Facilities Regulation** – the Health and Intermediate Care Facility Divisions administer all District and federal laws and regulations governing the licensure, certification and regulation of all health care facilities in the District of Columbia. In this role, HRLA staff inspects health care facilities and providers who participate in the Medicare and Medicaid programs, responds to consumer and self-reported facility incidents and/or complaints, and conducts investigations, if indicated. When necessary, HRLA takes enforcement actions to compel facilities, providers, and suppliers to come into compliance with District and federal law; and
- **Medical Marijuana** – allows all qualifying patients to have the right to obtain and use marijuana for medical purposes when his or her primary physician has provided a written recommendation that bears his or her signature and license number. This recommendation must assert that the use of marijuana is medically necessary for the patient for the treatment of a qualifying medical condition or to mitigate the side effects of a qualifying medical treatment.

Primary Care and Prevention Administration (PCPA) – provides communicable disease prevention and control, community-based forums and grants, medical advice, laboratory services, health assessment reports, pharmaceutical procurement, disease investigation, and disease control services to District residents, workers and visitors so that their health status is improved. PCPA also supports the Health Professional Recruitment Fund, which is a program to recruit and retain qualified health professionals to work in underserved areas of the District, to provide loan repayment for needed health professionals in exchange for service obligation at nonprofit or District of Columbia facilities in designated Health Professional Shortage Areas and Medically Underserved Areas.

Office of Health Equity (OHE) – works to address the root cause of health disparities, beyond health care, and health behaviors by supporting projects, policies and research that will enable every resident to achieve their optimal level of health. The Office achieves its mission by informing, educating, and empowering people about health issues and facilitating multi-sector partnerships to identify and solve community health problems related to the social determinants of health. As the newest division of the

DOH, this Office is charged with providing leadership to the evidence-based paradigm and practice change effort essential to promoting and achieving health equity, including practitioners not only within DOH, but across District government, as well as with other public, private and non-profit entities, including community residents.

This division contains the following 3 activities:

- **Multi Sector Collaboration** – will provide informed, data-driven and evidence-based leadership in convening and sustaining effective multi-sector collaborative partnerships essential to promote and achieve health equity; will use a "health in all policies" (HIAP) approach to improving community health; and will serve as liaison and technical advisor to all DOH Administrations regarding health equity, as well as to external District government agencies and private partners;
- **Community Based Participatory Research and Policy Evaluation** – applies data-driven and evidence-based research methods, tools and practices, including Geographic Information Systems (GIS) and other innovative methodologies, to measure social determinant and population health outcomes, including current and projected opportunities for health, disparate outcomes, and inequities by socioeconomic and demographic subpopulation and geographic location. This core function includes support for design, development and implementation of Health Equity Programs and their evaluation, including community-based participatory research, and publication of reports that inform the policy-making process as well as building the evidence base; and
- **Health Equity Practice and Program Implementation** – develops and delivers selected programs and initiatives with demonstrable strategic health-equity 'nexus' and operationalization potential, so as to contribute to and inform the essential paradigm shift in policy and practice to improve population health and promote more equitable opportunities for health, especially amongst vulnerable populations.

Center for Policy, Planning, and Evaluation (CPPE) – is responsible for developing an integrated public health information system to support health policy decisions, state health planning activities, performance analysis, and direction setting for department programs; health policy, health planning and development; health research and analysis; vital records; disease surveillance and outbreak investigation; and planning, directing, coordinating, administering, and supervising a comprehensive Epidemiology and Health Risk Assessment program, which involves federal, state, county, and municipal functions.

This division contains the following 4 activities:

- **Epidemiology Disease Surveillance and Investigation** – provides surveillance, investigation, and control of reportable diseases, disease outbreaks, and other public health threats within the District of Columbia (excluding sexually transmitted diseases (STDs), hepatitis, HIV/AIDS, and tuberculosis (TB);
- **Research, Evaluation, and Measurement** – plans and coordinates epidemiologic studies and outbreak investigations, defines the health status of residents, and assists with tracking of health events. This includes planning, development and coordination of appropriate methodologies to collect and process data as well as monitoring and evaluation of health and social issues. The division responds to internal and external inquiries about various health events and provides reports on health risk behaviors to both internal and external entities;
- **State Center for Health Statistics** – collects, processes, analyzes, and disseminates birth and death record information and other vital statistics data and information. It is responsible for the statistical analyses of the data generated from birth, death, and other vital records information. In addition, it develops comprehensive statistical and epidemiologic reports on District residents' health status; and
- **State Health Planning and Development** – develops the District's State Health Plan and Annual Implementation, and reviews and approves Certificate of Need applications that allow health care providers to establish new services, make certain capital expenditures, or take other actions as

specified in the law. The activity is also responsible for monitoring free care requirements of hospitals and other health care providers.

Community Health Administration (CHA) – promotes healthy behaviors and healthy environments to improve health outcomes and reduce disparities in the leading causes of mortality and morbidity in the District. CHA focuses on nutrition and physical fitness promotion; cancer and chronic disease prevention and control; access to quality health care services, particularly medical and dental homes; and the health of families across the lifespan. CHA's approach targets the behavioral, clinical, and social determinants of health through evidence-based programs, policy, and systems change.

This division contains the following 6 activities:

- **Cancer and Chronic Disease Prevention –**develops, implements and evaluates programs and policy aimed at preventing and controlling the leading causes of death in the District. The Bureau implements cancer control and prevention initiatives aimed at reducing the high rates of cancer-related mortality among District residents. Its programs target treatable or preventable cancers, such as breast, cervical, lung, and colorectal, through primary and secondary prevention. The Bureau also works to reduce the impact of chronic conditions such as cardiovascular disease, hypertension, and diabetes mellitus, by developing innovative management approaches and building community partnerships. It supports clinical quality improvement initiatives, which includes developing decision support tools and participating in the design of clinical delivery systems, and it provides expert technical assistance to clinical and community settings around best practices for chronic disease prevention and management. The Bureau implements social marketing campaigns to change social norms and introduces long-lasting protective interventions, like cancer screening and tobacco cessation and treatment programs. The Bureau also helps strengthen the infrastructure for chronic disease care and promotes population-based policy strategies to reduce the common risk factors for chronic disease, including tobacco use, poor nutrition, and physical inactivity;
- **Health Care Access Bureau –** supports population-based programs to improve access to quality primary care services for residents. The Bureau works to support and promote medical and dental homes so that all residents can access comprehensive preventive medical and dental services. The Bureau administers the State Oral Health Program, the Immunization program including its Vaccines for Children program and the immunization registry, and health care workforce development programs. By administering the District's Health Professional Shortage Areas and Medically Underserved Area programs, the Bureau is a key component of the District's health planning infrastructure. The Bureau also supports innovations in primary care service delivery and quality, diffusion of primary care access to underserved communities, and fosters linkages to primary care services regardless of resident's ability to pay. The Bureau also ensures that underserved populations maintain access and linkages to healthcare services and the services provided by other CHA bureaus;
- **Family Health Bureau –** works to improve perinatal, early childhood, and child and adolescent health outcomes so that every child in the District of Columbia is healthy and able to thrive in school and beyond. The Bureau supports the development of a coordinated, culturally competent, family-centered health care delivery system; promotes community and clinical linkages for women, parents, children and adolescents; and works to align and integrate services to connect District families with resources they need. It also provides expert technical assistance and builds the capacity of clinical and community-based organizations to deliver evidence-based practices and innovative programs in perinatal, early childhood, child, and adolescent health directly in communities. In addition, the Bureau facilitates school-based health services and coordinates with education partners to implement policies and programs that support healthy school environments that support the whole child;
- **Support Services –** provides overall oversight of all of the programs and operations of CHA. Provides strategic direction for the administration and represents the agency within District government and to community stakeholders. Sets priorities for administration activities and leads

policy development, planning, and operational management. It also includes program support services whose purpose is to ensure efficient and effective daily operations across the administration through the development, implementation, execution, and review of all administrative functions and policies, including administration-specific human resources, information technology, facilities, and customer service activities, a grant and budget monitoring unit whose purpose is to uniformly address all of the administration's fiscal duties, including responsibility for the development of, oversight over the execution of, and reporting of the fiscal year budget; provision of support for all local and grant-funded Administration programs; procurement, monitoring, and evaluation for all non-personnel activities, such as contracts, memoranda of understanding, and sub-grants; and implementation of comprehensive strategic fiscal plans to include allocation of personnel costs across all administration funding sources, and a program evaluation unit whose purpose is to collaborate with program and fiscal staff to ensure effective and efficient performance of sub grantees. Program analysts will review and provide ongoing feedback on performance metrics and process and outcome measures to program staff and sub grantees, provide technical assistance around evaluation and measurement, and advise on performance improvement activities. They will work closely with grant monitors as well as program staff to ensure positive impact of funded initiatives. A Deputy Director of Programs and Policy (DDPP) unit leads the activities of CHA that address the determinants of health in the District of Columbia. The DDPP oversees implementation of evidence-based programs and policies to prevent illness and injury, promote healthy behaviors and healthy environments across the lifespan, improve access to medical and dental homes, and foster clinical quality improvement and innovation. The DDPP ensures that CHA programs follow best practices and are aligned with the core public health functions and essential services. The DDPP serves as the Title V Maternal and Child Health Block Grant Director and oversees the four programmatic bureaus within CHA, the Cancer and Chronic Disease Prevention Bureau, the Nutrition and Physical Fitness Bureau, the Health Care Access Bureau, and the Family Health Bureau;

- **Perinatal and Infant Health –**provides comprehensive services to improve perinatal outcomes for high-risk pregnant and parenting women, the health and development of their infants into early childhood, and health outcomes for children with special healthcare needs by facilitating access to coordinated primary and specialty health care and other services in partnership with their families and community organizations. The overarching goal is to reduce infant mortality and perinatal health disparities in the District of Columbia primarily through a home visiting approach; and
- **Nutrition and Physical Fitness –** promotes health and reduces obesity among District residents by encouraging behavior change through direct nutrition and physical activity education and by facilitating policy, systems, and environmental changes that make healthy choices the easy choice in every community. The Bureau administers programs that supply food or funds for food such as the Supplemental Nutrition Assistance Program, Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), the Produce Plus Program, pop-up community markets, and other programs to impact socioeconomic factors that influence access to healthy foods. The Bureau also provides food, health and nutrition assessments and intervention, as well as education and counseling aimed at improving dietary habits and overall nutrition. Nutritional support is coupled with programs to promote physical activity and to decrease obesity.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf, of District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HC0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table HC0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
LOCAL FUNDS: FY 2017 Approved Budget and FTE		**76,857**	**178.2**
Removal of One-Time Funding	Multiple Programs	-2,950	0.0
Other CSFL Adjustments	Multiple Programs	78	0.0
LOCAL FUNDS: FY 2018 Current Services Funding Level (CSFL) Budget		**73,985**	**178.2**
Increase: To adjust the Contractual Services budget	Multiple Programs	1,173	0.0
Increase: To align Fixed Costs with proposed estimates	Multiple Programs	337	0.0
Decrease: To recognize savings from a reduction in FTEs	Multiple Programs	-1,546	-22.7
Decrease: To realize programmatic cost savings in nonpersonal services	Multiple Programs	-2,184	0.0
LOCAL FUNDS: FY 2018 Agency Budget Submission		**71,765**	**155.6**
Enhance: To support Joyful Food Markets	Community Health Administration	1,000	0.3
Enhance: To support the Urban Health Initiative for opioid treatment	HIV/AIDS Hepatitis STD and TB Admin	850	0.0
Enhance: To support Teen Pregnancy programs and initiatives (one-time)	Community Health Administration	625	0.0
Reduce: To realize programmatic cost savings in nonpersonal services	Multiple Programs	-84	0.0
LOCAL FUNDS: FY 2018 Mayor's Proposed Budget		**74,156**	**155.9**
Enhance: To support in-home meal delivery services	Community Health Administration	300	0.0
Enhance: To fund an electronic tracking system for the Medical Marijuana Omnibus Act of 2016	Health Regulation and Licensing Adim	276	0.0
Enhance: To support the Health Care Decisions Act of 2015	Hlth Emerg Preparedness and Resp.Admin	200	1.0
Enhance: To support the Health Professional Recruitment Fund (one-time)	Primary Care and Prevention Admin.	101	0.0
Enhance: To support vital records fee waiver for the homeless	Ctr for Policy, Planning and Evaluation	60	0.0
Enhance: To support teen peer sexual health educators program (one-time)	Community Health Administration	41	0.0
Reduce: To adjust personal services	Multiple Programs	-351	-1.0
Reduce: To align Fixed Costs with proposed estimates	Agency Management	-768	0.0
LOCAL FUNDS: FY 2018 District's Proposed Budget		**74,016**	**155.9**
FEDERAL PAYMENTS: FY 2017 Approved Budget and FTE		**5,000**	**0.0**
No Change		0	0.0
FEDERAL PAYMENTS: FY 2018 Agency Budget Submission		**5,000**	**0.0**
No Change		0	0.0
FEDERAL PAYMENTS: FY 2018 Mayor's Proposed Budget		**5,000**	**0.0**
No Change		0	0.0
FEDERAL PAYMENTS: FY 2018 District's Proposed Budget		**5,000**	**0.0**

GROSS FOR HC0 - DEPARTMENT OF HEALTH		**231,495**	**606.2**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Health's (DOH) proposed FY 2018 gross budget is $231,495,077, which represents a 21.0 percent decrease from its FY 2017 approved gross budget of $292,952,323. The budget is comprised of $74,015,725 in Local funds, $5,000,000 in Federal Payments, $131,672,529 in Federal Grant funds, $32,010 in Private Grant funds, $19,976,889 in Special Purpose Revenue funds, and $797,924 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOH's FY 2018 CSFL budget is $73,984,891, which represents a $2,871,718, or 3.7 percent, decrease from the FY 2017 approved Local funds budget of $76,856,609.

CSFL Assumptions

The FY 2018 CSFL calculated for DOH included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $32,667 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $636,134 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DOH includes a reduction of $2,950,000 to account for the removal of one-time funding appropriated in FY 2017. Of this amount, $2,550,000 was allocated to the Community Health Administration (CHA) division, which consisted of $1,000,000 to support the Urban Health Initiative at Howard University to expand substance abuse disorder care, $750,000 to expand the Joyful Food Markets, $500,000 for Crittenden Services of Greater Washington to support teen pregnancy prevention programming, $150,000 to support teen peer educators who are responsible for providing sexual health information and condoms to District youths, $100,000 to support the Oral Health Program to provide dental services to DC Schools, and $50,000 for a pilot program for Mobile Markets, which are farm stands on wheels that distribute local, sustainably produced food to underserved communities in the Washington, DC area. The remaining $400,000 was allocated to the Office of Health Equity to support the establishment of the Office on Violence Prevention and Health.

Additionally, a decrease of $525,185 for the Fixed Cost Inflation Factor reflects estimates based on historical expenditures of Department of General Services' commodities and Telecommunications estimates provided by the Office of the Chief Technology Officer.

Agency Budget Submission

Increase: The proposed Local funds budget for DOH includes a net increase of $1,173,158 in Contractual Services, primarily in the Community Health Administration division, to correctly reflect funding reduced in the previous fiscal year in support of the move to the Vital Records fund; and an increase of $337,045 to align Fixed Costs based on estimates provided by the Department of General Services (DGS), and Telecommunication estimates provided by the Office of the Chief Technology Officer.

The proposed budget in Federal Grant funds reflects an increase of $6,686,874, primarily in the Community Health Administration division to reflect the conversion of contracts to sub-grants. This adjustment also impacts the Health Emergency Preparedness and Response Administration because of new sub-grants supporting Ebola activities. Other adjustments in Federal Grant funds include increases of $923,003 based on the estimates provided by DGS for building rental costs, and $343,324 primarily for Information Technology assessments and various other services.

In Private Grant funds, an increase of $32,010 supports an additional 0.3 Full-Time Equivalent (FTE) position for a grant award from Gilead Sciences, Inc. This funding enables DOH to develop a model program that embodies best practices in HIV and/or hepatitis screening and linkage to care.

DOH's proposed budget in Special Purpose Revenue funds reflects an increase of $2,602,006 and 26.6 FTEs, primarily in the Center for Policy, Planning, and Evaluation Administration division for the Vital Records fund, due to a change in funding from contracts to personal services.

Decrease: The proposed budget in Local funds reflects a reduction of $1,545,933 and 22.7 FTEs, primarily from the Center for Policy, Planning, and Evaluation division based on the reclassification of funding to SPR funds, specifically for the Vital Records fund. DOH's proposed budget in Local funds

also reflects a net reduction of $2,183,817, mainly from reductions in the Community Health Administration division for sub-grants supporting School Based Health Centers and the HIV/AIDS, Hepatitis, STD, and TB Administration division's reduction in prevention services.

The proposed budget in Federal Grant funds reflects a decrease of $4,485,291 and 18.3 FTEs across multiple divisions to align the budget with projected grant awards.

DOH's proposed budget in Special Purpose Revenue funds reflects a net decrease of $693,367, due to a change in funding from contracts to personal services within the Vital Records fund. This decrease is net of an increase in contracts for the Board of Medicine fund.

The proposed budget in Intra-District funds reflects reductions of $1,063,439 and 8.4 FTEs from the Health Emergency Preparedness and Response Administration division, primarily due to the discontinuation of a Memorandum of Understanding (MOU) agreement with the Department of Health Care Finance (DHCF) for the Medicaid 1915(B)(4) waiver. The proposed budget also includes a decrease of $62,961,484 for medical supplies based on the discontinuance of the MOU agreement with DHCF for bulk purchasing of pharmaceuticals and subsequent closure of the Pharmacy Warehouse.

Mayor's Proposed Budget

Enhance: DOH's proposed Local funds budget includes an increase of $1,000,000 and 0.3 FTE in the Community Health Administration (CHA) division to support Joyful Food Markets, the healthful food access program in Ward 7 and 8 that helps to reduce inequalities by ensuring greater access to affordable food, including locally sourced produce. Joyful Food Markets are monthly pop-up grocery stores operating in high-needs schools throughout the District. The proposed budget in Local funds also includes an enhancement of $850,000 to the HIV/AIDS, Hepatitis, STD, and TB Administration division to expand substance abuse treatment for opioids. Additionally, the proposed Local funds budget includes a one-time increase of $625,000 in the CHA division to support Teen Pregnancy programs and initiatives by providing funding to the Crittenton Hospital, supporting the objective of reducing pregnancies, births, and sexually transmitted infections among teenage girls ages 14–19, and increase their motivation and aspirations to succeed and complete high school and post-secondary education.

Reduce: The proposed budget in Local funds includes a decrease of $84,000 across multiple divisions based on projected programmatic cost savings. This adjustment is comprised of $20,000 from the elimination of Zip Car funding, which will no longer be needed since the Healthy Start program has been contracted out and DOH employees will not need the Zip cars; and $64,000 in savings as DOH implements a plan to purchase medications in FY 2017 and obtain pharmaceutical rebates that will be used to purchase medications in FY 2018.

District's Proposed Budget

Enhance: DOH's proposed Local funds budget for the Community Health Administration (CHA) division increased by $300,000 for community-based in-home meal delivery services. The CHA division's proposed Local funds budget was also enhanced by $41,219 in one-time funding to support a teen peer sexual health educator program. The proposed budget includes a one-time increase of $101,190 to support the Health Professional Recruitment Fund in the Primary Care and Prevention Administration division. The Health Professional Recruitment Fund was established to increase health services in the District's Medically Underserved and Health Professional Shortage Areas by offering educational loan repayment assistance to medical professionals. The proposed budget also enhances the Center for Policy, Planning and Evaluation division's Local funds budget by $60,000 to fund a vital records fee waiver for people experiencing homelessness who request a copy of their birth certificate.

Several technical adjustments were also made to DOH's budget through reallocations of Non-Departmental Account funds. First, Local funds for personal services in the Health Regulation and Licensing Administration (HRLA) division were increased by $275,983 for the implementation of the Medical Marijuana Omnibus Amendment Act of 2016 (B21-210). Second, the Health Emergency Preparedness and Response Administration (HEPRA) division's proposed Local funds budget increased by $199,766 and 1.0 FTE to support the Health Care Decisions Act of 2015 (B21-171).

Reduce: The proposed Local funds budget includes a net decrease of $350,731 and 1.0 FTE in the CHA and HRLA divisions. This adjustment includes a decrease of $466,982 to recognize personal services savings from a reduction of 4.0 FTEs, partially offset by an increase of $116,251 and 3.0 FTEs to support the electronic tracking system for the Medical Marijuana Omnibus Amendment Act of 2016. Additionally, the budget proposal in Local funds reflects a net decrease of $768,047 in the Agency Management division to account for adjustments made to align Fixed Costs with revised estimates.

Agency Performance Plan*

Department of Health (DOH) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Health Regulation and Licensing Administration (HRLA). Protect the health of those who reside and do business in the District of Columbia by fostering excellence in health professional practice and building quality and safety in health systems and facilities through an effective regulatory framework.
2. Office of Health Equity. Promote Health Equity. Collaborate with other government agencies and community partners to identify and address the social determinants of health which are the key drivers of inequities in health outcomes.
3. Center for Policy Planning and Evaluation (CPPE). Develop an integrated public health information system to support health policy decision, state health planning activities, performance analysis and direction setting for department programs.
4. Community Health Administration (CHA). Provide programs and services that promote coordination among the health care systems in the city and enhance access to effective prevention, primary and specialty medical care through collaborations with public and private organizations.
5. HIV/AIDS, Hepatitis, STD and TB Administration (HAHSTA) Reduce HIV, STD, TB and hepatitis-related morbidity and mortality and ensure healthy outcomes for persons living with those diseases. Administer federal and local funding, provide grants to service providers, monitor and evaluate programs, ensure quality services, and track the cases and status of the epidemics in the District.
6. Health Emergency Preparedness and Response Administration (HEPRA) Provide regulatory oversight of emergency medical services (EMS) and seek to ensure that DOH, its partners and the community are prepared for, can respond to, and recover from public health and health care system events and emergencies.
7. Create and maintain a highly efficient, transparent, and responsive District government.**

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Health Regulation and Licensing Administration (HRLA). Protect the health of those who reside and do business in the District of Columbia by fostering excellence in health professional practice and building quality and safety in health systems and facilities through an effective regulatory framework. (8 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of intermediate care facilities identified with immediate jeopardies investigated within 24 hours	No	Not Available	100%	100%	100%	100%
Percent of registered controlled substance facilities inspected	No	Not Available	94.5%	100%	100%	90%

(Continued on next page)

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. AIDS Drug Assistance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of clients with DC ADAP and Alliance receiving pharmaceutical services through the pharmaceutical procurement and distribution program	No	Not Available	Not Available	274
Number of DC ADAP clients receiving pharmaceutical services through the pharmaceutical procurement and distribution program	No	Not Available	Not Available	606
Number of publicly-supported HIV medication prescriptions refilled	No	Not Available	Not Available	12,481

2. Special Events

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of HECC Activations	No	Not Available	Not Available	Not Available
Number of MRC units activated	No	Not Available	Not Available	Not Available
Number of special event health, medical and safety plans requiring DOH review	No	Not Available	Not Available	58

3. Healthcare Coalition Development

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Health Action Network (HAN) Alerts generated	No	Not Available	Not Available	Not Available
Number of Health and Medical Coalition (HMC) Meetings held	No	Not Available	Not Available	Not Available
Number of Radio Calls conducted	No	Not Available	Not Available	Not Available
Number of sitreps distributed	No	Not Available	Not Available	Not Available

4. Medical Materiel Management and Distribution

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of closed PODs	No	Not Available	Not Available	Not Available
Number of open PODs	No	Not Available	Not Available	Not Available
Number of POD trainings held	No	Not Available	Not Available	Not Available

5. Training and Certification of EMTs and EMS Vehicles

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of emergency vehicle inspections conducted	No	Not Available	Not Available	Not Available
Number of new EMT certifications by DC DOH	No	Not Available	Not Available	173

6. Certificate of Need (CON) Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Certificate of Need application decisions	No	Not Available	Not Available	24

7. Behavioral Risk Factor Surveillance System

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of BRFSS surveys administered	No	Not Available	Not Available	1,645

8. Vital Records

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of walk-in customers to the Vital Records Office	No	Not Available	Not Available	49,990

9. Condom Distribution

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of clients with viral load served through treatment adherence activities	No	Not Available	Not Available	Not Available
Number of condoms (female and male) distributed by DC DOH Condom Program.	No	Not Available	Not Available	6,035,800
Number of youth (15-19 years) screened for STDs through youth outreach programs	No	Not Available	1,770	2,290

10. DC Needle Exchange Program (DC NEX)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of needles off the streets through DC NEX Program	No	Not Available	Not Available	797,869

11. DC Control Asthma Now (DC CAN)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of providers participating in trainings on comprehensive asthma treatment	No	Not Available	Not Available	Not Available

12. Cancer Programs Division

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of breast screening procedures performed	No	Not Available	259	196
Number of cervical screening procedures performed	No	Not Available	1,475	1,321
Number of patients enrolled in Cancer Surviving and Thriving (CTS) courses	No	Not Available	Not Available	Not Available
Number of women receiving cervical cancer screenings	No	Not Available	Not Available	Not Available

(Continued on next page)

12. Cancer Programs Division

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of women receiving mammogram screenings	No	Not Available	Not Available	Not Available

13. DC Cancer Registry (DCCR)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of facility audits conducted (to determine facilities that are not meeting reporting threshold)	No	Not Available	Not Available	Not Available

14. Cardiovascular Disease and Diabetes Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of healthcare systems reporting clinical quality measures related to high blood pressure and/or diabetes	No	Not Available	Not Available	Not Available
Number of residents enrolled in self-management trainings	No	Not Available	Not Available	Not Available

15. Tobacco Control Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of calls to the DC Tobacco Quitline	No	Not Available	Not Available	Not Available
Number of health providers participating in tobacco-related educational trainings	No	Not Available	Not Available	Not Available

16. Health and Sexuality Education Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of students grades K-12 receiving education through the Health and Sexuality Education Program	No	Not Available	Not Available	Not Available

17. Home Visiting Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of families participating in-home visiting programs	No	Not Available	Not Available	Not Available
Number of resource referrals made through the Home Visiting Program	No	Not Available	Not Available	Not Available

18. Help Me Grow (HMG)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of resource referrals completed through HMG	No	Not Available	Not Available	Not Available

19. Oral Health Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of students receiving school-based oral health services	No	Not Available	Not Available	Not Available

20. Home Delivered Meals

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of District residents receiving farmer's market incentive benefits from DOH administered programs (FMNP, PPP, FVRx)	No	Not Available	Not Available	43,448

21. Pop-Up Markets in Elementary Schools

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of students receiving supplemental groceries	No	Not Available	Not Available	Not Available

22. Supplemental Nutrition Assistance Program, Education and Obesity Grant (SNAP-Ed)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of nutrition and wellness education contacts made during the fiscal year	No	Not Available	Not Available	Not Available

23. Special Supplemental Nutrition Program for Women, Infants and Children (WIC)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Supplemental Nutrition Program for Women, Infants, Children (WIC) participants	No	Not Available	Not Available	Not Available

24. Farmers' Market Nutrition Program (FMNP)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of District residents receiving supplemental groceries or meals (Pop Up Market/Home delivered meals)	No	Not Available	Not Available	Not Available
Percent of WIC participants redeeming FMNP benefits	No	Not Available	Not Available	Not Available

25. Newborn Hearing Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of infants receiving a hearing screening in their first month of life	No	Not Available	Not Available	Not Available

26. The Safe Sleep Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of parents/caregivers educated on infant safe sleep practices	No	Not Available	2,600	1,191
Number of portable cribs (Pack-n-Play) distributed	No	Not Available	Not Available	Not Available

27. Health Professional Loan Repayment Program (HPLRP)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of HPLRP providers	No	Not Available	Not Available	Not Available

28. Sexual Violence Prevention Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of students receiving education sessions through the Sexual Violence Prevention Program	No	Not Available	Not Available	Not Available

29. School Health Programs

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of students enrolled in a school based health center	No	Not Available	Not Available	Not Available
Number of students receiving DOH-sponsored school health services	No	Not Available	Not Available	Not Available

30. Produce Plus Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Farmers Markets vendors accepting Produce Plus benefits	No	Not Available	Not Available	93
Number of residents redeeming Produce Plus and FVRx checks	No	Not Available	Not Available	Not Available

31. DC Healthy Start

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of participants receiving services though DC Healthy Start	No	Not Available	Not Available	Not Available

32. Diffusions of Care and Innovations in Care grant programs

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of patients receiving services through Diffusions of Care and Innovations in Care grant programs	No	Not Available	Not Available	Not Available

33. Health Professional Licensing

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of new health professional licenses issued	No	Not Available	Not Available	13,530
Number of walk-in customers to Processing Center	No	Not Available	Not Available	Not Available

34. Food Safety and Hygiene Inspection Services Division (FSHISD)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of new and routine food establishments inspected	No	Not Available	Not Available	Not Available

35. Health Care Facilities Division

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of inspections completed by the Health Care Facilities Division	No	Not Available	Not Available	103

36. Criminal Background Check Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Criminal Background Checks processed for health professionals	No	Not Available	Not Available	Not Available
Number of Criminal Background Checks processed for non-health professionals	No	Not Available	Not Available	Not Available

37. Compliance and Quality Assurance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Intermediate Care and Nursing Home-related incidents received	No	Not Available	Not Available	10,414
Number of investigations performed	No	Not Available	Not Available	Not Available

38. Rodent and Vector Control Division

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of 311 rodent activity complaints inspected or baited within 48 hours	Yes	Not Available	Not Available	New Measure

39. Animal Services Program (ASP)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of calls responded to by Animal Control Officers	No	Not Available	Not Available	10,926
Number of dog licenses processed	No	Not Available	Not Available	Not Available

40. Pharmaceutical Control Division (PCD)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of pharmacies inspected	No	Not Available	Not Available	Not Available

40. Pharmaceutical Control Division (PCD)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Registered Controlled Substance Facilities inspected	No	Not Available	Not Available	Not Available

41. Intermediate Care Facilities Division (ICFD)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of inspections completed by the Intermediate Care Facilities Division	No	Not Available	Not Available	Not Available

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department of Parks and Recreation

www.dpr.dc.gov
Telephone: 202-673-7647

Table HA0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$46,879,569	$51,038,071	$52,437,191	2.7
FTEs	486.4	746.5	748.9	0.3

The mission of the Department of Parks and Recreation (DPR) is to promote health and wellness, conserve the natural environment, and provide universal access to parks and recreation services.

Summary of Services

DPR provides a wide range of recreational activities to individuals and groups of all ages throughout the District of Columbia, including aquatics, athletics, fitness, urban camps, therapeutic recreation, environmental education, and food and nutrition programs.

To offer such diversified activities and services, DPR promotes recreation and leisure at approximately 1,000 acres of parkland, 73 recreation and community centers, 38 aquatic facilities, and several additional recreational facilities including playgrounds, athletic fields, and play courts.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table HA0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Parks and Recreation operates through the following 8 divisions:

Office of the Director – provides vision and guidance to senior managers to achieve the agency's mission and goals.

This division contains the following 2 activities:

- **Director's Office** – provides vision for, and support to, the department in order to guide senior managers in a direction most advantageous to the government and residents of the District of Columbia; and
- **Data and Accountability** – collects and reports data on agency functions, such as program participation, work orders request and completion, and facility usage, to inform decision-making

Programs Division – plans and collaborates with community groups, non-profit organizations, and volunteers to provide programming and other services at DPR facilities.

This division contains the following 13 activities:

- **Small Parks Programs** – manages the programming for small parks and provides leadership in the agency's policy efforts focused on small parks;
- **Community Gardens** – provides programming and outreach for community gardens across the District and provides leadership in the agency's gardening policies;
- **Aquatics - Programs** – provides swimming instruction, fitness, and competitive opportunities to District residents and visitors;
- **Aquatics - Operations** – provides personnel, programs, and equipment to ensure the safety of District residents and visitors at DPR aquatic facilities;
- **Sports, Health, and Fitness Programs** – provides structured and self-directed recreational sports, health, and fitness programs to District residents and visitors;
- **Seasonal Camps** – provides direct services to thousands of youth during the school breaks, including a wide range of access to pools, trails, and courts, as well as supervised activities at recreation centers;
- **Early Childhood Programs (Ages 3 - 5)** – provides daily services to District children ages 3 to 5 years old at locations throughout the city and engages children in various developmentally appropriate activities;
- **Out-of-School Time Programs** – provides specialized programming to District youth ages 6 to 12 years old;
- **Roving Leaders Programs** – provides specialized outreach services to District children and youth ages 9 to 21 years old who are at risk of negative social behavior, by providing opportunities in education, employment, community services, and scholarship;
- **Teen Programs** – provides specialized programming and outreach to District youth ages 13 to 18 years old by providing opportunities in education and community services, and manages the Summer Youth Employment Program in partnership with the Department of Employment Services;
- **Senior Services Programs** – provides recreational, seasonal, social, educational, health promotion, and transportation services to District residents and visitors ages 50 years or older;
- **Therapeutic Recreation Programs** – provides comprehensive rehabilitative services to persons of all abilities, particularly to persons with disabilities; and
- **Environment and the Great Outdoors** – provides District area residents of all ages with outdoor recreation and environmental education experiences to cultivate a genuine connection to the great outdoors and to activate responsibility and stewardship for the environment.

Partnerships and Development – provides support to increase external financial and partner support of DPR's goals and objectives, and to decrease reliance on the District's General Fund through the solicitation and management of grants, donations, partnerships, sponsorships, and volunteer resources.

This division contains the following 3 activities:

- **Partnership and Volunteers** – recruits, manages and supports volunteer activities and develops outside partnerships to provide programming at DPR facilities and sustain the overall mission of DPR;
- **Donations and Grants** – solicits, facilitates, tracks and writes donation and grant agreements that support DPR's goal of increasing its fiscal sustainability; and
- **Business Development** – works to develop new non-Local fund revenue sources that support DPR's programs and initiatives.

Park Policy and Programs – manages the programming of all small parks and community garden properties and provides leadership in the agency's policies and sustainability efforts across the District.

Area Management – supervises facility operations; manages staff; administers programs, activities and special events (budgets, planning, implementation, marking and evaluation); and provides strategic planning for recreation and leisure activities for District residents.

Operations – oversees the maintenance of over 900 acres of parkland and 68 facilities across the District of Columbia, including recreation and community centers, pools, playgrounds, athletic fields, and play courts. These resources are managed and operated to support recreational programs and activities and to provide open recreational spaces for customers.

This division contains the following 6 activities:

- **Stagecraft** – accommodates special events for the enjoyment of District residents by providing tools, equipment and installation support;
- **Warehouse** – receives all shipments for DPR and provides sufficient space and expertise to assemble, house, and manage shipments of materials, equipment, and supplies;
- **Permit Services** – allocates use permits for ball fields, parks, picnic areas, and other facilities operated and maintained by DPR;
- **Food and Nutrition Services** – provides nutritious meals and nutritional supplements to eligible children and families in the District of Columbia enrolled in recreational programming in care centers, outside school hours;
- **Support Services** – provides tools, equipment, and installation to successfully support events throughout the community; and
- **Park Monitors** – secures and promotes safe and sound settings for park visitors.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Parks and Recreation has no division structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HA0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table HA0-5

(dollars in thousands)

GROSS FOR HA0 - DEPARTMENT OF PARKS AND RECREATION		**52,437**	**748.9**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Parks and Recreation's (DPR) proposed FY 2018 gross budget is $52,437,191, which represents a 2.7 percent increase over its FY 2017 approved gross budget of $51,038,071. The budget is comprised of $46,762,191 in Local funds, $2,700,000 in Special Purpose Revenue funds, and $2,975,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DPR's FY 2018 CSFL budget is $47,075,827, which represents a $1,112,756, or 2.4 percent, increase over the FY 2017 approved Local funds budget of $45,963,071.

CSFL Assumptions

The FY 2018 CSFL calculated for DPR included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $16,904 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $65,019 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DPR include a reduction of $60,000 to account for a removal of one-time funding appropriated in FY 2017 to purchase aquabikes for the Ferebee-Hope and Barry Farm Recreation centers, Additional adjustments include increases of $211,414 for the Fixed Costs Inflation Factor to account for estimates for fleet services and $913,226 for the Operating Impact of Capital for costs for Congress Heights, Kenilworth-Parkside, Edgewood Recreation Center, and Fort DuPont Ice Arena replacement.

Agency Budget Submission

Increase: The budget proposed in Local funds reflects an increase of $2,018,522 and 17.0 FTEs across multiple divisions. This adjustment aligns DPR's personal services resources to accommodate needs associated with summer programs and activities. It also supports projected salary step increases, Fringe Benefits, and Overtime costs across multiple divisions. Additionally, the Local funds proposed budget increased by $235,000 to support funding for a grant allocated to a third-party organization to provide free ice skating to low-income residents at the Fort DuPont Ice Arena.

Furthermore, in Local funds, the proposed budget reflects increases of $203,126 to account for reallocation of funds from professional services to Contractual Services to ensure accurate alignment of resources, and $79,156 to support funding for security guards at the Barry Farm Recreation and Aquatic Center to ensure the safety of DPR personnel and guests.

In Special Purpose Revenue funds, the proposed budget includes an increase of $100,000 across multiple divisions to align funding with revenue projected from rental use of DPR facilities and fees charged for recreational activities.

In Intra-District funds, the proposed budget includes an increase of $500,000 and 9.6 FTEs to support a Memorandum of Understanding agreement with the District of Columbia Public Schools (DCPS) for pool management, life guards, and personal services at onsite DCPS pools.

Decrease: DPR's proposed budget in Local funds reflects a decrease of $1,608,542 to account for inter-programmatic reallocation of 20.2 FTEs and redirection of associated funding. Also, funding in Local funds includes a net decrease of $1,610,380 in the nonpersonal services budget, primarily to recognize savings in office supplies, communication, professional services fees, and procurement of equipment across multiple divisions in the agency.

Technical Adjustment: The budget proposal in Local funds includes an increase of $423,171 to account for the revised forecast of salary and wages due to compliance requirements for the Living Wage legislation.

Mayor's Proposed Budget

Enhance: DPR's proposed Local funds budget includes an increase of $340,000 in the Programs division, of which $250,000 supports FitDC, an initiative to encourage more physical and health activities in the District of Columbia, and $90,000 supports DPR expansion of the youth trips program to provide more opportunities to visit national parks and monuments for youth ages 14 to 24 participating in DPR's Supreme Teens programs.

Additionally, the proposed Local funds budget includes an increase of $150,000 in the Park Policy and Programs division to support an on-call repair and maintenance services contract for the agency's extensive Closed Circuit Television (CCTV) Security System at 33 DPR facilities.

District's Proposed Budget

Enhance: In Local funds, DPR's budget proposal reflects a net increase of $103,551 and 1.5 FTEs, which is comprised of $75,551 and 1.0 FTE to support a dedicated manager for the Seniors' Programs at the Chevy Chase Community Center, and restoration of $28,000 and 0.5 FTE to DPR's Community Gardens activity. The budget in Local funds also reflects an increase of $40,000 in one-time funding for competitive grants to organize community run-or-walk events in support of sports, fitness and health activities in each Ward in the District.

Reduce: DPR's budget proposal in Local funds reflects a reduction of $423,656 and 0.5 FTE, across multiple divisions, to recognize projected salary lapse savings and other adjustments to personal services.

Transfer-Out: The proposed Local funds budget includes a reduction of $263,584 and 5.0 FTEs from multiple divisions to the Office of Neighborhood Safety and Engagement to support the Roving Leaders program.

Agency Performance Plan*

Department of Parks and Recreation (DPR) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Improve the quality of life for District residents by providing equal access to high quality, outcomes-based recreation and leisure services.
2. Promote program success through high quality operational and administrative support.
3. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Improve the quality of life for District residents by providing equal access to high quality, outcomes-based recreation and leisure services. (5 Activities)

Activity Title	Activity Description	Type of Activity
Recreation Centers and Programs	DPR operates the District's recreation centers and provides recreational programs and activities such as camps; sports, health and fitness; youth; senior; therapeutic recreation; environmental; and personal enrichment programs.	Daily Service
Aquatic Facilities and Programs	DPR operates the District's aquatic facilities and provides aquatic programs and activities such as learn to swim, water aerobics, and swim teams.	Daily Service
Parks Policy and Programs	DPR operates District parks and provides programs and activities to promote environmental stewardship and sustainability.	Daily Service
Special Events	DPR hosts community and citywide special events to promote healthy lifestyles and encourage participation in DPR programs and activities.	Daily Service
Permits	DPR issues permits for ball fields, parks, picnic areas, and other facilities and equipment operated and maintained by the agency.	Daily Service

2. Promote program success through high quality operational and administrative support. (7 Activities)

Activity Title	Activity Description	Type of Activity
Partnerships and Donations	DPR solicits and manages grants, donations, partnerships, and sponsorships to support DPR programs and facilities.	Daily Service
Volunteers	DPR recruits and manages volunteers to support DPR programs and activities.	Daily Service

(Continued on next page)

2. Promote program success through high quality operational and administrative support. (7 Activities)

Activity Title	Activity Description	Type of Activity
Planning and Design	DPR plans, designs, and manages capital projects to renovate existing or build new playgrounds, recreation centers, aquatic facilities, and parks.	Daily Service
Customer Service	DPR measures and improves customer satisfaction by soliciting community input and feedback.	Daily Service
Support Services	Agency operations are supported by stagecraft, warehouse, and transportation services. Transportation is provided for program participants and constituents to various programs, activities, and events.	Daily Service
Human Resources	DPR's Human Resources division provides services for the agency's workforce through employee recruitment, professional development, payroll, compliance, employee benefits, and wellness.	Daily Service
Communications	The Communications Division keeps District residents, visitors, and staff informed about DPR programs, activities, and events through media campaigns, social media, printed materials, etc.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Improve the quality of life for District residents by providing equal access to high quality, outcomes-based recreation and leisure services. (5 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of participants who met program goals	No	82.5%	78.5%	88%	90%	90%
Percent of program participants surveyed rating their experience in DPR programs as Good or Excellent	No	Not Available	Not Available	Not Available	90%	90%
Percent of program participants surveyed that plan to register for a DPR program again in the future	No	Not Available	Not Available	Not Available	75%	87%
Percent of program participants surveyed that would recommend a DPR program to others	No	Not Available	Not Available	Not Available	85%	87%
Percent of programs meeting minimum quality standards	No	Not Available	Not Available	Not Available	90%	90%

2. Promote program success through high quality operational and administrative support. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of agency's budget supplemented by outside resources	No	10.3%	4.3%	11%	5%	5%

(Continued on next page)

2. Promote program success through high quality operational and administrative support. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of customers rating net-positive customer experience	No	94.8%	93%	93%	94%	95%
Percent of staff completing industry-specific training	No	Not Available	Not Available	Not Available	75%	75%
Percent of staff with professional certifications	No	Not Available	Not Available	Not Available	15%	15%

3. Create and maintain a highly efficient, transparent and responsive District government.** (9 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Recreation Centers and Programs

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of at-risk youth connected through the Roving Leaders services	No	Not Available	Not Available	Not Available
Number of fitness center memberships (Non-Residents)	No	Not Available	Not Available	Not Available
Number of fitness center memberships (Residents)	No	Not Available	Not Available	Not Available
Number of meals served through nutrition programs	No	Not Available	Not Available	583,261
Number of programs provided	No	Not Available	Not Available	1,273
Number of visitors at recreation centers	No	Not Available	Not Available	1,634,462
Program utilization rate	No	Not Available	Not Available	80.2%

2. Aquatic Facilities and Programs

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of minority youth learning to swim	No	Not Available	Not Available	Not Available
Number of new lifeguards trained	No	Not Available	Not Available	Not Available
Number of programs provided	No	Not Available	Not Available	872
Number of visitors at aquatic facilities	No	Not Available	Not Available	781,272
Program utilization rate	No	Not Available	Not Available	84.3%

3. Parks Policy and Programs

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Community Gardening Classes	No	Not Available	Not Available	122
Number of residents participating in classes	No	Not Available	Not Available	Not Available
Program utilization rate	No	Not Available	Not Available	61.4%

4. Special Events

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of external special events served	No	Not Available	Not Available	Not Available
Number of participants at special events	No	Not Available	Not Available	Not Available
Number of special event surveys collected	No	Not Available	Not Available	Not Available
Number of special events	No	Not Available	Not Available	Not Available

5. Permits

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of permit applications received	No	Not Available	Not Available	11,350
Number of permits issued	No	Not Available	Not Available	Not Available

6. Partnerships and Donations

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Dollar amount from external resources	No	Not Available	Not Available	$1,968,846
Number of park partners	No	Not Available	Not Available	Not Available
Number of programmatic partners	No	Not Available	Not Available	Not Available
Number of residents served by programmatic partners	No	Not Available	Not Available	Not Available

7. Volunteers

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of volunteer hours	No	Not Available	Not Available	31,275
Number of volunteers	No	Not Available	Not Available	730

8. Planning and Design

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of capital projects	No	Not Available	Not Available	Not Available

9. Customer Service

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of customer service surveys collected	No	Not Available	Not Available	915
Number of program surveys collected	No	Not Available	Not Available	1,295

10. Support Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of transportation trips executed	No	Not Available	Not Available	Not Available

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

D.C. Office on Aging

www.dcoa.dc.gov
Telephone: 202-724-5626

Table BY0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$43,083,297	$40,694,268	$46,031,022	13.1
FTEs	70.1	63.0	69.0	9.5

The mission of the District of Columbia Office on Aging (DCOA) is to advocate, plan, implement, and monitor programs in health, education, and social services that promote longevity, independence, dignity, and choice for older District residents (age 60 plus), people with disabilities (age 18 to 59), and their caregivers.

Summary of Services

DCOA provides consumer information, assistance, and outreach for District seniors, people with disabilities, and caregivers so that they can be better informed about aging issues, improve their quality of life, and maintain their independence. The agency also offers home health, adult day care, nutrition, case management, residential facilities, elder rights assistance, health promotion, wellness, counseling, legal, recreation, transportation, and caregiver services and supports to facilitate aging in place.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table BY0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The District of Columbia Office on Aging operates through the following 4 programs:

Consumer Information, Assistance, and Outreach – provides information, assistance, and outreach for a variety of long-term care needs to older adults, people with disabilities, and caregivers regarding long-term care services and supports offered in the District.

This program contains the following 3 activities:

- **Community Outreach and Special Events** – provides socialization, information, and recognition services for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers in order to combat social isolation, increase awareness of services provided, and project a positive image of aging;

- **Advocacy and Elder Rights** – provides legal support and advocacy for elder rights for District residents age 60 or older who need assistance with relevant state laws, long-term planning, or complaint resolution between residents/families and nursing homes and other community residential facilities for seniors; and
- **Assistance and Referral Services** – provides information on, connection to, and assistance with accessing home and community-based services, long-term care options, and public benefits for District residents age 60 or older, persons with a disability between the ages of 18 and 59, and caregivers.

Home and Community-Based Support – provides services for District residents who are 60 years of age or older so that they can live as independently as possible in the community including health promotion, case management services, nutrition, homemaker assistance, wellness, counseling, transportation, and recreation activities.

This program contains the following 8 activities:

- **In-Home Services** – provides home health and homemaker services for District residents 60 years of age and older to help manage activities of daily living;
- **Lead Agencies and Case Management** – provides core services and supports, such as case management and counseling services, for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers;
- **Senior Wellness Centers/Fitness** – provides socialization, physical fitness, and programs that promote healthy behavior and awareness for District residents age 60 or older;
- **Senior Villages** – provides support and technical assistance to the grass roots movement of neighbors helping neighbors age in place;
- **Supportive Residential Services** – provides emergency shelter, supportive housing, and aging-in-place programs;
- **Caregivers Support** – provides caregiver education and training, respite, stipends, and transportation services to eligible caregivers;
- **Transportation** – provides transportation to life-sustaining medical appointments and group social and recreational activities for District residents age 60 or older; and
- **Day Programs** – provides day programs through adult day health and senior centers, which allow District residents age 60 or older to have socialization and access to core services.

Nutrition Services – provides meals, food, and nutrition assistance to District residents 60 and over to maintain or improve their health and remain independent in the community.

This program contains the following 4 activities:

- **Community Dining** – provides meals in group settings such as senior wellness centers, senior housing buildings, and recreation centers for District residents age 60 or older;
- **Home-Delivered Meals** – provides District residents age 60 or older who are frail, home-bound, or otherwise isolated with meals delivered directly to their home;
- **Nutrition Supplements** – provides nutrition supplements each month for District residents 60 and over who are unable to obtain adequate nutrition from food alone; and
- **Commodities and Farmers Market** – the Commodity Supplemental Food Program provides a monthly bag of healthy, shelf-stable foods to low-income District residents; and the Senior Farmers Market Nutrition Program provides vouchers to participants in the Commodity Supplemental Food Program to purchase fresh produce at local farmers markets.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The District of Columbia Office on Aging has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table BY0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR BY0 - D.C. OFFICE ON AGING		**46,031**	**69.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The District of Columbia Office on Aging's (DCOA) proposed FY 2018 gross budget is $46,031,022, which represents a 13.1 percent increase over its FY 2017 approved gross budget of $40,694,268. The budget is comprised of $35,617,220 in Local funds, $7,591,728 in Federal Grant funds, $2,345,115 in Federal Medicaid Payments, and $476,958 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCOA's FY 2018 CSFL budget is $30,021,520, which represents a $241,906, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $30,263,426.

CSFL Assumptions

The FY 2018 CSFL calculated for DCOA included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $5,493 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $147,032 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DCOA includes a reduction of $250,000 to account for the removal of one-time funding appropriated in FY 2017 to support the Senior Villages program. Also, a decrease of $144,432 for the Fixed Costs Inflation Factor accounts for estimates for Fleet Services.

Agency Budget Submission

Increase: In Local funds, the proposed budget includes an increase of $434,873, primarily in the Consumer Information, Assistance, and Outreach program. The increase supports an additional 6.4 Full-Time Equivalents (FTEs) as well as projected salary increases and Fringe Benefits adjustments. In addition, the Local funds proposed budget includes a net increase of $60,964 in nonpersonal services to the Agency Management program. This funding will be used to procure additional Supplies and Materials for operational needs, agency-managed Telecommunications services including needed technical support, and maintenance costs associated with the Harmony computer system.

An increase of $1,307,636 and 13.2 FTEs across multiple programs in Federal Medicaid Payments aligns the budget with anticipated reimbursements for eligible services. This program commenced in fiscal year 2017 and allows the agency to fully execute and expand Medicaid administrative functions, such as enrolling beneficiaries in the Waiver for the Elderly and Individuals with Physical Disabilities and Adult Day Health programs with the Department of Health Care Finance (DHCF).

Decrease: The proposed Local funds budget reflects a reduction of $1,328,112 across multiple programs, which will be offset by funds that will be received from Medicaid Payments. The proposed Federal Grant funds budget reflects a net reduction of $139,916 and 1.0 FTE due to the expiration of the Alzheimer Disease Initiative grant. In Intra-District funds, a net decrease of $1,184,759 and 12.7 FTEs is the result of elimination of Memoranda of Understanding (MOUs) with DHCF due to transfer of funding into agency Local funds budget. DCOA will continue to work in conjunction with DHCF to provide services for the Long-Term Care Ombudsman program.

Mayor's Proposed Budget

Enhance: In Local Funds, the proposed budget includes an increase of $3,000,000 in one-time funding in the Consumer Information Assistance and Outreach program to support the Safe at Home program. This program provides preventative adaptations to reduce the risk of falls in the homes of qualifying seniors and people with disabilities. The proposed Local funds budget also reflects an increase of $1,108,966 in Home and Community-Based Support program. This adjustment is comprised of $458,966 for transportation services, $350,000 for recreation activities, and $300,000 to support Senior Villages for District residents who are 60 years of age or older. A Village is a neighborhood-based nonprofit membership organization supported by volunteers that focus on the elderly. They offer programs that make it easier for older District residents to live safely and comfortably and remain active in their own homes by staying connected with their neighbors.

Transfer-In: In Local funds, the proposed budget includes an increase of $1,432,710 to reflect the transfer of funds from the Department of Health Care Finance to support the Aging and Disability Resource Center and its Medicaid administrative functions. These funds will be allocated to the Home and Community-Based Support program.

District's Proposed Budget

Enhance: DCOA's proposed Local funds budget proposal includes a net increase of $808,000 in nonpersonal services in the Home and Community Based Support program. Of this amount, $500,000 is to provide support for Alzheimer's support programs; $208,000 is to support case management services in lead agencies; and $100,000 is to support a helpline program for the seniors residing in Ward 3. Additionally, an enhancement of $128,300 in one-time funding will be used to establish an inter-generational volunteer program. This program aims to unite the younger and older generations and provide seniors with the opportunity to share their wealth of knowledge. A portion of these funds will be used to provide stipends for participating seniors.

Reduce: DCOA's proposed Local funds budget reflects a decrease of $50,000 due to projected salary lapse savings in the Agency Management program.

Agency Performance Plan*

The District of Columbia Office on Aging (DCOA) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Consumer Information, Assistance and Outreach: Provide information, assistance, and outreach to District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers that promotes awareness and access to long-term care services and supports offered in the District.
2. Home and Community-Based Supports: Provide direct services and supports in the community, including nutrition services, for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers that promote aging-in-place with dignity and respect.
3. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Consumer Information, Assistance and Outreach: Provide information, assistance, and outreach to District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers that promotes awareness and access to long-term care services and supports offered in the District. (3 Activities)

Activity Title	Activity Description	Type of Activity
Advocacy/Elder Rights	Provide legal and advocacy support and protective services for District residents age 60 or older in need of assistance with long-term care planning, quality of care disputes, estate and financial planning, and civil disputes.	Daily Service
Assistance and Referral Services	Provide information on, connection to, and assistance with accessing home and community-based services, long-term care options, and public benefits for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers.	Daily Service
Community Outreach and Special Events	Provide engaging socialization opportunities and community service, and support awareness campaigns for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers that combat social isolation, improve access to services, and project a positive image of aging and people with disabilities.	Daily Service

2. Home and Community-Based Supports: Provide direct services and supports in the community, including nutrition services, for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers that promote aging-in-place with dignity and respect. (5 Activities)

Activity Title	Activity Description	Type of Activity
Homemaker Services and Caregiver Support	Provide homemaker services and caregiver support for District residents age 60 or older to help manage activities of daily living and prevent caregiver burnout.	Daily Service
Lead Agencies and Case Management	Provide core services and supports, such as case management and counseling services, for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers.	Daily Service
Senior Wellness Center/Fitness	Provide socialization, physical fitness, and wellness programs for District residents age 60 or older that promote healthy behavior and awareness.	Daily Service
Nutrition Program	Provide prepared meals, fresh foods, and nutrition assistance to District residents age 60 or older that maintains or improves health and the ability to remain independent in the community.	Daily Service
Transportation Services	Provide transportation services to essential nonemergency medical appointments and social/recreational group trips.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Consumer Information, Assistance and Outreach: Provide information, assistance, and outreach to District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers that promotes awareness and access to long-term care services and supports offered in the District. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of callers looking for information and assistance that heard about DCOA services through the agency's outreach efforts	No	Not Available	Not Available	Not Available	20%	20%
Percent of residents working with D.C. Long-Term Care Ombudsman Program that self-report a satisfactory resolution to a complaint, concern, or problem	No	Not Available	Not Available	Not Available	80%	80%
Percent of residents working with DCOA's Medicaid Enrollment Staff that self-report a positive experience through the Medicaid enrollment process	No	Not Available	Not Available	Not Available	80%	80%

2. Home and Community-Based Supports: Provide direct services and supports in the community, including nutrition services, for District residents age 60 or older, people with disabilities between the ages of 18 and 59, and caregivers that promote aging-in-place with dignity and respect. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Advocacy/Elder Rights

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of hours of advocacy and legal support provided to residents	Yes	Not Available	Not Available	Not Available
Number of hours of Long-Term Care Ombudsman services provided to residents	Yes	Not Available	Not Available	Not Available

2. Assistance And Referral Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of caregivers receiving information, referral, and assistance through the Aging and Disability Resource Center	No	447	217	71
Number of people with disabilities between the ages of 18 and 59 receiving information, referral, and assistance through the Aging and Disability Resource Center	No	5,422	1,375	1,057
Number of residents age 60 or older receiving information, referral and assistance through the Aging and Disability Resource Center	No	15,140	4,184	9,477
Number of residents served by DCOA's Medicaid Enrollment Staff	Yes	Not Available	Not Available	Not Available

3. Provide homemaker services and caregiver support for District residents age 60 or older to help manage activities of daily living and prevent caregiver burnout.

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Average project cost for Safe at Home adaptations	Yes	Not Available	Not Available	New Measure
Number of residents receiving home adaptations	Yes	Not Available	Not Available	Not Available
Number of residents receiving homemaker services	Yes	Not Available	Not Available	Not Available

4. Lead Agencies And Case Management

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of residents receiving case management	Yes	Not Available	Not Available	Not Available
Number of residents receiving options counseling	No	962	915	551
Number of residents transitioned from an institutional setting to the community	Yes	Not Available	Not Available	Not Available

5. Senior Wellness Center/Fitness

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of residents attending Senior Wellness Centers	No	2,957	3,293	2,991

6. Community Outreach and Special Events

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of DCOA sponsored information and training sessions that increase knowledge and awareness of long-term services and supports in the community	Yes	Not Available	Not Available	Not Available

7. Nutrition Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of residents attending community dining sites	Yes	Not Available	Not Available	Not Available
Number of residents receiving home-delivered meals	Yes	Not Available	Not Available	Not Available

8. Provide transportation services to essential nonemergency medical appointments and social/recreational group trips for DCOA activities.

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of residents provided transportation to medical appointments	Yes	Not Available	Not Available	2,359
Number of residents provided transportation to social and recreational activities	Yes	Not Available	Not Available	2,682

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Unemployment Compensation Fund operates through the following program:

Unemployment Compensation Fund – provides unemployment compensation to qualified former District government employees during periods of unemployment.

Program Structure Change

The Unemployment Compensation Fund has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table BH0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table BH0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
LOCAL FUNDS: FY 2017 Approved Budget and FTE		**6,887**	**0.0**

No Change		0	0.0
LOCAL FUNDS: FY 2018 District's Proposed Budget		**6,680**	**0.0**
GROSS FOR BH0 - UNEMPLOYMENT COMPENSATION FUND		**6,680**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Unemployment Compensation Fund's proposed FY 2018 gross budget is $6,680,390, which represents a 3.0 percent decrease from its FY 2017 approved gross budget of $6,887,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Unemployment Compensation Fund's FY 2018 CSFL budget is $6,887,000, which represents no change from the FY 2017 approved Local funds budget.

Agency Budget Submission

Decrease: The Unemployment Compensation Fund's proposed budget includes savings in the amount of $206,610 due to a projected reduction in the amount of claims being approved and paid to former District employees claiming benefits, and a decrease in the average duration of unemployment.

Mayor's Proposed Budget

No Change: The Unemployment Compensation Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Unemployment Compensation Fund's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Employees' Compensation Fund operates through the following program:

Disability Compensation Fund – is established by the District of Columbia Merit Personnel Act (D.C. Law 2-139, as amended). Payments are made to District employees, with eligible and verified claims, as compensation for lost wages, medical services related to workplace injuries, and return-to-work services such as vocational rehabilitation. In FY 2004, the administration of the Fund was transferred to the D.C. Office of Risk Management.

Program Structure Change

The Employees' Compensation Fund has no program structure changes in the FY 2018.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table BG0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table BG0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
LOCAL FUNDS: FY 2017 Approved Budget and FTE		**21,521**	**0.0**
Other CSFL Adjustments	Disability Compensation Fund	188	0.0
LOCAL FUNDS: FY 2018 Current Services Funding Level (CSFL) Budget		**21,709**	**0.0**
Increase: To align the budget with projected unemployment claims	Disability Compensation Fund	94	0.0
Decrease: To align the budget with professional service fees	Disability Compensation Fund	-94	0.0
LOCAL FUNDS: FY 2018 Agency Budget Submission		**21,709**	**0.0**
No Change		0	0.0
LOCAL FUNDS: FY 2018 Mayor's Proposed Budget		**21,709**	**0.0**
No Change		0	0.0
LOCAL FUNDS: FY 2018 District's Proposed Budget		**21,709**	**0.0**
GROSS FOR BG0 - EMPLOYEES' COMPENSATION FUND		**21,709**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Employees' Compensation Fund's (ECF) FY 2018 gross budget is $21,708,502, which represents a less than 1.0 percent increase over its FY 2017 approved gross budget of $21,521,002. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

ECF's FY 2018 CSFL budget is $21,708,502, which represents a $187,500, or less than 1.0 percent, increase over the FY 2017 approved Local funds budget of $21,521,002.

CSFL Assumptions

The FY 2018 CSFL calculated for ECF included an adjustment entry that is not described in detail on table 5. This adjustment reflects an increase of $187,500 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Agency Budget Submission

Increase: The Employees' Compensation Fund's (ECF) proposed budget reflects an increase of $93,750 in Subsidies and Transfers to support projected costs associated with unemployment claims.

Decrease: ECF's proposed Local funds budget includes a decrease of $93,750 to reflect the projected costs of professional service fees; this offsets the increase in Subsidies and Transfers.

Mayor's Proposed Budget

No Change: The Employees' Compensation Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Employees' Compensation Fund's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Office of Human Rights

www.ohr.dc.gov
Telephone: 202-727-4559

Table HM0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017

FTEs	35.8	39.0	44.0	12.8

The mission of the D.C. Office of Human Rights (OHR) is to eradicate discrimination, increase equal opportunity, and protect human rights in the city.

Summary of Services

OHR investigates and resolves complaints of discrimination in employment, housing, places of public accommodation, and educational institutions, pursuant to the D.C. Human Rights Act of 1977 and other numerous local and federal laws. OHR also prevents discrimination by providing training and education to District government employees, private employers, workers, and the community at large regarding their rights and responsibilities under the law. OHR monitors compliance with the Language Access Act of 2004 and investigates allegations of non-compliance with this Act by District government agencies. The agency also investigates complaints and conditions causing community tension and conflict that can lead to breaches of the peace. The Commission on Human Rights is the adjudicatory body that decides private sector cases after OHR has found "probable cause" of discrimination.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Office of Human Rights operates through the following 3 programs:

Equal Justice – provides education and awareness and investigates, adjudicates, and provides compliance services to people who live, work, and/or conduct business in the District of Columbia so that they are informed of, and may have timely resolution of, discrimination complaints.

This program contains the following 8 activities:

- **Intake** – provides intake, referral, and counseling services to complainants who live, work, and/or conduct business in the District of Columbia so that they may have timely and quality assessments of their complaints;
- **Mediation** – provides mediation services to complainants and respondents in an attempt to resolve potentially unlawful discriminatory practices and avoid costly and time-consuming investigations and litigation;
- **Investigations** – conducts full investigations whenever prima facie evidence has been established for each complaint brought to the Office of Human Rights. This applies to cases in employment, public accommodations, educational institutions, and language access;
- **Fair Housing** – investigates complaints and provides outreach and education to people who live, work, or conduct business in the District on matters relating to alleged violations of federal and local fair housing laws;
- **Research and Compliance** – conducts compliance reviews of, provides training on, and performs research related to human rights law as well as mandates issued by the Equal Employment Opportunity Commission and the U.S. Department of Housing and Urban Development;
- **Public Education** – provides awareness, education, training, and public information to ensure a workforce environment free of discrimination in the District;
- **Bullying Prevention Oversight** – coordinates bullying prevention initiatives throughout the District; and
- **Language Access Oversight** – provides information, education, monitoring, and enforcement services pertaining to the D.C. Language Access Act and its implementation and applicability.

Commission on Human Rights – provides adjudication services through an administrative, trial-type hearing conducted before a hearing examiner or a panel of commissioners. The Commission rules and can issue injunctive relief and award damages (if discrimination is found) to people who live, work, or conduct business in the District of Columbia.

Office of Human Rights (Agency Management) – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Human Rights has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HM0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR HM0 - OFFICE OF HUMAN RIGHTS		**4,930**	**44.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Office of Human Rights' (OHR) proposed FY 2018 gross budget is $4,929,852, which represents an 11.5 percent increase over its FY 2017 approved gross budget of $4,420,225. The budget is comprised of $4,599,752 in Local funds and $330,100 in Federal Grant funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OHR's FY 2018 CSFL budget is $4,000,511, which represents a $57,764, or 1.4 percent, decrease from the FY 2017 approved Local funds budget of $4,058,275.

CSFL Assumptions

The FY 2018 CSFL calculated for OHR included adjustment entries that are not described in detail on table 5. These adjustments were made for a decrease of $10,861 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $3,952 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for OHR includes a reduction of $50,000 to account for the removal of one-time funding appropriated in FY 2017 to support Information Technology maintenance and upgrades. Additionally, a decrease of $854 for the Fixed Costs Inflation Factor accounts for estimates for fleet services.

Agency Budget Submission

Increase: OHR's proposed Local funds budget reflects an increase of $926 across multiple programs to align the budget with projected personal services costs. In Federal Grant funds, the proposed budget increased by a net amount of $8,150 to align funding with projected Department of Housing and Urban Development grant awards.

Decrease: A proposed net decrease of $926 in Local funds across multiple programs, primarily in Contractual Services, will offset the projected increase in personal services. In Intra-District funds, the budget proposal reflects a decrease of $40,000 due to the expiration of a Memorandum of Understanding agreement with the Department of Employment Services.

Mayor's Proposed Budget

No Change: The Office of Human Rights' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: OHR's Local funds budget proposal reflects an increase of $599,241 and in the Equal Justice program. This adjustment includes $475,241 to support 5.0 additional FTEs in accordance with the Fair Criminal Record Screening Amendment Act of 2016. This law is popularly known as "Ban the Box" and it generally prohibits employers in the District from inquiring about job applicants' arrest record, charges, or convictions prior to a conditional offer of employment. OHR will serve as the authority for enforcing compliance and will impose fines on violators of this legislation. The adjustment also includes a technical adjustment of $124,000 allocated from the Non-Departmental Account to support the Fair Credit in Employment Amendment Act of 2016.

Agency Performance Plan*

The Office of Human Rights (OHR) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide high quality and efficient resolution of complaints filed at the Office of Human Rights in order to comply with statutory requirements, improve customer service, and strengthen enforcement.
2. Provide high quality and efficient adjudication of certified charges filed at the Commission on Human Rights in order to comply with statutory requirements and to improve customer service.
3. Provide high quality monitoring of and technical assistance in OHR's compliance programs, including Language Access, Bullying Prevention, and Equal Employment Opportunity policies.
4. Provide high quality education and awareness communication to the public in order to increase understanding of the laws enforced by OHR.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide high quality and efficient resolution of complaints filed at the Office of Human Rights in order to comply with statutory requirements, improve customer service, and strengthen enforcement. (4 Activities)

Activity Title	Activity Description	Type of Activity
Investigate	The Human Rights Officer (HRO) in the Investigation Unit will review an assigned charge of Discrimination docketed and investigate the claims asserted in the Charge. The HRO will interview relevant witnesses and recommend a finding as to whether there is probable cause to believe discrimination may have occurred.	Daily Service
Intake	The Intake Officer will review inquiries (known as the Complaint Questionnaire) filed with the Office of Human Rights and determine jurisdiction. If the office has jurisdiction, the inquiry will be schedule for an intake interview. The Intake Officer will review the information provided during the interview and docket the inquiry as a Charge of Discrimination or dismiss the matter as appropriate.	Daily Service
Mediation	Once an inquiry is docketed as a Charge of Discrimination, the Mediation Unit will schedule a mandatory mediation date. If the matter is resolved at mediation, the case will be closed. If the matter is not resolved, Mediation will forward the case for full investigation.	Daily Service

1. Provide high quality and efficient resolution of complaints filed at the Office of Human Rights in order to comply with statutory requirements, improve customer service, and strengthen enforcement. (4 Activities)

Activity Title	Activity Description	Type of Activity
Legal Review	Once a Human Rights Officer makes a probable cause determination as to whether discrimination may have occurred, the Legal Unit will review the determine for legal sufficiency and forward the matter for the Director's review.	Daily Service

2. Provide high quality and efficient adjudication of certified charges filed at the Commission on Human Rights in order to comply with statutory requirements and to improve customer service. (5 Activities)

Activity Title	Activity Description	Type of Activity
Review Certified Cases	Once the Commission receives a certified case from the Office of Human Rights, the Commission will review the certified case and if appropriate set a scheduling order. If the case is not appropriately certified to the Commission, the Commission will remand the case to the Office.	Daily Service
Review and Rule on Dispositive Motions	Upon filing of a dispositive motion, the Administrative Law Judge (ALJ) assigned to the matter will review and rule on the dispositive motion filed. When appropriate, the ALJ may hold hearings before ruling on the motion.	Daily Service
Hold Hearings Including Final Hearings	When the case has completed discovery and dispositive motions have been resolved, the Commission will schedule and hold a final hearing on the merits of the case. The Commission also holds hearings on motions and dispositive motions.	Daily Service
Issue Scheduling Order	The Commission will issue scheduling orders within 30 days of receipt of case certification from the Office of Human Rights. The Scheduling Order will contain deadlines by which the parties must filed pleadings and motions.	Daily Service
Lead Or Organize Commission Meetings	The Chief Administrative Law Judge and his team organizes the Commission meetings, which occur on a bi-monthly basis. The ALJs will record minutes of the meeting.	Daily Service

3. Provide high quality monitoring of and technical assistance in OHR's compliance programs, including Language Access, Bullying Prevention, and Equal Employment Opportunity policies. (7 Activities)

Activity Title	Activity Description	Type of Activity
Eeo Counselors And Officers Training	Provide training and technical assistance to EEO Counselors and Officers.	Daily Service
Bullying Prevention Policy Oversight	Oversee bullying prevention policy development and compliance and provide training.	Daily Service
Community Engagement	Provide outreach and education to the public; Work closely with consultative agencies and community stakeholders.	Daily Service

(Continued on next page)

3. Provide high quality monitoring of and technical assistance in OHR's compliance programs, including Language Access, Bullying Prevention, and Equal Employment Opportunity policies. (7 Activities)

Activity Title	Activity Description	Type of Activity
Enforcement	Assist with identifying pre-investigation intervention solution; Investigate docketed cases of language access complaints; Issue written findings after investigation is completed; Assist non-compliant agencies with systemic corrective actions.	Daily Service
Technical Assistance to Covered Entities	Provide technical assistance such as one-on-one consultations, implementing corrective actions, training staff on compliance and cultural competencies, and meeting with language access coordinators.	Daily Service
Compliance Monitoring	Review and monitor each major public contact agency's two-year LA compliance plan; monitor and review quality of services provided to LEP/NEP (Limited English Proficient/Non English Proficient) customers; meet with agency Language Access Coordinators.	Daily Service
Youth Bullying Prevention Project	As a result of a four-year grant from National Institute of Justice (NIJ), in partnership with Child Trends and Office of the State Superintendent for Education (OSSE), the Youth Bullying Prevention Program will collect school climate data, evaluate prevention strategies in schools, and support their efforts to implement evidence based programs to prevent bullying and improve school safety.	Key Project

4. Provide high quality education and awareness communication to the public in order to increase understanding of the laws enforced by OHR. (3 Activities)

Activity Title	Activity Description	Type of Activity
Provide Education/Training	The Policy and Communication team schedules and conducts training for the public and business community. Examples of trainings include the Know Your Rights trainings, Human Rights Liaison trainings, and Business Training Series.	Daily Service
Perform Outreach	To ensure awareness and compliance, the Policy and Communication team conducts outreach regarding newly enacted laws or regarding laws under which the Office has seen a rise in claims. Outreach may be provided in the form of trainings or educational campaigns.	Daily Service
Issue Press Release Statements	The Policy and Communication team is responsible for responding to press inquiries and public inquiries. The team also drafts and issues press release statements of the Director.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Provide high quality and efficient resolution of complaints filed at the Office of Human Rights in order to comply with statutory requirements, improve customer service, and strengthen enforcement. (6 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Cost of processing an Office of Human Rights complaint under the Equal Justice Program	No	Not Available	Not Available	Not Available	$5,870	$5,870
Percent of assigned cases at the Office of Human Rights with letters of determination within 160 days	No	Not Available	Not Available	Not Available	80%	80%
Percent of docketed cases at the Office of Human Rights scheduled for mediation within 45 days	No	Not Available	Not Available	Not Available	80%	80%
Percent of Equal Employment Opportunity Commission (EEOC) cases resolved at the Office of Human Rights	Yes	Not Available	New Measure	Not Available	New Measure	New Measure
Percent of inquiries filed at the Office of Human Rights scheduled for intake interview within 30 days	No	Not Available	Not Available	Not Available	80%	80%
Percent of Office of Human Rights cases certified to the Commission on Human Rights within 60 days	No	Not Available	Not Available	Not Available	80%	80%

2. Provide high quality and efficient adjudication of certified charges filed at the Commission on Human Rights in order to comply with statutory requirements and to improve customer service. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of Commission on Human Rights cases pending over 15 months	No	Not Available	Not Available	Not Available	20%	20%
Percent of Commission on Human Rights cases with scheduling orders issued within 30 days	No	Not Available	Not Available	Not Available	80%	80%
Percent of dispositive motions at the Commission on Human Rights resolved within 60 days of filing	No	Not Available	Not Available	Not Available	80%	80%

3. Provide high quality monitoring of and technical assistance in OHR's compliance programs, including Language Access, Bullying Prevention, and Equal Employment Opportunity policies. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of covered entities with major public contact monitored and assessed for compliance with the Language Access Act	No	Not Available	Not Available	Not Available	80%	80%
Percent of EEO Counselors and Officers Satisfied with Training	No	Not Available	Not Available	Not Available	80%	80%
Percent of informal intervention provided in bullying cases within 30 days of reporting	No	Not Available	Not Available	Not Available	80%	80%
Percent of language access cases which receive initial intervention within 30 days	No	Not Available	Not Available	Not Available	90%	90%

4. Provide high quality education and awareness communication to the public in order to increase understanding of the laws enforced by OHR. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of Human Rights Liaisons that rate the all-day training as “good” or “excellent” in post-training survey	No	Not Available	Not Available	Not Available	80%	80%
Percent of participants that rate “Know Your Rights” presentations as “good” or “excellent” in post-training survey	No	Not Available	Not Available	Not Available	80%	80%
Percent of participants that rate the Business Training Series events as “good” or “excellent” in post-training survey	No	Not Available	Not Available	Not Available	80%	80%

5. Create and maintain a highly efficient, transparent, and responsive District government. (9 Measures)**

OPERATING BUDGET	$3,237,036	$3,207,448	$3,501,491	9.2
FTEs	8.6	10.0	10.0	0.0

The mission of the Mayor's Office on Latino Affairs (MOLA) is to improve the quality of life of the District's Latino residents by addressing a broad range of social and economic needs through strategic management of public and private partnerships, expertise on policy, community relations, civic engagement, and community-based grants.

Summary of Services

MOLA awards community-based grants, forms strategic partnerships, conducts community relations, and provides outreach support and advocacy for District Latinos so that they can have access to a full range of human services, health, education, housing, economic development, and employment opportunities.

The agency's FY 2018 proposed budget is presented in the following tables:

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Mayor's Office on Latino Affairs operates through the following 4 programs:

Community-Based Grants – provides technical assistance and grants management support, including grant selection, award funding, and monitoring services, to District Latino-serving, non-profit organizations, so that they can provide linguistically and culturally appropriate services to the limited English proficient Latino population of the District in the area of health, housing, education, jobs, and small business development in keeping with the Mayor's priorities.

Advocacy and Language Access – provides consultation, collaboration, and problem-solving services to the Mayor, District government agencies, community groups, and other entities in an effort to enhance the provision of linguistically and culturally appropriate services to the Latino community, as well as to comply with the 2004 Language Access Act.

Community Relations and Outreach – provides partnership and outreach services to District Latino residents in an effort to increase their knowledge of, and access to, vital programs and services available to them. The Community Information exchange provides information dissemination and educational services to District Latino residents so that they can better access vital services provided by the District government and the non-profit sector.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Mayor's Office on Latino Affairs has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table BZ0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR BZ0 - MAYOR'S OFFICE ON LATINO AFFAIRS		**3,501**	**10.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Mayor's Office on Latino Affairs' (MOLA) proposed FY 2018 gross budget is $3,501,491, which represents a 9.2 percent increase over its FY 2017 approved gross budget of $3,207,448. The budget is comprised of $3,301,491 in Local funds and $200,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

MOLA's FY 2018 CSFL budget is $2,801,491, which represents a $10,382, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $2,811,873.

CSFL Assumptions

The FY 2018 CSFL calculated for MOLA included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $4,155 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $1,970 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for MOLA also includes a reduction of $12,687 to account for the removal of one-time funding appropriated in FY 2017 for the Community Relations and Outreach program to support nonpersonal services. Additionally, an increase of $4,490 for the Fixed Costs Inflation Factor accounts for adjustments to the fleet services estimates.

Agency Budget Submission

Increase: In Local funds, the Mayor's Office on Latino Affairs' proposed budget reflects an increase of $15,281 in nonpersonal services across multiple programs, primarily for professional services fees and contracts in the Agency Management program.

Decrease: MOLA's proposed Local funds budget includes a net decrease of $15,281 in personal services to recognize cost savings from the reallocation of 1.0 Full-Time Equivalent from Term to Continuing Full-Time, as well as other salary and Fringe Benefit adjustments; this decrease offsets the increase in nonpersonal services.

In Intra-District funds, MOLA's proposed budget reflects a reduction of $195,575 in the Community-Based Grants program due to the completion of a Memorandum of Understanding with the Department of Employment Services for the Mayor Marion S. Barry Summer Youth Employment Program.

Mayor's Proposed Budget

Enhance: In Local funds, the Mayor's Office on Latino Affairs' proposed budget reflects an increase of $500,000 in the Community-Based Grants program.

District's Proposed Budget

No Change: The Mayor's Office on Latino Affairs' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan*

Mayor's Office on Latino Affairs (MOLA) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Improve Latino-serving non-profit organizations' institutional capacity, skills, and service program quality for services offered to DC Latinos.
2. Facilitate greater access to economic development resources among DC Constituents (resident and/or Business owners).
3. Assist Latinos in acquiring workforce skills that help them succeed in and foster the growth of the new economy in the District.
4. Improve the quality of Life among Latinos.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Improve Latino-serving non-profit organizations' institutional capacity, skills, and service program quality for services offered to DC Latinos. (1 Activity)

Activity Title	Activity Description	Type of Activity
Latino Community Development Grant	Provides technical support to community based organizations during the Grant Lifecycle process in order to improve their capabilities to better serve DC Latino residents.	Daily Service

2. Facilitate greater access to economic development resources among DC Constituents (resident and/or Business owners). (1 Activity)

Activity Title	Activity Description	Type of Activity
Economic Development	Facilitate greater access to economic development resources among DC Constituents.	Daily Service

3. Assist Latinos in acquiring workforce skills that help them succeed in and foster the growth of the new economy in the District. (3 Activities)

Activity Title	Activity Description	Type of Activity
Workforce Development	Provides financial and technical support to workforce development programs executed by DC community based organizations in order to increase the employability of DC Latino residents.	Daily Service
Community Outreach	MOLA will coordinate employment fairs to promote bilingual hiring.	Daily Service

(Continued on next page)

3. Assist Latinos in acquiring workforce skills that help them succeed in and foster the growth of the new economy in the District. (3 Activities)

Activity Title	Activity Description	Type of Activity
Language Access	MOLA will promote bilingual hiring in district government and the non-profit sector via bi-weekly newsletters.	Daily Service

4. Improve the quality of Life among Latinos. (2 Activities)

Activity Title	Activity Description	Type of Activity
Community Outreach	Organize outreach events to provide relevant information about vital services and rights for the Latino community.	Daily Service
Demographics	Keep track of key demographic changes occurred within the Latino Community in the District of Columbia.	Daily Service

5. Create and maintain a highly efficient, transparent and responsive District government. (3 Activities)**

Activity Title	Activity Description	Type of Activity
Performance Management	Record the type of interaction with DC Latino constituents.	Daily Service
Public Relations	Provides information to the Latino Community about MOLA's activities and important events.	Daily Service
Language Access Program	Provides technical support to DC Government Agencies and CBOs to implement the Language Access Act.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Improve Latino-serving non-profit organizations' institutional capacity, skills, and service program quality for services offered to DC Latinos. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of grantees that show satisfactory performance according to grants monitoring program	No	95%	100%	98%	98%	90%

2. Facilitate greater access to economic development resources among DC Constituents (resident and/or Business owners). (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of Latino owned, small and local business who received technical assistance through MOLA initiatives	No	Not Available	Not Available	Not Available	5	20

3. Assist Latinos in acquiring workforce skills that help them succeed in and foster the growth of the new economy in the District. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of people that attended MOLA's employment fairs	No	Not Available	Not Available	Not Available	100	200

4. Improve the quality of Life among Latinos. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of attendees that report satisfactory experience with MOLA sponsored events	No	90%	Not Available	90%	90%	90%

5. Create and maintain a highly efficient, transparent and responsive District government.** (10 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee Onboard Time	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Number of Language Access Act covered agencies that implemented recommendations provided by the Language Access program	No	Not Available	Not Available	Not Available	Not Available	0
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Latino Community Development Grant

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of grant applications received	No	Not Available	Not Available	58
Number of grants awarded	No	Not Available	Not Available	Not Available

(Continued on next page)

1. Latino Community Development Grant

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Total dollar amount of grants awarded	No	Not Available	Not Available	Not Available

2. Community Outreach

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of attendees at MOLA Employment Fairs	No	Not Available	Not Available	Not Available
Number of MOLA orginaized events/ activities	No	Not Available	Not Available	Not Available

3. Workforce Development

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of grants awarded to provide workforce development	No	Not Available	Not Available	Not Available

4. Language Access

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of bi-weekly newsletters produced	No	Not Available	Not Available	Not Available

5. Public Relations

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of MOLA newsletters published	No	Not Available	Not Available	Not Available

6. Demographics

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Latinos residing in the District	No	Not Available	Not Available	65,000

7. Language Access Program

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of recommendations provided to agencies named under the Language Access Act of 2004	No	Not Available	Not Available	Not Available

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Children and Youth Investment Collaborative

Table JY0-1

GROSS FOR JY0 - CHILDREN AND YOUTH INVESTMENT COLLABORATIVE		**0**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Children and Youth Investment Collaborative's (CYIC) proposed FY 2018 gross budget is $0, which represents a 100.0 percent decrease from its FY 2017 approved gross budget of $4,920,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CYIC's FY 2018 CSFL budget is $4,920,000, which represents no change from the FY 2017 approved Local funds budget.

Agency Budget Submission

No Change: The Children and Youth Investment Collaborative's proposed budget reflects no change from the CSFL to the agency budget submission.

Mayor's Proposed Budget

Transfer-Out: In FY 2018, the Children and Youth Investment Collaborative (CYIC) will transfer its entire budget of $4,920,000 to the Office of the Deputy Mayor for Education. All functions and responsibilities that currently exist in the Children and Youth Investment Collaborative will now reside within the Office of the Deputy Mayor for Education.

District's Proposed Budget

No Change: The Children and Youth Investment Collaborative's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Table AP0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$1,107,806	$854,987	$854,911	0.0
FTEs	4.7	6.0	6.0	0.0

The mission of the Office on Asian and Pacific Islander Affairs (OAPIA) is to improve the quality of life for District Asian Americans and Pacific Islanders (AAPI) through advocacy and engagement.

Summary of Services

OAPIA provides a diverse range of services that are critical to ensuring that the District delivers equal access to its programs and services for District AAPI residents and merchants. OAPIA serves as the primary access point for AAPI residents and merchants with language and cultural barriers and also serves as the primary liaison to engage AAPI residents to participate in the community as a whole, both economically and socially.

The agency's FY 2018 proposed budget is presented in the following tables:

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Office on Asian and Pacific Islander Affairs operates through the following 2 programs:

APIA Programs –provides outreach, education, and funding to Asian American and Pacific Islander (AAPI) community members and guidance to District agencies to help ensure equitable access to government services and programs for AAPI community members.

This program contains the following 3 activities:

- **Advocacy –** provides capacity and funding support to community-based organizations providing vital services to the AAPI community;
- **Outreach/Education –** conducts outreach, case assistance, educational workshops, and cultural events for AAPI residents and merchants; and
- **Inter-Agency Coordination –** provides technical assistance and guidance to District agencies on providing appropriate services to Asian and non-English proficient constituents, and monitors the performance of these agencies in providing language access.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office on Asian and Pacific Islander Affairs has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table AP0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR AP0 - OFFICE ON ASIAN AND PACIFIC ISLANDER AFFAIRS		**855**	**6.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Office on Asian and Pacific Islander Affairs' (OAPIA) proposed FY 2018 gross budget is $854,911, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budget of $854,987. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OAPIA's FY 2018 CSFL budget is $854,911, which represents a $76, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $854,987.

CSFL Assumptions

The FY 2018 CSFL calculated for OAPIA included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $2,879 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $508 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent. Additionally, an increase of $2,295 for the Fixed Costs Inflation Factor accounts for fixed cost estimates for fleet services.

Agency Budget Submission

Increase: OAPIA's proposed budget includes a net increase of $17,538 in APIA Programs for nonpersonal services to align resources with operational spending for professional service fees, and to enhance existing and start up programs that focus on improving the health, education, and employment opportunities for the AAPI community.

Decrease: The agency's proposed budget reflects a net reduction of $17,538 in personal services across multiple programs, primarily due to the conversion of 1.0 Full-Time Equivalent (FTE) position in the APIA program from Term to Continuing Full-Time status. This adjustment offsets the increase in nonpersonal services.

Mayor's Proposed Budget

No Change: The Office on Asian and Pacific Islander Affairs' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office on Asian and Pacific Islander Affair's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan*

Office on Asian and Pacific Islander Affairs (OAPIA) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Ensure AAPI community's access to District government services through outreach efforts, advocacy, and problem-solving services.
2. Ensure additional capacity of District agencies to deliver culturally and linguistically competent services through technical assistance.
3. Increase understanding of the AAPIs among other diverse communities and promote civic engagement and participation of AAPIs.
4. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Ensure AAPI community's access to District government services through outreach efforts, advocacy, and problem-solving services. (3 Activities)

Activity Title	Activity Description	Type of Activity
Outreach	This operation includes OAPIA's regular door-to-door visits to AAPI businesses and residents, relationship building with community based organizations, and attending various community meetings to promote government programs and services to more constituents.	Daily Service
Case Assistance	This operation includes case intake and inter-agency coordination to solve constituent issues. The issues are usually in regard to housing, health, businesses, or safety concerns.	Daily Service
Event Planning	This operation includes all aspects of planning for events (meetings, workshops, special programs) that support the agency's mission and advance the District's priorities.	Daily Service

2. Ensure additional capacity of District agencies to deliver culturally and linguistically competent services through technical assistance. (2 Activities)

Activity Title	Activity Description	Type of Activity
Agency Technical Assistance	This operation includes providing technical assistance to a few partnering DC agencies in the areas of language translations and outreach recommendations.	Daily Service

(Continued on next page)

2. Ensure additional capacity of District agencies to deliver culturally and linguistically competent services through technical assistance. (2 Activities)

Activity Title	Activity Description	Type of Activity
Review Language Access Reports	This operation includes reviewing annual and biennial language access reports on District agencies that are mandated under Language Access Act, and providing them with recommendations and opportunities for potential collaboration in order to ensure District's capacity to serve AAPI community.	Daily Service

3. Increase understanding of the AAPIs among other diverse communities and promote civic engagement and participation of AAPIs. (2 Activities)

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Ensure AAPI community's access to District government services through outreach efforts, advocacy, and problem-solving services. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of clients served by OAPIA grantees	No	2,638	2,260	Not Available	1,500	1,545
Percent of constituent cases resolved	No	95%	97.8%	95%	95%	95%

2. Ensure additional capacity of District agencies to deliver culturally and linguistically competent services through technical assistance. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of AAPI small businesses visited	No	Not Available	Not Available	Not Available	200	210
Share of agencies covered under the Language Access Act receiving technical assistance	No	32	32	32	32	32

3. Increase understanding of the AAPIs among other diverse communities and promote civic engagement and participation of AAPIs. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of community meetings/events attended	No	Not Available	Not Available	Not Available	200	206
Number of people that attend OAPIA events	No	Not Available	Not Available	Not Available	350	367

4. Create and maintain a highly efficient, transparent and responsive District government. (11 Measures)**

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Percent of satisfactory or above ratings at OAPIA outreach events	No	98%	97.4%	90%	90%	90%
Percent of scheduled monitoring reports as defined in agency monitoring plan completed for each grant award	No	100%	100%	100%	100%	100%
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Outreach

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of grant proposals received	No	Not Available	11	15
Number of social media followers	No	Not Available	Not Available	3,220
Number of website hits	No	Not Available	Not Available	1,330

2. Case Assistance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of calls case assistance requests	No	261	326	355

3. Agency Technical Assistance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of documents translated for partner agencies	No	Not Available	Not Available	75

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

OPERATING BUDGET	$353,403	$413,399	$472,213	14.2
FTEs	3.3	4.0	4.0	0.0

The mission of the District of Columbia Office of Veterans' Affairs (OVA) is to assist, recognize, and effectively advocate on behalf of District of Columbia veterans and their families.

Summary of Services

The District of Columbia Office of Veterans' Affairs assists District veterans and their dependents and survivors in applying for and using federal Department of Veterans Affairs benefit entitlements. OVA also supports veterans recently released from active-duty service with transition assistance from military life to civilian life. Finally, OVA connects District veterans with supportive and wrap-around District and federal services that address homelessness, employment, education, ex-offender reentry, military family issues, and quality of life.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Office of Veterans' Affairs operates through the following 2 programs:

Veterans – provides efficient veteran benefits and claims assistance, effective advocacy and outreach, recognition assistance, and services to District veterans and their families so that they may receive timely veteran benefit assistance and services from the federal Department of Veterans Affairs and other governmental agencies.

This program contains the following 2 activities:

- **Recognition** – ensures District veterans are recognized by the Mayor's office during recognition events. To ensure involvement in recognition programs, the agency actively participates in and supports recognition efforts of veteran and military organizations and non-affiliated organizations. All efforts are targeted to ensure District veterans receive proper respect and recognition for their service to this country; and
- **Outreach** – ensures agency contact with veterans in the District for purposes of recognition, connection to the Department of Veterans Affairs for benefit claims and health services, and connection to District and community services. All efforts are targeted to ensure veterans in the District are provided the opportunity to improve the quality of their lives.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Veterans' Affairs has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table VA0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR VA0 - OFFICE OF VETERANS' AFFAIRS		**472**	**4.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Office of Veterans' Affairs' (OVA) proposed FY 2018 gross budget is $472,213, which represents a 14.2 percent increase over its FY 2017 approved gross budget of $413,399. The budget is comprised of $467,213 in Local funds and $5,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OVA's FY 2018 CSFL budget is $407,213, which represents a $1,186, or a less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $408,399.

CSFL Assumptions

The FY 2018 CSFL calculated for OVA included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $1,265 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $867 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for OVA include a reduction of $789 for the Fixed Costs Inflation Factor to account for fixed costs estimates for Fleet Services from the Department of Public Works.

Agency Budget Submission

Increase: OVA's proposed Local funds budget includes a net increase of $8,500 across multiple programs to cover a projected increase in salaries and Fringe Benefits costs.

Decrease: The proposed Local funds budget reflects a decrease of $8,500 in the Veterans' Affairs program because of anticipated savings in equipment purchase costs.

Mayor's Proposed Budget

No Change: The Office of Veterans' Affairs' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: OVA's Local funds budget proposal includes an increase of $60,000 in the Veterans program to support transportation services for homeless veterans.

Agency Performance Plan*

Office of Veterans' Affairs (OVA) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Create and maintain partnerships to provide veterans and their family's access to District Government, community resources, and other supportive services.
2. Expand and reinforce external relationships with veteran service organizations and agencies.
3. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Create and maintain partnerships to provide veterans and their family's access to District Government, community resources, and other supportive services. (5 Activities)

Activity Title	Activity Description	Type of Activity
Program Management	Actively managing partnerships, activities and collaborative work plans, and solid communication structures and practices.	Daily Service
Community Engagement	Publicize agreed-upon and understood common aims of our partnership, internal and external activities, programs, and priorities using social media platforms, online outlets, and outreach activities.	Daily Service
Partnership Development	Connect and develop a stable foundation for the rationale, and activities of partnerships while allowing sufficient flexibility for these components to develop and evolve in response to external and internal demands of our constituents.	Key Project
Benefits and Entitlements	Ensure access to a veteran service officer for assistance with filing evidence/burden of proof and fully developed claims.	Daily Service
Referral Assistance	Provide customer service and referral assistance.	Daily Service

2. Expand and reinforce external relationships with veteran service organizations and agencies. (6 Activities)

Activity Title	Activity Description	Type of Activity
Program Management	Manage recognition program.	Key Project
Service Delivery	Provide customer service through referral assistance, intake assessments, and benefits and entitlements counseling.	Daily Service

(Continued on next page)

2. Expand and reinforce external relationships with veteran service organizations and agencies. (6 Activities)

Activity Title	Activity Description	Type of Activity
Veteran Engagement	Operations include daily contact and interactions with veterans through walk-in, answering phones, emails, and benefits intake assessment counseling.	Daily Service
Community Engagement	Support increased access to and participation in programs that promote economic resilience, health and well-being, and an improved quality of life.	Daily Service
Strategic Communications	Communication through monthly newsletters, email blast, information flow through list servers, and social media.	Daily Service
Community Engagement	Interact with federal and local community-based networks that bring together local stakeholders and opportunities for greater impact by attend community meetings, events, seminars, and training.	Key Project

3. Create and maintain a highly efficient, transparent, and responsive District government. (2 Activities)**

Activity Title	Activity Description	Type of Activity
Professional Development	Create and maintain a highly qualified, professional, diverse, and responsive workforce.	Daily Service
Mayor's Office of Veterans Affairs	Through proper governance and a transparent, management systems, we will deliver effective services and access to benefits for our veterans and their family members.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Create and maintain partnerships to provide veterans and their family's access to District Government, community resources, and other supportive services. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of newly established relationships	No	Not Available	Not Available	3	3	Forthcoming October 2017
Number of veteran events coordinated in partnerships with other organizations	No	62	38	65	70	Forthcoming October 2017

2. Expand and reinforce external relationships with veteran service organizations and agencies. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of community meetings and events attended by MOVA	No	59	Forthcoming October 2017	60	62	Forthcoming October 2017
Number of veterans and their family members who applied for US Department of Veterans Affairs earned benefits and entitlements	No	Not Available	Forthcoming October 2017	100	125	Forthcoming October 2017

(Continued on next page)

2. Expand and reinforce external relationships with veteran service organizations and agencies. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of veterans, veteran community leaders and stakeholders recognized by MOVA	No	Not Available	Forthcoming October 2017	50	55	Forthcoming October 2017

3. Create and maintain a highly efficient, transparent, and responsive District government.** (9 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department of Youth Rehabilitation Services

www.dyrs.dc.gov
Telephone: 202-299-5362

Table JZ0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$99,257,151	$101,872,794	$97,229,071	-4.6
FTEs	516.7	554.5	553.5	-0.2

The mission of the Department of Youth Rehabilitation Services (DYRS) is to improve public safety and give court-involved youth the opportunity to become more productive citizens by building on the strengths of youth and their families in the least restrictive, most home-like environment consistent with public safety.

Summary of Services

In partnership with its families and the public, the Department of Youth Rehabilitation Services (DYRS) aims to empower court-involved young people and foster accountability to their communities. DYRS is the local juvenile justice agency responsible for providing safe and stable secure residential and community-based programs to court-involved youth. Programming targeting committed youth is designed to expand opportunities to youth so that they can become more productive citizens and to reduce delinquent behavior. DYRS also provides detention and shelter services to detained youth who are placed by court order from the Superior Court of the District of Columbia.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Youth Rehabilitation Services operates through the following 4 divisions:

Office of the Director – provides executive leadership, direction, and administration of agencywide comprehensive services and programs, including development and deployment of resources for agency operations and service delivery; and direct reporting from internal integrity, general counsel, communications and inter/intra-governmental affairs to align the District and agency's strategies and achieve DYRS' goals.

This division contains the following 5 activities:

- **Office of the Director** – provides executive leadership, direction, and administration of agency-wide comprehensive services and programs to align the District and agency's strategies and achieve DYRS' goals;
- **Office of the Chief of Staff** – provides senior-level coordination for planning, organizing, and developing agency policies, regulations, directives, and procedures;
- **Communications and Public Affairs** – manages the agency's communications and public relations activities, including maintaining liaison with the Mayor's Office, District Council, members of the news media, advocates, community groups, and the public, while producing internal and external communications material and overseeing content on the agency website and social media;

- **Office of Internal Integrity** – takes responsibility for swift and competent internal investigations into allegations and indications of unprofessional and unlawful conduct by employees or contractors of the department. Convenes and conducts disciplinary hearings at the New Beginnings Youth Development Center and the Youth Services Center for youth who have been administratively charged with major violations of the Comprehensive Disciplinary Code and served a Notice of Disciplinary Hearing; and
- **Office of the General Counsel** – responsible for reviewing legal matters pertaining to the agency and its programs, analyzing existing or proposed federal or local legislation and rules, managing the development of new legislation and rules, and coordinating legal services to the agency.

Youth and Family Programs – provides Community Services for court-ordered youth, including Supervised Independent Living Programs, Extended Family Homes, Residential Treatment Facilities, and Therapeutic Foster Care. Provides custodial care, supervision, services, support, and opportunities to youth committed to the care and custody of DYRS and care and custody of youth awaiting court processing who are placed in the secure detention facility (Youth Services Center) or shelter care by the D.C. Superior Court.

This division contains the following 5 activities:

- **Deputy Director for Youth Programs** – provides supervision and administrative support to youth and family empowerment, youth development services, residential programs, and health services administration to assure DYRS' goals are met;
- **Youth and Family Empowerment** – ensures delivery of vital community-based support services and programs including DC Youthlink, workforce training, job placement services, educational support, electronic monitoring, and community engagement focused on coordinating family outreach programming, parent support groups, parent orientations, and family engagement events;
- **Youth Development Services** – provides individualized case and care planning, management, and monitoring for all DYRS youth and families, including Pre-Dispositional Plan Development and Youth Family Team Meeting facilitation services;
- **Residential Services** – provides management oversight, supervision, and administrative support to assure DYRS' goals are met as related to detained and committed populations, while managing all referrals to contracted residential services, and tracks the utilization of contracted programs and services to inform planning and resource allocation. Residential program staff is responsible for providing short-term care in secure custody at the Youth Services Center (YSC) for youth awaiting adjudication, disposition, or transfer to another facility. YSC provides 24-hour custody, care, and supervision, as well as programs to support the basic physical, emotional, religious, educational, and social needs for juveniles in secure custody. The New Beginnings Youth Development Center, located in Laurel, Maryland, provides 24-hour supervision, custody, and care, including educational, recreational, and workforce development services. The facility's six-to-twelve month rehabilitation program, modeled after the acclaimed Missouri approach, serves the most serious and chronic young offenders. The program prepares youth for community reintegration in the least restrictive environment consistent with public safety grounded in the principles of positive youth development and guided peer interaction that promote youth rehabilitation; and
- **Health and Wellness Services** – provides food services, acute care services, immunizations, health and wellness education, behavioral health services, and preventative and comprehensive medical services to all DYRS youth in secure care.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Youth Rehabilitation Services has no division structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table JZ0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR JZ0 - DEPARTMENT OF YOUTH REHABILITATION SERVICES		**97,229**	**553.5**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Youth Rehabilitation Services' (DYRS) proposed FY 2018 gross budget is $97,229,071, which represents a 4.6 percent decrease from its FY 2017 approved gross budget of $101,872,794. The budget is comprised of $96,885,071 in Local funds and $344,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DYRS' FY 2018 CSFL budget is $101,458,017, which represents a $70,777, or less than 1.0 percent, decrease from the FY 2017 approved Local funds budget of $101,528,794.

CSFL Assumptions

The FY 2018 CSFL calculated for DYRS included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $85,749 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $164,248 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent. Additionally, a decrease of $149,276 for the Fixed Costs Inflation Factor accounts for adjustments to the fleet services estimates.

Agency Budget Submission

Increase: In Local funds, DYRS' proposed budget includes an increase of $1,093,503 across multiple divisions, which is comprised of $1,010,291 to cover projected overtime costs and $83,212 for salary step increases and Fringe Benefit adjustments. The adjustment also reflects the conversion of 12.5 Full-Time Equivalents (FTEs) to Continuing Full-Time status, primarily in the Agency Management division. In addition, the proposed Local funds budget increased by $200,527 in nonpersonal services, mainly in the Youth and Family Programs division to support security supplies and food provision purchases for the Youth Services Center and New Beginnings Youth Development Center, and in the Agency Management division for equipment costs.

Decrease: DYRS' proposed Local funds budget reflects a reduction of $223,809 in contractual services as the agency completes its transition to an electronic medical records system. The proposed Local funds budget also decreased by $4,878,214 across multiple divisions, primarily to reflect a projected reduction in the use of residential placements due to an expected decrease in the number of youth in need of residential services in the Youth and Family Programs division, and to recognize savings in professional services fees in the Agency Management division.

Mayor's Proposed Budget

Transfer-Out: In Local funds, DYRS' proposed budget includes a reduction of $144,753 and 1.0 FTE in the Youth and Family Programs division. The decrease reflects the transfer-out of the Program Manager position for the Safer, Stronger DC Community Partnerships Program to the Deputy Mayor for Health and Human Services (DMHHS), which aligns resources with anticipated spending.

District's Proposed Budget

Enhance: In Local funds, DYRS' proposed budget in the Youth and Family Programs division increased by $131,382 to provide partial funding for the Comprehensive Youth Justice Amendment Act of 2016. Additionally, 1.0 vacant FTE in the Agency Management division for $89,831 was repurposed to support activities associated with the Comprehensive Youth Justice Amendment Act of 2016.

Reduce: DYRS' proposed Local funds budget decreased by $165,500 across multiple divisions to realize cost savings in nonpersonal services, primarily for professional service fees and contracts. The agency's proposed budget was also reduced by $586,083 in the Youth and Family Programs division to align the Overtime Pay budget with anticipated expenditures.

Agency Performance Plan*

Department of Youth Rehabilitation Services (DYRS) has the following objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Secure facilities: Operate secure facilities that are safe, humane, and responsive to the needs of court-involved youth to help youth succeed and promote community safety.
2. Community-based programming: Provide high-quality community-based programs, supports, and opportunities to help court-involved youth succeed and promote community safety.
3. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Secure facilities: Operate secure facilities that are safe, humane, and responsive to the needs of court-involved youth to help youth succeed and promote community safety. (3 Activities)

Activity Title	Activity Description	Type of Activity
Intake and Assessment	Conduct assessments and screens at the intake of a young person at the Youth Services Center to inform placement and service delivery decisions.	Daily Service
Ensure Safety of Facilities	Monitor and supervise young people held at secure facilities.	Daily Service
Deliver Appropriate Services	Prepare young people in facilities to succeed in the community.	Daily Service

2. Community-based programming: Provide high-quality community-based programs, supports, and opportunities to help court-involved youth succeed and promote community safety. (2 Activities)

Activity Title	Activity Description	Type of Activity
Case Planning and Management	Organize and monitor services, supports, and opportunities that respond to a young person's needs in alignment with positive youth development.	Daily Service
Service, Support, and Opportunity Provision	Connect youth and, as needed, their families, to services, supports, and opportunities to help them succeed.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Secure facilities: Operate secure facilities that are safe, humane, and responsive to the needs of court-involved youth to help youth succeed and promote community safety. (9 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Cost of secure placement per day	No	Not Available	Not Available	Not Available	New Measure	New Measure
Percent of direct care staff in full compliance with training requirements	No	Not Available	Not Available	Not Available	90%	90%
Percent of youth progressing academically at New Beginnings	No	Not Available	Not Available	Not Available	80%	80%
Percent of youth receiving timely comprehensive screenings	No	Not Available	Not Available	Not Available	100%	100%
Percent of youth who are placed for more than one night enrolled in school at Youth Service Center (YSC)	No	Not Available	Not Available	Not Available	90%	66%
Rate of injuries to youth as a result of assaults at New Beginnings per 1,000 bed nights	No	6.8	5.1	6	7	7
Rate of injuries to youth as a result of assaults at the YSC per 1,000 bed nights	No	11.2	11.8	5.5	7	7
Rate of youth-on-staff assaults at YSC per 1,000 bed nights	No	Not Available	Not Available	Not Available	2	2
Rate of youth-on-staff assaults at New Beginnings per 1,000 bed nights	No	Not Available	Not Available	Not Available	2	2

2. Community-based programming: Provide high-quality community-based programs, supports, and opportunities to help court-involved youth succeed and promote community safety. (9 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Average daily population of youth on abscondence for more than 24 hours	No	Not Available	Not Available	Not Available	20	20
Percent of committed youth connected to education, work, or workforce training for at least six months	No	Not Available	Not Available	Not Available	80%	80%
Percent of committed youth enrolled in positive youth development services, supports, or opportunities for at least three months	No	Not Available	Not Available	Not Available	80%	80%
Percent of committed youth not re-arrested	No	Not Available	Not Available	Not Available	75%	75%
Percent of committed youth placed in out-of-state facilities	No	12.8%	10.8%	15.5%	15%	15%
Percent of committed youth placed in the community	No	Not Available	55.8%	Not Available	55%	55%

(Continued on next page)

2. Community-based programming: Provide high-quality community-based programs, supports, and opportunities to help court-involved youth succeed and promote community safety. (9 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of newly committed youth that undergo a complete case planning process within 90 days of their commitment start date	No	Not Available	Not Available	Not Available	80%	80%
Percent of success plan recommended services received	No	Not Available	Not Available	Not Available	80%	80%
Percent of youth whose family is engaged in case planning, services, or youth development	No	Not Available	Not Available	Not Available	55%	55%

3. Create and maintain a highly efficient, transparent and responsive District government. (9 Measures)**

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Case planning and management

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Average caseload	No	Not Available	Not Available	11.1
Average length of commitment	No	Not Available	Not Available	873

2. Service, support, and opportunity provision

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Average daily engagement in positive youth development services per youth in the community	No	Not Available	Not Available	Not Available

3. Intake and assessment

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of daily admissions to the Youth Services Center	No	Not Available	Not Available	Not Available

4. Ensure safety of facilities

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Average daily population at New Beginnings	No	Not Available	Not Available	Not Available
Average daily population at the Youth Services Center	No	Not Available	Not Available	76.5
Average daily ratio of direct care staff to youth	No	Not Available	Not Available	Not Available

5. Deliver appropriate services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Average daily engagement in positive youth development programming at New Beginnings	No	Not Available	Not Available	Not Available
Average daily engagement in positive youth development programming at YSC	No	Not Available	Not Available	Not Available
Average daily population of non-committed youth in alternative to detention placements	No	Not Available	Not Available	Not Available

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department on Disability Services

www.dds.dc.gov
Telephone: 202-730-1700

Table JM0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$158,816,573	$166,607,421	$168,156,163	0.9
FTEs	402.1	435.0	432.0	-0.7

The mission of the Department on Disability Services (DDS) is to provide innovative, high-quality services that enable people with disabilities to lead meaningful and productive lives as vital members of their families, schools, workplaces, and communities in every neighborhood in the District of Columbia.

Summary of Services

The Department on Disability Services (DDS) is composed of two administrations that oversee and coordinate services for residents with disabilities through a network of private and not-for-profit providers. The Developmental Disabilities Administration (DDA) ensures that residents with intellectual disabilities receive the services and supports they need to lead self-determined and valued lives in the community. DDA achieves this through the delivery of outreach and service coordination services; the development and management of a provider network delivering community residential, day, vocational, employment, and individual and family support services; and the operation of a comprehensive quality management program.

The Rehabilitation Services Administration (RSA) delivers vocational rehabilitation services focusing on employment and training activities that allow persons with disabilities to experience a greater quality of life by obtaining and sustaining employment, economic self-sufficiency, and independence. RSA provides employment marketing and placement services, vocational rehabilitation, inclusive business enterprises, and support for the D.C. Center for Independent Living. The Department on Disability Services also serves as the state agency for Social Security Disability Insurance determinations under the direction of the Social Security Administration.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table JM0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department on Disability Services (DDS) operates through the following 5 divisions:

Developmental Disabilities Administration (DDA) – provides individualized services, supports, and life planning to individuals with intellectual and developmental disabilities so that they may lead self-determined and valued lives in the community.

This division contains the following 3 activities:

- **DDA Service Planning and Coordination** – provides services to qualified individuals by coordinating available resources and opportunities in the community through the development of Individual Service Plans (ISPs), advocating for quality services to promote healthy and productive lifestyles for each person, completing monitoring activities to ensure the delivery of services and supports, completing all intake activities for new applicants, and coordinating activities carried out in D.C. Superior Court;
- **Quality Assurance** – examines and improves internal and external service delivery systems by conducting external provider reviews to ensure performance so that standards, federal and local regulations, quality frameworks issued by the Centers for Medicare and Medicaid Services (CMS), national best practices, and court mandates are met. Quality Assurance also includes functional responsibility for incident management and enforcement, rights and advocacy, CMS and Evans performance analysis, and reporting and mortality review; and
- **DDA Consumer Resources and Operations** – manages the human care provider network and administrative functions for DDA including budget compliance, service and billing authorization, and residential portfolio management; operates the Home and Community Based Services Waiver including provider enrollment, provision of technical assistance, and service authorization; and manages benefits and personal funds.

Rehabilitation Services – assists persons with physical, cognitive, and emotional disabilities to achieve a greater quality of life by obtaining and sustaining employment, economic self-sufficiency, and independence.

This division contains the following 4 activities:

- **RSA Vocational Rehabilitation Services** – assesses, plans, develops, and provides vocational rehabilitation services to individuals with disabilities to enable them to prepare for, maintain and advance in integrated, competitive employment; and provides services to businesses, including recruitment and job placement for people with disabilities and training for employers on issues related to hiring and maintaining employees with disabilities;
- **RSA Blind and Visual Impairment Services** – provides services to people with disabilities to help them live as independently as possible in the community. Services include advocacy, independent living skills training, information and referral, peer support and transition – from secondary school to post-secondary activities and from nursing homes;
- **Quality Assurance** – provides monitoring and compliance reviews of internal and external operations and agencies, ensuring that RSA customers receive quality services that meet local and federal regulations; and
- **RSA Operations** – manages the human care provider network that serves RSA clients, provides oversight to the Randolph Sheppard Vending Facility Program, and processes payments for service providers.

Disability Determination Services – administers Social Security Disability Insurance and Supplemental Security Income eligibility determinations in conjunction with the federal Social Security Administration.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department on Disability Services has no division structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table JM0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR JM0 - DEPARTMENT ON DISABILITY SERVICES		**168,156**	**432.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department on Disability Services' (DDS) proposed FY 2018 gross budget is $168,156,163, which represents a less than 1.0 percent increase over its FY 2017 approved gross budget of $166,607,421. The budget is comprised of $116,611,535 in Local funds, $32,921,399 in Federal Grant funds, $10,810,294 in Federal Medicaid Payments, $7,763,257 in Special Purpose Revenue funds, and $49,677 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DDS' FY 2018 CSFL budget is $117,117,095, which represents a $1,621,190, or 1.4 percent, decrease from the FY 2017 approved Local funds budget of $118,738,285.

CSFL Assumptions

The FY 2018 CSFL calculated for DDS included adjustments that are not described in detail on table 5. These adjustments include a decrease of $39,933 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $8,260 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DDS also reflects an increase of $211,628 for the Medicaid Growth Factor to account for the District of Columbia's 2.3 percent growth based on the cost of healthcare services projected by the Department of Health Care Finance. Additional adjustments include a decrease of $1,801,145 for the Fixed Cost Inflation Factor to reflect estimates based on historical expenditures of Department of General Services (DGS) commodities.

Agency Budget Submission

Increase: The proposed budget in Federal Grant funds reflects an increase of $507,578 to support projected salary step increases, Fringe Benefit costs, an additional 3.5 Full-Time Equivalents (FTEs) reclassified from Local funds, and the conversion of 9.5 FTEs to Continuing Full-Time status. An increase of $470,452 is due to Fixed Costs projections from DGS and the Office of the Chief Technology Officer (OCTO). This adjustment is comprised of increases of $380,328 to Rent, $71,348 to Telecommunication, and $18,776 to Security services. An increase of $282,980 aligns the budget with anticipated revenues, primarily due to projections for the federal Indirect Cost Recovery (IDCR) and Medicaid administration grants.

The budget proposal for Federal Medicaid Payments reflects a net increase of $1,804,482 based on projected federal reimbursement for Medicaid eligible services. This adjustment supports an additional 2.5 FTEs reclassified from Local funds to the Agency Management division and the shifting of 1.0 FTE to Temporary Full-Time status in the DDA division.

An increase of $600,000 in Special Purpose Revenue funds to the DDA division is due to a projected increase in revenues received from the Social Security Administration for the escalating cost of care for non-Medicaid eligible clients.

Decrease: A net decrease of $131,250 in Local funds aligns the budget with Fixed Costs projections from DGS and OCTO, and is comprised of a decrease of $164,595 in Telecommunication and increases of $8,421 in Security Services and $24,924 in Occupancy. DDS' budget proposal reclassifies 6.0 FTEs from Local funds to federal funds, thereby achieving an additional savings of $417,862. The proposed budget in Local funds is also reduced by $2,664,401 to account for savings identified across multiple divisions in nonpersonal services. These savings are based primarily on reduced cost projections for payments related to vocational rehabilitation services. These payments are not for living expenses, but for costs incurred in excess of normal expenses that are necessitated during participant assessments for determining eligibility and vocational needs.

In Private Grant funds, a decrease of $10,000 in the DDA division is due to the expiration of the Supporting Families grant.

Technical Adjustment: DDS's budget proposal in Local funds reflects an increase of $3,367,637 to the DDA division to account for an adjustment to the Medicaid Growth Factor rate.

Mayor's Proposed Budget

Enhance: An additional $200,000 in Local funds is proposed to expand the DDA divisions' quality management strategy as a model for the entire agency to assess and track performance, and make adjustments to policy and practices as necessary to ensure efficient and effective service delivery for everyone supported by DDS.

Reduce: The elimination of 1.0 FTE provides savings in the Agency Management division and accounts for a decrease of $73,671 in Local funds.

Shift: In DDS' FY 2018 budget proposal, $20,000 in Local fund Telecommunication expenses in the DDA division will shift to Federal Grant funds.

District's Proposed Budget

Reduce: In Local funds, DDS' proposed budget decreased by $24,187 in the Developmental Disabilities Administration division to realize cost savings in nonpersonal services. This division will also save an additional $120,577 in Local funds through the elimination of 2.0 vacant positions. Finally, revised estimates to Fixed Costs, primarily in Rent, will result in Local funds savings of $621,249 across multiple divisions.

Agency Performance Plan*

Department on Disability Services (DDS) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide high quality direct services and supports leading to the full inclusion of people with disabilities in the District.
2. Improve the quality of service planning and responsiveness of service coordination and advocacy to improve personal outcomes and customer satisfaction.
3. Improve the performance of DDS and provider community operations aligned with best practice to lead to improved personal outcomes and satisfaction.
4. Operate effective systems of continuous quality assurance and improvement to ensure the provider network is in compliance with District policies and regulations, ensures health and safety and mitigates risks.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide high quality direct services and supports leading to the full inclusion of people with disabilities in the District. (5 Activities)

Activity Title	Activity Description	Type of Activity
HCBS Waiver Renewal	The Home and Community Based Services Waiver for Persons with Intellectual and Developmental Disabilities (HCBS IDD Waiver) that supports more than 1,650 District residents with intellectual disabilities to live as independently as possible in the community, with supports, is set to expire in November 2017. During FY 2017, DDS will work with stakeholders to submit a new waiver application to Centers for Medicare and Medicaid Services (CMS) so that we can continue to provide these critical community based supports.	Key Project
Employment First	DDS will continue to lead interagency efforts to support opportunities for competitive integrated employment for people with disabilities, including applying for federal technical assistance and participation in Communities of Practice, as appropriate.	Key Project
Consumer Resources	The array of home and community-based services offered under the DDA HCBS Waiver or local funds for people with intellectual and developmental disabilities. These services include supports to live, work, and lead healthy lives.	Daily Service

(Continued on next page)

1. Provide high quality direct services and supports leading to the full inclusion of people with disabilities in the District. (5 Activities)

Activity Title	Activity Description	Type of Activity
Vocational Rehabilitation (VR), Supported Employment (SE), and Independent Living (IL Services)	Provide supports to assist people with disabilities to enter, retain, regain or advance in employment and live as independently as possible in the community. This includes the provision of pre-employment transition services to high school students with disabilities (i.e., career planning, work readiness training, counseling on post-secondary options, work based learning experiences and peer mentoring).	Daily Service
Blind and Visual Impairment Services	Provide vocational rehabilitation and independent living services to people who are blind; includes provision of supports to licensed vendors in the Randolph Sheppard Blind Facilities Program, and entrepreneurial program in which people who are blind operate vending facilities in Federal and District buildings.	Daily Service

2. Improve the quality of service planning and responsiveness of service coordination and advocacy to improve personal outcomes and customer satisfaction. (5 Activities)

Activity Title	Activity Description	Type of Activity
Department on Disabilities Administration (DDA) Service Planning and Coordination	This division plans, coordinates and facilitates the provision of quality services; reviews the implementation and delivery of services and supports identified in the ISP and advocates for the person and his/her family.	Daily Service
New Case Management System	Work with the Department of Health Care Finance (DHCF) and the DC Office on Aging (DCOA) to implement a new case management system to replace MCIS.	Key Project
No Wrong Door	Lead interagency efforts to implement standards and protocols for person-centered counseling and staff competencies for agencies in the District's Long Term Services and Supports system, aimed at developing a cross-agency, streamlined and coordinated, person-centered approach, to intake, assessment, and planning with people with disabilities, seniors, and their families.	Key Project
Disability Determination Services	The District's Disability Determination Division processes claims for Social Security Disability Insurance determinations.	Daily Service
Vocational Rehabilitation Counselors	The VR program provides vocational and rehabilitative services to individuals with disabilities to help them prepare for, secure, regain or retain employment.	Daily Service

3. Improve the performance of DDS and provider community operations aligned with best practice to lead to improved personal outcomes and satisfaction. (5 Activities)

Activity Title	Activity Description	Type of Activity
RSA Operations	Responsible for provider relations, contract monitoring and processing of payments for all vocational rehabilitation and independent living services.	Daily Service

(Continued on next page)

3. Improve the performance of DDS and provider community operations aligned with best practice to lead to improved personal outcomes and satisfaction. (5 Activities)

Activity Title	Activity Description	Type of Activity
HCBS Transition Plan	In FY2015, in response to the new CMS new Home and Community Based Settings Rule that created a new outcome-oriented definition of home and community-based services (HCBS) settings for HCBS Waiver services, DDS evaluated its HCBS settings against the new standards and began efforts to bring the waiver program into compliance with the new outcome-oriented definition of HCBS settings no later than the federal deadline of March 17, 2019. DDS will develop, submit to CMS, and implement for FY 2017 an updated Transition Plan to achieve further compliance with the new rules.	Key Project
AMP Staff Development	Provision of staff training and management of training programs.	Daily Service
Consumer Resources and Operations	Personnel providing technical assistance and training to provider community on best practice, management of HCBS waiver operations and provision of clinical services, supports and monitoring.	Daily Service
PCT Training	Person-centered thinking (PCT) is a philosophy behind service provision that supports positive control and self-direction of people's own lives. DDS is working to implement person-centered thinking through training sessions and other agency wide initiatives.	Key Project

4. Operate effective systems of continuous quality assurance and improvement to ensure the provider network is in compliance with District policies and regulations, ensures health and safety and mitigates risks. (2 Activities)

Activity Title	Activity Description	Type of Activity
Quality Assurance (DDA)	Maintaining a system of quality assurance that ensures the safety and well-being of people with intellectual and developmental disabilities and identifies possible barriers to service provisions within the provider community.	Daily Service
Quality Assurance (RSA)	Monitors internal and external provision of services to ensure compliance with VR and IL regulations and policies, and provisions in contracts with the agency. Develops and updates policies and procedures, provides training for VR and IL staff and ensures timely submission of all federal reports.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Provide high quality direct services and supports leading to the full inclusion of people with disabilities in the District. (6 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Average entry level wages for people whose cases are closed successfully	No	$13.52	$14.10	$13.25	$13.50	$13.80
Number of people placed by Rehabilitation Services Administration (RSA) that remained employed for 90 calendar days or more	No	670	623	650	675	675
Percent increase in the number of people in supported or competitive employment supported by DDA over prior year	No	Not Available	Not Available	Not Available	5%	5%
Percent increase in the number of people supported by DDA receiving integrated day/vocational services over prior year	No	Not Available	Not Available	Not Available	5%	5%
Percent of students with disabilities who receive at least one pre-employment transition service each school year	No	Not Available	Not Available	Not Available	75%	75%
Percent variance in HCBS expenditures versus budget forecast	No	Not Available	Not Available	Not Available	20%	20%

2. Improve the quality of service planning and responsiveness of service coordination and advocacy to improve personal outcomes and customer satisfaction. (6 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Average Per Person Service Dollars expended during the service year (Local Dollars)	Yes	Not Available	Not Available	Not Available	New Measure	$252.95

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. DDA Service Planning and Coordination

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
DDA Applications for Services	No	Not Available	Not Available	113
DDA Clients Served	No	Not Available	Not Available	2,363

2. Quality Assurance (DDA)

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
DDA Provider Certification Reviews (PCR) Conducted	No	Not Available	Not Available	93
DDA Serious Reportable Incidents (SRIs) Requiring Investigation	No	Not Available	Not Available	1,248

3. Consumer Resources

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
DDA Prior Authorizations processed	No	Not Available	Not Available	9,339

4. VR, SE, and IL Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
RSA Clients Served	No	Not Available	Not Available	8,582
RSA Referrals	No	Not Available	Not Available	4,058
RSA Transition Referrals	No	Not Available	Not Available	1,054

5. Disability Determination Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
DDD Determinations	No	Not Available	Not Available	604

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department of Health Care Finance

www.dhcf.dc.gov
Telephone: 202-442-5988

Table HT0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$2,922,802,608	$3,071,090,837	$3,192,314,370	3.9
FTEs	212.8	250.0	264.0	5.6

The mission of the Department of Health Care Finance (DHCF) is to improve health outcomes by providing access to comprehensive, cost-effective, and quality health care services for residents of the District of Columbia.

Summary of Services

The Department of Health Care Finance provides health care services to low-income children, adults, the elderly, and persons with disabilities. Over 250,000 District of Columbia residents (over one-third of all residents) receive health care services through DHCF's Medicaid and Alliance programs. DHCF strives to provide these services in the most appropriate and cost-effective settings possible.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table HT0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Health Care Finance operates through the following 8 divisions:

Health Care Delivery Management (HCDM) – ensures that quality services and practices pervade all activities that affect the delivery of health care to beneficiaries served by the District's Medicaid, Children's Health Insurance Program (CHIP), and Alliance programs. HCDM accomplishes this through informed benefit design; use of prospective, concurrent and retrospective utilization management; ongoing program evaluation; and the application of continuous quality measurement and improvement practices in furnishing preventive, acute, and chronic/long-term care services to children and adults through DHCF's managed care contractors and institutional and ambulatory fee-for-service providers.

This division contains the following 5 activities:

- **Managed Care Management** – provides oversight, evaluation, and enforcement of contracts with organizations managing the care and service delivery of Medicaid and Alliance beneficiaries, along with providing oversight and enrollment of eligible beneficiaries;
- **Preventive and Acute Care (Children's Health Services)** – develops, implements, and monitors policies, benefits and practices for children's health care services, including HealthCheck/EPSDT, CHIP, and the Immigrant Children's Program;
- **Division of Quality and Health Outcomes** – continuously improves the quality (safe, effective, patient-centered, timely, efficient, and equitable services) of health care delivered by programs administered by DHCF; and ensures that quality and performance improvement principles and practices pervade all the components and activities that impact the delivery and outcomes of health care services to patients served by the District's Medicaid, CHIP, and Alliance programs;
- **Division of Clinicians, Pharmacy and Acute Provider Services** – develops, implements, and oversees the programming for primary and specialty providers, hospitals, and other acute and preventive care services; and manages the non-emergency transportation contract; and
- **Health Care Delivery Management Support Services** – provides administrative support functions to the Health Care Delivery Management division.

Long-Term Care Administration (LTCA) – provides oversight and monitoring of programs targeted to the elderly, persons with physical disabilities, and persons with intellectual and developmental disabilities. Through program development and day-to-day operations, the LTCA also ensures access to needed cost-effective, high-quality extended and long-term care services for Medicaid beneficiaries residing in home and community-based or institutional settings. The office also provides contract management of the long-term care supports and services contract.

This division contains the following 4 activities:

- **Long-Term Care Support Services** – provides administrative support functions to the Long-Term Care division;
- **Oversight** – provides quality assurance (including compliance with six CMS assurances) and outcomes, oversight and audits/site visits, and corrective action plans;
- **Operations** – provides day-to-day operations to ensure service delivery for both providers and beneficiaries; issue resolutions, ensuring timeliness of prior authorizations; training and technical assistance to providers; provider readiness; and compliant triage and resolution; and
- **Intake and Assessment** – oversees nurse unit responsible for access to LTCSS including Delmarva assessments, Qualis/LOC reviews, coordination with ADRC, and IDD acuity level reviews/ approvals.

Health Care Policy and Planning – maintains the Medicaid and CHIP state plans that govern eligibility, scope of benefits, and reimbursement policies for the District's Medicaid and CHIP programs; develops policy for the Health Care Alliance program and other publicly funded health care programs that are

administered or monitored by DHCF based on sound analysis of local and national health care and reimbursement policies and strategies; and ensures coordination and consistency among health care and reimbursement policies developed by the various divisions within DHCF. The division also designs and conducts research and evaluations of health care programs.

This division contains the following 4 activities:

- **Policy Unit Management (Regulation and Policy Management)** – maintains the Medicaid State Plan, which governs the eligibility, scope of benefits, and reimbursement policies of the Medicaid and CHIP programs; creates State Plan Amendments, waivers, and regulations that form the foundation of Medicaid policy and programs administered or monitored by DHCF; and ensures the coordination and consistency of health care and reimbursement policies developed by various divisions within DHCF;
- **Data Analysis (Division of Analytics and Policy Research)** – gathers information, analyzes data, and evaluates all activities related to multiple District-wide components of Medicaid, CHIP, the Alliance, and future healthcare delivery systems, including data collection systems; and designs and conducts research and evaluation of health care programs, studying their impacts on beneficiaries, providers, plans, and other partners and customers, designing and assessing potential improvements, and developing new measurement tools;
- **Member Management (Eligibility Policy)** – serves as liaison to District and federal agencies regarding eligibility-related matters; ensures collaboration and coordination between the agencies and facilitates compliance by the Department of Human Services' Economic Security Administration with DHCF eligibility policy; interprets federal and state eligibility rules and regulation; establishes eligibility policies and criteria for the Medicaid and CHIP programs, as well as the Health Care Alliance and the Immigrant Children's Program; interprets and helps draft legislative changes, rules and regulations for the District regarding eligibility requirements; and manages the Optional State Supplement Payment Program for eligible District of Columbia residents residing in an adult foster care home; and
- **Health Care Policy and Planning Support (Health Care Policy and Research Support)** – provides administrative support functions to the Health Care Policy and Planning Administration.

Health Care Finance – provides provider payments for the following provider types: Medicaid providers, public providers, and Health Care Alliance providers.

This division contains the following 3 activities:

- **Medicaid Provider Payment** – provides payment to Medicaid providers;
- **Medicaid Public Provider Payment** – provides payment to Medicaid public providers; and
- **Alliance Provider Payment** – provides payment to Alliance providers.

Health Care Operations – ensures the division of programs that pertain to the payment of claims and manages the fiscal agent contract, the administrative contracts, systems, and provider enrollment and requirements. The office provides contract management of the Pharmacy Benefits Manager, the Quality Improvement Organization contract, and the Medicaid Management Information System (MMIS) Fiscal Intermediary contract as well as additional administrative contracts.

This division contains the following 3 activities:

- **Medicaid Information Systems (Claims Management)** – oversees MMIS operations; systems requests; member services, including member out-of-pocket reimbursements; Consolidated Omnibus Budget Reconciliation Act (COBRA) payments; third-party liability processing; and processing of financial transactions. The division also manages all internal and external data requests and data involving agency audits (local and federal), as well as MMIS training for all DHCF employees and system security;

- **Division of Public and Private Provider Services** – manages the Administrative Services Organization contract, provider enrollment and recruitment, and internal and external provider services and inquiries. The office also maintains positive ongoing coordination and continuity with all public provider agencies of the District of Columbia government to enhance each agency's understanding of Medicaid reimbursement policies; is the accountable office within DHCF for implementation of policy that directly impacts other District agencies that serve as Medicaid providers; identifies opportunities to improve the reimbursement procedures of each agency; and works closely with these agencies to review federal policy to ensure that federal reimbursement is being maximized and compliance assured through claims processing and through program development; and
- **Health Care Operations Support (Health Care Operations Support Services)** – provides administrative support functions to the Health Care Operations division.

Health Care Reform and Innovation (HCRIA) – identifies, validates, and disseminates information about new health care models and payment approaches serving Medicaid beneficiaries with the goal of enhancing health care quality, improving care and outcomes, promoting health equity, and enhancing the value and efficiency of DHCF programs. The division creates and tests new delivery system and payment models among providers in the District and builds collaborative learning networks to facilitate innovation, implement effective practices, and facilitate technology improvements to support delivery system re-design and improvement.

This division contains the following 2 activities:

- **Affordable Care Reform and Grants Development** – develops and executes strategies for payment and delivery system reform in the District, including developing, implementing, and monitoring health reform activities as well as developing demonstration projects and grants to support various value–based purchasing and practice transformation strategies; and
- **Health Care Reform and Innovative Support Services** – is responsible for advancing the use of information technology among health care providers in the District. These activities include HCRIA's responsibility to design, develop, implement, and sustain Health Information Exchange (HIE) activities. HIE's infrastructure provides the technology, processes, and operations needed to facilitate exchange of health information between health stakeholders. HCRIA's Health Information Technology (HIT) program offers incentives, outreach and technical assistance to drive the adoption and use of Certified Electronic Health Records Technology (CEHRT) by District health care providers. The program aligns with CMS's Meaningful Use (MU) framework.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Health Care Finance has no division structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HT0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table HT0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
LOCAL FUNDS: FY 2017 Approved Budget and FTE		**705,606**	**104.4**

GROSS FOR HT0 - DEPARTMENT OF HEALTH CARE FINANCE		**3,192,314**	**264.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Health Care Finance's (DHCF) proposed FY 2018 gross budget is $3,192,314,370, which represents a 3.9 percent increase over its FY 2017 approved gross budget of $3,071,090,837. The budget is comprised of $713,077,581 in Local funds, $86,906,898 in Dedicated Taxes, $2,802,534 in Federal Grant funds, $2,297,221,798 in Federal Medicaid Payments, $3,668,083 in Special Purpose Revenue funds, and $88,637,476 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DHCF's FY 2018 CSFL budget is $722,470,828, which represents a $16,865,196, or 2.4 percent, increase over the FY 2017 approved Local funds budget of $705,605,632.

CSFL Assumptions

The FY 2018 CSFL calculated for DHCF included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $8,741 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $708,379 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

DHCF's CSFL funding for the Medicaid Growth Factor reflects adjustments for an increase of $15,323,651 to account for the District's FY 2018 Medicaid growth rate of 2.3 percent based on the cost of healthcare services in the District projected by the DHCF. The Medicaid growth rate is primarily driven by enrollment forecasts for Medicaid Managed Care and Fee-for-Service. Managed Care coverage

includes parents of Medicaid eligible children, pregnant women, children, childless adults with incomes up to 200 percent of the federal poverty level, the Children's Health Insurance Program (CHIP), and Health Services for Children with Special Needs (HSCSN). Other variables impacting the Medicaid Growth Factor include enrollment forecasts for Medicaid waivers, which include the Development Disabilities (DD) and Elderly and Physically Disabled (EPD) waivers. These adjustments also include locally funded programs, such as the Immigrant Children and the D.C. Healthcare Alliance.

Additional adjustments include a decrease of $88,093 for the Fixed Costs Inflation Factor to reflect estimates based on historical expenditures of Department of General Services' commodities, and an increase of $930,000 to reflect the FY 2018 Operating Impact of Capital to account for projected Medicaid Management Information Systems upgrades and the Medicaid Data Warehouse.

Agency Budget Submission

The FY 2018 budget proposal allows DHCF to continue providing health care coverage to over 40 percent of the residents of the District of Columbia. This includes operating the Medicaid program, which the District expanded according to the provisions of the Affordable Care Act, as well as operating the Health Care Alliance program for District residents with incomes up to 200 percent of the federal poverty level who are not otherwise eligible for Medicaid.

Increase: The budget proposal for Local funds includes an increase of $1,874,645 and 1.9 Full-time Equivalents (FTEs) across multiple divisions to account for Fringe Benefits costs, projected salary step increases, and the recurring salary costs of current personnel. An increase of $1,468,948 in Local funds, primarily for Contractual services across multiple divisions, enables DHCF to maintain continuity in services and operations. Fixed Costs estimates from the Department of General Services for Energy, Security services, and Occupancy collectively account for an increase of $145,116 in the Agency Management division.

The proposed budget in Dedicated Taxes reflects an increase of $94,621 and 0.6 FTE in personal service costs across multiple divisions. In Federal Medicaid Payments DHCF's budget projects an increase of $57,436,143 and 7.5 FTEs across multiple divisions. These projections are based on anticipated federal matching to the District's expenditures of local resources on Medicaid eligible health care services in the agency budget submission.

In Special Purpose Revenue funds, a proposed budget increase of $175,344 and an additional 3.0 FTEs aligns the budget with revenues projected from assessments charged to health insurance companies that operate within the District of Columbia, provider screening and enrollment fees, and recoupments related to other insurance payers for Medicaid-covered services.

Decrease: The budget proposal includes a net decrease of $25,423,341 in Local funds in the Health Care Finance division. These adjustments are due to lower projections associated with disproportionate share hospital (DSH) payments ($14,422,991); the shift of some operational functions to the Healthy D.C. Fund ($1,614,234); revised nursing home rate setting methodology ($6,914,937); revised budget for Personal Care Assistant (PCA) living wage adjustments ($902,573); and the Public Assistance Reporting Information System (PARIS) match savings ($1,568,606). PARIS is a data-matching service that checks if the benefits of recipients of public assistance programs are duplicated in two or more states. PARIS matches help identify improper payments and minimizes fraud and abuse.

In Dedicated Taxes, the proposed operating budget decreased by $9,424,598 primarily due to the expiration of the Hospital Assessment Tax and DC Provider Fees that are collected from hospitals that operate within the District. In Federal Grant funds, a modest decrease of $113,593 aligns the proposed budget with anticipated grant awards from the federal government.

The proposed Intra-District funds budget decreased by $425,453 in the Health Care Finance division. DHCF's Intra-District funds budget is based on the agency's collaboration with the Department on Disability Services to support services through the Home and Community Based Services Waiver for Persons with Intellectual and Developmental Disabilities; and with the Department of Behavioral Health to provide mental health rehabilitation services to Medicaid eligible consumers, to support youths in the Adolescent Substance Abuse Treatment Program, to support Adult Substance Abuse Rehabilitation Services, and to provide services to Medicaid beneficiaries with severe mental illness.

Technical Adjustment: The budget proposal in Local funds includes an increase of $13,533,505 to account for the revised forecast of all Fee-for-Service provider types. The corresponding adjustment to Federal Medicaid Payments is an increase of $18,725,286.

Mayor's Proposed Budget

Enhance: The Local funds budget proposal is increased by $50,591 in the Healthcare Delivery Management division. This additional funding will be used for personal services costs for an additional 0.6 FTE that will support the Program of All-Inclusive Care for the Elderly (PACE). This program provides care to beneficiaries age 55 and older who require nursing home level care, but are unable to live in a community-based setting. The corresponding Federal Medicaid Payment increase associated with this enhancement is $39,459 and 0.4 FTE.

Transfer-Out: DHCF's budget proposal reflects a transfer $1,432,710 from the Health Care Finance division out of the agency's Local funds to the District of Columbia Office on Aging. The recipient agency will use the transferred funds to operate the Aging and Disability program.

District's Proposed Budget

Enhance: DHCF's Local funds budget proposal is increased by $600,000 in one-time funding to the Health Care Reform and Innovation division. The additional funding supports the Grant-Making Amendment Act of 2017. Pursuant to the FY 2018 Budget Support Act of 2017, the agency's FY 2018 budget proposal re-establishes two expired Dedicated Taxes fund accounts. In view of this, the proposed budget in Dedicated Taxes for the Health Care Finance division reflects increases of $8,800,000 for Medicaid Hospital Inpatient Fees, and $5,529,858 for Medicaid Hospital Outpatient Supplemental Payments. The corresponding adjustments to Federal Medicaid Payments project federal reimbursement increases of $20,533,333 for Medicaid Hospital Inpatient Fees and $12,553,002 for Medicaid Hospital Outpatient Supplemental Payments. This revenue stream is supported by payments from hospitals that operate within the District of Columbia.

Reduce: The Fixed Costs budget is aligned with estimates for Occupancy and Energy costs through reductions in the Agency Management division of $210,000 in Local funds and $171,819 in Federal Medicaid Payments.

Agency Performance Plan*

The Department of Health Care Finance (DHCF) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide access to comprehensive healthcare services for District residents.
2. Ensure the delivery of high quality healthcare services to District residents.
3. Deter fraud, waste, and abuse by promoting integrity throughout the Medicaid program.
4. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide access to comprehensive healthcare services for District residents. (2 Activities)

Activity Title	Activity Description	Type of Activity
Eligibility	Based on the Federal guidelines for Medicaid and local laws for the Alliance program, DHCF provides healthcare to District residents according to the criteria of the programs offered. This requires the agency to create State Plans and rules that define the qualifications, along with working with other District agencies to ensure that qualified applicants are granted access to these healthcare programs.	Daily Service
Benefits	DHCF establishes and administers healthcare benefits for DC residents primarily through two delivery systems: managed care and Fee-For-Service (FFS). The benefit design is detailed through the Medicaid State Plan, waiver applications, rules, laws, and transmittals.	Daily Service

2. Ensure the delivery of high quality healthcare services to District residents. (2 Activities)

Activity Title	Activity Description	Type of Activity
Claims Processing	As beneficiaries utilize services with physicians, clinics, pharmacies, and hospitals, payments are remitted by those providing the services to DHCF for processing and payment. Federal regulations and local laws require prompt payment of claims submitted, so DHCF must first verify the eligibility of the beneficiary, the Medicaid enrollment of the provider, and the validity of the service being provided.	Daily Service
Provider Enrollment and Screening	In order to receive payments for services provided to Medicaid and Alliance patients, physicians, clinics, pharmacies, hospitals, and	Daily Service

(Continued on next page)

2. Ensure the delivery of high quality healthcare services to District residents. (2 Activities)

Activity Title	Activity Description	Type of Activity
	other providers must first apply to be a qualified provider. DHCF screens providers to minimize future unscrupulous activities. Once enrolled, provider information is retained and utilized to accept and process future claims.	

3. Deter fraud, waste, and abuse by promoting integrity throughout the Medicaid program. (1 Activity)

Activity Title	Activity Description	Type of Activity
Program Integrity	The DHCF promotes the integrity of Medicaid through audits, policy review and identification and monitoring of program vulnerabilities. These efforts are conducted on a daily basis by implementing proper policies and procedures as well as the development and implementation of a strategic plan and quality assurance.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Provide access to comprehensive healthcare services for District residents. (5 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Participation rate among Medicaid and Children's Health Insurance Program (CHIP) eligible children ages 0 through 18 in the District of Columbia	No	Not Available	Forthcoming October 2017	Not Available	95%	95%
Percent of children, ages 1 – 20 years, enrolled in the Medicaid program (Fee-for-Service and Managed Care) with 90 days of continuous enrollment that received preventive dental services during the fiscal year	No	54%	Forthcoming October 2017	56%	58%	60%
Percent of children, ages 1-20 years, enrolled in the Medicaid program (Fee-for-Service and Managed Care) with 90 days of continuous enrollment that received a routine well-child examination during the fiscal year	No	63%	Forthcoming October 2017	65%	68%	70%
Percent of District residents covered by Medicaid	No	38%	Forthcoming October 2017	Not Available	35%	35%
Percent of Medicaid renewals as a result of the passive renewal process	No	Not Available	Forthcoming October 2017	Not Available	75%	80%

2. Ensure the delivery of high quality healthcare services to District residents. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Reduce hospital admissions of Medicaid Managed Care enrollees due to health conditions that may have been prevented through appropriate outpatient care	No	Not Available	Not Available	Not Available	5%	10%
Reduce hospital discharges of Medicaid Managed Care enrollees that were followed by a readmission for any diagnosis within 30 days	No	Not Available	Not Available	Not Available	5%	10%
Reduce potentially preventable Emergency Department visits by Medicaid Managed Care enrollees that may have been avoided or appropriately treated at a lower level of care	No	Not Available	Not Available	Not Available	5%	10%

3. Deter fraud, waste, and abuse by promoting integrity throughout the Medicaid program. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of referrals to the Medicaid Fraud Control Unit or other agencies for criminal or civil resolution	No	Not Available	10	Not Available	14	14

4. Create and maintain a highly efficient, transparent, and responsive District government.** (10 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee Onboard Time	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Percent of invoices processed accurately and in compliance with the Prompt Payment Act	No	96%	92%	96%	97%	98%
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Program Integrity

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Conduct Investigations based on complaints data analysis, input from internal and external partners, and other indications of abnormal or suspect claims	No	Not Available	Not Available	Not Available
Conduct liaison, education, and training with other DHCF divisions, outside agencies, providers, and other groups in support of program integrity mission	No	Not Available	Not Available	Not Available
Conduct Surveillance and Utilization Review Section (SURS) audits based on data analysis, input from internal and external partners, and other indications of abnormal or suspect claims	No	Not Available	Not Available	Not Available
Number of adjusted/overturned/upheld/partial payment/resolved/reversed/written-off cases among commercial consumers served by the Ombudsman (appeals and grievances)	No	Not Available	Not Available	Not Available
Number of non-commercial consumers served by Ombudsman (to include Medicare, Medicaid, Alliance, and DC Health Link)	No	7,712	8,241	8,164

2. Claims Processing

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Percent of procurement process completed for the acquisition of a new Medicaid Management Information System (MMIS) that will be a multi-payor claims adjudication system for Medicaid and other DC Government programs that process medical claims	No	Not Available	Not Available	Not Available

3. Eligibility

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
A minimum of three policy training sessions conducted per quarter for DHCF, sister agencies, and other external stakeholders on eligibility related policies and procedures to ensure staff and community partners receive the training needed to accurately determine eligibility for Medicaid, and the District's locally funded health care programs	No	Not Available	Not Available	Not Available

4. Provider Enrollment and Screening

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of newly enrolled providers	No	Not Available	Not Available	Not Available
Number of re-enrolled providers	No	Not Available	Not Available	Not Available

5. Benefits

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of beneficiaries receiving a conflict free assessment for long-term care services and supports	No	Not Available	Not Available	6,469
Number of District residents covered by Alliance (Year End)	No	Not Available	15,059	Forthcoming October 2017
Number of District residents covered by Medicaid (Year End)	No	Not Available	248,775	Forthcoming October 2017
Number of Elderly and Persons with Disabilities Waiver (EPDW) beneficiaries enrolled in services My Way	No	Not Available	Not Available	131
Percent of District residents insured	No	Not Available	96.2%	Forthcoming October 2017
Produce and disseminate three data snapshots to share utilization and spending patterns with external stakeholders and the general public	No	Not Available	Not Available	Not Available

Performance Plan Endnotes

Not-For-Profit Hospital Corporation Subsidy

Table HX0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$10,000,000	$2,000,000	$0	-100.0

The Not-For-Profit Hospital Corporation Subsidy provides a direct payment to the Not-For-Profit Hospital Corporation (NFPHC). The NFPHC is an independent District instrumentality, created by legislation adopted by the Council of the District of Columbia to hold the land, improvements, and equipment of the hospital known as United Medical Center. The NFPHC does not receive a regular subsidy from General Fund taxes, and the hospital is expected to operate using its own revenue sources; however, the District did allocate funding in Fiscal Years 2014 through 2017 to support certain hospital functions.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table HX0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Not-For-Profit Hospital Corporation Subsidy's proposed FY 2018 gross budget is $0, which represents a 100.0 percent decrease from its FY 2017 approved gross budget of $2,000,000.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds only representation of true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The NFPHC Subsidy's FY 2018 CSFL budget is $0, which represents a 100.0 percent decrease from its FY 2017 approved Local funds budget of $2,000,000.

CSFL Assumptions

The FY 2018 CSFL calculated for the NFPHC Subsidy included adjustment entries that are not described in detail on table 5. This adjustment included a reduction of $2,000,000 to account for the removal of one-time funding appropriated in FY 2017 to support the Not-For-Profit Hospital's operations.

Agency Budget Submission

No Change: The Not-For-Profit Hospital Corporation Subsidy's proposed budget reflects no change from the CSFL to the agency budget submission.

Mayor's Proposed Budget

No Change: The Not-For-Profit Hospital Corporation Subsidy's proposed budget reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Not-For-Profit Hospital Corporation Subsidy's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Office of the Deputy Mayor for Health and Human Services

www.dmhhs.dc.gov
Telephone: 202-727-7973

Table HG0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$1,569,255	$2,295,172	$1,787,264	-22.1
FTEs	13.0	16.8	11.8	-29.9

The mission of the Office of the Deputy Mayor for Health and Human Services (DMHHS) is to support the Mayor in coordinating a comprehensive system of benefits, goods, and services across multiple agencies to ensure that children, youth, and adults with and without disabilities can lead healthy, meaningful, and productive lives.

Summary of Services

The Office provides leadership for policy and planning; government relations; and communication and community relations for the agencies under its jurisdiction, including:

1. Child and Family Services Agency (CFSA)
2. Department of Behavioral Health (DBH)
3. Department on Disability Services (DDS)
4. Department of Health (DOH)
5. Department of Health Care Finance (DHCF)
6. Department of Human Services (DHS)
7. Department of Youth Rehabilitation Services (DYRS)
8. D.C. Office on Aging (DCOA)

The Office manages two special initiatives: Age-Friendly DC and the Interagency Council on Homelessness.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table HG0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Office of the Deputy Mayor for Health and Human Services operates through the following 2 programs:

Human Support Services – supports the agency's mission to provide oversight and support for all citywide health and human services-related policies, activities, and initiatives under its jurisdiction.

- Developing and supporting policies and programs to improve the delivery of services by government agencies and contracted providers;
- Coordinating interagency activities and initiatives;
- Identifying opportunities for reducing redundancies, leveraging resources, creating economies of scale, and improving outcomes; and
- Ensuring compliance with local and federal mandates.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of the Deputy Mayor for Health and Human Services has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HG0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR HG0 - OFFICE OF THE DEPUTY MAYOR FOR HEALTH AND HUMAN SERVICES		**1,787**	**11.8**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Office of the Deputy Mayor for Health and Human Services' (DMHHS) proposed FY 2018 gross budget is $1,787,264, which represents a 22.1 percent decrease from its FY 2017 approved gross budget of $2,295,172. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DMHHS' FY 2018 CSFL budget is $2,300,387, which represents a $5,216, or 0.2 percent, increase over the FY 2017 approved Local funds budget of $2,295,172.

CSFL Assumptions

The FY 2018 CSFL calculated for DMHHS included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $7,236 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $2,780 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent. Additionally, a decrease of $4,800 for the Fixed Costs Inflation Factor accounts for Telecommunication estimates.

Agency Budget Submission

Increase: The proposed nonpersonal services budget includes an increase of $92,629 in the Human Support Services program to support anticipated contract and procurement activities.

Decrease: DMHHS' budget proposal for nonpersonal services also includes a reduction of $20,445, to align the Fixed Costs budget with Telecommunication estimates. Also in Local funds, a reduction of $144,226 is proposed to realign personal services costs resulting from 1.0 FTE, including salary, step increases and Fringe benefits, shifting from Continuing Full-Time to Term Full-Time status.

Mayor's Proposed Budget

Transfer-In: DMHHS' proposed budget increased by $144,753 and 1.0 FTE, to support the reassignment of the program manager for the Safer, Stronger DC Community Partnerships, from the Department of Youth Rehabilitation Services (DYRS).

District's Proposed Budget

Transfer-Out: The proposed Local funds budget includes a net reduction of $585,832 as a result of the reassignment of the Safer, Stronger DC Community Partnerships program to the Office of Neighborhood Safety and Engagement (ONSE). This transfer represents $564,442 for salaries and Fringe Benefits for 6.0 FTEs and $21,390 for nonpersonal services.

Agency Performance Plan*

Office of the Deputy Mayor for Health and Human Services has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Oversee and facilitate the coordination of inter-agency activities and initiatives within the Health and Human Services (HHS) cluster to eliminate redundancies, leverage resources, create economies of scale, and improve outcomes.
2. Oversee the management of DMHHS led inter-agency programs to develop shared outcomes and improve the delivery and coordination of supports and services across government on identified policies and goals.
3. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Oversee and facilitate the coordination of inter-agency activities and initiatives within the Health and Human Services (HHS) cluster to eliminate redundancies, leverage resources, create economies of scale, and improve outcomes. (5 Activities)

Activity Title	Activity Description	Type of Activity
Legislation and Council Relations	Review and approve all of HHS Cluster agency's legislative requests and coordinate with Mayor's Office of Policy and Legislative Affairs (OPLA) and DC Council on legislative-related matters.	Daily Service
Rulemaking	Review and approve all the HHS Cluster agency's rulemaking requests.	Daily Service
Budget	Support HHS Cluster agency's budget needs to ensure compliance with Mayoral priorities.	Daily Service
Inter-Agency and Special Initiatives	Oversight and support of special and/or inter-agency initiatives throughout HHS Cluster.	Daily Service
Communications	Support the directives from the Executive Office of the Mayor and the HHS Cluster agency's Public Information Officers (PIOs) with efficient collection and distribution of information within and outside of government.	Daily Service

2. Oversee the management of DMHHS led inter-agency programs to develop shared outcomes and improve the delivery and coordination of supports and services across government on identified policies and goals. (3 Activities)

Activity Title	Activity Description	Type of Activity
Interagency Council on Homelessness (ICH)	Oversee and facilitate the implementation of Homeward DC, the District's Plan to end homelessness and make it a rare, brief, or non-recurring experience.	Daily Service
Age-Friendly DC	Oversee and facilitate the implementation of Age-Friendly DC Strategic Plan, the District's Plan to make DC an inclusive urban environment that encourages active and healthy living.	Daily Service
Short-Term Family Housing	Oversee and facilitate the inter-agency collaboration to build and/or renovate short-term family housing sites, in each ward of the city, with the goal to close DC General by 2018.	Key Project

3. Create and maintain a highly efficient, transparent and responsive District government. (2 Activities)**

Activity Title	Activity Description	Type of Activity
Performance Planning	Review and approve HHS Cluster agency's performance plans to ensure improvements, accurate information, and efficiencies at the agency level.	Daily Service
Constituent Relations	Receive, track, and resolve health and human services related constituent issues and concerns.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Oversee and facilitate the coordination of inter-agency activities and initiatives within the Health and Human Services (HHS) cluster to eliminate redundancies, leverage resources, create economies of scale, and improve outcomes. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of cluster agencies that stay within budget	No	100%	100%	100%	100%	100%
Percent of interagency initiatives reporting progress towards meeting their goals	No	Not Available	Not Available	Not Available	100%	100%

2. Oversee the management of DMHHS led inter-agency programs to develop shared outcomes and improve the delivery and coordination of supports and services across government on identified policies and goals. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of action items in progress or accomplished under Homeward DC	No	Not Available	Not Available	Not Available	90%	90%
Percent of objectives in progress or accomplished under Age-Friendly DC	No	Not Available	Not Available	Not Available	95%	95%

3. Create and maintain a highly efficient, transparent and responsive District government.** (11 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee Onboard Time	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Percent of cluster agencies that meet 85 percent of their performance measures	No	Not Available	Not Available	Not Available	Not Available	Forthcoming June 2017
Percent of consent decrees where progress is made on meeting exit criteria	No	100%	100%	100%	100%	100%
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Table KT0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$162,311,930	$172,267,587	$175,914,769	2.1
FTEs	1,397.9	1,463.0	1,488.0	1.7

The mission of the Department of Public Works (DPW) is to provide the highest quality sanitation, parking enforcement, and fleet management services that are both ecologically sound and cost-effective.

Summary of Services

The Department of Public Works provides municipal services to District residents and businesses in three distinct program areas: solid waste management, parking enforcement, and snow removal. Behind the scenes, DPW's Fleet Management Administration supports all city services by procuring, fueling, and maintaining thousands of District government vehicles from sedans to heavy equipment.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table KT0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Public Works (DPW) operates through the following 6 divisions:

Snow Removal Program – this program ensures the District is safe to navigate after the end of a snow storm and resuming normal government services and business commerce in an efficient, environmentally sustainable and safe manner.

This division contains the following 4 activities:

- **Snow Removal –** provides the staffing, overtime, and other required tools to administer the District Snow Removal;

- **Road Treatment –** provides salt and beet juice to treat District roadways prior to, during, and after snow storms;
- **Equipment Rental –** facilitates rental of snow equipment, which includes dump trucks, pickup trucks and other snow removal related equipment. Also, the maintenance and repairs of District-owned snow equipment is included in this activity; and
- **Contract Plows –** facilitates the District contracting with private companies to assist with the plowing of District streets during snow storms.

Fleet Management – supports all city services by procuring and maintaining more than 3,000 vehicles, excluding those used by the Metropolitan Police Department, the Fire and Emergency Medical Services Department, the Department of Corrections, and D.C. Public Schools. This division fuels all 6,000 District government vehicles, including school buses, fire and trash trucks, and street sweepers.

This division contains the following 5 activities:

- **Fleet Consumables** – provides most District agencies with operational fueling stations, oil, and other lubricants; and installs fuel rings;
- **Scheduled Fleet Maintenance** – performs preventive maintenance actions, including changing oil and filters and checking tires, engines, batteries, and transmissions; and prepares vehicles for seasonal and year-round duties (such as alley cleaning, snow removal, and leaf collection);
- **Unscheduled Vehicle and Equipment Repairs** – tows inoperable vehicles, diagnoses why vehicles are not operating properly, and makes the necessary repairs or transfers vehicles to vendors for return to service;
- **Vehicle and Equipment Acquisitions** – consults with District government agencies about vehicle needs, ensures these agencies have sufficient budget authority to meet their needs, procures vehicles, and reduces unnecessary vehicles from the fleet; and
- **Fleet Administrative Support** – provides administrative and managerial personnel and nonpersonal services support for District-wide fleet operations, including uniform rentals, office supplies, information technology acquisitions, and information technology software maintenance/license renewals.

Parking Enforcement Management – provides on-street parking enforcement services, including ticketing, towing, booting, removal of abandoned and dangerous vehicles, and auction of impounded vehicles.

This division contains the following 3 activities:

- **Parking Regulations Enforcement** – provides enforcement of the District's parking regulations to promote vehicular safety and provide smooth traffic flow and increased access to short-term parking at meters and long-term parking on residential streets;
- **Towing** – provides reduced parking congestion in the District by facilitating the timely relocation and/or impoundment of illegally parked vehicles from public space; and
- **Abandoned and Junk Vehicles** – provides oversight of safe streets through the efficient removal of abandoned and dangerous vehicles from public space and nuisance properties within the District.

Solid Waste Management – performs a number of daily operations, including trash, recycling, and bulk collections; sanitation education and enforcement; graffiti removal; public litter can service; fall leaf collection; snow and ice removal; and street and alley cleaning.

This division contains the following 4 activities:

- **Enforcement of Sanitation Regulations** – inspects properties for sanitation violations; enforces sanitation regulations, including commercial recycling; educates residents and businesses about sanitation regulations; collects household hazardous waste and electronic materials; and shreds residents' personal documents;
- **Public Space Cleaning** – provides comprehensive street and alley cleaning services to residents, visitors, and businesses so that they can live, work, and play in clean neighborhoods. Specific services include mechanical street sweeping, litter can collections, rights-of-way mowing, nuisance and graffiti abatement, seasonal leaf collection, and snow and ice removal;
- **Sanitation Collection and Removals** – provides solid waste (trash, recycling, and bulk) collection services to residents of single-family homes and buildings with no more than three dwelling units so that they can have their trash, recyclables, and bulk items removed conveniently and regularly; and
- **Sanitation Disposal** – provides municipal waste disposal services to DPW, other District agencies, private haulers, and residents so that they can dispose of waste safely, conveniently, and legally.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table KT0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR KT0 - DEPARTMENT OF PUBLIC WORKS		**175,915**	**1,488.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Public Works' (DPW) proposed FY 2018 gross budget is $175,914,769 which represents a 2.1 percent increase over its FY 2017 approved gross budget of $172,267,587. The budget is comprised of $139,965,714 in Local funds, $8,474,162 in Special Purpose Revenue funds, and $27,474,894 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DPW's FY 2018 CSFL budget is $134,452,600, which represents a $3,043,602, or 2.2 percent decrease from the FY 2017 approved Local funds budget of $137,496,202.

CSFL Assumptions

The FY 2018 CSFL calculated for DPW included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $240,875 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $787,487 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DPW include a reduction of $1,000,000 to account for the removal of one-time funding appropriated in FY 2017 to the Solid Waste Management division, in support of the Trash Compactor Tax Incentive Act of 2014. This Act established a commercial trash compactor acquisition grant program to financially assist District-based businesses to acquire, through purchase or lease, a commercial trash compactor. Additional adjustments include an increase of $514,414 for Recurring Budget Items based on projected contractual rate escalations for the disposal of solid waste within the District, and a decrease of $3,104,628 for the Fixed Costs Inflation Factor to account for reduced estimates for fleet services.

Agency Budget Submission

Create: DPW's proposed budget for Local funds reflects an increase of $4,899,616 to support the creation of the Snow Removal Program division. This adjustment increases the funding to more accurately represent the full costs associated with snow removal. This new division will provide more transparency to the costs associated with snow removal.

Increase: DPW's Local funds budget reflects a net increase of $3,734,592, primarily in the Agency Management division related to property management costs. Additionally, Local funds also increased by $440,591 for Telecommunication Fixed Costs estimates, primarily in the Parking Enforcement Management division.

In Special Purpose Revenue (SPR) funds, the proposed budget includes an increase of $164,525 and 5.0 FTEs in the Solid Waste Management division to support increases in salary step and Fringe Benefit costs.

In Intra-District funds, the budget proposal reflects an increase of $992,963 in projected nonpersonal services costs to the Fleet Management division. Adjustments in the budget for Intra-District funds are impacted by the two citywide Memorandum of Understanding (MOU) agreements that DPW maintains with District agencies. One of the MOU agreements is for the disposal of waste at city transfer sites, and the other is for the maintenance and repair of agency vehicles.

Decrease: Various adjustments are proposed for reductions or reallocation of resources in DPW's Local funds budget. These adjustments include a decrease of $1,494,861, primarily in the Agency Management division, to reflect the shift of the funds associated with the Snow Removal Program to the new division. The proposed Local funds budget also decreased by $3,133,783, primarily in the Agency Management division, to reflect the shift of snow-related contracts to the new division. Additionally, the Local funds budget reflects a reduction of $4,639,288 and 26.0 FTEs, primarily in the Solid Waste Management division, to account for the elimination of half of the Solid Waste Education and Enforcement Program (SWEEP).

In SPR funds, the proposed budget reflects reductions of $86,789 in the Solid Waste Management division based on projected adjustments in Contractual Services, and $102,000 for other costs associated with nonpersonal services.

In Intra-District funds, the budget proposal reflects a decrease of $728,454 in personal services, primarily in the Fleet Management division, to adjust for projections in salaries and Fringe Benefit costs.

Mayor's Proposed Budget

Enhance: The budget proposal in DPW's Local funds includes an increase of $3,764,384 to fully fund the newly created Snow Removal Program division for FY 2018. The proposed Local funds budget also

includes an increase of $1,632,146 in personal services to support an additional 20.0 FTE positions in the Parking Enforcement Management division to clear streets of vehicular traffic obstructions by way of relocating and impounding illegally parked vehicles that contribute to traffic congestion on the District's major streets and highways. These personnel will be dedicated to patrol the District's twenty busiest streets during morning and evening rush hours.

The Local funds budget proposal in the Solid Waste Management division includes a net increase of $1,541,940 and 41.0 FTEs. This includes $848,060 to support the addition of 42.0 Temporary Part-Time positions for six months to improve the Grounds Maintenance Program, which is responsible for mowing over 250 public spaces, parks and medians; and $693,880 and 40.0 Temporary Part-Time positions for six months to assist with leaf operation collections. This action aims to reduce the number of complaints received about off-schedule or missed collections. Furthermore, in Local funds, the budget proposal includes an increase of $300,000 to support OpenGov Initiatives to provide transparency and accountability to the District's budgets, revenues, expenses, and capital projects with interactive reports.

Transfer-In: DPW's budget proposal in Local funds includes a one-time increase of $1,500,000 from the District Department of Transportation to support an additional 19.0 FTEs in the Solid Waste Management division for the Solid Waste Education and Enforcement Program's (SWEEP) inspectors and investigators, who work with residents and businesses to keep the District clean. SWEEP also supports neighborhood clean-ups through the Helping Hand program and gives young people the opportunity to earn community service credits through the SWEEP Jr. program.

District's Proposed Budget

Enhance: The Department of Public Works' proposed Local funds budget includes an increase of $447,000 to ensure adequate funding for the Office of Waste Diversion. This increase is comprised of $239,718 in salary and Fringe Benefits to support an additional 2.0 FTEs and $207,282 in nonpersonal services for supplies and materials.

Reduce: DPW's proposed budget in Local funds includes a decrease of $2,541,797, which is comprised of the elimination of 12.0 FTEs and $695,428 from the Solid Waste Management division and 24.0 FTEs and $1,846,369 from the Parking Enforcement Management division.

Shift: DPW's proposed budget in the Solid Waste Management division reflects a shift of $937,426 in contractual services from Local funds to Special Purpose Revenue funds related to the Supercan Program and Solid Waste Disposal Fee Fund.

Agency Performance Plan*

Department of Public Works (DPW) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Enhance District-wide fleet management systems and services to ensure timely and cost-effective availability of vehicles while decreasing our fleet's environmental impact.
2. Ensure access to parking and improve public safety for residents, businesses, and visitors through effective enforcement of parking regulations and enhanced public information and communication about parking and safety.
3. Launch and implement effective strategies and programs designed to reduce waste, increase impact of recycling efforts, and support greater waste diversion.
4. Provide timely, effective, and ecologically sound waste management, snow removal, street and public space cleaning, and landscaping services to enhance cleanliness and safety for residents, businesses, and visitors of the District of Columbia.
5. Create and maintain a highly efficient, transparent, and responsive District government.**

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Enhance District-wide fleet management systems and services to ensure timely and cost-effective availability of vehicles while decreasing our fleet's environmental impact. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
City-wide compliance rate with preventive maintenance appointments	No	63.8%	36.5%	80.4%	80%	80%
Parts inventory loss due to waste/theft	No	Not Available	Not Available	Not Available	5%	5%
Percent of light vehicle maintenance completed within 24 hours	No	91.2%	58.7%	60%	75%	75%
Percent of vehicles under five year old	No	Not Available	Not Available	Not Available	50%	50%

2. Ensure access to parking and improve public safety for residents, businesses, and visitors through effective enforcement of parking regulations and enhanced public information and communication about parking and safety. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Cost per ticket issued	No	16.5	15.4	14.5	16	16
Percent of parking tickets uncontested or upheld	No	Not Available	Not Available	Not Available	96%	96%
Percent of Residential Parking Permit (RPP) program blocks covered by daily enforcement	No	66.5%	49.9%	85%	75%	75%

3. Launch and implement effective strategies and programs designed to reduce waste, increase impact of recycling efforts, and support greater waste diversion. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Cost of waste diversion per ton	No	Not Available	Not Available	Not Available	70	70
Pounds of refuse (trash) collected per resident served per day	No	Not Available	Not Available	Not Available	2.5	2.5
Residential Diversion Rate (percent of solid waste recycled, composted, and reused)	No	Not Available	Not Available	Not Available	25%	25%

4. Provide timely, effective, and ecologically sound waste management, snow removal, street and public space cleaning, and landscaping services to enhance cleanliness and safety for residents, businesses, and visitors of the District of Columbia. (5 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Complaint rate for missed recycling collections per 10,000 collections	No	9	9.1	5	5	10
Complaint rate for missed trash collections per 10,000 collections	No	14	14.1	8	8	10
Percent of mowing/landscaping routes/locations completed as scheduled	No	Not Available	Not Available	Not Available	85%	85%
Percent of residential recycling collection routes completed on scheduled day	No	92.7%	97.4%	99.8%	99.8%	99.8%
Percent of residential trash collection routes completed on the scheduled day	No	94.7%	98.2%	99.8%	99.8%	99.8%

5. Create and maintain a highly efficient, transparent, and responsive District government. (9 Measures)**

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- meeting service level agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- employee onboard time	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- vacancy rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Performance Management- employee performance plan completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Waste and recycling collections

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Tons of recycling collected	Yes	Not Available	Not Available	51,174
Tons of refuse (trash) collected	Yes	Not Available	Not Available	422,213.8

2. Management of scheduled District fleet preventative maintenance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of scheduled preventative maintenance appointments completed	Yes	Not Available	Not Available	Not Available

3. Management of unscheduled District fleet repairs

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of unscheduled fleet repairs completed	Yes	Not Available	Not Available	Not Available

4. Bulk collection

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of bulk collection service requests	Yes	Not Available	Not Available	44,653

5. Towing of abandoned and junk vehicles

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of vehicles immobilized via booting	No	Not Available	Not Available	11,649

6. Parking ticket writing and enforcement

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of parking tickets issued	No	Not Available	Not Available	1,389,681
Number of stolen vehicle alerts sent to Metropolitan Police Department (MPD)	No	Not Available	Not Available	8,576

7. Towing of parking violators

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of vehicles towed	No	Not Available	Not Available	33,189

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department of Transportation

Telephone: 202-673-6813

Table KA0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$104,014,771	$111,825,260	$119,972,368	7.3
FTEs	455.4	572.4	622.4	8.7

The District Department of Transportation's (DDOT) mission is to enhance the quality of life for District residents and visitors by ensuring that people, goods, and information move efficiently and safely, with minimal adverse impact on residents and the environment.

Summary of Services

DDOT executes its mission through the work of the following administrations: The Project Delivery Administration is responsible for multi-modal infrastructure project planning, design and construction, transit delivery, and traffic engineering and safety; the Operations Administration maintains the District's transportation infrastructure assets, such as streets, alleys, sidewalks, and trees, manages traffic operations and provides vehicle and pedestrian safety control, manages public space and parking regulations, and conducts snow removal operations; the Administrative Administration manages the operating and capital budgets, liaisons with the Office of the Chief Financial Officer and the Chief Procurement Officer, and manages human resources and workforce development; and the Performance Administration tracks and reports performance metrics, manages facilities, fleet, and information technology resources, and provides customer service.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table KA0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The District Department of Transportation operates through the following 5 administrations:

Administrative Administration – manages the operating and capital budgets; liaisons with the Office of the Chief Financial Officer and the Chief Procurement Officer; supports human capital management and workforce development; and develops policies and procedures to meet the financial and human resource needs of the department.

This administration contains the following 3 activities:

- **Administrative Services Division** – supports human capital management by providing guidance, direction, and interpretation of the department's personnel and administrative policies and procedures and supports workforce development activities;
- **Office of the Chief Administrative Officer** – responsible for the oversight and management of the Administrative Administration; and
- **Office of the Chief Financial Officer** – provides financial management services to the department consistent with the District's governing laws, regulations, and practices.

Operations Administration – maintains transportation infrastructure assets, such as streets, alleys, sidewalks, and trees; manages traffic operations and provides vehicle and pedestrian safety control; manages public space and parking regulations; and conducts snow removal operations.

This administration contains the following 7 activities:

- **Office of the Chief Operating Officer** – responsible for the oversight and management of the Operations Administration;

- **Maintenance Division** – maintains the integrity, safety, and condition of transportation infrastructure assets including streets, sidewalks, alleys, bridges, tunnels, streetlights, signals, and signs;
- **Operations Administration Division** – responsible for administrative tasks related to the Operations Administration;
- **Parking and Ground Transportation Division** – conducts research, develops policies and deploys technologies — including permits, meters, kiosks, and dynamic parking zones — to manage approximately 260,000 on-street parking spaces;
- **Public Space Regulation Division** – manages the occupancy of public space by private entities — including homeowners, businesses, and utilities — through the issuance of public space permits, inspection of work zones, and restoration of public rights-of-way;
- **Traffic Operations and Safety Division** – manages day-to-day traffic operations through a Traffic Management Center and deploys on-the-ground resources including roadway operations patrol, traffic control officers, and safety technicians. This division also conducts studies and implements traffic calming measures at high-risk intersections and pedestrian crossings; and
- **Urban Forestry Division** – maintains trees and vegetated green infrastructure in the public right-of-way; regulates the removal of trees on private property; removes damaged trees and provides safety improvements; and provides educational resources to public and private entities that promote the expansion of a sustainable urban tree canopy.

Office of the Director – responsible for the oversight and management of the department.

This administration contains the following 2 activities:

- **Transportation Equity and Inclusion Officer** – develops new programs and initiatives that support the department's goals in diversity, equity, and inclusion in the provision of transportation services. Administers compliance programs and policies related to civil rights, accessibility and disability rights, elderly and senior affairs, and equal employment opportunity; and
- **Office of the Director** – responsible for the oversight and management of the department, supported by the Deputy Director, Chief of Staff, and General Counsel.

Performance Administration – tracks the department's progress in meeting its key performance indicators; manages facilities, fleet, and information technology resources; and provides customer service.

This administration contains the following 6 activities:

- **Community Engagement Division** – coordinates the department's outreach with community organizations and representative bodies like Advisory Neighborhood Commissions to provide timely and accurate information on the status of service requests, projects, and initiatives and to solicit feedback to address community concerns;
- **Office of the Chief Performance Officer** – responsible for the oversight and management of the Performance Administration;
- **Customer Service and Clearinghouse Division** – provides prompt, accurate, and professional customer service to residents that have a question or concern submitted via the 311 system, email, social media, or other means;
- **Information Technology and Innovation Division** – plans, develops, manages, and provides information technology-related services to the department — from providing hardware and software support to developing custom Web applications and providing data analytics and management support;
- **Performance Management Division** – develops, tracks, and reports on the department's performance metrics to ensure that the department is meeting its mission and key performance indicators; and
- **Support Services Division** – manages the department's vehicle fleet, warehouses and storage facilities, and office space.

Project Delivery Administration – responsible for multi-modal infrastructure project planning, design, and construction; policy development and implementation; transit delivery; and traffic engineering and safety.

This administration contains the following 4 activities:

- **Infrastructure Project Management Division** – responsible for the design, engineering, and construction of roadway and bridge projects and manages mega-projects, such as the Anacostia Waterfront Initiative and South Capitol Street Bridge;
- **Planning and Sustainability Division** – establishes strategic goals for multi-modal transportation program development, including pedestrian and bicyclist infrastructure, through design and plan review; incorporates environmental management and sustainability; administers safety programs; coordinates the development of the regional Transportation Improvement Program and Statewide Transportation Improvement Program; and manages the Capital Bikeshare and Safe Routes to School programs;
- **Transit Delivery Division** – operates the DC Streetcar and DC Circulator transit systems; provides policy oversight of the Washington Metropolitan Area Transit Authority; administers the School Transit Subsidy program; and coordinates passenger and freight rail policy; and
- **Transportation Engineering and Safety Division** – plans and designs traffic control and management infrastructure — including signals — for the safe and efficient movement of pedestrians and vehicles.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table KA0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR KA0 - DISTRICT DEPARTMENT OF TRANSPORTATION		**119,972**	**622.4**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The District Department of Transportation's (DDOT) proposed FY 2018 gross budget is $119,972,368, which represents a 7.3 percent increase over its FY 2017 approved gross budget of $111,825,260. The budget is comprised of $82,902,752 in Local funds, $11,407,721 in Federal Grant funds, and $25,661,895 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DDOT's FY 2018 CSFL budget is $79,910,155, which represents a $4,505,376, or 6.0 percent, increase over the FY 2017 approved Local funds budget of $75,404,779.

CSFL Assumptions

The FY 2018 CSFL calculated for DDOT included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $121,790 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $683,743 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DDOT includes an increase of $3,699,843 for the Fixed Costs Inflation Factor reflects estimates for Fleet services.

Agency Budget Submission

In compliance with the FY 2016 Transportation Reorganization Amendment Act, DDOT reorganized the entire agency by creating five new administrations: Administrative, Operations, Office of the Director, Performance, and Project Delivery. Several divisions and services were also created to support each administration. The resources in the old eight divisions: Agency Management, Agency Financial Operation, Urban Forestry, Infrastructure Project Management, Public Space Operation, Progressive Transportation, Planning Policy and Sustainability, and Transportation Operations, were reallocated to the new administrations.

Create: In keeping with the FY 2016 Transportation Reorganization Act, DDOT's FY 2018 budget proposal realigns resources to create five new administrations as follows: The Operations Administration is allocated $43,690,903 and 364.4 Full-Time Equivalents (FTEs) in Local funds and will focus on the maintenance of transportation infrastructure assets such as streets, alleys, sidewalks, and manage traffic operations and ensure safety of pedestrians. The Project Delivery Administration, which will be responsible for multi-model infrastructure project planning, design and construction, policy development, and implementation is allocated $22,178,009 and 71.0 FTEs in Local Funds.

The Performance Administration, which is allocated $5,263,436 and 46.0 FTEs, will focus on tracking DDOT's progress in meeting its key performance indicators, on facilities management, and on Information Technology. The Administrative Administration is allocated $3,650,895 and 33.0 FTEs to manage the operating and capital budget, procurement and human resources. Finally, $3,329,607 and 33.0 FTEs is allocated to the Office of the Director Administration, which will be responsible for the oversight and management of the agency.

Increase: In order to align the budget with projected revenue, DDOT proposes an increase of $544,284 in Special Purpose Revenue funds primarily due to revenue projections from the Tree fund and DDOT Enterprise fund.

Decrease: In order to align the budget with the Transportation Reorganization Act of 2016, DDOT reallocated resources from the following administrations: Agency Management in the amount of $1,786,021 and 13.0 FTEs; Urban Forestry Administration in the amount of $1,876,447 and 10.0 FTEs; Planning, Policy and Sustainability in the amount of $2,526,880 and 34.0 FTEs; Public Space Operations project in the amount of $6,543,086 and 66.0 FTEs; Infrastructure Project Management in the amount of $7,802,859 and 24.0 FTEs; Progressive Transportation Services in the amount of $11,191,855 and 19.0 FTEs; Agency Management in the amount of $12,832,318 and 84.0 FTEs; and Transportation Operations in the amount of $35,350,689 and 297.4 FTEs. All of the resources were reallocated across the newly created administrations, divisions and services within the agency.

The FY 2018 budget proposed by DDOT was decreased by $287,279 in Federal Grant funds due to a reduction in Indirect Cost Recovery for federal programs. Also, Intra-District funds were decreased by $307,870 due to the expiration of Memoranda of Understanding (MOUs) with the Metropolitan Police Department to perform traffic signalization.

Mayor's Proposed Budget

Enhance: The proposed budget in Local funds includes an increase of $4,457,811 and 71.0 FTEs to support the hiring of 45 Traffic Control Officers and 26 School Crossing Guards. An increase of $1,600,000 is also proposed in Local funds to support Bikeshare operations with the aim of keeping the membership rate at the current level of $85 annually.

Reduce: The Proposed FY 2018 budget includes a reduction of $50,256 due to realized programmatic cost savings in nonpersonal services across multiple programs.

Transfer-Out: The proposed Local funds budget includes a reduction of $1,500,000 to account for transfer of funding to the Department of Public Works' (DPW) Solid Waste Management division in

support of the agency's Solid Waste Education and Enforcement Program (SWEEP). This funding will enable SWEEP inspectors and investigators to work with the District's residents and businesses to keep it clean.

District's Proposed Budget

Enhance: DDOT's proposed Local funds budget includes an increase of $1,988,634 and 1.0 FTE to support the Adult Learners' Transportation Subsidy. The proposed Local funds budget also includes a one-time enhancement of $542,099 in the Project Delivery Administration. Of this amount, $492,099 is to offset part of a reduction described below, to achieve a net shift of $700,000 in nonpersonal services spending from Local funds to Special Purpose Revenue funds, and $50,000 is to support the Potomac River Commuter Ferry. DDOT's Local funds budget proposal is also increased by $322,822 and 3.0 FTEs to support liaison officers who will facilitate communication between the agency and District residents, Advisory Neighborhood Commissions, the Mayor's Office of Community Relations and Services, and the Council. Furthermore, an enhancement of $135,000 is included in the proposed Local funds budget, of which $100,000 supports the Capitol Hill Cluster School shuttle and $35,000 is allocated from the Non-Departmental Account as a technical adjustment to support the Bicycle and Pedestrian Safety Amendment Act of 2016. Finally, the proposed budget in Local funds includes one-time funding of $100,000 to support the abatement of parking fees for Business Improvement Districts (BIDs).

Enhance/Shift: The proposed budget in Special Purpose Revenue funds was increased by $700,000 to account for a shift of nonpersonal services spending from Local funds, of which $600,000 is in the Transportation Mitigation Fund and $100,000 is in the Tree Fund.

Reduce: DDOT's proposed Local funds budget includes a decrease of $1,614,109 due to the elimination of 25.0 vacant positions in the Operations Administration.

Reduce/Shift: The proposed Local funds budget for DDOT was reduced by $1,192,099 in the Project Delivery Administration to recognize savings in contractual services. This decrease, combined with the one-time increase in Local funds of $492,099 as described above, results in a net shift of $700,000 in nonpersonal services spending from Local funds to SPR funds.

Agency Performance Plan*

District Department of Transportation (DDOT) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Enhance productivity utilizing a data-driven approach and technology to improve efficiency and effectiveness.
2. Prioritize safety in building and maintaining an environmentally sustainable, accessible, and connected transportation network across all modes.
3. Plan and deliver projects utilizing an integrated approach, developing project pipelines, and ensuring that programmatic and administrative functions are efficiently coordinated and aligned.
4. Support employee performance through targeted professional development, performance management, and enhanced safety guidelines.
5. As custodians of the District's public realm, develop and enforce laws and regulations designed to maintain a safe and beautiful public realm.
6. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Enhance productivity utilizing a data-driven approach and technology to improve efficiency and effectiveness. (3 Activities)

Activity Title	Activity Description	Type of Activity
Green Infrastructure Maintenance	Maintenance operations related to green infrastructure sites in the right of way.	Daily Service
Street Tree Maintenance	Maintenance operations related to preservation of the street tree canopy.	Daily Service
Performance Management Database Integration	DDOT will work to develop a process for integrating databases through the use of business intelligence tools or database integration to provide a platform for reporting agency performance.	Key Project

2. Prioritize safety in building and maintaining an environmentally sustainable, accessible, and connected transportation network across all modes. (14 Activities)

Activity Title	Activity Description	Type of Activity
Policy Development	Vision Zero Initiative.	Key Project
Circulator	Circulator Bus Procurement.	Key Project
Street Car	Streetcar Vehicle Procurement.	Key Project
Street Car	Streetcar Extensions.	Key Project
Circulator	Circulator Operations.	Key Project
Circulator	Circulator Maintenance.	Key Project

(Continued on next page)

2. Prioritize safety in building and maintaining an environmentally sustainable, accessible, and connected transportation network across all modes. (14 Activities)

Activity Title	Activity Description	Type of Activity
Policy Development	Washington Metropolitan Area Transit Authority (WMATA) Capital Funding Agreement.	Key Project
School Transit Subsidy Program	Subsidies for school kids to use both metro bus and metro rail.	Daily Service
WMATA Subsidy	Subsidy provided by the District to WMATA for operations.	Daily Service
Circulator	Circulator Operations.	Daily Service
Traffic Signal Maintenance	Maintenance of the citywide traffic signal assets.	Daily Service
Planning	Capital Bikeshare.	Key Project
Project Development and Management	Americans with Disabilities Act (ADA) bus stop compliance.	Key Project
Street Car	Streetcar operations.	Daily Service

3. Plan and deliver projects utilizing an integrated approach, developing project pipelines, and ensuring that programmatic and administrative functions are efficiently coordinated and aligned. (37 Activities)

Activity Title	Activity Description	Type of Activity
Project Development and Management	Rehabilitation of I-395 HOV Bridge over Potomac River.	Key Project
Project Development and Management	16th Street Bridge over Piney Branch Parkway Bridge No. 22.	Key Project
Project Development and Management	14th Street SW Ramp Bridges (#170-1, 170-2, 170-3).	Key Project
Project Development and Management	Powerline Undergrounding Engineering (DC PLUG) - Feeder 308.	Key Project
Project Development and Management	Rehabilitation of Key Bridge.	Key Project
Project Development and Management	Reconstruction of SB Kenilworth Avenue NE.	Key Project
Project Development and Management	Rehabilitation of Kenilworth Pedestrian Bridges - Douglas Pedestrian Bridge Replacement.	Key Project
Project Development and Management	Pennsylvania Avenue NW Bridge over Rock Creek.	Key Project
Project Development and Management	Oxon Run Trail from South Capitol to 13th Street SE.	Key Project
Project Development and Management	Powerline Undergrounding Engineering (DC PLUG) - Program Management.	Key Project
Project Development and Management	Parkside Bridge CM.	Key Project
Project Development and Management	Alger Park Watershed and Dix Street Green Infrastructure.	Key Project
Project Development and Management	11th Street Bridge Park.	Key Project
Project Development and Management	I-295/DC 295 Long-term Improvements.	Key Project
Project Development and Management	Permitting Support Mega Projects.	Key Project
Project Development and Management	South Capitol/Frederick Douglass Memorial Bridge D/B Contract.	Key Project
Project Development and Management	AWI Program Management.	Key Project
Project Development and Management	Rehabilitation of Anacostia NE over Anacostia River Outlet.	Key Project
Project Development and Management	Monroe Street, NE Bridge over CSX and WMATA.	Key Project
Project Development and Management	Oregon Avenue Watershed LID.	Key Project
Project Development and Management	Replacement of 31st Street NW Bridge over C&O Canal.	Key Project
Project Development and Management	Anacostia Freeway over Nicholson Street.	Key Project
Project Development and Management	Reconstruction of NB Kenilworth Avenue NE.	Key Project

(Continued on next page)

3. Plan and deliver projects utilizing an integrated approach, developing project pipelines, and ensuring that programmatic and administrative functions are efficiently coordinated and aligned. (37 Activities)

Activity Title	Activity Description	Type of Activity
Planning	Union Station to Georgetown Transportation Improvements Environmental Assessment.	Key Project
Planning	Eastern Downtown Protected Bike Lane Study.	Key Project
Planning	Long Bridge Study.	Key Project
Project Development and Management	16th Street Bus Lanes.	Key Project
Roadway Repairs	Repairs to our streets such as crack sealing, patching, deep patching, and filling potholes.	Daily Service
Roadway Preservation	Resurfacing and sealing large areas of the roadway or entire blocks.	Daily Service
Alley Preservation	Sealing, patching, repairing, and resurfacing alleys.	Daily Service
Bridge Preservation	Preservation and maintenance activities related to our bridge assets.	Daily Service
Tunnel Preservation	Preservation and maintenance activities of our tunnel assets.	Daily Service
Planning	16th Street NW Transit Priority Planning Study.	Key Project
Project Development and Management	Virginia Avenue Tunnel.	Key Project
Project Development and Management	H Street NE Bridge from North Capitol Street to 3rd Street.	Key Project

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Enhance productivity utilizing a data-driven approach and technology to improve efficiency and effectiveness. (5 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Average percent of parking meters working daily	No	99.50%	99.80%	99%	97%	97%
Percent of Circulator buses arriving on time	Yes	Not Available	Not Available	Not Available	New Measure	80%
Percent of lighting survey issues resolved	Yes	Not Available	Not Available	Not Available	New Measure	60%
Total number of bike/pedestrian counters installed	Yes	3	3	Not Available	New Measure	7
Total number of deployment locations covered for traffic control officers (TCOs)	Yes	Not Available	Not Available	Not Available	New Measure	165

2. Prioritize safety in building and maintaining an environmentally sustainable, accessible, and connected transportation network across all modes. (16 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of vehicular fatalities	No	10	22	0	0	0
Number of bicyclist fatalities	No	1	1	0	0	0
Number of crashes with bicyclists involved	No	674	473	0	0	0
Number of crashes with pedestrians involved	No	1,328	927	Not Available	0	0
Number of deficient bridges	Yes	5%	5%	5%	New Measure	New Measure
Number of intersection/safety improvements for bicyclists implemented	Yes	Not Available	New Measure	Not Available	New Measure	8
Number of Kids Ride Free passes picked up by students	Yes	Not Available	Not Available	Not Available	New Measure	17,000

(Continued on next page)

2. Prioritize safety in building and maintaining an environmentally sustainable, accessible, and connected transportation network across all modes. (16 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of pedestrian fatalities	No	15	6	0	0	0
Number of safety upgrades at priority intersections	Yes	Not Available	Not Available	Not Available	New Measure	250
Number of vehicle crashes	No	24,353	23,225	0	0	0
Percent increase in Capital Bikeshare Ridership	Yes	0.10%	Not Available	Not Available	New Measure	3%
Percent of high-priority bus stops improved to meet ADA standards	Yes	Not Available	Not Available	Not Available	New Measure	93%
Percent of light-emitting diodes (LEDs) installed citywide annually out of 68,000 qualifying lights	No	8%	1.30%	3.30%	9%	9%
Percent of potholes filled and closed out within 72 hours	Yes	32.40%	Not Available	80%	New Measure	87%
Percent of streets in "Fair to Excellent" condition	No	80.10%	75.80%	78%	75%	75%
Total Number of New Level 3 and Level 4 employers offering transportation programs/benefits to encourage non-Single Occupancy Vehicle (SOV) travel	Yes	Not Available	New Measure	Not Available	New Measure	40

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Circulator

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Circulator Passengers	Yes	Not Available	Not Available	Not Available
Seasonally Adjusted Annual Rate	Yes	Not Available	Not Available	Not Available
Total amount of Circulator fare revenue collected	Yes	Not Available	Not Available	Not Available
Total cost to operate Circulator	Yes	Not Available	Not Available	Not Available

2. Green Infrastructure Maintenance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Maintaining green infrastructure	Yes	Not Available	Not Available	New Measure

3. Street Tree Maintenance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Maintaining the safety of our street tree population	Yes	Not Available	Not Available	Not Available
Street Tree Removal	Yes	Not Available	Not Available	Not Available

4. Roadway Repairs

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Potholes Filled	Yes	Not Available	Not Available	Not Available

5. Street Light Asset Management

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of studies requested or prepared, ore contracted by DDOT	Yes	Not Available	Not Available	New Measure
Street Light Maintenance	Yes	Not Available	Not Available	Not Available

6. Traffic Signal Maintenance

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Traffic Safety Maintenance	Yes	Not Available	Not Available	Not Available

7. Public Engagement Training for Eligible Staff

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Public Engagement Training for Eligible Staff	Yes	Not Available	Not Available	Not Available

8. Fleet Operations

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Fleet Operations	Yes	Not Available	Not Available	Not Available

9. Street Car

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Streetcar Passengers	Yes	Not Available	Not Available	Not Available

10. Urban Forest Preservation

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Preserving the Street Tree Canopy	Yes	Not Available	Not Available	Not Available

11. Public Space Permitting

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of public space inspections	Yes	Not Available	Not Available	Not Available

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Table KV0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$40,445,446	$45,332,790	$45,487,969	0.3
FTEs	231.9	267.0	265.0	-0.7

The mission of the Department of Motor Vehicles (DMV) is to promote public safety by ensuring the safe operation of motor vehicles.

Summary of Services

The DMV provides service to approximately 622,000 licensed drivers and identification card holders (out of a population of over 672,000) and 310,000 registered vehicles at four service centers. DMV conducts adjudication services and collects ticket payments for more than 2.7 million tickets each year. DMV also conducts an estimated 178,000 annual vehicle emission inspections. Combining these services into a customer centered, mission-driven organization is the responsibility of the Agency Management Division. Department performance expectations in FY 2018 are listed by functional division.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table KV0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Motor Vehicles (DMV) operates through the following 6 divisions:

Adjudication Services – provides ticket processing, notices, and hearing and hearing support services to residents and non-residents, in order to render legally sound decisions on parking, photo, and moving violations, and to ensure proper processing of violation and penalty payments for those infractions.

This division contains the following 3 activities:

- **Hearings** – provides fair and equitable reviews of ticket and permit violations for respondents so that they can resolve outstanding issues of liability;
- **Hearing Support** – provides intake, data review, records management, and administrative support functions to ensure accurate records and transmittal of information in support of adjudication hearings; and
- **Ticket Processing** – provides processed ticket information to create and maintain DMV's database, provides scheduled notifications and information to residents and non-residents of the District of Columbia, and processes and tracks fines and penalty payments for tickets issued by traffic enforcement authorities.

Vehicle Services – provides certification and inspection services to residents, businesses, and government entities so that they may legally park, drive, and sell their vehicles in the District of Columbia.

This division contains the following 4 activities:

- **Inspections** – provides safety and emission inspection services to residents and non-residents so that they can receive a timely vehicle inspection to facilitate reduced auto emissions (all vehicles) and safer vehicles (for-hire and commercial vehicles only). The air emission inspections meet the requirements of the District's Air Quality Attainment State Implementation Plan;

- **Registrations** – provides legal certification services to residents and non-residents by providing timely documentations of ownership and authority to operate, allowing them to legally drive, park, or sell their vehicles;
- **Registrations – Out of State Vehicles** – provides registration services for "for hire" vehicles whose owner is based outside of the District; and
- **International Registration Plan** – administers the District of Columbia's participation in the U.S.-based plan, which allows for the distribution of registration fees for commercial motor vehicles travelling inter-jurisdictionally through member states and provinces.

Driver Services – provides driver certification and identification services to residents to ensure they have the proper credentials to reflect identity, residence, and driving qualifications so that they may legally operate their vehicles.
Technology Services – provides integrated and reliable information systems for all DMV services and complies with District-wide technology standards and requirements.

This division contains the following 3 activities:

- **Information Technology** – operates and maintains the automated systems specific to DMV operations support, including wait-queuing, digital photos, and hearing recordings;
- **Driver and Vehicle Systems** – operates and maintains the automated systems providing support for driver and vehicle databases and service functions; and
- **Ticket Information Systems** – operates and maintains the automated systems providing support for ticketing and adjudication services.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Motor Vehicles has no division structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table KV0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR KV0 - DEPARTMENT OF MOTOR VEHICLES		**45,488**	**265.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Motor Vehicles' (DMV) proposed FY 2018 gross budget is $45,487,969, which represents a less than 1.0 percent increase over its FY 2017 approved gross budget of $45,332,790. The budget is comprised of $29,800,436 in Local funds, $9,561,270 in Special Purpose Revenue funds, and $6,126,263 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DMV'S FY 2018 CSFL budget is $29,778,865, which represents a $420,367, or 1.4 percent, decrease from the FY 2017 approved Local funds budget of $30,199,232.

CSFL Assumptions

The FY 2018 CSFL calculated for DMV included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $41,404 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $268,662 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DMV includes a reduction of $300,000 to account for a removal of one-time funding appropriated in FY 2017 for the costs associated with DMV's self-service kiosk inspection station pilot program. Additionally, a decrease of $347,626 for the Fixed Costs Inflation Factor accounts for estimates for Fleet services and a forecast of Department of General Services' commodities based on historical expenditure trends.

Agency Budget Submission

Increase: DMV proposes a net increase of $706,593 in Local funds budget across multiple divisions for professional services and Information Technology maintenance contracts. An increase of $129,606 in Contractual services supports the projected cost of licensing contract.

In Special Purpose Revenue (SPR) funds, DMV proposes an increase of $306,307 in the Vehicle Services division for a projected increase in Contractual services for the inspection contract. Additional adjustments include increases of $287,416 in the Agency Management division to support projected expenses for Fixed Costs related to Telecommunications, Security services, Rent, and Occupancy charges; and $264,364 to the Vehicles Services division to enable DMV to cover hazard pay for eligible inspection station personnel and projected overtime costs.

In Intra-District funds, DMV proposes an increase of $572,155 to the Adjudication Services division. This adjustment reclassifies the funding of 6.0 Local Full-Time Equivalents (FTEs) to Intra-District funds. Other adjustments in Intra-District funds reflect a net increase of 284,243, which supports increased contractual services costs related to the ticket processing contract with the Metropolitan Police Department (MPD).

Decrease: The proposed budget in DMV's Local funds is adjusted for a decrease of $47,271 in the Agency Management division due to the reclassification of several Fixed Costs expenses to SPR funds. The budget proposal further supports adjustments to account for a net decrease of $788,928, primarily for the reclassification of 6.0 FTEs from Local funds to Intra-District funds.

In SPR funds, DMV proposes adjustments in the Vehicle Services division, which include a reduction of $194,492 based on the elimination of 3.0 FTEs. Additionally, a reduction of $1,362,449 is proposed across multiple divisions based on lower revenue projections.

Mayor's Proposed Budget

Shift: The DMV's budget proposal reflects an increase of $12,326,063 and 14.0 FTEs in Special Purpose Revenue funds to support establishment of the District's traffic enforcement program in DMV. This increase is offset by reductions of $6,276,728 to Local funds and $6,049,335 and 14.0 FTEs to Intra-District funds budgets. This shift in funding will exclusively allow DMV to support the ticket processing and adjudication activities.

District's Proposed Budget

Enhance: The Local funds budget proposal for the Department of Motor Vehicles includes a one-time increase of $200,000 to the Technology Services program that will be used to support costs associated with upgrades to the DMV computer system for licensing/voter registration, per the Automatic Voter Registration Amendment Act of 2015. The budget proposal in Local funds also reflects adjustments to the Driver Services program, which includes an increase of $168,000 to support implementation of the Bicycle and Pedestrian Safety Amendment Act of 2016, and a one-time funding increase of $50,000 and 1.0 FTE to support driver's license and identification card service functions within the agency related to the returning citizens' Portal of Entry initiative.

Shift: The budget proposal reflects a shift of $12,326,063 and 14.0 FTEs within the Adjudication Services division from Special Purpose Revenue funds, of which $6,276,728 is reallocated to Local funds, and $6,049,335 and 14.0 FTEs is reallocated to Intra-District funds. These adjustments will enable DMV to fully fund the ticket processing contract with the Metropolitan Police Department. Furthermore, the budget proposal reflects reallocation of $396,430 from Local funds to Special Purpose Revenue funds in support of Motor Vehicle Inspection Station activities.

Agency Performance Plan*

Department of Motor Vehicles (DMV) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Make it easier, faster and friendlier to do business with DMV.
2. Ensure a skilled and diverse workforce for quality customer service.
3. Ensure the integrity, security and safety of DMV's in-person, by mail and online processes and operations.
4. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Make it easier, faster and friendlier to do business with DMV. (4 Activities)

Activity Title	Activity Description	Type of Activity
Title and Register Vehicles	Titles and registers vehicles by providing legal certification services to residents and non-residents by providing timely documentations of ownership and authority to operate, allowing them to legally drive, park, or sell their vehicles.	Daily Service
Issue Driver Licenses and Identification Cards	Issue driver licenses and identification cards by providing driver certification and identification services to residents to ensure they have the proper credentials to reflect identity, residency, and driving qualifications so they may legally operate their vehicles.	Daily Service
Adjudicate Tickets	Adjudicate parking, moving, and photo enforcement tickets by providing fair and equitable reviews of ticket and permit violations for respondents so they can resolve outstanding issues of liability.	Daily Service
Inspect Vehicles for Emissions and Safety	Inspect vehicles for emissions and safety inspection services to residents and non-residents to facilitate reduced auto emissions (all vehicles) and safer vehicles (for-hire and commercial vehicles only).	Daily Service

2. Ensure a skilled and diverse workforce for quality customer service. (2 Activities)

Activity Title	Activity Description	Type of Activity
Provide Customer Service Training	Provide customer service training to all DMV employees to ensure they provide friendly and professional service during all transactions.	Daily Service

(Continued on next page)

2. Ensure a skilled and diverse workforce for quality customer service. (2 Activities)

Activity Title	Activity Description	Type of Activity
Provide Annual Employee Customer Service Training	Consistent and accurate information, along with professional and friendly employees are a necessity for service excellence. Therefore, by September 2017, DMV will train 90% of frontline employees on customer service techniques.	Daily Service

3. Ensure the integrity, security and safety of DMV's in-person, by mail and online processes and operations. (2 Activities)

Activity Title	Activity Description	Type of Activity
New Licensing and Registration System	DMV has a requirement for a modernized, state-of-the-art driver license and motor vehicle information system. DMV seeks to acquire contract services for the development, customization and systems integration for new application software for the licensing/registration system. This is a multi-year capital project with an estimated implementation date of 2020.	Key Project
New Ticket Processing System	DMV is proposing the replacement to the existing contractor hosted ticket processing system with a new state-of-the-art technology solution for processing/ adjudicating tickets. DMV will seek the service of a contractor to develop, license, install, maintain, and support a web-based ticket processing system, which contains data, images, video, and transactions for tickets issued to drivers and vehicles in the District. This is a multi-year capital project with an estimated implementation date of 2021.	Key Project

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, “What does the agency need to measure to determine success?”

1. Make it easier, faster and friendlier to do business with DMV. (5 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Average adjudication customer wait time in minutes	No	11	11	25	20	20
Average cost per license/ID issued	No	Not Available	Not Available	39.4	39.4	39.4
Average service center customer wait time in minutes	No	25	25	35	30	30
Percent of mail adjudication hearings for parking and moving violations completed within 90 days of request	No	71%	21.3%	80%	80%	80%
Percent of mail adjudication hearings for photo violations completed within 150 days of request	No	99%	40.5%	75%	75%	75%

2. Ensure a skilled and diverse workforce for quality customer service. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of customers rating Adjudication Services as satisfactory or better	No	96%	98.4%	84%	88%	88%
Percent of customers rating Driver Services as satisfactory or better	No	84%	87%	85%	85%	85%
Percent of customers rating overall DMV service as satisfactory or better	No	86%	88.8%	85%	85%	85%
Percent of customers rating Vehicle Services as satisfactory or better	No	94%	94.7%	87%	90%	90%

3. Ensure the integrity, security and safety of DMV's in-person, by mail and online processes and operations. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of ID cards renewed online	No	0%	0.2%	0%	0%	0%
Percent of licenses renewed online	No	1%	9.6%	0%	0%	0%
Percent of registrations renewed online	No	72%	72.7%	66%	67%	67%
Percent usage of main online driver/vehicle services transactions	No	69%	66.9%	50%	60%	60%

4. Create and maintain a highly efficient, transparent and responsive District government.** (10 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement- Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Percent of correspondence addressed within citywide standard of 15 days	No	97%	95.8%	95%	95%	95%
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Title and register vehicles

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of vehicle registrations issued	No	Not Available	Not Available	258,223

2. Issue driver licenses and identification cards

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of driver licenses issued	No	Not Available	Not Available	116,361
Number of identification cards issued	No	Not Available	Not Available	36,158

3. Adjudicate parking, moving and photo enforcement tickets

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of moving tickets adjudicated	No	Not Available	Not Available	28,899
Number of parking tickets adjudicated	No	Not Available	Not Available	214,724
Number of photo tickets adjudicated	No	Not Available	Not Available	77,304
Percent of adjudicated moving tickets dismissed	No	Not Available	Not Available	77.6%
Percent of adjudicated parking tickets dismissed	No	Not Available	Not Available	57.1%
Percent of adjudicated photo tickets dismissed	No	Not Available	Not Available	26.7%
Percent of moving tickets adjudicated	No	Not Available	Not Available	45%
Percent of parking tickets adjudicated	No	Not Available	Not Available	13.9%
Percent of photo tickets adjudicated	No	Not Available	Not Available	6.9%

4. Inspect vehicles for emissions and safety

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of vehicle inspections	No	Not Available	Not Available	177,663

5. New licensing and registration system

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Cost of new licensing/registration system	No	Not Available	Not Available	0

6. New Ticket Processing System

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Cost of new ticket processing system	No	Not Available	Not Available	0

7. Provide customer service training

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Percent of employees trained on customer service	No	Not Available	Not Available	97%

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department of Energy and Environment

Table KG0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$85,502,613	$108,912,455	$128,321,271	17.8
FTEs	337.4	380.8	393.4	3.3

The mission of the Department of Energy and Environment (DOEE) is to improve the quality of life for the residents and natural inhabitants of the nation's capital by protecting and restoring the environment, conserving our natural resources, mitigating pollution, increasing access to clean and renewable energy, and educating the public on ways to secure a sustainable future.

Summary of Services

The agency's core responsibilities include, but are not limited to, enforcing environmental regulations; monitoring and assessing environmental risks; developing energy and environmental policies; issuing permits; and providing residents and local businesses with funding, technical assistance, and information on initiatives designed to ensure a more resilient and sustainable city.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table KG0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The Department of Energy and Environment operates through the following 9 divisions:

Natural Resources – conserves, protects, and improves the soil, water, and living resources of the District of Columbia, and protects its aquatic resources from pollution and degradation.

This division contains the following 4 activities:

- **Fisheries and Wildlife** – develops, supports and implements programs for urban fish and wildlife conservation, protection, recreation, and sustainability;
- **Water Quality** – restores and protects the surface and ground waters of the District by setting and enforcing water quality standards, monitoring and assessing the quality of the waters and aquatic resources, and developing and implementing policies to protect and restore water quality and aquatic resources;
- **Watershed Protection** – conserves the soil and water resources of the District and protects its watersheds from nonpoint source pollution; and
- **Stormwater Administration** – administers the Municipal Separate Storm Sewer System (MS4) permit issued to the District by the United States Environmental Protection Agency (EPA) under the National Pollution Discharge Elimination System (NPDES), and ensures that permit compliance activities are prioritized, budgeted and implemented.

Environmental Services – protects public health and the environment in areas related to air quality, hazardous waste, lead, pesticides, and underground storage of petroleum products.

This division contains the following 3 activities:

- **Toxic Substances** – protects human health and the environment from the potential hazards associated with toxic substances (pesticides), hazardous waste, underground storage of petroleum products, and the redevelopment of environmentally contaminated properties;
- **Air Quality** – ensures the implementation of, and compliance with, the District's air quality laws; and
- **Lead-Safe and Healthy Housing** – protects the health of District residents by monitoring lead safety throughout the District's housing stock and by raising awareness of other residential environmental and safety hazards.

Community Relations – manages public affairs and community education programs for DOEE. The division coordinates educational outreach activities including promotional events, educational workshops, and seminars, to engage the regulated community, businesses, and residents of the District on DOEE programs and services. The division also develops printed materials and manages DOEE's doee.dc.gov website.

Energy – is a single resource for energy efficiency and renewable energy programs, products and services for residential, commercial, institutional, and government sectors in the District of Columbia. The division develops energy-related policies and plans, and coordinates and facilitates the overall effort of the District government to achieve reliable, clean and affordable energy. The division also provides direct financial assistance and discounts to low-income residents to help offset their energy bills.

This division contains the following 4 activities:

- **Energy Efficiency and Conservation** – helps residents and businesses reduce their energy consumption by providing technical and financial assistance to help identify and install audit-recommended energy efficiency measures, provides financing solutions to help commercial property owners implement energy efficiency improvements, and educates District residents about the efficient and safe use of energy;

- **Energy Affordability** – assists low-income residents with their energy and utility bills, including emergency and non-emergency financial assistance and utility discounts;
- **Energy Assistance Benefit Payments** – identifies funding available for Low-Income Home Energy Assistance Program (LIHEAP) payments; and
- **Utilities Management –** directs and coordinates the implementation of energy efficiency and renewable energy programs administered by DOEE, administers the District of Columbia Sustainable Energy Utility contract, develops and recommends energy policies, provides advice on current or future utility rate cases, and drafts the District's energy assurance and resiliency plans.

Enforcement and Environmental Justice – develops and implements effective practices to support DOEE enforcement efforts. The office works directly with DOEE's environmental enforcement programs by coordinating planning, providing training, developing standard procedures, and managing the civil infractions program. The office serves as the lead agency contact for enforcement matters involving EPA Region 3.

Green Economy – drives growth of the green economy by encouraging green businesses, green buildings, and green jobs, and pursues the research and creation of market-based incentives that jointly promote environmental sustainability and economic development. The division provides environmental education, community outreach, hands-on field experience, and green job skill development to District residents between the ages of 14 and 21.

Urban Sustainability – develops innovative policies and programs to address sustainability, green building, climate change, equity, and sustainable materials management. The division also oversees the implementation of Sustainable DC, the District's sustainability plan.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Energy and Environment has no division structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table KG0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR KG0 - DEPARTMENT OF ENERGY AND ENVIRONMENT		**128,321**	**393.4**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of Energy and Environment's (DOEE) proposed FY 2018 gross budget is $128,321,271, which represents a 17.8 percent increase over its FY 2017 approved gross budget of $108,912,455. The budget is comprised of $18,115,386 in Local funds, $28,787,162 in Federal Grant funds, $79,367,391 in Special Purpose Revenue funds, and $2,051,331 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOEE's FY 2018 CSFL budget is $17,175,878, which represents a $950,290, or 5.2 percent, decrease from the FY 2017 approved Local funds budget of $18,126,168.

CSFL Assumptions

The FY 2018 CSFL calculated for DOEE included adjustment entries that are not described in detail on table 5. These adjustments include a decrease of $8,103 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, and an increase of $20,547 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

CSFL funding for DOEE includes a reduction of $1,050,000 to account for the removal of one-time funding appropriated in FY 2017 for the costs of an airplane noise study, the DC Water Anaerobic Digester Use study, the design of the Kingman Island Environmental Center, a study to determine the potential for a municipally owned electric utility, and a grant to engage unemployed youth in Anacostia River clean-up. Additionally, an increase of $87,266 for Fixed Costs Inflation Factor accounts for estimates for fleet services.

Agency Budget Submission

Increase: The DOEE Local budget proposes increases of $385,678, primarily in the Energy division, and $752 to support the cost of agency managed Fixed Costs for Telecommunications.

In Federal Grant funds, the budget proposal reflects an increase of $870,700 based on anticipated grant carryover that supports projected contractual costs for stream restoration. Other adjustments include a net increase of $484,489, to align budget with operational spending. This increase is supported by a new Boating Access grant in the Fish and Wildlife program. The budget proposal in Federal Grant funds is further adjusted for an increase of $15,300 to support agency-managed Fixed Costs for Telecommunications.

In Special Purpose Revenue (SPR) funds, the budget proposal reflects an increase of $7,996,830 primarily to cover professional services fees, sub-granting, and inter-agency transfers primarily in the Renewable Energy Development Fund (REDF). REDF supports the creation of new solar energy sources in the District. This adjustment also enables DOEE to purchase a large scanner and computer equipment in the Watershed Protection division. Additionally, an increase of $3,673,785 across multiple divisions allows DOEE to fund contractual costs primarily related to the Stormwater Permit Review Fund. Other adjustments in SPR funds include an increase of $1,951,400 to support an additional 19.2 Full-Time Equivalents (FTEs), which includes the reclassification of 1.0 FTE from Local funds and 5.8 FTEs from Federal Grant funds and 12.4 FTEs for newly added positions. These positions support various initiatives within the agency.

In Intra-District funds, DOEE proposes a budget increase of $176,794, with a reduction of 0.4 FTE to align funding with various Memorandum of Understanding (MOU) agreements with District agencies. Specifically, this adjustment impacts MOU agreements with the Department of Consumer and Regulatory Affairs for the implementation of the Green Building Act requirements, the Child and Family Services

Agency for lead inspection services, the Department of Motor Vehicles for air quality inspections, and the Department of Employment Services to support the Youth Green Zone Employment program.

Decrease: In Local funds, the proposed budget reflects a decrease of $163,328 as a result of the reclassification of 1.0 FTE to the SPR funds budget. Other adjustments include a decrease of $273,102 to align the budget with projected spending across divisions, primarily for professional services fees, and equipment related costs.

The proposed Federal Grants budget reflects a decrease of $41,517 based on projections for the Hazardous and Toxic Waste Clean-Up grant carryover from prior years, and a decrease of $478,518 accounts for the reclassification of 5.8 FTEs to Special Purpose Revenue funds.

Mayor's Proposed Budget

Enhance: DOEE's budget proposal in Local funds reflects a one-time increase of $400,000 to the Urban Sustainability division. Of this amount, $200,000 supports the implementation of recommendations in the Climate Ready DC report, and $200,000 funds the creation of the required five-year update to the Sustainable DC plan.

Transfer-Out: The proposed budget in Local funds includes a transfer of $34,000 from the Urban Sustainability division to the Department of Employment Services' Labor Standards division for the enforcement of transit benefit programs for employers in the District. This budget proposal also includes the elimination of 0.5 FTE.

District's Proposed Budget

Enhance: The budget proposal for DOEE reflects an increase of $2,200,000 in Local funds to implement Section 5 (the Childhood Development Center portion) of the Childhood Lead Exposure Prevention Amendment Act of 2017 (B22-29), and a one-time increase of $150,000 to support Phase 2 of the DCA Airplane Noise Assessment study. Additionally in Local funds, DOEE's proposed budget is increased by $116,000 and 1.0 FTE in the Enforcement and Environmental Justice division as a technical adjustment in funding allocation from the Non-Departmental Account to support the Carcinogenic Flame Retardant Prohibition Amendment Act of 2016 (B21-143).

In Special Purpose Revenue funds, an increase of $2,927,828 for the Energy Assistance Trust Fund enables the District to increase Low Income Home Energy Assistance Program (LIHEAP) benefits to recipients.

Shift: The budget proposal reflects a shift of $1,842,492 from Local funds to Special Purpose Revenue funds to align resources with projected operational spending across multiple divisions.

Agency Performance Plan*

Department of Energy and Environment (DOEE) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Conserve the natural environment and wildlife of the District, and restore and protect aquatic resources from pollution and degradation.
2. Protect the public health of all District residents by improving the environment in areas related to air, soil, and indoor pollution.
3. Reduce the energy burden on the District's most vulnerable and low income populations, reduce overall energy consumption, and increase the use of renewable energy generated in the District, and enhance reliability, resiliency, and environmental performance of energy systems in the District.
4. Increase engagement with District residents, businesses, and institutions in meaningful and equitable ways to increase understanding and adoption of innovative sustainability practices, and implement cutting edge programs and policies that ensure the District remains a national and international leader in areas of sustainability, green building deployment, and climate change mitigation and adaptation.
5. Administer efficient and effective environmental enforcement operations, strategies, and outreach that bring polluters into compliance with the District's environmental laws.
6. Create and maintain a highly efficient, transparent, and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Conserve the natural environment and wildlife of the District, and restore and protect aquatic resources from pollution and degradation. (1 Activity)

Activity Title	Activity Description	Type of Activity
Natural Resources Services	The DOEE Natural Resources Administration oversees fisheries and wildlife, water quality, watershed protection, and stormwater management in the District. It provides certification, review, and technical services to businesses, federal and District government agencies, and District residents through licensing, inspections, monitoring, permitting, and technical assistance. It also provides natural resources education and outreach and demonstrates new technologies to protect natural resources.	Daily Service

2. Protect the public health of all District residents by improving the environment in areas related to air, soil, and indoor pollution. (1 Activity)

Activity Title	Activity Description	Type of Activity
Environmental Health Services Performed by Agency	The DOEE Environmental Services Administration works to reduce hazards and contaminants in District land, air, water, and homes by certifying facilities and professional service providers, reviewing plans, issuing permits, conducting inspections, and recommending new policy directions. Specific programs include lead poisoning prevention, healthy homes, air quality, pesticides, hazardous waste, underground storage tanks, and contaminated site remediation.	Daily Service

3. Reduce the energy burden on the District's most vulnerable and low income populations, reduce overall energy consumption, and increase the use of renewable energy generated in the District, and enhance reliability, resiliency, and environmental performance of energy systems in the District. (1 Activity)

Activity Title	Activity Description	Type of Activity
Energy Services Provided by Agency	The DOEE Energy Administration provides advice and recommendations to the Mayor on current or impending energy related problems, and serves as the lead entity to develop and implement a comprehensive long-range District energy plan to achieve maximum effective management and use of present and future sources of energy. It administers energy efficiency and renewable energy programs that help District residents use less energy and generate on-site clean energy, and provides direct financial assistance and discounts to low-income residents to help offset their energy bills.	Daily Service

4. Increase engagement with District residents, businesses, and institutions in meaningful and equitable ways to increase understanding and adoption of innovative sustainability practices, and implement cutting edge programs and policies that ensure the District remains a national and international leader in areas of sustainability, green building deployment, and climate change mitigation and adaptation. (1 Activity)

Activity Title	Activity Description	Type of Activity
Sustainability and Engagement	The DOEE Urban Sustainability Administration develops innovative policy and programming to address environmental challenges and increase sustainability in the District. It coordinates programs and communications with sister agencies, the Mayor's office, and non-government stakeholders to promote widespread adoption of sustainable practices through implementation of the District's Sustainable DC Plan, waste reduction initiatives, green building policy and programs, greenhouse gas emission reductions, and climate change resiliency planning.	Daily Service

5. Administer efficient and effective environmental enforcement operations, strategies, and outreach that bring polluters into compliance with the District's environmental laws. (1 Activity)

Activity Title	Activity Description	Type of Activity
Enforcement Services Performed by Agency	The DOEE Office of Enforcement and Environmental Justice develops and implements effective practices to support DOEE enforcement efforts. The office works directly with DOEE's environmental enforcement programs by coordinating planning, providing training, developing standard procedures, and managing the civil infractions program. The office serves as the lead agency contact for enforcement matters involving U.S. Environmental Protection Agency (EPA) Region 3.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Conserve the natural environment and wildlife of the District, and restore and protect aquatic resources from pollution and degradation. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of District land retrofitted with green infrastructure that prevents stormwater runoff from becoming pollution	No	Not Available	Not Available	Not Available	2.2%	3.6%
Square footage of green roofs installed	No	135,275	249,991	200,000	225,000	225,000

2. Protect the public health of all District residents by improving the environment in areas related to air, soil, and indoor pollution. (5 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Compliance rate of permitted minor sources, e.g., gas stations and drycleaners, inspected	No	100%	100%	80%	85%	80%
Compliance rate of underground storage tanks inspected	No	79%	78.8%	83%	85%	85%
Number of days in which ozone levels exceed the National Ambient Air Quality Standards	No	3	5	12	12	8
Percent of properties with identified lead-based paint hazards that are issued an Enforcement Order or a Notice related to the identification of a lead-based paint hazard within 28 days of the property's risk assessment	No	83%	88.2%	100%	100%	90%
Percent of children with a newly identified blood lead level of five µg/dL or greater, out of all District children less than six years old, who had a blood lead test during the fiscal year	No	1.3%	Not Available	1.2%	1.1%	1%

3. Reduce the energy burden on the District's most vulnerable and low income populations, reduce overall energy consumption, and increase the use of renewable energy generated in the District, and enhance reliability, resiliency, and environmental performance of energy systems in the District. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Compliance rate of energy benchmarking	No	83%	86.1%	90%	90%	90%
Number of low-income units weatherized	No	398	0	220	220	220
Number of solar installations incentivized for renewable energy for low income residents	No	151	169	140	140	140
Percent of renewable energy usage in the District	No	13%	13.6%	14.5%	13.5%	14%

4. Increase engagement with District residents, businesses, and institutions in meaningful and equitable ways to increase understanding and adoption of innovative sustainability practices, and implement cutting edge programs and policies that ensure the District remains a national and international leader in areas of sustainability, green building deployment, and climate change mitigation and adaptation. (4 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Number of Leadership in Energy and Environment Design (LEED) certified projects in the District	No	572	611	600	600	675
Percent of actions in the Sustainable DC Plan complete	Yes	69%	79.7%	70%	79%	78%
Percent of actions in the Sustainable DC Plan under way	No	69%	79.7%	70%	79%	78%
Percent of greenhouse gas emissions reduction from the 2006 baseline year to meet 2050 goal	No	23%	23.3%	25%	27%	29%

5. Administer efficient and effective environmental enforcement operations, strategies, and outreach that bring polluters into compliance with the District's environmental laws. (1 Measure)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Compliance rate achieved through Notices of Infraction	No	50%	45.7%	55%	60%	65%

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. Sustainability and engagement activities performed by the agency

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of businesses and institutions participating in sustainability pledges or challenges	No	Not Available	Not Available	290
Number of school visits, community meetings, and events where environmental and sustainability programs, activities, and initiatives are promoted	No	Not Available	Not Available	87
Number of social media posts and electronic communications containing environmental and sustainability engagement messaging	No	Not Available	Not Available	2,037

2. Natural resources services performed by agency

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of Aquatic Resources Education Center visitors	No	Not Available	Not Available	2,135
Number of Bag Law inspections	No	Not Available	Not Available	570
Number of coal tar inspections	No	Not Available	Not Available	59
Number of Foam Ban inspections	No	Not Available	Not Available	Not Available
Number of installations for RiverSmart Communities Program	No	Not Available	Not Available	12
Number of MS4 outfalls inspected	No	Not Available	Not Available	192
Number of Muncipal Separate Storm Sewer System (MS4) facilities inspected	No	Not Available	Not Available	124
Number of rain gardens installed by RiverSmart Homes	No	Not Available	Not Available	66
Number of requests to respond to potential spills, releases, and other potential environmental emergencies	No	Not Available	Not Available	172
Number of RiverSmart Homes audits	No	Not Available	Not Available	1,032

(Continued on next page)

2. Natural resources services performed by agency

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
performed				
Number of stormwater management and erosion/sediment control inspections	No	Not Available	Not Available	5,594

3. Environmental health services performed by agency

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of asbestos inspections conducted	No	Not Available	Not Available	200
Number of Brownfield assessments completed	No	Not Available	Not Available	0
Number of contaminated site clean-ups under regulatory oversight in the District	No	Not Available	Not Available	163
Number of full-compliance evaluations of Title V facilities	No	Not Available	Not Available	19
Number of hazardous waste inspections conducted	No	Not Available	Not Available	55
Number of open leaking UST remediation sites under regulatory oversight	No	Not Available	Not Available	420
Number of pesticide marketplace inspections conducted	No	Not Available	Not Available	67
Number of Significant Operational Compliance inspections of underground storage tanks conducted	No	Not Available	Not Available	80

4. Energy services provided by agency

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of buildings reporting ENERGY STAR benchmarking data to DOEE	No	Not Available	Not Available	1,580
Number of households receiving energy assistance	No	Not Available	Not Available	23,820

5. Enforcement services performed by the agency

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Amount collected from fines and penalties	No	Not Available	Not Available	$178,274
Number of Notices of Infraction processed	No	Not Available	Not Available	474

Performance Plan Endnotes

*For more information about the structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Department of For-Hire Vehicles

Telephone: 202-645-7300

Table TC0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$13,242,190	$12,109,966	$13,834,180	14.2
FTEs	58.2	64.0	71.0	10.9

The mission of the Department of For-Hire Vehicles (DFHV) is to protect the public interest by regulating the vehicle-for-hire industry to allow the citizens and visitors of the District of Columbia to have safe, affordable, and accessible transportation options.

Summary of Services

The Department of For-Hire Vehicles provides licensing, adjudication, enforcement, and client services for approximately 100,000 drivers, over 60 taxicab companies/associations, and over 20 limousine companies, as well as District residents and visitors who use public and private vehicle-for-hire in District of Columbia.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table TC0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Department of For-Hire Vehicles operates through the following 6 programs:

Operations – provides complaint and conflict resolutions, research, audits and company account management.

This program contains the following 5 activities:

- **Complaints**– documents, investigates the validity of information, conducts resolution conferences to determine effective remedies, and prepares notices of infractions for unresolved complaints;
- **Account Management** – reviews services provided to taxi and limousine companies, private vehicles for-hire, and dispatch services for consistency and identifies issues and solutions. This program proactively advises clients to minimize non-compliance, ensure clients are satisfied with services being received, and reviews annual operating authority applications;
- **Hearings and Conflict Resolution –** conducts hearings adjudications, appeals, and any form of conflict resolution including mediation;
- **Research**– provides industry data, knowledge, and awareness of trends for the purpose of planning, assessment, and rulemaking; and
- **Audit** – monitors for compliance with applicable laws, regulations, policies and practices. Safeguards against programmatic fraud, waste, abuse and mismanagement. Promotes transparency and consistency in the agency's processes and operational activities.

Field Compliance and Enforcement – provides enforcement, compliance, and oversight of public vehicle-for-hire companies; performs field inspections and issues notices of infractions; and conducts training courses for license applicants and refresher courses for existing license holders to ensure behavioral standards and adherence to District law and DFHV regulations.

Marketing and Outreach – provides updated facts pertaining to operations, rulemaking, and media through various communication platforms including press releases, testimony and speech preparation, and website management; maintains awareness of the market; and coordinates the promotion of a positive public image.

This program contains the following 2 activities:

- **Marketing** – engages the public, directs communications with stakeholders through multiple channels; and promotes a positive brand association; and
- **Outreach and Public Information** – communicates with groups, organizations, and individuals to inform them of agency procedures and regulations and solicits feedback to enhance public awareness.

Client Services – provides customer services to passengers, drivers and companies.

This program contains the following 2 activities:

- **Driver Service** – accepts applications for driver licensing and vehicle registration and issues new licenses and renewals; and
- **Company Services** – accepts and reviews operating authority applications, fleet licensing, and registered agent transactions.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Department of For-Hire Vehicles has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table TC0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR TC0 - DEPARTMENT OF FOR-HIRE VEHICLES		**13,834**	**71.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Department of For-Hire Vehicles' (DFHV) proposed FY 2018 gross budget is $13,834,180, which represents a 14.2 percent increase over its FY 2017 approved gross budget of $12,109,966. The budget is comprised of $4,095,397 in Local funds, $9,538,784 in Special Purpose Revenue funds, and $200,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DFHV's FY 2018 CSFL budget is $4,113,226, which represents a $45,708, or 1.1 percent, increase over the FY 2017 approved Local funds budget of $4,067,518.

CSFL Assumptions

The FY 2018 CSFL calculated for DFHV included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $7,388 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Additionally, an increase of $38,320 for the Fixed Cost Inflation Factor accounts for estimates for Fleet services.

Agency Budget Submission

Increase: Proposed adjustments in Special Purpose Revenue (SPR) funds include an increase of $1,181,826 across multiple programs to support an additional 7.0 FTEs. This adjustment enables DFHV to hire four positions in the Field Compliance and Enforcement program and three in the Agency Management program in support of an expanded scope of the agency's responsibility to regulate both private and public vehicles for hire. An increase of $569,510 across multiple programs, which is based on FY 2018 revenue projections, includes the following: $275,958 to cover projected costs for technology enhancements for computer applications, increased licensing costs, and additional temporary services for several projects; $193,552 to support an upgrade of radios for the Enforcement Officers and technology refresh for old computers; and $100,000 to support the expansion of successful grant programs for electric taxis, wheelchair-accessible vehicles, and the neighborhood rides service. Furthermore, DFHV proposes an increase of $30,000 in SPR funds in the Agency Management program to adequately fund agency managed Fixed Costs for Telecommunication estimates.

In Intra-District (ID) funds, DFHV's budget proposal for nonpersonal services includes an increase of $40,294 across multiple programs to support anticipated spending requirements for professional services and audit costs. The proposed ID funds budget is based on a Memorandum of Understanding with the Department of Motor Vehicles for out-of-state licensing.

Decrease: The proposed budget in SPR funds reflects a decrease of $85,000 across multiple programs, which is based on DFHV's projection to reduce contractual services costs related to the Audit and Compliance and anonymous rider contracts. The proposed budget in ID funds reflects a reduction of $40,294 in nonpersonal services based on reduced cost projections for office supplies and equipment in the Agency Management program.

Mayor's Proposed Budget

No Change: The Department of For-Hire Vehicles' budget proposal reflects no change from the agency budget submission to the Mayor's Proposed Budget.

District's Proposed Budget

Enhance: The budget proposal for the Department of For-Hire Vehicles includes a one-time Local funds budget increase of $200,000 in the Marketing and Outreach program. The funding supports the Transport DC initiative, which provides transportation for seniors and disabled residents.

Reduce: The Local funds budget proposal reflects a decrease of $217,829 in nonpersonal services across multiple programs, primarily in the Marketing and Outreach program.

Agency Performance Plan*

Department of For-Hire Vehicles (DFHV) has the following strategic objectives for FY 2018:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Ensure passengers have safe and excellent riding experiences.
2. Ensure economic viability and expand economic opportunities for the vehicle-for-hire industry.
3. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Ensure passengers have safe and excellent riding experiences. (5 Activities)

Activity Title	Activity Description	Type of Activity
For-Hire Vehicle Enforcement	Performs field inspections 24/7 and issues notices of infraction.	Daily Service
Client Services	Assists with the retrieval of lost items and takes action to fulfill service inquiries.	Daily Service
Records Review and Assessment	Reviews vehicle records of public vehicle-for-hire companies to ensure compliance with regulatory requirements of Title 31.	Daily Service
Community Outreach and Public Engagement	Communicates with groups, organizations, and individuals to inform them of agency procedures and regulations and solicits feedback to enhance public awareness.	Daily Service
Resolves Complaints	Documents, investigates the validity of information, conducts resolution conferences to seek resolution to determine effective remedies, and prepares notices of infraction for unresolved complaints.	Daily Service

2. Ensure economic viability and expand economic opportunities for the vehicle-for-hire industry. (2 Activities)

Activity Title	Activity Description	Type of Activity
Research of For-Hire Vehicle Industry	Provides industry data, knowledge, and awareness of trends for the purpose of planning, assessment, and rulemaking.	Daily Service
Innovations And Technology Support	Provides Innovative solutions and technology support.	Daily Service

3. Create and maintain a highly efficient, transparent and responsive District government.** (4 Activities)

Activity Title	Activity Description	Type of Activity
Client Services for Operators	Accepts applications for driver licensing and vehicle registration and issues new licenses and renewals.	Daily Service
Account Management	Accepts and reviews operating authority applications, fleet licensing, registered agent transactions, and manages strategic account relationships.	Daily Service
Innovations And Technology Support	Provides Innovative solutions and technology support.	Daily Service
Marketing	Engages the public, directs communications with stakeholders through multiple channels; and promotes a positive brand association.	Daily Service

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, "What does the agency need to measure to determine success?"

1. Ensure passengers have safe and excellent riding experiences. (2 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Percent of complaints processed on-time within 30 days	No	Not Available	Not Available	Not Available	90%	93%
Percent of warnings to overall tickets issue by Vehicle Inspection Officers	Yes	Not Available	New Measure	Not Available	New Measure	35%

2. Ensure economic viability and expand economic opportunities for the vehicle-for-hire industry. (3 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Economic contributions by for-hire vehicles	No	Not Available	Not Available	Not Available	$400,000,000	$600,000,000
Percent of agency budget allocated to grants	Yes	Not Available	New Measure	Not Available	New Measure	30%
Percent of licenses processed on-time within 10 days	No	Not Available	Not Available	Not Available	90%	90%

3. Create and maintain a highly efficient, transparent and responsive District government.** (9 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Budget- Federal funds returned	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Budget- Local funds unspent	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement-Contracts lapsed into retroactive status	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Contracts/Procurement-Expendable Budget spent on Certified Business Enterprises	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

(Continued on next page)

3. Create and maintain a highly efficient, transparent and responsive District government.** (9 Measures)

Measure	New Measure/ Benchmark Year	FY 2015 Actual	FY 2016 Actual	FY 2016 Target	FY 2017 Target	FY 2018 Target
Customer Service- Meeting Service Level Agreements	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee District residency	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Employee Onboard Time	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Human Resources- Vacancy Rate	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017
Performance Management- Employee Performance Plan Completion	No	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017	Forthcoming October 2017

WORKLOAD MEASURES

Workload Measures, also called inputs or outputs, quantify an activity, effort or process that is necessary to make progress towards the Strategic Objectives. They help answer the question; "How much are we doing?"

1. For-Hire Vehicle Enforcement

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of insured vehicles during inspections	No	Not Available	Not Available	Not Available
Number of safety inspections conducted	No	Not Available	Not Available	Not Available

2. Research of For-Hire Vehicle Industry

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of public research reports completed	No	Not Available	Not Available	Not Available

3. Client Services

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of recovered items reunited with owners	No	Not Available	Not Available	Not Available

4. Client Services for Operators

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of driver application processed	No	Not Available	Not Available	Not Available

5. Account management

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of company application processed (taxicab/limo companies and other businesses)	No	Not Available	Not Available	Not Available

6. Innovations and technology support

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of new service or product pilots to improve passenger riding experiences	Yes	Not Available	Not Available	New Measure

7. Records Review and Assessment

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of audits conducted	Yes	Not Available	Not Available	New Measure

8. Community Outreach and Public Engagement

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of people engaging in community outreach events	Yes	Not Available	Not Available	New Measure

9. Resolves Complaints

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of disputes resolved	No	Not Available	Not Available	Not Available

10. Marketing

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Actual	FY 2016 Actual
Number of public service announcements	Yes	Not Available	Not Available	New Measure

Performance Plan Endnotes

*For more information about the new structure and components of FY 2018 draft performance plans, please see the FY 2018 Proposed Budget and Financial Plan, Volume 1, Appendix E.

**"Create and maintain a highly efficient, transparent and responsive District government" is a new Strategic Objective this year required for all agencies.

***Key Performance Indicators that are new may not have historical data and may only have FY 2018 targets.

Washington Metropolitan Area Transit Commission

www.wmatc.gov
Telephone: 301-588-5260

Table KC0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$126,569	$139,038	$141,000	1.4

The mission of the Washington Metropolitan Area Transit Commission (WMATC) is to help assure that the public is provided passenger transportation services by fit and responsible, privately owned, for-hire licensed carriers to service the metropolitan region. This budget reflects only the District of Columbia government appropriation to the agency.

The WMATC assumed its jurisdiction in March 1961. The commission administers the delegated powers of the Washington Metropolitan Area Transit Regulation Compact, Pub. L. No. 86-794, § 1, 74 Stat. 1031 (1960), as amended by Pub. L. No. 87-767, 76 Stat. 764 (1962), Pub. L. No. 101-505, § 1, 104 Stat. 1300 (1990), and Pub. L. No. 111-160, 124 Stat. 1124 (2010). The latest amended compact is codified at District of Columbia Official Code Section 9-1103.01.

A three-member Board of Commissioners directs the WMATC. One commissioner is appointed from a District of Columbia agency with oversight of matters relating to the Commission by the Mayor of the District of Columbia; one commissioner is appointed from the Maryland Public Service Commission by the Governor of Maryland; and one commissioner is appointed from the Department of Motor Vehicles of the Commonwealth of Virginia by the Governor of Virginia. Daily operations are directed by the Executive Director and carried out by WMATC staff. The Washington Metropolitan Area Transit District (Metropolitan District) consists of the following jurisdictions:

- Arlington County, Virginia;
- City of Alexandria, Virginia;
- City of Falls Church, Virginia;
- District of Columbia;
- Fairfax County, Virginia;
- Montgomery County, Maryland;
- Prince George's County, Maryland; and
- Washington-Dulles International Airport, Loudoun County, Virginia.

The agency's FY 2018 proposed budget is presented in the following tables:

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Washington Metropolitan Area Transit Commission's (WMATC) budget represents the District's subsidy payment to the multi-jurisdictional agency. The subsidy budget is shown in this program format for comparison purposes only. The WMATC operates through the following program:

Washington Metro Transit Commission – governs the operating authority, rates, and insurance of private-sector, for-hire passenger carriers in the metropolitan region. Specifically, the agency grants operating authority to carriers such as airport shuttles, charter group buses, tour buses, handicapped transport vehicles, businesses with private and government shuttle contracts, and carriers for conventions. As part of its regulatory program, WMATC also establishes interstate taxicab rates, which are used when taxicabs cross from one signatory jurisdiction to another. WMATC's staff is a source for determination of fares for taxicab trips between the District of Columbia and area airports or other points in Maryland or Virginia that are in the metropolitan region. Staff is also available to mediate taxicab overcharge complaints regarding interstate travel.

Program Structure Change

The Washington Metropolitan Area Transit Commission has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table KC0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR KC0 - WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION		**141**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Washington Metropolitan Area Transit Commission's (WMATC) proposed FY 2018 gross budget is $141,000 which represents a 1.4 percent increase over its FY 2017 approved gross budget of $139,038. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

WMATC's FY 2018 CSFL budget is $139,038, which reflects no change from the FY 2017 approved Local funds budget of $139,038.

Agency Budget Submission

Technical Adjustment: The District of Columbia, Maryland, and Virginia share the annual operating costs of WMATC. For FY 2018, the District's proportionate share of WMATC's annual operating costs was increased by $1,962.

Mayor's Proposed Budget

No Change: The Washington Metropolitan Area Transit Commission's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Washington Metropolitan Area Transit Commission's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Table KE0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$359,096,548	$367,170,726	$430,009,315	17.1

The mission of the Washington Metropolitan Area Transit Authority (WMATA) is to provide the public with a safe, efficient and affordable means of travel. This budget reflects only the District of Columbia government appropriation to the agency, and provides funding policy recommendations and coordination of services under the direction of the District's Department of Transportation (Transit Delivery Division).

WMATA was created February 20, 1967. It is an interstate compact agency and, by the terms of its enabling legislation, an agency and instrumentality of the District of Columbia, State of Maryland, and Commonwealth of Virginia. This compact agency was created by the aforementioned states and the District of Columbia to plan, finance, construct, and operate a comprehensive public transit system for the Washington metropolitan area. A Board of Directors, with representatives from each of the three jurisdictions and the federal government, governs WMATA. The District has two voting members and two non-voting members on WMATA's Board. The Project Delivery Administration of the District's Department of Transportation (DDOT) oversees the District's funding of WMATA and recommends policy direction, develops service initiatives, and monitors service quality. DDOT's role is inclusive of all transit modes including Metrobus, Metrorail, and MetroAccess Paratransit service.

The agency's FY 2018 proposed budget is presented in the following tables:

(Change is calculated by whole numbers and numbers may not add up due to rounding)

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Washington Metropolitan Area Transit Authority (WMATA) operates through the following 4 programs:

DC-Specific (Reimbursable to WMATA) Projects – are not part of the regular jurisdictional share of the WMATA subsidy; they are programs or projects that the District pays WMATA to operate or construct. Examples of DC-Specific Projects include the following: the DC Circulator bus system, Reduced Fares, and the School Subsidy program.

This program contains the following 4 activities:

- **Circulator** – provides oversight and management for the DC Circulator bus system;
- **Metro Safety Commission - Oversight Commission -** The Metrorail Safety Commission shall have safety regulatory and enforcement authority over the WMATA Metrorail system, and shall act as the state safety oversight authority for WMATA;
- **Reduced Fares** – operates a special fare buy-down on bus-to-rail and rail-to-bus transfers in Southeast Washington; and
- **School Subsidy** – operates services associated with the School Subsidy program.

Debt Service – covers the District's annual share of financing costs for bonds sold by WMATA for the construction of the original system and for ongoing transit infrastructure rehabilitation and replacement. This payment is consistent with the Ancillary Bond Repayment Participation Agreement entered between the District of Columbia, the State of Maryland, the Commonwealth of Virginia, and the United States Secretary of Transportation.

MetroAccess – provides curb-to-curb wheelchair lift-equipped van service for persons unable to use accessible conventional bus or rail services. In the District, the service has nearly 9,200 certified riders who make approximately 54,000 trips per month. WMATA contracts with private carriers for the Paratransit service.

WMATA Operations – ensures that Metrorail and Metrobus operate efficiently and timely within the District of Columbia.

This program contains the following 2 activities:

- **Metrobus Operations** – operates approximately 350 bus routes on 135 lines throughout the metropolitan area, serving an average yearly ridership of 135 million. The District has the most concentrated level of Metrobus service in the region and the largest share of Metrobus ridership. Over half of Metrobus riders are District residents; and
- **Metrorail Operations** – operates approximately 38 miles of the Metrorail system and 40 stations in the District. It provides approximately 226.5 million trips per year. WMATA manages a total of 118 miles of track in the metropolitan area with 91 stations.

Program Structure Change

The Washington Metropolitan Area Transit Authority has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table KE0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR KE0 - WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY		**430,009**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Washington Metropolitan Area Transit Authority's (WMATA) proposed FY 2018 gross budget is $430,009,315, which represents a 17.1 percent increase over its FY 2017 approved gross budget of $367,170,726. The budget is comprised of $290,494,900 in Local funds, $85,572,185 in Dedicated Taxes, and $53,942,230 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

WMATA's FY 2018 CSFL budget is $257,915,848, which represents an $11,015,122, or 4.5 percent, increase over the FY 2017 approved Local funds budget of $246,900,726.

CSFL Assumptions

The FY 2018 CSFL calculated for WMATA included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $11,015,122 to account for projected funding in the FY 2017 Financial Plan that supports the District of Columbia's FY 2018 share of WMATA's annual operating cost.

Agency Budget Submission

Annually, the District of Columbia and the states of Maryland and Virginia, including the counties within the Greater Metropolitan Washington Area, subsidize part of the operating costs of the Metro System. In Fiscal Year 2018, WMATA reallocates funding along appropriated funds to ensure that each program receives its total share of funding.

Increase: In Local funds, the proposed budget for WMATA includes an increase of $20,241,126 across multiple programs. This increase is comprised of $20,129,848 for the Circulator Bus system, the Kids Ride Free program, and school subsidy initiatives; and $111,278 for debt service payments.

Decrease: WMATA's Local funds budget proposal reflects a decrease of $20,241,126 due to the reallocation of resources from WMATA Operations to District-Specific Projects. This adjustment aligns the agency's resources with its operational spending goals.

The proposed budget in Dedicated Taxes decreased by $6,285 based on revenue projections for Parking Taxes. In Special Purpose Revenue funds, the proposed budget decreased by $857,770 to reflect reduced revenue projections from the Circulator service.

Mayor's Proposed Budget

Enhance: In Local funds, WMATA's FY 2018 proposed budget includes an enhancement of $22,028,052, of which $21,692,052 supports the District of Columbia's share of annual subsidy to WMATA and $336,000 restores bus lines that would have otherwise been eliminated. To align funding with scheduled debt service payments, the budget includes an increase of $7,750,000**.** Also in Local funds, the budget proposal includes one-time funding in the amount of $2,000,000 to support the initiative to reduce overcrowding during peak hours on several bus routes, and it also includes an additional $750,000 to establish a new Metro Safety Commission.

To support the District of Columbia's share of annual subsidy payment to WMATA, Dedicated Taxes increased by $18,908,470 and Special Purpose Revenue funds by $1,200,000.

District's Proposed Budget

Enhance: The proposed Local funds budget includes a one-time funding increase of $51,000 to alleviate overcrowding on the D31 bus used by Shepherd Park students going to Deal and Wilson schools.

The mission of Debt Service administration is to finance the District's capital and cash flow needs, minimize the costs associated with such financing, exercise fiscally responsible debt management practices, and make timely payments of all debt service.

Summary of Services

Timely debt service payments are necessary to satisfy the District's commitments to its bondholders and to maintain its good credit standing. Under the District of Columbia Home Rule Act, the District may issue debt to finance capital projects or seasonal cash needs, subject to certain limitations. Specifically, no long-term debt may be issued that would cause total debt service on all tax-supported debt to exceed 12 percent of total General Fund expenditures in any year during the 6-year capital plan period. No short-term debt may be issued in an amount that would cause total outstanding short-term debt to exceed 20 percent of the projected revenue of the fiscal year in which the debt is issued. Short-term debt must be repaid by the end of the fiscal year in which it is issued. The District's total outstanding tax-supported long-term debt as of September 30, 2016 was $9.72 billion. Appropriations are budgeted from Local funds in amounts sufficient to meet the required payments for various types of debt service.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table DS0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

GROSS FOR DS0 - REPAYMENT OF LOANS AND INTEREST		**710,762**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Repayment of Loans and Interest's proposed FY 2018 gross budget is $710,761,787, which represents an 10.6 percent increase over its FY 2017 approved gross budget of $642,681,238. The budget is comprised of $686,968,610 in Local funds, $18,262,177 in Federal Grant funds, and $5,531,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Repayment of Loans and Interest's FY 2018 CSFL budget is $672,164,396, which represents a $53,064,335, or 8.6 percent, increase over the FY 2017 approved Local funds budget of $619,100,061.

CSFL Assumptions

CSFL funding for the Repayment of Loan and Interest reflects an adjustment for an increase of $53,064,335 to account for revised debt service projections. The overall increase in Local funds is due to the annual bond issuance to fund the District's Capital Improvements Plan (CIP). Based on the current CIP, the Local funds in the Repayment of Loans and Interest will increase in each of the next 6 years. The projected increases range from $20 million to more than $150 million annually. In addition, long-term tax-exempt interest rates are projected to rise over the next fiscal year.

Agency Budget Submission

Increase: The projected FY 2018 Local funds budget reflects an increase of $17,420,801 in debt service payments to align the budget with updated projections. The budget proposal for Special Purpose Revenue funds reflects an increase of $212,000 in debt service payments. The increase is based on an established lease payment schedule for an agreement between the District Department of Transportation and Clear Channel for bus shelter advertising.

Mayor's Proposed Budget

No Change: The Repayment of Loans and Interest's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: The proposed Local funds budget reflects a net reduction of $2,616,587, which includes the consolidation of debt from the Schools Modernization Fund into the Repayment of Loans and Interest budget, as well as savings in interest payments in the Repayment of Loans and Interest budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table DT0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table DT0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE

GROSS FOR DT0 - REPAYMENT OF REVENUE BONDS		**7,832**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Repayment of Revenue Bonds' proposed FY 2018 gross budget is $7,832,389, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budget of $7,835,339. The budget is comprised entirely of Dedicated Taxes.

Agency Budget Submission

Decrease: The FY 2018 budget proposal for Dedicated Tax funds reflects an decrease of $2,950 to align the budget with debt service projections for Housing Production Trust Fund-related borrowing. The repayment schedule for the outstanding Deed Tax Revenue Bonds will fluctuate between $7.82 million and $7.84 million over the next 10 years.

Mayor's Proposed Budget

No Change: The Repayment of Revenue Bonds' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Repayment of Revenue Bonds' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table SM0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table SM0-5

(dollars in thousands)

LOCAL FUNDS: FY 2018 District's Proposed Budget		**0**	**0.0**
GROSS FOR SM0 - SCHOOLS MODERNIZATION FUND		**0**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Schools Modernization Fund's proposed FY 2018 gross budget is $0, which represents a 100.0 percent decrease from its FY 2017 approved gross budget of $13,522,513.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Schools Modernization Fund's FY 2018 CSFL budget is $8,749,175, which represents a $4,773,338, or 35.3 percent, decrease from the FY 2017 approved Local funds budget of $13,522,513.

CSFL Assumptions

CSFL funding for the Schools Modernization Fund reflects an adjustment for a decrease of $4,773,338 to account for revised debt service projections.

Agency Budget Submission

Decrease: The Schools Modernization Fund's budget proposal reflects a decrease of $5,967,750 to align the budget with projected debt service payments.

Mayor's Proposed Budget

No Change: The Schools Modernization Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: The proposed Local funds budget reflects a reduction of $2,781,425 due to the consolidation of debt and interest payments from the Schools Modernization Fund into the Repayment of Loans and Interest budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table ZA0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table ZA0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
LOCAL FUNDS: FY 2017 Approved Budget and FTE		**1,250**	**0.0**

LOCAL FUNDS: FY 2018 Agency Budget Submission		**0**	**0.0**
No Change		0	0.0
LOCAL FUNDS: FY 2018 Mayor's Proposed Budget		**0**	**0.0**
No Change		0	0.0
LOCAL FUNDS: FY 2018 District's Proposed Budget		**0**	**0.0**
GROSS FOR ZA0 - REPAYMENT OF INTEREST ON SHORT-TERM BORROWINGS		**0**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Repayment of Interest on Short-Term Borrowings' proposed FY 2018 gross budget is $0, which represents a 100.0 percent decrease from its FY 2017 approved gross budget of $1,250,000.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Repayment of Interest on Short-Term Borrowings' FY 2018 CSFL budget is $4,650,000, which represents a $3,400,000, or 272.0 percent, increase over the FY 2017 approved Local funds budget of $1,250,000.

CSFL Assumption

CSFL funding for the Repayment of Interest on Short-Term Borrowings reflects an adjustment for an increase of $3,400,000 to account for revised debt service projections.

Agency Budget Submission

Decrease: The FY 2018 budget proposal for the Repayment of Interest on Short-Term Borrowings reflects a decrease of $4,650,000 because the District will no longer be issuing short-term tax revenue anticipation notes (TRANS). The newly created Commercial Paper Program agency allows for borrowing to occur as expenditures are incurred, through the issuance of Bond Anticipation Notes (BANs). Beginning in FY 2018, all related funding will be budgeted in this agency.

Mayor's Proposed Budget

No Change: The Repayment of Interest on Short-Term Borrowings' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Repayment of Interest on Short-Term Borrowings' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table ZB0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table ZB0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
LOCAL FUNDS: FY 2017 Approved Budget and FTE		**6,000**	**0.0**
Other CSFL Adjustments	Debt Service - Issuance Costs	-1,000	0.0
LOCAL FUNDS: FY 2018 Current Services Funding Level (CSFL) Budget		**5,000**	**0.0**

LOCAL FUNDS: FY 2018 Agency Budget Submission		**8,000**	**0.0**
No Change		0	0.0
LOCAL FUNDS: FY 2018 Mayor's Proposed Budget		**8,000**	**0.0**
No Change		0	0.0
LOCAL FUNDS: FY 2018 District's Proposed Budget		**8,000**	**0.0**
GROSS FOR ZB0 - DEBT SERVICE - ISSUANCE COSTS		**8,000**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Debt Service - Issuance Costs' proposed FY 2018 gross budget is $8,000,000, which represents a 33.3 percent increase over its FY 2017 approved gross budget of $6,000,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Debt Service - Issuance Costs' FY 2018 CSFL budget is $5,000,000, which represents a $1,000,000, or 16.7 percent, decrease from the FY 2017 approved Local funds budget of $6,000,000.

CSFL Assumptions

CSFL funding for Debt Service - Issuance Costs reflects an adjustment for a decrease of $1,000,000 in Debt Service Adjustments to account for lower-than-anticipated fees.

Agency Budget Submission

Technical Adjustment: The FY 2018 Debt Service - Issuance Costs' budget proposal reflects an increase of $3,000,000 because certain fees will now be paid through this agency rather than the Repayment of Loans and Interest agency.

Mayor's Proposed Budget

No Change: The Debt Service - Issuance Costs' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Debt Service - Issuance Costs' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table ZC0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Commercial Paper Program's proposed FY 2018 gross budget is $8,502,640, compared to the FY 2017 approved gross budget of $0. The budget is comprised entirely of Local funds.

Agency Budget Submission

Technical Adjustment: The Commercial Paper Program's budget proposal reflects an increase of $8,502,640 to allow the District to finance expenditures through the issuance of Bond Anticipation Notes (BANs), a short-term interest-bearing security. This will allow the District to eliminate Repayment of Interest on Short-Term Borrowings for its TRANS borrowing, and also to reduce Repayment of Loans and Interest as long-term bonds are issued closer to the time the proceeds are actually needed.

Mayor’s Proposed Budget

No Change: The Commercial Paper Program's budget proposal reflects no change from the agency budget submission to the Mayor’s proposed budget.

District’s Proposed Budget

No Change: The Commercial Paper Program's budget proposal reflects no change from the Mayor’s proposed budget to the District’s proposed budget.

Settlements and Judgments

Table ZH0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$32,953,224	$21,292,448	$21,824,759	2.5

Settlements and Judgments provides fiscal resources to settle claims and lawsuits and pay judgments in most types of civil cases filed against the District of Columbia.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

Settlements and Judgments operates through the following program:

Settlements and Judgments – addresses litigation against the District government. The fund is managed and administered by the District's Office of Risk Management. The authority to settle a case is limited to $500,000. For amounts greater than $500,000, the settlement decision rests with the Mayor.

Program Structure Change

Settlements and Judgments has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table ZH0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR ZH0 - SETTLEMENTS AND JUDGMENTS		**21,825**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

Settlements and Judgments' proposed FY 2018 gross budget is $21,824,759, which represents a 2.5 percent increase over its FY 2017 approved gross budget of $21,292,448. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

Settlements and Judgments' FY 2018 CSFL budget is $41,824,759, which represents a $20,532,311, or 96.4 percent, increase over the FY 2017 approved Local funds budget of $21,292,448.

CSFL Assumptions

The FY 2018 CSFL calculated for Settlements and Judgments included adjustment entries that are not described in detail on table 5. These adjustments include an increase of $532,311 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Additionally, an increase of $20,000,000 for Recurring Budget Items accounts for projections of funding needed to settle claims and lawsuits filed against the District of Columbia.

Agency Budget Submission

Decrease: The budget proposal reflects a decrease of $20,000,000 to align with estimates of claims, lawsuits, and judgments for most civil cases filed against the District of Columbia.

Mayor's Proposed Budget

No Change: Settlements and Judgments budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: Settlements and Judgments budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

John A. Wilson Building Fund

Table ZZ0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$4,288,676	$4,369,093	$4,082,344	-6.6

The mission of the John A. Wilson Building Fund is to provide an efficient, clean, and safe working environment for District employees in a modernized century-old historic building. Easily accessible to the public, the Wilson Building is an emblem of District pride showcased on the elegant Pennsylvania Avenue corridor within the Federal Triangle, just blocks from the White House.

Culminating a five-year renovation, expansion, and restoration, the Wilson Building reopened to acclaim in late 2001. Built in 1904 and later named after the long-term District Council member and Chairman, the building had suffered from neglect and had to be closed in 1996. Preservation-minded District officials emerged with a redevelopment plan and, starting in 1996, the Wilson Building underwent a renovation based on plans from architect Shalom Baranes. The result is a modern workplace for District government that retains much of its historic flavor and texture.

Housed in the building are the Executive Office of the Mayor, the District Council, the Office of the Chief Financial Officer, and a number of other District agencies. The Wilson Building will serve the District for many years, while preserving a link to the past.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Budget Changes

The John A. Wilson Building Fund's proposed FY 2018 gross budget is $4,082,344, which represents a 6.6 percent decrease from its FY 2017 approved gross budget of $4,369,093. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The John A. Wilson Building Fund's FY 2018 CSFL budget is $4,082,344, which represents a $286,749, or 6.6 percent, decrease from the FY 2017 approved Local funds budget of $4,369,093.

CSFL Assumptions

The John A.Wilson Building Fund's CSFL funding for the Fixed Costs Inflation Factor, which is not described in detail on table 5, reflects a decrease of $286,749 to account for projected Fixed Costs estimates from the Department of General Services based on historical expenditure trends.

Agency Budget Submission

No Change: The John A. Wilson Building Fund's budget proposal reflects no change from the CSFL to the agency budget submission.

Mayor's Proposed Budget

No Change: The John A. Wilson Building Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The John A. Wilson Building Fund's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Workforce Investments

Table UP0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$0	$18,025,000	$68,488,368	280.0

The mission of Workforce Investments is to pay compensation increases for nonunion and union District employees and reform initiative costs.

Summary of Services

The District budgets an amount for Workforce Investments for pay increases and reforms that are expected in the budgeted year but are not finalized. Employees covered and dollar amounts vary from year to year, depending on what compensation changes are final or still outstanding. The Office of Budget and Planning develops estimates for the Workforce Investments budget in consultation with the D.C. Department of Human Resources, the Office of Labor Relations and Collective Bargaining, and the Office of the City Administrator.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

Workforce Investments' proposed FY 2018 gross budget is $68,488,368, which represents a 280.0 percent increase over its FY 2017 approved gross budget of $18,025,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

Workforce Investments' FY 2018 CSFL budget is $18,025,000, which represents no change from the FY 2017 approved Local funds budget of $18,025,000.

Agency Budget Submission

No Change: Workforce Investments' budget proposal reflects no change from the CSFL to the agency budget submission.

Mayor's Proposed Budget

Enhance: The FY 2018 budget proposal for Local funds reflects an increase in the amount of $50,463,368 to cover anticipated Cost-of-Living Adjustments and potential wage agreement funding.

District's Proposed Budget

No Change: The Workforce Investments' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Non-Departmental

Table DO0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$0	$7,223,786	$5,622,076	-22.2
FTEs	0.0	44.0	40.0	-9.1

The mission of Non-Departmental is to budget for anticipated costs that were not allocated to specific agencies during the development of the proposed budget to ensure that specific use requirements are met.

Summary of Services

Use of a Non-Departmental account is a common practice to include specific costs in the budget, while providing the flexibility to project and allocate these costs. Use of Non-Departmental improves budget formulation by ensuring that certain use criteria are met by agencies before the funds are released to those agencies.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

GROSS FOR DO0 - NON-DEPARTMENTAL		**5,622**	**40.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

Non-Departmental's proposed FY 2018 gross budget is $5,622,076, which represents a 22.2 percent decrease from its FY 2017 approved gross budget of $7,223,786. The budget is comprised of $3,804,080 in Local funds and $1,817,996 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

Non-Departmental's FY 2018 CSFL budget is $3,004,080, which represents a $800,000 decrease, or 21.0 percent decrease, from the FY 2017 approved Local funds budget of $3,804,080.

CSFL Assumptions

The FY 2018 CSFL calculated for Non-Departmental included an adjustment entry that is not described in detail on table 5. This adjustment reflects a reduction of $800,000 to account for the removal of one-time funding appropriated in FY 2017. This funding included $300,000 to support the Cherry Blossom Festival and $500,000 to support the start-up costs for the Universal Paid Leave program.

Agency Budget Submission

Decrease: In Special Purpose Revenue funds, the proposed budget is initially adjusted to $0 to remove the FY 2017 estimate of $3,419,706 in unbudgeted funds.

Mayor's Proposed Budget

Enhance: In Local Funds**,** $1,843,000 was added to fund the costs related to legislative provisions included in the Budget Support Act.

Enhance: In Special Purpose Revenue funds, otherwise unbudgeted FY 2018 revenues of $1,630,304 are added so that the District has budget authority for the full amount of its certified revenues. This funding represents the unbudgeted Special Purpose Revenue funds for various agencies.

District's Proposed Budget

Enhance: The Non-Departmental's Local funds budget proposal includes one-time increases of $500,000 in startup funding to support the Paid Leave initiative and $300,000 to support a matching grant for the National Cherry Blossom Festival. In Special Purpose Revenue funds, the proposed budget includes an increase of $187,692 to align the budget with certified revenues. This funding represents the unbudgeted Special Purpose Revenue funds from various agencies.

Technical Adjustment: In Local funds, the budget proposal includes a reduction of $1,843,000 to reflect the reallocation of funding to the agencies responsible for the legislative provisions included in the FY 2018 Budget Support Act.

Emergency Planning and Security Fund

Table EP0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$14,280,577	$34,895,000	$13,000,000	-62.7

The mission of the Emergency Planning and Security Fund (EPSF) is to record expenses for which federal funding has been approved under the authority found in the federal payment for "Emergency Planning and Security Costs in the District of Columbia" section of the District's annual Appropriations Act.

The costs shown below are generally related to:

- Providing public safety at events related to the presence of the Nation's Capital in the District;
- Providing response support to immediate and specific terrorist threats or attacks in the District; and
- Providing support for requests from the United States Secret Service.

The Consolidated Appropriations Act, 2016, Public Law No. P.L. 114-113 (December 18, 2015) authorized a direct federal payment to the District in the amount of $13,000,000, which is available until expended, and continued the authorization for reimbursement of expenditures related to support requested by the Director of the United States Secret Service.

EPSF funds available in FY 2016 consisted of:

Unexpended Balance carried forward from FY 2015	$15,622,902
FY 2016 approved budget:	13,000,000
Total Available in FY 2016	**$28,622,902**

1. FY 2016 approved expenditures by agency:

Agency	Amount
Metropolitan Police Department (MPD)	$10,084,621
Fire and Emergency Medical Services (FEMS)	$3,539,636
Homeland Security and Emergency Services (HSEMA)	$49,405
Department of Forensic Services (DFS)	$915
Returned to the Federal Government	$606,000
Total	**$14,280,577**

(Numbers may not add up due to rounding)

2. FY 2016 approved expenditures by event:

Agency	Amount
MPD Demonstrations/Special Events	$7,253,943
FEMS Hazmat/Federal Property	$2,476,267
MPD Presidential/First Lady Protection	$951,846
MPD Foreign Dignitary Protection	$670,061
MPD Vehicular Costs	$566,638
FEMS Demonstrations/Other Events	$544,289
MPD Vice-Presidential Protection	$492,181
FEMS Presidential Helicopter Landing	$472,575
MPD Infrastructure Surveillance	$139,688
HSEMA Monitoring Federal Events	$49,405
FEMS Presidential Escort	$30,083
FEMS Fire Prevention Inspectors	$16,421
MPD Domestic Dignitary Protection	$10,265
DFS State of the Union	$915
Returned to the Federal Government	$606,000
Total	**$14,280,577**

(Numbers may not add up due to rounding)

3. FY 2016 approved expenditures by quarter:

Quarter	Amount
1st Quarter	$4,382,194
2nd Quarter	$6,101,945
3rd Quarter	$2,253,187
4th Quarter	$1,543,251
Total	**$14,280,577**

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table EP0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Program Description

The Emergency Planning and Security Fund operates through the following program:

Emergency Planning and Security Cost – provides recordation of expenses for which federal reimbursement/payment has been approved under the authority found in the federal payment for Emergency Planning and Security Costs section of the District's annual Appropriations Act.

Program Structure Change

The Emergency Planning and Security Fund has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table EP0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table EP0-5

(dollars in thousands)

GROSS FOR EP0 - EMERGENCY PLANNING AND SECURITY FUND		**13,000**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Emergency Planning and Security Fund's proposed FY 2018 gross budget is $13,000,000, which represents a 62.7 percent decrease from its FY 2017 approved gross budget of $34,895,000. The budget is comprised entirely of Federal Payment funds.

Agency Budget Submission

Increase: The FY 2018 Federal Payments request for the Emergency Planning and Security Fund is increased by $113,401 to align the budget with the preliminary request to the Office of Management and Budget.

Mayor's Proposed Budget

No Change: The Emergency Planning and Security Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Technical Adjustment: The FY 2018 Federal Payments request for Emergency Planning and Security Fund is reduced by $22,008,401 to align the budget with the President's budget request.

Master Equipment Lease/Purchase Program

www.cfo.dc.gov
Telephone: 202-727-2476

Table ELO-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$38,914,240	$29,380,873	$19,254,435	-34.5

The mission of the Master Equipment Lease/Purchase Program (the program) is to provide District agencies with access to low cost, tax-exempt financing for short-lived capital equipment. The program also enables the District to improve its asset/liability management by matching the useful life of the asset being financed to the amortization of the liability.

Under the District of Columbia Home Rule Act, the District may issue various obligations to finance its capital needs. The equipment finance program finances rolling stock (e.g., automobiles, trucks, public safety vehicles) and computer hardware and software. Financing through the program begins with a financing company paying for the purchase of equipment for the District's use. The District makes lease payments to the financing company for such equipment, which are in effect principal and interest payments on the amount financed, and the District gains ownership of the equipment upon completion of the payments.

Equipment financed through the program must have a useful life of at least five years. The repayment (amortization) will not exceed the useful life of the financed equipment. The maximum financing term that may be requested is ten years.

Appropriations for the program are budgeted from Local funds in amounts sufficient to meet the required payments. Timely payments are necessary to satisfy the District's commitments to its investors and creditors and to maintain a good credit standing in the financial markets.

As of September 30, 2016, the District financed approximately $537 million of its capital equipment needs through the program. Currently, $61 million is outstanding. The final payment associated with this program is due on June 25, 2020. The capital improvement plan for Fiscal Years 2017 through 2022 initiates a short-term financing program that will replace the current equipment finance program.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

FY 2018 Proposed Budget Changes

The Master Equipment Lease/Purchase Program's proposed FY 2018 gross budget is $19,254,435, which represents a 34.5 percent decrease from its FY 2017 approved gross budget of $29,380,873. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Master Equipment Lease/Purchase Program's FY 2018 CSFL budget is $19,254,435, which represents a $10,126,438, or 34.5 percent, decrease from the FY 2017 approved Local funds budget of $29,380,873.

CSFL Assumptions

The Master Equipment Lease/Purchase Program's CSFL funding for debt service adjustments, which is not listed in detail on table 5, reflects an adjustment for a decrease of $10,126,438 to account for revised debt service projections as the program pays off prior-year borrowing but takes on no new borrowing.

Agency Budget Submission

No Change: The Master Equipment Lease/Purchase Program's budget proposal reflects no change from the CSFL to the agency budget submission.

Mayor's Proposed Budget

No Change: The Master Equipment Lease/Purchase Program's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

Pay-As-You-Go Capital Fund

Table PA0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$144,104,544	$120,541,890	$106,122,695	-12.0

The mission of the Pay-As-You-Go Capital Fund is to provide an additional funding source and offset long-term bond borrowing costs for capital projects.

Summary of Services

The Mayor and Council can request the use of Pay-As-You-Go (Paygo) Capital funds following the determination and certification by the Chief Financial Officer that the funds are available and necessary for the designated purpose. Operating funds may be transferred to the capital fund through a Pay-As-You-Go Capital funds budget transfer to support the Capital Improvements Plan (CIP), and the proposed FY 2018 budget includes such a transfer.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table PA0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Program Description

The Pay-As-You-Go Capital Fund operates through the following program:

Pay-Go Capital – allows for the transfer of revenue and budget authority between the operating funds budget (General Fund) and the capital funds budget (Capital Improvements Fund).

Program Structure Changes

The Pay-As-You-Go Capital Fund agency has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table PA0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Pay-As-You-Go (Paygo) Capital Fund's proposed FY 2018 gross funds budget is $106,122,695, which represents a 12.0 percent decrease from its FY 2017 approved gross funds budget of $120,541,890. The budget is comprised of $59,960,250 in Local funds and $46,162,445 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Paygo Capital Fund's FY 2018 CSFL budget is $48,048,001, which represent an $18,565,874, or 27.9 percent, decrease from the FY 2017 approved Local funds budget of $66,613,875.

CSFL Assumptions

The FY 2018 CSFL calculated for the Paygo Capital Fund includes changes not described in detail on table 5. The CSFL reflects an adjustment for a decrease of $2,814,000 to account for removal of one-time funding to cover costs associated with tree planting projects. Additional adjustments include a decrease of $15,751,874 for other adjustments to reflect FY 2018 Financial Plan projections.

Agency Budget Submission

The Paygo Capital agency supports funding transfers to various capital improvement program projects.

Decrease: In Local funds, the Paygo Capital budget proposal reflects a decrease of $20,000,000 in Local funds transferred to capital projects as compared to FY 2017. In Special Purpose Revenue funds, the Paygo Capital budget proposal reflects a net decrease of $7,765,963, which includes a decrease of $3,813,963 in lower Rights-of-Way fee revenue transferred to the District Department of Transportation's (DDOT) local transportation projects, a decrease of $4,500,000 in the Department of Energy and Environment's Waterway Restoration project, and a decrease of $452,000 in DDOT's Tree Planting project, partially offset by an increase of $1,000,000 in the Office of Cable Television, Film, Music, and Entertainment's Headquarters project.

Mayor's Proposed Budget

Enhance: In Local funds, the Paygo Capital Fund's proposed budget includes an increase of $20,039,000 to support the Universal Paid Leave IT application.

District's Proposed Budget

Enhance: In Local funds, the Paygo Capital Fund's proposed budget includes increases of $10,720,000 in one-time funds and $1,153,000 for various capital projects.

The District's proposed Local funds Paygo capital budget of $59,960,250 supports the following projects:

- $20,039,000 for the Universal Paid Family Leave IT Application;
- $15,223,565 for various Local Transportation projects;
- $9,748,000 for Life Safety, Boiler, and Roof Repairs at D.C. Public School facilities;
- $5,984,024 for the United Medical Center;
- $2,446,989 for the Yards and Canal Parks Improvements;
- $1,900,000 for Facility Condition Assessments;
- $1,200,000 for the Energy Retrofitting of District buildings;
- $1,099,000 for WMATA;
- $752,000 for Hazardous Material Remediation;
- $500,000 for Access and Security Infrastructure;
- $325,000 for the Big 3 Buildings Pool;
- $250,000 for ADA Compliance;
- $250,000 for the Georgetown Gondola; and
- $242,672 for DPR Project Management.

The proposed Special Purpose Revenue funds budget of $46,162,445 supports the following projects:

- $45,162,445 for various Local Transportation projects; and
- $1,000,000 for the Office of Cable Television, Film, Music, and Entertainment's Small Capital projects.

District Retiree Health Contribution

Table RH0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$29,000,000	$31,000,000	$44,500,000	43.5

The mission of the District Retiree Health Contribution is to contribute to the funding of the District's other post-employment benefits (OPEB) liabilities.

District government retirees who were first employed after September 30, 1987 ("post-87") may obtain health insurance (pursuant to D.C. Code 1-622) and life insurance (pursuant to D.C. Code 1-623) from the District. The federal government is responsible for funding OPEB costs for District government retirees who were first employed prior to October 1, 1987 ("pre-87").

In 1999, the Council of the District of Columbia established the Annuitants' Health and Life Insurance Employer Contribution Trust Fund ("Trust Fund") to pay the District's portion of post-87 retirees' health and life insurance premiums. Through FY 2007, the District contributed to the Trust Fund from available funds. Beginning in FY 2008, the Governmental Accounting Standards Board requires state and local governments, including the District, to recognize any OPEB liability in their financial statements. The District is budgeting an actuarially determined annual OPEB contribution to gradually reduce its unfunded accrued liability. The proposed budget of the District Retiree Health Contribution represents the District's FY 2018 contribution to the funding of its OPEB liabilities.

The District passed permanent legislation effective in FY 2011 changing the calculation of its contribution to the cost of health, vision, and dental insurance premiums for retirees and their dependents to a scale based on the amount of creditable service of the retiree. The District's maximum contribution for the cost of healthcare for retirees is 75.0 percent, the same as the contribution for all current employees.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

GROSS FOR RH0 - DISTRICT RETIREE HEALTH CONTRIBUTION		**44,500**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The District Retiree Health Contribution's (OPEB) proposed FY 2018 gross budget is $44,500,000, which represents a 43.5 percent increase over its FY 2017 approved gross budget of $31,000,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OPEB's FY 2018 CSFL budget is $33,200,000, which represents a $2,200,000, or 7.1 percent, increase over the FY 2017 approved Local funds budget of $31,000,000.

CSFL Assumptions

CFSL funding for OPEB includes an increase of $2,200,000 to account for an adjustment to reflect the FY 2018 Financial Plan projection.

Agency Budget Submission

Technical Adjustment: The District Retiree Health Contribution's proposed budget is increased by $11,300,000 to reflect the actuarial valuation of the District of Columbia Annuitants' Health and Life Insurance Employee Contribution Plan. The purpose of the valuation is to provide an estimate of the actuarial accrued liabilities of the Plan and the Annual Required Contribution in accordance with Governmental Accounting Standard Board (GASB) statement numbers 43 and 45.

Mayor's Proposed Budget

No Changes: The District Retiree Health Contribution's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The District Retiree Health Contribution's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Highway Transportation Fund - Transfers

Table KZ0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$25,332,460	$24,753,575	$24,936,000	0.7

The Highway Transportation Fund - Transfers agency records the transfer of motor fuel tax and Rights-of-Way revenues from the District's General Fund to the Highway Trust Fund.

Summary of Services

This agency reflects the flow of the dedicated revenues through the General Fund for the motor fuel tax and a portion of Rights-of-Way revenue, as necessary to ensure needed fund balance, are transferred. More information on the Highway Trust Fund is available in Appendix H of the FY 2018 to FY 2023 Capital Improvements Plan (Including the Highway Trust Fund).

The agency's FY 2018 proposed budget is presented in the following tables:

(Change is calculated by whole numbers and numbers may not add up due to rounding)

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Highway Transportation Fund - Transfers operates through the following program:

Transfer Tax to Highway Trust Fund – records the transfer of dedicated revenue to the local Highway Trust Fund.

This program contains the following activity:

- **Transfer Motor Fuel Tax to Highway Trust Fund** – records the transfer of motor fuel tax revenue to the local Highway Trust Fund.

Program Structure Change

The Highway Transportation Fund - Transfers has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table KZ0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table KZ0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE

DEDICATED TAXES: FY 2018 District's Proposed Budget		**24,936**	**0.0**
GROSS FOR KZ0 - HIGHWAY TRANSPORTATION FUND - TRANSFERS		**24,936**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Highway Transportation Fund - Transfers' proposed FY 2018 gross budget is $24,936,000, which represents a less than 1.0 percent increase over its FY 2017 approved gross budget of $24,753,575. The budget is comprised entirely of Dedicated Taxes.

Agency Budget Submission

Increase: The FY 2018 budget proposal for Dedicated Taxes reflects an increase of $182,425, which aligns the budget with revenue projections for the motor fuel tax. The increase is based on the requirements for the transfer of revenue generated from the motor fuel tax to the Highway Trust Fund. This adjustment is confirmed with the February 2017 revenue certification by the Office of Revenue Analysis.

Mayor's Proposed Budget

No Change: The Highway Transportation Fund - Transfers' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Highway Transportation Fund - Transfer's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Table EZ0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$131,915,701	$122,286,228	$141,636,051	15.8

The Convention Center Transfer agency records the transfer of certain sales tax revenues from the District's General Fund to the Washington Convention and Sports Authority for the Walter E. Washington Convention Center.

This budget entity reflects the flow of the dedicated revenues to the Convention Center through the General Fund, as authorized by the District of Columbia Official Code: Division I, Title 10, Subtitle IV, Chapter 12. It also reflects the flow of other funds to the Convention Center.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table EZ0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Program Description

The Convention Center Transfer operates through the following program:

Transfer to Convention Center – records the transfer of revenue to the Walter E. Washington Convention Center.

This program contains the following 2 activities:

- **Transfer Sales Tax to Convention Center**– records the transfer of sales tax revenue to the Walter E. Washington Convention Center; and
- **Transfer Other Revenue to Convention Center**– records the transfer of revenue to support the Washington Convention Center Hotel ground lease payment and other related revenues.

Program Structure Change

The Convention Center Transfer has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Convention Center Transfer's (CCT) proposed FY 2018 gross budget is $141,636,051, which represents a 15.8 percent increase over its FY 2017 approved gross budget of $122,286,228. The budget is comprised of $140,137,710 in Dedicated Taxes and $1,498,341 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2017 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2018 CSFL adjustments to the FY 2017 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CCT's FY 2018 CSFL budget is $3,265,884, which represents a $79,656, or 2.5 percent, increase over the FY 2017 approved Local funds budget of $3,186,228.

CSFL Assumptions

The FY 2018 CSFL calculated for CCT includes an adjustment entry that is not described in detail on table 5. This adjustment is an increase of $79,656 in nonpersonal services based on the Consumer Price Index factor of 2.5 percent.

Agency Budget Submission

Increase: CCT's budget proposal reflects an increase of $14,909,710 in Dedicated Taxes to align the budget with projected revenue.

Mayor's Proposed Budget

No Change: The Convention Center Transfer's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: The Convention Center Transfer's budget proposal reflects an increase of $6,128,000 in Dedicated Taxes due to a new revenue formula that increases Dedicated Tax revenue from hotels by 0.3 percent to support Destination DC advertising. This initiative aims at making the District of Columbia a premier global convention, tourism, and special events destination. The proposed budget in Special Purpose Revenue funds increased by $1,498,341 to support the Convention Center Hotel ground lease payment.

Reduce: The proposed FY 2018 Local funds budget was decreased by $3,265,884, as the additional Dedicated Tax revenue replaces the Local funds subsidy.

OPERATING BUDGET	$0	$535,825,000	$561,947,000	4.9

Note: Prior year actuals are not reported for the District of Columbia Water and Sewer Authority (WASA), also known as DC Water, because the agency does not use the District's financial system for its actual transactions.

The vision of the District of Columbia Water and Sewer Authority (DC Water) is to be a world-class water utility, with the mission to exceed expectations by providing high quality water services in a safe, environmentally friendly, and efficient manner.

History: In 1996, the District of Columbia Water and Sewer Authority was created by District law, with the approval of the United States Congress, as an independent authority of the District government with a separate legal existence. In June 2010, the agency adopted a new logo and brand name, DC Water, while its official name remained District of Columbia Water and Sewer Authority. Beginning in FY 2013, for accounting purposes, DC Water was no longer reported as a component unit of the District government.

Governance: DC Water's Board of Directors establishes policies and guides the strategic planning process. The Board is composed of eleven members and eleven alternates, representing the District, Montgomery and Prince George's Counties in Maryland, and Fairfax County in Virginia. The Board's District members establish policies, set rates, and charges for all District services. The entire Board votes and establishes policies for joint-use services. The General Manager/CEO reports to the Board and manages the operations and performance of the enterprise.

DC Water's FY 2018 Board–approved budget is presented in the following tables:

Program Description

Service Area: Providing more than 672,000 residents and 21.3 million annual visitors in the District of Columbia with retail water and wastewater (sewer) service, DC Water has a total service area of approximately 725 square miles. In addition, DC Water treats wastewater for approximately 1.6 million people in neighboring jurisdictions, including Montgomery and Prince George's Counties in Maryland, and Fairfax and Loudoun Counties in Virginia.

Drinking Water Quality: With a strong emphasis on water quality, DC Water maintains an annual flushing program, regulatory and voluntary water quality testing, and ongoing system upgrades. In partnership with the U.S. Army Corps of Engineers' Washington Aqueduct, DC Water ensures a high quality treatment process for delivering outstanding drinking water throughout the year.

Pumped and Treated Water Storage: During Fiscal Year 2016, DC Water pumped an average of more than 99 million gallons of water per day. In addition, DC Water stores 61 million gallons of treated water at its eight facilities. The Washington Aqueduct stores an additional 49 million gallons.

Water Distribution System: DC Water delivers water through 1,350 miles of interconnected pipes, four pumping stations, five reservoirs, three elevated water tanks, 48,979 valves, and 9,462 fire hydrants.

Blue Plains Advanced Wastewater Treatment Plant: Blue Plains, located at the southernmost tip of the District, is the largest advanced wastewater treatment facility in the world, covering 153 acres along the Potomac River. Blue Plains treats an annual average of 300 million gallons per day (MGD) and has a design capacity of 370 MGD, with a peak design capacity to treat more than one billion gallons per day.

Sewer System: 1,900 miles of sanitary and combined sewers, 22 flow-metering stations, nine off-site waste-water pumping stations, 16 storm water pumping stations, 12 inflatable dams and a swirl facility comprise the DC Water sewer system.

Program Structure Change

DC Water has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table LA0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

FY 2018 Proposed Budget Changes

The District of Columbia Water and Sewer Authority's (DC Water) FY 2018 gross budget is $561,947,000, which represents a 4.9 percent increase over its FY 2017 approved budget of $535,825,000. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Increase: The proposed budget includes operational spending increases of $27,380,000 for debt service costs associated with DC Water's capital improvement program. Additional increases include $4,432,000 in personal services, to maintain a high performance workforce, and $729,000 in nonpersonal services to align the budget with projected utility costs.

Decrease: The proposed budget includes decreases in operational spending of $3,012,000 mainly for chemicals, and $3,407,000 in Contractual Services, due to lower production and hauling of biosolids.

Mayor's Proposed Budget

No Change: DC Water's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Water and Sewer Authority's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Washington Aqueduct

Telephone: 202-764-2753

Table LB0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$0	$59,769,966	$61,418,554	2.8

Note: Prior year actuals are not reported for the Washington Aqueduct because the agency does not use the District's financial system for its actual transactions.

The mission of Washington Aqueduct is to collect, purify, and pump an adequate supply of portable water to the distribution system managed by the District of Columbia Water and Sewer Authority (DC Water), Arlington County, and Fairfax County Water Authority (Fairfax Water), in Virginia.

The agency plans to fulfill its mission by achieving the following strategic goals:

- Provide an adequate supply of high quality potable water;
- Provide potable water at an equitable, economical rate that covers all costs; and
- Protect the drinking water consumer from both microbial risk and adverse health effects due to chemicals in the drinking water.

Washington Aqueduct owns and operates intake facilities on the Potomac River at Great Falls and Little Falls, Maryland. Washington Aqueduct also owns and operates two 10-mile gravity conduit systems with a combined 200 million gallon per day (mgd) capacity, a 525-mgd raw water pumping station and transmission system, two major treatment plants with 320-mgd capacity, three booster pumping stations, a 480-mgd finished water pumping station, seven finished storage reservoirs, and many large diameter transmission mains.

Washington Aqueduct is owned and operated by the U.S. Army Corps of Engineers and is governed by a Wholesale Customer Board. It sells water to three wholesale customers: DC Water, Arlington County, Virginia, and Fairfax County Water Authority, in Virginia.

In FY 2016, Washington Aqueduct pumped 49.2 billion gallons of purified water to its customers, a decrease of 2.8 percent from FY 2015. The FY 2015 to FY 2016 decrease is likely a result of the growing conservation effort. In Fiscal Years 2017 and 2018, Washington Aqueduct is projecting the same pumpage as in FY 2016.

Washington Aqueduct does not receive appropriated funding from the District of Columbia or the federal government.

DC Water funds the District of Columbia's portion of the costs of the Washington Aqueduct. As a whole-sale customer, DC Water purchases potable water and makes payments to Washington Aqueduct based on the number of gallons provided. Washington Aqueduct charges a rate based on water sale agreements with DC Water, Arlington County, and Fairfax County Water Authority. The individual wholesale customers are responsible for water distribution.

Water Quality
Water being produced by Washington Aqueduct treatment plants has consistently met and surpassed all Environmental Protection Agency (EPA) drinking water standards.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

The Washington Aqueduct operates through the following program:

Sale of Water – The main program at Washington Aqueduct is the sale of drinking water to its three customers for further distribution to the distribution systems they serve. The Wholesale Customer Board also approves Washington Aqueduct's budget. During Fiscal Years 2017 and 2018, Washington Aqueduct expects to pump an estimated 49.2 billion gallons of purified water to its customers each year.

Program Structure Change

The Washington Aqueduct has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table LB0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table LB0-5

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Washington Aqueduct's FY 2018 gross budget is $61,418,554, which represents a 2.8 percent increase over its FY 2017 approved gross budget of $59,769,966. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Increase: The Washington Aqueduct's proposed budget was increased by $1,648,588 to reflect an increased investment in capital assets to sustain the infrastructure and improve the reliability and safety of the water treatment system.

Mayor's Proposed Budget

No Change: The Washington Aqueduct's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Washington Aqueduct's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Office of Lottery and Charitable Games

FTEs	64.7	73.5	74.5	1.4

The mission of the Office of Lottery and Charitable Games (OLCG) is to generate revenue for the District's General Fund through the sale of lottery games and to regulate charitable gaming.

Since its inception in 1982, OLCG has contributed over $2 billion to the District's General Fund. The OLCG annual transfer to the General Fund remains a vital component in aiding the city's economy, thereby benefiting all residents of the District of Columbia. The General Fund supports services such as education, recreation and parks, public safety, housing, and senior and child services. The OLCG directly benefits its players by paying out more than 50 percent of annual sales in prize money. It also directly benefits local businesses by providing commissions to retailers licensed to sell D.C. Lottery games and offering contracting opportunities.

The agency's FY 2018 proposed budget is presented in the following tables:

"No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Office of Lottery and Charitable Games operates through the following 3 programs:

Gaming Operations – provides support services to lottery retail agents and the gaming public so that they can benefit from the portfolio of games offered by OLCG. Gaming Operation oversees 2 types of games: Instant Games – provides a portfolio of instant lottery games to the gaming public so that they can experience the entertainment value and potential reward of playing and winning with scratch-off style lottery tickets; and Online Games – provides online lottery-type games and services, which are lottery game tickets sold to the gaming public by lottery retail agents and video gaming machines, and played by the public at social settings targeted to the gaming public, so that the District can experience a steady source of revenue through the transfer of net proceeds from lottery sales. Online games are comprised of 11 games: DC3, DC4, DC5, Powerball, Mega Millions, Hot Lotto, D.C. Keno, Race 2 Riches, Lucky for Life, Tap-N-Play, and D.C. Fast Play – provides online (kiosk-based) lottery gaming experience for the gaming public so that they can experience the entertainment value of the OLCG's portfolio of games and potential rewards of playing and winning.

This program contains the following 6 activities:

- **Marketing** – provides advertising and promotional information to eligible players. The goal is to attract eligible players to purchase lottery tickets so that they may enjoy the entertainment value offered by the Office of Lottery and Charitable Games' portfolio of games;
- **Trade Development (Sales Department)** – provides sales goals and retail development services to lottery retail agents. The goals are to assist lottery retail agents in reaching established minimum sales volume levels and to achieve sustained growth;
- **Draw Division** – provides draw-related services to the gaming public. The goal is to maintain the public trust through ensuring unbiased and random draws;
- **Licensing and Charitable Games** – provides licensing and regulatory compliance services to existing and prospective lottery retail agents and non-profit charitable organizations. The goals are to ensure that lottery retail agents and non-profit charitable organizations receive appropriate licenses to sell lottery products and conduct charitable gaming activities in accordance with the laws and regulations set forth by the District;
- **Information Technology** – provides technical coordination and oversight services to lottery retail agents, customers, and internal OLCG operations. The goals are for retail agents, customers and internal operations to deliver, play and provide an uncompromised portfolio of lottery products; and
- **Claim Center** – provides claims processing and gaming information services to the gaming public. The goals are for the public to redeem prizes and enjoy a positive gaming experience.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides for comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Lottery and Charitable Games has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table DC0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

FY 2018 Proposed Budget Changes

The Office of Lottery and Charitable Games' (OLCG) proposed FY 2018 gross budget is $240,000,000, which represents an 11.6 percent increase over its FY 2017 approved gross budget of $215,000,000. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Increase: For FY 2018, OLCG realigned its proposed to budget more accurately reflect spending in the agency's core activities. As such, Subsidies and Transfers is increased by $24,869,201 in the Agency Financial Operations program because of anticipated increases in revenue, which include payments to the District's General Fund. Additionally, the proposed budget includes a net increase of $366,508 in nonpersonal services to cover supplies and equipment. The proposed budget also includes an increase of $153,633 and 3.0 Full Time Equivalent (FTE) positions to align the budget with projected personal services costs.

Decrease: OLCG's proposed budget reflects a net decrease of $67,790 in the Agency Management program to align the budget for Fixed Costs with projected estimates. Additionally, the proposed budget includes a reduction of $132,456 in Contractual Services to support the costs associated with printing instant lottery tickets, and a decrease of $189,096 and 2.0 FTEs to recognize savings from the reclassification of 2.0 FTEs from full-time to part-time status.

Mayor's Proposed Budget

No Change: Office of Lottery and Charitable Games' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office of Lottery and Charitable Games' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

District of Columbia Retirement Board

Telephone: 202-343-3200

Table DY0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$37	$39,095,618	$41,643,704	6.5
FTEs	0.0	69.6	75.0	7.8

Note: Prior year actuals are not reported for the District of Columbia Retirement Board because the agency does not use the District's financial system for its actual transactions.

The mission of the District of Columbia Retirement Board (DCRB) is to invest prudently the assets of the police officers, firefighters, and teachers of the District of Columbia, while providing those employees with retirement services.

Summary of Services

DCRB is an independent agency that has exclusive authority and discretion to administer the District's retirement funds for teachers, police officers, and firefighters (hereinafter referred to as the "Fund") pursuant to Section 1-711(a) of the District of Columbia Official Code. In 2005, the responsibility of administering the teachers', police officers' and firefighters' retirement programs was transferred to DCRB.

The federal government assumed the District's unfunded liability for the retirement plans of teachers, police officers, firefighters, and judges under provisions of the National Capital Revitalization and Self-Government Improvement Act of 1997. Under this law, the federal government pays the retirement benefits and death benefits, and a share of disability payments, for members for years of service earned up to the freeze date of June 30, 1997. The District of Columbia government is responsible for all subsequently earned benefits for the members of the retirement plans.

The DCRB Board of Trustees is comprised of 12 voting trustees: 3 appointed by the Mayor, 3 appointed by the District Council, and 6 elected by employee participant groups. In addition, the District's Treasurer serves on the Board as an ex-officio (non-voting) member, representing the District's Chief Financial Officer.

The agency's FY 2018 proposed budget is presented in the following tables:

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The District of Columbia Retirement Board (DCRB) operates through the following program:

DCRB Agency Management – provides administrative support and the required tools to achieve operational and programmatic results.

This program contains the following 8 activities:

- **Executive** – provides executive direction for all activities to achieve the mission of the agency. Executive activity expenses are paid from two sources: (1) earnings derived from the Fund; and (2) reimbursements from the United States Department of the Treasury (Treasury) for services provided by DCRB for programs for which the federal government is responsible;
- **Investments** – manages all activities and resources dedicated to the investment of the assets of the Fund. Investment activity expenses are paid from the earnings derived from the Fund;
- **Board of Trustees** – determines the overall investment strategy for the Fund and monitors staff implementation of the strategy. The Board of Trustees' activity expenses are paid from the earnings derived from the Fund;

- **General Counsel** – provides legal support to the agency. General Counsel activity expenses are paid from the earnings derived from the Fund;
- **Benefits** – provides administrative services for members and timely and accurate payment of benefits to retirees and survivors. Benefits activity expenses are paid from two sources: (1) earnings derived from the Fund; and (2) reimbursements from the Treasury for services provided by DCRB for programs for which the federal government is responsible;
- **Operations** – provides operational and accounting support. Operations activity expenses are paid from two sources: (1) earnings derived from the Fund; and (2) reimbursements from the Treasury for services provided by DCRB for programs for which the federal government is responsible;
- **Information Technology** – provides technology systems support to achieve programmatic results. Information Technology activity expenses are paid from the earnings derived from the Fund; and
- **Projects** – manages the special projects undertaken by the agency. Projects activity expenses are paid from the earnings derived from the fund.

Program Structure Change

The District of Columbia Retirement Board has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table DY0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table DY0-5

(dollars in thousands)

GROSS FOR DY0 - DISTRICT OF COLUMBIA RETIREMENT BOARD		**41,644**	**75.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The District of Columbia Retirement Board's (DCRB) proposed FY 2018 gross budget is $41,643,704, which represents a 6.5 percent increase over its FY 2017 approved gross budget of $39,095,618. The budget is comprised entirely of Enterprise and Other Funds.

Agency Budget Submission

Increase: The DCRB FY 2018 budget proposal reflects an increase of $1,310,064 and 5.4 Full-Time Equivalents (FTEs) to begin installing the selected Pension Information Management System (PIMS), while concurrently continuing to process and pay benefits with existing processes. PIMS is a multi-year project that will require collaboration with other District agencies and stakeholders, and will enable DCRB to provide a full range of retirement services for members. Nonpersonal services increased by $866,676 to support ongoing operations and costs associated with new applications.

Additionally, the proposed budget increased by $268,641 to correspond with higher projections provided by the U.S. Department of the Treasury for its System to Administer Retirement (STAR), which is a core system utilized by Treasury. DCRB is responsible for approximately 27 percent of the costs to operate STAR. Fixed Costs projections account for an increase of $102,705 due to higher Rent and Telecommunications estimates. The rising Telecommunications costs are driven by proposed upgrades of the telephone system and mobile applications, along with content management solutions to facilitate the dissemination and availability of information throughout the agency.

Mayor's Proposed Budget

No Change: The District of Columbia Retirement Board's budget proposal reflects no change from the agency's budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The District of Columbia Retirement Board's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Washington Convention and Sports Authority

Table ES0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$0	$146,958,776	$160,215,589	9.0

Note: Prior year actuals are not reported for the Washington Convention and Sports Authority because the agency does not use the District's financial system for its actual transactions.

The mission of Events DC is to promote the District as a location for conventions, trade shows, meetings, sports, entertainment and recreational events; promote tourism and leisure travel to the District; and encourage and support youth activities, including through sports. Through these activities, Events DC serves as an economic engine for the Nation's Capital.

Summary of Services

In 1994, the Washington Convention Center Authority (WCCA) was created as a corporate body and an independent authority of the District of Columbia government responsible for managing and operating the District's convention center and for bringing national and international conventions, trade shows, and meetings to the District of Columbia. ["Washington Convention Center Authority Act of 1994," D.C. Law 10-188, effective September 28, 1994]. Pursuant to the Fiscal Year 2010 Budget Support Second Emergency Act of 2009 and the Fiscal Year 2010 Budget Support Act, the District of Columbia Sports and Entertainment Commission was merged into WCCA to form a new organization known as the Washington Convention and Sports Authority (WCSA). The merger created one umbrella organization with a broadened charter to also promote the District as a key sports, entertainment and special events destination. Also, as part of the merger, WCSA gained control over the Nationals Park, the Robert F. Kennedy Memorial Stadium (RFK), and the non-military portions of the DC Armory. Facility maintenance for RFK and the Armory, previously performed by the D.C. Sports and Entertainment Commission, was assumed by the Department of Real Estate Services, now the Department of General Services.

In June 2011, the Washington Convention and Sports Authority launched a new brand name, "Events DC." The new brand entity fully encompasses the event experience in the city, elevates the organization's core assets and portfolio, and perhaps most importantly, aligns with the existing brands for Washington D.C. and the city's promotional arm, Destination DC.

Events DC is governed by a 12-member Board of Directors. Three members, including the Chief Financial Officer of the District, the chief executive of the Hotel Association of Washington D.C., and the third person designated by the Mayor, serve as voting ex-officio members. The remaining nine public members are appointed by the Mayor with the advice and consent of the Council of the District of Columbia and represent certain sectors of the community. The Mayor designates one public member as chairperson with the advice and consent of the Council.

The agency's FY 2018 proposed budget is presented in the following tables:

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

Although it appears as a single program in the District's financial system, the Washington Convention and Sports Authority operates through the following 3 programs:

Washington Convention Center Operations – provides for the operation of the Walter E. Washington Convention Center, in whole or in part, directly or under contract, and engages in such activities as deemed appropriate to promote trade shows, conventions, and other events. This program also constructs, equips, and maintains the facility.

The convention center opened in April 2003 and was later named in honor of the first Mayor of the District under the present Home Rule Charter. Since opening, it has hosted the following number of events per fiscal year:

Fiscal Year	Convention Center Events
2004	201
2005	185
2006	106
2007	150
2008	185
2009	204
2010	214
2011	231
2012	201
2013	209
2014	204
2015	233
2016	217

A total of 14.5 million people attended events at the Convention Center during the period of FY 2004 through FY 2016. Currently, the Convention Center has booked or tentatively booked approximately 308 events from 2017-2019. These events are projected to attract 1 million attendees every year. The Center has a total of 2.3 million square feet of space, including 703,000 square feet of exhibit space; 118,670 square feet of meeting space (which is divisible into 77 meeting rooms); 44,000 square feet of retail space and street-level restaurants; and a 52,000 square-foot ballroom, which is one of the largest on the East Coast.

Sports and Entertainment Division – promotes attractions and the development of new events for the Robert F. Kennedy Memorial Stadium and the surrounding festival grounds, non-military events at the District of Columbia Armory, and sporting and entertainment events at other sites around the city. These events include the D.C. United Major League Soccer team, the Eagle Bank Bowl football game, Nations Football Classic, local athletic games, various concerts, and other events. The Department of General Services maintains the stadium and the armory through revenue collected from events, rent, advertising, and other sources of revenue derived from these facilities.

Carnegie Library at Mount Vernon Square – as a special event venue, the Carnegie Library showcases its versatility by hosting galas, weddings, receptions, holiday parties, and press events. The Library is comprised of seven ornate rooms, including the L'Enfant Map Room, which features an illuminated floor map of Washington, D.C.

Program Structure Change

The Washington Convention and Sports Authority has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table ES0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Washington Convention and Sports Authority's (WCSA) proposed FY 2018 gross budget is $160,215,589, which represents a 9.0 percent increase over its FY 2017 approved gross budget of $146,958,776. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Increase: The FY 2018 proposed budget for WCSA was increased by $6,315,298 to support various initiatives. This amount includes $5,989,000 to support planned capital expenditures for maintenance and improvements, investments in information technology, and environment enrichment and improvement to the Convention Center and the Carnegie Library. Also, included in this amount is $280,833 to purchase mechanical supplies for facilities maintenance, and $45,465 for acquisition of additional computers. Additionally, the proposed budget includes an increase of $1,821,151, which is comprised of $1,494,859 to support Destination DC marketing of the District of Columbia, and $326,292 for internal marketing efforts. Further adjustments to WCSA's budget proposal aligns funding with projected personal services costs, accounting for an increase of $1,133,176 that provides annualized funding for 11 positions that were added with the revised FY 2017 budget. These positions will enhance marketing and community outreach initiatives, support the Gateway and Rise Center, and add support to the events and marketing services departments. The proposed budget also reflects increases of $82,066 for contractual services, and $63,309 to align Fixed Costs with projected estimates.

Decrease: To align the budget with projected debt service payments, the budget was decreased by $44,622. The budget proposal also decreased by $474,022 due to cost savings projected for health insurance premiums.

Mayor's Proposed Budget

No Change: The Washington Convention and Sports Authority's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: The Washington Convention and Sports Authority's budget proposal reflects a net increase of $4,360,457, of which $2,862,116 will support the Destination DC advertisement with the aim of making the District of Columbia a destination center for businesses within the Greater Metropolitan Washington area, and $1,498,341 will support the Washington Center Hotel ground lease payment.

Housing Finance Agency

Note: Prior year actuals are not reported for the Housing Finance Agency, because the agency does not use the District's financial system for its actual transactions

The Housing Finance Agency (HFA) was established in 1979 as a corporate body with a legal existence separate from the Government of the District of Columbia to stimulate and expand homeownership and rental housing opportunities for low-and moderate-income families in the District.

The Housing Financing Agency issues taxable and tax-exempt mortgage revenue bonds to lower the costs of financing single-family housing and of acquiring, constructing, and rehabilitating rental housing. In addition, HFA administers the issuance of four percent low-income housing tax credits to achieve its affordable housing preservation, rehabilitation, and development objectives on behalf of the Department of Housing and Community Development (DHCD).

The agency's FY 2018 proposed budget is presented in the following tables:

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

Although the Housing Finance Agency appears as a single entity in the District's financial system, it operates through the following 3 programs:

Multi-Family Development – provides tax-exempt and taxable bonds, tax credits, and McKinney Act Savings Loan funds as financial tools that are integral to development of the community's ability to provide affordable, safe and decent housing to low-income and special needs populations. The multi-family mortgage revenue bond and tax credit products serve as vehicles for developers to access low-cost institutional debt and equity tools that enhance return on investment. When combined with 4 percent Low-Income Housing Tax Credits and other subsidies, the HFA's mortgage revenue bond product, which is offered in enhanced structures, provides competitive, below-market rate pricing and helps to preserve, rehabilitate, or construct affordable and mixed-income housing in the District.

This program contains the following 2 activities:

- **Technical Assistance** – provides technical assistance on all aspects of underwriting to developers who produce affordable housing, and acts as facilitators with city and federal government agencies to help expedite the permitting process and other approvals. In addition, HFA's staff provides ongoing construction monitoring to ensure construction is successfully completed and properly managed; and
- **Financing Assistance** – provides several financing programs, including the Multi-family Mortgage Revenue Bond Program, Low-Income Housing Tax Credit Program, and McKinney Act Savings Loan Fund. Depending on a project's eligibility, tax-exempt bonds, taxable bonds or low-interest loans can be used for pre-development activities, as well as the acquisition, construction and renovation of multifamily buildings. Financing can be used for the rehabilitation or construction of rental housing,cooperatives, assisted-living facilities, and transitional housing.

Single Family Development – provides low-interest mortgages for persons purchasing a home in the District at or below the national and local conventional rates.

This program contains the following 2 activities:

- **Homebuyer Assistance** – provides 30-year fixed rate mortgages and assistance with down payment and closing costs, as funds are available; and
- **Homeownership Education** – provides regular seminars and community outreach in an effort to empower persons seeking to become homeowners in the District. Through the HFA, information is made available to residents on the Single Family Bond products, financing options, the District government's employer assistance program, tax credits, tax abatements, the Home Purchase Assistance Program (HPAP), other programs to help with closing costs, and other incentives for homebuyers.

Home Saver Program – is a U.S. Treasury Hardest Hit Fund Initiative, which is federally funded and provides forgivable mortgage loans to homeowners of the District of Columbia who are at risk of foreclosure and who have experienced involuntary job loss.

Program Structure Change

The Housing Finance Agency has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HF0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table HF0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
ENTERPRISE AND OTHER FUNDS: FY 2017 Approved Budget and FTE		**11,740**	**0.0**
Increase: To align personal services and Fringe Benefits with projected costs	Housing Finance Agency	435	0.0

GROSS FOR HF0 - HOUSING FINANCE AGENCY		**12,320**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Housing Finance Agency's (HFA) proposed FY 2018 gross budget is $12,320,210, which represents a 4.9 percent increase over its FY 2017 approved gross budget of $11,740,000. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Increase: The HFA's budget reflects net increases of $434,950 in personal services to cover Fringe Benefits and support the higher cost of non-District government staff; $135,000 in nonpersonal services to support ongoing operations, as well as software maintenance fees associated with new technology systems that will be implemented this year; and $10,260 in Fixed Costs due to higher projections across all commodities.

Mayor's Proposed Budget

No Change: The Housing Finance Agency's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Housing Finance Agency's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Note: The University of the District of Columbia does not use the District's financial system for its transactions. For FY 2016 actual expenditures, see the FY 2016 District of Columbia Comprehensive Annual Financial Report.

The University of the District of Columbia (UDC) is an urban land grant institution of higher education. Through its community college, flagship, and graduate schools, UDC offers affordable post-secondary education to District of Columbia residents at the certificate, baccalaureate, professional, and graduate levels. These programs prepare students for immediate entry into the workforce, the next level of education, specialized employment opportunities, and life-long learning.

Summary of Services

The University of the District of Columbia provides high-quality learning, research, and public service experience, meeting the needs and interest of students, employees, and research organizations in the District and the surrounding area. The University is governed by a board of trustees as set forth in District of Columbia Official Code Section 38-1202.01, with duties as set forth in Code Section 38-1202.06. The provisions of law applicable to the University's land-grant status are listed in Code Section 38-1202.09.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

The University of the District of Columbia ("the University" or "UDC") operates through the following 6 programs:

Student Affairs – provides enrichment opportunities and assistance to students in an out-of-classroom environment. These services are designed to prepare students to be successful in achieving their educational, career, and lifelong goals. This program offers outreach, support, and leadership development services to UDC students and other members of the community so that they can experience academic success, participate in University life, and develop leadership skills that will enable successful integration into the global community.

This program contains the following 6 activities:

- **Career Services** – provides a centralized source for job and career information, preparation, and support services for UDC students, alumni, and other members of the University community enabling them to obtain employment and other post-graduate opportunities;
- **Student Services Administration** – provides leadership development training, opportunities, and experiences to UDC students so that they can develop leadership skills and participate in the effective and timely resolution of student complaints;
- **Health Services** – provides preventive health and limited medical care services to the University and public health community so that they can prevent the spread of communicable diseases and respond to emerging health issues;
- **Student Life and Services** – provides outreach, intervention, and academic and non-academic support services to UDC students so that all students can experience academic success, participate in University life, and develop life and leadership skills that will enable successful integration into the global community;
- **Student Center** – offers program elements to enhance student life, welcome people to our campus, elevate the University's profile, and further enrich its relationship with the surrounding community; and
- **Housing** – provides information, guidance, direction, and programming to meet the housing needs of students at the University. The ultimate goal of this activity is to foster an environment that supports each student's academic success and participation in the life of the University.

Academic Affairs – provides quality, affordable post-secondary educational services to students to prepare them for entry into the job market and allow them to successfully achieve professional and personal goals.

This program contains the following 8 activities:

- **Academic Support** – houses the Office of the Provost and promotes educational quality and effectiveness. This activity provides oversight, leadership, and service to achieve the academic mission of the University. It also works to provide recommendations to the University President on resource allocations for academic units, articulates the academic values and functions of the University, and represents the institution in various settings;
- **Learning Resources** – provides access to books, multimedia materials and equipment, research and reference materials, and consultation and support services to students, faculty, District residents, and Washington Research Consortium members to utilize on-site and online, and provides information and resources to support teaching, learning, and research;
- **Graduate Studies and Research (Applied Research)** – provides research, training, and technical assistance services to District and federal funding agencies, programs and organizations so that they can apply research results toward resolution of urgent urban problems and UDC students and faculty can gain experience and expertise in research;

- **CAUSES** – provides instruction, funded research, and public research services to residents of the Washington metropolitan area for healthier lifestyle choices, improved literacy levels, and full access to economic opportunities;
- **Engineering** – provides instructional, research, public outreach, and support services to UDC students and the community so that students can have engineering-related employment and career opportunities;
- **Business and Public Administration –** provides a curriculum of study and research in modern administration for both private business and government;
- **David A. Clarke School of Law** – provides instructional, research, public outreach, and support services to UDC students and the community so that students can have employment and career opportunities in the legal profession; and
- **College of Arts and Sciences** – provides a broad range of instructional, research, public outreach, and support services to UDC students and the community across the liberal arts and sciences such that students gain career opportunities or are prepared for graduate or professional school.

University President – provides leadership for central executive activities concerned with management and long-range planning for the entire institution. This program develops and implements UDC's strategic plan to ensure successful accomplishment of its overall mission.

This program contains the following 9 activities:

- **Office of the President** – administers policies and procedures; plans, operates, and maintains plant facilities; manages the University's financial affairs, faculty, staff, visitors, and facilities; enhances UDC's efficiency and effectiveness through information technology utilization; improves and expands services offered to University clientele; and supports UDC's overall mission;
- **Legal Services** – the Office of General Counsel provides first class legal services to the University of the District of Columbia. The objective is to keep questions from becoming problems and problems from becoming lawsuits. Through timely and knowledgeable advice, the office aids the University in avoiding or reducing exposure to legal risks;
- **Athletics Department** – provides intercollegiate participation, intramural games, and fitness and recreation services to students and other members of the University family and community so that athletically talented students can gain access to an education and stay in school, and all members of the University family can experience an enhanced sense of community;
- **Alumni Relations** – provides outreach services to UDC alumni and alumni of UDC's predecessor institutions so that they can participate in and be supportive of the academic, research and community service programs of the University;
- **Major Gifts and Development –** build relationships with corporations, foundations, individual estates, and other potential donors so that they can consistently support the programs and activities of the University and contribute to its financial security and stability;
- **Communication and Branding (Cable TV)** – provides publicity and media services to constituents, locally and nationally, such that they can be accurately informed about, form a positive image of, and be supportive of UDC and its mission, goals, and programs;
- **Communications and Public Affairs** – fosters the exchange of talents and resources of alumni, students, parents, faculty, administration, and friends to advance the mission of the University of the District of Columbia. This unit provides oversight of alumni relations, major gifts and development, communication and branding, and governmental affairs;
- **Public Safety and Awareness** – the Department of Public Safety is a professional, full-service campus law enforcement agency committed to promoting a safe and secure educational, cultural, and working environment for students, faculty, staff, and visitors; and
- **Governmental Affairs** – provides assistance to UDC by acting as liaison between the University, the District government, and its constituents.

The University of the District of Columbia Community College (UDC-CC) – serves the District's residents by integrating workforce preparation, employability, skill development, quality education and remediation, economic development and employer linkages, school-to-career training – providing a seamless transition from K-12 to adult education and literacy to college prep – and continuous lifelong learning.

This program contains the following 5 activities;

- **Office of the CEO** – ensures the timely and effective delivery of workforce and academic programs to UDC-CC students;
- **Student Achievement** – contains all student service activities, including advising, counseling, and career services, as well as student activities funds, the Student Government Administration (SGA), and any other student life programming;
- **Academic Affairs** – provides affordable post-secondary educational services to UDC-CC students to prepare for entry into the job market and allow them to successfully achieve professional and personal goals;
- **Workforce Development and Life Long Learning** – provides short-term educational and training programs that enhance professional options for students; and
- **Plant Operations** – manages the fixed costs payments for UDC-CC's various locations, including rent, utilities, building and land maintenance, and security costs.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The University of the District of Columbia has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table GF0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table GF0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
ENTERPRISE AND OTHER FUNDS: FY 2017 Approved Budget and FTE		**162,543**	**968.4**

GROSS FOR GF0 - UNIVERSITY OF THE DISTRICT OF COLUMBIA		**161,935**	**968.4**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The University of the District of Columbia's (UDC) proposed FY 2018 gross budget is $161,935,168, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budget of $162,543,336. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Increase: UDC's FY 2018 proposed budget includes a net increase of $1,129,201 to account for adjustments made to Contractual Services across multiple programs. Additionally, the proposed budget reflects an increase of $945,691 in personal services to align salaries and Fringe Benefits with projected costs across multiple programs.

Decrease: UDC's FY 2018 proposed budget reflects a net decrease of $4,328,162 to align the budget with projected Fixed Costs estimates for Rentals. Additionally, the proposed budget reflects a net decrease of $5,583,060 primarily in Subsidies and Transfers across multiple programs to recognize expired FY 2017 grants in the Academic Affairs and the Community College programs.

Mayor's Proposed Budget

Enhance: The proposed budget reflects an increase of $5,728,162 to support the University's ability to maintain and enhance existing programs, and also allow for the planning and implementation of promising new academic programs.

District's Proposed Budget

Enhance: UDC's FY 2018 proposed budget includes an increase of $1,500,000 in the Agency Management program.

District of Columbia Public Library Trust Fund

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The District of Columbia Public Library Trust Fund will transfer-out its entire budget of $17,000 to the District of Columbia Public Library. All functions and responsibilities that currently exist in the District of Columbia Public Library Trust Fund will now reside within the District of Columbia Public Library.

Agency Budget Submission

Technical Adjustment/Transfer-Out: The District of Columbia Public Library Trust Fund's entire budget will be transferred to the District of Columbia Public Library. This includes the Theodore W. Noyes Trust Fund in the amount of $7,000 and the George Peabody Trust Fund in the amount of $10,000.

Mayor's Proposed Budget

No Change: The District of Columbia Public Library Trust Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The D.C. Public Library Agency Trust Fund's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Unemployment Insurance Trust Fund

www.does.dc.gov
Telephone: 202-724-7000

Table UI0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$113,770,043	$194,147,200	$165,418,586	-14.8

The Unemployment Insurance Trust Fund, administered by the Department of Employment Services (DOES), represents the proceeds from unemployment taxes paid by private sector employers and reimbursements from the District and federal governments deposited in the Unemployment Trust Fund (the "Fund"). The Fund is used to pay benefits for private and public sector employees during periods of unemployment. Payments include transfers to other governments to reimburse unemployment benefits paid to District residents.

Trust funds are fiduciary funds that are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governments. Such trust funds are custodial in nature, reporting only assets and liabilities. Because fiduciary funds cannot be used for the operations of the government, they are not included in the District's government-wide financial statements.

Prior to FY 2005, these agency trust funds were included in the operating budgets of the agencies that administered the trust funds. The District created a separate agency fund in FY 2005 so that the District's budget structure would report these trust funds pursuant to the District's accounting structure. The Unemployment Insurance Trust Fund was separated from the DOES budget for improved fiscal transparency and to enable the District's budget format to more closely follow the presentation of the Comprehensive Annual Financial Report.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Unemployment Insurance Trust Fund's (UITF) proposed FY 2018 gross budget is $165,418,586, which represents a 14.8 percent decrease from its FY 2017 approved gross budget of $194,147,200. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Decrease: The budget proposal for UITF reflects a decrease of $28,728,614 in the Unemployment Trust Fund program, primarily due to the robust job market in the District, which suggests that unemployment filings will continue to trend downward in FY 2018.

Mayor's Proposed Budget

No Change: The Unemployment Insurance Trust Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Unemployment Insurance Trust Fund's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

FY 2018 Proposed Budget Changes

The Housing Production Trust Fund's (HPTF) proposed FY 2018 gross budget is $99,155,560, which represents a less than 1.0 percent decrease from its FY 2017 approved gross budget of $100,00,000. The budget is comprised of $50,838,171 in Enterprise and Other Funds – Dedicated Taxes and $48,317,389 in Enterprise and Other Funds.

Agency Budget Submission

Increase: As part of the Mayor's commitment to increase affordable housing opportunities in the District, the proposed budget includes an increase of $6,736,835 for a total of $51,682,611 in Contractual Services in Enterprise and Other Funds – Dedicated Taxes. The HPTF receives 15 percent of the Deed Recordation and Deed Transfer taxes, less the portion dedicated to debt service on prior-year borrowings for all HPTF projects. These funds provide financial assistance to non-profit and for-profit developers that support the construction, rehabilitation and acquisition of affordable housing for rental or homeownership in the District of Columbia.

Decrease: The proposed budget includes a decrease of $6,736,835 in Enterprise and Other Funds to align the budget with projected revenues.

Mayor's Proposed Budget

No Change: The Housing Production Trust Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: The Housing Production Trust Fund's budget proposal reflects a reduction of $844,440 in Enterprise and Other Funds – Dedicated Taxes to align the budget with projected revenues, which are slightly lower because of adoption of the first-time homebuyer tax credit.

Tax Increment Financing (TIF) Program

Table TX0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$59,909,295	$54,755,587	$53,709,439	-1.9

Tax Increment Financing (TIF) is a program through which the District provides economic development project funds by borrowing against future tax receipts expected to be generated as a result of the construction and operation of projects partially funded by these funds.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

Table TX0-2 contains the proposed FY 2018 budget by revenue type compared to the FY 2017 approved budget. It also provides FY 2016 actual data.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Tax Increment Financing Program operates through the following program:

Tax Increment Financing – provides budget authority pursuant to the Tax Increment Financing Act of 1998, which established a TIF program to support economic development projects that would not be developed "but for" public financial assistance. The initiative was reauthorized by the Tax Increment Financing Reauthorization Act of 2002. In addition, the District Council approved other project-based tax-supported revenue bonds, including Tax Increment Financings, outside the scope of the TIF Act.

This program contains the following 6 projects:

- **Gallery Place** – a mixed-use project that opened in the summer of 2004 and has an estimated debt service payment of $4,314,000;
- **The Mandarin Oriental Hotel** – opened in March 2004 and has an estimated debt service payment of $4,509,125;
- **Verizon Center** – funded arena improvements to be repaid using an incremental tax of 4.25 percent on merchandise and tickets sold at the venue, with an estimated debt service payment of $3,585,609;
- **City Market at O Street** – a mixed-use development project under construction that has an estimated debt service payment of $2,211,531;
- **Special Retail and Great Streets** – smaller TIF financings issued under a special retail TIF program in the downtown area and retail or mixed-use projects located in Great Streets areas. Estimated debt service for debt issued under these programs is $1,142,418; and
- **Convention Center Hotel** – the project opened in May of 2014 and has an estimated debt service of $9,520,799.

In addition, the budget includes estimated debt service for the following projects expected to be under construction during FY 2018:

- **Skyland** – a mixed-use development project with an estimated debt service payment of $740,000 to be paid from capitalized interest; and
- **Bryant Street –** a residential/retail development project with an estimated debt service payment of $1,164,000 to be paid from capitalized interest.

For certain projects, a revenue contingency totaling $26,521,957 is budgeted if projected revenues are higher than minimum debt service payments, in accordance with the bond agreements. Depending on the structure of bond documents, such additional revenues may be used to pre-pay principal on TIF financings, reserved for future debt service payments, or returned to the District's General Fund. For FY 2018, the District is expected to be entitled to refunds from the Gallery Place and Mandarin bond trustees totaling $9,493,686. This is the amount by which estimated tax increments from the Gallery Place and Mandarin projects exceed scheduled bond debt service. This will be funded within the revenue contingency budget.

Program Structure Change

The Tax Increment Financing (TIF) Program has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table TX0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table TX0-5

(dollars in thousands)

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Tax Increment Financing (TIF) Program's proposed FY 2018 gross budget is $53,709,439, which represents a 1.9 percent decrease from its FY 2017 approved gross budget of $54,755,587. The budget is comprised entirely of Enterprise and Other Funds - Dedicated Taxes.

Agency Budget Submission

Decrease: The proposed budget for Tax Increment Financing includes a net decrease of $1,046,148, primarily in Subsidies and Transfers, to align the budget with projected tax revenues and the latest revenue estimates provided by the Office of Revenue Analysis.

Mayor's Proposed Budget

No Change: The Tax Increment Financing Program's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Tax Increment Financing Program's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Ballpark Revenue Fund

Table BK0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$64,242,792	$68,485,000	$61,557,000	-10.1

The Ballpark Revenue Fund is a non-lapsing special fund that was established to pay certain costs of the development, construction, and renovation of a stadium that has as its primary purpose the hosting of professional athletic events in the District. The Ballpark Omnibus Financing and Revenue Act of 2004 created the fund, effective April 8, 2005 (D.C.Law 15-320; D.C. Official Code §10-1601.01 et seq.). The District of Columbia owns the stadium.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2018 Operating Appendices** located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Ballpark Revenue Fund operates through the following 2 programs:

Office of the Chief Financial Officer – collects applicable taxes and fees related to baseball in the District, including a ballpark fee on businesses within the District with over $5,000,000 in gross receipts, a sales tax at the point of sale on tickets of admission to certain events at the ballpark, a sales tax on certain personal property and services at the ballpark, a sales tax on food and beverages, a tax on parking at the ballpark, lease payments from the Washington Nationals team to occupy the baseball stadium, and a utility tax collected from non-residential users.

Capital Project – Ballpark – provides for anticipated debt service payments and ancillary long-term costs related to the construction of the District's baseball stadium.

Program Structure Change

The Ballpark Revenue Fund has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table BK0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

GROSS FOR BK0 - BALLPARK REVENUE FUND		**61,557**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Ballpark Revenue Fund's proposed FY 2018 gross budget is $61,557,000, which represents a 10.1 percent decrease from its FY 2017 approved gross budget of $68,485,000. The budget is comprised of $49,821,000 in Enterprise and Other Funds - Dedicated Taxes and $11,736,000 in Enterprise and Other Funds.

Agency Budget Submission

Increase: The proposed budget for Enterprise and Other Funds reflects an overall increase of $198,000, which is comprised of $99,000 to support the collection of certified revenue from ballpark lease payments and applicable income from other ballpark activities, and $99,000 to support changes to debt service payments.

Decrease: The proposed Enterprise and Other Funds - Dedicated Taxes budget includes a reduction of $7,126,000, of which $3,563,000 aligns the budget with revised estimates for the collection of dedicated taxes related to ballpark activities, and $3,563,000 reflects changes to debt service payments for the financial obligations associated with the construction of the District's baseball stadium.

Mayor's Proposed Budget

No Change: The Ballpark Revenue Fund's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Ballpark Revenue Fund's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Repayment of PILOT Financing

Table TY0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$21,888,791	$31,113,441	$31,188,512	0.2

Repayment of PILOT Financing is a program through which the District provides economic development project funds by borrowing against the future receipts from Payment-in-Lieu-of-Taxes (PILOT).

A PILOT payment on debt issued under the District's PILOT Act equals the amount the property owner would otherwise pay in property taxes, based on the assessed value of the property. The repayment of the borrowing against this future PILOT revenue is budgeted in this program. This borrowing is similar in concept to Tax Increment Financing, in which the District borrows against future tax receipts and uses the proceeds to spur economic development.

The agency's FY 2018 proposed budget is presented in the following tables:

FY 2018 Proposed Gross Funds Operating Budget and FTEs, by Revenue Type

"No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

Repayment of PILOT Financing operates through the following program:

Repayment of PILOT Financing – provides budget authority for debt service payments on debt borrowed against the following PILOT projects:

- **U.S. Department of Transportation headquarters building** – PILOT bond proceeds supported the District's park and infrastructure improvements in the Anacostia Waterfront Initiative (AWI) area. The debt service payment in FY 2018 is estimated to be $10,550,679;
- **Southeast Federal Center** – PILOT debt issued under this program supports public infrastructure paid for by the developer of The Yards project, a multi-stage, mixed use development near the Navy Yard. The first issuance was in FY 2010 and has an estimated debt service payment of $3,862,026 in FY 2018;
- **Rhode Island Metro Plaza** – The Rhode Island Metro Plaza project contains new residential apartments and retail shops as well as a parking garage for the Washington Metropolitan Area Transit Authority. The debt service payment in FY 2018 is estimated to be $494,391; and
- **Southwest Waterfront –** PILOT debt issued under this project supports the multi-stage, mixed use development located in Southwest DC known as the Wharf. The debt service payment in FY 2018 will be paid from capitalized interest as well as from site specific tax levied on a portion of phase I development. The total FY 2018 debt service is $12,814,744.

In addition, the program budget contains a contingency of $3,466,672 if projected PILOT revenues are higher than minimum debt service and must be paid to the bond holder, or returned to the District for AWI capital projects, in accordance with bond agreements. This amount includes $68,919 of trust account balance available for AWI capital projects. Of the total amount, an estimated $2,446,989 is anticipated to be returned to the General Fund for Anacostia Waterfront capital projects.

Program Structure Change

Repayment of PILOT Financing has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table TY0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table TY0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
ENTERPRISE AND OTHER FUNDS-DEDICATED TAXES: FY 2017 Approved Budget and FTE		**31,113**	**0.0**
Increase: To align budget with scheduled debt service payments	Repayment of Pilot Financing	75	0.0
ENTERPRISE AND OTHER FUNDS-DEDICATED TAXES: FY 2018 Agency Budget Submission		**31,189**	**0.0**
No Change		0	0.0
ENTERPRISE AND OTHER FUNDS-DEDICATED TAXES: FY 2018 Mayor's Proposed Budget		**31,189**	**0.0**
No Change		0	0.0
ENTERPRISE AND OTHER FUNDS-DEDICATED TAXES: FY 2018 District's Proposed Budget		**31,189**	**0.0**
GROSS FOR TY0 - REPAYMENT OF PILOT FINANCING		**31,189**	**0.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

Repayment of PILOT Financing's proposed FY 2018 gross budget is $31,188,512, which represents a less than 1.0 percent increase over its FY 2017 approved gross budget of $31,113,441. The budget is comprised entirely of Enterprise and Other Funds - Dedicated Taxes.

Agency Budget Submission

Increase: The proposed budget for FY 2018 is increased by $75,071 to align the budget with projected dedicated revenues and scheduled debt service payments. This adjustment is primarily attributed to an increase in PILOT revenue available to pay debt service on Southeast Federal Center bonds.

Mayor's Proposed Budget

No Change: Repayment of PILOT Financing's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Repayment of PILOT Financing's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Not-For-Profit Hospital Corporation

www.united-medicalcenter.com
Telephone: 202-574-6000

Table HW0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$0	$132,000,000	$128,000,000	-3.0

Note: Prior year actuals are not reported for the Not-For-Profit Hospital Corporation because the agency does not use the District's financial system for its actual transactions.

The mission of the Not-For-Profit Hospital Corporation (NFPHC) is dedicated to the health and well-being of individuals and communities entrusted to our care. NFPHC will be an efficient, high value, patient-focused provider of high-quality healthcare to improve the lives of District residents. We will employ innovative approaches that yield excellent experiences and will empower healthcare professionals as they work to care for our patients. We will pursue this vision through collaboration with other providers and as part of a larger District-based delivery system.

NFPHC, commonly known as United Medical Center (UMC) and United Medical Nursing Center, is an independent District instrumentality, created by legislation adopted by the Council of the District of Columbia. It provides inpatient, outpatient, psychiatric, and emergency care, and a skilled nursing facility (SNF). NFPHC is located east of the Anacostia River in the Southeast section of Washington, D.C. Its primary service market includes residents of Wards 7 and 8 and the state of Maryland's Prince George's County. Approximately 88 percent of United Medical Center's hospital admissions were paid for by the public programs Medicare or Medicaid.

NFPHC is governed by a 14-member Board of Directors, 11 of whom are voting members and three of whom are non-voting members. Six members are appointed by the Mayor and three members are appointed by the Council of the District of Columbia. The Chief Financial Officer of the District, or his or her designee, and a representative of the entity maintaining the largest collective bargaining agreement with the corporation serve as ex-officio voting members. The Chief Executive Officer and Chief Medical Officer of NFPHC and the President of the District of Columbia Hospital Association serve as non-voting ex-officio members.

The Board of Directors of NFPHC adopted a new Strategic Vision and Plan on August 2, 2013, and this Plan was approved by the Mayor and endorsed by the District Council. The Council in that endorsement urged the Board and the Executive to carry out the Plan, including recommendations from Huron Consulting, "swiftly." Five major areas within this plan of focus remain:

- Align with a partner(s) and position UMC to thrive under healthcare reform;
- Achieve financial stability;
- Recruit, deploy, and retain talented and enthusiastic personnel focused on providing excellent patient experiences;
- Achieve superior quality and patient safety outcomes; and
- Contribute to overall health within the communities that UMC serves.

The NFPHC has made several advancements with regard to financial stability and recruiting highly qualified personnel. These advancements have seen the quality measures increase over the last three years. The Hospital continues to work with local officials to align with a partner and position UMC to thrive under healthcare reform.

The agency's FY 2018 proposed budget is presented in the following tables:

"No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Program Description

The Not-For-Profit Hospital Corporation operates through revenues generated primarily, though not exclusively, through its Hospital patient and Skilled Nursing Facility (SNF) resident operations.

Hospital Services – NFPHC operates an acute care program with 234 licensed acute care beds, which provides medical, surgical, psychiatric, and obstetric care. Other hospital services include adult emergency care and outpatient and diagnostic services. Children's National Medical Center, through a lease arrangement and as a separately licensed organization, provides pediatric emergency care on the campus of NFPHC.

Skilled Nursing Facility (SNF) Services – With a capacity of 120 beds, the SNF provides skilled nursing services to chronically ill residents, with a significant percentage of the patients being the elderly.

Program Structure Change

The Not-For-Profit Hospital Corporation has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HW0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

FY 2018 Proposed Budget Changes

The Not-For-Profit Hospital Corporation's (NFPHC) proposed FY 2018 gross budget is $128,000,000, which represents a 3.0 percent decrease from its FY 2017 approved gross budget of $132,000,000. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Decrease: NFPHC's proposed FY 2018 budget is decreased by $4,000,000 in Subsidies and Transfers to reflect the hospital's projected resources of $128,000,000.

Mayor's Proposed Budget

No Change: The Not-For-Profit Hospital Corporation's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Not-For-Profit Hospital Corporation's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Health Benefit Exchange Authority

www.hbx.dc.gov
Telephone: 202-715-7576

Table HI0-1

Description	FY 2016 Actual	FY 2017 Approved	FY 2018 Proposed	% Change from FY 2017
OPERATING BUDGET	$48,090,508	$34,521,266	$28,142,740	-18.5
FTEs	60.1	92.0	92.0	0.0

The mission of the D.C. Health Benefit Exchange Authority is to implement a health care exchange program in the District of Columbia in accordance with the Patient Protection and Affordable Care Act, thereby ensuring access to quality and affordable health care to all District of Columbia residents.

Summary of Services

In March of 2010, the Patient Protection and Affordable Care Act of 2010 was signed into law with the central goal of ensuring that all Americans have access to quality, affordable health care. It enabled implementation of significant health insurance reforms were implemented including the establishment of Health Benefit Exchanges nationwide. The D.C. Health Benefit Exchange Authority is a quasi-governmental agency of the District of Columbia government charged with implementing and operating the District's Health Benefit Exchange. The Health Benefit Exchange operates DC Health Link, an online marketplace for District residents and small businesses to compare private health insurance plans, learn if they are eligible for tax credits or subsidies to purchase private insurance or qualify for public health programs such as Medicaid, and enroll in a health plan that best meets their needs. The Health Benefit Exchange enables individuals and small businesses and their employees to find affordable and easier-to-understand health insurance. The District of Columbia Health Benefit Exchange Authority is now in its fourth year of operation and concluded its fourth open enrollment period for people purchasing individual insurance on January 31, 2017.

The agency's FY 2018 proposed budget is presented in the following tables:

Program Description

The Health Benefit Exchange Authority operates through the following 5 programs:

Consumer Education and Outreach – educates and informs District residents, small business owners, and small business employees about health coverage options available through DC Health Link by organizing special events, participating in sponsored activities, conducting educational seminars, partnering with other District agencies and organizations as well as conducting intensive outreach through all of these methods.

This program contains the following 3 activities:

- **Consumer Education and Outreach Support Services** – educates District residents, small business owners and small business employees about health coverage options available through DC Health Link by organizing special events, participating in outside events, conducting educational seminars, partnering with other District agencies and organizations, and conducting intensive outreach through all of these methods;
- **Marketing and Communication** – provides support and awareness for DC Health Link through development of an earned media plan, printed materials for distribution, paid media campaigns that may include outdoor advertising, broadcast, newspapers and other publications, digital, and social media avenues; and
- **Navigators, Counselors, and In-Person Assisters (IPA)** – required for state-based marketplaces and is a condition for certification as a state-based marketplace. Navigators, Certified Application Counselors, and In-Person Assisters provide people one-on-one help with enrollment.

Marketplace Innovation Policy and Operations – performs functions required of all state-based marketplaces, including plan management eligibility determinations, and certification of qualified health and dental plans, as well as to ensure the efficient operation of an online insurance marketplace where individuals, families, small businesses, and their employees can shop and enroll in health insurance.

This program contains the following 6 activities:

- **Contact Center** – required for state-based marketplaces and is a condition for certification as a state-based marketplace. Contact center takes calls to assist consumers with DC Health Link questions and on-line applications. Processes paper applications and provides information for escalated cases to the HBX and Economic Security Administration (ESA);

- **Plan Managemen**t – required for state-based marketplaces and is a condition for certification as a state-based marketplace. Working in conjunction with local and federal regulatory bodies, establishes and oversees the process to certify, recertify, and decertify Qualified Health Plans and Qualified Dental Plans available through DC Health Link. Also manages enrollment issues with Qualified Health Plan and Qualified Dental Plan carriers including the coordination of all Electronic Data Interchange (EDI)-related transactions to and from DC Health Link;
- **Eligibility and Enrollment** – required for state-based marketplaces and is a condition for certification as a state-based marketplace. With the support of IT, designs and manages the eligibility and enrollment process through a seamless, web-based application to determine individual and family member eligibility for Medicaid and/or advanced premium tax credits and to enable individuals and families to enroll in qualified health plans and qualified dental plans available through DC Health Link, manages and facilitates a legally required consumer appeals process; and, as required by federal law, provides tax reporting information to consumers and the IRS;
- **Member Services** – responsible for core customer service responsibilities essential to successful Exchange operations and evaluated as part of the state-based marketplace certification process. Researches complex customer service problems and works with multiple stakeholders to resolve those issues. Provides assistance to consumers with complex circumstances and to those needing extra help navigating the DC Health Link online marketplace, resolving any technical difficulties a customer may experience, ensuring that changes to eligibility and enrollment information are quickly updated and processed, enabling consumers to conduct certain services (such as address changes, reporting of life events, or special enrollment period transactions) over the phone, and resolving all escalated cases from the Contact Center and other sources;
- **Data Analytics and Reporting** – responsible for the development and implementation of federally required data reporting requirements and consumer-related surveys. This team manages the end-to-end process of developing functionality for electronic federal data reporting as well as the creation and dissemination of required IRS 1095A forms for tax reporting purposes. Develops consumer-related surveys around enrollment and satisfaction with DC Health Link; and
- **S.H.O.P. Operations** – required for state-based marketplaces and is a condition for certification as a state-based marketplace. Develops, operates and manages DC Health Link's Small Business Health Options Program (SHOP). The SHOP facilitates enrollment into qualified health plans for employees of small businesses that purchase coverage through DC Health Link. This team manages that process from end-to-end, designs system improvements, and troubleshoots systems issues to ensure effective operation of the SHOP Marketplace. Works with IT on design, manages broker relationships, training, certification, and cases. Conducts outreach and works with the small business community.

IT Related Operations – provides critical development, maintenance and support for DC Health Link. The work includes providing operations and maintenance of both HBX-only systems and shared systems with Medicaid, managing the team of consultants that develop functionality for DC Health Link, and managing the EDI Operations team that oversees information transmitted between carriers and DC Health Link.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Health Benefit Exchange Authority has no program structure changes in the FY 2018 proposed budget.

FY 2017 Approved Budget to FY 2018 Proposed Budget, by Revenue Type

Table HI0-5 itemizes the changes by revenue type between the FY 2017 approved budget and the FY 2018 proposed budget. For a more comprehensive explanation of changes, please see the FY 2018 Proposed Budget Changes section, which follows the table.

Table HI0-5

(dollars in thousands)

DESCRIPTION	DIVISION/PROGRAM	BUDGET	FTE
ENTERPRISE AND OTHER FUNDS: FY 2017 Approved Budget and FTE		**34,521**	**92.0**
Increase: To align Fixed Costs with proposed estimates	Multiple Programs	1,036	0.0
Increase: To align resources with operational spending goals	Multiple Programs	273	0.0
Decrease: To align personal services and Fringe Benefits with projected costs	Multiple Programs	-102	0.0
Decrease: To realize programmatic cost savings in nonpersonal services	Marketplace Innovation Policy and Ops	-3,240	0.0
Decrease: To realize programmatic cost savings in nonpersonal services	IT Related Operations	-4,346	0.0
ENTERPRISE AND OTHER FUNDS: FY 2018 Agency Budget Submission		**28,143**	**92.0**

ENTERPRISE AND OTHER FUNDS: FY 2018 Mayor's Proposed Budget		**28,143**	**92.0**
No Change		0	0.0
ENTERPRISE AND OTHER FUNDS: FY 2018 District's Proposed Budget		**28,143**	**92.0**
GROSS FOR HI0 - D.C. HEALTH BENEFIT EXCHANGE AUTHORITY		**28,143**	**92.0**

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2018 Proposed Budget Changes

The Health Benefit Exchange Authority's proposed FY 2018 gross budget is $28,142,740, which represents an 18.5 percent decrease from its FY 2017 approved gross budget of $34,521,266. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

The Health Benefit Exchange (the Exchange) supports the primary goals of the Affordable Care Act, which was signed into law in March of 2010. DC Health Link opened for business on October 1, 2013. From the opening to March 14, 2017, the Exchange has served 311,623 people: 43,177 District residents have enrolled in private health insurance; 80,552 people (including Congress) have enrolled through the small business marketplace; and 187,894 people have been found eligible for Medicaid. The Exchange has a screening process as undocumented persons are not eligible to purchase health plans through the Exchange. To continue to expand health coverage in the District, the Exchange proposed the following adjustments to the FY 2018 operating budget:

Increase: The Exchange's proposed budget includes a net increase of $1,036,140 due to Fixed Costs estimates from the Department of General Services. This amount is comprised of increases of $876,740 in Rent; $124,622 in Occupancy; and $34,778 in Telecommunication costs. An additional increase of $273,081 across multiple programs will primarily be used to support outreach activities.

Decrease: The total personal services costs to maintain the current Full-Time Equivalents (FTEs) are estimated to decrease by $102,245, and includes the movement of 1.0 FTE from Continuing Full-Time to Temporary Full-Time. A reduction of $3,239,881 from the Marketplace Innovation Policy and Operations program to right-size Call Center Operations; transitioning some activities to Maximus, which

has the knowledge to match assets with new processes and technology that can improve operations; and streamlining eligibility and appeals services. These reductions will not adversely impact the level of service in the agency, but brings the proposed budget in line with anticipated expenditures. An additional reduction of $4,345,621 from the IT Related Operations program includes reductions for IT Consultants and software contracts.

Mayor's Proposed Budget

No Change: The Health Benefit Exchange Authority's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The D.C. Health Benefit Exchange Authority's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

District of Columbia Government

District of Columbia

For the Fiscal Year Beginning

October 1, 2016

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2016. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the sixteenth in the history of the District of Columbia.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Transmittal Letters

MURIEL BOWSER
MAYOR

July 19, 2017

The Honorable Donald J. Trump
President of the United States
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear Mr. President:

I am pleased to submit to you the District of Columbia Fiscal Year 2018 Budget and Financial Plan, "DC Values in Action: A Roadmap to Inclusive Prsoperity." This proposal is the District of Columbia's twenty-second consecutive balanced budget. The budget before you reflects the ideas and priorities of District residents to ensure that they have a ***roadmap to inclusive prosperity***.

From again investing $100 million in the Housing Production Trust Fund to allocating over $1 billion in full-scale school modernizations, this budget continues to move the District of Columbia forward. This budget also maintains critical investments to build a safer, stronger DC and to ensure our residents have access to job training programs that keep them on pathways to the middle class. Below, I have highlighted a few of the key investments proposed in the FY 2018 Budget and Financial Plan.

High-Quality Education
Rising enrollment in our traditional public and public charter schools, and increasing student achievement, demonstrate that school reform in the District is working. The FY 2018 budget makes the largest investment in public education in the history of the District of Columbia:

- Committing an additional $121 million to increase the per student rate and meet the needs of a growing student body;
- Increasing charter school facilities by 2.2% to $3,193/student for non-residential charter programs and $8,580/student for residential charter schools;
- Improving technology to help parents navigate and engage in public education;

- Increasing University of the District of Columbia (UDC) and the Community College of the District of Columbia funds for the staff and programs by $7.2 million;
- $19.5 million of enhancements in the Office of the State Superintendent of Education budget for early childcare. Three sites in District-owned buildings will be leased to private childcare providers helping us expand the available slots for kids. 300 DC residents will gain certification as educators for infants and toddlers over the next three years. This will enable them to enter the childcare profession immediately and begin on a pathway to advanced credentials - and it will help ensure staffing is available to support the expanded number of childcare seats; and
- Investing $1.3 billion for school modernization over 6 years to ensure that schools in line for modernization under established, defined criteria are budgeted for necessary improvements.

Safer, Stronger DC

The District is committed to ensuring that those in all neighborhoods feel— and are—safe, providing an environment in which residents and businesses can thrive. To that end, the FY 2018 budget includes the following investments:

- $8.9 million in enhancements focused on recruiting and retaining MPD officers, as well as ensuring that as many officers as can be are returned to patrol-related duties. This will be accomplished through: a new public relations campaign; expansion of the police cadet program; expanded housing assistance and student loan forgiveness for officers; and further civilianization of administrative positions;
- $2.3 million for the creation of a *Returning Citizens Portal* to be managed by the Department of Corrections. This will be a physical office offering services from various agencies to help returning citizens successfully transition back into the community. Vital post-release services include: housing, employment, education, health care, job training and placement, and substance use/mental health;
- $1 million for the establishment of a nurse triage collaborative pilot program between Fire and Emergency Medical Services (FEMS) and the Office of Unified Communications (OUC) with a goal to improve access to medical services for callers into 911 by offering nurses who can speak to non-emergency callers and help them make an appointment at a same-day clinic;
- $20 million for essential upgrades to 311/911 hardware and software, including major upgrades to our secondary facility on McMillan Drive NW;
- $39.7 million for the purchase of new MPD fleet vehicles; and
- $83.7 million for the purchase of new FEMS fleet vehicles, and $45 million for the construction of a new fleet maintenance facility.

Affordable Housing

My Administration is committed to producing, preserving and protecting affordable housing in the District of Columbia. This is demonstrated in this budget through the commitment of another $100 million contribution to the Housing Production Trust Fund. This investment will continue our shared goal to support grants and loans, thus yielding more affordable housing for DC families.

Additionally, this budget provides funds for affordable housing in these projects:

- $16 million for the redevelopment of Walter Reed;
- $103 million for the redevelopment of St. Elizabeths; and
- $85 million for the New Communities Initiative.

Pathways to the Middle Class

Maintaining a strong, diverse, and resilient District of Columbia requires that every resident has a fair shot, and a pathway to the middle class. We accomplish this by supporting our most vulnerable families and residents; providing job training that leads to real employment opportunities; and by nurturing our small businesses to ensure their growth and success. Some ways the FY 2018 Budget provides Pathways to the Middle Class are:

- Continuing the District's investment in our youth through the Mayor Marion Barry Summer Youth Employment Program by budgeting almost $20 million;
- Serving as a regional leader by again fully funding the District's share of the WMATA budget, adding a new express bus line on 14th Street NW in Wards 1 and 4, and expanding capacity of existing bus service in Wards 7 and 8;
- Ensuring that the Department of Small and Local Business Development's Certified Business Enterprise system continues to help our local businesses grow and obtain government contracts, and work on government funded projects by fully funding the program with $0.2 million;
- Funding $16.8 million towards the Washington D.C. Infrastructure Academy at Saint Elizabeths East Campus. This new facility will focus on occupational skills training and work-based learning initiatives related to the infrastructure industry, including utility, energy efficiency, transportation, and logistics sectors. At the Academy, industry partners, training providers such as UDC, labor unions and trade associations, will offer a diverse skills training allowing District residents the tools to begin and sustain careers in the infrastructure industry; and
- Advancing DDOT's Vision Zero goals through $2.8 million for (20) new Traffic Control Operators along with (26) new School Crossing Guards.

Health and Human Services

Investing in the health and well-being of District residents remains a priority of my Administration. Ensuring residents are able to provide for their families, and connecting these families with valuable care and supportive programs when they need it most, ensures they have a fair shot at success in the future. The FY 2018 budget includes:

- Funding the next phase of the Homeward DC plan with $15.2 million;
- Funding $10.2 million for a new Temporary Assistance for Needy Families (TANF) policy that will help the District's neediest families;

- Supplementing the Department of Health's budget with $0.9 million to reduce the number of active opioid users in the District, reduce overdoses and overdose fatalities, and improve health and economic outcomes for District residents with a history of substance use;
- Funding the Alternatives to Court Experience (ACE) and Parent and Adolescent Support Services (PASS) programs with $3.3 million; and
- Providing $1 million for the Joyful Foods initiative.

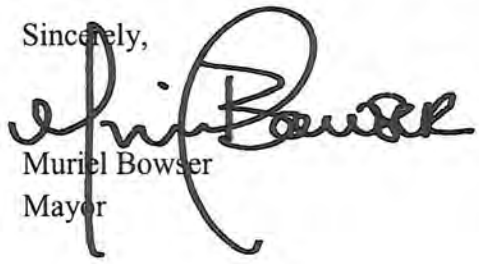
Government Operations

Building a government that works for the residents of the District Columbia streamlines processes and improves efficiency. The FY 2018 budget supports these improvements by:

- Ensuring that the District's share of WMATA's operating and capital subsidies is fully funded;
- Right-sizing the District's snow budget with a $3.8 million budget increase; and
- Expanding the Department of Public Works' grounds maintenance and leaf collection efforts by $1.5 million.

In a city as prosperous as ours, we can and should make all of these critical investments to ensure that residents in all 8 wards can benefit from our **inclusive prosperity**.

Sincerely,



Muriel Bowser
Mayor

COUNCIL OF THE DISTRICT OF COLUMBIA
THE JOHN A. WILSON BUILDING
1350 PENNSYLVANIA AVENUE, N.W.
WASHINGTON, D.C. 20004

The Honorable Paul D. Ryan
Speaker of the House
U.S. House of Representatives
Room H-209
United States Capitol
Washington, D.C. 20515

Re: Transmittal of D.C. Act for Congressional Review

Dear Mr. Speaker:

D.C. Act 22-99, Fiscal Year 2018 Local Budget Act of 2017, is transmitted in accordance with section 602(c)(1) of the District of Columbia Self-Government and Governmental Reorganization Act, P.L. 93-198, as amended. The committee report for the act is also enclosed. The authority for this transmittal rests with the Local Budget Autonomy Amendment Act of 2012 (D.C. Law 19-321), upheld in *Council of the District of Columbia, et al. v. Jeffrey S. DeWitt* (Case No. 2014 CA 2371 B, DC Superior Court; March 18, 2016).

Our enactment maintains critical investments that make our communities safer and stronger and the District an attractive location for residents, businesses, and visitors. Our record of sound financial management is strong and reflects in the continued revenue growth supporting the attached budget. In many respects our financial health is unparalled among jurisdictions across the United States.

To begin the count of the 30-day review by Congress, please acknowledge your receipt of these documents on the copy attached.

Sincerely,

Phil Mendelson
Chairman of the Council

Encl.

Capital Improvements Plan

FY 2018 – FY 2023 Capital Improvements Plan

Introduction

The District's proposed capital budget for FY 2018 – FY 2023 calls for financing $1.266 billion of capital expenditures in FY 2018. The FY 2018 budget highlights are:

- $447 million for the District Department of Transportation, to include $119 million for improvements to the South Capitol Street corridor and replacement of the Frederick Douglass Bridge, $32 million for local streets rehabilitation, $12 million for expansion of the Streetcar line, and $15 million for alley maintenance and rehabilitation;
- $289 million for District of Columbia Public Schools, to include $107 million for renovation of elementary schools, $50 million for renovation of middle schools, $75 million for renovation of high schools, and $14 million for swing space needed during construction;
- $127 million for the Washington Metropolitan Transit Authority (WMATA), to include $76 million for the inter-jurisdictional Capital Funding Agreement and $50 million for the Passenger Rail Investment and Improvement Act (PRIIA) Funding Agreement;
- $82 million for the District of Columbia Public Library, to include $60 million for the Martin Luther King, Jr. Memorial central library;
- $72 million for the Department of Parks and Recreation;
- $60 million for the Deputy Mayor for Planning and Economic Development, to include $30 million for New Communities; and
- $32 million for the Department of Health Care Finance, to include $22 million to upgrade IT systems and $10 million for improvements at United Medical Center.

The proposed capital budget calls for financing of general capital expenditures in FY 2018 from the following sources:

- $948 million of General Obligation (G.O.) or Income Tax (I.T.) revenue bonds, including $98 million in GARVEE bonds, $105 million in short-term bonds, and $14 million in taxable bonds;
- $173 million of federal grants from Highway Trust Fund revenue;
- $68 million of pay-as-you-go (Paygo) capital financing, which is a transfer of funds from the General Fund to the General Capital Improvements Fund for the purchase of capital-eligible assets;
- $47 million of Local Transportation Fund special purpose (Rights-of-Way occupancy fees) revenue;
- $28 million of Local Highway Trust Fund revenue (motor fuel taxes) for the local match to support federal highway grants; and
- $1 million from the sale of assets (land at McMillan and Walter Reed).

This overview chapter summarizes:

- The District's proposed FY 2018 – FY 2023 capital budget and planned expenditures;
- Major capital efforts;
- Fund balance of the District's capital fund;
- An outline of this capital budget document; and
- The District's policies and procedures on its capital budget and debt.

The Highway Trust Fund and related projects are presented in Appendix H. The D.C. Water and Sewer Authority's capital program is presented in Appendix I.

Table CA-1
Overview
(Dollars in thousands)

Total number of projects receiving funding	208
Number of ongoing projects receiving funding	156
Number of new projects receiving funding	52
FY 2018 new budget allotments	$1,265,505
Total FY 2018 to FY 2023 planned funding	$6,688,402
Total FY 2018 to FY 2023 planned expenditures	$6,688,402
FY 2018 Appropriated Budget Authority Request	$1,590,650
FY 2018 Planned Debt Service (G.O./I.T. Bonds)	$692,500
FY 2018-FY 2023 Planned Debt Service (G.O./I.T. Bonds)	$5,300,318

The Proposed FY 2018 – FY 2023 Capital Budget and Planned Expenditures

The District budgets for capital projects using a six-year Capital Improvements Plan (CIP), which is updated annually.

The CIP consists of:
- The appropriated budget authority request for the upcoming CIP six-year period, and
- An expenditure plan with projected funding over the next 6 years.

Each year's CIP includes many of the projects from the previous year's CIP, but some projects are proposed to receive different levels of funding than in the previous year's budget plan. New projects are added each year as well.

The CIP is used as the basis for formulating the District's annual capital budget. The Council and the Congress adopt the budget as part of the District's overall six-year CIP. Inclusion of a project in a congressionally adopted capital budget and approval of requisite financing give the District the authority to spend funds for each project. The remaining five years of the program show the official plan for making improvements to District-owned facilities in future years.

Following approval of the capital budget, bond acts and bond resolutions are adopted to authorize financing for the majority of projects identified in the capital budget. The District has issued Income Tax (I.T.) revenue bonds and General Obligation (G.O.) bonds (both tax-exempt and taxable) to finance some or all of its capital projects. Where this chapter refers to G.O. bond financing for capital projects, the District might ultimately use I.T. bond financing depending on market conditions. Capital projects in the CIP are also financed with short-term bonds, GARVEE bonds, and pay-as-you-go (Paygo) financing. Taxable bonds may be issued by the District where that funding is appropriate for certain projects.

The District uses two terms in describing budgets for capital projects:
- Budget authority is given to a project at its outset in the amount of its planned lifetime budget; later it can be increased or decreased during the course of implementing the project. The District's appropriation request consists of changes to budget authority for all projects in the CIP.
- Allotments are planned expenditure amounts on an annual basis. A multi-year project receives full budget authority in its first year but only receives an allotment in the amount that is projected to be spent in that first year. In later years, additional allotments are given annually. If a year's allotment would increase the total allotments above the current lifetime budget amount, an increase in budget authority is required to cover the difference.

Agencies may obligate funds up to the limit of (lifetime) budget authority for a project but cannot spend more than the total of allotments the project has received to date (see Appendix D). The FY 2018 to FY 2023 CIP proposes a net increase in budget authority of $1,591 million during the next six fiscal years (an increase of $2,792 million of new budget authority offset by $1,201 million of rescissions).

Planned capital expenditures from local sources in FY 2018 total $1,092 million to be funded primarily by bonds, Paygo, and the local transportation fund special purpose revenue. To finance these expenditures, the District plans to borrow $746 million in new G.O./I.T. bonds (including $14 million in taxable bonds), borrow $105 million in short-term bonds, use $98 million from the sale of GARVEE bonds, fund $68 million using Paygo, use $47 million in local transportation fund special purpose revenue, use $1 million from the sale of assets, and use $28 million for the local match to the federal grants from the Federal Highway Administration. Proposed funding sources are shown in Figure CA-1 and proposed borrowing is shown in Table CA-7.

In recent years, the District has increased its capital expenditures to reinvest in its aging infrastructure. The District is limited by funding constraints as well as multiple competing demands on capital and is not able to fund all identified capital needs. As a result of these demands, the District has taken action to meet its priorities while also maintaining a fiscally sound CIP. This plan has been accomplished by prioritizing capital projects and rescinding budget authority from projects deemed less important, and by reallocating budget to existing and new high priority projects to meet the most pressing infrastructure needs.

Figure CA-2 illustrates FY 2018 capital budget allotments by major agency. Funding for the District Department of Transportation constitutes the largest share of the planned expenditures. Large shares of funding also go toward the District of Columbia Public Schools, WMATA, and the District of Columbia Public Library. In addition, unspent capital budget allotments from prior years will be available to be spent in FY 2018.

Table CA-2 summarizes planned expenditure amounts for FY 2018 and budget authority requests for FY 2018 – FY 2023. It includes local funds (G.O./I.T, taxable and short-term bonds, Paygo, and local transportation funds) and federal grants.

The capital fund pro forma, Table CA-3, summarizes sources and uses in the District's CIP. The Project Description Forms that constitute the detail of this capital budget document include projects receiving new allotments in FY 2018 through FY 2023, as included in the pro forma, totaling $1.266 billion in FY 2018.

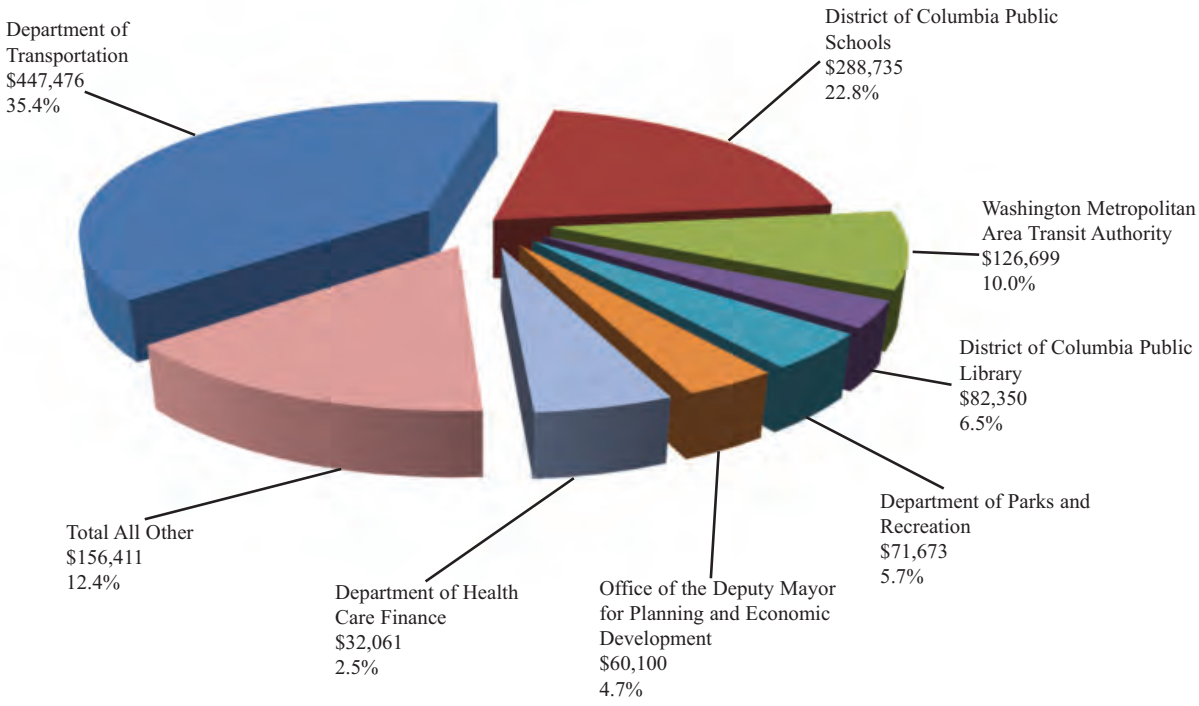
Figure CA-2

FY 2018 Capital Budget Allotments, by Agency

(Dollars in thousands)



FY 2018 Operating Budget Impact

In general, each $13.5 million in borrowing has approximately a $1 million impact on the operating budget for annual debt service. The capital budget's primary impact on the operating budget is the debt service cost, paid from local revenue in the operating budget, associated with issuing long-term bonds to finance the CIP. Debt service is funded in the FY 2018 operating budget and financial plan.

A secondary impact on the operating budget is the cost of operating and maintaining newly completed capital projects. For example, the replacement of a building's roof, windows, and mechanical systems may decrease the cost of utilities, which would effectively lower the owner agency's operating costs. Conversely, the construction of a new recreation center is likely to increase the owner agency's operating costs for staffing the facility and operating programs there. Similarly, completed information technology projects will likely entail additional operating costs such as upgrades, license renewals, or training of staff to operate new systems as required.

Table CA-5 reflects the summary of the projected impacts, by agency, and by fiscal year for the 6-year CIP period. Individual project pages in the "Project Description Forms" section of this volume show more details of the operating impact resulting from placing a particular newly completed project into service.

Table CA-4

OFFICE OF FINANCE AND TREASURY
Fiscal Years 2018 – 2023 Debt Service Expenditure Projections

	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Existing General Obligation (G.O.) and Income Tax (I.T.) Bonds Debt Service (Agency DS0)	**$655,098,660**	**$682,691,996**	**$697,799,314**	**$683,889,833**	**$693,782,020**	**$693,502,220**

Other (Non-General Fund) Debt Service	$128,352,205	$134,387,216	$132,397,115	$134,243,715	$116,859,321	$111,050,341
Total Debt Service	**$856,441,279**	**$926,830,678**	**$1,038,551,191**	**$1,084,871,922**	**$1,127,894,839**	**$1,175,763,160**
Total Expenditures	**$8,781,631,735**	**$8,781,115,455**	**$9,098,356,088**	**$9,326,563,251**	**$9,584,804,346**	**$9,862,774,674**
Ratio of Debt Service to Total Expenditures	9.753%	10.555%	11.415%	11.632%	11.768%	11.921%
Balance of Debt Service Capacity	$197,354,530	$126,903,176	$53,251,539	$34,315,669	$22,281,682	$7,769,801

Table CA-5

Summary of Estimated Operating Impacts of Capital for FY 2018-FY 2023

Agency Code	Agency Name	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	6-Year Total
AT0	Office of the Chief Financial Officer	$600,000	$ 618,000	$636,540	$655,636	$675,305	$695,564	$3,881,046
HT0	Department of Health Care Finance	930,000	957,900	986,637	1,016,236	1,046,723	1,078,125	6,015,621
JA0	Department of Human Services	263,896	271,813	279,967	288,366	297,017	305,928	1,706,987
HA0	Department of Parks and Recreation	913,226	940,623	968,841	997,907	1,027,844	1,058,679	5,907,120
CE0	District of Columbia Public Library	936,799	964,903	993,850	1,023,666	1,054,376	1,086,007	6,059,600
TO0	Office of the Chief Technology Officer	1,389,400	1,431,082	1,474,014	1,518,235	1,563,782	1,610,695	8,987,209
	Total	**$5,033,321**	**$5,184,321**	**$5,339,850**	**$5,500,046**	**$5,665,047**	**$5,834,999**	**$32,557,583**

Note: Operating impacts for school construction at DCPS are applied to the operating budget indirectly, based on the per student formula, so these impacts are not shown.

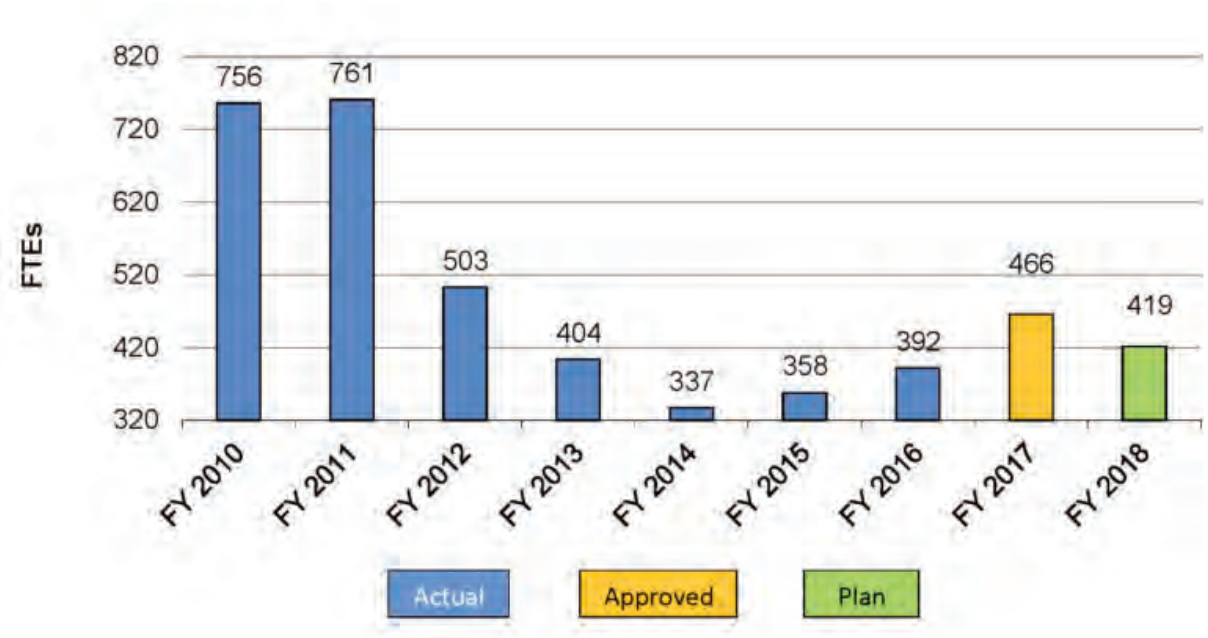
Table CA-6

FTE Data by Agency

Agency	FY 2016 Actual	FY 2017 Approved	FY 2018 Plan
AM0 – Department of General Services	22.8	32.7	39.7
AT0 – Office of the Chief Financial Officer	8.2	26.0	26.0
CE0 – D.C. Public Library	3.2	5.0	5.0
CF0 – Department of Employment Services	1.4	11.0	8.0
GF0 – University of the District of Columbia	1.6	5.0	5.0
HA0 – Department of Parks and Recreation	0.3	2.0	1.0
JA0 – Department of Human Services	60.6	47.0	0.0
KA0 – Department of Transportation	293.5	334.1	331.1
RM0 – Department of Behavioral Health	0.3	0.0	0.0
TO0 – Office of the Chief Technology Officer	0.2	3.0	3.0
Total	**392.1**	**465.8**	**419.1**

Figure CA-3

Number of Capital-Funded FTE Positions From FY 2010 to FY 2018



Capital-Funded Positions

Agencies may receive approval to charge certain personnel expenses to capital projects. However, in order to qualify and receive approval, the primary duties and responsibilities of a position charged to capital funds must be directly related to a specific capital project. Full-Time Equivalent (FTE) positions that generally qualify are (a) architects; (b) engineers; (c) cost estimators; (d) project managers; (e) system developers; (f) construction managers; and (g) inspectors.

Table CA-6 reflects capital-funded FTE data for each agency for FY 2016 through FY 2018. Additional details on the FY 2018 FTEs, including the specific number of FTEs approved by project, can be found on the project pages in the "Project Description Forms" section of this volume. They are also summarized on the appropriate agency pages, for those agencies that have approved FTEs.

Figure CA-3 shows the total number of capital-funded positions between FY 2010 and FY 2016, the approved positions for FY 2017, and the planned positions in the CIP for FY 2018.

Table CA-7

Proposed Bond Borrowing, FY 2017 Through FY 2023

(Dollars in thousands)

Source	Plan FY 2017	Proposed FY 2018	Proposed FY 2019	Proposed FY 2020	Proposed FY 2021	Proposed FY 2022	Proposed FY 2023	Total
Budget allotment	$897,076	$948,447	$999,225	$751,904	$609,082	$563,232	$559,772	$5,328,738
G.O. and I.T Bond Borrowing Plan	$358,657	$850,447	$831,125	$751,904	$759,082	$713,232	$781,772	$4,687,562
GARVEE Bonds	-	$98,000	$168,100	-	-	-	-	$266,100
Total Bond Borrowing	**$358,657**	**$948,447**	**$999,225**	**$751,904**	**$759,082**	**$713,232**	**$781,772**	**$4,953,662**

Notes: All amounts and methods of borrowing are subject to change depending on status of projects and market conditions.

Details on the District's Sources of Funds for Capital Expenditures

The District's proposed FY 2018 – FY 2023 capital budget includes a number of funding sources. The District uses the following sources to fund capital budget authority across a large number of agencies that have capital programs:

- G.O. or I.T bonds, including taxable, and short-term bonds;
- Paygo capital funding;
- Sale of assets;
- Federal Grants; and
- Private Grants.

In addition to the above sources, the District's Department of Transportation (DDOT) uses the following sources to fund its capital projects:

- Federal Highway Administration grants, for Highway Trust Fund projects;
- Grant Anticipation Revenue Vehicle (GARVEE) bonds, which are repaid from future Federal funding;
- Dedicated motor fuel tax revenues and a portion of the Rights-of-Way Occupancy Fees for Highway Trust Fund projects (these provide the local match for the Federal Highway Administration grants); and
- Local Transportation Fund (a portion of the Rights-of-Way Occupancy Fees).

Projects funded by these sources are detailed in the project description pages for DDOT and in Appendix H.

Major Capital Efforts

The FY 2018 – FY 2023 Capital Improvements Plan (CIP) provides for major investments in the following areas:

- Transportation Infrastructure;
- Education;
- Public Health and Wellness;
- Economic Development;
- Fiscal Stability; and
- Public Safety.

Transportation Infrastructure

Metrorail and Metrobus. The continued growth and vitality of the city and region greatly relies on a safe, efficient, and reliable Metro system to transport residents and visitors alike. The CIP includes $623 million for safety improvements, improving the effectiveness of the current rail and bus networks, increasing system capacity, and rebuilding the Metro system.

Streetcar, Circulator, and H Street Bridge. An extended streetcar line and an expanded Circulator system will add capacity to the District's transportation network, provide links to activity centers that complement Metrorail service, and offer a potentially cleaner and more sustainable transportation alternative. The CIP provides $228.5 million for Circulator and streetcars, including funding for the H Street line extension to Benning Road Metro station. The H Street Bridge is an important link in the line that provides for rider transfers to Amtrak's Union Station and the Metrorail system, and it must be replaced. The CIP provides $196.3 million to support the cost of replacing the bridge. Availability of varied modes of transportation is critically important in the District. To further this effort, the CIP includes $12.0 million for Bikeshare expansion.

South Capitol Street. The CIP includes $516.8 million for replacement of the Frederick Douglass Bridge over the Anacostia River and improvements to the South Capitol Street Corridor. South Capitol Street will be transformed from an expressway to an urban boulevard and gateway to the Monumental Core of the city that will support economic development on both sides of the Anacostia River.

Streetscapes, Trails, and Green Space. The concept of park-like landscaping in the District's public right-of-ways dates back to surveyor Pierre L'Enfant, who outlined how to landscape his exceptionally wide avenues. The District's investment in streetscapes, trails, and green space will beautify the city, improve quality of life, and complement investments in transit by providing safe and convenient bicycle and pedestrian access throughout the city. The 6-year capital budget plans for $178.0 million of investment in streetscapes, trails, trees, green space, urban forestry, and streetlights.

Local Streets and Alleys. The 6-year capital budget also plans for $347.0 million of investment in the District's local roadways, alleys, curbs, and sidewalks across the eight wards to ensure they are safe, reliable, and functional.

Education

Public Schools Modernization. The District is currently undertaking a comprehensive schools modernization initiative that began in 2008. So far, over $3.35 billion has been invested. This CIP commits to an additional investment of $1.3 billion over the next six years for modernization of elementary, middle, and high school facilities. The budget includes funding for three modernized middle schools and two modernized high schools.

21st Century Public Libraries. Continuing efforts to fully modernize the Martin Luther King Jr. Memorial Library, the CIP includes $139.8 million that will be used to renovate and reconfigure this historic landmark. The result will be a world-class central library offering residents and visitors a vibrant center of activity for reading, learning, and community discussion. Libraries in District neighborhoods will receive an additional $61.8 million to renovate and modernize Southeast Library and Capitol View Library and construct new state-of-the-art facilities, including a new Lamond Riggs and Southwest Library.

University Facilities. The University of the District of Columbia is making campus improvements that will enhance the collegiate experience for its students, faculty, staff, and guests. The CIP provides $50.5 million for University improvements.

Public Health and Wellness

Replacement of D.C. General Shelter. The CIP includes $50.1 million for the Department of Human Services to continue acquisition of property and construct small-scale emergency and temporary housing for families.

Access to Health and Human Support Services. The CIP includes $27.7 million to complete development of a new, state-of-the-art information technology application designed to assist persons seeking assistance with health and other human support services.

Parks and Recreation Facilities. Public parks and recreation facilities enhance the quality of life and wellness of District residents. The District is committed to providing all residents of the District, and especially the District's youth, with access to quality recreation centers, athletic fields, swimming pools, tennis courts, play areas, and parks. This 6-year capital budget plans for $294.8 million for investments in parks and recreation facilities across the city.

East End Medical Center. The District places a high priority on providing public health services to all District residents. Since taking control of the operations of the Not-for-Profit Hospital Corporation, commonly referred to as United Medical Center ("UMC"), in 2010, the District has invested hundreds of millions of dollars in the District's only acute care hospital on the city's East End. The CIP includes $300.0 million to replace the UMC with a new hospital on the grounds of the Saint Elizabeths campus.

Anacostia River Clean-Up. The Anacostia River, once a pristine river, is now degraded mainly because of its highly urbanized location. The river and adjacent former Kenilworth landfill are the focus of large-scale restoration efforts by the District of Columbia. The District's goal is to restore the Anacostia to a fishable and swimmable river by the year 2032. The $72.0 million of capital budget for hazardous material remediation on the Anacostia River and its shoreline will fund continued efforts to achieve this goal.

Economic Development

New Communities. The CIP provides $85.0 million of budget that will be used to replace severely distressed housing and decrease concentrations of poverty by redeveloping public housing properties into mixed-use, mixed-income communities for current and future residents.

Saint Elizabeths East Campus Infrastructure. The 183-acre lot will be transformed into a marketplace of ideas, innovation, and communication. The CIP provides $103.0 million to design and build public infrastructure. The CIP also includes $16.8 million to construct the Saint Elizabeths Infrastructure Academy, which will serve as a hub for workforce development and on-the-job-training in activities related to the infrastructure industry, including the utility, energy efficiency, transportation and logistics sectors.

McMillan Redevelopment. The 25-acre former McMillan Reservoir Sand Filtration Plant site will be redeveloped into a mixed-use project that will include historic preservation, open space, residential, retail, office, and hotel uses. The goal is to create an architecturally distinct, vibrant, mixed-use development that provides housing, employment, retail, cultural, and recreational opportunities for District residents. The project will include affordable and workforce housing, and 35 percent of the local contracting opportunities must go to Certified Business Enterprises. The CIP provides $10.0 million for site infrastructure over the 6-year CIP.

Walter Reed and Hill East. These two critical redevelopment projects are funded in the CIP to continue investments in site infrastructure totaling $34.2 million.

Fiscal Stability

Financial System Modernization. The Office of the Chief Financial Officer is in the process of modernizing its tax system to add the functionality found in modern systems, support real-time financial management, provide greater integration with other District IT systems, and increase tax compliance and collections. The CIP includes $100.7 million for the modernization of the general ledger and budget systems and $12.9 million for the continued modernization of the integrated tax system.

Public Safety

Emergency Vehicles. Older emergency vehicles must be replaced on a regular basis to ensure that responders have reliable equipment. The CIP provides $83.7 million for purchase of pumpers, ladder trucks, heavy rescue trucks, ambulances, and large support vehicles. An additional $39.7 million is provided for replacement of police cruisers and specialty/support vehicles.

Power Line Undergrounding. The CIP includes $27.4 million to move key overhead power lines to underground lines in the District to improve safety and reliability of the District's electrical system. Placing select power feeders underground will result in a reduction in the frequency and the duration of power outages experienced in affected service areas.

Fund Balance of the Capital Fund

From FY 2008 through FY 2015, the District's Comprehensive Annual Financial Report (CAFR) showed a deficit for two years in the General Capital Improvements Fund (the "capital fund") (see Table CA-8). The shortfall at the end of FY 2012 and again in FY 2014 meant that capital expenditures had exceeded financing sources by that amount on a cumulative basis. The timing and amounts of borrowing for those two years resulted in the temporary negative fund balance. The District's General Fund had advanced funds to the capital fund to cover the expenditures.

The FY 2016 CAFR reports a General Capital Improvements Fund deficit of $229 million. This represents a decrease of $265 million from the FY 2015 positive ending fund balance of $36 million. This decrease is due primarily to the difference in timing of revenues/borrowing and expenditures in the fund. The balance as of the end of FY 2016 is representative of the activity in the fund as of that date. The District borrowed $451 million in December of 2016, thereby erasing the deficit, and plans an additional borrowing of $400 million for fall of 2017 to cover ongoing capital expenditures.

The District must keep a close watch on the underlying status of the capital fund. In past years, the District borrowed amounts above new capital budget allotments to help repay the General Fund for advances it made to the capital fund. The long-term solution to the capital fund shortfall includes development of, and monitoring against, agency spending plans for their capital projects that manage each year's overall expenditures against that year's revenues. Future plans also include the use of a Commercial Paper program (a form of short-term borrowing not to exceed 270 days) to help ensure cash flow needs are balanced with the timing of borrowing.

Table CA-8

Fund Balance in the General Capital Improvements Fund, FY 2008-FY 2016

(Dollars in millions)

Fiscal Year	Positive/(Negative) Fund Balance
2008	586.9
2009	406.9
2010	133.4
2011	5.0
2012	(116.3)
2013	102.4
2014	(114.2)
2015	35.8
2016	(228.9)

Outline of this Capital Budget Document

The remainder of this overview chapter includes the District's policies on capital budget and debt. Projects detailed in the remaining sections of this volume are grouped by the owner (rather than the implementing) agency except where noted.

- **Agency Description Forms:** Provide details of the agency including the mission, background, and summaries of the capital program objectives and recent accomplishments. For those agencies with facilities projects, the page immediately following the description contains a map reflecting the projects and their geographic location within the District.
- **Project Description Forms:** Provide details on capital projects funded by G.O. or I.T. bonds and other sources. Ongoing projects with no new allotments scheduled for FY 2018 – FY 2023 are not included. The expenditure schedules shown display the planned allotments (1-year spending authorities) by year for FY 2018 through FY 2023.
- **Appendix A: FY 2018 Appropriated Budget Authority Request:** Summarizes the new budget authority the District proposes. Budget authority is established as the budget for a project's lifetime, so these requests are only for new projects or for changes in lifetime budgets for ongoing projects. Because budget authority is given to the implementing agency, projects are grouped by implementing agency in this appendix.
- **Appendix B: FY 2018 – FY 2023 Planned Expenditures from New Allotments:** Shows new allotments for ongoing and new projects for all six years of the CIP.
- **Appendix C: FY 2018 – FY 2023 Planned Funding Sources:** Shows the source of financing for the projects displayed in appendix B.
- **Appendix D: Balance of Capital Budget Authority, All Projects:** Shows expenditures, obligations, and remaining budget authority for all ongoing capital projects. Because this report comes from budgets in the financial system, projects are grouped by implementing agency with subsections for the respective owner agency. The projects are listed alphabetically, by owner agency.
- **Appendix E: Capital Project Cost Estimate Variances:** Shows the variance between original budget estimate and current approved budget for all capital projects with proposed FY 2018 – FY 2023 allotments. The appendix shows change to projects funded from local sources and from the local transportation program.
- **Appendix F: Rescissions, Redirections, and Reprogramming of Available Allotments:** Shows the project budgets that have been affected by agency reprogramming, legislated rescissions, and redirections year-to-date in FY 2017 (see date qualifier on page header).
- **Appendix G: Project Budget Revisions following publication of the FY 2017 budget document:** Shows the project budgets that have been affected by reprogramming between the publication cut-off date (June 30) of the FY 2017 – FY 2022, volume 5, and the end of FY 2016.
- **Appendix H: Highway Trust Fund (HTF)**: Describes the planned sources and uses of all projects planned and/or undertaken that are funded through the Federal Highway Administration program.
- **Appendix I: D.C. Water and Sewer Authority Capital Program:** Describes the capital improvements undertaken by the District's independent instrumentality for the provision of water and sewage services, including the FY 2018 – FY 2023 capital budget request.

Note: Through the use of appendices F and G, along with the summary of project information in the "Additional Appropriations Data" table, all individual and collective budget revisions between publication of the FY 2017 – FY 2022 and the FY 2018 – FY 2023 Capital Improvements Plan budgets have been captured.

About the Project Description Forms in this Budget Volume

Elements in this budget volume include:

- **Photos.** Photos are included for some projects.
- **Narrative fields.** Narrative fields provide a project description, justification, progress toward completion, and any related projects.
- **Milestone Data.** Timeframes are shown for key events in the project's life-cycle and include both planned and actual milestone dates.

- **Funding Tables.** Each project that has received past budget allotments shows the allotment balance, calculated as allotments received-to-date less all obligations (the sum of expenditures, encumbrances, intra-District advances, and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Funding by Phases and by Sources Tables.** These tables provide information regarding the phases and sources of funding.

Additional Appropriations Data

Information has been added to the details of each project to aid in providing a summary of the budget authority over the life of the project. The table can be read as follows:

- **First Appropriation (FY)** – this represents the year of initial appropriation. Original 6-Year Budget Authority – represents the authority from the initial appropriation year through the next 5 years.
- **Original 6-Year Budget Authority** – represents the sum of the 6-year authority for all agency-owned projects, as shown in the first year they were authorized. The complete set of these projects may or may not be represented in this FY 2018 – FY 2023 CIP.
- **Budget Authority through FY 2017** – represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
- **FY 2018 Budget Authority Revisions** – represents the changes to the budget authority as a result of reprogramming, redirections, and rescissions (also reflected in Appendix F) for the current fiscal year.
- **Budget Authority Request FY 2018** – represents the 6-year budget authority for FY 2018 through FY 2023.
- **Increase (Decrease) to Total Authority** – This is the change in 6-year budget authority requested for FY 2018 – FY 2023 (also reflected in Appendix A).
- **Estimated Operating Impact** – If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data.** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the nonpersonal services portion of the budget in the agency's capital plan, and the percentage of the agency's CIP budget from either expense category.

District of Columbia Policies and Procedures: Capital Budget and Debt

The District of Columbia's Capital Improvements Program (the "Capital Program") comprises the finance, acquisition, development, and implementation of permanent improvement projects for the District's fixed assets. Such assets generally have a useful life of more than five years and cost more than $250,000.

The text of the CIP is an important planning and management resource. It analyzes the relationship of projects in the capital budget to other developments in the District. It also describes the programmatic goals of the various District agencies and how those goals affect the need for new, rehabilitated, or modernized facilities. Finally, it details the financial impact and requirements of all of the District's capital expenditures.

The CIP is flexible, allowing project expenditure plans to be amended from one year to the next in order to reflect actual expenditures and revised expenditure plans. However, consistent with rigorous strategic planning, substantial changes in the program are discouraged. The CIP is updated each year by adding a planning year and reflecting any necessary changes in projected expenditure schedules, proposed projects, and District priorities.

The District's legal authority to initiate capital improvements began in 1790, when Congress enacted a law establishing the District of Columbia as the permanent seat of the federal government and authorized the design of the District and appropriate local facilities. The initial roads, bridges, sewers and water systems in the District were installed to serve the needs of the federal government and were designed, paid for, and built by Congress. During the 1800s, the population and private economy of the federal District expanded sharply, and the local territorial government undertook a vigorous campaign to meet new demands for basic transportation, water, and sewer systems.

From 1874 to 1968, commissioners appointed by the President and confirmed by Congress managed the District. One commissioner, from the Corps of Engineers, was responsible for coordinating the maintenance and construction of all local public works in accordance with annual budgets approved by the President and the Congress.

Legislation passed in the 1950s gave the District broader powers to incur debt and borrow from the United States Treasury. However, this authority was principally used for bridges, freeways, and water and sewer improvements. In 1967, the need for significant improvements in District public facilities was acknowledged. This awareness led to the adoption of a $1.5 billion capital improvements program to build new schools, libraries, recreation facilities, and police and fire stations.

A 1984 amendment to the Home Rule Act gave the District the authority to sell general obligation bonds to finance improvements to its physical infrastructure. The District has more than $3.5 billion of general obligation bonds outstanding, which were issued to finance capital infrastructure improvements.

In September 1997, the President signed the National Capital Revitalization Act (the "Revitalization Act"). The act relieved the District of its operations at Lorton Correctional Facility. It also transferred responsibility for funding the maintenance and operation of the D.C. Courts system to the Office of Management and Budget (OMB). The District therefore would not incur the significant capital expenditures required at these facilities. In return, the District no longer received a federal payment in lieu of taxes for these functions.

In addition, the Revitalization Act raised the allowable percent of annual debt service payable from 14 percent to 17 percent of anticipated revenues to compensate the District for the loss of the federal payment and broadened the District's debt financing authority. The primary impact of this aspect of the Revitalization Act was to increase the District's flexibility to finance capital requirements.

Legal Authority and Statutory Basis

The legal authority for the District's Capital Program comes from the District of Columbia Home Rule Act, P.L. 93-198, §444, 87 Stat. 800, which directs the Mayor to prepare a multi-year Capital Improvements Plan (CIP) for the District. This plan is based on the approved current fiscal year budget. It includes the status, estimated period of usefulness, and total cost of each capital project on a full funding basis for which any appropriation is requested or any expenditure will be made in the forthcoming fiscal year and at least four fiscal years thereafter.

Mayor's Order 84-87 also supplements the legal authority and assigns additional responsibility for the District's Capital Program. This Order creates a Capital Program coordinating office to provide central oversight, direction, and coordination of the District's capital improvements program, planning, budgeting, and monitoring within the Office of Budget and Planning. The administrative order requires the Office of Budget and Planning to develop a CIP that identifies the current fiscal year budget and includes the status, estimated period of usefulness, and total cost of each capital project, on a fully funded basis, for which any appropriation is requested or for which any expenditure will be made over the next six years. The CIP includes:

- An analysis of the CIP, including its relationship to other programs, proposals, or other governmental initiatives.
- An analysis of each capital project, and an explanation of a project's total cost variance of greater than 5 percent.
- Identification of the years and amounts in which bonds would have to be issued, loans made, and costs actually incurred on each capital project. Projects are identified by applicable maps, graphics, or other media.

Why A Capital Improvements Program?

A Capital Improvements Program that coordinates planning, financing, and infrastructure and facilities improvements is essential to meet the needs of a jurisdiction uniquely situated as the Nation's Capital. As mentioned previously, capital improvements are those that, because of expected long-term useful lives and high costs, require large amounts of capital funding. These funds are spent over a multi-year period and result in a fixed asset.

The primary funding source for capital projects is tax-exempt bonds. These bonds are issued as general obligations of the District. Debt service on these bonds (the repayment of principal and the payment of interest over the lifetime of the bonds) becomes expenditures in the annual operating budget.

The Home Rule Act sets certain limits on the total amount of debt that can be incurred. Maximum annual debt service cannot exceed 17 percent of General Fund revenues to maintain fiscal stability and good credit ratings. As a result, it is critical that the CIP balances funding and expenditures over the six-year period to minimize the fiscal impact on the annual operating budget.

Principles of the Capital Program

Several budgetary and programmatic principles are invested in the CIP. These are:

- To build facilities supporting the District stakeholders' objectives;
- To support the physical development objectives incorporated in approved plans, especially the Comprehensive Plan;
- To assure the availability of public improvements;
- To provide site opportunities to accommodate and attract private development consistent with approved development objectives;
- To improve financial planning by comparing needs with resources, estimating future bond issues plus debt service and other current revenue needs, thus identifying future operating budget and tax rate implications;
- To establish priorities among projects so that limited resources are used to the best advantage;
- To identify, as accurately as possible, the impact of public facility decisions on future operating budgets, in terms of energy use, maintenance costs, and staffing requirements among others;
- To provide a concise, central source of information on all planned rehabilitation of public facilities for citizens, agencies, and other stakeholders in the District; and
- To provide a basis for effective public participation in decisions related to public facilities and other physical improvements.

It is the responsibility of the Capital Program to ensure that these principles are followed.

Program Policies

The overall goal of the Capital Program is to preserve the District's capital infrastructure. Pursuant to this goal, projects included in the FY 2018 to FY 2023 CIP and FY 2018 Capital Budget support the following programmatic policies:

- Provide for the health, safety and welfare needs of District residents;
- Provide and continually improve public educational facilities for District residents;
- Provide adequate improvement of public facilities;
- Continually improve the District's public transportation system;
- Support District economic and revitalization efforts in general and in targeted neighborhoods;
- Provide infrastructure and other public improvements that retain and expand business and industry;
- Increase employment opportunities for District residents;
- Promote mutual regional cooperation on area-wide issues, such as the Washington Area Metropolitan Transit Authority on transportation and the Water and Sewer Authority on solid-waste removal; and
- Provide and continually improve public housing and shelters for the homeless.

Fiscal Policies Project Eligibility for Inclusion in the Capital Improvements Plan (CIP)

In general, to be capital-eligible, the project must result in a new District-owned asset, increase the value of an existing District-owned asset, or increase the life of a District-owned asset by at least 2 years. Capital expenditures included as projects in the CIP must:

- Be carefully planned, generally as part of the District-wide Facility Condition Assessment Study in concert with the Comprehensive Plan. This planning provides decision-makers with the ability to evaluate projects based on a full disclosure of information;
- Be direct costs of materials and services consumed in developing or obtaining internal-use computer software;
- Have a useful life of at least five years or add to the physical infrastructure and District-owned capital fixed assets;
- Exceed a dollar threshold of $250,000;
- Enhance the productivity or efficiency capacity of District services;
- Have a defined beginning; and
- Be related to current or future District-owned projects. For example, feasibility studies and planning efforts not related to a specific project should be funded with current operating revenues rather than with capital funds.

Policy on Debt Financing

Capital improvement projects have long useful lives, serving current as well as future tax payers. With a few exceptions (e.g. Paygo capital and Highway Trust Fund projects), the CIP is primarily funded with General Obligation (GO) and Income Tax Secured revenue bonds (ITSB). Long-term bonds, retired over 20 to 30 years, spread the cost of capital projects over generations, which is reasonable and fair. Capital improvement projects eligible for debt financing must:

- Have a combined average useful life at least as long as average life of the debt with which they are financed; and
- Not be able to be funded entirely from other potential revenue sources, such as Federal aid or private contributions.

Policy on Capital Debt Issuance

In formalizing a financing strategy for the District's Capital Improvements Plan, the District adheres to the following guidelines in deciding how much additional debt, including GO and/or revenue bonds may be issued during the six-year CIP planning period:

- **Statutory Requirements:** Per the Home Rule Act, no general obligation bonds can be issued if such issuance would cause maximum annual debt service to exceed 17 percent of General Fund revenues in a given fiscal year, and no tax-supported debt of any kind (including income tax secured revenue bonds and general obligation bonds) can be issued if such issuance would cause total debt service on all tax-supported debt to exceed 12 percent of total General Fund expenditures in any year during the six-year CIP period.
- **Affordability:** The level of annual operating budget resources used to pay debt service should not impair the District's ability to fund ongoing operating expenditures and maintain operating liquidity.
- **Financing Sources:** The District evaluates various financing sources and structures to maximize capital project financing capacity at the lowest cost possible, while maintaining future financing flexibility.
- **Credit Ratings:** Issuance of additional debt should not negatively impact the District's ability to maintain and strengthen current credit ratings, which involves the evaluation of the impact of additional borrowing on the District's debt burden. This includes having certain criteria and ceilings regarding the issuance of new debt.

Bond Rating

Credit ratings have an important effect on the cost of funding the CIP. The three major rating agencies, Moody's Investors Service (Moody's), Standard and Poor's (S&P) and Fitch Ratings (Fitch), evaluate the credit worthiness of thousands of municipal issuers and their bonds. The agencies assign letter grades ranging from AAA (the highest rating category denoting strong creditworthiness) to C (denoting a distressed credit, typically in default, with little prospect for meeting debt service obligations). The objective of the rating is to give market participants a

mechanism to evaluate risk. Generally speaking, the higher the bond's rating, the lower the yield investors are likely to demand; in turn, lowering the issuer's cost of capital.

The District's GO rating has moved from Baa (deemed to be medium investment grade, subject to moderate credit risk and certain speculative characteristics) by Moody's in the mid-to-late 1990s to the current rating of Aa1/AA/AA (deemed to be a high quality credit, subject to very low credit risk) by Moody's, S&P and Fitch respectively.

In FY 2009, the District began issuing Income Tax Secured Revenue Bonds secured by a pledge of the District's personal and business income tax revenues. This is viewed as a stronger pledge by rating agencies than the District's full faith and credit to repay GO bonds. Based on the pledge and the collection and set-aside mechanisms that accumulate debt service six months in advance, IT bonds are rated Aa1/AAA/AA+, higher than GO bonds.

Policy on Terms for Long-Term Borrowing

To mitigate the interest costs associated with borrowing, the District seeks to identify sources other than bond proceeds to fund its CIP, such as grants, Highway Trust Fund receipts, and Paygo capital. Furthermore, the District generally issues its bonds based on anticipated spending for the fiscal year, not on a project-by-project basis. The District has issued GO, ITSB and GARVEE bonds to finance its CIP. The District will continue to analyze the benefits associated with issuing revenue bonds such as ITSB and GARVEE bonds for general capital purposes in the future. The pledge of a specific revenue source for the issuance of revenue bonds must not have a negative impact on the District's general fund or GO bond ratings and must provide favorable interest rates. The ITSB and GARVEE bonds meet these conditions. GARVEE bonds have the additional advantage of being debt that is excluded from the debt cap calculations.

To match the debt obligations with the useful life of the projects being financed, the District issues short-to intermediate-term financing (short-term bonds) for those projects that may not fit the criteria for long-term financing. The District amortizes long-term bonds over a 25 to 30-year period for those projects with an average 30-year useful life. Bonds may be issued by independent agencies or instrumentalities of the District as authorized by law. Payment of the debt service on these bonds is solely from the revenue of the independent entity or the project being financed.

Policy on Terms for Short-Term Bond Borrowing

The program assists the District in its asset/liability management by matching the useful life of the asset being financed with the amortization of the bond liability. Examples that are eligible are rolling stock such as automobiles, trucks, and public safety vehicles, as are some computer systems, hardware and software, with certain limitations.

For a piece of equipment to be eligible, it must have a unit value of at least $5,000 and it must have a useful life of at least five years. The repayment (amortization) must not exceed the useful life of the equipment being financed.

Policy on the Use of Paygo Financing

"Pay-as-you-go" (Paygo) capital financing is obtained from current revenues authorized by the annual operating budget and approved by the Council and the Congress in a public law to pay for certain projects. No debt is incurred with this financing mechanism. Operating funds are transferred to the capital fund and allocated to the appropriate project. The budget is then used for the requisition of a District-owned asset(s). The District has the following policies on the use of capital Paygo financing:

- Paygo should be used for any CIP project not eligible for debt financing by virtue of its very limited useful life (less than five years).
- Paygo should be used for CIP projects consisting of short-lived equipment replacement and for limited renovations of facilities.
- Paygo may be used when the requirements or demands for capital budgets press the limits of prudent bonding capacity.

Congressional Appropriations

Notwithstanding any other provisions in the law, the Mayor of the District of Columbia is bound by the following sections of the 2000 D.C. Appropriations Act, included in P.L. 105-277 of the Omnibus Consolidated and Emergency Supplemental Appropriations for FY 2000. These sections were mandated by the 105th Congress and enacted for the fiscal year beginning October 1, 2000.

- **§113 –** At the start of the fiscal year, the Mayor shall develop an annual plan, by quarter and by project, for capital outlay borrowings: Provided, that within a reasonable time after the close of each quarter, the Mayor shall report to the Council of the District of Columbia and to the Congress the actual borrowings and spending progress compared with projections.
- **§114 –** The Mayor shall not borrow any funds for capital projects unless the Mayor has obtained prior approval from the Council of the District of Columbia, by act and/or resolution, identifying the projects and amounts to be financed with such borrowings.
- The Mayor shall not expend any monies borrowed for capital projects for the operating expenses of the District of Columbia government.

Trends Affecting Fiscal Planning

Several different kinds of trends and economic indicators are reviewed, projected, and analyzed each year for their impact on the operating budget and fiscal policy as applied to the CIP. These trends and indicators include:

- **Inflation:** Important as an indicator of future project costs or the costs of delaying capital expenditures.
- **Population Growth/Decline:** Provides the main indicator of the size or scale of required future facilities and services, as well as the timing of population-driven project requirements.
- **Demographic Changes:** Changes in the number and/or locations within the District of specific age groups or other special groups, which provide an indication of requirements and costs of specific public facilities (e.g., senior wellness and recreation centers, pre-K classrooms, etc.).
- **Personal Income:** The principal basis for projecting income tax revenues as one of the District's major revenue sources.
- **Implementation Rates:** Measured through the actual expenditures within programmed and authorized levels. Implementation rates are important in establishing actual annual cash requirements to fund projects in the CIP. As a result, implementation rates are a primary determinant of required annual bond issuance.

Spending Affordability

One of the most important factors in the CIP development process is determining spending affordability. Spending affordability is determined by the amount of debt service and Paygo capital funds that can be reasonably afforded by the operating budget given the District's revenue levels, operating/service needs, and capital/infrastructure needs. The size and financial health of the capital program is therefore somewhat constrained by the ability of the operating budget to absorb increased debt service amounts and/or operating requirements for Paygo capital expenditures. Realizing that maintenance and improvement in the infrastructure is important to the overall health and revitalization of the District, policymakers have worked diligently over the past several years to increase the levels of capital funding and expenditures. There is the ongoing need, however, to balance infrastructure needs with affordability constraints.

Master Facilities and Program Coordination Plan

The fiscal realities that continue to face the District of Columbia require a new level of scrutiny of all government costs. The capital budget, a critical area of the annual budget, is now in need of intensive review and further rationalization. Prompting this deeper analysis and decision-making is the reality that the borrowing capacity for capital projects has become severely constrained. To ensure continued good standing on Wall Street, the District limits its annual capital borrowing. The District must not only cover its baseline capital costs (maintenance of existing facilities), it must provide funding for new construction of schools, libraries, wellness centers, transportation systems, and other facilities.

Making tough decisions on what facilities to fund also requires a deeper understanding of opportunities to coordinate and possibly merge community services. Strategically planning for programmatic ventures will be a critical factor in driving which facilities are truly needed and where.

For these reasons, the District is developing master facility plans and agency plans, including an updated facility inventory and conditions assessments, and detailed analysis on community and program needs. With this information, future capital fund allocations will be more effectively targeted to meet community and governmental priorities with the most efficient use of resources. This planning effort requires intensive data collection, analysis and strategic planning on both public facility and programmatic components.

Financial Management Targets

The District has established certain financial management targets that are consistent with maintaining a healthy debt management program to finance its capital needs. Key targets include the following:

1) Containing debt levels and maintaining prudent debt ratios relative to industry standards;
2) Maintaining or improving favorable bond ratings.

Financial Management Target: Containing Debt Levels and Maintaining Prudent Debt Ratios

As it emerged from its financial crisis of the mid-1990s and moved into the 2000s, the District had a backlog of infrastructure needs to address. These infrastructure needs were critical to providing for the District's economic revitalization and long-term health. Among other things, many of its schools and recreation centers were in need of rebuilding or renovation, and numerous economic development initiatives required District capital investment in order to be viable. In order to fulfill these important infrastructure needs and invest in the long-term economic health and quality of life of the city, the District has committed substantial funding to its CIP over the past several years. Naturally, this has increased the District's debt levels and debt ratios, which are relatively high according to the rating agencies and industry standards. In order to ensure that the District's funding of its infrastructure needs are balanced with the need for prudent and responsible debt management, in 2009 the District instituted a new statutory debt cap. This debt cap, which is more restrictive than the prior statutory debt cap, requires that annual debt service on all tax-supported debt cannot exceed 12 percent of total General Fund expenditures in any year during the 6-year CIP period. As such, the District is now required by law to maintain this key debt ratio at a prudent level, which will help to ensure that its other debt ratios (such as debt to full property value, debt to personal income, and debt per capita) are constrained, and that its total outstanding tax-supported debt level is constrained.

Financial Management Target: Maintaining or Improving Favorable Bond Ratings

Credit ratings evaluate the credit worthiness of a jurisdiction and the credit quality of the notes and bonds that the jurisdiction issues. Specifically, credit ratings are intended to assess and measure the probability of the timely payment of principal and interest to bondholders on notes and bonds issued. Potential investors use credit ratings to assess their repayment risk when loaning the District funds for capital and short-term operating needs. There are three major agencies that rate the District's debt: Fitch Ratings, Moody's Investors Service, and Standard and Poor's Ratings Services.

The rating agencies rate the District's GO bonds and other major cities' bonds by criteria in the following categories:

- Economic base
- Management structure and performance
- Debt burden
- Financial performance
- Demographics

During FY 1995, the District's general obligation debt was downgraded by all three rating agencies to below-investment-grade or "junk bond" levels. Beginning in 1998, each rating agency issued a series of upgrades to the District's general obligation bond rating over the course of the subsequent decade. The upgrades that occurred in 1999 raised the District's ratings back to investment-grade levels. The numerous upgrades since then have raised the District's GO bond ratings to their current levels of Aa1, AA, and AA by Moody's, Standard & Poor's, and Fitch

Ratings, respectively, and represent the highest GO bond ratings the District has ever had. These upgrades represent a remarkable financial recovery by the District. The bond rating upgrades have made the District's bonds more marketable and attractive to investors, resulting in more favorable interest rates and a lower cost of capital to the District.

Moreover, in recent years the District created a new debt financing structure and issued income tax (I.T.) secured revenue bonds, which have ratings even higher than the District's GO bonds, at rating levels of AAA, Aa1, and AA+ by Standard and Poor's, Moody's, and Fitch, respectively. As such, these bonds allow the District to borrow capital funds at even lower interest rates than the District's GO bonds, producing additional debt service savings.

The District's target is to maintain or further improve its bond ratings. Many jurisdictions have seen their bond ratings downgraded during the recent economic recession and its aftermath, as municipal governments have been severely challenged by declining revenues that have produced acute budget challenges. The District has also experienced some of these challenges, but has managed to maintain its bond ratings. The District's elected leadership and financial management team intend to continue to take the prudent management actions necessary to avoid bond rating downgrades, and to obtain further bond rating upgrades as the economy improves and the District demonstrates a solid track record of managing through the current fiscally challenging environment.

Credit ratings are very important to the Capital Program. They affect the District's cost of capital as well as represent an assessment of the District's financial condition. The cost of capital also plays a role in determining spending affordability. Higher costs for capital financing diminish the ability of the Capital Program to proceed with programmatic objectives. In short, higher capital costs result in fewer bridges being rehabilitated, roofs repaired, and facilities renovated. On the other hand, lower costs of capital increase the affordability of such projects.

FY 2018 Capital Budget Planning Major Assumptions

A number of assumptions must be established to develop a comprehensive Capital Improvements Plan budget. Because of the unique and changing nature of the District's organizational structure and financial position, it is difficult to forecast revenues, expenditure patterns, costs, and other key financial indicators in a precise manner. Nonetheless, the following primary assumption was used to develop this CIP:

- The capital expenditure target for the FY 2018 to FY 2023 CIP is based on designated revenue streams and remaining at or below the 12 percent debt cap.

The FY 2018 operating budget will be sufficient to provide for:

- Debt service on both short-term and long-term bond financings.

Capital Improvements Plan Development Process

The Capital Improvements Program, as mandated by Public Law 93-198 – the Home Rule Act, has the annual responsibility of formulating the District's 6-Year Capital Improvements Plan. Each District agency is responsible for the initial preparation and presentation of an agency specific plan. Under the program, projects should complement the planning of other District agencies and must constitute a coordinated, long-term program to improve and effectively use the capital facilities and agency infrastructure. Specifically, the CIP should substantially conform to the Office of Planning's Comprehensive Plan, the District of Columbia Municipal Regulations Title 10 Planning and Development (Chapters 1 to 11).

Program Participants

The development and implementation of the CIP is a coordinated effort among the District's programmatic, executive, and legislative/oversight bodies.

Implementing Agencies (Programmatic)

For purposes of project management, each capital project in the CIP is owned and/or implemented by a specific District agency. In many cases, the project's owner agency manages and implements all of the project's phases to completion. To allow the District to leverage internal capabilities, in certain circumstances the owner agency is a different entity than the implementing agency. Implementing agencies manage actual construction and installation of a capital facility or supporting infrastructure. The implementing agencies are responsible for the execution of projects. This task includes the appointment of a Capital Financial Officer, who monitors the progress of the projects and ensures that:

- The original intent of the project is fulfilled as Congressionally approved;
- The highest priority projects established by the user agency are implemented first;
- Financing is scheduled for required expenditures; and
- While many District agencies implement their own capital projects, several central agencies, such as the Department of General Services and the Office of the Chief Technology Officer, implement projects on behalf of many other agencies.

Office of Budget and Planning (Executive)

The Office of Budget and Planning (OBP) is responsible for issuing budget call instructions to District agencies. OBP provides technical direction to agencies for preparing expenditures plans, project/subproject justifications, priority ranking factors, operating budget impacts, cost estimates, milestone data, and performance measures. The budget call allows for updates to ongoing projects and requests for additional financing and appropriated budget authority for ongoing and new projects. OBP coordinates project evaluations to determine agency needs through careful analysis of budget request data, review of current available and future financing requirements, and comparison of project financial needs with the current bond sales and general fund subsidies anticipated to be available for CIP purposes.

Capital Budget Team (Executive)

The Mayor's Office of Budget and Finance leads the Capital Budget Team (CBT) along with representatives from the Office of the City Administrator, Chief Financial Officer, Deputy CFO for Budget and Planning, the Department of General Services, the Office of Planning, the District Office of Energy and the Environment, the District Department of Transportation, and the Office of the Chief Technology Officer. OBP provides analysis for, and staff support to, the CBT. The CBT evaluates agency requests using criteria developed jointly by the Mayor's Office of Budget and Finance and the OCFO's Office of Budget and Planning.

Mayor (Executive)
The CBT's recommendation is then submitted to the Mayor for review, approval, and finally, transmittal to the Council. There are two levels of legislative/oversight review. They are as follows:

- The Council of the District of Columbia
- The U.S. Congress

Each body reviews and approves the capital budget and the six-year plan.

Authorizing Projects in the CIP

OBP and the CBT review and analyze the CIP. The CIP is developed in the four-step process described below.

Step 1: Budget Call
In the fall of the current fiscal year, District agencies are requested to provide OBP with updated information regarding ongoing projects (e.g. increases or decreases in funding or planned expenditures), as well as requests for new projects. The instructions call for agencies to provide detailed information on a project's expenditure requirements, physical attributes, implementation timeframe, feasibility, and community impact. In addition, agencies provide project milestones, estimated costs, FTE details, expenditure plans, operating budget impacts, and a prioritized list of potential capital projects. The agency requests are disseminated to all members of the CBT for review.

Step 2: Budget Analysis
Project requests submitted in Step 1 undergo a thorough analysis to determine if an agency's request merits inclusion in the CIP. This analysis is divided into the following three primary functions:

Function 1 – Project Justification: Each project request is evaluated by the CBT to determine its relationship with the agency's overall mission, whether the project is duplicative of efforts of another agency's ongoing project, whether the project is in concurrence with the District's Comprehensive Plan, and whether the planned expenditure is an operating rather than capital expense. In addition, project requests are reviewed based on priority criteria and must meet one or more of the factors below:

- Health/Safety
- Efficiency Improvement
- Revenue Initiative
- Project Close-out
- Legal Compliance
- Facility Improvement
- Economic Development

Function 2 – Cost Analysis: An important factor in the evaluation of a project request is the overall cost. Facility cost estimates are developed in conjunction with the Department of General Services while technology projects are reviewed by the Office of the Chief Technology Officer to validate the project costs proposed in the agency submissions. Furthermore, future operating costs are estimated to provide supplementary information regarding out-year requirements once the project is implemented (Operating Budget Impacts).

Function 3 – Financing Analysis: The Office of the Chief Financial Officer is committed to finance capital projects in a manner in which:

- Funding is committed for the entire CIP;
- The District receives the lowest cost of funding available; and
- The useful life of capital projects matches and does not exceed the average maturity of the liability used to finance the assets. As such, OBP reviews the useful life of each project and presents this information to the Office of Finance and Treasury (OFT). OFT develops a strategy to match the underlying assets with an appropriate means of financing.

Step 3: Recommendations
After reviewing all capital project requests with regard to scope of work, projected cost, and financing alternatives, the CBT evaluates the projects based on their physical attributes, implementing feasibility, and physical/economic impact on the community. Subsequently, the Deputy Mayors and the City Administrator use a scoring model with a defined set of criteria for all projects proposed by agencies for additions (enhancements) to the budget. The Office of Budget and Finance then uses the collective recommendations of the CBT and the scoring model results to formulate a recommendation in the form of a CIP.

Step 4: Approval
The proposed CIP is then submitted to the Mayor for approval and inclusion in the proposed budget, with subsequent submission to the Council. The Council may make changes, and after Council approval and the Mayor's signature, the CIP is transmitted to Congress for final approval.

Phases of a Capital Project
Capital projects are actually the sum of a series of phases, each of which groups the types of tasks necessary to accomplish the project's goal. Other than Information Technology (IT) projects, each project in the CIP is approved and budgeted in five phases. However, in some instances, projects need funding for planned expenditures only in one particular phase, such as major equipment acquisition. The phases are:

- Feasibility Study (00)
- Site Acquisition (02)
- Construction (04)
- IT Requirement Development (06)
- IT Development and Turnout (08)
- Design (01)
- Project Management (03)
- Equipment (05)
- IT Development and Testing (07)
- Design and Construction (under $1 million) (09)

- **Phase 0** -The feasibility phase includes all work required to perform an assessment to determine the overall feasibility of a project being considered for construction (this phase applies to the District Department of Transportation only).
- **Phase 1 –** Design includes all work completed to define the scope and content of the project. Architects and engineers that agencies employ to analyze the planning for a project would be funded from the design phase. Costs associated with solicitations and proposals also fall within this phase. This phase also would be used to fund any processes necessary for selection of contracts.
- **Phase 2 –** Site Acquisition covers costs for site preparation expenses, legal work or probable demolition and hauling expenses. Site appraisal and survey also would be funded through this phase.
- **Phase 3** – Project Management pays all internal agency management and support costs from design to construction. Activities within this phase include any work of the project manager and other staff.
- **Phase 4 –** Construction includes any construction contract work done by other District agencies. This phase funds work on a particular construction contract.
- **Phase 5 –** Equipment funds disbursements for specialized equipment. Equipment funded through capital has to be permanently connected to the physical plant designed as an integral part of the facility. Equipment defined for funding by this phase includes such items as the purchase and installation of elevators, boilers, generators, and HVAC systems. The Capital Program will not fund office equipment or personal computers. These are funded by the operating budget.
- **Phase 6** – IT Requirements Development phase encompasses both the definition of requirements and design of the system to be implemented. This phase defines requirements and design elements to a level of detail that allows technicians to decide upon development and configuration choices.
- **Phase 7** – IT Development and Testing is the phase in which project requirements and systems design are translated into a working version of the system. This phase also includes all testing stages from unit/component testing, to complete systems testing, to user acceptance testing.

- **Phase 8 –** IT Development and Turnout includes all activities to make the system available to all users. During this stage, all functions necessary to make the system part of normal user activities are done. For technology systems, turnover means documenting processes and activities necessary to put the system into production.
- **Phase 9 –** Design and Construction is for use in a "design build" type of facility construction contract, where the provisions of the contract require both activities but, for which there is no easily identifiable cost estimates for either specific phase. The use is limited to contracts that are under $1 million, since anything above that level requires Council approval and thus greater cost breakdowns and tracking.

Project Milestones

Each phase of a project is monitored and tracked using milestone data. This lets the Capital Program determine if projects are being completed on time and within budget. Milestone data is provided by agencies in the annual budget submissions as justification for additional funding. Milestone data includes such items as project authorization dates, original project cost estimates, contract award dates, revised completion dates, construction start dates, and others. In an attempt to summarize the various elements of milestone data, the Capital Program includes status codes in the project description forms.

Project Description Forms

(AM0) DEPARTMENT OF GENERAL SERVICES

MISSION

The goal of the Department of General Services (DGS) is to ensure the delivery of new or modernized, well-equipped, well-maintained, safe and secure buildings and facilities for the benefit of District residents and employees.

BACKGROUND

The Department of General Services carries out a broad range of real estate management functions. In addition to managing capital improvement and construction programs for a variety of District government agencies, DGS also executes real property acquisitions by purchase or lease, disposes of property through sale, lease or other authorized method, manages space in buildings and adjacent areas, and provides building management services for facilities owned or operated by the District. Among the services provided are engineering, custodial, security, energy conservation, utility management, general maintenance, inspection, planning, capital repairs and improvements.

There are 77 agencies or independent operating units occupying space in approximately 512 facilities under DGS management.

The Capital Construction Services Division implements and manages the public building needs through the Capital Improvements Plan (CIP) for most District government agencies. The CIP outlines agencies' capital needs, including the rehabilitation of existing properties and construction of new facilities. The Capital Construction Services Division ensures the timely and cost-effective delivery of superior quality engineering and design, construction, as well as a variety of other technical services on all relevant capital development projects in the CIP. The division is organized into five focus areas: Health & Human Services, Government Buildings/Tenant Improvement, Major Construction - Education, Major Construction - Public Safety, and Major Construction - Recreation.

CAPITAL PROGRAM OBJECTIVES:

Ensure that DGS efficiently and effectively manages the planning, modernization, new construction and renovation projects for the District (public safety, municipal, education and recreation).

RECENT ACCOMPLISHMENTS:

In 2016, DGS completed 15 Municipal projects in the District. The agency also completed 15 school projects and 23 recreation projects. We are proud have set ever higher goals for environmental sustainability and attainment of LEED standards. It is also worth highlighting that school modernization projects have also consistently exceeded the District's goals for economic inclusion of Certified Business Enterprises (CBE) and District residents.

Recently Completed projects:

DC United Soccer Stadium Site Preparation Phase I – Demolition and Utility Infrastructure
DPW Salt Dome – New Construction
FEMS Engine 15
Barry Farm Recreation Center
Hardy Recreation Center Renovation
Metro Memorial Park
Southeast Tennis and Learning Center Renovation
Taft Recreation Center Field Renovation
Bancroft Elementary School (Swing space at Sharpe Health)
Coolidge High School Modernization
Lafayette Elementary School Modernization
Marie Reed Elementary School (swing space at MacFarland Middle School)
Murch Elementary School (Swing Space at UDC)
Ron Brown High School Modernization Phase 1
Watkins Elementary School (swing space at Eliot Hine Middle School)

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-PL108-BIG 3 BUILDINGS POOL

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: PL108

Ward:

Location: VARIOUS

Facility Name or Identifier: GOVERNMENT CENTERS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $9,808,000

Description:

Perform renovations and capital improvements as needed on Reeves Center, Wilson Building, and One Judiciary Square. $250,000 of FY 2018 allotment shall be used for improvements to the Office of the Tenant Advocate in the Reeves Center in order to accommodate additional staff. $75,000 of FY 2018 allotment shall be used to update the Old Council Chambers in One Judiciary Square for the State Board of Education.

Justification:

This project will allow for maximum use of capital improvement pool funding by allowing proactive planning, maximizing the efficiency of upgrades, and permitting flexibility in delivering facility improvements. It is essential to ensure that proper capital investments are being made in District-owned facilities to maintain their proper function and avoid disruption to needed public services.

Progress Assessment:

This is an on-going project

AM0-PL902-CRITICAL SYSTEM REPLACEMENT

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: PL902

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: In multiple phases

Useful Life of the Project: 15

Estimated Full Funding Cost: $41,760,000

Description:

The purpose of this project is to perform capital improvements and facility condition assessments in buildings operated by the District to ensure that public facilities remain in good condition, to support the cost-effective delivery of municipal programs and services, and to maintain the long term capital value of DC's owned facilities. Specifically, this project makes the essential upgrades needed to maintain adequate public facilities. Among the capital improvements required in District-owned facilities are roof replacements, window replacements, and HVAC (heating and air-conditioning systems) replacements. In addition, this project can be used for priority building improvement projects that may have not been planned for as part of the facilities condition assessment. Even with excellent planning, there is often a need to address critical infrastructure needs in District buildings.

Justification:

This project will allow for maximum use of capital improvement pool funding by allowing proactive planning, maximizing the efficiency of upgrades, and permitting flexibility in delivering facility improvements. It is essential to ensure that proper capital investments are being made in District-owned facilities to maintain their proper function and avoid disruption to needed public services.

Progress Assessment:

This is an on-going project.

AM0-BRM03-DC GENERAL CAMPUS RENOVATIONS

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: BRM03

Ward: 7

Location: 1900 MASSACHUSETTS AVENUE SE

Facility Name or Identifier: HILL EAST

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $9,930,000

Description:

District facilities are assessed in a recurring cycle for necessary immediate, urgent and long term capital improvements including equipment, system and structural. Costs are determined and used in the development of capital budget for District of Columbia owned assets for DGS and client agencies. This project helps support the cost of DC General Campus infrastructure upgrades including the Steam & Sewer Lines

Justification:

Infrastructure Upgrade - Steam & Sewer Lines

Progress Assessment:

This is an ongoing project

AM0-SPC01-DC UNITED SOCCER STADIUM

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: SPC01
Ward: 6
Location: POTOMAC AVENUE, SW
Facility Name or Identifier: DC UNITED SOCCER STADIUM
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $150,000,000

Description:
This project is to provide budget to acquire, assemble, and develop a new DC United soccer stadium site. The Mayor shall acquire Squares 605, 607, and 661 and the northwest portion of Lot 24 in Square 665. Notwithstanding any other provision of law, the District shall not obligate in excess of $150,000,000 in aggregate costs to acquire, assemble, and develop the soccer stadium site. The project shall also fund the acquisition of Circulator buses that will be used to implement the Convention Center – Southwest Waterfront route as described in the "DC Circulator 2014 Transit Development Plan Update" dated September 2014. This route has been identified as a community benefit associated with development of the soccer stadium.

Justification:
This project is to acquire, assemble, and develop a new DC United soccer stadium site.

Progress Assessment:
This project is progressing as planned

AM0-EST01-EASTERN MARKET METRO PARK

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: EST01

Ward: 1

Location: PENNSYLVANIA AVE SE @ 8TH & D STS SE

Facility Name or Identifier: EASTERN MARKET METRO PARK

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $5,000,000

Description:

In FY 2016, DGS completed an Environmental Assessment for the Eastern Market Metro Park (EMMP) after the creation of a community-led draft design. The EMMP will enhance the public space surrounding the Eastern Market Metro by improving public safety with updated lighting and pedestrian infrastructure, adding Low Impact Development features to increase sustainability, installing a much-needed playground area for the growing number of nearby families, and creating an active, inviting community space with seating, shade, and interactive programming in collaboration with the soon-to-be modernized Southeast Library, which abuts the EMMP to the west. Given the favorable feasibility findings from the Environmental Assessment and broad community consensus on the need for the EMMP.

Justification:

Improving public safety with updated lighting

Progress Assessment:

New project

Related Projects:

DCPL project SEL37C-Southeast Library

AM0-PL901-ENERGY RETROFITTING OF DISTRICT BUILDINGS

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: PL901

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $47,753,000

Description:

This project will reduce environmental impact and energy costs in public buildings owned and operated by the District by incorporating green technology and modifying building systems, including windows, doors, roofs, and mechanical, electrical, and plumbing systems. Facility condition assessments of District buildings will identify specific improvements and upgrades with the potential to reduce consumption and achieve maximum savings. With energy costs continuing to increase, the District can realize savings – or offset increases – with appropriate retrofitting of public facilities to help reduce consumption.

Justification:

This project directly supports the comprehensive plan goal to provide adequate public facilities and to support cost-effective and environmentally conscious delivery of municipal programs and services.

Progress Assessment:

On-going subproject

Related Projects:

AM0-BC101-FACILITY CONDITION ASSESSMENT

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: BC101

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $16,725,000

Description:

District facilities are assessed in a recurring cycle; immediate, urgent, and long term equipment, system, and structural costs are determined and used as an input to the capital budget development.

Justification:

Identifying present conditions of public facilities will help plan for future capital improvements.

Progress Assessment:

Assessments to quantify required mechanical, electrical, and structural repair and provide a time schedule for the repairs which are on-going.

AM0-PL103-HAZARDOUS MATERIAL ABATEMENT POOL

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: PL103

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $9,000,000

Description:

This project addresses the identification and removal of asbestos, lead, and underground fuel storage tanks from District-owned properties. The project allows the District to comply with U.S. environmental laws and regulations by assessing the extent of a potential abatement and the remedial action itself. Multiple subprojects are in various stages of completion, and additional subprojects are introduced on an as-needed basis.

Justification:

This project is necessary to ensure that there is sufficient capital funding to address hazardous material abatement as they are uncovered in facility assessments. The project protects the health of people using District facilities by allowing for the removal of dangerous materials from District properties.

Progress Assessment:

Hazardous material abatement addresses the health and saftey of occupants of our facilities. Projects include removal of asbestos, lead, and underground fuel storage tanks from various District-owned properties and are on-going. Spending plan for this pool project is: $200,000 for the repair of the roof at One Judiciary Square, $750,000 for the repair of the roof at the Wilson Building, and $50,000 for use on the other administrative facilities based on any conditions that warrant roof repair.

(AT0) OFFICE OF THE CHIEF FINANCIAL OFFICER

MISSION

The Office of the Chief Financial Officer (OCFO) provides financial management services to the government and the people of the District of Columbia to sustain long-term fiscal and economic viability.

BACKGROUND

In accordance with the independent status of the District's Chief Financial Officer, the OCFO exercises independent control and management oversight over the District's financial systems, including SOAR, the Modernized Integrated Tax System (MITS), CFOSolve, and all other related and subsidiary systems. The OCFO is charged with the responsibility for maintaining and operating the District's independent financial systems to support the Mayor, the Council, Congress, and District residents.

CAPITAL PROGRAM OBJECTIVES

The OCFO maintains the integrity and reliability of the District's financial systems by maintaining independence in its relationships with program staff and assuring that systems modifications are transparent and auditable. This is accomplished by ensuring the financial systems can be maintained and supported by the OCFO workforce. This is a core function and cannot be outsourced to outside vendors or other parts of the government.

RECENT ACCOMPLISHMENTS

Highlights of our achievements include the District receiving and maintaining the first AAA rating for Income Tax Secured Revenue Bonds from the major rating agencies, an unprecedented 20th year of budget surplus, and the Comprehensive Annual Financial Report (CAFR) submitted with an unqualified opinion and no material weaknesses.

In August 2014 the CFO presented the OCFO strategic plan with 24 strategic initiatives supporting 7 key objectives. As plan initiatives are completed, new goals and projects are put forward. In April 2017, the CFO presented the updated OCFO strategic plan featuring 25 strategic initiatives. Two capital projects, the completion of MITS and the replacement of the SOAR and budget systems, are included in the plan as strategic initiatives.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

TO0-CIM01-CAPITAL ASSET REPLACEMENT SCHEDULING SYSTEM

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: CIM01
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: In multiple phases
Useful Life of the Project: 10
Estimated Full Funding Cost: $3,001,000

Description:
The project will provide better information on current capital projects as well as future capital and infrastructure needs. The project will identify budget needs to maintain current infrastructure; the capacity of different funding options; and the impact of policies on the District's debt cap and pay-as-you-go levels. The project will help identify the need for alternative financial options such as public/private partnerships and infrastructure trusts, in support of managing the District's asset needs.

The project will model all District assets, by type, and by agency, against their current condition and future capital repair needs to ensure maximization of their useful life and ultimately the replacement. It will also provide a mechanism for assessing the value and the risks to the District of both current assets and proposed investments in new assets.

Justification:
The project will provide a mechanism for assessing the condition status of current assets and proposed investments in new assets, and matching the priority of needs with the available budget limitations.

Progress Assessment:
The project will provide better information on current capital projects as well as future capital and infrastructure needs.

AT0-BF304-DCSRP - SOAR MODERNIZATION

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Implementing Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Project No: BF304
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: In multiple phases
Useful Life of the Project: 15
Estimated Full Funding Cost: $91,000,000

Description:
This project will implement major enhancements and improvements to the District's General Ledger System by completely replacing the current R-STARS (SOAR) accounting system with a modern, web-based system utilizing industry best practices.

Justification:
The current application is 17 years old and must be replaced.

Progress Assessment:
New project

AT0-CSP08-INTEGRATED TAX SYSTEM MODERNIZATION

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)

Implementing Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)

Project No: CSP08

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: In multiple phases

Useful Life of the Project: 10

Estimated Full Funding Cost: $78,320,000

Description:

This project will completely modernize and refine the District's tax systems to bring them in line with industry best practices and add new functionality in the areas of compliance; collections; case management; individual,business and property tax collection; and processing and accounting. The tax system modernization will be achieved in stages to replace individual components starting with the case management module, real property system, and eventually the core tax management system.

This project represents a modernization of the Integrated Tax System (ITS). The current system will require a technology refresh, particularly on the reporting and middle-ware tools, to take advantage of web-based technologies that were not available when the system was installed. This will require replacement of the SAND and the Crystal server-based systems currently in use for report and query building as well as supporting platform software and related applications. This investment will allow the core underlying system to remain in place, while simplifying maintenance requirements and allowing for further consolidation of servers and reduced bandwidth requirements.

Justification:

The first phase replaced the real property tax module, to address and reduce the risk of fraud and mismanagement by leveraging superior internal controls and industry best practices implemented in the replacement system. In addition, the new case management system provides intelligent case analytics, and review and analyses abilities that have increased tax compliance and collection, further resulting in increased revenues. The implementation of phases 1 & 2 have resulted in the capture of new tax revenue that is being recognized as Paygo transfers from the general fund to the capital project. This capital budget will help offset the project's costs.

Progress Assessment:

We are now in phase 3 and implementing the third new module.

AT0-CSP10-IT SYSTEM UPGRADES

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Implementing Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Project No: CSP10
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 10
Estimated Full Funding Cost: $3,500,000

Description:
This project will provide the necessary budget to support the Office of the Chief Financial Officer's central IT system. IT systems infrastructure refers to the composite hardware, software, network resources and services required for the existence, operation and management of an enterprise IT environment. It allows for the delivery of IT solutions and services to our employees and District citizens, is internal to the District and is deployed within our facilities.

Justification:
This project will maintain the systems required to support OCFO IT needs, for both hardware and software.

AT0-BF303-MODERNIZED BUDGET ANALYTICS

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Implementing Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Project No: BF303
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 15
Estimated Full Funding Cost: $9,700,000

Description:
This project will provide the District government with an improved process for formulating complex budgets (operating, revenue and capital) and the peripheral data associated with budgets (wards, classifications of projects, on-line publishing etc.). The initiative will build the business analytics platform by providing a consolidated view of budget and financial information within the different business units and agencies. The initiative will allow the government and its citizens to track the District's budget health through enhanced data visualizations, charts, and datasets. The initiative will create and publish dashboards on agency and project budgets, revenue forecasts and collections, performance against budget, capital project management and other business performance metrics.

Justification:
Agencies currently work with various spreadsheets and external databases prior to either uploading the information into the current Budget Formulation Application (BFA) or reentering the same information into BFA. The new budget system can be utilized for complete budget functionality - planning, formulation and execution, along with improved reporting and analytics.

Progress Assessment:
New project

(BA0) OFFICE OF THE SECRETARY

MISSION

The Office of the Secretary serves as the District of Columbia's primary liaison with the diplomatic and international community, provides authentication and public records management services to the Mayor and District government agencies, prepares executive orders, proclamations, directives and administrative issuances, and manages the District of Columbia's Archives. The Office of the Secretary also commissions all District of Columbia Notaries Public, publishes the District of Columbia Register and the District of Columbia Municipal Regulations, and is the official custodian of the Corporate Seal of the District of Columbia.

CAPITAL PROGRAM OBJECTIVES

Currently requesting planning and design funds for the DC Archives project.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-AB102-ARCHIVES

Agency: OFFICE OF THE SECRETARY (BA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: AB102

Ward: 5

Location: 1220 W STREET NE

Facility Name or Identifier: ARCHIVES

Status: Site acquisition required

Useful Life of the Project: 30

Estimated Full Funding Cost: $81,325,000

Description:

The Budget provides funding to allow the Archives to relocate to a site that meets several criteria outlined in a report commissioned by the Department of General Services, which found that the preferred alternative would be a stand-alone, purpose-built, new facility requiring approximately 135,000 gross building square feet. The Archives building is to be a mix of high-quality, environmentally controlled storage space, and several thousand square feet of space for the public to access the Archives, office space, and meeting space.

No operating, capital, contingency, or other District funds shall be used to construct any structure in Square 3574 or otherwise alter any property located in Square 3574 (including Penn Center located at 1709 3rd Street NE) for the purpose of serving as the District of Columbia Archives or District of Columbia Records Center, or for any other use by the Secretary of the District of Columbia.

Justification:

The District of Columbia Archives holds historical and permanently valuable records of the DC Government such as birth and death records, wills, land records and marriage records.

Progress Assessment:

The archival material inventory is underway, and will help in developing requirements for the design of the new facility.

(CE0) DC PUBLIC LIBRARY

MISSION

The District of Columbia Public Library provides access to materials, information, programs, and services, which, combined with expert staff, enables everyone to achieve lifelong learning, improve quality of life, and helps build a thriving city.

BACKGROUND

The DC Public Library has a total of 26 neighborhood libraries and MLK Jr. Memorial Library. Since 2009, 15 libraries have been rebuilt or renovated. Another six are in varying stages of design and construction including Martin Luther King Jr. Library, Cleveland Park Library, Palisades Library, Capitol View Library, West End Library (a mixed-use development) and Woodbridge Library (open summer 2016). The Library has several remaining facilities that need modernization.

CAPITAL PROGRAM OBJECTIVES

- Enhance neighborhood libraries to provide modern, flexible facilities that better serve District residents.
- Implement general improvement projects at facilities not currently scheduled for major renovation or rebuild.
- Fully renovate and modernize the Martin Luther King Jr. Memorial Library

RECENT ACCOMPLISHMENTS

Woodbridge Neighborhood Library - Opened September 28, 2016

Northeast Library - Opened February 3, 2014

Rosedale Library - Opened October 18, 2012

Mt. Pleasant Library - Opened September 12, 2012

Francis Gregory Library - Opened June 19, 2012

Bellevue (William O. Lockridge) Library - Opened June 13, 2012

Petworth Library - Opened February, 28, 2011

Tenley-Friendship Library - Opened January 24, 2011

Georgetown Library - Opened October 18, 2010

Shaw (Watha T. Daniel) Library - Opened August 2, 2010

Deanwood Library - Opened June 25, 2010

Anacostia Library - Opened April 26, 2010

Benning (Dorothy I. Height) Library - Opened April 5, 2010

Northwest One Library - Opened December 2009

Parklands-Turner Library - Opened October 2009

Takoma Park Library - Opened March 2009

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.

DC GIS

CE0-CAV37-CAPITOL VIEW LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: CAV37
Ward: 7
Location: 5001 CENTRAL AVENUE, SE
Facility Name or Identifier: CAPITOL VIEW LIBRARY
Status: Developing scope of work
Useful Life of the Project: 25+
Estimated Full Funding Cost: $7,200,000

Description:
Substantially renovate the building to create a 21st century, state-of-the-art, LEED Silver-Rated facility. The scope of work entails providing architectural and engineering services which comprises predesign, design, preparation of contract documents, commissioning, and planning services to substantially renovate the structure to fully or substantially comply with ADA Accessibility Guidelines for Buildings and Facilities. Facility upgrades to include vertical transportation, interior circulation, signage, entrances and exits, walkways, restrooms, alarms, and exterior improvements. The renovated Capitol View Neighborhood Library will reflect the program and goals of the Library and the needs of the District of Columbia residents that use the library. The building will incorporate forward-thinking approaches to urban design, architecture, engineering, and environmental technologies in the public realm. The renovated Capitol View Library will be a destination that will attract and support hundreds of users a day, and promote a vibrant, mixed-use neighborhood and active street environment.

Justification:
The exterior library façade is dated. The proposed budget reflects the scope of work as an interior facility renovation, with exterior work limited to window and roof replacement along with code-required storm water tie-ins. There is strong support for updating the library exterior for the benefit of Ward 7 residents. A design competition is the intended procurement vehicle to solicit best solutions for updating the library's facade.

Progress Assessment:
This project is on schedule.

CE0-LB310-GENERAL IMPROVEMENT- LIBRARIES

Agency: DC PUBLIC LIBRARY (CE0)

Implementing Agency: DC PUBLIC LIBRARY (CE0)

Project No: LB310

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $33,457,000

Description:

This project addresses critical capital upgrades and replacements at various library facilities. The work will include: installation and replacement of HVAC systems; upgrade of security, fire, life/safety and emergency power systems; ADA code compliance for restrooms and elevators; roof replacements and upgrades; and interior upgrades at various libraries.

Justification:

The purpose of this project is to keep all library facilities, especially those that have not received substantial improvements, safe and inviting to library staff the general public. The project is necessary to replace systems and component parts at the central and neighborhood libraries to allow uninterrupted library service for the community.

Progress Assessment:

The project is ongoing.

CE0-LAR37-LAMOND RIGGS LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: LAR37
Ward: 5
Location: 5401 SOUTH DAKOTA AVENUE NE
Facility Name or Identifier: LAMOND RIGGS LIBRARY
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost: $20,000,000

Description:
The Lamond Riggs Neighborhood Library improvements will create a new 21st century state-of-the-art LEED Silver certified facility. The scope of work entails providing architectural and engineering services which comprises predesign, design, preparation of contract documents, commissioning and planning services to fully or substantially comply with ADA Accessibility Guidelines for Buildings and Facilities. This includes vertical transportation, interior circulation, signage, entrances and exists, walkways, restrooms, alarms, etc. The renovated Lamond Riggs Neighborhood Library will reflect the program and goals of the library and the needs of the District of Columbia residents that use the library. The building will incorporate forward-thinking approaches to urban design, architecture, engineering, environmental technologies in the public realm. A building condition assessment was conducted in 2001 and an additional building assessment was completed in December 2009. The 2001 report indicated numerous costly repairs and upgrades and this work has never been done in its entirety. The District continues to pay for ongoing maintenance issues. The building energy is inefficient.

Justification:
The Lamond Riggs Neighborhood Library is one of two libraries that serve Ward 5. The building is approximately 45 years old. The existing CMU masonry construction has limited flexibility to change within the existing walls of the building. As library use has changed over the years, the need for electronic resources has expanded. However, expanding the technology within the Lamond Riggs library has proven extremely difficult. The citizens living in Ward 5 will benefit from expanded library services much in the same way as citizens in Wards 7 and 2 have benefited from their recently opened new libraries. The expanded library facilities and subsequently expanded library programs fit into the Mayor's educational priorities. This project aligns with Sustainable DC Action: Built Environment 3.5.

Progress Assessment:
This is a new project.

CE0-MCL03-MARTIN LUTHER KING JR. MEMORIAL CENTRAL LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)

Implementing Agency: DC PUBLIC LIBRARY (CE0)

Project No: MCL03

Ward: 2

Location: 901 G STREET NW

Facility Name or Identifier: MARTIN LUTHER KING JR. MEMORIAL CENTRAL LIBRARY

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $211,057,000

Description:

The renovated Martin Luther King Jr. Memorial Central Library will reflect the program and goals of the Library and the needs of the District of Columbia residents who use the library. While being respectful of the only Mies van der Rohe building in the District, the building will incorporate forward-thinking approaches to urban design, architecture, engineering, and environmental technologies in the public realm. The renovated MLK Library will be a destination that will attract and support hundreds of users a day, and promote a vibrant, mixed-use neighborhood and active street environment.
A building condition assessment of the original structure was conducted in 2010 and indicated that numerous and costly replacements and upgrades were needed. The District continues to pay for ongoing maintenance issues. The original building is not energy efficient. Strategic capital improvements have been completed and more are currently planned, however, they do not come close to the amount of work that is needed to ensure that this is a thriving civic facility. Based on the 2010 Building Condition Assessment, the majority of the main building systems are beyond their useful life. The expanded library facilities and subsequent expanded library programs fit into the Mayor's educational priorities.

Justification:

The project is necessary because the existing Martin Luther King Jr. Memorial Library building does not meet the District's needs as a central library. This project aligns with Sustainable DC Action: Built Environment 3.5.

Progress Assessment:

Project is ongoing.

CE0-ASF18-SHARED TECHNICAL SERVICES CENTER

Agency: DC PUBLIC LIBRARY (CE0)

Implementing Agency: DC PUBLIC LIBRARY (CE0)

Project No: ASF18

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: SERVICE CENTER

Status: New

Useful Life of the Project: 10

Estimated Full Funding Cost: $4,500,000

Description:

Shared Technical Services is a joint initiative between DCPL and DC Public Schools (DCPS). The project requires the design and renovation of a long-term, single facility that will select, order, purchase, catalog, sort, distribute and store library materials for both DCPL and DCPS.

Justification:

Shared services are cost-effective because they centralize operations that are used by multiple parts of the library, and by its customers, to help eliminate redundancy.

Progress Assessment:

New project.

CE0-SEL37-SOUTHEAST LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: SEL37
Ward: 6
Location: 403 7TH STREET SE
Facility Name or Identifier: SOUTHEAST LIBRARY
Status: Developing scope of work
Useful Life of the Project: 30
Estimated Full Funding Cost: $23,726,000

Description:
This project includes the interior re-design and demolition and reconstruction of the existing Southeast Library, including a potential underground extension. Exterior restoration of the building and replacement of building systems, including mechanical, electrical, conveyance and security.

Justification:
The historic Southeast Library is a 2-story structure with approx. 9600 SF of spacke CEPL has created a program which includes additioanl and enlarged spaces to meete the needs of the community The estimated totoal of required space is 3,500 SF. These spaces include: 1 large meeting riin, 1 smaller conference room, 3-4 study rooms, ample table workspace with electrical powere and lounge style seating areas, lareger staff workroom, complete restroom modernization, larger staircase, new elevator, HVAC modernization, ADA accessibility upgrades, outside seating and play area enhancements, and children's computer stations.

Progress Assessment:
This is an on-going project. A feasibility study was commissioned by the Barracks Row Main Street, focusing on the revitalization of the Eastern Market Metro Station plaza. That feasibility study is being assessed by DCPL consultants who are reviewing the options as provided by the study.

(CF0) DEPARTMENT OF EMPLOYMENT SERVICES

MISSION

The Department of Employment Services (DOES) fosters and promotes the welfare of job seekers and wage earners by improving their working conditions, advancing opportunities for employment, helping employers find workers, and tracking changes in employment and other national economic measurements impacting the District of Columbia.

BACKGROUND

The Department of Employment Services (DOES) is the District of Columbia's lead labor and workforce development agency. DOES' provides customers with a comprehensive menu of workforce development services funded through a combination of federal grants and local appropriations. DOES delivers basic income support services to unemployed or underemployed persons who lost their jobs through no fault of their own through the Unemployment Insurance Division. The labor Standards Program ensures a safe and healthy work environment for workers in the District, administers a program to provide benefits to qualified individuals with employment-related injuries or illnesses, administers the District's wage-and-hour laws and provides hearing and adjudication services to settle worker's compensation disputes. DOES's Workforce Development Program provides job seekers with workforce development and training programs and services to ensure employers have access to qualified job candidates. Finally, DOES provides District youth with job training, academic enrichment, leadership, and employment opportunities through its year-round, Marion S. Barry Summer Youth Employment Program, Marion S. Barry Youth Leadership Institute, and other youth programs.

CAPITAL PROJECT INITIATIVES

Saint Elizabeths Infrastructure Academy

The Washington D.C. Infrastructure Academy at Saint Elizabeths East Campus will be a new facility that focuses on occupational skills training and work-based learning initiatives related to the infrastructure industry, including the utility, energy efficiency, and transportation and logistics sectors. At the Academy, industry partners, training providers such as the University of the District of Columbia, labor unions and trade associations, will offer diverse skills training allowing District residents to obtain the tools to begin and sustain careers in the infrastructure industry. The Academy will provide its services to District residents, with a focus on underserved, unemployed, and underemployed residents seeking entry-level training and job opportunities within the infrastructure industry. Academy participants will be able to access career counseling and planning, resume assistance, direct job placement, and information about local and regional infrastructure jobs and apprenticeships.

UI Modernization Project

The objective of this project is to develop and deploy a robust, fully-integrated Unemployment Benefits and Tax solution resulting in efficiencies and the ability to offer broader services to the residents of the District of Columbia. All systems within Unemployment Insurance will be integrated including the Document Imagining system and ACD/IVR system. Finally, with the deployment of the project, the agency will reduce its dependency on external contractors.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

TO0-PFL08-PAID FAMILY LEAVE IT APPLICATION

Agency: DEPARTMENT OF EMPLOYMENT SERVICES (CF0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: PFL08

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project: 10

Estimated Full Funding Cost: $40,000,000

Description:

The Universal Paid Leave project will provide for the development and implementation of the required Information Technology system, including the software, to support the District's Universal Paid Leave legislation. The proposed legislation would create a program to compensate private sector workers in the District for wages lost when taking time off to welcome a new child or care of a family member who has a serious health condition.

Justification:

The system must support the mechanism for collecting the taxes and, for paying the benefits to qualified employees.

Progress Assessment:

New project

AM0-SNTRC-SAINT ELIZABETHS INFRASTRUCTURE ACADEMY

Agency: DEPARTMENT OF EMPLOYMENT SERVICES (CF0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: SNTRC
Ward: 8
Location: 1100 ALABAMA AVE SE
Facility Name or Identifier: INFRASTRUCTURE ACADEMY
Status: New
Useful Life of the Project: 25
Estimated Full Funding Cost: $16,750,000

Description:
The Washington D.C. Infrastructure Academy at Saint Elizabeths East Campus will be a new facility that focuses on occupational skills training and work-based learning initiatives related to the infrastructure industry, including the utility, energy efficiency, transportation and logistics sectors. At the Academy, industry partners, training providers such as the University of the District of Columbia, labor unions and trade associations, will offer a diverse skills training allowing District residents the tools to begin and sustain careers in the infrastructure industry. The Academy will provide its services to District residents, with a focus on underserved, unemployed, and underemployed residents seeking entry-level training and job opportunities within the infrastructure industry. Academy participants will be able to access career counseling and planning, resume assistance, direct job placement, and information about local and regional infrastructure jobs and apprenticeships.

Justification:
The Infrastructure Academy will provide its services to District residents, with a focus on underserved, unemployed, and underemployed residents and residents who are seeking entry-level training.

CF0-UIM02-UI MODERNIZATION PROJECT-FEDERAL

Agency: DEPARTMENT OF EMPLOYMENT SERVICES (CF0)

Implementing Agency: DEPARTMENT OF EMPLOYMENT SERVICES (CF0)

Project No: UIM02

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: Developing scope of work

Useful Life of the Project: 10

Estimated Full Funding Cost: $37,844,000

Description:

This project is focused on developing and deploying a fully integrated (Unemployment Benefits and Tax) robust solution resulting in efficiencies and the ability to offer broader services to the residents of the District of Columbia. All systems within Unemployment Insurance will be integrated including the Document Imagining system and ACD/IVR system.

Justification:

Due to the outdated mainframe technology currently in use, implementations of new legal requirements are complex, intense, and time consuming to deploy in a consistent manner to ensure claimants receive added or new benefits as quickly as possible. In this environment, the systems are highly fractured silos requiring costly contractors to maintain them.

Progress Assessment:

On-going project

(CI0) OFFICE OF CABLE TV,FILM,MUSIC & ENTNMENT

MISSION

The Mission of the Office of Cable Television, Film, Music and Entertainment (OCTFME) is to produce and broadcast programming for the District of Columbia's public, educational and government access (PEG) cable channels; regulate the District of Columbia's cable television service providers; provide customer service for cable subscribers; and support a sustainable creative economy and labor market in the District of Columbia.

SCOPE

OCTFME is responsible for regulating cable television in the District and managing the District's government access channels: The District Council Channel (DCC), the District of Columbia Network (DCN), and the District Knowledge Network (DKN). OCTFME creates content that informs, educates, and entertains viewers via the District of Columbia's public, educational and government (PEG) channels and other forms of content outlets.

CAPITAL PROGRAM OBJECTIVES

1. Update and modernize studio equipment and related technology.
2. Update the OCTFME Headquarters HVAC systems and expand electrical capacity to create needed emergency redundancies.

HIGHLIGHTS OF RECENT ACCOMPLISHMENTS

OCTFME upgraded its television broadcast capability from standard definition to high definition for the John A. Wilson Building and One Judiciary Square. These technology upgrades were completed to meet transmission and equipment regulations of FCC and improve the production quality.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

CI0-BP102-SMALL CAPITAL PROJECTS

Agency: OFFICE OF CABLE TV,FILM,MUSIC & ENTNMENT (CI0)

Implementing Agency: OFFICE OF CABLE TV,FILM,MUSIC & ENTNMENT (CI0)

Project No: BP102

Ward: 5

Location: 1899 9TH STREET, NE

Facility Name or Identifier: OCTFME HEADQUARTERS

Status: In multiple phases

Useful Life of the Project: 30

Estimated Full Funding Cost: $2,000,000

Description:

This project is in support of needed capital investments in the Headquarters office located at 1899 9th Street NE. The changes include improvements to the HVAC system and upgrades to signage, along with other small projects that will increase the life of the facility.

Justification:

The building systems are old and in need of upgrades.

Progress Assessment:

Progressing as planned

(CR0) DEPT. OF CONSUMER AND REGULATORY AFFAIRS

MISSION

The Department of Consumer and Regulatory Affairs (DCRA) protects the health, safety, economic interests, and quality of life of residents, businesses, and visitors in the District of Columbia by ensuring code compliance and regulating business.

BACKGROUND

Annually, DCRA issues over 35,000 building permits, 4,000 occupancy permits, and 50,000 business and professional licenses. The agency files over 65,000 corporate documents, and conducts over 55,000 residential, commercial and business-related inspections and investigations. DCRA is charged with ensuring that all businesses, professionals, and property owners adhere to District laws and regulations.

CAPITAL PROGRAM OBJECTIVES

1. Eliminate nuisance properties and invest in the revitalization of communities.
2. Support DCRA regulation and compliance activities by implementing information technology systems for licensing, inspections, and permitting functions that interface with other District systems.

RECENT ACCOMPLISHMENTS

Business Portal – The most recent release of the D.C. Business Portal allows businesses to apply for and renew many types of DCRA Basic Business Licenses. The portal provides detailed information about the application process and a checklist of required steps for each category. The system offers many enhancements that benefit our customers, such as:

- Customers can completely conduct transactions online and never have to visit DCRA;
- Customers can save and resume work on their application as they work through the process;
- Customers can work through the "Wizards" to identify exactly what the requirements are for their specific type of business;
- Customers can upload all required documents; and,
- Customers can utilize the multi-agency search features for relevant information.

IT Initiatives -

Q-matic – The online appointment scheduling technology allows the public to schedule appointments with DCRA via the web, mobile and/or desktop systems. After customers have scheduled their appointment, they are provided a unique number associated with their appointment time for check-in. The new system is intended to make finding a time for a Permit Center appointment as simple as possible.

Pay for permits on line – In 2016, DCRA overhauled its online services for permits, which includes paying for permits online, which includes postcard, supplemental and construction permits. DCRA continues to work towards providing additional online payment options for as many of its permits as possible.

CR0-ISM11-DCRA BUSINESS PORTAL

Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)
Implementing Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)
Project No: ISM11
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Under design
Useful Life of the Project: 10+
Estimated Full Funding Cost: $1,975,000

Description:
This project will enhance businesses' ability to comply with D.C. Government business regulations by providing these resources:

◦ An online information portal with all regulatory information in one place and online wizards to provide step-by-step compliance guidance to businesses; and,
◦ An enterprise technology solution that would replace the disparate systems used across agencies to manage regulatory issues – single point of entry for all D.C. Government regulatory functions.

Justification:
The business-impacting regulations are enforced by a number of different agencies, primarily:
1.DCRA, 2. DDOT, 3. DSLBD, 4. DOH, 5. ABRA, 6. OTR

Systems within DC Government are much improved over the last five years, but we have not reached a state of true interagency automation and communication.

Progress Assessment:
Progress is proceeding as planned

CR0-ISM07-IT SYSTEMS MODERNIZATION - DCRA

Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)

Implementing Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)

Project No: ISM07

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $22,348,000

Description:

This project funds the continued, multi-year implementation of a variety of mission critical information technology systems involving District licensing, permitting and inspection functions. It also provides for the establishment of interfaces with other District IT systems, facilitating data sharing with OTR, DOH, DDOT, Zoning, Planning and others. This project will improve compliance with District permitting and licensing requirements, increase efficiency and enhance revenues.

Justification:

DCRA will actively and continuously extend the functionality of its existing enterprise system (CPMS) which is based on Accela Automation and Accela Mobile Apps. This project will improve compliance with District permitting and licensing requirements, increase efficiency, and enhance revenues.

Progress Assessment:

This is an on-going project

(EB0) DEPUTY MAYOR FOR PLANNING AND ECON DEV

MISSION

The Office of the Deputy Mayor for Planning and Economic Development (DMPED) supports the Mayor in developing and executing the District of Columbia's economic development policy.

BACKGROUND

DMPED assists the Mayor in the coordination, planning, supervision, and execution of programs, policies, and proposals related to economic development in the District of Columbia. DMPED encourages growth and investment in the District through a portfolio of over 150 housing, office, and retail development projects that are under construction, planned, or proposed. The total value of these development projects is approximately $13 billion.

CAPITAL PROGRAM OBJECTIVES

1. Oversee and coordinate economic growth and investment throughout the District of Columbia.
2. Add to the District's portfolio of affordable housing by promoting the construction of new affordable housing and preserving the District's affordable housing stock.

RECENT ACCOMPLISHMENTS

- The first stage of infrastructure for St. Elizabeths commenced, paving the way for game-changing development of the first phase of mixed-use redevelopment, as well as the new Entertainment and Sports Arena.
- The Army transferred the Walter Reed Campus to the District of Columbia, in a ceremony with Mayor Muriel Bowser, Congresswoman Eleanor Holmes Norton, Ward 4 Councilmember Brandon Todd, Assistant Secretary of the Army Katherine Hammack, and Deputy Mayor Brian Kenner.
- Deanwood Hills, a 150-unit affordable housing project, broke ground, moving forward critical offsite replacement units for the Lincoln Heights and Richardson Dwelling New Community.
- Bruce Monroe, a 400-unit affordable housing project received surplus and disposition approval. This project is a critical offsite component of the Park Morton New Community.
- Audi Field (DC United Stadium) began vertical construction, after the District completed its site preparations on time.
- DMPED released a web-based tool to track all of its projects and milestones at http://open.dc.gov/dmped-delivering/.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

EB0-EB409-DC WATER NEW FACILITY

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: EB409
Ward: 5
Location: AMES PLACE NE
Facility Name or Identifier: DC WATER FACILITIES
Status: Site purchase underway
Useful Life of the Project: 30
Estimated Full Funding Cost: $39,897,000

Description:
This project will facilitate the relocation of DC Water from parcels adjacent to the O Street Pumping Station so that these parcels can be transferred to Forest City for redevelopment.

Justification:
To accommodate DC Water's vehicle fleet.

Progress Assessment:
DMPED is in negotiations with owners of several parcels of land that can provide the opportunity to complete a relocation strategy.

EB0-EB422-HILL EAST

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: EB422
Ward: 7
Location: 19TH STREET AND MASSACHUSETTS AVE., SE
Facility Name or Identifier: HILL EAST
Status: Ongoing Subprojects
Useful Life of the Project: 15
Estimated Full Funding Cost: $28,921,000

Description:
Design and construction of Reservation 13 infrastructure, to include the following:
• Construct 19th Street new curb and gutter, ADA ramps, pedestrian safety, restriping, resurfacing.
• Drop off lane in front of lot F1 (full roadway, curb and gutter, swm improvements, roadway standards).
• Alley (Parcel F-1) future alley on east side of Parcel F-1 (full, new roadway to DDOT alley standards).
• C Street full roadway, expect extension will be required to meet future 20th street.
• 20th Street full roadway, expect extension will be required to meet future C street and Mass Ave.
• Future Mass Avenue full roadway, expect extension will be required to meet future 20th street and 19th Street.
• Alley behind Parcel G-1, future alley on east side of Parcel G-1 (full, new roadway to DDOT alley standards).
• Possible WMATA entrance related infrastructure on Village Square.

Justification:
Redevelopment of surplus, District-owned property.

Progress Assessment:
This is an on-going project.

Ward: 5
Location: NORTH CAPITOL ST & MICHIGAN AVE NW
Facility Name or Identifier: MCMILLAN SAND FILTRATION SITE
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $57,192,000

Description:
The 25-acre former McMillan Reservoir Sand Filtration Site, located at North Capitol Street and Michigan Avenue, will be redeveloped into a mixed-use project that will include historic preservation, open space, community center, residential, retail, office, and healthcare uses. The Historic Preservation Review Board, Zoning Commission, and the National Capital Planning Commission approved the master plan for McMillan. Further, the DC Council has approved the surplus and disposition of McMillan. The goal is to create an architecturally distinct, vibrant, mixed-use development that provides housing, employment, retail, cultural, and recreational opportunities for District residents.

The net proceeds from the disposition of the McMillan Sand Filtration Site will be deposited into the capital fund account associated with this project to help fund public capital eligible items.

Justification:
McMillan will be a transformative, large-scale redevelopment of its neighborhood. Transformative impact is expected within the context of the overall redevelopment timeline.

Progress Assessment:
The District's Department of General Services (DGS) solicited a general contractor for McMillan and selected Gilbane. Groundbreaking for the stabilization and restoration of the historic assets in the service courts occurred on December 7, 2016. These construction activities will commence shortly.

EB0-EB008-NEW COMMUNITIES

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: EB008
Ward:
Location: VARIOUS
Facility Name or Identifier: NEW COMMUNITIES
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $175,264,000

Description:
The vision for the New Communities Initiative is for vibrant mixed-income neighborhoods that address both the physical architecture and human capital needs, where residents have quality affordable housing options, economic opportunities and access to appropriate human services. This comprehensive project is to provide the necessary budget for a defined group of projects supporting the District's infrastructure assets associated with the New Communities Initiative.

Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and its components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

Justification:
This project includes the comprehensive redevelopment of neighborhoods with high concentrations of low income housing and high rates of crimes. The projects replace low density single use housing with stable neighborhood anchors such as schools, community centers, neighborhood servicing retail to create sustainable safe mixed income mixed use community.

Progress Assessment:
On an annual basis, the Office of the Deputy Mayor Office for Planning and Economic Development and the District of Columbia Housing Authority shall submit a written report to the Chairperson of the Committee on Economic Development for the District of Columbia, in accordance with the Fiscal Year 2014 Budget Support Act of 2013.

EB0-AWR01-SAINT ELIZABETHS E CAMPUS INFRASTRUCTURE

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: AWR01
Ward: 8
Location: 2700 MARTIN LUTHER KING JR AVENUE, SE
Facility Name or Identifier: ST ELIZABETHS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $236,150,000

Description:
The 183-acre lot will be transformed into a marketplace of ideas, innovation, commercialization, and a new Entertainment and Sports Area. This project will fund public infrastructure improvements needed to support all planned future development at St. Elizabeths East, including roadways, water, gas, electric, telecommunications, streetscapes and street lighting, in addition to the demolition of certain non-contributing structures at the campus. This project will also fund a Chapel Renovation.

Justification:
The project will leverage the $3.4 billion federal investment in the West Campus and stimulate revitalization and regeneration in Ward 8. This project aligns with Sustainable DC Action: Water 3.3.

Progress Assessment:
Development on the East Campus is guided by the Saint Elizabeths East Redevelopment Framework Plan, which was approved by the DC Council in December 2008. Implementation of the Plan recommendations are currently underway and involve a broad coalition of stakeholders.

Related Projects:
DMPED projects EBK01C-St Elizabeths Redevelopment and EBK03C-St E's Transportation Campus Improvement. EB0-AWT01-WALTER REED REDEVELOPMENT

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: AWT01
Ward: 4
Location: 6900 GEORGIA AVENUE, NW
Facility Name or Identifier: WALTER REED HOSPITAL SITE
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $41,148,000

Description:
This project takes a former military installation and reintegrates 62 acres into the fabric of Ward 4. The project will catalyze the redevelopment of upper Georgia Avenue by taking down the previously gated campus and creating new mixed-use opportunities along this key gateway into the District.

Justification:
The District Government, as the local redevelopment authority formally recognized by the US Department of Defense, has undertaken the responsibility of developing a homeless accommodation and reuse plan for the 62.5 acre surplus portion of the WRAMC. The costs for this project are 90% funded by a federal grant from the Department of Defense with a 10% District match. Under BRAC law, each LRA is required to submit its reuse and homeless plan to HUD 270 days from the submission deadline for all notices of interest. For WRAMC, that deadline was November 30, 2010. Successful implementation of the plan will result in an integration of this 60+ acres into the community making the over 40+ acres of green/open space available to the community. The proposed commercial development is estimated to result in annual tax revenues in excess of $18 million. The proposed reuse plan is consistent with the comprehensive plan and incorporates policy priorities of the Mayor. This project aligns with Sustainable DC Action: Water 3.3.

Progress Assessment:
The project is progressing as planned

(EN0) DEPT OF SMALL & LOCAL BUSINESS DEVELOPMT

Mission

The Department of Small and Local Business Development (DSLBD) supports the development, economic growth, and retention of District-based businesses, and promotes economic development throughout the District's commercial corridors.

Background

DSLBD's capital program will replace 13 individual systems with one enterprise solution to cover the program areas of: certification, compliance, business opportunities, and neighborhood revitalization.

Capital Program Objectives

1. Complete replacement of DSLBD's existing IT infrastructure.
2. Improved integration with District government IT systems.
3. Improved client experience services for the public.
4. Increased and improved staff efficiency.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

(FA0) METROPOLITAN POLICE DEPARTMENT

MISSION

The Metropolitan Police Department (MPD) safeguards the District of Columbia and protects its residents and visitors by providing the highest quality of police service with integrity, compassion, and a commitment to innovation that integrates people, technology, and progressive business systems.

BACKGROUND

MPD's capital program is categorized into two primary programs: fleet and technology. Facilities programs are under the management of the Department of General Services.

MPD's fleet program is a part of the citywide Short-Term financing program. MPD maintains approximately 1,640 vehicles in the fleet, including 935 marked cruisers, 480 unmarked cruisers, and 225 specialty/support vehicles. The Department funds the replacement cycle of patrol cars, motorcycles, and the related equipment required to operate these vehicles.

MPD's technology program seeks to modernize and automate the police force. Maintaining the replacement schedule for computers, establishing paperless records, and consolidating criminal databases are key to improving efficiency. Refreshing the citywide camera network is critical for observing and monitoring high-crime areas. The inventory of computers includes approximately 2,000 desktops and 850 laptops (deployed in the field). The criminal databases consist of more than 30 data sources. The citywide camera network includes 167 cameras.

CAPITAL PROGRAM OBJECTIVES

1. Maintain the fleet of police vehicles according to an established replacement cycle.

2. Maintain current IT investments and continuously identify and implement new technology solutions to achieve greater efficiency, automation of police operations, and enhanced community safety.

RECENT ACCOMPLISHMENTS

- Additional funding in FY 2013 has allowed MPD to replace some of its aging vehicles at the preferred replacement cycle. MPD projects two additional years of sustained funding will be required to return the entire fleet back to the preferred replacement cycle for the patrol fleet.
- MPD deployed Phase 1 of the *e-commerce* system. Current capabilities include online requests and payment for citizen reports as well as online boat registration.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-PL110-MPD SCHEDULED CAPITAL IMPROVEMENTS

Agency: METROPOLITAN POLICE DEPARTMENT (FA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: PL110

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $40,000,000

Description:

This project will address deferred facility needs of the Department by implementing infrastructure upgrades and quality of life improvements to community police stations, the police academy, and other police facilities. The scope of work includes upgrades to mechanical, electrical and plumbing (MEP) systems, to exterior security and conveying systems, and, to fire alarm and fire suppression systems. The scope also includes the major repair and replacement of roofs and windows; ADA upgrades (signage, accessible entry, parking, restrooms, etc.); and, fluourescent lighting systems with energy efficient lamps and electronic ballasts.

Justification:

Most of the District-owned police facilities are beyond the useful life identified in MPD's 1998 and 2005 Condition Assessment reports and need infrastructure upgrades.

Progress Assessment:

On-going subproject

FA0-EPI20-MPD--DISASTER RECOVERY

Agency: METROPOLITAN POLICE DEPARTMENT (FA0)

Implementing Agency: METROPOLITAN POLICE DEPARTMENT (FA0)

Project No: EPI20

Ward:

Location: RESTON DATA CENTER

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project: 15

Estimated Full Funding Cost: $1,850,000

Description:

To comply with the Mayor's objective of enhanced disaster recover capability, MPD will work with the Office of the Chief Technology Officer (OCTO) and our technology vendors to build, configure and deploy advanced capabilities for our critical systems to allow near real-time failover to a backup data center in the event of an outage at our primary data center.

Justification:

Setup of DR site at Reston Data Center. To comply with Mayor's objective of a disaster recover capability, MPD will work with OCTO and our technology vendors to build, configure and deploy advanced capabilities for our critical systems to allow near real-time failover to a backup datacenter in the event of an outage at our primary datacenter

FA0-PEQ22-SPECIALIZED VEHICLES - MPD

Agency: METROPOLITAN POLICE DEPARTMENT (FA0)

Implementing Agency: METROPOLITAN POLICE DEPARTMENT (FA0)

Project No: PEQ22

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VEHICLES

Status: Ongoing Subprojects

Useful Life of the Project: 5

Estimated Full Funding Cost: $57,259,000

Description:

Project requirements are to support the annual replacement of the Police patrol cars for MPD, currently on a 5 year replacement schedule. As part of the Public Justice cluster, MPD requires the replacement vehicles to support the daily police operations, required by law and the citizens of the District of Columbia to preserve law and order within the District. The goal is to maintain the existing fleet of police vehicles according to an established replacement cycle. This budget returns MPD to the required funding level.

Justification:

MPD maintains 1,639 vehicles in its fleet including 802 marked cruisers, 409 unmarked cruisers, and 428 speciality/support vehicles.

Progress Assessment:

This project is ongoing to facilitate more rapid replacement of fleet vehicles.

(FB0) FIRE AND EMERGENCY MEDICAL SERVICES

MISSION

The District of Columbia Fire and Emergency Medical Services Department's (FEMS) mission is to promote safety and health through excellent pre-hospital medical care, fire suppression, hazardous materials response, technical rescue, homeland security preparedness and fire prevention and education in the District of Columbia.

BACKGROUND

FEMS provides emergency medical services (EMS), fire suppression, homeland security and special operations response for the District of Columbia, including planned events and activities unique to the nation's capital. The department is responsible for fire and life safety code enforcement, along with community-based education and prevention programs. FEMS is the lead first-response agency for managing consequences resulting from natural disasters or other catastrophic events impacting the national capital region. To provide these services, the department maintains a response fleet of 99 ambulances, 101 fire apparatus, 4 fire boats, and 162 support vehicles. The department has 34 neighborhood fire stations and 7 support facilities. Major facilities include: Headquarters, Logistics Warehouse, Training Academy and the Fleet Maintenance Facility.

CAPITAL PROGRAM OBJECTIVES

1. Plan for and provide a comprehensive renovation of each of the FEMS buildings to bring them into compliance with modem codes and standards as well as personnel and fleet requirements.
2. Design, equip, and install enhanced communication and information management systems that allow for greater efficiency of operations, accountability, and exchange of information with the Office of Unified Communications (OUC) 911Center and other public safety agencies that coordinate emergency responses for the citizens and visitors of the District.
3. Replace FEMS vehicles to meet or exceed the National Fire Protection Association (NFPA) standards.
4. Develop plans for public or private development of stations that would provide the potential to sell the air rights above stations.

RECENT FACILITY CAPITAL ACCOMPLISHMENTS

Fire & EMS completed the following recent improvements to its facilities:

- December 2014: Installed the north side of the apparatus floor concrete at Engine 7
- January 2015: Repaired the concrete apparatus floor at Engine 18
- February 2015: Training Academy EVOC completed (this is a new driver training course)
- March 2015: New high speed roll up doors at Fleet Maintenance Facility
- August 2015: New HVAC at Engine 23
- December 2015: Upgraded kitchen and new commercial hood fire suppression system at Engine 23
- February 2016: Interior renovation and female facilities upgraded at Engine 30
- March 2016: New concrete and fence to rear drill area at Engine 15
- April 2016: Opened new fire house at 400 E St S.W. for Engine 13
- May 2016: Replaced the concrete in the rear of Engine 23
- June 2016: Replaced the entrance gate at the Training Academy with a fast opening double gate.
- July 2016: Installed new apparatus bay doors at Engine 15 & Engine 25
- August 2016: Added a commercial kitchen hood at Engine 17
- September 2016: Renovated the kitchen at Engine 21
- October 2016: Installed new front apparatus bay doors at Engine 2
- November 2016: Replaced the concrete in the drill and parking area at the Training Academy
- November 2016: Replaced lights around the training area with new LED lights
- December 2016: Replaced all the apparatus bay doors at Engine 4 with new hydraulic powered doors

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-LC537-ENGINE COMPANY 23 RENOVATION

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: LC537
Ward: 2
Location: 2119 G STREET NW
Facility Name or Identifier: ENGINE COMPANY 23
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost: $7,500,000

Description:
The work includes major improvements and upgrades to Engine 23 at 2119 G Street N.W., that will bring the facility into compliance with current, basic standards such as ADA access, Life Safety Codes, NFPA, firefighting protective gear storage and energy efficient HVAC systems. The most important improvements will be the new Life Safety features comprised of the installation of a fire sprinkler and fire alarm system. The interior of this historic building will be redesigned and all of the building's electrical, lighting systems and plumbing will be replaced and upgraded to the Silver level of the LEED standard for renovations. The storm water management system will be replaced. Working with the Historic Preservation Office, FEMS will widen the apparatus bay door to accomodate the larger apparatus FEMS will be required to purchase to meet the 2010 EPA Clean Emissions Standard. All windows will be replaced with energy efficient windows that match the original ones. A temporary fire station will provide uninterrupted protection to the community during this project.

Justification:
Originally built in 1910, Engine 23 has not had a major renovation in over 28 years and the infrastructure of this station has long passed its useful life expectancy. It has only had minor improvements or upgrades since it was constructed in 1910 and none since 1984. It does not comply with current basic standards such as ADA access, NFPA standards for Fire Stations, and female firefighter locker room accommodations. All of the major systems are in poor condition and are beginning to fail. Renovating this station to modern LEED standards will result in an operating cost savings while preserving this historic landmark. This project aligns with Sustainable DC Action: Built Environment 3.5.

Progress Assessment:
New project

AM0-LF239-FEMS SCHEDULED CAPITAL IMPROVEMENTS

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: LF239

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $36,000,000

Description:

This project provides for scheduled capital improvements in various Department facilities to include repair and/or replacement of foundation, concrete, plaster wall, window, floor covering, the heating and cooling system, the electrical system, the lighting system, plumbing and sanitary drains, fire detection and alarm systems, the parking lot, the roof, the masonry, drainage and erosion control systems. Additionally, there will be safety and security upgrades to various facilities.

Justification:

This project is vital to provide funding for major and minor capital improvements that are needed throughout FEMS 35 various facilities. It allows FEMS to upgrade facilities in an efficient manner by ensuring proper funding is available for capital projects.

Progress Assessment:

On-going subproject

FB0-20600-FIRE APPARATUS

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)

Implementing Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)

Project No: 20600

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: EQUIPMENT

Status: Ongoing Subprojects

Useful Life of the Project: 7

Estimated Full Funding Cost: $140,629,000

Description:

This project provides for the purchase of pumpers, ladder trucks, heavy rescue trucks, ambulances, and large support vehicles. Existing vehicles need to be replaced at the rate that meets NFPA standards and as they wear out and surpass their economic retention levels.

Justification:

Replacing older firefighting apparatus and ambulances at a rate that keeps the Department's fleet at an age and condition that meets NFPA standards is essential to maintaining an effective firefighting force. This project is necessary to ensure that the fleet is reliable and does not deteriorate into a condition that leaves it unreliable and requiring extensive maintenance to keep it running. This project aligns with Sustainable DC Action: Transportation.

Progress Assessment:

On-going fleet replacement project

AM0-BRM01-NEW HARBOR PATROL FACILITY

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: BRM01

Ward: 6

Location: 550 WATER STREET SW

Facility Name or Identifier: HARBOR PATROL FACILITY

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $20,500,000

Description:

A new harbor patrol facility is a joint project of FEMS and MPD. The new facility is needed with the expansion of development along the Southwest waterfront (Washington Channel) and the Anacostia River. Additional resources are necessary for the security and safety of people and property along the river frontage.

Justification:

A joint harbor patrol both FEMS and MPD.

Progress Assessment:

New project

(FL0) DEPARTMENT OF CORRECTIONS

MISSION

The Department of Corrections (DOC) provides a safe, secure, orderly and humane environment for the confinement of pretrial detainees and sentenced inmates while affording them meaningful opportunities for successful re-integration into the community.

BACKGROUND

DOC operates and maintains the 450,000 SF Central Detention Facility (CDF or DC Jail), and is responsible for the oversight of the contracted Correctional Treatment Facility (CTF), through a contract with the Corrections Corporation of America. Both facilities are nationally accredited by the American Correctional Association (ACA) . DOC now also operates the District's Central Cellblock (CCB) arrest booking center. CDF is located at 1901 D Street, SE, and was opened in 1976 with a total capacity to house 2,164 inmates. Facility population includes pretrial detainees, and both sentenced misdemeanants and felons. Offenders include all custody levels, minimum to maximum security, mental health, high profile and protective custody inmates. CDF is comprised of multiple buildings and housing units with high-tech security and control access systems including closed-circuit television cameras, programmable logic-control (PLC) based modern cell door systems, three 540-kilowatt emergency generators, HVAC system with four chillers, an integrated fire-alarm system and an extensive plumbing and steam distribution system. In addition, construction of the new Inmate Reception Center has enlarged CDF's footprint while upgrading mission-critical communication systems such as the radio system and VOIP-based telephone system.

CAPITAL PROGRAM OBJECTIVES

1. Ensure safe, secure and hygienic working and living conditions for all Central Detention Facility inhabitants by implementing infrastructure and renovation projects that extend the useful life of the Central Detention Facility while satisfying correctional institutional standards and court orders.
2. Implement engineering, technology and renovation projects to assist security and operational function

RECENT ACCOMPLISHMENT

- Operationalized the new Inmate Reception Center (IRC) in July 2015
- Improvements at IRC-basement under-way
- Culinary waste-pipe project completed
- Emergency roof repairs accomplished and balance project implementation under-way
- Telecom closets renovated as part of telephone upgrade project
- 60% design completion achieved on HVAC project
- Substantial design completion on mission-critical Command Center Integration project

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-MA220-EMERGENCY POWER SYSTEM UPGRADES

Agency: DEPARTMENT OF CORRECTIONS (FL0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: MA220

Ward: 7

Location: 1901 D STREET, SE

Facility Name or Identifier: DC JAIL/CENTRAL DETENTION FACILITY

Status: In multiple phases

Useful Life of the Project: 30

Estimated Full Funding Cost: $2,786,000

Description:

There are three 540 kilowatt generators that provide emergency power to the Central Detention Facility electrical sub-systems selectively. They cannot support the four chillers and the associated cooling towers and other related equipment along with the rest of the facility. Additionally, the automatic transfer switches are outdated and need replacement. Therefore, in order to provide a proper backup in the event of power failure in the facility, an additional new generator, new automatic transfer switches, and a reconfiguration of the electrical power system in the facility are urgently needed. The Central Detention Facility, which occupies approximately 450,000 square feet of floor area and houses up to 2,000 inmates, is comprised of a five-storied Administration Building and three-storied inmate housing area modules. Under this project, the electrical distribution in the facility will be reconfigured so that the three existing generators support all loads except the four chillers and the associated pumps and cooling towers. New automatic transfer switches and panels will replace the existing ones. A new generator with approximately 1300 KVA-rated capacity will be installed in the penthouse and it will be configured to support the four chillers and their associated equipment.

Justification:

Ensuring adequate emergency power is imperative for safety and security at the CDF.

Progress Assessment:

Progressing in multi phases

AM0-CR104-HVAC REPLACEMENT - DOC

Agency: DEPARTMENT OF CORRECTIONS (FL0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: CR104

Ward: 7

Location: 1901 D STREET SE

Facility Name or Identifier: DC JAIL/CENTRAL DETENTION FACILITY

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $20,410,000

Description:

The heating, ventilation and air-conditioning system at the Central Detention Facility has been in disrepair for years. Additionally, the water supply to the facility has been extremely problematic. The main booster pumps are at the end of their useful life and no filters, softeners or strainers are installed on the system. All work that was part of the original contract has been completed. However, in order for the sytem to perform in accordance with the design parameters and deliver the requisite amount of air in the cellblocks, additional fine tuning is necessary; four large rooftop duct fittings need to be replaced, transitions from the large rooftop units need to be modified and final air and water balancing needs to be done for the system to work properly. Chiller, steam station and associated piping overhaul is also included.

Justification:

Air handling units serving the cellblocks are located in the respective mechanical rooms, which are very congested and in an extremely dilapidated state. All old HVAC equipment and the pneumatic controls have not really worked in years without constant trouble and attention. That situation has caused the air quality in the jail, including CO2 levels, air flow, air temperature and humidity to go beyond acceptable levels. This project aligns with Sustainable DC Action: Energy 1.4.

Progress Assessment:

On-going project

(FR0) DEPARTMENT OF FORENSICS SCIENCES

MISSION

The mission of the Department of Forensic Sciences (DFS) is to produce high-quality, timely, accurate, and reliable forensic science with the use of the best available technology and practices, unbiased science, and transparency with the overall goal of enhancing public health and safety.

SCOPE

DFS provides independent analysis of evidence and samples submitted by agencies within the District of Columbia and its federal neighbors. The Forensic Science Laboratory division analyzes evidence submitted from criminal charges, including DNA, fingerprints, firearms and digital technologies. DFS also provides expert witness testimony in defense of their analytical reports in the District's courts of law. The Public Health Laboratory division provides diagnostic and analytical testing for biological pathogens and chemical agents from clinical, environmental, or food sources and provides emergency response testing. The Crime Scene Sciences division collects analyzes, processes, and preserves evidence found at crime scenes in the District. The DFS Directorate supports the work of the entire agency through strategic direction, training, quality assurance, research, recruitment and hiring of personnel, information technology, data management, fleet management, procurement, and other administrative support services.

CAPITAL PROGRAM OBJECTIVES

1. Provide the infrastructure to retain data from high resolution cameras for crime scene photography, and from high resolution 3D Laser (LIDAR) Scanners for Crime Scene Mapping.
2. Provide the infrastructure to facilitate a digital repository, called Mideo, to enhance the digital analyses of firearms and latent fingerprints.
3. Provide the digital storage to utilize next generation sequencing equipment for DNA analysis and the analysis of public health samples.
4. Support DNA mixture interpretation software, called STRMix, to accurately determine suspicious DNA on crime scene evidence.
5. Invest in the digital infrastructure to market services provided by the Digital Evidence Unit to increase evidence intake.
6. Maintain digital storage capacity for an operation that creates digital evidence at an average rate of 2-4 terabytes per day.

HIGHLIGHTS OF RECENT ACCOMPLISHMENTS

New software application investments:

Mideo – For digital workflow analysis in Fingerprints and Firearms as well as Digital Image Management.

STRMix – to accurately determine suspicious DNA on crime scene evidence.

MiSeq – Next Generation DNA Sequencing.

Leica 3D Imaging Solution – For constructing accurate 3D models of Crime Scenes.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

(GA0) DISTRICT OF COLUMBIA PUBLIC SCHOOLS

MISSION

The District of Columbia Public Schools (DCPS) ensures every school provides a world-class education that prepares ALL of our students, regardless of background or circumstance, for success in college, career and life. For school capital projects, DCPS develops the program, provides design direction and approval, and leads the community engagement for school construction projects.

The Department of General Services (DGS) is the agency responsible for implementing DCPS capital improvement projects. DGS executes the design and construction of new and modernized facilities, in addition to a host of targeted stabilization and small capital initiatives.

DCPS also works closely with the Deputy Mayor for Education (DME), who is responsible for managing the Master Facilities Plan, interagency and cross-sector coordination, and is a partner in the school modernization process.

CAPITAL PROGRAM OBJECTIVES

1. Ensure modernized facilities support instructional goals of DC Public Schools, provide accessible spaces for residents, and meet the District's sustainability goals.
2. Lead engagement with community members through the coordination of School Improvement Teams as well as community meetings to solicit input.
3. Direct DGS on the scope and need of school modernization, using a data-driven approach to prioritize modernization projects using equity, student demand, neighborhood population, and building condition as determining factors.
4. Advance equity through the creation of District-wide Educational Specifications that establish the facility standard for all school modernizations.
5. Coordinate small capital improvements and stabilization projects based on current needs.

RECENT ACCOMPLISHMENTS

DCPS is proud of the many projects that improved school facilities in FY2017 and enhanced the teaching and learning environment for students across the District. In FY2017, new or modernized facilities were opened across the District and many buildings received stabilization or small capital projects. Highlights include:

- For SY16-17, newly modernized facilities opened at Lafayette Elementary School, Shepherd Elementary School, Van Ness Elementary School, Payne Elementary School, Ron Brown College Preparatory High School (phase 1) and Roosevelt High School.
- Construction started or continued at Bancroft Elementary School, Marie Reed Elementary School, Garrison Elementary School, Murch Elementary School, Powell Bilingual Elementary School, Orr Elementary School, Watkins Elementary School, Ron Brown College Preparatory High School (phase 2), Duke Ellington School of the Arts, and Watkins Elementary School.
- Design and planning underway for a number of modernization efforts, including: Hyde-Addison Elementary School, Maury Elementary School, Bruce Monroe Elementary School, Kimball Elementary School, Eliot-Hine Middle School, MacFarland Dual Language Middle School, and Coolidge High School.
- Many schools received small capital investments to enhance accessibility, and install new roofs, new windows, new classrooms, updated systems or new kitchens. Schoolyard improvements were completed at Leckie Elementary School, Ludlow Taylor Elementary School and Nalle Elementary School.
- Design excellence in school modernization projects was reflected in several awards from the design and construction industry.The River Terrace Educational Campus received honorable mention in the 2016 Education Design Showcase for its transformation from an abandoned school into a campus that meets the needs of all students. Lafayette Elementary School was the recipient of two WBC Craftsmanship Awards for unit masonry and GFRC exterior trim.
- The District has renovated over 8 million square feet of school facilities since 2002.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-GM303-ADA COMPLIANCE - DCPS

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: GM303

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $20,008,000

Description:

Design and install ADA improvements at buildings across the DCPS portfolio. ADA improvements may include the design and installation of new elevators, elevator modernization, new ramps (interior and exterior), and lifts.

Justification:

Compliance with the Americans with Disabilities Act.

Progress Assessment:

Progressing as planned

Related Projects:

The FY 2018 Planned/Forecasted ADA Projects:

Leckie Elevator Installation	$1,300,000
Seaton Elevator Installation	$1,300,000
J. O. Wilson Ramp Design	$135,000
Langley Elevator Design	$85,000

AM0-YY176-AITON ES RENOVATION/MODERNIZATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY176
Ward: 7
Location: 534 48TH PLACE, NE
Facility Name or Identifier: AITON ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: $49,785,000

Description:
The Aiton ES modernization project will renovate this school to support the instructional program. The modernization may include renovation of classrooms and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:
This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:
Progressing as planned

AM0-SK120-ATHLETIC FACILITIES

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: SK120
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: $4,217,000

Description:
Renovation and construction of various outdoor activity areas for DCPS facilities. The scope of work includes, but is not limited to the renovation and construction of playgrounds, play courts, athletic field, and running tracks. The goals of the project are to ensure students have facilities that support student wellness through physical activity.

Justification:
Renovation of various DC Public School/DC Government Athletic Facilities/areas.

Progress Assessment:
Progressing as planned

Related Projects:
DPR Project QN702C-Athletic Field and Park Improvements

FY 2018 Planned/Forecasted Athletic Facility projects are:

Sharpe Playground Equipment $750,000
Dorothy Height ECE Playground $500,000

AM0-YY177-BANCROFT ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY177
Ward: 1
Location: 1755 NEWTON STREET, NW
Facility Name or Identifier: BANCROFT ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: $78,421,000

Description:
The Bancroft campus located at 1755 Newton Street, NW, Washington D.C., 20010, consists of five adjoining buildings totaling approximately 94,000 square feet of space. The original building was constructed in 1923, with additions constructed in 1932, 1938, 1961, and 1973. Although the buildings are adjoining, they consist of various misaligned levels and present a number of operational challenges.

The project at hand is intended to make the various buildings on campus more unified both operationally and administratively. To achieve this goal demolition and rebuilding of some of the buildings is necessary. Existing buildings that are not demolished will be renovated and provided with features such as ramps and elevators that improve the lateral and vertical transport between the buildings.

Additionally the project will provide spaces in line with the program requirements set in the DCPS Educational Specifications. Accordingly besides classrooms, spaces such as Media Center, Indoor Play, Auditorium, and Art Room will be provided. The Electrical, Mechanical and Life Safety systems of the entire building will be upgraded to meet the current building code requirements and the Ed Specifications performance requirements.

It is anticipated that some level of swing space will be required in order to accommodate students temporarily displaced by the Project. The modernized campus will serve approximately 550 students. The Project shall be designed in such a way as to achieve, at a minimum, LEED for Schools - Gold Certification.

Justification:
This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:
Progressing as planned

AM0-YY101-BANNEKER HS MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY101
Ward: 1
Location: 800 EUCLID STREET, NW
Facility Name or Identifier: BANNEKER HS
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: $135,143,000

Description:
The Banneker HS modernization project will renovate the facility to support the instructional program. The modernization may include the renovation of classrooms and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:
This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:
Progressing as planned

AM0-GM102-BOILER REPAIRS - DCPS

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: GM102
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: In multiple phases
Useful Life of the Project: 10
Estimated Full Funding Cost: $54,187,000

Description:
Replace existing boilers that have gone beyond their useful life. New HVAC systems will be designed and installed that are specific to each building.

Justification:
This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:
This project is ongoing

AM0-YY1SP-CENTRALIZED SWING SPACE

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: YY1SP

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: In multiple phases

Useful Life of the Project: 30

Estimated Full Funding Cost: $33,407,000

Description:

Modernization and capital upgrades to the centralized swing space will be necessary to accommodate students in the interim period during the modernization of their respective schools. Tasks include classroom, bathroom, and specialized space improvements such as cafeterias, gymnasium, libraries, playgrounds, and hallways. Building upgrades may also include new HVAC and technology systems, windows, and doors.

Justification:

A swing space will be used by multiple modernization projects.

Progress Assessment:

Progressing in multiple phases

GA0-T2247-DCPS DCSTARS-ASPEN/ENTERPRISE APPLICATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Implementing Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Project No: T2247

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $13,297,000

Description:

Multi-year implementation of critical enterprise applications and data systems involving student information (DCSTARS – Aspen). These new applications will greatly improve efficiency, productivity and data compliance. This will also enable establishing automated interfaces with other many IT systems across DCPS and other agencies for accurate, secure, quick and easy data sharing/reporting capabilities, with DHS, DCL, OSSE, OCTO and many others.

Justification:

This application will enable establishing automated interfaces with other many IT systems across DCPS and other agencies for accurate, secure, quick and easy data sharing/reporting capabilities, with the Department of Human Services, D.C. Public Library, the Office of the State Superintendent of Education, the Office of the Chief Technology Officer and many others.

TO0-N8005-DCPS IT INFRASTRUCTURE UPGRADE

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: N8005

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $28,071,000

Description:

Multi-year upgrades to the technology infrastructure at multiple sites. Projects ensure students and teachers will have full wireless coverage and the bandwidth to support teaching and learning.

Justification:

This project will upgrade information technology at DCPS facilities currently lacking modern technology infrastructure such as cabling and wiring, routers, switches, high speed internet connections, and other related improvements necessary for a fully functioning and technologically modern school.

Progress Assessment:

The project is progressing as planned.

Related Projects:

AM0-YY180-EATON ES RENOVATION/MODERNIZATON

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY180
Ward: 3
Location: 3201 34TH STREET, NW
Facility Name or Identifier: EATON ES
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $60,000,000

Description:
The Eaton ES modernization project will renovate the facility to support the instructional program. A future addition may be needed (dependent upon further planning). The modernization may include the renovation of classrooms and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:
This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Description:
The Garfield ES modernization project will renovate this school to support the instructional program. The modernization may include the renovation of classrooms and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:
This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:
On-going project

AM0-YY164-HYDE ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY164
Ward: 2
Location: 3219 O STREET, NW
Facility Name or Identifier: HYDE-ADDISON ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: $41,603,000

Description:
The project involves the construction of an addition to Hyde Elementary and will include some interior re-programming of the Addison building to complement the program within the addition and Hyde facility. Site work will be directed at conserving the existing quantity of parking spaces. Due to the historic significance of the school and the surrounding neighborhood, this project required presentation and approval of the proposed design by the Old Georgetown Board (OGB), the Commission on Fine Arts (CFA), and the State Office of Historic Preservation (SHPO).

Justification:
This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

AM0-YY107-LOGAN ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY107
Ward: 6
Location: 215 G STREET, NE
Facility Name or Identifier: CAPITOL HILL MONTESSORI AT LOGAN
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: $51,850,000

Description:
The Logan ES modernization project will renovate the facility to support the instructional program. A future addition may be needed (dependent on further planning). The modernization may include the renovation of classrooms and core spaces; upgraded mechanical systems; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:
This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:
On-going subproject

AM0-YY1W4-MACFARLAND MS

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY1W4
Ward: 4
Location: 4400 IOWA AVENUE, NW
Facility Name or Identifier: MACFARLAND MS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $63,576,000

Description:
The MacFarland MS modernization project will renovate this school to support the instructional program. The modernization may include renovations of classrooms and core spaces (gym, library, kitchen/cafeteria); upgraded mechanical systems; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; enhanced building entry and site improvements; and technology infrastructure upgrades.

Justification:

The dearth of excellent DC middle schools is unsustainable and unjust. The scramble for good middle schools has left Alice Deal Middle School in Northwest overcrowded and strained. All middle school students across the city should have access to the kinds of opportunities currently available at Deal.

Progress Assessment:

On-going subproject

AM0-YY120-SHAW MODERNIZATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: YY120

Ward: 6

Location: 920 R STREET, NW

Facility Name or Identifier: SHAW

Status: In multiple phases

Useful Life of the Project: 30

Estimated Full Funding Cost: $3,000,000

Description:

The Shaw MS modernization is a re-opening of the closed school, with a purposeful reconfiguration of this open planned school. This modernization will consist of a full renovation, ADA improvements, window replacement, tenant fit-out, classroom reconfiguration, new mechanical / electrical / plumbing systems, new architectural finishes, new IT infrastructure / equipment, new furniture, fixture, and equipment, to ensure a 21st Century learning environment.

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:

Re-opening of the closed school

TO0-AFM04-TECHNOLOGY MODERNIZATION INITIATIVE

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: AFM04

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project: 5

Estimated Full Funding Cost: $638,000

Description:

This project will provide budget to support DCPS in efforts to improve, retire, or replace existing information technology systems to enhance cybersecurity, and improve efficiency and effectiveness. Further, it provides for the development, operation, and procurement of information technology products and services for use by DCPS to gain efficiency and cybersecurity in accordance with the requirements of the agency. Purchase and deploy student + teacher devices for instruction across the District.

Justification:

DCPS to gain efficiency and cybersecurity in accordance with the requirements of the agency.

Progress Assessment:

New project

AM0-YY173-WEST ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: YY173

Ward: 4

Location: 1333 FARRAGUT STREET, NW

Facility Name or Identifier: WEST EC

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $78,500,000

Description:

The West ES modernization project will renovate this school to support the instructional program. Further studies will be done to assess if this project will be new construction or renovation of existing building. The modernization may include significant construction to ensure renovation of classrooms and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

(GD0) STATE SUPERINTENDENT OF EDUCATION (OSSE)

MISSION

The mission of OSSE is to remove barriers and create pathways for District residents to receive a great education and prepare them for success in college, careers, and life.

SUMMARY OF SERVICES

OSSE plays many roles in the lives of children, teens, and adults seeking an education in the District. As the State Education Agency for the District of Columbia, OSSE: distributes federal and District funding to education providers and ensures high quality and compliance in their programs; sets statewide policies; provides resources and support; collects and analyzes District-wide student and education data within its technology systems; and exercises accountability for all public education in the District. OSSE additionally administers payments for the Division of Special Education Transportation (Agency Code GO0), the District's Non-Public Tuition account (Agency Code GN0), and uniform per student funding formula payments to public charter schools in the District (Agency Code GC0).

BACKGROUND

OSSE's capital program has historically covered the development of three separate information technology systems: its statewide longitudinal education database (SLED), its special education data system (SEDS), and its enterprise grants management system (EGMS). OSSE's SLED project aims to create a data warehouse populated with student and education information extracted from disparate system—OSSE's development of SLED was included as an objective in the District's Race to the Top application to the U.S. Department of Education. OSSE's SEDS project aims to create a comprehensive data system designed to support high quality, seamless service delivery for children with educational disabilities within the District—OSSE has mandated the use of SEDS by District of Columbia Public Schools and all public charter schools in the District. OSSE's EGMS project aims to create an online portal, accessible by both OSSE and its sub-grantees, to facilitate nearly all aspects of grant management and thereby greatly reduce the administrative burden of this work for OSSE and its sub-grantees—EGMS enables OSSE to hold grant competitions online and to issue grant awards electronically; it allows sub-grantees to complete narrative and budget applications for grant awards and to submit reimbursement requests against these grant awards; it houses many of OSSE's sub-recipient monitoring activities and documents, etc.

CAPITAL PROGRAM OBJECTIVES

Enterprise Grants Management System – Phase II

OSSE's goal is to continue implementing Phase II of the EGMS build out, which is providing additional functionality to the system in the areas of sub-recipient monitoring, system reporting, auditing, and user experience. Through a more modern and streamlined system, users in OSSE and its sub-grantees will: have accurate, current data available at all times; receive and provide more positive and pre-emptive technical assistance; and be able to make more informed financial decisions.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

GD0-GD001-DATA INFRASTRUCTURE

Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)

Implementing Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)

Project No: GD001

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project: 15

Estimated Full Funding Cost: $10,929,000

Description:

OSSE has become the central education-related data repository and reporting office within the District. OSSE has also increasingly interfaced with District agencies such as the DC Public Charter School Board and the Deputy Mayor for Education to craft data-driven policies. Existing data systems are old and obsolete. As OSSE expands the scope of the Student Longitudinal Education Database (SLED) to include additional data, the need for enhancement in both SLED and the source data systems has become a critical area for improvement for the District as a whole. In addition, OSSE's early childhood subsidy and uniform per-student funding formula (UPSFF) payments, including supplemental UPSFF payments, are manual exercises and prone to serious risk of inaccurate payments and non-compliance with Federal and/or District Law. Furthermore, OSSE has several applications for mandated activities (e.g., teacher licensure and childcare licensure) that are not technologically sufficient for the needs of their users. With these issues corrected, OSSE would be in a unique position to steer future analysis of and publish key findings regarding the early childhood to career pathways for District residents. To support the overhaul of data systems and to maintain this overhaul going forward, OSSE will strategically re-align its operating budget starting with the FY17 budge.

Justification:

IT issues have become a critical area for improvement, such as OSSE scope expansion of the Student Longitudinal Education Database (SLED) to include additional data, and the need for enhancement in both SLED and the source data systems. In addition, OSSE's early childhood subsidy and uniform per-student funding formula (UPSFF) payments, including supplemental UPSFF payments, are manual exercises prone to serious risk of inaccurate payments and non-compliance with Federal and/or District Law. Furthermore, OSSE has several applications for mandated activities, e.g. teacher licensure and childcare licensure, that are not sufficient for the needs of their users. With these issues corrected, OSSE would be in a unique position to steer future analysis of and publish key findings regarding the early childhood to career pathways for District residents.

GD0-EMG16-EDUCATIONAL GRANT MANAGEMENT SYSTEM II

Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)

Implementing Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)

Project No: EMG16

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: Ongoing Subprojects

Useful Life of the Project: 15

Estimated Full Funding Cost: $4,500,000

Description:

The Enterprise Grants Management System (EGMS) and its monitoring functionality is a system designed to improve the District of Columbia's management of Federal and Local grants administered by the Office of the State Superintendent of Education (OSSE). The EGMS will replace the legacy application, the DC ONE APP. Additionally; EGMS replaces a manual, paper-based grant process that the agency was utilizing.

Justification:

EGMS offers a wide range of benefits to all of those involved in improving student learning across the District of Columbia. The system provides a unified application, consolidating key components of grants management and compliance, including federal and local assurances, as well as offering enhanced reporting and accountability. EGMS expands the capacity to audit, monitor, and report on grant activities and expenditures for grant compliance (90+ grant programs, 221 schools, 500+ childcare centers). EGMS also reduces waste and controls costs by improving workflow automation. Last, EGMS will allow for a One Stop Portal data system that will allow all constituents easy access to grants including scholarships.

(GF0) UNIVERSITY OF THE DISTRICT OF COLUMBIA

MISSION

The University of the District of Columbia (UDC) is a pacesetter in urban education that offers affordable and effective undergraduate, graduate, professional, and workplace learning opportunities. The institution is the premier gateway to post-secondary education and research for all residents of the District of Columbia. As a public, historically black, and land-grant institution, the University's responsibility is to build a diverse generation of competitive, civically engaged scholars and leaders.

VISION

To be a University System that is student-centered and demand driven that empowers its graduates to be critical and creative thinkers, problem solvers, effective communicators, and engaged, service-driven leaders in the workforce and beyond.

BACKGROUND

UDC operates its programs in 10 buildings on its Van Ness campus located at 4200 Connecticut Avenue, totaling approximately 1.28 million square feet of space. The University also operates a main campus garage with approximately 730 parking spaces and a physical plant containing two chillers and two boilers. The University facilities, in addition to the Van Ness Campus, include: the Bertie Backus site at 5171 South Dakota Avenue, NE; the PR Harris site at 4600 Livingston Road, SE; the 143.5-acre Firebird Farm in Beltsville, Maryland; the University Residence at 3250 Rittenhouse St. NE; and a hangar at National Airport. Nine of the eleven buildings on the Van Ness Campus and the parking garage were built starting in the early 1970s. The newest building on the campus is the recently completed Student Center.

CAPITAL PROGRAM OBJECTIVES

1. Provide a healthy, safe, and appealing higher education environment where all facilities meet academic accreditation standards, comply with building codes and ADA requirements, and are equipped with advanced technology.

2. Develop opportunities for financial support through implementation capital improvements in an effort to lower operating costs and bolster the President's fundraising goals for gifts from individuals, corporations, and private foundations.

RECENT ACCOMPLISHMENTS

- New Student Center
- Renovation of Building 32/42 for School of Engineering & Applied Science (Phase I)
- Backus Site Development- Phase II Renovation (Classroom & Infrastructure Upgrades)
- Installation of Green Roof & Greenhouse Renovation, Building 44
- Building 44 Academic Lab Renovation – Center for Nutrition, Dietetics, & Health (Demonstration, Teaching, & Commercial Kitchens)
- Child Development Center Outdoor Educational Facility
- Building 52 Main Entrance & Garage Upgrade

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

GF0-UG706-RENOVATION OF UNIVERSITY FACILITIES

Agency: UNIVERSITY OF THE DISTRICT OF COLUMBIA (GF0)
Implementing Agency: UNIVERSITY OF THE DISTRICT OF COLUMBIA (GF0)
Project No: UG706
Ward: 3
Location: 4100 CONNECTICUT AVE NW
Facility Name or Identifier: UNIVERSITY OF THE DISTRICT OF COLUMBIA
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $259,212,000

Description:
This project will renovate the Van Ness Campus and facilities at other locations within the University of the District of Columbia (UDC), including the University's Colleges of Arts and Sciences, Schools of Business and Public Administration, Engineering and Applied Science, and the Bertie Backus and PR Harris sites. The project will also funded construction of a new Student Center on the Van Ness Campus. The scope of work may include addressing much needed renovations to classrooms, academic laboratories, athletic facilities, auditoriums, faculty offices, book and material storage areas, and the law school clinic. The scope of work may also include required upgrades to the mechanical, electrical, and structural systems, including the installation of energy management and monitoring equipment, and new energy efficient windows throughout the Van Ness campus. The projects will be designed and constructed with enhancing campus sustainability as a primary objective.

Campus Wide Mechanical & Electrical Upgrades – (Phased Construction Complete FY 2022); Backus Site Development – (Existing Building Phased Construction Complete FY 2017); Campus Wide Paver Restoration– (Phased Construction Complete FY 2020); Campus Wide Window Replacement – (Phased Construction Complete FY 2020); Strategic Plan 20/20 Project (Phased Construction Complete FY 2021)

Justification:
This project will provide urgently needed facility upgrades to university facilities throughout the District. This project aligns with Sustainable DC Action: Built Environment 3.5.

Progress Assessment:
The university completed several projects during FY 2012 including the Renovation of the Plaza Deck and Parking Garage, Renovation of Building 38 for the School of Business and Public Administration, Renovation of Building 52 for the David A Clarke School of Law, Renovation of the Campus Natatorium (Aquatics Center) in Building 47, Renovation of Building 39 Level 2 for the Finance, Human Resources, and Procurement Offices, and the Renovation of the Student Services Center in Building 39 Level A. The construction for the New Student Center is also underway.

Related Projects:
FY 2017 Funding distribution ($20 million):

•Mechanical Electrical, and IT Systems Upgrades ($5 million)
•Campus Wide Paver Restoration ($3 million)
•Campus Wide Window Efficiency ($3 million)
•Strategic Plan 20/20 Project ($8.5 million)
•Renovation of University Facilities Pool Project ($500,000)

(GO0) SPECIAL EDUCATION TRANSPORTATION

MISSION

The mission of Special Education Transportation, also known as the Office of the State Superintendent of Education, Division of Student Transportation (OSSE DOT), is to provide safe, reliable, and efficient transportation services that positively support learning opportunities for eligible students from the District of Columbia. The agency's work is designed to achieve four main objectives: Safety, Efficiency, Reliability, and Customer Focus.

BACKGROUND

OSSE DOT provides safe and efficient student transportation services for eligible students as determined by Local Education Agencies (LEAs). The agency maintains the means to transport eligible students safely and on-time and continuously aims to improve service levels by collaborating with parents, school staff, and special education advocates.

SCOPE

The Division of Student Transportation continues its vehicle replacement program for the bus fleet. This project ensures that OSSE-DOT will continue to successfully support learning opportunities for District of Columbia students and help in the District's efforts to comply with Local and Federal air quality standards. The useful life of a school bus is between five and eight years (depending on driving conditions; typically, driving conditions in urban areas reduce the useful life of school buses).

CAPITAL PROGRAM OBJECTIVES - Justification for Vehicle (Bus) Replacement:

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-BRM15-1601 W STREET NE BUILDING RENOVATION

Agency: SPECIAL EDUCATION TRANSPORTATION (GO0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: BRM15

Ward: 5

Location: 1601 W STREET NE

Facility Name or Identifier: SCHOOL BUS TERMINAL

Status: New

Useful Life of the Project: 25

Estimated Full Funding Cost: $5,500,000

Description:

Building Renovations and Modernizations at SET facilities, required upgrades to meet OSSE's need of a 4.27 acres site currently with some maintenance infrastructure, office space and parking space. The agency's immediate need on taking possession of the property in FY 2017 is the relocation and consolidation of the Adam Place Terminal at this location as a agency's main bus depot.

Upgrade plans in line with the new zoning requirements will include upgrading of existing and installation of new parking pavement throughout with appropriate storm water management features. Existing office area will be rehabilitated.

Justification:

The agency's immediate need on taking possession of the property in FY 2017 is the relocation and consolidation of the Adam Place Terminal at this location as a agency's main bus depot.

Progress Assessment:

GO0-BU0B0-VEHICLE REPLACEMENT

Agency: SPECIAL EDUCATION TRANSPORTATION (GO0)

Implementing Agency: SPECIAL EDUCATION TRANSPORTATION (GO0)

Project No: BU0B0

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: BUSES

Status: Ongoing Subprojects

Useful Life of the Project: 8

Estimated Full Funding Cost: $44,235,000

Description:

The Office of the State Superintendent of Education (OSSE)'s Division of Transportation (DOT) current fleet of buses ranges in age from 3-15 years old. DOT seeks to sustain a replacement schedule of 8-year useful life for its bus fleet. Under this plan, DOT would replace 100 vehicles per year in 5 tranches spaced evenly throughout the year. This plan would allow DOT to replace each of their 800 vehicles every 8 years.

Justification:

The useful life of a school bus is typically 8 years. Of OSSE DOT's current fleet of approximately 800 buses, 308 are over 8 years and some are as old as 15 years. 186 have over 100,000 miles of use. These older buses also affect over-time payments to drivers and attendants and on-time statistics due to increased breakdowns on the road. The current cost to maintain these older vehicles is more than $7.2M annually. This project aligns with SustainableDC Action: Transportation 4.2.

Progress Assessment:

On-going project

(GW0) DEPUTY MAYOR FOR EDUCATION

MISSION

Office of Deputy Mayor for Education plans, coordinates, and supervises all public education and education-related policies and activities for the Mayor. This includes developing and supporting programs to improve the delivery of educational services and opportunities from early childhood to the post-secondary education level; innovating new programs and strategies for addressing the needs of children and families; and coordinating interagency initiatives targeted at supporting students and schools.

BACKGROUND/SCOPE

Capital funds will support the implementation of recommendations from the 10-year Master Facilities Plan (MFP) conducted by the Deputy Mayor for Education. The MFP analyzes projected school facility needs for DC Public Schools and public charter schools, informed by data from the Office of Planning and other data as needed.

CAPITAL PROGRAM/PROJECT OBJECTIVES

Objectives of the capital project would be to improve our educational facilities in the District based on recommendations from the 10-year Master Facilities Plan completed in spring 2018.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

(HA0) DEPARTMENT OF PARKS AND RECREATION

MISSION

The Department of Parks and Recreation's (DPR) mission is to promote health and wellness, conserve the natural environment, and provide universal access to parks and recreation services.

BACKGROUND

The DPR manages and maintains over 365 parks, including 74 recreation facilities, 94 playgrounds, over 50 aquatic facilities and amenities, and hundreds of play courts, athletic fields, and green spaces. The Department provides a wide range of recreational activities to individuals and groups of all ages throughout the District, including aquatics, athletics, fitness, urban camps, therapeutic recreation, environmental education, personal enrichment programs, and food and nutrition programs.

CAPITAL PROGRAM OBJECTIVES

1. Provide accessible, safe and nurturing environments to support high quality, outcomes-based recreational programming.
2. Provide sustainable indoor and outdoor recreational spaces.
3. Enhance customer experience by modernizing and maintaining existing facilities in excellent condition.
4. Align the capital budget to ensure funding of projects from planning and design, through construction.

RECENT ACCOMPLISHMENTS

- **New recreation centers:** Opened the Benning Stoddert Recreation Center, Ridge Road Recreation Center and continued efforts to construct new recreation centers Friendship Recreation Center, Marvin Gaye Recreation Center, and Kenilworth Recreation Center.
- **Renovated playgrounds and parks:** DPR completed park improvements at Amidon Park, the new Randall Field, and continues to work on other improvements such as “zen gardens”, renovation to the SW Duckpond and planning efforts for improving and activating our small triangle parks.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. AM0-QE511-ADA COMPLIANCE

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: QE511

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $8,634,000

Description:

DPR is required to ensure that all facilities are ADA Accessible. Many of the older recreation centers are not and the facilities will get up to the required standard, ensuring the space is safe and functional for all users.

Justification:

All residents of any ability is able to utilize the recreation centers and parks district-wide.

Progress Assessment:

Funding for this project began in FY 2008. DPR has made significant improvements to the Ward 7 Therapuetic Center. All of DPR's polling sites were made accessible for the September 2010 primary election.

Related Projects:

QH750C-Park Improvements-Project Management

FY 18 Planned/Forecasted Spending:
• Petworth Recreation Center ADA Improvements-$250,000

AM0-ANR37-ANACOSTIA REC CENTER MODERNIZATION

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: ANR37

Ward: 8

Location: 1800 ANACOSTIA DRIVE, SE

Facility Name or Identifier: ANACOSTIA RECREATION CENTER

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $13,415,000

Description:

Modernize the recreation center. Full ADA accessible modernization, expansion possible with NPS approval. Renovation to outdoor pool and program spaces, fitness centers and new offices for staff

Justification:

This recreation center is an underutilized facility in Ward 8 in prime location in Anacostia Park. This facility has not been renovated in a few year. The building lacks ADA compliance, HVAC systems and in desperate need for renovation.

Progress Assessment:

Progressing as planned

AM0-QP5AR-ARBORETUM COMMUNITY CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: QP5AR

Ward: 5

Location: 2412 RAND PLACE, NE

Facility Name or Identifier: ARBORETUM COMMUNITY CENTER

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $7,200,000

Description:

Build a new recreation center that will feature a gymnasium, classrooms, flex computer lounge, kitchen, other program spaces and improvements to the exterior park site. If funding is sufficient a new playground will be included.

Justification:

Build a new facility to allow for expanded and new program opportunities. This area of the District has been blighted for many years and this new community center will be a great asset to nearby communities.

Progress Assessment:

New project

AM0-QN702-ATHLETIC FIELD AND PARK IMPROVEMENTS

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: QN702

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 8

Estimated Full Funding Cost: $14,117,000

Description:

Multiple projects citywide will be funded through this source, such as upgrades to existing fields. Many of the turf fields are past their useful life and will be replaced. In addition, there are many playgrounds with aging surfaces that will also require full replacement and other projects will include adding new water fountains and fencing.

Justification:

Every year DPR need to ensure that all parks, fields and other recreational spaces are improved so that the community that utilizes these spaces have safe and functional recreational opportunities.

Progress Assessment:

Since FY2008, DPR has made significant improvements to its athletic field inventory across the District. DPR has also focused on refurbishing new park, play court, and playground amenities to bring safe recreational environments to our residents.

Related Projects:

AM0-QF4RC-BENNING PARK RECREATION CENTER - REHAB

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QF4RC
Ward: 7
Location: SOUTHERN AVENUE AND FABLE STREET, SE
Facility Name or Identifier: BENNING PARK RECREATION CENTER
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $10,000,000

Description:
Modernize the existing facility. New program spaces will be added and better utilization of existing spaces. Renovation to the boxing arena and outdoor pools will also be made.

Justification:
This community is in dire need of a modernized facility that allowed for better and more functional programming space.

Progress Assessment:
This project is progressing as planned

AM0-QM701-CHEVY CHASE COMMUNITY CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QM701
Ward: 3
Location: 5601 CONNECTICUT AVENUE, NW
Facility Name or Identifier: CHEVY CHASE COMMUNITY CENTER
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $8,539,000

Description:
Make ADA improvements, new elevators, new multipurpose rooms and new and expanded program space.

Justification:
This center is old and underutilized. The community is quite diverse and there is a need for more expanding programming opportunities-especially for seniors.

Progress Assessment:
Progressing as planned

AM0-COM37-CONGRESS HEIGHTS MODERNIZATION

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: COM37
Ward: 8
Location: 611 ALABAMA AVE, SE
Facility Name or Identifier: CONGRESS HEIGHTS RECREATION CENTER
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $17,092,000

Description:
Demolish and build a new recreation center that will have a gymnasium, kitchen, flexible computer lounge and multipurpose spaces.

Justification:
The community has been lobbying for a new recreation space for years. The small field house is small and does not allow for expanded program opportunities. There is an increased request to use the facility for kids programming and the population in this community has also increased exponentially .

Progress Assessment:
Interior renovations completed

HA0-QFL15-DPR FLEET UPGRADES

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Project No: QFL15

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VEHICLES

Status: New

Useful Life of the Project: 5

Estimated Full Funding Cost: $667,000

Description:

Purchase new utility trucks, buses and snowmobiles to better provide transportation services to our patrons as well as provide new and expanded experiences through the new snowmobiles.

Justification:

DPR offers transportation to many residents so having reliable means of transportation is required. Also, DPR gets many requests for use of its snowmobiles which will help purchase the large trucks.

Progress Assessment:

New project

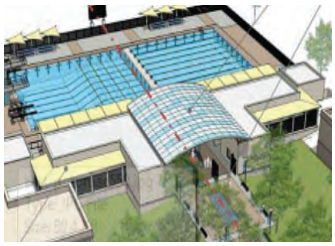
AM0-SP1EP-EAST POTOMAC POOL



Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: SP1EP

Ward: 2

Location: 972 OHIO DRIVE, SW

Facility Name or Identifier: EAST POTOMAC POOL

Status: In multiple phases

Useful Life of the Project: 30

Estimated Full Funding Cost: $12,000,000

Description:
Building a new pool, pool house and new concession stand.

Justification:
This facility is used as DPR only outdoor competitive swimming facility and is located in one of the best locations in DC that offers majestic views of the Washington Monument while swimming.

Progress Assessment:
Progressing in multiple phases

AM0-QD738-FORT DUPONT ICE ARENA REPLACEMENT

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: QD738

Ward: 7

Location: 3779 ELY PLACE SE

Facility Name or Identifier: FORT DUPONT ICE ARENA

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $30,125,000

Description:

Complete modernization of the current ice arena. The goal is to build 2 new ice sheets if adequate funding is available and if additional funding is not available, 1 new ice sheet will be built.

Justification:

This is a new recreation amenity in the DPR inventory and the opportunity to program and offer this as a unique fresh program to all residents in the District makes this project beneficial.

Progress Assessment:

In 2010 the National Park Service transferred property in Fort Dupont Park to the District of Columbia. A portion of the property serves as the location of the Baseball Academy to be constructed by the Washington Convention and Sports Authority (Events DC) and the Washington Nationals Foundation. The Fort Dupont Ice Arena is on the remaining portion of the property along with a shared surface parking lot.

AM0-FTLPK-FORT LINCOLN PARK

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: FTLPK
Ward: 5
Location: 3229 FORT LINCOLN DRIVE, NE
Facility Name or Identifier: FORT LINCOLN PARK
Status: Ongoing Subprojects
Useful Life of the Project:
Estimated Full Funding Cost: $5,250,000

Description:
Renovate the park- new gazebos, new landscaping, playground, lighting, field replacement, renovation to tennis courts and new way-finding signs.

Justification:
This park has not been improved for over a decade. Though the park is in fair condition, the park elements are old and outdated and does not meet the current and future demands of the growing community. There is a need for playground and many of the onsite facilities need to replaced.

Progress Assessment:
Project is going as planned

AM0-QN751-FRANKLIN SQUARE PARK

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: QN751

Ward: 2

Location: 950 13TH STREET, NW

Facility Name or Identifier: FRANKLIN SQUARE PARK

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $15,100,000

Description:

Design and construct new park elements such as new playground, new hardscaping through pathways, new café and seating options throughout, new lighting and signage all to make this Franklin Park a destination location in downtown DC.

Justification:

This is going to be a destination park space that will be on the levels of some famous NYC parks and will become a hub in the district for events, festivals, food and entertainment.

Progress Assessment:

On-going subproject

AM0-RG001-GENERAL IMPROVEMENTS - DPR

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: RG001

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: In multiple phases

Useful Life of the Project: 10

Estimated Full Funding Cost: $31,377,000

Description:

City wide infrastructure projects such as replacement systems to playgrounds, recreation center and supplementary budget for emergency contingency.

Justification:

Necessary for continued use of parks, faculties and amenities annually. In addition, these funds pay for replacement MEP and HVAC systems that keep our facilities functional and comfortable to our patrons.

Progress Assessment:

General Improvements are ongoing

Related Projects:

QN702C-Athletic Field and Park Improvements, RG003C-Playground Equipment, and QH750C-Park Improvements-Project Management

FY 18 Planned/Forecasted Spending:

• Friendship, Lafayette and Kalorama Playground (ADA Compliance work): $1,000,000

• Deanwood fitness center Renovation: $224,000

• Columbia Heights Rec Center HVAC replacement: $400,000

(Dollars in Thousands)

AM0-WD3PL-HEARST PARK POOL

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: WD3PL
Ward: 3
Location: 3950 37TH STREET, NW
Facility Name or Identifier: HEARST RECREATION CENTER
Status: Ongoing Subprojects
Useful Life of the Project: 20
Estimated Full Funding Cost: $6,000,000

Description:
Construct a new pool in Ward 3 at Hearst Park (The Design started with the Park project in 2017).

Justification:
There is a gap in service for outdoor pools in Ward 3 and this pool will help to meet the needs of the community.

Progress Assessment:
This is an on-going project

AM0-JELRC-JELLEFF RECREATION CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: JELRC

Ward: 2

Location: 3265 S STREET, NW

Facility Name or Identifier: JELLEFF RECREATION CENTER

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $2,000,000

Description:

Complete ADA improvements and interior related projects such as HVAC replacement.

Justification:

This recreation center was an old Boys and Girls Club house that was purchased. This facility has not been renovated in a few year since its been in our inventory and the building lacks ADA compliance. This will ensure that the building is fully ADA accessible.

Progress Assessment:

New project

AM0-QM802-NOMA PARKS & REC CENTERS

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QM802
Ward: 6
Location: NOMA
Facility Name or Identifier: NOMA PARKS & REC CENTERS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $48,676,000

Description:
NOMA BID for parkland acquisition and improvements to existing and building new park spaces for DPR to own and program.

Justification:
With expanded populations there is a need for more park spaces, dog parks and small recreational opportunities. DPR is pleased to partner with NOMA Bid of these projects to provide new parks for district residents.

Progress Assessment:
This project is on-going

Related Projects:

AM0-LEDPK-PARK AT LEDROIT

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: LEDPK
Ward: 1
Location: 319 OAKDALE PLACE, NW
Facility Name or Identifier: PARK AT LEDROIT
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost: $750,000

Description:
Renovate the field space and improve other park elements such as lighting, fencing and signage.

Justification:
This park was renovated a few years ago, but there were remaining projects to be completed. Also the community is requesting better utilization of the field and park spaces.

Progress Assessment:
New project

AM0-RE017-PARKVIEW RECREATION CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: RE017

Ward: 1

Location: 693 OTIS PLACE, NW

Facility Name or Identifier: PARKVIEW RECREATION CENTER

Status: Ongoing Subprojects

Useful Life of the Project: 15

Estimated Full Funding Cost: $14,583,000

Description:

Plan, design and construct a new recreation facility that allows for more efficient use of the space.

Justification:

This site is over-used throughout the day, the playground, small pool and historic field house, field and other park amenities are heavily used. The recreation center does not offer efficient use of the space, so by renovating the center DPR is better able to program the space for the community.

Progress Assessment:

Ongoing project

AM0-PETWT-PETWORTH RECREATION CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: PETWT

Ward: 4

Location: 801 TAYLOR STREET, NW

Facility Name or Identifier: PETWORTH RECREATION CENTER

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $2,000,000

Description:

Renovate the playground, splash pad and basketball courts. In addition if funds are sufficient, renovation of the recreation center will be made as well, which would include ADA improvements, new furniture, interior structural and infrastructure related projects- HVAC.

Justification:

This site is over-used throughout the day, so the playground, splash pad and other park amenities are worn and some items are not safe for play. The recreation center does not offer efficient use of the space, so by renovating the interior space, DPR is better able to program the space for the community.

Progress Assessment:

New project

AM0-RG003-PLAYGROUND EQUIPMENT

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: RG003
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: Ongoing Subprojects
Useful Life of the Project: 15
Estimated Full Funding Cost: $3,218,000

Description:
Renovate and build new playgrounds across the District. Currently, there are 94 playgrounds and 45 has been renovated. DPR would like to renovate the remaining playgrounds.

Justification:
One of DPR's priorities is to ensure that kids have fun experiences at our sites. Building playgrounds has been a great success for the agency in the past couple of years. These spaces allow kids to explore, and allow their imagination to grow.

Progress Assessment:
Ongoing project as planned

AM0-SHPRC-SHEPHARD PARK COMMUNITY CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: SHPRC

Ward: 4

Location: 7800 14TH STREET, NW

Facility Name or Identifier: SHEPHERD SCHOOL RECREATION CENTER

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $12,100,000

Description:

The Shepherd Park Community Center and Shepherd Park Elementary School will be co-located facilities. This project will add an annex to the existing school for a gymnasium, catering kitchen, fitness room and multipurpose classroom spaces. Phased project.

Justification:

There is a need for a recreation center in this upper quadrant of DC. The nearest recreation centers are Ft. Stevens Senior center and Takoma Recreation all about a 1 mile south of this location.

Progress Assessment:

New project

AM0-SET38-SOUTHEAST TENNIS AND LEARNING CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: SET38

Ward: 8

Location: 601 MISSISSIPPI AVENUE, SE

Facility Name or Identifier: SOUTHEAST TENNIS AND LEARNING CENTER

Status: Ongoing Subprojects

Useful Life of the Project: 15

Estimated Full Funding Cost: $31,974,000

Description:

Expand the tennis courts in Oxon Run Park.

Justification:

Tennis is a huge sport in the District and there is a need for expanded opportunities to teach and play. This center is for all District residents to come and learn how to play the sport.

Progress Assessment:

New budget in for additional tennis courts.

AM0-STDDP-STEAD PARK REC CENTER IMPROVEMENTS

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: STDDP

Ward: 2

Location: 1625 P STREET, NW

Facility Name or Identifier: STEAD PARK REC CENTER

Status: New

Useful Life of the Project: 15

Estimated Full Funding Cost: $11,000,000

Description:

Modernize the existing facility and make the center fully ADA accessible.

Justification:

The community has been lobbying for a new recreation space for years. The building is not ADA accessible and there is an increased request to use the facility for kids programming. The population in this community has also increased exponentially and there is a need for expanded programming opportunity space. Also the Stead Trust has funds to add to this project which would be helpful.

Progress Assessment:

New project

AM0-RG006-SWIMMING POOL REPLACEMENT

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: RG006

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: In multiple phases

Useful Life of the Project: 30

Estimated Full Funding Cost: $21,012,000

Description:

Renovate existing pools (pool deck/shell) and new splash pads in the District.

Justification:

DPR has a successful opening of pool seasons annually because these funds are available to replace old systems and make all pools functional for District residents.

Progress Assessment:

DPR is continually working on its indoor and outdoor inventory of swimming pools and splash parks to serve District residents. Summer readiness for FY 2013 is underway and plans have already started for FY 2014.

Related Projects:

AM0-THELC-THEODORE HAGANS CULTURAL CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: THELC

Ward: 5

Location: 3201 FORT LINCOLN DRIVE, NE

Facility Name or Identifier: THEODORE HAGANS CULTURAL CENTER

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $13,187,000

Description:

Modernize the existing facility to allow for new gymnasium space, kitchen, new universally accessible recreation center for all members of the community and the outdoor pool.

Justification:

The population in this area of DC has increased exponentially. There are new planned economic development,commercial development and housing. DPR has to provide programming space for these new residents in the community.

Progress Assessment:

AM0-THPRC-THERAPEUTIC RECREATION CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: THPRC

Ward: 7

Location: 3030 G STREET, SE

Facility Name or Identifier: THERAPEUTIC RECREATION CENTER

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $37,000,000

Description:

Transform this recreation center into a therapeutic campus with new recreation facilities, playgrounds, gardens, field and courts all built with specifications for therapy.

Justification:

This will be DPR's premier Therapeutic campus that will allow for new exciting play, learning and teaching opportunities with programming all centered around therapy.

Progress Assessment:

On-going project

AM0-QN637-UPSHUR RECREATION CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: QN637

Ward: 4

Location: 4300 ARKANSAS AVENUE, NW

Facility Name or Identifier: UPSHUR RECREATION CENTER

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $12,000,000

Description:

Expand the footprint of the existing field house and connect the rec to the pool house- making a better use of the space for expanded programming. A larger teaching kitchen, lounge, multipurpose room and maybe a half-court gym may be able to fit on the site and within the budget.

Justification:

The community's population is on the rise. The nearby Powell school has hundreds of kids that need recreation space for recess and lunch. The community has also been lobbying for years for expanded space so that they could have more program offerings and permitted events.

Progress Assessment:

New project

(HT0) DEPARTMENT OF HEALTH CARE FINANCE

MISSION

The Department of Health Care Finance improves health outcomes for residents of the District of Columbia by providing access to a comprehensive and cost-effective array of quality health care services.

CAPITAL PROGRAM OBJECTIVES

Medicaid Management Information System (MMIS)

The Centers for Medicare and Medicaid Services (CMS) requires each Medicaid state and the District to maintain and operate a Medicaid Management Information System (MMIS). The MMIS serves as the District's Medicaid claims processing engine and supports DHCF staff in their day-to-day duties. CMS requires that the system technology be refreshed every 5 years to ensure it is up to date and contracts are completed openly. To remain compliant with CMS, the District must begin procuring a new MMIS.

Medicaid Data Warehouse (MDW)

One of the comments made by CMS during the MMIS certification exit conference was that the District was one of the few states that lacked a Medicaid data warehouse. Utilizing a data warehouse for data analysis and trending would greatly improve the District's ability to manage the Medicaid program. In order to facilitate more efficient Medicaid program administration and support intelligent decision-making, DHCF needs a Medicaid Data Warehouse (MDW) to provide easy access to Medicaid program data from the Medicaid Management Information System (MMIS) through the use of analytical reporting tools.

United Medical Center

Assist the Mayor, Council, and consultant team in evaluation of the operational and facility needs of United Medical Center.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

HT0-UMV01-EAST END MEDICAL CENTER

Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Implementing Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Project No: UMV01

Ward: 8

Location: ST. ELIZABETH CAMPUS

Facility Name or Identifier: EAST END MEDICAL CENTER

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $300,000,000

Description:

The Department of Health Care Finance, in coordination with the Deputy Mayor for Planning and Economic Development, shall develop a plan to establish a high-quality full-service community hospital on the Saint Elizabeths East Campus. The hospital shall be supported by at least a 24/7 urgent care center and an ambulatory care clinic to truly begin to develop a health care delivery system for District residents living east of the river. Building a new hospital and supporting urgent care center and ambulatory care clinic will provide the anchors for a comprehensive strategy to improve health outcomes for Wards 7 and 8 residents. In addition, constructing a state-of-the-art community hospital on the grounds of the Saint Elizabeths campus may make it possible to attract a private operator willing to enter into a P3 agreement.

Justification:

Building a new hospital and supporting urgent care center and ambulatory care clinic will provide the anchors for a comprehensive strategy to improve health outcomes for Wards 7 and 8 residents. In addition, constructing a state-of-the-art community hospital on the grounds of the Saint Elizabeths campus will attract a world class private operator.

HT0-MPM03-MMIS UPGRADED SYSTEM

Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Implementing Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Project No: MPM03

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: In multiple phases

Useful Life of the Project: 5

Estimated Full Funding Cost: $61,751,000

Description:

The Centers for Medicare and Medicaid Services (CMS) requires each Medicaid state and the District to maintain and operate a Medicaid Management Information System (MMIS). The MMIS serves as the District's Medicaid claims processing engine and supports DHCF staff in their day-to-day duties. CMS requires that the system technology be refreshed every 5 years to ensure it is up to date and contracts are competed openly. To remain compliant with CMS the District must begin procuring a new MMIS.

In 2014, CMS issued guidance requiring States to develop a modular MMIS. DHCF has conformed to these requirements and is developing the new system as separate components in three phases: (1) Provider Data Management (2) Case Management; and (3) the Core system

Although delayed, the first phase; Provider Data Management System (PDMS) module has been completed and will begin the first quarter of FY17. The case management system is being built under capital project CM102C and DHCF is currently working on the third phase; the Core system. In FY16, CMS required that there be a separate IV&V contractor.

Justification:

CMS requires that the Medicaid state agency upgrades the MMIS system every 5 years.

Progress Assessment:

This is an on-going project

HT0-UMC02-UNITED MEDICAL CENTER IMPROVEMENTS

Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Implementing Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Project No: UMC02

Ward: 8

Location: 1310 SOUTHERN AVENUE, SE

Facility Name or Identifier: UNITED MEDICAL CENTER

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $85,024,000

Description:

The purpose of the project budget is to support the costs of capital improvements at the existing hospital facility, United Medical Center (UMC). The proposed cost and scope of the improvements should be reviewed and approved by DHCF and will be performed by UMC management.

Justification:

Huron Consulting Group states that "UMC Facilities are in relatively good condition" and that "investments to make the facilities competitive with out other District providers could differentiate UMC and attract (Primary Service Area) PSA residents."

Progress Assessment:

On-going project

(JA0) DEPARTMENT OF HUMAN SERVICES

MISSION

The Department of Human Services (DHS) works in collaboration with the community to assist low-income individuals and families to maximize their potential for economic security and self-sufficiency.

BACKGROUND

Enhanced federal financial participation associated with the federal Affordable Care Act of 2010 (ACA) and a waiver of OMB Circular A-87, presents the District with an unprecedented opportunity to replace a 20-year-old public benefit eligibility system; integrate health and human services case management systems; and meet ACA requirements. The DC Access System (DCAS) will establish a single gateway connecting District residents to health and human services benefits across multiple government agencies.

CAPITAL PROGRAM OBJECTIVES

Build a new Health Care and Human Services Solution to (A) ensure that every District resident has access to affordable health coverage and eligible public benefits; (B) create a seamless customer service experience for all health and human services consumers; (C) establish policies, processes, and capabilities that improve goverjanance by DC agencies; (D) transform Medicaid eligibility and enrollment for all beneficiaries; (E) transform other public programs and services, including TANF, SNAP, Homeless Services, etc.; and, (F) create an Integrated System of Care (Case Management).

RECENT ACCOMPLISHMENTS AND PLANNED ACTIVITIES

DCAS is a joint project between DHS, the Department of Health Care Finance (DHCF), the Health Benefit Exchange Authority (HBX), the Department of Insurance Securities and Banking (DISB), and the Office of the Chief Technology Officer (OCTO). Jointly the agencies have accomplished and continue deployment of:

DCAS Release 1: DC Health Link - Delivered October 2013, enhancements continuing to October 2016

DCHL allows the District to meet ACA requirements and serves as DC's State-Based Marketplace (SBM). The system has been live since 10/ 1/13 with enhancements constructed and delivered on an ongoing basis to improve functionality, range of determinations, the ease with which residents can use the system, and federal compliance.

DCAS Preliminary Release 2.0 (first deliverable): Converted and New MAGI Renewals

Delivery Date: December 2014, Enhancements continuing through October 2016

The ACA mandates that all residents who had been receiving Medicaid prior to October 2013 be evaluated for Modified Adjusted Gross Income (MAGI) eligibility and be automatically renewed starting on December 1, 2014. DC has met this deadline and kept over 34,000 residents out of service centers with this automatic renewal process. The final phase of this project, allowing renewals to be done online, is anticipated to go live by October 2016.

Release 2.0 and 2.2: DC Link

Delivery Date: September 2016 for Caseworkers, February 2017 for the general public

This release will satisfy the option the District chose under the ACA to build an integrated online portal to access all DHS Cash and Food Assistance services, and modernize the eligibility determination and enrollment process for 11 major DHS programs, including SNAP, TANF, and IDA. The portal will first be accessible to Caseworkers only, then to the general public.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-HSW01-WARD 1 TEMPORARY HOUSING FOR FAMILIES

Agency: DEPARTMENT OF HUMAN SERVICES (JA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: HSW01

Ward: 1

Location: 10TH & V STREET STREETS NW

Facility Name or Identifier: WARD 1 TEMPORARY HOUSING FOR FAMILIES

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $23,000,000

Description:

To acquire parcels of land located at 2105 and 2107 10th Street NW and 933 V Street NW, Square 358, Lots 5, 6, and 802, including, if necessary, through the exercise of eminent domain and to construct a facility to provide temporary shelter for families experiencing homelessness containing 29 2- and 3-bedroom apartment-style units. The District may contract with the current property owner for construction of the facility as part of an agreement to acquire the land. If no agreement can be reached with the current owner for construction of the facility, a contract for construction of the facility shall be awarded pursuant to a request for proposals to be issued by the Department of General Services.

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District‘s strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

The District seeks to issue tax-exempt bonds to finance these projects and the Chief Financial Officer of the District must be satisfied that the proposed business arrangements, with respect to the use and user(s) of the proposed project, will not create a private business use within the meaning of the applicable Internal Revenue Service rules and regulations.

Justification:

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District‘s strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

AM0-HSW03-WARD 3 TEMPORARY HOUSING FOR FAMILIES

Agency: DEPARTMENT OF HUMAN SERVICES (JA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: HSW03

Ward: 3

Location: 3320 IDAHO AVENUE NW

Facility Name or Identifier: WARD 3 TEMPORARY HOUSING FOR FAMILIES

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $30,900,000

Description:

To construct a facility to provide temporary shelter for families experiencing homelessness containing up to 50 DC General Family Shelter replacement units on District-owned land at 3320 Idaho Avenue NW, Square 1818, Lot 849. A contract for the construction of the facility shall be awarded pursuant to a request for proposals to be issued by the Department of General Services.

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District's strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

AM0-HSW08-WARD 8 TEMPORARY HOUSING FOR FAMILIES

Agency: DEPARTMENT OF HUMAN SERVICES (JA0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: HSW08

Ward: 8

Location: 4225 6TH STREET SE

Facility Name or Identifier: WARD 8 TEMPORARY HOUSING FOR FAMILIES

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $16,900,000

Description:

To construct a facility to provide temporary shelter for families experiencing homelessness containing 50 DC General Family Shelter replacement units on District-owned land at 4225 (assumed) 6th Street SE, Square 6207, Lots 53, 54, 55, and 56. A contract for the construction of the facility shall be awarded pursuant to a request for proposals to be issued by the Department of General Services.

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District‘s strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

The District seeks to issue tax-exempt bonds to finance these projects and the Chief Financial Officer of the District must be satisfied that the proposed business arrangements, with respect to the use and user(s) of the proposed project, will not create a private business use within the meaning of the applicable Internal Revenue Service rules and regulations.

Justification:

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District‘s strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

Progress Assessment:

(KA0) DEPARTMENT OF TRANSPORTATION

MISSION

The District Department of Transportation's (DDOT's) mission is to enhance the quality of life for District residents and visitors by ensuring that people, goods, and information move efficiently and safely, with minimal adverse impact on residents and the environment.

BACKGROUND

DDOT oversees and maintains 7,700 intersections (1,450 signalized); 1,652 traffic signals; 1,495 linear miles of sidewalks; 1,392 linear miles of roadways (interstate highways and neighborhood streets); 358 linear miles of alleys; 228 bridges (209 vehicle, 19 pedestrian); 16 tunnels and underpasses; 13,525 parking meters for 18,000 metered parking spaces; 140,000 street trees; 69 miles of bike lanes and 56 miles of trails. Additionally, DDOT has responsibility for the District's bicycle and pedestrian facilities, traffic and pedestrian safety, and managing the District's public space and rights-of-way.

CAPITAL PROGRAM OBJECTIVES

1. Maintain and enhance the District's transportation infrastructure (roads, bridges, tunnels transit system, signage, and sidewalks) and streetscapes.
2. Increase non-vehicular transportation modes to meet the mobility and economic development needs of the District.
3. Improve the safety of pedestrians, cyclists, and drivers throughout the District.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KA0-ED0D5-11TH STREET BRIDGE PARK

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: ED0D5

Ward:

Location: 11TH STREET BRIDGE

Facility Name or Identifier: 11TH STREET BRIDGE PARK

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $12,450,000

Description:

The 11th Street Bridge Park project will transform the old unused span of the 11th Street Bridge into a signature, elevated park for the District—a park comparable to the High Line in New York City. Spanning the Anacostia River, the park would link Historic Anacostia with the Navy Yard. Preliminary plans include bike and pedestrian trails, outdoor performance spaces, play areas, gardens, information about the river and its ecosystem, a dock to launch boats and kayaks to explore the river.

No funds allocated for the purpose of the 11th Street Bridge Park project may be awarded or disbursed to any entity for purposes of construction until at least 50 percent of the total projected construction costs of the project have been raised from private donors. No District funds may be awarded or expended for the purpose of operations or maintenance of the 11th Street Bridge Park.

Justification:

A large, diverse group of stakeholders, led by THEARC in Ward 8 and with the assistance of DDOT, has been working to develop plans for this park. They expect to raise 50% of the $25 million projected cost for construction from private
donors.

Progress Assessment:

This is an on-going project.

KA0-CEL21-ALLEY REHABILITATION

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: CEL21

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $147,715,000

Description:

The Alley Rehabilitation project is a pool project that consolidates rehabilitation, reconstruction, and maintenance into one project for the District's 364 miles of alley assets. This will include preventive maintenance activities such as pothole repair, asphalt deep patching, crack sealing, asphalt overlay, and brick patching and replacement, as well as, complete reconstruction of an alleyway.

Justification:

This project is critical to prevent continued extensive deterioration of the District's alleys. This project is urgent in that it delivers cost savings by providing necessary and timely maintenance and reconstruction of alleys, that would cost more to repair if further deterioration occurs. District taxpayers benefit from alleys that are in a state of good repair, as they improve accessibility to residences and businesses.

Progress Assessment:

DDOT develops an annual construction plan, based on the approved budget. This construction plan serves as the construction schedule. Funding levels will dictate the size and scope of DDOT annual work plan and will determine the agency's ability to resolve citywork requests.

KA0-CE307-BRIDGE MAINTENANCE

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: CE307

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $14,689,000

Description:

The Bridge Reconstruction and Rehabilitation program helps ensure safe and efficient use of the District's 228 bridges and structures (209 vehicle and 19 pedestrian). This project includes critical activities that extend the useful life of the District's bridges; including joint replacement and sealing, surface rehabilitation, and localized reconstruction. Lastly, this project also supports DDOT labor.

Justification:

The project is necessary to prevent extensive deterioration of the District's bridges. The project is urgent, in that it helps reduce the major capital costs that would be incurred if the assets are not maintained. District taxpayers benefit from safe and improved bridges, as well as the realized cost savings associated with regular bridge maintenance.

Progress Assessment:

This project is ongoing, and includes joint replacement and sealing, surface rehabilitation, and localized reconstruction.

Related Projects:

Related projects are the federally funded projects or locally funded resurfacing or reconstruction projects.

KA0-CE314-BUZZARD POINT STREETS

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: CE314

Ward: 6

Location: BUZZARD POINT

Facility Name or Identifier: LOCAL STREETS

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $7,000,000

Description:

Significant portions of Buzzard Point are identified as a high-risk flood zone, and, although the private development team is addressing potential flood hazards by raising the ground floors of the buildings, the adjacent streets remain vulnerable. The Committee therefore recommends the elevation of Buzzard Point's road network, bringing it into alignment with the proposed development, and improving the general resiliency of the area's infrastructure.

Justification:

TBD

Progress Assessment:

NEW PROJECT

KA0-CBS02-CAPITAL BIKESHARE EXPANSION

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: CBS02

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: CAPITAL BIKESHARE

Status: New

Useful Life of the Project:

Estimated Full Funding Cost: $12,000,000

Description:

This project is to support maintenance, operations, and expansion of the Capital Bikeshare program ("Bikeshare" or "CaBi".). Capital Bikeshare is metro DC's bikeshare system, with more than 3,700 bikes available at 440 stations across five jurisdictions: Washington, DC; Arlington, VA; Alexandria, VA; Montgomery County, MD; and Fairfax County, VA. Capital Bikeshare provides residents and visitors with a convenient, fun, and affordable transportation option for getting around the DC area. Capital Bikeshareconsists of a fleet of specially designed, sturdy, and durable bikes that are secured at a network of docking stations throughout the region. They are ideal for both one way or round trips, as the bikes can be unlocked from, and returned to, any station in the system. Due to the accessibility and convenience of use, Bikeshare is a popular option for commuting to work or school, travel to social engagements, tour the District, and more.

Justification:

This project will allow DDOT to expand the Capital Bikeshare system in all eight wards of the District; funding over 100 new stations and 1,000 bikes. This project will also allow the Program to replenish old equipment in need of replacement. Capital Bikeshare is the most cost effective form of transportation in the District for both the government and the user. CaBi boasts the highest farebox recovery rate of any transit system in the region, covering roughly 85% of its cost from system revenues. Meanwhile, members enjoy an average savings of more than $700 per year on personal transportation costs, with Bikeshare yearly membership rates at only $85.

Progress Assessment:

This is a new local capital project.

KA0-LMCIR-CIRCULATOR

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMCIR

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: CIRCULATOR

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $30,010,000

Description:

This Master project includes all capital sub-projects that support bus infrastructure across the District as well as the infrastructure needs of the DC Circulator program. The Bus Infrastructure Improvements project provides funding for improvements to intersections where buses are delayed, ADA improvements at bus stops, the 16th Street NW Bus Lanes project, and other efforts such as Transit Signal Priority deployment. For the DC Circulator, projects include the purchase of replacement buses for fleet renewal, acquisition of space for a maintenance and storage facility, and bus mid-life overhauls.

Justification:

All of these investments enable the safety and reliability of the District's bus transit network. The FY 2018 Proposed Budget includes $218 million for Metrobus service and $24 million for DC Circulator service; a combined investment of $242 million. Operational efficiencies in the network yield savings in travel time for riders as well as in the cost of bus services. On major bus corridors, such as 16th Street NW, during the AM peak, more than 50% of all people who travel on this corridor are carried by bus, with buses every 90 seconds. Priority investments to move buses through the corridor will yield quicker trips at a lower cost. DDOT has also identified more than 800 bus stops in need of ADA improvements, limiting access to the bus network for many would-be riders. Improving these stops will grow bus ridership and improve mobility across the District. Nearly half of the DC Circulator fleet is reaching the end of its useful life, so this project will replace aging buses and improve fleet availability and reliability which will translate into improved service. Fleet maintenance will continue to limit performance until adequate facilities are in place to support the State of Good Repair of the fleet.

Progress Assessment:

DDOT is purchasing 40 buses for fleet renewal for the DC Circulator and working with the Department of General Services to secure space for a maintenance and storage facility. Design is underway on the 16th Street NW project as well as 50 intersection improvements across the District where buses experience congestion. DDOT completed 52 ADA bus stop improvements in FY 2016 and is working to increase delivery of ADA bus stop improvements in FY 2018.

KA0-CAL16-CURB AND SIDEWALK REHAB

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: CAL16
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $95,494,000

Description:
The Curb and Sidewalk Rehab project is a pool project that consolidates rehabilitation, reconstruction, and maintenance activities into one project for the District's 1,494 miles of sidewalk assets. The CAL16C project has historically focused on upgrading intersections and sidewalks for Americans with Disabilities Act (ADA) compliance, through the creation of an annual work plan. It has also included managing an inventory of locations for upgrade, an assessment to identify further upgrades that are necessary, as well as construction. As a pool project, the scope of the project has expanded to now include everyday Cityworks requests, address sidewalk deterioration, resolve unsafe conditions, and construct new sidewalk sections where there are missing segments.

The project will support FTEs, equipment, material, and contractual services associated with improving and expanding the sidewalk program.

Justification:
This project will is necessary to improve and expand the District's sidewalk network. It will serve to mitigate safety hazards, expand ADA compliance the District, and improve mobility for residents and visitors to the District.

Progress Assessment:
This project is progressing as planned. It is an on-going project that occurs annually.

Related Projects:
Related projects are the federally funded projects or locally funded resurfacing or reconstruction projects.

KA0-LMEQU-EQUIPMENT

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMEQU

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: EQUIPMENT

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $7,655,000

Description:

This project envelopes any projects that have a primary focus on the acquisition and/or substantial rehabilitation of equipment that supports the mission of the District Department of Transportation. Projects could include, but are not limited to, the following areas:
a. Acquiring new parking meter assets.
b. Construction associated with the installation of parking meters .
c. Replacement of parking meter system.
d. Rehabilitation of specialized equipment rehabilitation which could include pavers, millers, hotboxes, etc.
e. Labor associated with rehabilitation of equipment, if performed in-house.

This Master project will provide the necessary budget for a defined group of projects that support the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

KA0-LMFAC-FACILITIES

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMFAC

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: DDOT FACILITIES

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $11,500,000

Description:

Any project with the primary focus on the expansion or improvement of District Department of Transportation facilities to support the agency's mission. DDOT needs to make improvements to our facilities and sites to provide better work environment for staff and provide proper storage for equipment/vehicles that are used on a daily basis. Asset improvements might include feasibility studies, site designs/retrofits, and construction. Projects could include but are not limited to the following areas:

a. Retrofit and construction of a new Material Testing Lab
b. Assessment to determine to the cost upgrade of W Street Maintenance Facility
c. Expansion of Farragut and G Street facilities to accommodate equipment storage
d. Supplemental support for Circulator facility retrofit

Justification:

The current W Street Maintenance Facility has not been updated for staff, operations or expanding workload for over 15 years. The current configuration does not support the operations that exist today. The site also has numerous environmental concerns with runoff and stormwater issues that need to be mitigated and configured for long term needs. In addition to the replacement of the W Street Facility, DDOT is also looking to create two field operation centers (Farragut and G Street) so that all operations can be dispatched from both locations to reduce travel time for work crews and improve operational efficiencies and service delivery. Farragut and G Street sites are confronted with issues that need remediation such as space allocation, wiring, and equipment parking (covered roofs) that will improve the work environment and extend the useful life of equipment. These sites support the front line staff who are responsible for service delivery and improvements to these sites will significantly improve morale and worker productivity.

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets.Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset. As mandated by Congress, all States including the District of Columbia are required to maintain a Quality Assurance Program (23 CFR 637) and AASHTO accredited laboratory to be eligible for federal aid for transportation projects. DDOT's current facility, which has been accredited since 1997, located at McMillan Drive NW is old, deteriorated, lacks sufficient space and equipment, and is in danger of losing its accreditation with FHWA, if not addressed immediately.

KA0-G0000-GEORGETOWN GONDOLA

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: G0000
Ward: 2
Location: ADJACENT TO KEY BRIDGE
Facility Name or Identifier: GONDOLA
Status: New
Useful Life of the Project: 10
Estimated Full Funding Cost: $85,000,000

Description:
Plan, design, and construct a multimodal transit center that links Georgetown with the Rosslyn Metro Station in Arlington in order to improve access to this tax-generating employment center that lacks a metro station. The purpose of the project is to provide transportation alternatives to the congested Georgetown business district and Georgetown University. The project includes a Circulator Bus turnaround, bike corral, and aerial gondola station. The gondola is expected to carry a minimum of 6,500 riders.
Project components will include land acquisition, preparation of an Environmental Impact Statement, project planning, design, and construction.

Justification:
The project will be funded through a public-private partnership that includes the District of Columbia government, the Federal City Council, Georgetown University, and private business interests in both the District of Columbia and Arlington, Virginia.

Progress Assessment:
New project

Related Projects:
LMCIRC-Circulator and BEE00C-Bus Infrastructure Improvements

KA0-BR005-H STREET BRIDGE

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: BR005

Ward: 6

Location: UNION STATION & H STREET NE

Facility Name or Identifier: H STREET BRIDGE

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $205,257,000

Description:

This project funds the full replacement of the H Street “Hopscotch” Bridge. The H Street Bridge spans over 1st Street NE, WMATA tracks, Amtrak tracks and platforms, and 2nd Street, NE at Union Station in the District of Columbia. The bridge will be reconstructed to accommodate the H/Benning Streetcar Line, allow for Amtrak to increase its capacities in its Union Station rail yard, and allow for development of the air rights above the rail yard.

Justification:

The replacement of the bridge has been driven by the future redevelopment of Union Station, including its rail yard. The bridge will also serve as a gateway for the future East-West Streetcar Line.

Progress Assessment:

On-going project

KA0-LMHTS-HIGHWAY TRUST FUND SUPPORT

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMHTS

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: FEDERAL-AID HIGHWAYS

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $6,000,000

Description:

This project envelopes any projects that support the highway trust fund activities, including, but not limited to:
a. Providing funding for contract and direct labor costs associated with Highway Trust Fund projects that are not eligible for federal reimbursement (non-participating costs). This project also provides funding for DC Water and Sewer Authority (DCWASA) costs that are eligible for DCWASA reimbursement.
b. Collecting indirect non-personnel project costs that may be eligible for federal reimbursement through indirect or additive rates, such as material testing, Davis-Bacon, and manual costs. This project will be allocated budget authority for contractual services. However, all expenditures posted to this cost transfer project during a fiscal year shall be reallocated to active projects based on approved indirect and additive rates, reallocated to local transportation projects, reallocated to the operating budget, or otherwise removed from this project by the end of that fiscal year. Justification: The project is needed to collect and obtain federal reimbursement indirect project costs.

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

KA0-SR301-LOCAL STREETS WARD 1

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: SR301

Ward: 1

Location: WARD 1

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $46,618,000

Description:

Ward 1 has 30 local roadway miles that require preservation, maintenance, and repair. DDOT has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well. There is a separate road reconstruction project for each ward.

The project will support FTEs, equipment, material and contractual services associated with improving and expanding the local streets program.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget.

Related Projects:

There is a separate road construction project for each ward.

KA0-SR303-LOCAL STREETS WARD 3

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: SR303

Ward: 3

Location: WARD 3

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $45,501,000

Description:

Ward 3 has 107 local roadway miles that require preservation, maintenance, and repair. DDOT has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well. There is a separate road reconstruction project for each ward.

The project will support FTEs, equipment, material and contractual services associated with improving and expanding the local streets program.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

Related Projects:

DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

There is a separate road construction project for each ward.

KA0-SR304-LOCAL STREETS WARD 4

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: SR304

Ward: 4

Location: WARD 4

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $44,233,000

Description:

Ward 4 has 107 local roadway miles that require preservation, maintenance, and repair. DDOT has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well. There is a separate road reconstruction project for each ward.

The project will support FTEs, equipment, material and contractual services associated with improving and expanding the local streets program.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

Related Projects:

DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

There is a separate road construction project for each ward.

KA0-SR305-LOCAL STREETS WARD 5

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: SR305

Ward: 5

Location: WARD 5

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $46,423,000

Description:

Ward 5 has 87 local roadway miles that require preservation, maintenance, and repair. DDOT has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well. There is a separate road reconstruction project for each ward.

The project will support FTEs, equipment, material and contractual services associated with improving and expanding the local streets program.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical.

KA0-SR306-LOCAL STREETS WARD 6

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: SR306

Ward: 6

Location: WARD 6

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $45,197,000

Description:

Ward 6 has 60 local roadway miles that require preservation, maintenance, and repair. DDOT has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well. There is a separate road reconstruction project for each ward.

The project will support FTEs, equipment, material and contractual services associated with improving and expanding the local streets program.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical.

KA0-SR308-LOCAL STREETS WARD 8

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: SR308
Ward: 8
Location: WARD 8
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: $45,989,000

Description:
Ward 8 has 62 local roadway miles that require preservation, maintenance, and repair. DDOT has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well. There is a separate road reconstruction project for each ward.

The project will support FTEs, equipment, material and contractual services associated with improving and expanding the local streets program.

Justification:
DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical.

Progress Assessment:
DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

Related Projects:
DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

There is a separate road construction project for each ward.

KA0-PLU00-POWER LINE UNDERGROUNDING

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: PLU00

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: PEPCO POWER LINES

Status: Ongoing Subprojects

Useful Life of the Project:

Estimated Full Funding Cost: $48,364,000

Description:

Underground up to 20-25 electrical feeders most vulnerable to outages during storm conditions. DDOT will construct underground vaults and buried conduit to accommodate Pepco's feeder lines and transformers.

Justification:

Over the past several years, powerful storms have caused considerable damage and disruption of electric service. This project will support efforts to improve the reliability of the District's electricity distribution system, in accordance with the recommendations of the Mayor's Power Line Undergrounding Task Force, the Electric Company Infrastructure Financing Act of 2013, and the Electric Company Infrastructure Improvement Financing Amendment Act of 2017.

Progress Assessment:

This is an on-going project.

KA0-LMSAF-SAFETY & MOBILITY

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMSAF

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: LOCAL STREETS

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $49,947,000

Description:

This project envelopes any projects that have a primary focus of improving safety and efficiency of the District's transportation system. By the year 2024, Washington, DC will reach zero fatalities and serious injuries to travelers of our transportation system. Projects under this Master Project will support the objectives outlined within Vision Zero Plan which include, but are not limited to, the following activities:

- Improving and expanding bicycle lanes and infrastructure
- Improving and expanding trails
- Improving the production, distribution, and placement of signage throughout the District
- Advancing plans to preliminary design
- Completing the Parkside Pedestrian Bridge.

This Master project will provide the necessary budget for a defined group of projects that support the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs, so that the District can continue to provide needed upgrades to our system and its components, which will enable network maintenance and operations that utilize current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

Justification:

This project is necessary to expand and enhance transportation safety improvements within the District.

KA0-LMWWM-STORM & WASTE WATER MANAGMENT

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMWWM

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: WATER INFRASTRUCTURE

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $13,300,000

Description:

Any projects with a primary focus of stormwater management. The scope of projects could include but are not limited to the following:
a. Repairing and maintaining culverts throughout the District.
b. Capital improvements to stormwater pump stations
c. Implementation of various initiatives to reduce stormwater run-off and improve area water quality
d. Special flood mitigation projects
e. Stormwater credit bank
This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

Justification:

This project is necessary because of its safety impact on roadways. Because culverts support roadway structures, the lack of drainage provided by culverts could have a severe impact on the functionality and safety on roads.

KA0-LMTCE-STREET CAR

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: LMTCE
Ward:
Location: H ST/BENNING RD NE
Facility Name or Identifier: STREETCAR
Status: In multiple phases
Useful Life of the Project:
Estimated Full Funding Cost: $106,556,000

Description:
The Streetcar project is an initiative to provide another transit option for those traveling H Street-Benning Road NE and promote economic development along the corridor. This project will link the Benning Road Metrorail station to Union Station and will include the following elements:
a. Design and construction of a Benning Road Extension;
b. Environmental analysis, design, land acquisition, and construction of a new storage and maintenance facility;
c. Streetscape improvements for multimodal transportation, including bicycle and pedestrian infrastructure, along the four-mile, east-west corridor;
d. Procurement of vehicles for Benning Road extension; and
e. Project management and construction management for the H/Benning Streetcar Line.

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

Justification:
Current surface transit in the District cannot meet current demand and future growth. Due to high ridership and traffic congestion, average bus speeds during peak hour along the streetcar corridor are as low as 3.5 miles per hour, with low reliability. Additional surface transit capacity can improve east-west mobility and improve access for underserved transit markets. As the District grows and sees increasing development around Union Station, the H Street/Atlas District, and Mount Vernon Square, additional surface transit capacity and reliability will be critical to maintaining mobility and economic opportunity for residents and visitors to the District. This project aligns with Sustainable DC Plan Goal to "improve connectivity and accessibility through efficient, integrated, and affordable transit systems." It also aligns with the following moveDC goals:
- Increase the person-carrying capacity of the transportation system;
- Improve system reliability;
- Increase the coverage of all modal networks throughout the District.

Progress Assessment:
N/A

KA0-AD304-STREETLIGHT MANAGEMENT

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: AD304

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $157,422,000

Description:

The District's lighting assets are critical to the safety of District's residents and visitors. These assets are also essential for the well-being of businesses, commuters, and pedestrians. DDOT's multi-year, performance-based contract maintains the District's lighting assets. The contractor is responsible for managing all lighting assets within public space, including alleys and streetlights, highways, underpasses, tunnels, bridges, navigation lights, overhead guide signs, and "Welcome to Washington, DC" signs. A number of lighting systems and the electrical control systems for the Frederick Douglas Bridge are also included. In this performance-based asset preservation contract, the desired outcome is specified rather than the means and methods: the contractor is instructed what to achieve, not how to achieve it. The District requires that the contractor meet a set of performance standards for all assets and DDOT personnel conduct citywide monthly and annual inspections to measure the contractor's performance. DDOT personnel also monitor the contractor's response for repair requests and schedules daily. The contract includes both incentives and disincentives for failing or exceeding these performance measures. The asset contractor has improved the lighting performance by reducing outages from a high of 20 percent two years ago (FY07) to less one percent this year (FY09). This project also includes upgrades to lighting assets, including the conversion of traditional lighting to high efficiency LED technology. The project also funds staff who implement this program.

Justification:

This project is critical for the safety of District residents and drivers. The performance-based contract has proven to be the most cost-effective way to ensure that the District's streetlights are illuminating the streets. This project aligns with SustainableDC Action: Nature 2.2 and Energy 1.3.

Progress Assessment:

The contract is progressing as planned. This contract has improved the District's lighting system by reducing outages and other unsafe conditions, thus resulting in improved customer satisfaction as compared to previous years.

Related Projects:

The maintenance and upgrade of lighting assets on federal aid-eligible streets, bridges, and tunnels in funded through the Federal -aid (FHWA) program.

KA0-LMBSS-STREETSCAPES AND BEAUTIFICATION

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMBSS

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: LOCAL STREETS

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $54,000,000

Description:

Any project with the primary focus on the streetscape improvements which include safety and beautification efforts that support the mission of the District Department of Transportation; project could include but are not limited to the following areas:
a. Supplemental overmatch for a federal streetscape projects;
b. Feasibility studies, preliminary design, and construction associated with streetscape improvements;
c. Specialized signage for location
d. Labor associated with streetscape work

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets.Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation,budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

KA0-CG314-TREE PLANTING

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: CG314

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: GREENSPACE

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $27,718,000

Description:

This project funds the annual planting of street trees and trees located in other District right-of-way spaces. The District Department of Transportation (DDOT) plants approximately 4,000 street trees each year from October through April.

Justification:

This project allows the District to maintain its tree canopy population and reputation as a “City of Trees.” Having healthy and plentiful trees adds to the District’s quality of life and environmental health. In FY 2015, Urban Forestry installed nearly 8,000 new trees and achieved a 90% stocking level, percentage of total street tree spaces which are planted, in all 8 Wards.

Progress Assessment:

This project is progressing as planned. It is an on-going project that occurs annually.

KA0-LMURF-URBAN FORESTRY

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMURF

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: GREENSPACE

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $70,200,000

Description:

Any project that funds the on-going maintenance and care of the street trees, trees within District right-of-way spaces, and trees within areas in Department of General Services's portfolio. The District Department of Transportation (DDOT) aims to ensure the greatest health and longevity of its publicly owned trees through a comprehensive plant health initiative. This project includes but is not limited to following activities:

a. Activities associated with tree planting and extending the life of the asset;
b. Maintenance of trails;
c. Design and construction of low impact design sites and bio-retention areas;
d. This project supports the majority of Urban Forestry's FTEs labor charges;

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

KA0-LMVAE-VEHICLE FLEET

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMVAE

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: EQUIPMENT

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost: $9,000,000

Description:

Any project that supports the acquisition of vehicles and/or specialized equipment that supports the mission of the District Department of Transportation (DDOT); the project could include but are not limited to the following areas:
a. Replacement of DDOT vehicles and equipment that is at the end of its useful life;
b. Acquisition of equipment for the snow removal program;
c. Upgrading and updating of single and multi-space parking meters;
d. Purchase of equipment that improve asset conditions for roads, bridges, and trees;

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and is components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

Justification:

Vehicles and equipment are critical for executing the mission of DDOT. Monitoring vehicle and equipment needs can better assist the agency with project delivery and can help to lower the operating of their use.

(KE0) MASS TRANSIT SUBSIDIES

MISSION

The Mass Transit Subsidy program supports the provision of efficient, affordable, and diverse public transit services in the District of Columbia.

BACKGROUND

For FY 2011 through FY 2016, the Washington Metropolitan Area Transit Authority (WMATA) is governed by a multi-jurisdictional capital funding agreement. Projects to be delivered under this agreement include mid-life rehabilitation of buses, on-going escalator and elevator rehabilitations and replacements, replacement of WMATA's 1000 series railcars, track replacement, power system upgrades, and rehabilitation of storage and maintenance facilities. WMATA and its funding partners, including DDOT, expect to sign a one year extension of the capital funding agreement in the spring covering WMATA's fiscal year 2018.

CAPITAL PROGRAM OBJECTIVES

1. Promote safety and mobility;
2. Contribute to sustainable economic development;
3. Improve the quality and range of transportation options for District residents; and,
4. Restore the Metrorail system to a State of Good Repair

RECENT ACCOMPLISHMENTS

- Exercised an option to purchase an additional 220 7000 series railcars;
- Continued expansion of limited-stop bus service on multiple corridors across the District;
- Implemented additional State of Good Operations bus service changes which reduced service on underutilized bus routes and added service on crowded bus routes with no net change in bus service levels; and,
- Continued multi-year infrastructure rehabilitation contracts on red, blue, and orange lines within central DC.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KE0-SA501-WMATA CIP CONTRIBUTION

Agency: MASS TRANSIT SUBSIDIES (KE0)

Implementing Agency: MASS TRANSIT SUBSIDIES (KE0)

Project No: SA501

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: REGIONAL TRANSIT

Status: Ongoing Subprojects

Useful Life of the Project: 20

Estimated Full Funding Cost: $703,773,000

Description:

District funding to support WMATA's Capital Improvement Program, as defined in the current inter-jurisdictional Capital Funding Agreement. Typical projects to be funded are acquisition of buses and subway cars, mid-life rehabilitation of buses and subway cars, improvements to bus storage, track replacement, power system upgrades, and rehabilitation of storage and maintenance facilities.

Justification:

Capital investment is needed to rehabilitate and maintain the WMATA transit system.

Progress Assessment:

This is an on-going project.

KE0-SA311-WMATA FUND - PRIIA

Agency: MASS TRANSIT SUBSIDIES (KE0)

Implementing Agency: MASS TRANSIT SUBSIDIES (KE0)

Project No: SA311

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: REGIONAL TRANSIT

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $505,109,000

Description:

The Federal Government passed the Passenger Rail Investment and Improvement Act of 2008 (PL 110-432) to provide WMATA with $1.5 billion over a 10-year period but conditioned the receipt of funds on an equal amount of funds being pledged by the District and other contributing jurisdictions. Projects may include vehicles and vehicle parts, rail system infrastructure rehabilitation, maintenance facilities, systems and technology, track and structures, passenger facilities, maintenance equipment, other facilities, program management and support, safety and security projects, and preventive maintenance. An annual contribution of $50 million will be made, contingent upon annual appropriation from Congress in the amount of $150 million along with $50 million annual appropriations from both the State of Maryland and the Commonwealth of Virginia.

Justification:

This project is necessary to maintain the reliability of rail service. Current WMATA capital spending levels are inadequate to maintain the system in a state of good repair and provide for continued growth in system use. The additional $300 million per year in capital funding will allow WMATA to accelerate infrastructure repairs to maintain the system, replace the original subway cars in the system that are now at the end of their useful life, and proceed with system improvements such as power upgrades to accommodate longer trains and the purchase of new subway cars to accommodate ridership growth.

Progress Assessment:

This project is on-going.

(KG0) DEPARTMENT OF ENERGY AND ENVIRONMENT

MISSION

The mission of the Department of Energy and Environment (DOEE) is to improve the quality of life for the residents and natural inhabitants of the nation's capital by protecting and restoring the environment, conserving our natural resources, mitigating pollution, increasing access to clean and renewable energy, and educating the public on ways to secure a sustainable future. The agency's core responsibilities include, but are not limited to, enforcing environmental regulations; monitoring and assessing environmental risks; developing energy and environmental policies; issuing permits; and providing residents and local businesses with funding, technical assistance, and information on initiatives designed to ensure a more resilient and sustainable city.

BACKGROUND

DOEE is the leading authority on energy and environmental issues affecting the District of Columbia. Using a combination of regulations, outreach, education, and incentives, DOEE administers programs and services to fulfill the agency's mission. The agency works collaboratively with other government agencies, residents, businesses, and institutions to promote environmentally responsible behavior that will lead to a more sustainable urban environment.

CAPITAL PROGRAM OBJECTIVE

DOEE envisions a nation's capital that sets the standard for environmentally responsible and sustainable practices. DOEE envisions a city whose rivers and waters are fishable and swimmable; whose buildings and infrastructure help protect our health and environment; and whose residents, businesses, and visitors embrace and employ smart environmental practices in their daily lives and work together to deliver a clean, healthy, and vibrant city to future generations

RECENT ACCOMPLISHMENTS

- Restoration of Broad Branch Stream and daylighting of 1,600 foot section of Broad Branch—this was the first of its kind for the District.
- Restoration of a stream in Linnean Park using Regenerative Stream Channel approaches.
- Completion of 139 tree planting plans for DPR and DCPS parcels and the planting of 1,790 trees on these properties.
- Completion of the RiverSmart Washington project which installed practices to reduce stormwater volume runoff in two neighborhoods in northwest Washington.
- Completion of the O Street NW, green street including thirty roadway bioretention cells.
- Collection and analysis of more than 400 samples of surface and deep sediment, sediment pore water, and benthic invertebrate from the Anacostia River.
- Installation of 17 vapor migration systems in homes in Riggs Park

ONGOING AND CURRENT INITIATIVES

- Implementation of and funding for green stormwater infrastructure in public right-of-way, on District buildings, and residential properties.
- Funding for construction of green alleys, installation of roadside bioretention, and planting of trees to reach the District's tree canopy goal.
- Installation of residential rain barrels, rain gardens and permeable paving systems through DOEE's RiverSmart Homes program.
- Continuation of Nash Run Stream Restoration project (Anacostia Watershed).
- Continuation of Pope Branch Stream Restoration project (Anacostia Watershed).
- Construction for Klingle Trail (Rock Creek Watershed).
- Remedial investigation of the Anacostia River.

PLANNED PROJECTS

- Installation of a trash capture device in a tributary to the Anacostia River.
- Restoration of a stream Alger Park and upland stormwater retrofits in the neighborhood surrounding the park (Anacostia Watershed).
- Planning for Oxon Run stream restoration effort.
- Design of Klingle Watershed green streets projects.
- Stormwater retrofits on DPR lands and DCPS school properties.
- Design and construction of a stream restoration project in Spring Valley (Potomac Watershed).
- Continuation of remedial investigation of Anacostia River sediments.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KG0-HMRHM-HAZARDOUS MATERIAL REMEDIATION - DOEE

Agency: DEPARTMENT OF ENERGY AND ENVIRONMENT (KG0)

Implementing Agency: DEPARTMENT OF ENERGY AND ENVIRONMENT (KG0)

Project No: HMRHM

Ward:

Location: ANACOSTIA RIVER

Facility Name or Identifier: ANACOSTIA RIVER

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: $96,162,000

Description:

This project involves the identification, analysis, removal, and/or encapsulation of hazardous materials that prevents full use of the Anacostia River and adjacent parkland.

Justification:

The Anacostia estuary has several major clean-up sites located along its banks. Funding is needed to characterize the sediments in the entire estuary area of the Anacostia and develop a cleanup remedy. The sediments are an on-going source of contaminants and need to be addressed before the Anacostia can be returned to a “fishable and swimmable” river. Testing needs to be conducted on Anacostia sediment and water toxins (when present) to determine proper clean-up methods and potentially isolate the source of contamination from the clean-up sites.

Progress Assessment:

On-going project

(KT0) DEPARTMENT OF PUBLIC WORKS

MISSION

The Department of Public Works (DPW) provides the highest quality sanitation, parking enforcement, and fleet management services that are both ecologically sound and cost effective.

BACKGROUND

DPW's capital program supports the Department's efforts to provide municipal services to District of Columbia residents and businesses. The staff of the Solid Waste Management Administration ensures that District streets and public spaces are clean, safe, attractive, and accessible by collecting and disposing of trash and recyclables, cleaning streets and alleys, removing graffiti, and enforcing solid waste regulations. The Parking Services Administration of DPW employs approximately 200 parking officers who monitor 17,000 meters and 3,500 blocks of residential zoned parking. The employees who provide these services need operational equipment and adequate facilities to successfully perform their jobs. Currently, DPW maintains 14 properties, including: 12 fueling sites, 2 transfer stations, 1 impound lot, and 1 leaf transfer station. DPW maintains an agency fleet of 1,110 vehicles, from sedans to heavy equipment such as trash compactors, dump trucks, street sweepers, and backhoes.

CAPITAL PROGRAM OBJECTIVES

1. Ensure DPW fleet equipment will be available for the agency's core services and maintain replacement cycles to maximize cost savings on fleet maintenance.
2. Provide safe and clean facilities for DPW employees to perform work that ensures the cleanliness of the District's residential neighborhoods, high-visibility commercial areas, gateway corridors, and industrial zones.

RECENT ACCOMPLISHMENTS

- Completed the renovation of the Tire Shop at West Virginia Avenue, NE. The renovated building will accommodate not only the Tire Shop but also the landscaping unit of the Solid Waste Management Administration (SWMA);
- Completed the acquisition of the Okie Street, NE facility. The facility will accommodate the Street and Alley Division of the SWMA that includes approximately 300 employees and all of their equipment;
- Completed the renovation of the roof at the Benning Road Transfer Station; and,

AM0-CP201-COMPOSTING FACILITY

Agency: DEPARTMENT OF PUBLIC WORKS (KT0)

Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)

Project No: CP201

Ward:

Location: TBD

Facility Name or Identifier: COMPOSTING FACILITY

Status: New

Useful Life of the Project: 30

Estimated Full Funding Cost: $8,000,000

Description:

Resource Recycling Systems (RRS) recently released a study commissioned by DPW and required under the Sustainable Solid Waste Management Amendment Act of 2014 regarding the feasibility of compost collection in the District. The study recommended, among other strategies, building a compost facility within the District. The study states that such a facility could recover up to 148,796 tons of organic waste per year, or about 60% of the District's organic waste. The facility could also generate approximately $5 million in tipping fees each year, which over several years would be more than enough to recover the costs of the facility's construction. The type of facility recommended by the RRS report—a covered aerated static pile (ASP) compost facility—would need a ten to twenty acre parcel of land and would provide benefits such as odor control, nuisance control, faster material composition, and a higher quality finished material than alternative models. The RRS report estimates that the facility would have 6 - 12 full-time employees, in addition to collection crews. The Committee is committed to helping the District reach its waste diversion goal of 80% and believes that construction of this facility is crucial to meeting that goal.

Justification:

The type of facility recommended by the RRS report—a covered aerated static pile (ASP) compost facility—would need a ten to twenty acre parcel of land and would provide benefits such as odor control, nuisance control, faster material composition, and a higher quality finished material than alternative models. The RRS report estimates that the facility would have 6 - 12 full-time employees, in addition to collection crews.

KT0-EQ903-HEAVY EQUIPMENT ACQUISITION - DPW

Agency: DEPARTMENT OF PUBLIC WORKS (KT0)

Implementing Agency: DEPARTMENT OF PUBLIC WORKS (KT0)

Project No: EQ903

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: EQUIPMENT

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: $59,198,000

Description:

This project funds the Department of Public Works (DPW) with GO Bond and PayGo budget for the replacement of heavy equipment used for trash pick-up and snow removal.

Justification:

Capital investment in the District's fleet is necessary to ensure seamless service delivery of many District operations. This project will enable the Department to secure major durable equipment items that have long lead times between the placement of the order and the delivery of the item. Further, the project is expected to have a beneficial impact on the operating budget by eliminating the need for expedited processing of long lead time equipment orders, which disrupt regular work flow, and the efficiency of the procurement process. This project aligns with SustainableDC Action: Transportation 4.2.

Progress Assessment:

This project is on-going

KT0-RHT01-RUSH HOUR TOWING EQUIPMENT PURCHASE

Agency: DEPARTMENT OF PUBLIC WORKS (KT0)

Implementing Agency: DEPARTMENT OF PUBLIC WORKS (KT0)

Project No: RHT01

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: EQUIPMENT

Status: New

Useful Life of the Project: 7

Estimated Full Funding Cost: $1,575,000

Description:

The District of Columbia Government does not currently have enough resources to provide towing resources on all rush hour routes. This project seeks to increase the number of full time employees and tow vehicles available to clear streets of vehicular traffic obstructions by way of relocating and impounding of od illegally parked vehicles that contribute to the traffic congestion on our major streets and highways. This project calls for the purchase of 20 Tow Trucks.

Justification:

The project is necessary to provide Rush Hour Towing to combat congestion in the roadways caused by illegal parking.

Progress Assessment:

New project

(PO0) OFFICE OF CONTRACTING AND PROCUREMENT

MISSION

The Office of Contracting and Procurement's (OCP) mission is to procure quality goods and services through a streamlined procurement process that is transparent and responsive to the needs of government agencies and the public, and ensures all purchases are conducted fairly and impartially.

The Office of Contracting and Procurement (OCP) manages the purchase of $5.2 billion in goods, services and construction annually, on behalf of over 77 District agencies. In its authority under the Procurement Practices Reform Act of 2010 (PPRA), OCP is responsible for both establishing procurement processing standards that conform to regulations, and monitoring the effectiveness of procurement service delivery. Procurement processing and management are executed by procurement professionals who are assigned to agency worksites to directly collaborate with program staff throughout the entire procurement process. OCP core services include the DC Supply Schedule, Purchase card (P-Card) program, and the surplus property disposition and re-utilization program. OCP's learning and certification programs support on-going development of staff proficiency and procurement service quality.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.

TO0-DWB03-PROCUREMENT SYSTEMS

Agency: OFFICE OF CONTRACTING AND PROCUREMENT (PO0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: DWB03
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 10
Estimated Full Funding Cost: $1,284,000

Description:
This project is to upgrade the procurement system. The primary concept of procurement is that advanced planning, scheduling, and group buying will result in cost savings, more efficient business operation, and therefore increased profitability. Our procurement system is used to manage this process, providing turnaround time for invoices, tracking of total spending by commodity type, as well as financial commitments and cash flow management. Upgrades are needed to our system to ensure that it is optimized and fully capable.

Justification:
The primary concept of procurement is that advanced planning, scheduling, and group buying will result in cost savings, more efficient business operation.

(RM0) DEPARTMENT OF BEHAVIORAL HEALTH

MISSION

The Department of Behavioral Health (DBH) develops, manages and oversees a public behavioral health system for adults, children and youth and their families that is consumer-driven, community-based, culturally competent and supports the prevention, resiliency and recovery, and the overall well-being of the citizens of the District of Columbia.

BACKGROUND

DBH administration and direct services are located at 64 New York Ave NE, St Elizabeths Hospital, 821 Howard Rd SE, 35 K St NE, and Building 14 of the DC General Hospital Compound, and 150 Wayne Ave. Sixty-four New York Ave NE and 150 Wayne Ave are owned by private firms. The other facilities are owned by the District of Columbia Government.

CAPITAL PROGRAM OBJECTIVES

1. Maintain St Elizabeths Hospital's compliance with best practices, standards and federal and District regulations by replacing floors, reconditioning wall surfaces, upgrading the electrical system, modernizing the HVAC system, acquiring new equipment to maintain sanitation and hygiene in food preparation and delivery, and acquiring a staffing scheduling system and hand scanners.

2. Improve the provision of Early Childhood, School Mental Health and Child Behavioral Health Services at 821 Howard Rd SE facility by modifying and expanding the usable space and upgrading the IT infrastructure.

3. Improve the provision of Adult Behavioral Health Services by renovating and enhancing the staffing area of 35 K St NE.

4. Improve the provision of mobile assessment and referral for substance abuse treatment services by replacing the mobile clinic vehicle.

RECENT ACCOMPLISHMENTS

1. St. Elizabeths Hospital completed installation of an automated system to closely monitor and manage the issuing of keys to staff and staff's return of keys upon shift changes, in order to ensure safety, security and accountability in operations.

2. St. Elizabeths Hospital has currently reached 60 percent completion of the installation of a new video surveillance camera system.

3. DBH completed the renovation of the Comprehensive Psychiatric Emergency Program (CPEP) in building 14 of the DC General Campus.

  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

(TO0) OFFICE OF THE CHIEF TECHNOLOGY OFFICER

MISSION

The Office of the Chief Technology Officer (OCTO) is to direct the strategy, deployment, and management of D.C. Government technology with an unwavering commitment to IT excellence, efficiency, and value for government, residents, businesses, and visitors.

SCOPE

OCTO is the central technology organization for the District of Columbia government. OCTO develops, implements, and maintains the District's technology infrastructure; develops and implements major enterprise applications; establishes and oversees technology policies and standards; provides technology services and support for District agencies; and develops technology solutions to improve services to businesses, residents, and visitors. OCTO runs a 100 Gigabit core connecting over 650 government buildings, manages 85 help desk technicians and receives 152,000 calls and resolves 255,000 tickets annually. OCTO's voice operations support more than 80 million phone calls, 40,000 land lines and thirty-one (31) call centers that handle close to 1.5 million phone calls. The procurement system manages 5 billion dollars' worth of transactions. The open data platform has 940 data sets currently available. OCTO's telecom program and budget supports over 60,000 devices and there is over 17% of the District is covered by Wi-Fi, with 40,000 people connecting daily, and over 14 million connecting annually. OCTO manages the District's cyber security operations center. The email system transacts 740 million emails each year. The DC.GOV website receives 25 million visits a year. OCTO manages over 3,900 servers for 87 agencies, and the Human Resources system manages over 37,000 employment records.

PROGRAM OBJECTIVES

Objective 1: Provide a secure and trusted information technology environment

Objective 2: Enhance the quality, availability and delivery of information and services to the residents, employees, business and government

Objective 3: Implement an enterprise approach to information technology infrastructure and common administrative systems that will foster innovation and collaboration

Objective 4: Enable and improve the availability of and integration of information

Objective 5: Achieve excellence in information technology management practices

RECENT ACCOMPLISHMENTS

- Text to 311 – OCTO developed a text-to-311 application for the Office of Unified Communications (OUC) that allows District residents the ability to engage District Government via text.
- Cisco-DC Lighthouse City – Partnership with OCTO and Cisco, Washington, DC became the United States first "Lighthouse City", - a Cisco initiative to pioneer smart city infrastructure through pilot programs and government partnerships.
- Smart Gigabit Communities – The District was selected as one of 15 cities across the nation by US Ignite/National Science Foundation (NSF) as a Smart Gigabit City to develop gigabit applications that will enable critical business needs for cities in key areas of healthcare, public safety, education and transportation.
- Connect Home Outdoor WiFi Deployment – In an effort to bridge the digital divide and positively impact the lives of young people currently residing in the District's HUD assisted facilities, OCTO provided enhanced internet access capability to 25 local housing facilities and more than 1510 households.
- OCTO increased the number of WiFi spots across the district to 756 hotspots. The District leads the nation with currently 17 percent of the District covered with WiFi accessibility.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

TO0-EQ103-CREDENTIALING AND WIRELESS

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: EQ103

Ward:

Location: DISTRICT WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: Ongoing Subprojects

Useful Life of the Project: 5

Estimated Full Funding Cost: $2,012,000

Description:

This project and associated costs enables the OCTO DC One Card- Identity & Access Management Program to migrate to a licensed and supported platform (Oracle Identity & Access Management Suite). The current Oracle Waveset platform (formerly called Sun Identity Manager-SIM) is EOL in 2017 and was deployed in 2009 as an open source (free) solution. However, this product was acquired by Oracle after their merger with Sun, and we must migrate to secure the 255,000+ employee and citizen identities OCTO maintains.

Justification:

The current Oracle Waveset platform is end of life in 2017 and the vendor has advised that support will no longer be available. We must begin the migration as soon as possible to avoid continuing to operate an unsupported platform with increased security risks to PII data.

Progress Assessment:

Best practice model to be determined via Oracle & Oracle Preferred Vendor expertise.

TO0-N2518-DATA CENTER RELOCATION

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: N2518

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: DATA CENTER

Status: New

Useful Life of the Project:

Estimated Full Funding Cost: $40,000,000

Description:

The District of Columbia has two production data centers housing mission-critical data, voice, video, wireless, and Internet services in hardened and highly available facilities. At the heart of the city, ODC1, and on the outskirts, ODC3. These facilities ensure access to the most critical aspects of the Districts network infrastructure along with all agency mission critical applications and services. They have the capability to support increasing demands in city-wide application growth.

The Districts data centers serve and operate as a critical network node for the District's fiber optic network and all voice and data services.

Justification:

To ensure a highly available environment supporting mission critical services, another facility needs to be identified within the District. We need to replicate the existing platform at the alternative facility to ensure a highly available, secure, redundant, and survivable environment.

Progress Assessment:

New project

TO0-N9101-DC GOVERNMENT CITYWIDE IT SECURITY PROGRAM

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: N9101

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: In multiple phases

Useful Life of the Project: 5

Estimated Full Funding Cost: $15,211,000

Description:

The purpose of this project is to support OCTO's vision for enterprise security. This project will enable OCTO security teams to take a layered approach to respond to known and next generation cyber-security threats. These new generation threat are not only arising from malicious advisories but also from state sponsored actors and have increased significantly in past year. In order for OCTO to be combat these threats it must invest in security controls where a gap is identified and leverage network monitoring data from servers, endpoints, mobile devices and web assets to analyze traffic patterns and data movement to detect and prevent data exfiltration.

Justification:

There is existing enterprise security hardware which is End of Life (EOL) and need to be replaced with new equipment. These enterprise security tools are utilized by the OCTO Security Program and the Security Operations Center (SOC) to detect and prevent threats with known signatures and correlate anomalies to determine the nature of threat.

Progress Assessment:

This is an on-going project

TO0-DR018-DISASTER RECOVERY & COOP IMPLEMENTATION

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: DR018

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project: 7

Estimated Full Funding Cost: $18,000,000

Description:

The purpose of this project is to deploy a redundant and highly available infrastructure to host the failover systems for all the District critical applications, to include those associated with public safety.

Currently, public safety agencies, as well as, District agencies that provide critical services do not have a redundant failover environment. The result is that these agencies are unable to seamlessly and quickly failover their systems to an alternate datacenter, or deploy their applications in an Active/Active architecture which would result in uninterrupted or minimal impact to critical services. This deficiency results in increased mean time to resolution.

Justification:

Recently, during a quick exercise with some public safety agencies, we discovered that there are multiple critical application including public safety systems that are currently single threaded with no secondary / failover location and no proper Disaster Recovery strategy.

Progress Assessment:

New project

TO0-NMM17-ENTERPRISE NETWORK MONITORING MODERNIZATION

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: NMM17

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project: 5

Estimated Full Funding Cost: $2,370,000

Description:

The purpose of this project is to upgrade the end of life (EOL) server monitoring hardware with dedicated platform running virtualized servers for the enterprise network monitoring tools.

The network monitoring environment which host the enterprise monitoring systems and tools provides OCTO with the ability to proactively monitor public safety applications and services for the District of Columbia Government.

Justification:

The existing enterprise network monitoring tools and equipment are at End of Life (EOL) and need to be replaced with new equipment. The enterprise network monitoring tools are utilized by the OCTO Network Operations Center (NOC) to monitor the health and availability of critical public safety systems and services and is a vital component of the District's security and protection strategy.

Progress Assessment:

This project is progressing as planned

TO0-N3802-PROCURMENT SYSTEM

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: N3802

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: In multiple phases

Useful Life of the Project: 5

Estimated Full Funding Cost: $4,137,000

Description:

The Procurement Systems program is designed to integrate procurement applications and processes such as Buyer, Analysis, Contract compliance and Strategic Sourcing for the City. PASS (Procurement Automated Support System) is the electronic procurement system for more than 90 District agencies. The system is SAP Ariba based and currently on version 9r1. This system is the state-of-the-art procurement system that helps the district procure goods and services from the vendors to serve the residents of the District of Columbia.

Justification:

PASS Upgrade to 9r2 (Procurement Automated Support System) $1,450,000) This application is End of Life and has the following mandatory scheduled upgrade and enhancements in order to be compliant with current District Municipal Regulations “Title 27 – Contracts and Procurement.”

Progress Assessment:

- Upgraded JRE and Weblogic on all PASS environments.
- Build e-Forms (Procurement forecast, Capital Budget requesting system etc).

TO0-NTU02-UPGRADE END OF LIFE NETWORK ELECTRONICS (500 BUILD

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: NTU02

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project:

Estimated Full Funding Cost: $12,200,000

Description:

This capital funding request targets making the city of DC a smarter and more connected city by expanding and upgrading End of Life connectivity both from a wired and wireless perspective for approximately 500 sites that directly supports public safety and government operations (MPD, DDOT, OP, DC Water, DMPED, DMGEO, DOEE, DPW, etc.). For the district to be a smart city, it needs to invest in resiliency – infrastructure refresh is the first step. Further, as Smart City infrastructure initiatives are being planned and deployed, public Wi-Fi service is an essential consideration – OCTO is planning services just that along with the network upgrade we also provide residents with increased free Wi-Fi connectivity. Second, private or protected Wi-Fi is a vital enabling platform that provides inter-connectivity for many Smart City technologies (cameras, sensors, etc.).

Justification:

Washington DC's rapid growth (population, businesses, property development, etc.) is exponentially increasing demand on our city's operations (public safety, waste management, transportation, and so on).

Progress Assessment:

New project

(UC0) OFFICE OF UNIFIED COMMUNICATIONS

MISSION

The mission of the Office of Unified Communications (OUC) is to provide accurate, professional and expedited service to the citizens and visitors of The District of Columbia. This service is performed by emergency and non-emergency call takers handling requests for service received through 911 and 311 platforms. The mission is further accomplished by OUC dispatchers receiving, processing and properly dispatching calls for service to the Metropolitan Police Department (MPD) and Fire & Emergency Medical Services (FEMS) and ensuring responder safety. The OUC also provides centralized, District-wide coordination and management of public safety voice radio technology and other public safety wireless and data communication systems and resources.

BACKGROUND

The OUC is responsible for operating and maintaining the Unified Communications Center (UCC) and the Public Safety Communications Center (PSCC). The OUC is also responsible for public safety communications and infrastructure, including 911 and 311, Police/Fire/EMS dispatching, call handling and related call-taking operations. These systems are vital to the public safety and customer service operations of the District of Columbia and are expected to be continuously operational with minimal downtime. The comprehensive unified communication systems consist of the latest technologies in the areas of 911/311 telephony systems, radio system, computer-aided-dispatch (CAD), digital voice logging recording (DVLR), Mobile Data Computing (MDC), and Citizen Relationship Management (CRM). Annually, these systems enable continuous service for:

· 1.3 million 311 emergency calls and 2.5 million 311 non-emergency/city service calls;
· 11 million annual radio calls and 32 million annual radio transmissions;
· 9,600 radios and 1,000 mobile data computers and dispatch applications citywide;
· 900,000 annual computer-aided-dispatch events for MPD and FEMS;
· 400,000 service requests annually; and
· Digital records of all emergency and city service voice/radio transmissions.

CAPITAL PROGRAM OBJECTIVES

Improve public safety communications, including emergency dispatch and call-taking, and city service request management by maintaining and upgrading technology systems to meet the highest industry standards. The OUC is responsible for upgrading and replacing technology and equipment for all public safety communications activities.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data ($000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Through FY 2022 :** Represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
  - **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Through FY 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
  - **Budget Authority Request Through FY 2023 :** Represents the 6-year budget authority for FY 2018 through FY 2023.
  - **Increase (Decrease) :** This is the change in 6-year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

UC0-UC304-911/311 RADIO CRITICAL INFRASTRUCTURE

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Project No: UC304

Ward:

Location: VARIOUS

Facility Name or Identifier: UNIFIED/PUBLIC SAFETY COMMUNICATION INFRASTRUCTURE

Status: New

Useful Life of the Project: 5

Estimated Full Funding Cost: $11,700,000

Description:

Electrical system upgrades; PSSC Consolidated Environmental HVAC upgrades; UCC/PSSC Building Alarm system upgrades; UPS Replacement Batteries; Expand PSSC Call for 311 positions to match and space reconfiguration assessment and site work(road widening, site drainage, roof repairs, sprinkler system and 20% design/PM; PSSC Generator; Radio Site Upgrade; PSSC UPS Battery; Radio Sites Generator; UCC Generator; Call Center Lighting; Chairs; Audio/Visual DisplaysCTURE

Justification:

Project management services, and equipment from key vendors to complete the infrastructure projects listed below: Electrical System Upgrades, PSCC Consolidated HVAC upgrades, UCC / PSCC Building Alarm system upgrades, UPS replacement batteries, Expand PSCC call center for 311 positions to match UCC and space reconfiguration assessment and Site work (road widening, site drainage, roof repair, sprinkler system), PSCC Generator, Radio Site Upgrade / Enhancement, PSCC UPS Battery, Radio Sites Generator, UCC Generator, Call Center Lighting, Chairs, and Audio / Visual Displays.

Progress Assessment:

New project

Related Projects:

TO0-AFC02-IT HARDWARE 911/311 SYSTEMS

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: AFC02

Ward:

Location: VARIOUS

Facility Name or Identifier: UNIFIED/PUBLIC SAFETY COMMUNICATION INFRASTRUCTURE

Status: New

Useful Life of the Project: 15

Estimated Full Funding Cost: $1,700,000

Description:

This project is to upgrade the hardware used in support of the District's 911/311 systems. The UCC receives and processes calls to 911 and the District's customer service line, 311. During major emergencies, the center becomes the District's Emergency Operations Center (Mayor's Command Center) and provides a central location for multiple agencies to address any variety of situations.Upgrades are needed to our system's hardware to ensure that it is fully capable.

Justification:

The UCC receives and processes calls to 911 and the District's customer service line, 311. During major emergencies, the center becomes the District's Emergency Operations Center.

Progress Assessment:

New project

UC0-UC302-MDC REPLACEMENT FOR MPD & FEMS

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Project No: UC302

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project: 5

Estimated Full Funding Cost: $9,500,000

Description:

This project budget supports the cost of replacing Mobile Data Computers for MPD and FEMS as well as the Mobile VPN Server.

Justification:

In its role as primary support provider for all Mobile Data Computing for both Fire/EMS and Police departments in the District of Columbia, the Office of Unified Communications (OUC) has identified a cost saving solution and a method to improve the reliability and robustness of mobile data computing for first responders in the field. In this role, the OUC seeks to procure, install, configure and provide project management for first responder's mobile wireless communication routers and rugged computing platform that meets the needs of Public Safety first responders in the field.

Progress Assessment:

New project

UC0-UC303-MPD/ FEMS RADIO REPLACEMENT

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Project No: UC303

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: EQUIPMENT

Status: New

Useful Life of the Project: 10

Estimated Full Funding Cost: $25,700,000

Description:

This project consists of replacing all radios for FEMS and MPD.The OUC policy is to provide redundancy and backup on all core systems, and 99.9% reliability. It is imperative that the OUC invest in replacing MPD and FEMS radios to fulfill this policy.

Justification:

State of the art radios for MPD and FEMS. The radios FEMS and MPD use are specific to their role as first responders.

Progress Assessment:

New project

UC0-CERCE-UCC ELECTRICAL RECONFIGURATION

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Project No: CERCE

Ward: 8

Location: 2720 MARTIN LUTHER KING JR AVENUE SE

Facility Name or Identifier: UNIFIED COMMUNICATION CENTER

Status: New

Useful Life of the Project: 10

Estimated Full Funding Cost: $1,800,000

Description:

The current electrical configuration in the Unified Communication Center needs revision and upgrades. Numerous IT solutions and technology changes have occurred since the building was first opened in 2006. Changes are needed to the electrical configuration to ensure uninterrupted service can continue for the District.

Justification:

IT upgrades
